10 Reductions to network grants shall be allocated so as to maintain
11 current funding levels, to the greatest extent possible, for projects
12 with the strongest evidence of positive outcomes and for networks with
13 substantial compliance with contracts for network grants.

14 (5) \$2,215,000 of the fiscal year 2002 general fund--state
15 appropriation, \$4,394,000 of the fiscal year 2003 general fund--state
16 appropriation, and \$5,604,000 of the general fund--federal
17 appropriation are provided solely for reducing the average caseload
18 level per case-carrying social worker. Average caseload reductions are
19 intended to increase the amount of time social workers spend in direct
20 contact with the children, families, and foster parents involved with
21 their open cases. The department shall use some of the funds provided
22 in several local offices to increase staff that support case-carrying
23 social workers in ways that will allow social workers to increase
24 direct contact time with children, families, and foster parents. To
25 achieve the goal of reaching an average caseload ratio of 1:24 by the
26 end of fiscal year 2003, the department shall develop a plan for
27 redeploying 30 FTEs to case-carrying social worker and support

38 retention and stability of foster placements.

1 (7) \$1,050,000 of the general fund--federal appropriation is
2 provided solely for increasing kinship care placements for children who
3 otherwise would likely be placed in foster care. These funds shall be
4 used for extraordinary costs incurred by relatives at the time of
5 placement, or for extraordinary costs incurred by relatives after
6 placement if such costs would likely cause a disruption in the kinship
7 care placement. \$50,000 of the funds provided shall be contracted to
8 the Washington institute for public policy to conduct a study of
9 kinship care placements. The study shall examine the prevalence and
10 needs of families who are raising related children and shall compare
11 services and policies of Washington state with other states that have
12 a higher rate of kinship care placements in lieu of foster care
13 placements. The study shall identify possible changes in services and
14 policies that are likely to increase appropriate kinship care
15 placements.

16 (8) \$3,386,000 of the fiscal year 2002 general fund--state
17 appropriation, \$5,710,000 of the fiscal year 2003 general fund--state
18 appropriation, and \$19,819,000 of the general fund--federal
19 appropriation are provided solely for increases in the cost per case
20 for foster care and adoption support. \$16,000,000 of the general
21 fund--federal amount shall remain unallotted until the office of
22 financial management approves a plan submitted by the department to
23 achieve a higher rate of federal earnings in the foster care program.
24 That plan shall also be submitted to the fiscal committees of the
25 legislature and shall indicate projected federal revenue compared to
26 actual fiscal year 2001 levels. Within the amounts provided for foster
27 care, the department shall increase the basic rate for foster care to
28 an average of \$420 per month on July 1, 2001. The department shall use
29 the remaining funds provided in this subsection to pay for increases in
30 the cost per case for foster care and adoption support. The department
31 shall seek to control rate increases and reimbursement decisions for
32 foster care and adoption support cases such that the cost per case for
33 family foster care, group care, receiving homes, and adoption support
34 does not exceed the amount assumed in the projected caseload
35 expenditures plus the amounts provided in this subsection. By April
36 2003, the department shall adjust adoption support benefits to account
37 for the availability of the new federal adoption support tax credit for
38 special needs children.

19 appropriation are provided solely for development and operation of
20 community residential and support services for persons whose treatment
21 needs constitute substantial barriers to community placement and who no
22 longer require active psychiatric treatment at an inpatient hospital
23 level of care, no longer meet the criteria for inpatient involuntary
24 commitment, and who are clinically ready for discharge from a state
25 psychiatric hospital. In the event that enough patients are not
26 transitioned or diverted from the state hospitals to close at least two
27 hospital wards by July 2002, and four additional wards by April 2003,
28 a proportional share of these funds shall be transferred to the
29 appropriations in subsection (2) of this section to support continued
30 care of the patients in the state hospitals. Primary responsibility
31 and accountability for provision of appropriate community support for
32 persons placed with these funds shall reside with the mental health
33 program and the regional support networks, with partnership and active
34 support from the alcohol and substance abuse and from the aging and
35 adult services programs. The department shall negotiate performance-
36 based incentive contracts to provide appropriate community support
37 services for individuals leaving the state hospitals under this
38 subsection. The department shall first seek to contract with regional

1 support networks before offering a contract to any other party. The
2 funds appropriated in this subsection shall not be considered
3 "available resources" as defined in RCW 71.24.025 and are not subject
4 to the standard allocation formula applied in accordance with RCW
5 71.24.035(13)(a).

6 (d) At least \$1,000,000 of the federal block grant funding
7 appropriated in this subsection shall be used for (i) initial
8 development, training, and operation of the community support teams
9 which will work with long-term state hospital residents prior and
10 subsequent to their return to the community; and (ii) development of
11 support strategies which will reduce the unnecessary and excessive use
12 of state and local hospitals for short-term crisis stabilization
13 services. Such strategies may include training and technical
14 assistance to community long-term care and substance abuse providers;
15 the development of diversion beds and stabilization support teams;
16 examination of state hospital policies regarding admissions; and the
17 development of new contractual standards to assure that the statutory
18 requirement that 85 percent of short-term detentions be managed locally
19 is being fulfilled. The department shall report to the fiscal and
20 policy committees of the legislature on the results of these efforts by
21 November 1, 2001, and again by November 1, 2002.

22 (e) The department is authorized to implement a new formula for
23 allocating available resources among the regional support networks.
24 The distribution formula shall use the number of persons eligible for
25 the state medical programs funded under chapter 74.09 RCW as the
26 measure of the requirement for the number of acutely mentally ill,
27 chronically mentally ill, severely emotionally disturbed children, and
28 seriously disturbed in accordance with RCW 71.24.035(13)(a). The new
29 formula shall be phased in over a period of no less than six years.
30 Furthermore, the department shall increase the medicaid capitation
31 rates which a regional support network would otherwise receive under
32 the formula by an amount sufficient to assure that total funding
33 allocated to the regional support network in fiscal year 2002 increases
34 by up to 3.5 percent over the amount actually paid to that regional
35 support network in fiscal year 2001, and by up to an additional 5.0
36 percent in fiscal year 2003, if total funding to the regional support
37 network would otherwise increase by less than those percentages under

1 the new formula, and provided that the nonfederal share of the higher
2 medicaid payment rate is provided by the regional support network from
3 local funds.

4 (f) Within funds appropriated in this subsection, the department
5 shall contract with the Clark county regional support network for
6 development and operation of a project demonstrating collaborative
7 methods for providing intensive mental health services in the school
8 setting for severely emotionally disturbed children who are medicaid
9 eligible. Project services are to be delivered by teachers and
10 teaching assistants who qualify as, or who are under the supervision
11 of, mental health professionals meeting the requirements of chapter
12 275-57 WAC. The department shall increase medicaid payments to the
13 regional support network by the amount necessary to cover the necessary
14 and allowable costs of the demonstration, not to exceed the upper
15 payment limit specified for the regional support network in the
16 department's medicaid waiver agreement with the federal government
17 after meeting all other medicaid spending requirements assumed in this
18 subsection. The regional support network shall provide the department
19 with (i) periodic reports on project service levels, methods, and
20 outcomes; and (ii) an intergovernmental transfer equal to the state
21 share of the increased medicaid payment provided for operation of this
22 project.

23 (g) The health services account appropriation is provided solely
24 for implementation of strategies which the department and the affected
25 regional support networks conclude will best assure continued
26 availability of community-based inpatient psychiatric services in all
27 areas of the state. Such strategies may include, but are not limited
28 to, emergency contracts for continued operation of inpatient facilities
29 otherwise at risk of closure because of demonstrated uncompensated
30 care; start-up grants for development of evaluation and treatment
31 facilities; and increases in the rate paid for inpatient psychiatric
32 services for medically indigent and/or general assistance for the
33 unemployed patients. The funds provided in this subsection must be:
34 (i) Prioritized for use in those areas of the state which are at
35 greatest risk of lacking sufficient inpatient psychiatric treatment
36 capacity, rather than being distributed on a formula basis; (ii)
37 prioritized for use by those hospitals which do not receive low-income
38 disproportionate share hospital payments as of the date of application

1 for funding; and (iii) matched on a one-quarter local, three-quarters
 2 state basis by funding from the regional support network or networks in
 3 the area in which the funds are expended. Payments from the amount
 4 provided in this subsection shall not be made to any provider that has
 5 not agreed that, except for prospective rate increases, the payment
 6 shall offset, on a dollar-for-dollar basis, any liability that may be
 7 established against, or any settlement that may be agreed to by the
 8 state, regarding the rate of state reimbursement for inpatient
 9 psychiatric care. The funds provided in this subsection shall not be
 10 considered "available resources" as defined in RCW 71.24.025 and are
 11 not subject to the distribution formula established pursuant to RCW
 12 71.24.035.

13 ((+i)) (h) The department shall assure that each regional support
 14 network increases spending on direct client services in fiscal years
 15 2002 and 2003 by at least the same percentage as the total state,
 16 federal, and local funds allocated to the regional support network in
 17 those years exceeds the amounts allocated to it in fiscal year 2001.

18 ((+j)) (i) The department shall reduce state funding otherwise
 19 payable to a regional support network in fiscal years 2002 and 2003 by
 20 the full amount by which the regional support network's reserves and
 21 fund balances as of December 31, 2001, exceed the required risk reserve
 22 for that regional support network. The required reserve amount shall
 23 be calculated by applying the risk reserve percentage specified in the
 24 department's contract with the regional support network to the total
 25 state and federal revenues for which the regional support network would
 26 otherwise be eligible in accordance with this subsection. As used in
 27 this subsection, "reserves" does not include capital project reserves
 28 established in accordance with state accounting and reporting standards
 29 before January 1, 2002.

No such patient is to move from the hospital until a team of community professionals has become familiar with the person and their treatment plan; assessed their strengths, preferences, and needs; arranged a safe, clinically-appropriate, and stable place for them to live; assured that other needed medical, behavioral, and social services are in place; and is contracted to monitor the person's progress on an ongoing basis. (d) For each month subsequent to the month in which a state hospital bed has been closed in accordance with (c) of this subsection, the mental health program shall transfer to the medical assistance program state funds equal to the state share of the monthly per capita expenditure amount estimated for categorically needy-disabled persons in the most recent forecast of medical assistance expenditures.

2 ~~funding for family support and high school transition along with a~~
3 ~~portion of existing funding for these programs shall be provided as~~
4 ~~supplemental security income (SSI) state supplemental payments. The~~

21 care benefits for home care workers with family incomes below 200
22 percent of the federal poverty level who are employed through state
23 contracts for twenty hours per week or more. Premium payments for
24 individual provider home care workers shall be made only to the
25 subsidized basic health plan. Home care agencies may obtain coverage
26 either through the basic health plan or through an alternative plan
27 with substantially equivalent benefits.

28 ~~((d))~~ (b) \$902,000 of the general fund--state appropriation for
29 fiscal year 2002, \$3,372,000 of the general fund--state appropriation
30 for fiscal year 2003, and \$4,056,000 of the general fund--federal
31 appropriation are provided solely for community services for residents
32 of residential habilitation centers (RHCs) who are able to be
33 adequately cared for in community settings and who choose to live in
34 those community settings. The department shall ensure that the average
35 cost per day for all program services other than start-up costs shall
36 not exceed \$280. If the number and timing of residents choosing to
37 move into community settings is not sufficient to achieve the RHC
38 cottage consolidation plan assumed in the appropriations in subsection

1 (2) of this section, the department shall transfer sufficient
2 appropriations from this subsection to subsection (2) of this section
3 to cover the added costs incurred in the RHCs. The department shall
4 report to the appropriate committees of the legislature, within 45 days
5 following each fiscal year quarter, the number of residents moving into
6 community settings and the actual expenditures for all community
7 services to support those residents.

8 ~~((+e))~~ (c) \$1,153,000 of the general fund--state appropriation for
9 fiscal year 2002, \$3,054,000 of the general fund--state appropriation
10 for fiscal year 2003, and \$4,031,000 of the general fund--federal
11 appropriation are provided solely for expanded community services for
12 persons with developmental disabilities who also have community
13 protection issues or are diverted or discharged from state psychiatric
14 hospitals. The department shall ensure that the average cost per day
15 for all program services other than start-up costs shall not exceed
16 \$275. The department shall report to the appropriate committees of the
17 legislature, within 45 days following each fiscal year quarter, the
18 number of persons served with these additional community services,
19 where they were residing, what kinds of services they were receiving
20 prior to placement, and the actual expenditures for all community
21 services to support these clients.

22 ~~((+f))~~ (d) The department shall not increase total enrollment in
23 home and community based waivers for persons with developmental
24 disabilities except for changes assumed in additional funding provided
25 in subsections ~~((+b), (d), and (e))~~ (a) and (b) of this section.
26 Prior to submitting to the health care financing authority any
27 additional home and community based waiver request for persons with
28 developmental disabilities, the department shall submit a summary of
29 the waiver request to the appropriate committees of the legislature.
30 The summary shall include eligibility criteria, program description,
31 enrollment projections and limits, and budget and cost effectiveness
32 projections that distinguish the requested waiver from other existing
33 or proposed waivers.

34 ~~((+g))~~ (e) \$1,000,000 of the general fund--state appropriation for
35 fiscal year 2002 and \$1,000,000 of the general fund--state
36 appropriation for fiscal year 2003 are provided solely for employment,
37 or other day activities and training programs, for young adults with
38 developmental disabilities who complete their high school curriculum in

1 2001 or 2002. These services are intended to assist with the
 2 transition to work and more independent living. Funding shall be used
 3 to the greatest extent possible for vocational rehabilitation services
 4 matched with federal funding. In recent years, the state general fund
 5 appropriation for employment and day programs has been underspent.
 6 These surpluses, built into the carry forward level budget, shall be
 7 redeployed for high school transition services.

8 ~~((h))~~ (f) \$369,000 of the fiscal year 2002 general fund--state
 9 appropriation and \$369,000 of the fiscal year 2003 general fund--state
 10 appropriation are provided solely for continuation of the autism pilot
 11 project started in 1999.

12 ~~((i))~~ (g) \$4,049,000 of the general fund--state appropriation for
 13 fiscal year 2002, \$1,734,000 of the general fund--state appropriation
 14 for fiscal year 2003, and \$5,369,000 of the general fund--federal
 15 appropriation are provided solely to increase compensation by an
 16 average of fifty cents per hour for low-wage workers providing state-
 17 funded services to persons with developmental disabilities. These
 18 funds, along with funding provided for vendor rate increases, are
 19 sufficient to raise wages an average of fifty cents and cover the
 20 employer share of unemployment and social security taxes on the amount
 21 of the wage increase. In consultation with the statewide associations
 22 representing such agencies, the department shall establish a mechanism
 23 for testing the extent to which funds have been used for this purpose,
 24 and report the results to the fiscal committees of the legislature by
 25 February 1, 2002.

2 clients who are not currently being served in a residential
3 habilitation center and whose needs require staffing levels similar to

19 licensed under chapter 18.20, 72.36, or 70.128 RCW.

20 (6) Within funds appropriated in this section and in section 204 of
21 this act, the aging and adult services program shall coordinate with
22 and actively support the efforts of the mental health program and of
23 the regional support networks to provide stable community living

25 have been long-term residents of the state psychiatric hospitals. The
26 aging and adult services program shall report to the health care and
27 fiscal committees of the legislature by November 1, 2001, and by

30 (7) Within funds appropriated in this section and in section 204 of

36 training and technical assistance to help long-term care providers
37 avoid and manage behaviors which might otherwise result in psychiatric
38 hospitalizations; monitoring long-term care facilities to assure

1 residents are receiving appropriate mental health care and are not
2 being inappropriately medicated or hospitalized; the development of
3 diversion beds and stabilization support teams; and the establishment

16 fiscal year 2003.

17 (b) For each month of waiver service delivered to a person who was
18 not covered by medicaid prior to their enrollment in the waiver, the
19 aging and adult services program shall transfer to the medical
20 assistance program state and federal funds equal to the monthly per
21 capita expenditure amount, net of drug rebates, estimated for medically
22 needy-aged persons in the most recent forecast of medical assistance
23 expenditures.

24 (c) The department shall identify the number of medically needy
25 nursing home residents, and enrollment and expenditures on the
26 medically needy waiver, on monthly management reports.

27 (d) The department shall track and report to health care and fiscal
28 committees of the legislature by November 15, 2002, on the types of
29 long-term care support a sample of waiver participants were receiving
30 prior to their enrollment in the waiver, how those services were being
31 paid for, and an assessment of their adequacy.

38 purchased the leased nursing home after January 1, 1980; and (c) the

1 lessor defaulted on its loan or mortgage for the assets of the home
2 after January 1, 1991, and prior to January 1, 1992. Payments provided
3 pursuant to this subsection shall not be subject to the settlement,
4 audit, or rate-setting requirements contained in chapter 74.46 RCW.

5 (10) \$364,000 of the general fund--state appropriation for fiscal
6 year 2002, \$364,000 of the general fund--state appropriation for fiscal
7 year 2003, and \$740,000 of the general fund--federal appropriation are
8 provided solely for payment of exceptional care rates so that persons
9 with Alzheimer's disease and related dementias who might otherwise
10 require nursing home or state hospital care can instead be served in
11 boarding home-licensed facilities which specialize in the care of such
12 conditions.

13 (11) From funds appropriated in this section, the department shall
14 increase compensation for individual and for agency home care
15 providers. Payments to individual home care providers are to be
16 increased from \$7.18 per hour to \$7.68 per hour on July 1, 2001.
17 Payments to agency providers are to be increased to \$13.30 per hour on

28 intended to increase compensation by an average of fifty cents per hour
29 for low-wage workers in agencies which contract with the state to
30 provide community residential services for persons with functional
31 disabilities. In consultation with the statewide associations
32 representing such agencies, the department shall establish a mechanism
33 for testing the extent to which funds have been used for this purpose,
34 and report the results to the fiscal committees of the legislature by
35 February 1, 2002. The amounts in this subsection also include the
36 funds needed for the employer share of unemployment and social security
37 taxes on the amount of the wage increase.

1 (13) \$1,082,000 of the general fund--state appropriation for fiscal

 9 with chapter 74.46 RCW. For fiscal year 2003, the department shall
 10 increase the median price per case-mix unit for each of the applicable
 11 peer groups by six-tenths of one percent in order to distribute the
 12 available funds. In consultation with the statewide associations
 13 representing nursing facilities, the department shall establish a
 14 mechanism for testing the extent to which funds have been used for this
 15 purpose, and report the results to the fiscal committees of the
 16 legislature by February 1, 2002, and by December 1, 2002.

17 **Sec. 207.** 2002 c 371 s 207 (uncodified) is amended to read as
 18 follows:

29 The appropriations in this section are subject to the following
 30 conditions and limitations:

31 (1) \$281,035,000 of the general fund--state appropriation for
 32 fiscal year 2002, \$277,231,000 of the general fund--state appropriation
 33 for fiscal year 2003, ~~((\$1,254,197,000))~~ \$1,279,988,000 of the general
 34 fund--federal appropriation, and \$31,444,000 of the general fund--local

8 fiscal and policy committees of the legislature for families who leave
9 assistance, measured after 12 months, 24 months, and 36 months. An

24 materials must explain, among other facts, that the benefits are

33 social and health services shall educate them about the difference
34 between cash assistance and work support benefits and offer them the
35 opportunity to begin or to continue receiving work support benefits, so

3 report annually to the legislature the number of families who have had
4 exit interviews, been reached successfully by phone, and been sent
5 mail. The report shall also include the percentage of families who
6 elect to continue each of the benefits and the percentage found
7 ineligible by each substantive reason code. A substantive reason code
8 shall not be "other." The report shall identify barriers to informing
9 families about work support benefits and describe existing and future
10 actions to overcome such barriers.

23 year 2002 and (~~(\$44,431,000)~~) \$51,147,000 of the general fund--state
24 appropriation for fiscal year 2003 are provided solely for cash
25 assistance and other services to recipients in the general assistance--
26 unemployable program. Within these amounts, the department may expend
27 funds for services that assist recipients to reduce their dependence on
28 public assistance, provided that expenditures for these services and
29 cash assistance do not exceed the funds provided.

3 with other federal public assistance programs, and achieve the
4 budgetary savings assumed in this section.

5 (6) It is the intent of the legislature that the department shall
6 comply with federal requirements to maintain aggregate funding for
7 supplemental security income (SSI) supplemental payments. Within the

28 (A) Funds provided under this subsection (2)(a)(iv) and (v) in
29 excess of the amount required to maintain the statutory minimum ratio
30 established under RCW 28A.150.260(2)(b) shall be allocated only if the
31 district documents an actual ratio in grades K-4 equal to or greater
32 than 55.4 certificated instructional staff per thousand full-time
33 equivalent students in the 2001-02 school year and 54.0 certificated
34 instructional staff per thousand full-time equivalent students in the
35 2002-03 school year. For any school district documenting a lower
36 certificated instructional staff ratio, the allocation shall be based
37 on the district's actual grades K-4 certificated instructional staff

1 ratio achieved in that school year, or the statutory minimum ratio
2 established under RCW 28A.150.260(2)(b), if greater;

3 (B) Districts at or above 51.0 certificated instructional staff per
4 one thousand full-time equivalent students in grades K-4 may dedicate
5 up to 1.3 of the 55.4 funding ratio in the 2001-02 school year, and up
6 to 1.3 of the 54.0 funding ratio in the 2002-03 school year, to employ
7 additional classified instructional assistants assigned to basic
8 education classrooms in grades K-4. For purposes of documenting a
9 district's staff ratio under this section, funds used by the district
10 to employ additional classified instructional assistants shall be
11 converted to a certificated staff equivalent and added to the
12 district's actual certificated instructional staff ratio. Additional
13 classified instructional assistants, for the purposes of this
14 subsection, shall be determined using the 1989-90 school year as the
15 base year;

16 (C) Any district maintaining a ratio in grades K-4 equal to or
17 greater than 55.4 certificated instructional staff per thousand full-
18 time equivalent students in the 2001-02 school year, and a ratio equal
19 to or greater than 54.0 certificated instructional staff per thousand
20 full-time equivalent students in the 2002-03 school year, may use
21 allocations generated under this subsection (2)(a)(iv) and (v) in
22 excess of that required to maintain the minimum ratio established under
23 RCW 28A.150.260(2)(b) to employ additional basic education certificated
24 instructional staff or classified instructional assistants in grades 5-
25 6. Funds allocated under this subsection (2)(a)(iv) and (v) shall only
26 be expended to reduce class size in grades K-6. No more than 1.3 of
27 the certificated instructional funding ratio amount may be expended for
28 provision of classified instructional assistants;

29 (b) For school districts with a minimum enrollment of 250 full-time
30 equivalent students whose full-time equivalent student enrollment count
31 in a given month exceeds the first of the month full-time equivalent
32 enrollment count by 5 percent, an additional state allocation of 110
33 percent of the share that such increased enrollment would have
34 generated had such additional full-time equivalent students been
35 included in the normal enrollment count for that particular month;

36 (c)(i) On the basis of full-time equivalent enrollment in:

37 (A) Vocational education programs approved by the superintendent of

1 public instruction, a maximum of 0.92 certificated instructional staff
2 units and 0.08 certificated administrative staff units for each 19.5
3 full-time equivalent vocational students; and

4 (B) Skills center programs meeting the standards for skills center
5 funding established in January 1999 by the superintendent of public
6 instruction, 0.92 certificated instructional staff units and 0.08
7 certificated administrative units for each 16.67 full-time equivalent
8 vocational students;

9 (ii) Vocational full-time equivalent enrollment shall be reported
10 on the same monthly basis as the enrollment for students eligible for
11 basic support, and payments shall be adjusted for reported vocational
12 enrollments on the same monthly basis as those adjustments for
13 enrollment for students eligible for basic support; and

14 (iii) For the 2002-03 school year, indirect cost charges by a
15 school district to vocational-secondary programs shall not exceed 15
16 percent of the combined basic education and vocational enhancement
17 allocations of state funds;

18 (d) For districts enrolling not more than twenty-five average
19 annual full-time equivalent students in grades K-8, and for small
20 school plants within any school district which have been judged to be
21 remote and necessary by the state board of education and enroll not
22 more than twenty-five average annual full-time equivalent students in
23 grades K-8:

24 (i) For those enrolling no students in grades 7 and 8, 1.76
25 certificated instructional staff units and 0.24 certificated
26 administrative staff units for enrollment of not more than five
27 students, plus one-twentieth of a certificated instructional staff unit
28 for each additional student enrolled; and

29 (ii) For those enrolling students in grades 7 or 8, 1.68
30 certificated instructional staff units and 0.32 certificated
31 administrative staff units for enrollment of not more than five
32 students, plus one-tenth of a certificated instructional staff unit for
33 each additional student enrolled;

34 (e) For specified enrollments in districts enrolling more than
35 twenty-five but not more than one hundred average annual full-time
36 equivalent students in grades K-8, and for small school plants within
37 any school district which enroll more than twenty-five average annual

1 full-time equivalent students in grades K-8 and have been judged to be
2 remote and necessary by the state board of education:

3 (i) For enrollment of up to sixty annual average full-time
4 equivalent students in grades K-6, 2.76 certificated instructional
5 staff units and 0.24 certificated administrative staff units; and

6 (ii) For enrollment of up to twenty annual average full-time
7 equivalent students in grades 7 and 8, 0.92 certificated instructional
8 staff units and 0.08 certificated administrative staff units;

9 (f) For districts operating no more than two high schools with
10 enrollments of less than three hundred average annual full-time
11 equivalent students, for enrollment in grades 9-12 in each such school,
12 other than alternative schools:

13 (i) For remote and necessary schools enrolling students in any
14 grades 9-12 but no more than twenty-five average annual full-time
15 equivalent students in grades K-12, four and one-half certificated
16 instructional staff units and one-quarter of a certificated
17 administrative staff unit;

18 (ii) For all other small high schools under this subsection, nine
19 certificated instructional staff units and one-half of a certificated
20 administrative staff unit for the first sixty average annual full time
21 equivalent students, and additional staff units based on a ratio of
22 0.8732 certificated instructional staff units and 0.1268 certificated
23 administrative staff units per each additional forty-three and one-half
24 average annual full time equivalent students.

25 Units calculated under (f)(ii) of this subsection shall be reduced
26 by certificated staff units at the rate of forty-six certificated
27 instructional staff units and four certificated administrative staff
28 units per thousand vocational full-time equivalent students;

29 (g) For each nonhigh school district having an enrollment of more
30 than seventy annual average full-time equivalent students and less than
31 one hundred eighty students, operating a grades K-8 program or a grades
32 1-8 program, an additional one-half of a certificated instructional
33 staff unit; and

34 (h) For each nonhigh school district having an enrollment of more
35 than fifty annual average full-time equivalent students and less than
36 one hundred eighty students, operating a grades K-6 program or a grades
37 1-6 program, an additional one-half of a certificated instructional
38 staff unit.

1 (3) Allocations for classified salaries for the 2001-02 and 2002-03
2 school years shall be calculated using formula-generated classified
3 staff units determined as follows:

4 (a) For enrollments generating certificated staff unit allocations
5 under subsection (2)(d) through (h) of this section, one classified
6 staff unit for each three certificated staff units allocated under such
7 subsections;

8 (b) For all other enrollment in grades K-12, including vocational
9 full-time equivalent enrollments, one classified staff unit for each
10 sixty average annual full-time equivalent students; and

11 (c) For each nonhigh school district with an enrollment of more
12 than fifty annual average full-time equivalent students and less than
13 one hundred eighty students, an additional one-half of a classified
14 staff unit.

15 (4) Fringe benefit allocations shall be calculated at a rate of
16 10.76 percent in the 2001-02 school year and 9.57 percent in the 2002-
17 03 school year for certificated salary allocations provided under
18 subsection (2) of this section, and a rate of 12.73 percent in the
19 2001-02 school year and 12.36 percent in the 2002-03 school year for
20 classified salary allocations provided under subsection (3) of this
21 section.

22 (5) Insurance benefit allocations shall be calculated at the
23 maintenance rate specified in section 504(3) of this act, based on the
24 number of benefit units determined as follows:

25 (a) The number of certificated staff units determined in subsection
26 (2) of this section; and

27 (b) The number of classified staff units determined in subsection
28 (3) of this section multiplied by 1.152. This factor is intended to
29 adjust allocations so that, for the purposes of distributing insurance
30 benefits, full-time equivalent classified employees may be calculated
31 on the basis of 1440 hours of work per year, with no individual
32 employee counted as more than one full-time equivalent.

33 (6)(a) For nonemployee-related costs associated with each
34 certificated staff unit allocated under subsection (2)(a), (b), and (d)
35 through (h) of this section, there shall be provided a maximum of
36 \$8,519 per certificated staff unit in the 2001-02 school year and a
37 maximum of \$8,604 per certificated staff unit in the 2002-03 school
38 year.

1 (b) For nonemployee-related costs associated with each vocational
2 certificated staff unit allocated under subsection (2)(c)(i)(A) of this
3 section, there shall be provided a maximum of \$20,920 per certificated
4 staff unit in the 2001-02 school year and a maximum of \$21,129 per
5 certificated staff unit in the 2002-03 school year.

6 (c) For nonemployee-related costs associated with each vocational
7 certificated staff unit allocated under subsection (2)(c)(i)(B) of this
8 section, there shall be provided a maximum of \$16,233 per certificated
9 staff unit in the 2001-02 school year and a maximum of \$16,395 per
10 certificated staff unit in the 2002-03 school year.

11 (7) Allocations for substitute costs for classroom teachers shall
12 be distributed at a maintenance rate of \$494.34 for the 2001-02 and
13 2002-03 school years per allocated classroom teachers exclusive of
14 salary increase amounts provided in section 504 of this act. Solely
15 for the purposes of this subsection, allocated classroom teachers shall
16 be equal to the number of certificated instructional staff units
17 allocated under subsection (2) of this section, multiplied by the ratio
18 between the number of actual basic education certificated teachers and
19 the number of actual basic education certificated instructional staff
20 reported statewide for the prior school year.

21 (8) Any school district board of directors may petition the
22 superintendent of public instruction by submission of a resolution
23 adopted in a public meeting to reduce or delay any portion of its basic
24 education allocation for any school year. The superintendent of public
25 instruction shall approve such reduction or delay if it does not impair
26 the district's financial condition. Any delay shall not be for more
27 than two school years. Any reduction or delay shall have no impact on
28 levy authority pursuant to RCW 84.52.0531 and local effort assistance
29 pursuant to chapter 28A.500 RCW.

30 (9) The superintendent may distribute a maximum of \$6,424,000
31 outside the basic education formula during fiscal years 2002 and 2003
32 as follows:

34 protection district as now or hereafter established pursuant to chapter
35 52.04 RCW, a maximum of \$480,000 may be expended in fiscal year 2002
36 and a maximum of \$485,000 may be expended in fiscal year 2003;

37 (b) For summer vocational programs at skills centers, a maximum of

1 \$2,098,000 may be expended for the 2001-02 fiscal year and a maximum of
2 \$2,035,000 for the 2003 fiscal year;

3 (c) A maximum of \$341,000 may be expended for school district
4 emergencies; and

5 (d) A maximum of \$500,000 for fiscal year 2002 and \$485,000 for
6 fiscal year 2003 may be expended for programs providing skills training
7 for secondary students who are enrolled in extended day school-to-work
8 programs, as approved by the superintendent of public instruction. The
9 funds shall be allocated at a rate not to exceed \$500 per full-time
10 equivalent student enrolled in those programs.

11 (10) For purposes of RCW 84.52.0531, the increase per full-time
12 equivalent student in state basic education appropriations provided
13 under this act, including appropriations for salary and benefits
14 increases, is 2.5 percent from the 2000-01 school year to the 2001-02
15 school year.

16 (11) For purposes of RCW 84.52.0531, the increase in appropriations
17 per full-time equivalent student provided in this act, including
18 appropriations for salary and benefits increases, is 2.9 percent from
19 the 2001-02 school year to the 2002-03 school year.

20 (12) If two or more school districts consolidate and each district
21 was receiving additional basic education formula staff units pursuant
22 to subsection (2)(b) through (h) of this section, the following shall
23 apply:

24 (a) For three school years following consolidation, the number of
25 basic education formula staff units shall not be less than the number
26 of basic education formula staff units received by the districts in the
27 school year prior to the consolidation; and

28 (b) For the fourth through eighth school years following
29 consolidation, the difference between the basic education formula staff
30 units received by the districts for the school year prior to
31 consolidation and the basic education formula staff units after
32 consolidation pursuant to subsection (2)(a) through (h) of this section
33 shall be reduced in increments of twenty percent per year.

20 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION**
21 **PROGRAMS**

22	General Fund--State Appropriation (FY 2002)	\$420,165,000

27	TOTAL APPROPRIATION	((\$1,085,333,000))
28		<u>\$1,124,286,000</u>

29 The appropriations in this section are subject to the following
30 conditions and limitations:

31 (1) Funding for special education programs is provided on an excess
32 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
33 that special education students as a class receive their full share of
34 the general apportionment allocation accruing through sections 502 and
35 504 of this act. To the extent a school district cannot provide an
36 appropriate education for special education students under chapter

1 28A.155 RCW through the general apportionment allocation, it shall
2 provide services through the special education excess cost allocation
3 funded in this section.

4 (2)(a) Effective with the 2001-02 school year, the superintendent
5 of public instruction shall change the S-275 personnel reporting system
6 and all related accounting requirements to ensure that:

7 (i) Special education students are basic education students first;
8 (ii) As a class, special education students are entitled to the
9 full basic education allocation; and

10 (iii) Special education students are basic education students for
11 the entire school day.

12 (b) Effective with the 2001-02 school year, the S-275 and
13 accounting changes shall supercede any prior excess cost methodologies
14 and shall be required of all school districts.

15 (3) Each fiscal year appropriation includes such funds as are
16 necessary to complete the school year ending in the fiscal year and for
17 prior fiscal year adjustments.

18 (4) The superintendent of public instruction shall distribute state
19 funds to school districts based on two categories: The optional birth
20 through age two program for special education eligible developmentally
21 delayed infants and toddlers, and the mandatory special education
22 program for special education eligible students ages three to twenty-
23 one. A "special education eligible student" means a student receiving
24 specially designed instruction in accordance with a properly formulated
25 individualized education program.

26 (5)(a) For the 2001-02 and 2002-03 school years, the superintendent
27 shall make allocations to each district based on the sum of:

28 (i) A district's annual average headcount enrollment of
29 developmentally delayed infants and toddlers ages birth through two,
30 multiplied by the district's average basic education allocation per
31 full-time equivalent student, multiplied by 1.15; and

32 (ii) A district's annual average full-time equivalent basic
33 education enrollment multiplied by the funded enrollment percent
34 determined pursuant to subsection (6)(b) of this section, multiplied by
35 the district's average basic education allocation per full-time
36 equivalent student multiplied by 0.9309.

37 (b) For purposes of this subsection, "average basic education

1 allocation per full-time equivalent student" for a district shall be
2 based on the staffing ratios required by RCW 28A.150.260 and shall not
3 include enhancements, secondary vocational education, or small schools.

4 (6) The definitions in this subsection apply throughout this
5 section.

6 (a) "Annual average full-time equivalent basic education
7 enrollment" means the resident enrollment including students enrolled
8 through choice (RCW 28A.225.225) and students from nonhigh districts
9 (RCW 28A.225.210) and excluding students residing in another district
10 enrolled as part of an interdistrict cooperative program (RCW
11 28A.225.250).

12 (b) "Enrollment percent" means the district's resident special
13 education annual average enrollment, excluding the birth through age
14 two enrollment, as a percent of the district's annual average full-time
15 equivalent basic education enrollment.

16 (i) For the 2001-02 school year, each district's funded enrollment
17 percent shall be the lesser of the district's actual enrollment percent
18 or 12.7 percent.

19 (ii) For the 2002-03 school year, each district's general fund--
20 state funded special education enrollment shall be the lesser of the
21 district's actual enrollment percent or 12.7 percent. Increases in
22 enrollment percent from 12.7 percent to 13.0 percent shall be funded
23 from the general fund--federal appropriation.

24 (7) At the request of any interdistrict cooperative of at least 15
25 districts in which all excess cost services for special education
26 students of the districts are provided by the cooperative, the maximum
27 enrollment percent shall be calculated in accordance with subsection
28 (6)(b) of this section, and shall be calculated in the aggregate rather
29 than individual district units. For purposes of this subsection, the
30 average basic education allocation per full-time equivalent student
31 shall be calculated in the aggregate rather than individual district

3 (b) The safety net oversight committee shall first consider the
4 needs of districts adversely affected by the 1995 change in the special
5 education funding formula. Awards shall be based on the lesser of the
6 amount required to maintain the 1994-95 state special education excess
7 cost allocation to the school district in aggregate or on a dollar per
8 funded student basis.

9 (c) The committee shall then consider unmet needs for districts
10 that can convincingly demonstrate that all legitimate expenditures for
11 special education exceed all available revenues from state funding
12 formulas. In the determination of need, the committee shall also
13 consider additional available revenues from federal and local sources.
14 Differences in program costs attributable to district philosophy,
15 service delivery choice, or accounting practices are not a legitimate
16 basis for safety net awards.

17 (d) The maximum allowable indirect cost for calculating safety net
18 eligibility may not exceed the federal restricted indirect cost rate
19 for the district plus one percent.

20 (e) Safety net awards shall be adjusted based on the percent of
21 potential medicaid eligible students billed as calculated by the
22 superintendent in accordance with chapter 318, Laws of 1999.

23 (f) Safety net awards must be adjusted for any audit findings or
24 exceptions related to special education funding.

25 (g) The superintendent may expend up to \$120,000 of the amounts
26 provided in this subsection (8) to provide staff assistance to the
27 committee in analyzing applications for safety net funds received by
28 the committee.

29 (9) For fiscal year 2003 to the extent necessary, \$12,873,000 of
30 the general fund--federal appropriation is provided for safety net

33 section. If safety net awards exceed the amount appropriated in this
34 subsection (9), the superintendent shall expend all available federal
35 discretionary funds necessary to meet this need. Safety net funds
36 shall be awarded by the state safety net oversight committee subject to
37 the following conditions and limitations:

1 (a) The committee shall consider unmet needs for districts that can
2 convincingly demonstrate that all legitimate expenditures for special
3 education exceed all available revenues from state funding formulas.
4 In the determination of need, the committee shall also consider
5 additional available revenues from federal and local sources.
6 Differences in program costs attributable to district philosophy,
7 service delivery choice, or accounting practices are not a legitimate
8 basis for safety net awards.

9 (b) The committee shall then consider the extraordinary high cost
10 needs of one or more individual special education students.
11 Differences in costs attributable to district philosophy, service
12 delivery choice, or accounting practices are not a legitimate basis for
13 safety net awards.

14 (c) The maximum allowable indirect cost for calculating safety net
15 eligibility may not exceed the federal restricted indirect cost rate
16 for the district plus one percent.

17 (d) Safety net awards shall be adjusted based on the percent of
18 potential medicaid eligible students billed as calculated by the
19 superintendent in accordance with chapter 318, Laws of 1999.

20 (e) Safety net awards must be adjusted for any audit findings or
21 exceptions related to special education funding.

22 (f) The superintendent may expend up to \$120,000 of the amount
23 provided from the general fund--federal appropriation in this
24 subsection (9) to provide staff assistance to the committee in
25 analyzing applications for safety net funds received by the committee.

26 (10) The superintendent of public instruction may adopt such rules
27 and procedures as are necessary to administer the special education
28 funding and safety net award process. Prior to revising any standards,
29 procedures, or rules, the superintendent shall consult with the office
30 of financial management and the fiscal committees of the legislature.

31 (11) The safety net oversight committee appointed by the
32 superintendent of public instruction shall consist of:

33 (a) One staff from the office of superintendent of public
34 instruction;

35 (b) Staff of the office of the state auditor;

36 (c) Staff of the office of the financial management; and

37 (d) One or more representatives from school districts or

1 educational service districts knowledgeable of special education
2 programs and funding.

3 (12) To the extent necessary, in fiscal year 2002, \$2,250,000 of
4 the general fund--federal appropriation shall be expended for safety
5 net funding to meet the extraordinary needs of one or more individual
6 special education students. If safety net awards to meet the
7 extraordinary needs exceed \$2,250,000 of the general fund--federal
8 appropriation, the superintendent shall expend all available federal
9 discretionary funds necessary to meet this need. General fund--state
10 funds shall not be expended for this purpose.

11 (13) A maximum of \$678,000 may be expended from the general fund--
12 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
13 full-time equivalent aides at children's orthopedic hospital and
14 medical center. This amount is in lieu of money provided through the
15 home and hospital allocation and the special education program.

16 (14) \$1,000,000 of the general fund--federal appropriation is
17 provided for projects to provide special education students with
18 appropriate job and independent living skills, including work
19 experience where possible, to facilitate their successful transition
20 out of the public school system. The funds provided by this subsection
21 shall be from federal discretionary grants.

22 (15) The superintendent shall maintain the percentage of federal
23 flow-through to school districts at 85 percent for the 2001-02 school
24 year. For the 2002-03 school year, the superintendent shall allocate
25 the federal funds as specified in this section and shall adjust federal
26 flow-through funds accordingly. In addition to other purposes, school
27 districts may use increased federal funds for high-cost students, for
28 purchasing regional special education services from educational service
29 districts, and for staff development activities particularly relating
30 to inclusion issues.

31 (16) A maximum of \$1,200,000 of the general fund--federal
32 appropriation may be expended by the superintendent for projects
33 related to use of inclusion strategies by school districts for
34 provision of special education services. The superintendent shall
35 prepare an information database on laws, best practices, examples of
36 programs, and recommended resources. The information may be
37 disseminated in a variety of ways, including workshops and other staff
38 development activities.

1 (17) A school district may carry over from one year to the next
2 year up to 10 percent of general fund--state funds allocated under this
3 program; however, carry over funds shall be expended in the special
4 education program.

5 (18) The superintendent of public instruction shall implement the
6 recommendations of the joint legislative audit and review committee
7 study on special education (report 01-11) only to the extent that funds
8 have been specifically provided therefor.
