Sec. 204. 2003 c 360 s 205 (uncodified) is amended to read as follows:

FOR THE LEGISLATIVE TRANSPORTATION COMMITTEE

Motor Vehicle Account--State Appropriation . . . . . . . . . . . . $2,374,000

The appropriation in this section is subject to the following conditions and limitations:

(1) No funding is provided for the staffing, administration and operations of the house of representatives transportation committee. Existing staff of the transportation committee shall be transferred to the house of representatives in the office of program research. All tangible and intangible property that has been acquired by, or allocated for use by the house of representatives transportation committee and its staff, including but not limited to office space and equipment, information systems technology, and employer-related assets, rights, privileges, and liabilities shall be transferred to the house of representatives. Any property acquired by, or allocated for use by the senate transportation committee and its staff shall be transferred to the senate.

(2) $1,600,000 of the motor vehicle state appropriation in this section is provided for the purposes of (a) and (b) of this subsection:

(a)(i) If Substitute Senate Bill No. 5748 becomes law by June 30, 2003, the amount provided in this subsection shall be for performance and functional audits of transportation agencies and departments as provided in Substitute Senate Bill No. 5748; and

(ii) If Substitute Senate Bill No. 5748 does not become law by June 30, 2003, the amount provided in this subsection shall be for performance and functional audits of transportation agencies and departments paid for and ordered by the executive committee of the legislative transportation committee, pursuant to a recommendation of the transportation performance audit board hereby created. The transportation performance audit board shall consist of the majority and minority leaders of the transportation committees of the
legislature, five citizen members with transportation-related expertise who shall be nominated by professional associations chosen by the board's legislative members and appointed by the governor, the legislative auditor as an ex officio member, and one at-large member appointed by the governor. The citizen members may not currently, or within one year of their appointment, be employed by the Washington state department of transportation, and shall include:

(A) One member with expertise in construction project planning, including permitting and assuring regulatory compliance;

(B) One member with expertise in construction means and methods and construction management, crafting and implementing environmental mitigation plans, and administration;

(C) One member with expertise in construction engineering services, including construction management, materials testing, materials documentation, contractor payments, inspection, surveying, and project oversight;

(D) One member with expertise in project management, including design estimating, contract packaging, and procurement; and

(E) One member with expertise in transportation planning and congestion management.

(b) Within the amount provided in this subsection, the legislative transportation committee shall consider contracting with the joint legislative audit and review committee to conduct a targeted performance audit of the Washington state patrol. For this performance audit, the joint legislative audit and review committee shall put its highest priority on the following topics: (i) An assessment of the types and categories of services, including a contrast of public highway policing and general policing services provided by the patrol, and the organizational structures used to deliver these services; (ii) an evaluation of the patrol's fiscal policies and procedures, including a differentiation between transportation and general fund expenditures; and (iii) an evaluation of the linkages among expenditures, organizational structures, service delivery, accountability, and outcomes. If a contract is entered into under this subsection (b), the joint legislative audit and review committee shall provide a progress report to the appropriate committees of the legislature by December 31, 2003, and a final report, including findings and recommendations, by September 30, 2004.
(3) The legislative transportation committee shall develop a mission and organizational plan during the 2003 legislative interim that:

(a) Reconciles any newly-mandated responsibilities (such as performance auditing and benchmarking) with current statutory responsibilities;

(b) Develops a process for adopting interim work plans, including identifying subcommittees of the legislative transportation committee, special studies or activities to be undertaken (which may include a study of administrative costs funded with commute trip reduction funds and how administrative cost savings can be achieved), deliverables and/or expected outcomes, and resources required to accomplish the work plan;

(c) Develops a long-range staffing plan to fit any new statutory requirements and a redefined mission and organizational plan; and

(d) Ensures that all basic legislative transportation committee functions and the adopted interim work plan are appropriately funded.

(4) The legislative transportation committee shall study the feasibility of requiring that proof of insurance be provided as a condition of vehicle registration renewal. At a minimum the committee shall consult representatives from the department of licensing, county auditors, vehicle subagents, the insurance industry, and interested citizens. The committee shall report the findings of this study to the transportation committees of the legislature by December 2004.

TOTAL APPROPRIATION . . . . . . . . . . . . . . . . (($177,611,000))

$181,783,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Washington state patrol officers engaged in off-duty uniformed employment providing traffic control services to the department of transportation or other state agencies are authorized to use state patrol vehicles for the purposes of that employment, subject to guidelines adopted by the chief of the Washington state patrol. The Washington state patrol shall be reimbursed for the use of the vehicle at the prevailing state employee rate for mileage and hours of usage, subject to guidelines developed by the chief of the Washington state patrol. The patrol shall report to the house of representatives and senate transportation committees by December 31, 2004, on the use of agency vehicles by officers engaging in the off-duty employment specified in this subsection. The report shall include an analysis that compares cost reimbursement and cost-impacts, including increased vehicle mileage, maintenance costs, and indirect impacts, associated with the private use of patrol vehicles.

(2) $2,075,000 of the state patrol highway account--state appropriation in this section is provided solely for the addition of thirteen troopers to those permanently assigned to vessel and terminal security. The Washington state patrol shall continue to provide the enhanced services levels established after September 11, 2001.

(3) In addition to the user fees, the patrol shall transfer into the state patrol nonappropriated airplane revolving account created under section 1501 of this act, no more than the amount of appropriated state patrol highway account and general fund funding necessary to cover the costs for the patrol's use of the aircraft. The state patrol highway account and general fund--state funds shall be transferred
proportionately in accordance with a cost allocation that differentiates between highway traffic enforcement services and general policing purposes.

(4) The patrol shall not account for or record locally provided DUI cost reimbursement payments as expenditure credits to the state patrol highway account. The patrol shall report the amount of expected locally provided DUI cost reimbursements to the transportation committees of the senate and house of representatives by December 31 of each year.

(5) $1,848,000 of the state patrol highway account--state appropriation is provided solely for additional security personnel and equipment necessary to comply with the ferry security plan submitted by the Washington state ferries to the United States coast guard.

Sec. 208. 2003 c 360 s 209 (uncodified) is amended to read as follows:

TOTAL APPROPRIATION . . . . . . . . . . . . . . (($71,283,000))

$70,587,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Under the direction of the legislative auditor, the patrol shall update the pursuit vehicle life-cycle cost model developed in the 1998 Washington state patrol performance audit (JLARC Report 99-4). The patrol shall utilize the updated model as a basis for determining maintenance and other cost impacts resulting from the increase to pursuit vehicle mileage above 110 thousand miles in the 2003-05 biennium. The patrol shall submit a report, that includes identified cost impacts, to the transportation committees of the senate and house of representatives by December 31, 2003.

(2) $264,600 of the state patrol highway account--state appropriation is provided solely for two full-time detectives to work solely to investigate incidents of identity fraud, drivers' license fraud, and identity theft. The
detectives, as part of their duty to police the public highways, shall
work cooperatively with the department of licensing's driver's special
investigation unit.

TOTAL APPROPRIATION . . . . . . . . . . . . . . . . (((289,029,000)))
The appropriations in this section are subject to the following conditions and limitations:

(1) If portions of the appropriations in this section are required to fund maintenance work resulting from major disasters not covered by federal emergency funds such as fire, flooding, and major slides, supplemental appropriations must be requested to restore state funding for ongoing maintenance activities.

(2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account--state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

(3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account--private/local appropriation.

(4) Funding is provided for maintenance on the state system to allow for a continuation of the level of service targets included in the 2001-03 biennium. In delivering the program, the department should concentrate on the following areas:

(a) Meeting or exceeding the target for structural bridge repair on a statewide basis;

(b) Eliminating the number of activities delivered in the "f" level of service at the region level;

(c) Reducing the number of activities delivered in the "d" level of service by increasing the resources directed to those activities on a statewide and region basis; and

(d) Evaluating, analyzing, and potentially redistributing resources within and among regions to provide greater consistency in delivering the program statewide and in achieving overall level of service targets.

(5) The appropriation authority under this section includes spending authority to administer the motorist information sign panel program until such time as the temporary injunction issued on January 5, 2004, by the Thurston County Superior Court, cause no. 03-2-02326-1, prohibiting the department from contracting out this program, as per
RCW 47.36.325, is lifted. The department shall increase the fees charged for these services so that all costs to administer this program are recovered.

Sec. 218. 2003 c 360 s 220 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC OPERATIONS--PROGRAM Q--OPERATING
Motor Vehicle Account--State Appropriation . . . . . ((38,869,000))

TOTAL APPROPRIATION . . . . . . . . . . ((38,994,000))
$39,049,000

The appropriations in this section are subject to the following conditions and limitations:
(1) A maximum of $8,800,000 of the motor vehicle account--state appropriation may be expended for the incident response program, including the service patrols. The department and the Washington state patrol shall continue to consult and coordinate with private sector partners, such as towing companies, media, auto, insurance and trucking associations, and the legislative transportation committees to ensure that limited state resources are used most effectively. No funds shall be used to purchase tow trucks.
(2) $4,400,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis.
(3) At a frequency determined by the department, the interstate-5 variable message signs shall display a message advising slower traffic to keep right.

$27,590,000

The appropriations in this section are subject to the following
conditions and limitations:

(1) $627,000 of the motor vehicle account--state appropriation is
provided solely for the implementation of Substitute Senate Bill No.
5248. If Substitute Senate Bill No. 5248 is not enacted by June 30,
2003, the amount provided in this subsection shall lapse. The agency
may transfer between programs funds provided in this subsection.

(2) The department shall transfer at no cost to the Washington
state patrol the title to the Walla Walla colocation facility.

Sec. 220. 2003 c 360 s 222 (uncodified) is amended to read as
follows:

$48,040,000

The appropriations in this section are subject to the following
conditions and limitations:

(1) $3,800,000 of the motor vehicle account--state appropriation is
provided solely for a study of regional congestion relief solutions for
Puget Sound (including state route 169), Spokane, and Vancouver. The
study must include proposals to alleviate congestion consistent with
population and land use expectations under the growth management act,
and must include measurement of all modes of transportation.

(2) $100,000 of the motor vehicle account--state appropriation is
provided solely for further study and project definition of state route
169 if the study referenced in subsection (1) of this section finds
that further review is merited.
(3) $2,000,000 of the motor vehicle account--state appropriation is provided solely for additional assistance to support regional transportation planning organizations and long-range transportation planning efforts.

(4) $3,000,000 of the motor vehicle account--state appropriation is provided solely for the costs of the regional transportation investment district (RTID) election and department of transportation project oversight. These funds are provided as a loan to the RTID and shall be repaid to the state motor vehicle account within one year following the certification of the election results related to the RTID.

(5) $650,000 of the motor vehicle account--state appropriation is provided to the department in accordance with RCW 46.68.110(2) and 46.68.120(3) and shall be used by the department to support the processing and analysis of the backlog of city and county collision reports.

(6) The department shall contribute to the report required in section 208(1) of this act in the form of an analysis of the cost impacts incurred by the department as the result of the policy implemented in section 208(1) of this act. The analysis shall contrast overtime costs charged by the patrol prior to July 1, 2003, with contract costs for similar services after July 1, 2003.

(7) $60,000 of the distribution under RCW 46.68.110(2) and 46.68.120(3) is provided solely to the department for the Washington strategic freight transportation analysis.

appropriation is provided solely for a grant program for nonprofit
providers of transportation for persons with special transportation needs. $14,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for transit agencies to transport persons with special transportation needs. Moneys shall be to provide additional service only and may not be used to supplant current funding. Grants shall only be used by nonprofit providers and transit agencies for capital and operating costs directly associated with adding additional service. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2001 as reported in the "Summary of Public Transportation - 2001" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.)) $18,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Funds are provided for additional service only and shall only be used by nonprofit providers and transit agencies for capital and operating costs directly associated with adding additional service. However, for fiscal year 2005 only, up to forty percent of the funds may be used by nonprofit providers and transit agencies for capital and operating expenses associated with existing service.

(a) $4,000,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) $14,000,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs, and may not be used to supplant current funding. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2001 as reported in the "Summary of Public
No transit agency may receive more than thirty percent of these distributions.

(2) $1,500,000 of the multimodal transportation account--state appropriation is provided solely for grants to implement section 9 of Engrossed Substitute House Bill No. 2228.

(3) Funds are provided for the rural mobility grant program as follows:

(a) $6,000,000 of the multimodal transportation account--state appropriation is provided solely for grants for those transit systems serving small cities and rural areas as identified in the Summary of Public Transportation - 2001 published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) $4,000,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(4) $4,000,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; no operating costs for public transit agencies are eligible for funding under this grant program. (Only grants that add vanpools are eligible, no) No additional employees may be hired for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. Additional criteria for selecting grants will include leveraging funds other than state funds. The commute trip reduction task force shall determine the cost effectiveness of the grants, including vanpool system coordination, regarding the use of the funds.

(5) $3,000,000 of the multimodal transportation account--state appropriation is provided to the city of Seattle for the Seattle streetcar project on South Lake Union.

Sec. 223. 2003 c 360 s 225 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X

Puget Sound Ferry Operations Account--State

Appropriation ................. \((309,580,000)\) \($312,011,000\)

Multimodal Transportation Account--State

Appropriation ................. \((5,120,000)\) \($4,509,000\)

TOTAL APPROPRIATION ........... \((314,700,000)\) \($316,520,000\)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriation is based on the budgeted expenditure of \((34,701,000)\) \($35,264,000\) for vessel operating fuel in the 2003-2005 biennium. If the actual cost of fuel is less than this budgeted amount, the excess amount may not be expended. If the actual cost exceeds this amount, the department shall request a supplemental appropriation.

(2) The appropriation provides for the compensation of ferry employees. The expenditures for compensation paid to ferry employees during the 2003-2005 biennium may not exceed \((207,757,000)\) \($208,125,000\), \(178,900\) of which is provided solely for vessel security officers, plus a dollar amount, as prescribed by the office of financial management, that is equal to any insurance benefit increase granted general government employees in excess of \(495.30\) a month annualized per eligible marine employee multiplied by the number of eligible marine employees for fiscal year 2004 and \(567.67\) a month annualized per eligible marine employee multiplied by the number of eligible marine employees for fiscal year 2005, a dollar amount as prescribed by the office of financial management for costs associated with pension amortization charges, and a dollar amount prescribed by the office of financial management for salary increases during the 2003-2005 biennium. For the purposes of this section, the expenditures for compensation paid to ferry employees shall be limited to salaries and wages and employee benefits as defined in the office of financial management's policies, regulations, and procedures named under objects of expenditure "A" and "B" (7.2.6.2).

The prescribed salary increase or decrease dollar amount that shall be allocated from the governor's compensation appropriations is in
addition to the appropriation contained in this section and may be used
to increase or decrease compensation costs, effective July 1, 2003, and
thereafter, as established in the 2003-2005 general fund operating
budget.

(3) ($4,234,000 of the multimodal transportation account--state
appropriation and $800,000 of the Puget Sound ferry operations
account--state appropriation are provided solely for operating costs
associated with the Vashon to Seattle passenger-only ferry. The
Washington state ferries will develop a plan to increase passenger-only
farebox recovery to at least forty percent by July 1, 2003, with an
additional goal of eighty percent, through increased fares, lower
operation costs, and other cost-saving measures as appropriate. In
order to implement the plan, ferry system management is authorized to
negotiate changes in work hours (requirements for split shift work),
but only with respect to operating passenger-only ferry service, to be
included in a collective bargaining agreement in effect during the
2003-05 biennium that differs from provisions regarding work hours in
the prior collective bargaining agreement. The department must report
to the transportation committees of the legislature by December 1,
2003.)

No more than $500,000 of the Puget Sound ferry operations
account--state appropriation and $1,000,000 of the multimodal
transportation account--state appropriation may be spent in fiscal year
2005 on operational costs for the passenger-only ferry service from
Vashon to Seattle. It is the intent of the legislature to eliminate
passenger-only ferry service after these funds have been expended and
to explore and encourage cost-effective alternatives to state run
passenger-only ferry service that will address the transportation needs
of existing passengers.

(4) $805,000 of the Puget Sound ferry operations account--state
appropriation is provided solely for ferry security operations. The
department shall track security costs and expenditures. Ferry security
operations costs shall not be included as part of the operational costs
that are used to calculate farebox recovery. The amount provided in
this subsection includes the $178,900 specified in subsection (2) of
this section.

(5) $866,000 of the multimodal transportation account--state
appropriation and $200,000 of the Puget Sound ferry operations
account--state appropriation are provided solely for operating costs associated with the Bremerton to Seattle passenger-only ferry service for thirteen weeks.

((6)) The department shall study the potential for private or public partners, including but not limited to King county, to provide passenger-only ferry service from Vashon to Seattle. The department shall report to the legislative transportation committees by December 31, 2003.

((7)) The Washington state ferries shall continue to provide service to Sidney, British Columbia.

((8)) When augmenting the existing ferry fleet, the department of transportation ferry capital program shall explore cost-effective options to include the leasing of ferries from private-sector organizations.

((9)) The Washington state ferries shall work with the department of general administration, office of state procurement to improve the existing fuel procurement process and solicit, identify, and evaluate, purchasing alternatives to reduce the overall cost of fuel and mitigate the impact of market fluctuations and pressure on both short- and long-term fuel costs. Consideration shall include, but not be limited to, long-term fuel contracts, partnering with other public entities, and possibilities for fuel storage in evaluating strategies and options. The department shall report back to the transportation committees of the legislature by December 1, 2003, on the options, strategies, and recommendations for managing fuel purchases and costs.

((10)) The department must provide a separate accounting of passenger-only ferry service costs and auto ferry service costs, and must provide periodic reporting to the legislature on the financial status of both passenger-only and auto ferry service in Washington state.

((11)) The Washington state ferries must work with the department's information technology division to implement a new revenue collection system, including the integration of the regional fare coordination system (smart card). Each December, annual updates are to be provided to the transportation committees of the legislature concerning the status of implementing and completing this project, with
updates concluding the first December after full project implementation.

(11) The Washington state ferries shall evaluate the benefits and costs of selling the depreciation rights to ferries purchased by the state in the future through sale and lease-back agreements, as permitted under RCW 47.60.010. The department is authorized to issue a request for proposal to solicit proposals from potential buyers. The department must report to the transportation committees of the legislature by December 1, 2004, on the options, strategies, and recommendations for sale/lease-back agreements on existing ferry boats as well as future ferry boat purchases.

Sec. 224. 2003 c 360 s 226 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--RAIL--PROGRAM Y--OPERATING Multimodal Transportation Account--State Appropriation ..................... (($35,075,000))

$34,205,000

The appropriation in this section is subject to the following conditions and limitations:

(1) $30,831,000 of the multimodal transportation account--state appropriation is provided solely for the Amtrak service contract and Talgo maintenance contract associated with providing and maintaining the state-supported passenger rail service.

(2) No Amtrak Cascade runs may be eliminated.

(3) The department is directed to explore scheduling changes that will reduce the delay in Seattle when traveling from Portland to Vancouver B.C.

(4) The department is directed to explore opportunities with British Columbia (B.C.) concerning the possibility of leasing an existing Talgo trainset to B.C. during the day for a commuter run when the Talgo is not in use during the Bellingham layover.

(5) The department shall undertake an origin and destination study to provide data that may be used for a new passenger train cost sharing agreement with the state of Oregon. The study shall be delivered to the transportation committees of the legislature before July 1, 2004.
Sec. 225. 2003 c 360 s 227 (uncodified) is amended to read as follows:

(11) The entire transportation 2003 account (nickel account) appropriation is provided solely for the projects and activities as indicated in the Legislative 2003 Transportation Project List – New Law report transmitted to LEAP on April 27, 2003.

(12) $11,000,000 of the ((motor vehicle account)) transportation 2003 account (nickel account)--state appropriation is provided solely for the environmental impact statement on the SR 520 Evergreen floating bridge.

(13) $250,000 of the transportation 2003 account (Nickel Account)--state appropriation and an equal amount from the city of Seattle are provided solely for an analysis of the impacts that an expansion of the SR 520 Evergreen floating bridge will have on the streets of North Capitol Hill, Roanoke Park, and Montlake. An advisory committee with two members each from Portage Bay/Roanoke Park Community Council, Montlake Community Council, and the North Capitol Hill community organization along with the secretary of transportation is established. The seven-member committee shall hire and oversee the contract with a transportation consulting organization to: (a) Perform an analysis of such impacts; and (b) design a traffic and circulation plan.
plan that mitigates the adverse consequences of such impacts. If the city of Seattle does not agree to provide $250,000 by January 1, 2004, the amount provided in this subsection shall lapse.

(14) $100,000 of the motor vehicle account—state appropriation is provided solely for the department to hire a consultant to complete a cost-benefit analysis comparing the efficiency of having high-occupancy vehicle (HOV) lanes in the right lane versus the left lane. The study shall compare the costs, and the traffic efficiencies of building HOV lanes in the right and left lanes. The study shall be completed and submitted to the transportation committees of the legislature by December 1, 2004.

((9)) (15)(a) $500,000 of the motor vehicle account—state appropriation is provided solely for a study to provide the legislature with information regarding the feasibility of pursuing a Washington commerce corridor. The department shall retain outside experts to conduct the study. The study must include the following conditions:

(i) The Washington commerce corridor must be a north-south corridor starting in the vicinity of Lewis county and extending northerly to the vicinity of the Canadian border. The corridor must be situated east of state route number 405 and west of the Cascades. The corridor may include any of the following features:

(A) Ability to carry long-haul freight;
(B) Ability to provide for passenger auto travel;
(C) Freight rail;
(D) Passenger rail;
(E) Public utilities; and
(F) Other ancillary facilities as may be desired to maximize use of the corridor;

(ii) The Washington commerce corridor must be developed, financed, designed, constructed, and operated by private sector consortiums; and

(iii) The Washington commerce corridor must be subject to a joint permitting process involving federal, state, and local agencies with jurisdiction.

(b) The legislative transportation committee shall form a working group to work with the department and the outside consultant on the study.

((10) $8,000,000 of the motor vehicle account—state appropriation
is provided for the SR 522, University of Washington-Bothell campus access project. This amount will cover approximately one-half of the construction costs.

(11)) (16) The transportation permit efficiency and accountability committee (TPEAC) shall select from the project list under ((this)) subsection (1) of this section ten projects that have not yet secured state permits. TPEAC shall select projects from both urban and rural areas representing a wide variety of locations within the state. These projects shall be designated "Department of Transportation Permit Drafting Pilot Projects" and shall become a part of the work plan of TPEAC required under section 2(1)(b), chapter 8 (ESB 5279), Laws of 2003.

((12)) (17) Of the amounts appropriated in this section and section 306 of this act, no more than $124,000 is provided for increased project costs due to the enactment of Substitute Senate Bill No. 5457.

((14)) (18) To manage some projects more efficiently, federal funds may be transferred from program Z to program I to replace those federal funds in a dollar-for-dollar match. However, funds may not be transferred between federal programs. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department shall not transfer funds as authorized under this subsection without approval of the transportation commission and the director of financial management. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2004.

(19) The department shall, on a quarterly basis, provide to the legislature status reports on each project in the project lists submitted to LEAP on March 11, 2004. The department shall work with the transportation committees of the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs.

NEW SECTION. Sec. 304. A new section is added to 2003 c 360 (uncodified) to read as follows:
FOR THE DEPARTMENT OF TRANSPORTATION--ECONOMIC PARTNERSHIPS--
PROGRAM K

Motor Vehicle Account--State Appropriation . . . . . . . . . $400,000

The appropriation in this section is subject to the following
conditions and limitations: $400,000 of the motor vehicle account--
state appropriation is provided solely for a traffic and economic study
of the Mount Saint Helens tourist and recreational area. The study
shall analyze existing and potential traffic patterns in the area and
develop funding strategies sufficient to fund construction of a
connection between state route number 504 and forest service road
number 99. The study shall also include an analysis of potential
partnership funding plans involving the use of tolls in order to
determine the potential to pay for ongoing maintenance and operations
requirements of visitor centers, roads, and other amenities provided to
tourists. The purpose and results of this study shall be made
available to citizens, businesses, and community organizations in the
affected area. The study shall be completed and submitted to the
transportation committees of the legislature by December 31, 2004.

Sec. 305. 2003 1st sp.s. c 26 s 506 (uncodified) is amended to
read as follows:

The appropriations in this section are subject to the following
conditions and limitations:

(1) ($178,909,000 of the motor vehicle account--state
appropriation, $457,467,000 of the motor vehicle account--federal
appropriation, $12,666,000 of the motor vehicle account--local appropriation, $1,690,000 of the multimodal transportation account--state appropriation, and $4,247,000 of the multimodal transportation account--federal appropriation are provided solely to implement the activities and projects included in the Legislative 2003 Transportation Project List - Current Law report transmitted to LEAP on April 27, 2003.}) The entire 2003 transportation account (nickel account) appropriation is provided solely for the projects and activities as listed by project, biennium, and amount in the 2003 transportation (nickel) program list under the heading "Nickel Funds" as transmitted to LEAP on March 11, 2004. Limited transfers of allocations between projects may occur for those amounts listed for the 2003-05 biennium subject to conditions and limitations in section 503 of this act.

(2) $8,348,145 of the motor vehicle account--state appropriation, $30,106,512 of the motor vehicle account--federal appropriation, $7,349,630 of the motor vehicle account--local appropriation, and $10,625,000 of the Puyallup tribal settlement account--state appropriation are provided solely to implement the projects included in the 2003 Transportation Program List - Current Law Funds List under the heading "Bridge Improvements" as transmitted to LEAP on March 11, 2004.

(a) Within the amounts provided in this subsection, $1,000,000 of the motor vehicle account--state appropriation is provided solely for the Purdy creek bridge project. The 2005-07 biennium appropriations for this project are expected to be $5,074,000.

(b) Within the amounts provided in this subsection, $2,480,000 of the motor vehicle account--state appropriation is provided solely for the SR 28 east end of the George Sellar bridge - phase 1 project. Future biennia appropriations for this project are expected to be $6,510,000.

(c) Within the amounts provided in this subsection, $10,625,000 of the Puyallup tribal settlement account--state appropriation is provided solely for traffic mitigation costs associated with the Murray Morgan/11st Street Bridge demolition. The department may negotiate with the city of Tacoma for the purpose of transferring ownership of the Murray Morgan/11th Street Bridge to the city. The department is allowed to use the Puyallup tribal settlement account appropriation, as well as any funds appropriated in the current biennium and planned in future biennia for the demolition and mitigation for the demolition of
the bridge to rehabilitate or replace the bridge, if agreed to by the city. In no event will the department's participation exceed $26,500,000 and no funds may be expended unless the city of Tacoma agrees to take ownership of the bridge in its entirety and provide that the payment of these funds extinguishes any real or implied agreements regarding future expenditures on the bridge.

(3) A maximum of $40,497,134 of the motor vehicle account--state appropriation, $171,087,876 of the motor vehicle account--federal appropriation, $2,260,450 of the motor vehicle account--local appropriation, and $1,690,000 of the multimodal account--state appropriation are provided for roadway preservation projects.

(4) A maximum of $8,720,763 of the motor vehicle account--state appropriation, $46,616,130 of the motor vehicle account--federal appropriation, and $1,056,600 of the motor vehicle account--local appropriation are provided for bridge repair projects.

(5) A maximum of $12,559,338 of the motor vehicle account--state appropriation, $39,003,084 of the motor vehicle account--federal appropriation, and $577,781 of the motor vehicle account--local appropriation are provided for other facilities preservation projects.

(6) A maximum of $12,470,140 of the motor vehicle account--state appropriation, $26,498,400 of the motor vehicle account--federal appropriation, and $1,421,539 of the motor vehicle account--local appropriation are provided for other preservation projects programmed through the transportation commission's priority programming process.

(7) A maximum of $44,086,563 of the motor vehicle account--state appropriation and $12,651,240 of the motor vehicle account--federal appropriation are provided for direct project support costs, including, but not limited to, direct project support, property management, scenic byways, and other administration.

(8) $81,147,069 of the motor vehicle account--state appropriation and $173,103,529 of the motor vehicle account--federal appropriation are provided solely for the Hood Canal bridge project.

(9) The motor vehicle account--state appropriation includes (($2,850,000)) $3,066,000 in proceeds from the sale of bonds authorized in RCW 47.10.761 and 47.10.762 for emergency purposes.

((3)) (10) The motor vehicle account--state appropriation includes (($77,700,000)) $77,822,000 in proceeds from the sale of bonds authorized by RCW 47.10.843. The transportation commission may
authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

(4) The entire transportation 2003 account (nickel account) appropriation is provided solely for the projects and activities as indicated in the Legislative 2003 Transportation Project List - New Law report transmitted to LEAP on April 27, 2003.

(5) The department of transportation shall continue to implement the lowest life cycle cost planning approach to pavement management throughout the state to encourage the most effective and efficient use of pavement preservation funds. Emphasis should be placed on increasing the number of roads addressed on time and reducing the number of roads past due.

(6) Of the amounts appropriated in this section and section 305 of this act, no more than $124,000 is provided for increased project costs due to the enactment of Substitute Senate Bill No. 5457.

(7) To manage some projects more efficiently, federal funds may be transferred from program Z to program P to replace those federal funds in a dollar-for-dollar match. However, funds may not be transferred between federal programs. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department shall not transfer funds as authorized under this subsection without approval of the transportation commission and the director of financial management. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2004.

(14) The department shall, on a quarterly basis, provide to the legislature status reports on each project in the project lists submitted to LEAP on March 11, 2004. The department is to work with the legislature to agree on report formatting and elements. Elements shall include, but not be limited to, project scope, schedule, and costs.

Washington state ferry system, including, but not limited to, vessel
construction, major and minor vessel preservation, and
terminal preservation, construction, and improvements. The
appropriations in this section are subject to the following conditions
and limitations:

(1) The multimodal transportation account--state appropriation
includes $11,772,000 in proceeds from the sale of bonds authorized by
Senate Bill No. 6062. The transportation commission may authorize the
use of current revenues available to the department of transportation
in lieu of bond proceeds for any part of the state appropriation.

(2) ($129,066,000 of the Puget Sound capital construction
account--state appropriation and $34,400,000 of the Puget Sound capital
construction account--federal appropriation are provided solely for
capital projects as listed in the Legislative 2003 Transportation
Project List - Current Law as transmitted to the LEAP on April 27,
2003.

(3) $17,521,000 of the transportation 2003 account--nickel
account--state appropriation is provided solely for capital projects
as listed in the Legislative 2003 Transportation Project List - New Law
as transmitted to the LEAP on April 27, 2003.

(4)) $108,427,000 of the Puget Sound capital construction
account--state appropriation, $69,881,000 of the Puget Sound capital
construction account--federal appropriation, $249,000 of the Puget
Sound capital construction account--local appropriation, and $205,000
of the multimodal transportation account--state appropriation are
provided for ferry construction projects. The department shall report
against the 2003 Transportation Program - Current Law Funds List
transmitted to LEAP on March 11, 2004. The department shall report
quarterly on project delivery and expenditures.

(a) Within the amounts provided in this subsection, a maximum of
$58,412,000 of the Puget Sound capital construction account--state
appropriation, $21,362,000 of the Puget Sound capital construction
account--federal appropriation, and $249,000 of the Puget Sound capital
construction account--local appropriation are provided for terminal
projects.

(b) Within the amounts provided in this subsection, a maximum of
$44,765,000 of the Puget Sound capital construction account--state
appropriation, $48,432,000 of the Puget Sound capital construction account--federal appropriation, and $205,000 of the multimodal transportation account--state appropriation are provided for vessel projects.

(c) Within the amounts provided in this subsection, $5,250,000 of the Puget Sound capital construction account--state appropriation and $87,000 of the Puget Sound capital construction account--federal appropriation are provided for emergency repair projects. Additionally, unused funds under (a) and (b) of this subsection, may be transferred to emergency repair projects.

(3) $11,772,000 of the multimodal transportation account--state appropriation and $5,749,000 of the transportation 2003 (nickel) account--state appropriation are provided solely for the projects and activities as listed by project, biennium, and amount in the 2003 Transportation (Nickel) Program List transmitted to LEAP on March 11, 2004. The department shall, on a quarterly basis, provide to the legislature status reports on each project in the 2003 Transportation (Nickel) Program List. The department is to work with the legislature to agree on report formatting and elements. Elements shall include, but are not limited to, project schedule and project costs.

(4) $300,000 of the Puget Sound capital construction account--state appropriation is provided solely for a study of alternatives to relocating the Keystone Terminal. The study team shall consist of seven members. All members of the study team shall be selected by June 1, 2004. The transportation commission shall select the following study team members: One Washington state ferry pilot, two members of the traveling public that use the Keystone to Port Townsend route on a regular basis, one tug pilot, and three department staff members, two of whom work for the Washington state ferry system program. The department shall issue a request for proposals on behalf of the study team for an outside consulting firm to conduct the study. The consulting firm shall meet with the study team periodically. The study will include, but is not limited to the following topics regarding the existing terminal: (a) The costs and benefits associated with preserving and maintaining the terminal, including enlarging the harbor and dredging; (b) ridership projections associated with preserving and maintaining the current terminal; (c) maintaining and retrofitting existing vessels so they can serve the terminal; (d) coordinating the
impact of vehicles using the ferry run with highway capacity; (e) how many, if any, new vessels should be constructed; and (f) the impact on the environment. The study group and consultant must report back to the legislative transportation committee no later than December 1, 2004. This report must include alternative scenarios to relocating the Keystone Terminal.

(5) The Puget Sound capital construction account--state appropriation includes ((($45,000,000)) $29,385,000 in proceeds from the sale of bonds authorized by RCW 47.10.843 for vessel and terminal acquisition, major and minor improvements, and long lead time materials acquisition for the Washington state ferries. The transportation commission may authorize the use of current revenues available to the motor vehicle account in lieu of bond proceeds for any part of the state appropriation.

(((5)))) (6) The Washington state ferries shall consult with the United States Coast Guard regarding operational and design standards required to meet Safety of Life at Sea requirements, in an effort to determine the most efficient and cost-effective vessel design that meets these requirements.

Sec. 308. 2003 1st sp.s. c 26 s 508 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) The multimodal transportation account--state appropriation includes $30,000,000 in proceeds from the sale of bonds authorized by Senate Bill No. 6062. The transportation commission may authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

(2) $4,530,000 of the multimodal transportation account--state appropriation, $9,499,000 of the multimodal transportation account--
federal appropriation, $500,000 of the Washington fruit express account--state appropriation, and $770,000 of the essential rail assistance account--state appropriation are provided solely for capital projects as listed in the Legislative 2003 Transportation Project List - Current Law as transmitted to the LEAP on (April 27, 2003) March 11, 2004.

(3) $1,230,000 of the multimodal transportation account--state appropriation and $770,000 of the essential rail assistance account--state appropriation is to be placed in reserve status by the office of financial management to be held until the department identifies the location for a new transload facility at either Wenatchee or Quincy. The funds are to be released upon determination of a location and approval by the office of financial management.

(4) $30,000,000 of the multimodal transportation account--state appropriation is provided solely for capital projects as listed in the Legislative 2003 Transportation Project List - New Law as transmitted to the LEAP on April 27, 2003.

(5) If federal block grant funding for freight or passenger rail is received, the department shall consult with the legislative transportation committee prior to spending the funds on additional projects.

(6) If the department issues a call for projects, applications must be received by the department by November 1, 2003, and November 1, 2004.

(7) The department may not execute the Palouse River & Coulee City Rail purchase until the chairs of the transportation committees of the legislature have reviewed, and the office of financial management has approved, a business plan that demonstrates the long term financial viability of state-owned, privately operated short rail service. The office of financial management shall issue to the chairs of the transportation committees of the legislature a report outlining reasons for the acceptance or rejection of the plan.

TOTAL APPROPRIATION . . . . . . . . . . . . . . . . . . . . ((43,960,000))

$38,861,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $6,000,000 of the multimodal transportation account--state appropriation is provided solely for the projects and activities as indicated in the Legislative 2003 Transportation Project List - New Law Local Projects report transmitted to LEAP on April 27, 2003.

(2) To manage some projects more efficiently, federal funds may be transferred from program Z to programs I and P and state funds shall be transferred from programs I and P to program Z to replace those federal funds in a dollar-for-dollar match. However, funds may not be transferred between federal programs. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department may not transfer funds as authorized under this subsection without approval of the transportation commission. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2004.

(3) $7,576,000 of the multimodal transportation account--state appropriation is reappropriated and provided solely to fund the first phase of a multiphase cooperative project with the state of Oregon to dredge the Columbia River. If dredge material is disposed of in the ocean, the department shall not expend the appropriation in this subsection unless agreement on ocean disposal sites has been reached that protects the state's commercial crab fishery. The amount provided in this subsection shall lapse unless the state of Oregon appropriates a dollar-for-dollar match to fund its share of the project.

(4) $1,156,000 of the motor vehicle account--state appropriation is reappropriated and provided solely for additional small city pavement...
preservation program grants, to be administered by the department's highways and local programs division. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded small city pavement preservation program grant funds, but does not report activity on the project within one year of grant award, should be reviewed by the department to determine whether the grant should be terminated. The department must promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. The department shall expeditiously extend new grant awards to qualified projects when funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout.

(5) $4,010,000 of the motor vehicle account--state appropriation is reappropriated and provided solely for additional traffic and pedestrian safety improvements near schools. The highways and local programs division within the department of transportation shall administer this program. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded traffic and pedestrian safety improvement grant funds, but does not report activity on the project within one year of grant award should be reviewed by the department to determine whether the grant should be terminated. The department must promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. The department shall expeditiously extend new grant awards to qualified projects when funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout.

(6) The motor vehicle account--state appropriation includes $20,452,000 in unexpended proceeds from the sale of bonds authorized by RCW 47.10.843.

(7) The multimodal transportation account--state appropriation includes $6,000,000 in proceeds from the sale of bonds authorized by
Senate Bill No. 6062. The transportation commission may authorize the use of current revenues available to the department of transportation in lieu of bond proceeds for any part of the state appropriation.

(8) $500,000 of the multimodal account—state appropriation is provided solely to complete the engineering and permitting necessary to implement the Skagit county flood control project.

MISCELLANEOUS

Sec. 501. RCW 70.94.996 and 2003 c 364 s 9 are each amended to read as follows:

(1) To the extent that funds are appropriated, the department of transportation shall administer a performance-based grant program for private employers, public agencies, nonprofit organizations,
developers, and property managers who provide financial incentives for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, including telework, before July 1, 2013, to their own or other employees.

(2) The amount of the grant will be determined based on the value to the transportation system of the vehicle trips reduced. The commute trip reduction task force shall develop an award rate giving priority to applications achieving the greatest reduction in trips and commute miles per public dollar requested and considering the following criteria: The local cost of providing new highway capacity, congestion levels, and geographic distribution.

(3) No private employer, public agency, nonprofit organization, developer, or property manager is eligible for grants under this section in excess of one hundred thousand dollars in any fiscal year.

(4) The total of grants provided under this section may not exceed seven hundred fifty thousand dollars in any fiscal year. However, this subsection does not apply during the 2003-2005 fiscal biennium.

(5) The department of transportation shall report to the department of revenue by the 15th day of each month the aggregate monetary amount of grants provided under this section in the prior month and the identity of the recipients of those grants.

(6) The source of funds for this grant program is the multimodal transportation account.

(7) This section expires January 1, 2014.

NEW SECTION. Sec. 502. A new section is added to 2003 c 360 (uncodified) to read as follows:

The department is given the authority to provide up to $3,000,000 in toll credits to Kitsap transit for its role in new passenger-only ferry service. The number of toll credits provided to Kitsap transit must be equal to, but no more than, a number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but shall not exceed the amount authorized under this section.

NEW SECTION. Sec. 503. A new section is added to 2003 c 360 (uncodified) to read as follows:

(1) The transportation commission may authorize a transfer of
spending allocation within the appropriation provided and between projects as listed in the 2003 Transportation (Nickel) Program List under the following conditions and limitations:

(a) Transfers from a project may be made if the funds allocated to the project are in excess of the amount needed to complete the project, but transfers may only be made in the biennium in which the savings occur;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(c) Transfers may be made within the current biennium from projects that are experiencing unavoidable expenditure delays, but the transfers may only occur if the commission finds that any resulting change to the nickel program financial plan provides that all projects on the list may be completed as intended by the legislature;

(d) Transfers may not occur to projects not identified on the list; and

(e) Transfers may not occur if they are for the purpose of advancing project milestones into the current biennium.

(2) The legislature reserves the authority to: (a) Authorize transfer of spending allocation to adjust legislatively approved milestones; (b) increase or diminish the scope of a project; (c) provide for new projects; and (d) address significant project cost overruns.

(3) For the purposes of this section, "project milestones" means the initiation of major project phases including preliminary design, right of way, project advertisement date, or other significant project management decisions.

NEW SECTION. Sec. 504. A new section is added to 2003 c 360 (uncodified) to read as follows:

It is the intent of the legislature that the freight mobility account created in Substitute Senate Bill No. 6680 maintain a zero or positive cash balance at the end of each biennium. Toward this purpose, the Washington state department of transportation may make expenditures from the account before receiving reimbursements. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the
multimodal transportation account to the freight mobility account for
unrecovered reimbursements. The department shall calculate the
distribution of this transfer based on expenditures. In the ensuing
biennium the department shall transfer the reimbursements received in
the freight mobility account back to the motor vehicle fund and the
multimodal transportation account to the extent of the cash transferred
at biennium end. The department shall also distribute any interest
charges accruing to the freight mobility account to the motor vehicle
fund and the multimodal transportation account. Adjustments for any
indirect cost recoveries may also be made at this time.

NEW SECTION. Sec. 505. If any provision of this act or its
application to any person or circumstance is held invalid, the
remainder of the act or the application of the provision to other
persons or circumstances is not affected.

NEW SECTION. Sec. 506. This act is necessary for the immediate
preservation of the public peace, health, or safety, or support of the
state government and its existing public institutions, and takes effect
immediately.
