% Change from 1999-01	0.6%

*Comments:*

**2L - Time Collection Automation System** - This item transfers funds to program S. Currently, work hours are hand-recorded on daily, weekly, and semi-monthly timesheets; routed to supervisors for signatures; and hand-keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Motor Vehicle Account - State)

**98 - General Inflation** - Inflation is reduced from the maintenance level. (Motor Vehicle Account - State)

**AA - Administrative Reductions** - This item reduces management and support, workforce, and equipment purchases. (Motor Vehicle Account - State)

**DB - Critical Facilities Renovation** - This item is for critical renovation work on facilities impacted by capital project deferrals. (Motor Vehicle Account - State)

**DD - Operating Cost Increase** - This item is for increases in facilities' fixed costs, such as utilities, janitorial services, and Olympia Service Center lease costs in the 2001-03 Biennium. (Motor Vehicle Account - State)

**QF - Intelligent Transportation Projects** - Funding is provided for facility costs associated with new Intelligent Transportation System (ITS) projects designed to enhance the operations of transportation systems through the use of information technologies and electronic advancements. Each year, Congress earmarks federal funds for ITS projects which are matched with at least 20 percent state funds and for which states pay ongoing maintenance costs. (Motor Vehicle Account - State)

*Comments:*

**98 - General Inflation** - Inflation is reduced from the maintenance level. (Aeronautics Account - State)

**FA - Equipment Maint and Replacement** - This item continues the one-time funding in the 1999-01 Biennium for the maintenance of high-value aviation and aviation support equipment. (Aeronautics Account - State)

**FB - Aviation Publications Update** - This item is for updating Aviation Division published brochures and handbooks for pilots on airports, search and rescue, training and other subjects. (Aeronautics Account - State)

**FC - Airport Safety Inspections** - This item is to increase the number of Airport Master Record Survey Inspections at airports statewide. Due to federal reductions, the timing of safety inspections had been reduced from once a year to about once every two and a half years. Annual airport safety inspections of public use airports provides information used by the Federal Aviation Administration to compile the airport facilities directory and other pilot information publications. (Aeronautics Account - State)

**FD - Airport Assistance Grant Program** - This item provides funds for Airport Assistance Grants which are used to help maintain and preserve public use airports and the aviation infrastructure. (Aeronautics Account-State)

**FE - Aviation Planning** - This item provides state matching matching funds for Federal Aviation Administration grants for public use airports which will increase the Aviation Planning program. (Aeronautics Account - State)

Total 2001-03 Biennium	278,173
Difference from 1999-01	16,842
% Change from 1999-01	6.4%

*Comments:*

**1L - ESA Requirements-Maintenance** - Funding is provided for additional staff to identify environmentally sensitive areas and support maintenance crews in implementing Best Management Practices on a consistent statewide basis. This increase will assist the Department in complying with environmental regulations. (Motor Vehicle Account - State)

**2L - Time Collection Automation System** - This item transfers funds to Program S. Currently, work hours are hand-recorded on daily, weekly, and semimonthly timesheets; routed to supervisors for signatures; and hand keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Motor Vehicle Account - State)

**AA - Administrative Reductions** - Reductions in the program's management and support save \$792,500 and 5.0 full time equivalents (FTE) staff positions. Reductions in maintenance on the state system include eliminating maintenance funding for the commute trip reduction program, eliminating some technical assistance to the regions, reducing equipment purchases, and extending the life of dump trucks, among other reductions. These changes will save \$6.55 million and 6.5 FTE staff positions. Reductions in administration of inventory and stores save \$246,000 and 2.0 FTE staff. The program's share of the equipment fund savings is \$280,000. (Motor Vehicle Account - State)

**M01 - Increase Maintenance Activities** - IFunding is provided for the following activities: LED Conversion - to convert traffic signal lights from incandescent bulbs to LED bulbs (one-time); Bridge Scour Maintenance - to address deficiencies in bridge foundation protection around bridge piers and abutments; sign bridge maintenance - to address deficiencies in the securing, bracing, and support systems; Eastern Region Bridge Crew - for the Eastern Region to staff and maintain their own bridge crew; Maintenance Management System - for the study and review of enhancements to the existing Maintenance Accountability Process (MAP). (Motor Vehicle Account - State)

**M02 - Reinstate CTR** - Funding is restored to provide funding to cover the cost of maintenance program participation in the internal WSDOT Commute Trip Reduction Program. (Motor Vehicle Account - State)

**MA - System Additions** - This item provides funding for maintenance (at the current level of service LOS C-) on highway inventory items added to the system in the 1999-01 biennium. (Motor Vehicle Account - State)

**2001-03 Transportation Budget**  
**Department of Transportation**  
**Pgm M - Highway Maintenance**  
**Total Appropriated**

**MB - Service Delivery Cost Increases** - Funding is provided for cost increases in the following areas: electricity, utilities, environmental requirements, and 40 road & weather information sites. (Motor Vehicle Account - State)

**MC - Maintenance Work Zone Safety Needs** - Funding is provided for additional safety needs resulting from growing traffic volumes in urban and rural areas of the state and revised work zone traffic control guidelines. This decision package funds a variety of specialized equipment necessary to accomplish traffic control duties. (Motor Vehicle Account - State)

**MD - Endangered Species Act Requirements** - Funding is provided to train maintenance employees regarding Best Management Practices of Road Maintenance in order to comply with federal Endangered Species Act (ESA) requirements. In addition, maintenance personnel will identify, map and sign environmentally sensitive areas. (Motor Vehicle Account - State)

Difference from 1999-01	22,857
% Change from 1999-01	21.0%

*Comments:*

**2L - Time Collection Automation System** - This item transfers funds to Program S. Currently, work hours are hand-recorded on daily, weekly, and semimonthly timesheets; routed to supervisors for signatures; and hand keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Motor Vehicle Account - State)

**AA - Administrative Reductions** - Direct Project Support is reduced by \$233,000. Real estate services are reduced \$18,000 and 0.1 full time equivalent (FTE) staff position. The Northwest region's consultant management position is eliminated with savings to this sub-program of \$7,000 and 0.1 FTE staff position, and the North Central and South Central regions will consolidate planning and materials--saving \$14,400 and 0.1 FTE staff position per biennium. In addition, the \$2.825 million reserve for emergent needs is eliminated. Emergent needs are those one-time costs that were unforeseen at the time of budget development. The program's share of the equipment fund savings is \$7,000. (Motor Vehicle Account - State)

**AA1 - 1999-01 Reappropriation** - Funds are reappropriated for projects funded in the 1999-01 biennium. (Motor Vehicle Account - State)

**PD - New Other Preservation Projects** - This item is for projects to be started in the 2001-03 Biennium will preserve state facilities other than roadways and bridges, such as rest areas, weigh stations, unstable slopes, major drainage and electrical systems. (Motor Vehicle Account-State, Motor Vehicle Account-Federal)

**TJE - Emergency Repair Funds** - This item provides federal appropriation authority and state funds to repair earthquake damage to the state highway system caused by the February 28, 2001, earthquake. (Motor Vehicle Fund - Federal, Motor Vehicle Fund - State)

**2L - Time Collection Automation System** - This item transfers funds to Program S. Currently, work hours are hand-recorded on daily, weekly, and semimonthly timesheets; routed to supervisors for signatures; and hand keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Motor Vehicle Account - State)

**98 - General Inflation** - Inflation is reduced from the maintenance level. (Motor Vehicle Account - State)

**AA - Administrative Reductions** - This item reduces technical support, centralizes sign fabrication inspection, and reduces costs in other activities through innovations in technology and the Internet. (Motor Vehicle Account - State)

**QA - Traffic Control Device Enhancements** - Funding is provided for programmatic enhancements, such as increased incident responses and additional low-cost enhancements, due to traffic volume increases. Low cost enhancements may include warning sign installation, re-striping roads for improved traffic flow, crosswalks, or mountain pass cameras. (Motor Vehicle Account - State, Motor Vehicle Account - Local)

**QB - Continue Highway Service Patrols** - This item continues the 1999-01 Biennium level of funding for the pilot study involving the Washington State Department of Transportation, the Washington State Patrol and the Washington Tow Truck Association provided service patrols on four heavily-traveled sections of I-5 and SR16. (Motor Vehicle Account - State)

**QC - Expanded Express Lane Operations** - Funding is provided for a shortened turnaround time of the Express Lanes. This shorter turnaround time translates to a "delay reduction" for the traveling public. This item also increases staffing for the weekends to the corresponding weekday staffing level to address the increasing volumes of traffic during weekends. (Motor Vehicle Account - State)

**AA1 - 1999-01 Reappropriation** - Funds are reappropriated for projects funded in the 1999-01 biennium. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

**QD - Commercial Vehicle Info System** - Funding is provided to expand full Commercial Vehicle Information Systems and Network (CVISN) capability at three existing weigh stations, giving Washington State Patrol Commercial Vehicle Officers real-time decision support for motor carrier safety screening and enforcement at the roadside. This level of investment brings the statewide total to ten weigh station sites. (Motor Vehicle Account - State)

**QF - Intelligent Transportation Projects** - This item provides spending authority for Intelligent Transportation System (ITS) projects that receive federal funds. ITS projects are designed to enhance the operations of transportation systems through the use of information technologies and electronic advancements. Each year, Congress earmarks federal funds for ITS projects which are matched with at least 20 percent state funds and for which states pay ongoing maintenance costs. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

**2L - Time Collection Automation System** - This item transfers funds from various programs to Program S. Currently, work hours are hand-recorded on daily, weekly, and semimonthly timesheets; routed to supervisors for signatures; and hand keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Motor Vehicle Account - State, Multimodal Transportation Account - State)

**3B - Metadata Repository** - This provides funding to establish and administer an enterprise information catalog system for data. (Motor Vehicle Account - State)

**98 - General Inflation** - Inflation is reduced from the maintenance level. (Motor Vehicle Account - State)

**2001-03 Transportation Budget**  
**Department of Transportation**  
**Pgm S - Transportation Management**  
**Total Appropriated**

**AA - Administrative Reductions** - Executive management and support will generate savings of \$545,586 and 2.5 full time equivalent (FTEs) staff positions by consolidating job duties and reducing travel and goods and services, among other actions. Centralizing all region's accounts payable functions in the Olympia Service Center will save 7 FTE staff positions and \$840,000 per biennium agency-wide. This program's share of these savings is \$480,000 and 4.0 FTE staff positions. Reductions in work force and goods and services will lower expenditures by \$932,000 and 8.5 FTE staff positions. In addition, reductions of \$2,838,200 and 1.5 FTE staff positions are taken in information technology. \$300 K of the above is restored and offset in additional administration reductions in programs D and T; monies to be used for increased performance monitoring activities. Maintains HR function (and retains FTE) to facilitate handling agency personnel needs. Continues funding at current level for Government Relations office to ensure liaison activities with feds et al. retains Audit Office efforts to maintain accountability activities. (Motor Vehicle Account - State)

**AA1 - 1999-01 Reappropriation** - Funds are reappropriated for projects funded in the 1999-01 biennium. (Motor Vehicle Account - State)

**CJ1 - Collision Reporting Project** - Funding is provided to complete the Collision Reporting System at the Department of Transportation, including the process of entering accident reports in the system from 1997 for the state, cities and counties. Beginning on July 1, 2003, the Department of Transportation will be responsible for the complete collision reporting processes for the State of Washington, at which time the Washington State Patrol's 5 positions and staff handling accident report requests will be transferred to the Department of Transportation along with the existing funding (\$1.45 million) and revenue associated with the collision reporting processes. (Motor Vehicle Account - State, State Patrol Highway Account - State)

**SE - Personal Computers Acquisition** - This item provides funding to maintain the Environmental and Engineering Service Center (EESC) existing PC equipment at the department's standard level to ensure an adequate ability to communicate electronically. (Motor Vehicle Account - State)

**SG - WSF Terminal Engineering Project** - This item provides funding for purchasing and implementing an electronic system for securely archiving current and past contract documentation that is used by Washington State Ferries for future project design. (Motor Vehicle Account - State)

**SH - Information Services Reductions** - Agency-wide budget reductions due to the loss of Motor Vehicle Excise Tax revenues need to be accommodated within Management Information Services (MIS). MIS will replace contractors with permanent employees and consolidate functions into the Legion Building. Current workload will be realigned with highest priority agency needs. (Motor Vehicle Account - State)

**SI - Eastern Region Network Maintenance** - The Eastern Region's computer networks' maintenance and operations will be increased to maintain existing infrastructure at the Department's standard level. (Motor Vehicle Account - State)

**SL - Automated Operation Support** - Funding is provided for contractor assistance to support the Automated Operations Support System within the Washington State Ferries. (Puget Sound Ferry Operations Account - State)

**SM - Ferry Engineering Software** - Funding is provided to upgrade engineering software and hardware for Washington State Ferries (WSF). These specialized programs include existing applications that are sensitive to code revisions, emerging technology, and new personal computer based applications that would allow WSF engineering staff to perform complex engineering analysis in support of capital and maintenance activities. (Motor Vehicle Account - State)

**SP - Federal Aid Tracking System Phase 2** - This item funds computer costs for the Federal Aid Tracking System. The system will consolidate several databases now containing federal funds information and will interface the newly-consolidated data with the federal government's Federal Fiscal Management Information System. (Motor Vehicle Account - State)

**SR - Tools to Manage Project Delivery** - Provides funding to acquire a network desktop tool for project management including required analyses, purchase, customization, implementation, training, and maintenance. (Motor Vehicle Account - State)

**SS - Environmental Cost Accounting** - Data system tools will be developed in the 2001-03 Biennium to collect and manage environmental cost-accounting data to improve the Department's ability to include these factors in project benefit/cost analyses. Management Information Systems (MIS) will pay computer costs for the project. (Motor Vehicle Account - State)

**2001-03 Transportation Budget**  
**Department of Transportation**  
**Pgm S - Transportation Management**  
**Total Appropriated**

**ST - Environmental Compliance Data Tools** - Data system tools will be built in the 2001-03 Biennium to collect and manage environmental permit data that will enable the Department to track the status and requirements of project's environmental elements. Management Information Services (MIS) will pay computer costs for this project. (Motor Vehicle Account - State)

**SU - WSF Revenue Collection System** - This item provides funding to purchase, install, and implement a new revenue collection system to replace the current Washington State Ferries (WSF) Point-of-Sale System. This proposal assumes WSF resumes participation in the Regional Fare Vending initiative (RFV) and includes federal funding from that project and ongoing operating costs associated with WSF's commitment to the RFV project. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

**WB - Vessel/Terminal Capital Investment** - Funding is provided for the MIS costs associated with additional category 1 (vital systems) preservation work on existing vessels and terminals funded in the Washington State Ferries Capital program (Program W). (Puget Sound Ferry Operations Account - State)

**2001-03 Transportation Budget**  
**Department of Transportation**  
**Pgm T - Transpo Plan, Data & Resch**

Difference from 1999-01	2,319
% Change from 1999-01	7.5%

*Comments:*

**1T1 - Freight Movement Study** - Funding is provided for the Department to work with the Transportation Research Center to conduct an origin and destination study to determine the impacts of trade-related truck traffic and other freight impacts on the transportation system. (Motor Vehicle Account - State)

**2L - Time Collection Automation System** - This item transfers funds to Program S. Currently, work hours are hand-recorded on daily, weekly, and semimonthly timesheets; routed to supervisors for signatures; and hand keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Motor Vehicle Account - State)

**98 - General Inflation** - Inflation is reduced from the maintenance level. (Motor Vehicle Account - State, Motor Vehicle Account - Federal, Multimodal Transportation Account - State)

**AA - Administrative Reductions** - Pass-through funding is reduced by \$700 thousand to Regional Transportation Planning Organizations (RTPOs). This funding is used for regional coordination in updating the Washington Transportation Plan. An additional \$200 thousand is reduced in administrative costs. (Motor Vehicle Account - State)

**CJ1 - Collision Reporting Project** - Funding is provided to complete the Collision Reporting System at the Department of Transportation, including the process of entering accident reports in the system from 1997 for the state, cities and counties. Beginning on July 1, 2003, the Department of Transportation will be responsible for the complete collision reporting processes for the State of Washington, at which time the Washington State Patrol's 5 positions and staff handling accident report requests will be transferred to the Department of Transportation along with the existing funding (\$1.45 million) and revenue associated with the collision reporting processes. (Motor Vehicle Account - State)

**RP1 - Reapprops from 99-01 Biennium** - Reappropriation of funding is made within the Transportation Planning program to complete the modal tradeoff model research. One-time funding of \$350,000 was provided in the 99-01 biennium to develop an analytic method for comparing investment results in different modes or strategies, such as highways, passenger rail, freight rail, and transit. It is anticipated that only \$250,000 of the 99-01 biennium appropriation will be spent, resulting in a \$100,000 underrun in program spending. This appropriation will direct the 99-01 biennium savings back into the research project in order for the intended \$350,000 to be used for the intended purposes. (Motor Vehicle Account - State)

**2L - Time Collection Automation System** - This item transfers funds to Program S. Currently, work hours are hand-recorded on daily, weekly, and semimonthly timesheets; routed to supervisors for signatures; and hand keyed into timekeeping systems for use by payroll staff. A system will be developed within existing resources to automate the process. Each affected program will reduce its base operating costs to absorb increases in the support program to pay for the change. (Multimodal Transportation Account - State)

**98 - General Inflation** - Inflation is reduced from the maintenance level. (Multimodal Transportation Account - State)

**AA - Administrative Reductions** - Public transportation savings include shifting some administrative costs for grant administration of federal programs from state to federal funding, reducing technical assistance to local jurisdictions for evaluating Commute Trip Reduction programs, and reducing funding for Commute Trip Reduction public awareness campaigns. (Multimodal Transportation Account - State)

**VA - Public Transit Safety Audits** - Federal law requires the state to conduct terminal safety reviews on rail fixed guideway systems not regulated by the Federal Railroad Administration. In 1999, the Legislature designated WSDOT responsible for conducting on-site audits of these locally-owned systems at least once every three years (RCW 81.104.115). Currently the City of Seattle and King County own or operate such systems. Two possible future owners include Sound Transit and the Spokane Transit Authority. The Department will carry out audits with this funding. Reimbursement by locals may occur should the proposed authorizing legislation be enacted. (Multimodal Transportation Account - Local)

**VB - Trip Reduction Program Adds** - Funding is reduced for the loss of Federal Congestion Mitigation and Airquality (CMAQ) funds. (Multimodal Transportation Account-Federal)

**2L - Time Collection Automation System** - Costs associated with the time collection automation project are shifted within the WSDOT budget from Program X (Ferry Operations) to Program S (Support Services). (Motor Vehicle Account - State)

**WB - Vessel/Terminal Capital Investment** - Ferry capital projects that will be started in the 2001-03 Biennium include category 1 (vital systems), preservation of existing vessels, and terminals. (Motor Vehicle Account-Bonds)

**WC1 - Purchase Passenger Only Boat** - Funding is provided for the purchase of a new passenger only boat. The purchase is contingent on the sale of two older existing boats which no longer provide functional service to the system. (Passenger Ferry Account - State, Passenger Ferry Account - Federal)

**WC2 - Eagle Harbor Study** - Provides one-time funding for a Legislative oversight committee to contract with an outside consulting firm to conduct a study on the preservation, replacement or supplementation of the Eagle Harbor maintenance facility. The study must analyze: (a) the costs and benefits to preserve and maintain or relocate the facility; (b) the impact of Eagle Harbor employment on the local community and Kitsap county; and (c) a recommendation on future investment in the Eagle Harbor maintenance facility or possible alternatives. The oversight committee must report back to the legislature no later than December 10, 2001. (Motor Vehicle Account - State)

**YA - Rail Capital Program** - Funding is provided for the following new rail project starts:

- Point Defiance Bypass - engineering phase - \$300K
- City of Yelm RR - \$500K
- Meeker Southern RR - \$400K
- Mount Vernon Terminal - \$200K
- Port of Grays Harbor - construct loop track at new grain terminal - \$2,000K
- Federal Safety Projects - \$600K
- Crossover Projects - construction phase - \$3,500K
- Washington Fruit Express Train - \$500K

(Rail Assistance Account - State, Multimodal Transportation Account - State, Multimodal Transportation Account - Federal, Washington Fruit Express - State)

Through this program, the Department assists local agencies, including cities, counties, transit agencies, Indian tribes, and other state and federal agencies. Services include providing help in obtaining federal funds to plan and improve transportation facilities and equipment, engineering training and advice, technical training opportunities, and information on new technology applications in traffic engineering and safety analyses.

**1AL - Regional Governance Pilot Model** - Funding is provided for a one-year trial of a Regional Governance Pilot Model that will be developed and implemented by staff to the Watcom Council of Governments. (Multimodal Transportation Account - State)

**1Z1 - Concurrency Issue Study** - Funding is provided for a study of concurrency issues in urban areas marked by multiple contiguous jurisdictions. The study is to focus on the jurisdictions of Bellevue, Kirkland, Issaquah, and Redmond and look at existing and unused methodologies for including development in neighboring jurisdictions in concurrency calculations. (Motor Vehicle Account - State)

**2L - Time Collection Automation System** - Funding is shifted to Program S to provide for the automation and maintenance of an efficient timesheet completion and approval process. System development will be funded within existing agency resources by having each affected program reduce ongoing base operating costs relative to anticipated system benefits. (Motor Vehicle Account-State)

**98 - General Inflation** - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State, Motor Vehicle Account - Federal)

**AA - Administrative Reductions** - Funding for technical support provided to cities and counties is reduced. (Motor Vehicle Account - State)

**ZA - Local Programs Operating Reduction** - Funding is reduced for local programs operation activities. (Motor Vehicle Account - State)

*Comments:*

Field Operations Bureau includes State Patrol highway trooper activities related to transportation, commercial vehicle enforcement, vehicles identification number inspections, school bus inspections, and traffic investigations.

**98 - General Inflation** - Inflation is added within the maintenance level budget and is removed from the policy level. (State Patrol Highway Account - State)

**MS - Increase Vehicle Safety Inspections** - Provides one time funding for 10 new Commercial Vehicle Officers. MCSAP is a federal program in which the federal government provides 80 percent of the funding and the state provides 20 percent of the funding. Funding is provided for salaries, benefits (\$1,390,000), 10 new vehicles and equipment (\$314,000), fuel and maintenance (\$116,000) and other federal and agency support costs (\$1,330,000). These positions will be filled with existing VIN personnel if legislation is enacted in the form of HB 2029. (State Patrol Highway Account - State, State Patrol Highway Account - Federal)

**PE - Police Equipment** - Provides ongoing funding for police equipment for state patrol officers. The agency, based on their equipment priorities, will select among the following items for purchase along with quantities: All weather jackets and pants, cadet equipment, protective masks, locking blocks, body armor, weapons, firearm simulators, cell phones and pagers, breath test instruments, speed measuring devices, spike strips, laptop computers and projectors. (State Patrol Highway Account - State)

**T04 - Eliminate Out of State VIN** - Funding is reduced due to the elimination of the out of state vehicle inspections. To the extent possible, displaced VIN personnel shall be placed in vacant positions within the agency. To the extent possible, the agency shall transfer displaced VIN personnel into the 10 new school bus inspection positions, the 10 new MCSAP positions and 28 positions in the Commercial Vehicle Enforcement Division. \$459,000 is retained for reallocation toward highway related activities. (State Patrol Highway Account - State)

**T05 - School Bus Inspections** - Provides funding for enhanced school bus inspections. To the extent possible, these positions will be filled with existing VIN personnel. (State Patrol Highway Account - State)

Support Services Bureau includes the Office of the Chief, Legislative Liaison, revolving accounts, Office of Professional Standards, Budget and Fiscal Services, Vehicle Fleet Management, Vehicle Maintenance and Fuel, Information Technologies Division, Property Management Division, Communications Division, Personnel, Training and the Administration Division.

**1XZ - Eliminate TEIS Contract** - This ongoing item removes funding and one FTE for Transportation Executive Information System. (State Patrol Highway Account - State)

**98 - General Inflation** - Inflation is added within the maintenance level budget and is removed from the policy level. (State Patrol Highway Account - State)

**PV - Pursuit Vehicle Replacement** - The Patrol will purchase and equip no less than 354 pursuit vehicles in the 2001-03 biennium. Appropriation supplements prior ongoing legislative funding commitments to the WSP base budget for pursuit vehicle purchases. Pursuit vehicles will be replaced at 110 thousand miles. The Patrol will streamline vehicle purchases, and to the extent possible, reuse existing pursuit vehicle equipment to make available funding for the replacement of 14 motorcycles. Motorcycle replacement is at 36,000 miles. (State Patrol Highway Account-State)

**T11 - Uniform Impound Authorization Forms** - Provides on going funding for the uniform impound authorization and inventory form as required for in RCW 46.55.075. (State Patrol Highway Account - State)

**T15 - Biennialize Admin Reduction** - This item biennializes a portion of a reduction that was implemented in the 2000 Supplemental Budget. (State Patrol Highway Account - State)

**T22 - Update Revolving Funds** - Update revolving funds from the General Fund budget (State Patrol Highway Account - State)

**VR - Mission Vehicles** - The Patrol will replace a total of at least 112 mission vehicles at 130 thousand miles in the 2001-03 biennium. Included in the 112 total, the agency will purchase 49 Comercial Vehicle and Investigative Services Division mission and general transportation vehicles . The funding supplements ongoing legislative commitments to the WSP base budget for mission vehicle purchases. (State Patrol Highway Account-State)

Capital project funding is one time funding for project phases that will be completed during the 2001-03 biennium. Funding is provided as one appropriation for all of the projects listed for each funding source.

**A11 - Shelton Academy Admin Bldg - HVAC** - Provides one time funding for the replacement of the existing heating system installed in 1967. The remote central hot water boiler system will be replaced with an energy saving gas fired roof mount heating ventilation air conditioning system. (State Patrol Highway Account - State)

**A12 - Statewide Minor Works Preservation** - Provides one time funding for facility paving repairs for \$100 K at Sunnyside, Port Angeles, Ephrata, Moses Lake and Ellensburg. Funds \$100,000 for emergency repairs, Funds \$100 K for tower repairs at Kelso, Capital Peak, Bellingham, Creston Butte and Ellensburg. Funds \$300,000 for statewide lobby security. Funds \$80,000 for statewide communication sites asbestos removal. (State Patrol Highway Account - State)

**A16 - Sea-Tac South I-5 Weigh-in-Motion** - Provides one time funding for Sea Tac south I-5 weigh in motion to allow commercial vehicles to be weighed, measured for length, width and height at freeway speeds. This will reduce the number of trucks leaving the freeway to enter the scale facility and enable the commercial vehicle enforcement program to more efficiently enforce commercial vehicle regulations and improve freight mobility saving carriers time and money. (Motor Vehicle Fund - State)

**A17 - Sea-Tac North I-5 Weigh-in-Motion** - Provides one time funding for Sea Tac north I-5 weigh in motion to allow commercial vehicles to be weighed, measured for length, width and height at freeway speeds. This will reduce the number of trucks leaving the freeway to enter the scale facility and enable the commercial vehicle enforcement program to more efficiently enforce commercial vehicle regulations and improve freight mobility saving carriers time and money. *Comments:*

**6A - Expanded Internet Services** - The Department of Licensing shall expand its Internet Services initiative by developing a process that enables licensed drivers to replace lost or stolen driver licenses over the Internet. On or before December 15, 2002, the Department of Licensing shall provide to the Legislature, a written report that details, the electronic replacement process, the utilization of this process by citizens, and the fiscal and time savings generated from this project. (Highway Safety Account - State)

**98 - General Inflation** - Inflation is removed from the maintenance level. (Highway Safety Account - State, Motorcycle Safety Education Account - State)

**CJ - Collision Processing Staff** - Implementation of the Collision Analysis Records System (CARS) has been delayed by more than three years. This delay has resulted in a backlog of accident data. The daily entry and backlog of accident reports at the Department of Licensing will continue into future biennia, however, the full time equivalent staff positions needed to perform the work were removed from the 2001-03 budget because they were originally considered project FTE positions pending the completion of CARS. This one-time item restores five FTE staff positions currently handling the CARS data entry workload. (Highway Safety Account - State)

**ME - Driver Examining System Integration** - This one-time item will allow Driver License Examining (DLE) system information to be shared automatically among the LSO systems. The integration will decrease the number of manual steps that the Licensing Services Representatives take and will decrease the amount of time it takes to process customer transactions. FTE's will be removed on an on-going basis in the 2003-2005 biennium to reflect efficiencies achieved from this project. (Highway Safety Account)

**PA - Implement Technology Strategies** - Provides one time funding for the conversion of existing legacy computer applications (circa 1970) into new server-based technology. DOL will immediately convert five interrelated applications and develop a formal phased implementation plan for more complex applications. Training and additional staff to facilitate the conversion and software tools are also added. The LEAP Committee was created by the Legislature in 1977 (RCW 44.48) to be the Legislature's independent source of information and technology for developing budgets, communicating fiscal decisions, tracking expenditures and revenue activity, and providing analysis on special issues in support of legislative needs. They are funded through the General Fund - State, the Motor Vehicle Fund - State, and the Public Works Assistance - State.

**1MC - Remove Additional Workload Funding** - The LEAP Committee requested additional maintenance funding to support workstations, servers, software, and peripherals on a three-year replacement cycle. (Motor Vehicle Account - State)

**PA - Additional Staff Resources** - Provides funding for an additional 0.2 FTE. Additional staff resources are proposed to: manage the increased volume of state and local government information LEAP maintains; support the increased number of fiscal staff using LEAP systems and data; respond to the increasing number of requests for specialized access to fiscal data; and to support the analysis of the impact of changes to funding sources and uses. These resources will also broaden access to fiscal information via the Internet; will improve the utility of the information by adding useful formats for decision making and communication; and improve understanding of fiscal information by adding context. **AA - Local Government Finance Project** - Funding is provided for the Local Government Finance Project that provides local government data that the Legislature, the Legislative Evaluation and Accountability Program Committee, the Office of Financial Management, and the Auditor's Office use to analyze funding. This will give a statewide perspective on the funding in the various districts within counties. (Motor Vehicle Account - State)

*Comments:*

The County Road Administration Board maintains the statewide inventory of county roads, sets standards of operation for all county road agencies, and provides transportation-related technical and administrative assistance to counties; including training and computer system support.

**AD1 - Remove Administrative Budget** - The agency's proposed 2001-03 administration budget is isolated and removed. The administration budget is added back in the new CRAB Operations program. (Motor Vehicle Account - State, Rural Arterial Trust Account - State, County Arterial Preservation Account - State)

**AD2 - Create Operating Program** - The County Road Administration Board currently receives a single legislative appropriation that covers the agency's administration expenditures as well as the grant funding allocated to local governments for transportation projects. Currently, the agency administrative budget amount is recommended by agency staff and submitted to the CRABoard for approval. As the agency administrative budget grows, funding available for local transportation projects and services is reduced.

This item establishes an Operations Program within the CRAB budget structure. The structure change gives the legislature appropriation authority over the amount CRAB may spend on administrative activities.

The Operations Program appropriation does not include funding for the proposed Maintenance Manager or Environmental Process Manager. (Motor Vehicle Account - State, Rural Arterial Trust Account - State, County Arterial Preservation Account - State)

*Comments:*

The Transportation Improvement Board administers grant programs that provide funding to urban cities and counties for transportation projects that improve the mobility of people and goods in Washington State.

**AD1 - Remove Administrative Budget** - The agency's proposed 2001-03 administration budget is isolated and removed. The administration budget is added back in the new TIB Operations program. (Urban Arterial Trust Account - State, Transportation Improvement Account - State)

**AD2 - Create Operating Program** - The Transportation Improvement Board currently receives a single legislative appropriation that covers the agency's administration expenditures as well as the grant funding allocated to local governments for transportation projects. Currently, the agency administrative budget amount is recommended by agency staff and submitted to the Board for approval. As the agency administrative budget grows, funding available for local transportation projects is reduced.

This item establishes an Operations Program within the TIB budget structure. The structure change gives the legislature appropriation authority over the amount the TIB may spend on administrative activities.

The Operations Program funding level includes restoration of a \$150 thousand cut made in the 2000 Supplemental Session and a reduction to recognize the ongoing savings associated with a \$25 thousand retirement incentive provided to a staff member. Reductions will be achieved through the following: Holding fewer board meetings; avoiding high per-diem board meeting locations; holding supplies and goods funding at 1997-99 levels; and leaving positions vacant (17.8 FTE's authorized by TIB board, 16.9 FTE's appropriated in the 2001-03 Operations Program). (Urban Arterial Trust Account - State, Transportation Improvement Account - State)

**RS - Regional Transportation Projects** - Funding is provided for new regionally significant transportation projects, specifically including corridor projects on principal arterials that serve multiple jurisdictions. (Transportation Improvement Account - Bond)

*Comments:*

The Freight Mobility Strategic Investment Board (FMSIB) was created in order to develop a comprehensive and coordinated state program that facilitates freight movement within the state to enhance the local, national, and international markets. FMSIB is responsible for reviewing, evaluating, and recommending projects that will enhance freight mobility within Washington State.

**18A - Reinstatement Administrative Reduction** - The agency received a \$60 thousand reduction in the 1999-01 biennium. All but \$11 thousand of the reduction is restored in the 2001-03 biennium. The \$11 thousand represents a cut to the agency's proposed increase in its travel budget; from \$35 thousand in 1999-01 to \$57 thousand in 2001-03. (Motor Vehicle Account - State)

**98 - General Inflation** - General inflation added within the maintenance level is removed in the policy level. (Motor Vehicle Account - State)

**FE - Freight Mobility Analysis/Inventory** - Funding is provided for the Board to begin a comprehensive, long-term inventory of projects that will assist corridor development and identification of barriers to freight movement. This amount represents FMSIB's share of a multi-agency partnership to carry out the first phase of the study. (Motor Vehicle Account - State)
