### Comments:

2. **State Audit Reduction** - The audit of state government activities consists of periodic compliance audits of state government spending, investigation of improper government actions (whistleblower cases), and audits of Washington State's Comprehensive Annual Financial Report (CAFR) and the Single State Federal audits. Funding for these activities and associated administrative costs are reduced. The Office of the State Auditor must continue to complete the CAFR and the Single State Federal audits. (Auditing Services Revolving Account-State)

3. **Reduce Performance Audit Activity** - Expenditure authority for the Performance Audits of Government Account is reduced to match the current spending plan submitted by the agency. Excess funds are transferred to the State General Fund. (Performance Audits of Government Account-Nonappropriated)

5. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

6. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

**Comments:**

1. **Adjust Federal Forfeiture Funds** - In Fiscal Year 2009, the Gambling Commission received federal seizure funds (which generally must be used by the receiving agency for law enforcement purposes within two or three years). The Commission will use the funds for operating costs including vehicle replacement, equipment, and training. This also will allow for new programs in gambling education and awareness, computer forensics, criminal investigations and intelligence, and law enforcement accreditation. (Federal Seizure Account-Nonappropriated)

2. **Implement SACS Directive** - As part of the Governor's shared service directive, small agencies will use the Office of Financial Management's Small Agency Client Services (SACS) to provide centralized accounting, payroll, and budgeting services.

3. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

### Comments:

1. **Tenant Improvements** - Skilled work units made up of painters, electricians, and carpenters are eliminated. Demand for these services have been steadily decreasing. As a result, this fee for service activity does not raise sufficient revenues to cover the ongoing cost of operations. Remaining units of multi-skilled workers in General Administration will absorb any remaining workload. (General Administration Services Account-Nonappropriated)

2. **Office Facility/Public Historic Bld** - The Department will eliminate multiple staff positions across several lines of business, including gardeners, custodians, asset managers, maintenance staff, and budget and business managers. This will result in less gardening on campus grounds, such as dormant lawns in the summer, no annual plantings and bulb displays, and reduced leaf and snow removal. Financial and physical oversight of facilities is reduced and long-range planning will be suspended. Non-vital repairs and improvements are delayed or eliminated. Purchase of equipment, goods and services are reduced, and 20 agency fleet vehicles are eliminated. Elevator maintenance contracts are eliminated and staff will be hired to assume these tasks at a savings. (General Administration Services Account-State, General Administration Services Account-Nonappropriated)

3. **Visitor Services** - Visitor Services will focus its efforts on coordination of large events and scheduling of school tours. School tours are reduced by one-third during the legislative session, and staffed tours for the general public are replaced by self-guided tours. (General Administration Services Account-State)

* Near General Fund-State = GF-S + ELT
4. **Increased Utility and Fixed Costs** - Funding is provided for campus parking lot utility and fixed price contracts previously subsidized by the General Administration Services Account to the Parking Account. Additionally, expenditure authority is increased to address unanticipated costs associated with a tax assessment by the Department of Revenue that requires the sales tax to be collected on parking fee revenue. (State Vehicle Parking Account-State)

5. **Real Estate Services** - Savings are achieved through staff reductions. These reductions will result in delays to leasing, design modifications, and process improvement efforts. (General Administration Services Account-State)

7. **Off-Campus Facilities** - Savings are achieved through the elimination and consolidation of several supervisory, budget, administrative, and maintenance positions. These reductions will result in less financial and physical facility oversight, short- and long-range planning, and customer service. Additional savings are achieved through debt service refinancing. (General Administration Services Account-Nonappropriated)

8. **Move Food Program to Agriculture #** - The Department of General Administration's Emergency Food Assistance Program is transferred to the Department of Agriculture. The transfer takes effect on July 1, 2010. (General Fund-State, General Fund-Federal)

9. **Facilities Services Accountability** - Funding for facilities services charges, utilities and contracts charges, and public and historic facilities charges is transferred to the General Administration. Performance standards and quality assurance provisions must be established.

10. **Veteran-Owned Businesses** - Funding is provided for Engrossed Senate Bill 5041 (Veteran owned businesses)

11. **Small Business Purchasing** - Funding is provided for Engrossed Second Substitute House Bill 1096 (Small business purchasing).

12. **Transfer State Bldg Code Council** - The State Building Code Council is transferred from the Department of Commerce to the Department of General Administration. (General Fund-Private/local, Building Code Account-State)

14. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

Comments:

1. WIN211 Reductions - Grant funding is reduced for Washington Information Network 211 (WIN211), a private, non-profit organization that provides social service referral services.

2. Network Warfare Squadron Building - Federal expenditure authority and state matching funds are provided for the operation and maintenance of the Network Warfare Squadron building, an Air National Guard facility scheduled to open at McChord Air Force Base in January 2011. (General Fund-State, General Fund-Federal)

3. WYA: Unanticipated Apportionment - The Washington Youth Academy utilized a higher than average number of classroom hours with students. This workload resulted in higher than anticipated student apportionment funding from the Bremerton School District.

4. Public Safety Interoperability Grnt - Expenditure authority is provided to continue projects originally funded with a Public Safety Interoperable Communications grant received in 2007 from the Department of Homeland Security. The grant is to be used to enhance statewide communications infrastructure and address initiatives identified in the Statewide Communications Interoperability Plan. The Military Department will continue to administer the funds for equipment, exercises, training, planning, and grant administration. Ninety-seven percent of these funds are passed through to local jurisdictions with the remaining three percent retained by the Military Department for grant administration and management. (General Fund-Federal)

5. Washington Youth Academy Staffing - Funding is provided for seven new staff at the Academy. These staff will be funded through higher than anticipated student apportionment funding from the Bremerton School District.

* Near General Fund-State = GF-S + ELT
6. State Emergency Readiness - Expenditure authority is provided to continue developing the state's emergency logistics and catastrophic disaster preparedness. A team of planners will address gaps in state and local capabilities and coordinate plans to fill these gaps. The team will also develop plans, exercises, and training modules for statewide emergency logistics and catastrophic incidents. (Military Department Active State Service Account-State)

7. Next Generation 911 Transition - Expenditure authority is provided from the E911 account to continue upgrades to the current 911 telephone system to accommodate Next Generation 911 (NG911). This upgrade will allow the 911 system to accept information from a wide variety of communication devices during emergencies. (Enhanced 911 Account-State, General Fund-Federal)

8. Administrative Savings - Savings are achieved through the elimination of supervisory, administrative and maintenance positions; implementation of early retirement incentives; and consolidation of two Army Guard and Air Guard maintenance programs. Reductions will also be made in travel, training, and purchases of equipment, goods, and services.

10. Health Insurance Increase - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

11. Temporary Layoffs - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. ### Comments:

1. **Board Restructuring Legislation #** - Following an administrative consolidation in 2009, a management study recommended changes to further improve the efficiency of the Growth Management Hearings Boards. Pursuant to Chapter 211, Laws of 2010 (SSB 6214), the number of board members is reduced from nine to seven and the three existing regional boards are merged into a single, statewide board from which regional panels would be drawn. Funding and staff are reduced to reflect the savings associated with implementing the proposed legislation. One-time funding of $19,000 is provided in FY 2010 for board member leave buyout.

2. **Consolidation of GMHB and EHO** - Pursuant to Chapter 210, Laws of 2010 (SHB 2935), the Growth Management Hearings Board and the Environmental Hearings Office will be consolidated into the Environmental and Land Use Hearings Office by July 1, 2011. One-time funding is provided for costs associated with leave buyouts.

3. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

4. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. **Comments:**

1. **Health Information Exchange** - Expenditure authorization for federal funds is provided for the authority to support planning and implementation of a common, shared health information exchange (HIE) in Washington state. The authority will coordinate the necessary governance, policies, technical services, business operations, and financing for the HIE over a four-year performance period. The federal grant of $11.3 million is provided through the Health Information Technology for Economic and Clinical Health provisions of the American Recovery and Reinvestment Act (ARRA). (General Fund-Federal)

2. **Moore, et al. v. HCA** - Additional authority is provided for costs associated with litigation on a class action seeking damages related to health care benefits for part-time employees in state agencies and institutions. (General Fund-State, Basic Health Plan Subscription Account-Nonappropriated)

3. **Health Data Information Tech Trnf** - The Health Care Authority has coordinated the state's efforts to secure American Recovery and Reinvestment Act grants for health information technology. In the 2009-11 operating budget, the Legislature appropriated funds for the activities required to apply for these funds. Most of the funding available will be through the Medicaid program. Funds are transferred to the Department of Social and Health Services to establish a partner organization to maximize the benefit available to the state and its partner providers. These funds will serve as a 10 percent match for federal grant funding.

* Near General Fund-State = GF-S + ELT
4. **Basic Health Program Bridge** - State savings are achieved through a Section 1115 Waiver from the Centers for Medicare and Medicaid Services (CMS) which will allow Basic Health Plan enrollees under 133% of the federal poverty level to be eligible for federal Medicaid matching funds. (General Fund-State, General Fund-Federal)

5. **Maintain Current BHP Enrollment** - The cost of covering an additional 4,000 Basic Health Plan (BHP) enrollees above the 2009-11 enacted budget level of 65,000 is shifted from state to federal funds upon the anticipated approval of a federal CMS Section 1115 waiver. If federal funding is not received then BHP enrollment will be reduced from 69,000 to 65,000 enrollees. (General Fund-State, General Fund-Federal)

6. **Primary Care Pilot Projects** - The Health Care Authority will provide grants to support two pilot projects to provide low-income residents with a full continuum of health care services that combines a primary care medical home with catastrophic insurance coverage. The pilot projects shall be conducted in Spokane and Whatcom counties which shall enroll 500 and 1,000 individuals, respectively. Enrollees shall not be enrolled in the Basic Health Plan, nor eligible for either Medicaid or Medicare.

7. **Accountable Care Projects** - Funding is provided pursuant to Chapter 220, Laws of 2010 (ESSB 6522) which directs the Authority to appoint a lead organization by January 1, 2011 to support at least two accountable care organization pilot projects. The authority will provide oversight to maintain the antitrust exemption under the state action doctrine.

11. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

12. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

**Comments:**

2. Fiscal Year Adjustment - Due to a rising caseload and a smaller allocation of federal funds, the Crime Victims Compensation Program is projected to be overspent in FY 2010. The program is authorized to shift General Fund-State funds from FY 2011 to FY 2010. This is a net zero impact to the general fund.

3. Reduc to Contractor Compliance Pgm - Savings are achieved by eliminating inspector positions in the construction compliance program.

4. Boiler Inspection Program Costs - Funding is provided to cover basic program operating expenses. These expenses include travel for inspectors and advisory board members, the annual purchase of revised national code manuals, mobile computing equipment, inspector training on industry standards, and consumer education and outreach materials. (Pressure Systems Safety Account-State)
6. **Crime Victim Mental Health Services** - Funding is provided for mental health services for Crime Victims' Compensation Program clients who have an established relationship with a mental health provider and subsequently obtain coverage under other government health care programs. This funding provides continuity of care when such mental health services are not covered by the client's other government health care coverage. (General Fund-State)

7. **Crime Victim Benefits** - Funding is provided to pay for services to certain crime victims in excess of current statutory caps. Benefits will be temporarily paid for claimants who were determined eligible for and who were receiving crime victims' compensation benefits because they were determined to be permanently and totally disabled prior to April 1, 2010. The Department shall assist these claimants in identifying and applying for appropriate alternative benefit programs.

9. **Convert to New Federal Medical Code** - Funding is provided to modify information technology systems. Funds will be used to bring systems into conformity with new Version 10 of the International Classification of Diseases. These classifications are used for electronic billing or other data transactions. (Accident Account-State, Medical Aid Account-State)

10. **Prevailing Wage Backlog** - Funding is provided for two permanent employees to process certified payroll requests and review of Statement of Intents to Pay Prevailing Wages and Affidavit of Wages Paid filed by contractors under the Public Works Act. (Public Works Account-State)

11. **Crime Victims Caseload Adjustments** - Funding is provided to cover an increase in claims for crime victims' compensation benefits.

12. **Crime Victims Compensation Changes** - Savings are achieved through reductions in the statutory benefit levels for Crime Victims' Compensation claimants pursuant to Chapter 122, Laws of 2010 (ESSB 6504). The Crime Victims Compensation program was projecting a deficit that would have limited the department's ability to serve new clients.

13. **CVC Medical Rates** - Savings are achieved by reducing provider reimbursement rates to Medicaid levels for mental health and dental services.

14. **Farm Internship Program** - Funding is provided to implement Chapter 160, Laws of 2010 (SSB 6349), which creates a farm internship pilot project.

16. **Off-Site Prefabricated Items** - Funding is provided to implement Chapter 276, Laws of 2010 (EHB 2805), which requires contractors and subcontractors on public works projects estimated to cost over $1 million to submit information about certain off-site prefabricated items produced outside Washington to the Department of Labor and Industries as a part of the Affidavit of Wages Paid form. (Public Works Administration-State)

18. **Underground Economy** - Funding is provided for Chapter 22, Laws of 2010 (SHB 2789). This bill authorizes issuance of third-party subpoenas for purposes of agency investigations. (Accident Account-State, Medical Aid Account-State)

19. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

20. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. **Comments:**

2. **Peninsula College Contract** - DOC will reduce the contract with Peninsula College for staff training curriculum development. The remainder of the contract with Peninsula College, in the amount of $1.2 million per biennium, is maintained.

3. **Administrative Staff Reductions** - Funding is reduced to reflect savings related to reductions in administrative staff due to reduced prison population and community supervision caseload.

4. **Eliminate Purchasing Fees** - The Department will contract for medical supplies and uniforms so that administrative purchasing fees paid to the Department of General Administration will no longer need to be paid.

5. **Minimum Camp Capacity Reduction** - DOC will reduce operating capacity at the Cedar Creek Corrections Center from 500 to 480 offenders in order to achieve staff efficiencies and savings. Twenty offenders will be transferred to another minimum security facility.

7. **Reduce Work Release Capacity** - Funding was received to finance the acquisition and construction of additional work release capacity. This funding is reduced as additional work release capacity is not needed this biennium.

9. **Parent Sentencing Alternative #** - Savings are assumed in SSB 6639 (confinement alternatives). The bill authorizes treatment and supervision for nonviolent offenders with minor children. The expected result is an average daily population reduction of 82 offenders. This reduction would allow DOC to close a prison unit at a women's facility. There are increased community supervision costs for the agency because of supplemental services that will be provided to offenders in lieu of a prison sentence.

11. **Open Coyote Ridge Medium Units** - The final recommendations of the facilities closure study directed by section 130 of the the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. As part of the proposal, the Department of Corrections will open units to maximize the capacity of Coyote Ridge Corrections Center in Connell.

12. **Close Pine Lodge Corrections Center** - The final recommendations of the facilities closure study directed in the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. Funding is reduced to reflect closure of the Pine Lodge Corrections Center for Women in Medical Lake.

13. **Open Mission Creek Unit** - The final recommendations of the facilities closure study directed in the the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. Funding is provided to open a unit at the Mission Creek Corrections Center for Women in Belfair.

14. **Close Ahtanum View Corrections Ctr** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. As part of the proposal, the Department of Corrections will close the Ahtanum View Corrections Center in Yakima.

15. **Restore Facility Closure Reduction** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. The 2009-11 budget for the Department of Corrections included a reduction of $12 million for FY 2011 based on anticipated savings from implementation of a closure plan. Funding for this unspecified reduction is restored.

17. **Larch Corrections Center** - The final recommendations of the facilities closure study directed in the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. Funding is reduced to closure of one unit at the Larch Corrections Center in Yacolt.

19. **McNeil Island CC** - The final recommendations of the facilities closure study directed in the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. Funding is reduced to reflect the conversion of McNeil Island Corrections Center into a minimum security facility and will reduce the inmate population from 1,249 to 256 in the 2009-11 biennium. (General Fund-State, State Efficiency and Restructuring Account-State)

24. **Neighborhood Partnership Officers** - Funding is provided for community corrections officers to work in partnership with local law enforcement officers to improve public safety and offender accountability.

25. **Youthful Offenders from JRA** - Juveniles who are scheduled to finish their sentence in a Department of Corrections (DOC) facility are transferred from the Juvenile Rehabilitation Administration to DOC at the age of 18.

31. **Dept of Labor Settlement** - Funding is provided to implement the settlement of the lawsuit, Hilda Solis, Secretary of Labor, United State Department of Labor v. State of Washington, Department of Corrections, United States District Court, Western District of Washington, Cause No. C08-cv-05362-RJB.

32. **Closure Health Services Adjustment** - Funding is provided for health services costs at Monroe Correctional Complex and the Washington State Penitentiary associated with facility closure and consolidation.

34. **L & I Rate Changes for Institutions** - Agencies are required to find sufficient efficiencies in their operations to cover any increased worker's compensation costs needed to allow them to perform their mission.

35. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

Comments:

2. Administrative and Staff Reductions - Funding is reduced to reflect savings from the elimination of 20 FTEs from the DSHS Children's Administration. Filled case-carrying staff positions are not eliminated. (General Fund-State, General Fund-Federal)

3. Stimulus FMAP Extension - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI-E federal match. (General Fund-State, General Fund-Federal)

4. Parent Sentencing Alternative - Funding is reduced in the Department of Corrections (DOC) to reflect the creation of alternatives to incarceration for nonviolent offenders with minor children pursuant to Chapter 224, Laws of 2010 (confinement alternatives). These savings result from a reduction in the average daily population of 82 offenders, allowing the Department of Corrections to close a prison unit at a women's facility. Funding is provided to the Department of Corrections for community supervision because supplemental services will be provided to offenders in lieu of prison sentences. Funding is provided to the Health and Recovery Services Administration for medical assistance for these offenders and to the Children's Administration for the costs of providing reports to courts on offenders that are under consideration for the sentencing alternative. (General Fund-State, General Fund-Federal)

6. Evaluations and Treatment - Funding for neuropsychological testing and neuro-behavioral examinations for adults and children is reduced by 10 percent. Ongoing counseling, case consultation, and family or group treatment services remain available.

7. Ancillary and Child Services - Funding is reduced by 10 percent to reflect savings achieved through efficiency measures adopted by the Department. These funds are utilized to cover miscellaneous expenses for those families involved with children and family services.

8. Assessment Programs - Funding for the Intensive Foster Care Assessment Program (FCAP) and the Safety Assessment Programs is combined and reduced by 5 percent. The Department will redesign the program to administer the funding more flexibly and maintain the availability of the assessment programs. (General Fund-State, General Fund-Federal)

9. Administrative Streamlining - Savings are achieved by streamlining administrative functions across the Department of Social and Health Services. (General Fund-State, General Fund-Federal)

11. Medicaid Treatment Child Care - Funding is reduced by 2.5 percent for Medicaid Treatment Child Care (MTCC). MTCC provides intensive child development services to young children. Savings are achieved through a second review of the medical need for psychosocial services. (General Fund-State, General Fund-Federal)

13. Crisis Family Intervention - Funding is reduced by 12.5 percent for the Crisis Family Intervention (CFI) services. These contracted services are provided to youth 12 to 17 years of age and their families to address a conflict.

15. Hope Centers - Funding is provided for these beds from the Home Security Fund rather than General Fund-State. (Home Security Fund Account-State, General Fund-State)

* Near General Fund-State = GF-S + ELT
16. **Child Care for CPS Clients** - Funding to assist parents with child care in an effort to maintain the child in the home is reduced by 3 percent.

17. **Educational Advocacy Coordinators** - Funding is reduced for the educational advocacy coordinator program, which provides educational support services to children in out-of-home placements. The Department will obtain 33 percent of the funding through private/local resources.

21. **Planning Policy Development** - Savings will be achieved through a reduction of two FTE staff associated with non-essential business functions. (General Fund-State, General Fund-Federal)

22. **Street Youth Program** - Funding for the Street Youth Program is moved from the Home Security Fund to the General Fund-State. (Home Security Fund Account-State, General Fund-State)

23. **Adoption Maintenance** - Savings are achieved through setting a maximum adoption payment standard of 90 percent of the foster care maintenance payment in the same time period for future adoptions. Federal law requires that adoptive parents may not receive a monthly payment higher than what the child would have received in foster care for the same time period. Adoptive parents may also receive up to a $10,000 tax credit for the adoption of a child. The item does not reduce current adoption assistance agreements. (General Fund-State, General Fund-Federal)

24. **Alternative Response** - Funding is reduced by 12.5 percent for the Alternative Response System (ARS). The ARS is used to provide contracted services to families whose referrals to Child Protective Services are determined to be low risk or moderately low risk of intake following an investigation. (General Fund-State, General Fund-Federal)

25. **One-Time Underexpenditure** - Savings are achieved through under expenditures in the Behavioral Rehabilitative Services (BRS) program. The Department will continue to focus on decreasing the length of stay and moving children to a less restrictive setting. (General Fund-State, General Fund-Federal)

28. **Foster Care Recruitment** - Funding is reduced for foster care recruitment to reflect the use of informal networks of community-based outreach and recruitment, including former or current foster parents and local community organizations. (General Fund-State, General Fund-Federal)

30. **Pediatric Interim Care** - Funding for the Pediatric Interim Care (PIC) center beds is reduced from 17 beds to 13 beds to reflect utilization. PIC services are provided to medically fragile drug-impacted infants.

31. **SSI Reimbursements** - Funding is provided for additional SSI facilitators to move children in foster care from a state-only foster care payment or a state and federal foster care payment to a Supplemental Security Income payment. (General Fund-State, General Fund-Federal)

32. **Supervised Visits** - Funding is reduced for supervised visits. The Department will revise supervised visit contracts and reimbursements to achieve savings. (General Fund-State, General Fund-Federal)

35. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

36. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

### Comments:

**2. Reinstate Closure Funding** - The 2009-11 Budget included a study to develop a plan to close 235 beds in juvenile institutions and reduced funding for the Juvenile Rehabilitation Administration by $12 million in FY 2011. Because the budget assumes closure of Maple Lane School by June 30, 2013 and makes other capacity and institutional staff reductions the unspecified reduction is restored.

**7. Youthful Offenders to Corrections** - Juveniles who are scheduled to finish their sentences in a Department of Corrections (DOC) facility are transferred from the Juvenile Rehabilitation Administration to DOC at the age of 18. These transfers will reduce the annual average daily population by 13. A proviso requires JRA to evaluate offenders prior to transfer to determine the offender's physical and emotional suitability for transfer.

**8. Reduce Institution Staffing** - The number of administrative staff at the institutions is reduced.

**10. Juvenile Court Reduction** - County pass-through funding for juvenile courts is reduced by ten percent, effective April 1, 2010. The reduction is in non-evidence based, non-sex offender disposition alternative funding.
11. JRA Administrative Staff Reduction - Funding for JRA regional and headquarters staffing is reduced.

12. Close Maple Lane School - Funding from the State Efficiency and Reorganization Account is provided and savings are assumed for the closure of Maple Lane School by June 30, 2013. Phased reduction and reallocation of capacity from MLS as follows (amount remaining from full funding and capacity): 70% in FY 2011, 40% in FY 2012 and 20% in FY 2013. The capital budget provides $760,000 in state bonds and $15.8 million in certificate of participation authority for renovation and construction of specialized housing and treatment facilities, to be paid with the savings associated with closure of the Maple Lane School. (General Fund-State, State Efficiency and Restructuring Account--State)

14. L&I Rate Changes for Institutions - Agencies are required to find sufficient efficiencies in their operations to cover any increased worker's compensation costs needed to allow them to perform their mission.

15. Health Insurance Increase - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

16. Temporary Layoffs - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. Comments:

2. **Staff Reduction Direct Care-Vacant** - Savings are achieved by eliminating 7.0 vacant direct care positions.

3. **Inst Staff Admin & Indirect Care** - Savings are achieved by eliminating indirect care and administrative positions at the state psychiatric hospitals.

4. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

6. **Implement New Medicaid Rates** - The Department of Social and Health Services has completed a federally-required "rebasing" and actuarial re-certification of the managed care rates that are paid to Regional Support Networks (RSNs) for delivery of Medicaid mental health services. Sufficient state and federal funds are provided to set rates at a level equivalent to (1) the RSN's current state and federal rates; (2) at the lower end of the RSN's new actuarially-sound rate range, if that is higher than the RSN's current rate level; or (3) at the top of the RSN's new federally-allowable rate range, if that is less than the RSN's current rate. This is expected to result in higher state and federal payment levels in two RSN areas; in no change in the total funding available in nine others; and in reductions of 7-13% in two quite sparsely populated regions. (General Fund-State, General Fund-Federal)

8. **RSN Technical Assistance** - Funding is provided for consultation and technical assistance on methods for effectively delivering mental health services in very sparsely populated Regional Support Network (RSN) areas, such as the Chelan-Douglas and North Central RSNs.

9. **Administrative Streamlining** - Additional staffing reductions are achieved through efficiencies in the executive workforce.

14. **RSN Local Match** - Appropriation authority is provided so that Regional Support Networks may provide additional Medicaid services with a combination of local and federal funds. (General Fund-Federal, General Fund-Private/Local)

15. **Community Detention Capacity** - Funds are provided for the Washington State Institute for Public Policy to research cost-effective strategies for achieving the increased community detention and treatment capacity associated with implementation of sections 2 and 3 of Chapter 280, Laws of 2010 (involuntary treatment act).

16. **Involuntary Treatment Assessments** - As required by Chapter 280, Laws of 2010 (involuntary treatment assessment), funds are provided for the Washington State Institute for Public Policy to identify research-based tools that might be used to more objectively and consistently determine when a person poses so significant a danger to themselves or others by reason of a mental condition as to require involuntary mental health treatment.

20. **Psychiatric Security Review Panel** - Funds are provided for implementation of Chapter 263, Laws of 2010 (persons not guilty by reason of insanity), which establishes a new independent panel to review and provide recommendations to the court on all applications for release of persons who have been judged not guilty by reason of insanity.

21. **Medicaid Match on PACT** - Program for Assertive Community Treatment (PACT) teams provide evidence-based, intensive, and multi-disciplinary community mental health services to individuals at demonstrated risk of repeated and long-term psychiatric hospitalization. The department will implement strategies by January 2011 to incorporate most of the services provided into Medicaid managed care rates, while maintaining service quality and consistency with evidence-based practice. (General Fund-State, General Fund-Federal)

22. **Hospital Safety Net Assessment** - Funding is provided to cover the cost of the psychiatric hospital rate increases required by Substitute House Bill 2956 (hospital safety net assessment). (General Fund-State, General Fund-Federal, Hospital Safety Net Assessment Fund)

24. **L&I Rate Changes for Institutions** - Agencies are required to find sufficient efficiencies in their operations to cover increased worker's compensation costs.

25. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

8. **Waiver Graduate Employment Services** - Funding is provided for supported employment and day service for approximately 343 graduating high school or transition students. These students are currently on a Home and Community Based Services Waiver and supported employment and day services are a component of the waiver. Funding was not included for these waiver clients in the 2009-11 Biennial Budget. (General Fund-State, General Fund-Federal)

9. **DD Community Protection Residential** - Residential services, employment services, specialized therapies, and intensive case management and supports are provided for 13 additional new clients who pose a public safety risk. (General Fund-State, General Fund-Federal)

10. **DD Expanded Community Residential** - Residential services and support will be provided for 24 people with developmental disabilities that will be aging out of other DSHS services such as the Juvenile Rehabilitation Administration and Children's Administration without other living arrangements available. (General Fund-State, General Fund-Federal)

11. **Adjust Res Rate for Licens Fee Incr** - Boarding home Medicaid rates for publicly-funded beds are increased by approximately $0.07 per patient day to cover costs associated with higher licensing fees that will begin July 1, 2010. (General Fund Federal, Private-Local)

12. **Reduce Agency Admin Rate** - The administrative portion of the hourly vendor rate paid to agency providers of in-home care is reduced by 2.5 percent. (General Fund-State, General Fund-Federal)

13. **Eliminate Hours Add-On** - Authorized in-home personal care hours for clients who receive the highest possible authorization of hours for special meal preparation or incontinence despite having assistance available from family or friends are reduced. Authorization for service hours will now, like other services, be based upon the individual's assessed needs. Approximately 1,400 Division of Developmental Disabilities clients will have a reduction in service hours. (General Fund-State, General Fund-Federal)

* Near General Fund-State = GF-S + ELT
19. **DD Revised Residential Phase-In** - Funding is provided to cover additional costs associated with an adjustment to the phase-in schedule for individuals entering the Expanded Community Services and Public Safety programs. These funds will be used to provide residential services for individuals released from mental hospitals, correctional facilities, or aging out of other Department of Social and Health Services programs this year who do not have alternative living arrangements. (General Fund-State, General Fund-Federal)

23. **Community Direct Support** - Provides $100,000 General Fund-State for direct support to families of individuals with developmental disabilities and also provides $100,000 General Fund-State support for direct support of local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

24. **MPC Restoration** - Additional funding is provided for restoration of the Medicaid Personal Care hours reduction in the 2009-11 Biennial Appropriations Act. (General Fund-State, General Fund-Federal)

25. **Technical Adjustment** - A technical adjustment is made transferring $30,000 from Special Projects to Program Support. (General Fund-State)

28. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

29. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

Comments:

1. **Administrative and Staff Reductions** - Long Term Care will reduce their administration by approximately 1.0 FTEs to support DSHS streamlining. The reduction must not be taken from ADSA's Decision Support and Data Analysis team.

2. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

3. **Administrative Streamlining** - The agency will reduce its executive workforce. (General Fund-State, General Fund-Federal)

5. **Traumatic Brain Injury** - Funding is provided for the purpose of expanding Traumatic Brain Injury (TBI) services as recommended by the TBI Council. Funding will be used to expand support group services with an emphasis on persons returning from active military duty with TBI and their families. The TBI Council will also work to establish training and outreach for first responders and medical emergency staff, to improve awareness of health insurance coverage options, to promote best practices in private health insurance, and to secure additional federal and private funding to develop housing specifically for individuals with traumatic brain injuries.

6. **TBI Transfer** - The unspent balance in the Traumatic Brain Injury (TBI) fund is used to offset costs for long term care clients such as increases in mandatory caseloads. As of September 2009, long term care was serving 2,092 clients in the home and community based system and 136 clients in the nursing home system with some level of TBI. (General Fund-State, Traumatic Brain Injury Account)

8. **ProviderOne Implementation** - Two temporary FTEs and associated funding are required to develop and implement an automated interface between the Department's ProviderOne payment system and the Aging and Disability Services Administration's Case Management Information System. (General Fund-State, General Fund-Federal)

12. **Adult Day Health - TRO** - The 2009 Legislature eliminated adult day health services for clients living in residential settings in the 2009-11 biennial budget; however, the savings have not been realized due to a lawsuit. A court decision in Ryan v. Dreyfus blocked the 2009-11 decision to only offer adult day health services to in-home clients. All clients who were previously denied services were reinstated by December 2009. (General Fund-State, General Fund-Federal)

13. **Increase Residential License Fees #** - Beginning July 1, 2010, license fees for Boarding Homes (BH) are increased from $79 to $106 per bed to cover the cost of providing licensure, regulatory, and re-inspection services that the agency is required by law to provide. BHs that serve Medicaid eligible clients will receive additional funding in their Medicaid rates to cover the increased costs for licensing and regulating publicly-funded beds. (General Fund-State, General Fund-Federal, Private-Local)

14. **Adjust Res Rate for Licens Fee Incr** - Boarding home Medicaid rates for publicly-funded beds are increased by approximately $0.07 per patient day to cover costs associated with higher licensing fees that will begin July 1, 2010. (General Fund Federal, Private-Local)

* Near General Fund-State = GF-S + ELT
15. Increase Nursing Home License Fees - Beginning July 1, 2010, license fees for Nursing Homes (NH) are increased from $275 to $327 per bed to cover the cost of providing licensure, regulatory, and re-inspection services that the agency is required by law to provide. NHs that serve Medicaid-eligible clients will receive additional funding in their Medicaid rates to cover the increased costs for licensing publicly-funded beds. (General Fund-State, General Fund-Federal, Private-Local)

16. Adjust NH Rate for License Fee Incr - Nursing home Medicaid rates for publicly-funded beds are increased by approximately $0.14 per patient day to cover costs associated with higher licensing fees that will begin July 1, 2010. (General Fund Federal, Private-Local)

17. Reduce Agency Admin Rate - The administrative portion of the hourly vendor rate paid to agency providers of in-home care is reduced by 2.5 percent. (General Fund-State, General Fund-Federal)

18. Eliminate Hours Add-On - Authorization for in-home service hours allowed for special meal preparation or incontinence will be based upon individual assessments of a client's needs like the authorization for other long-term care services. Previously, clients were authorized the maximum number of hours available for these two services regardless of acuity levels, individual needs, and the level of available assistance from family or friends. Approximately 8,100 Long Term Care clients will receive a reduction in authorized service hours. The average reduction is 8.4 hours. Clients whose individual assessments indicate a continued need for the maximum number of hours will continue to be authorized for those service hours. (General Fund-State, General Fund-Federal)

19. NH Rates Retention Incentive - Effective July 1, 2010, and thereafter, a retention incentive is created. The total nursing home rate is reduced by 1 percent for those facilities with direct care staff turnover above 75 percent as reported for all facilities on the relevant annual cost reports submitted to the Department. Effective July 1, 2010, and thereafter, the retention incentive funding that is returned to the state will be redistributed as a supplemental performance payment for the facilities that keep their direct care staff turnover at or below the 75 percent direct care staff turnover. One-time funding in FY 2010 is for the purpose of contracting with a consultant to review and evaluate pay-for-performance subsidy options and to develop recommendation in a report to the legislature. (General Fund-State, General Fund-Federal)

20. NH Rates Freeze Capital Growth - New capital projects are put on hold and the allowance for growth of less than 2 percent per year in the property and financing allowance is frozen. (General Fund-State, General Fund-Federal)

21. NH Rates Eliminate Bed Banking - Approximately 20 nursing facilities will no longer be able to reduce the effects of minimum occupancy through bed banking (temporarily reducing the number of patient beds for which they are licensed). These facilities will need to decide whether to renew the Medicaid licensing on these beds, sell them, or relinquish them. (General Fund-State, General Fund-Federal)

22. NH Rates Eliminate Variable Return - The variable return component of the nursing home payment system is eliminated. Variable Return was intended to reward facilities with the lowest costs by providing them flexible funding. It was calculated by ranking all facilities from highest to lowest based on their adjusted costs (lids excluded). The highest dollar amounts were paid to the facilities with the lowest cost regardless of the individual facility's level of efficiency or quality of care. (General Fund-State, General Fund-Federal)

23. NH Rates Increase Minimum Occupancy - Minimum occupancy in the operating, finance, and property components of the nursing home payment system is raised from 90 percent to 95 percent for large non-essential community provider nursing facilities. Nursing facilities will be required to maintain occupancy for at least 95 percent of their licensed Medicaid beds. Per 74.46 RCW, if a facility does not maintain the minimum level of occupancy, they are charged a penalty. Nursing homes with 60 or fewer beds (small non-essential community providers) will continue to be held at 90 percent occupancy. Essential community providers will continue to be held at 85 percent occupancy. (General Fund-State, General Fund-Federal)

24. NH Rates Case Mix Adjustments - The average level of case mix for Medicaid clients in Washington will be adjusted once every 6 months rather than on a quarterly basis. The facility's average case mix index will continue to get updated when rates are re-based. (General Fund-State, General Fund-Federal)

* Near General Fund-State = GF-S + ELT
25. **NH Rates Finance Allowance** - The allowable return on investment in the Finance Allowance component is reduced from 8.5 percent to 4.0 percent on the net book value of a facility's assets acquired on or after May 17, 1999 (tangible fixed assets such as leases and allowable land costs). The percentage of return on investment is set by the state and is adjusted to reflect lowering interest rates for commercial health industry loans. Allowable depreciation rates on fixed assets are 15 years for movable equipment, 5-10 years for shorter term equipment such as vehicles, and 40 years on fixed assets such as buildings. (General Fund-State, General Fund-Federal)

26. **WHCA v Dreyfus** - The 2009 Legislature reduced the Medicaid payment rates for Nursing Homes (NH) by 4 percent from the FY 2009 funded levels. A court decision in Washington Health Care Association v. Dreyfus blocked the implementation of this rate reduction. (General Fund-State, General Fund-Federal)

27. **NH Rates Add-On Adjustment** - Eliminates a .06 percent add-on established in 2001, by the legislature to "increase the median price per case-mix unit." Since that time, a regular rebase has been enacted in statute which takes into account actual changes in case mix, the costs therein, and makes funding adjustments accordingly. (General Fund-State, General Fund-Federal)

28. **NH Exceptional Care TBI Rate** - Funding is provided for an exceptional rate add-on for facilities serving a high concentration of traumatic brain injury residents and that also have a high percentage Medicaid census. (General Fund-State, General Fund-Federal)

31. **Adult Day Health - Partial Restore** - Funding is provided for additional enrollment in the Adult Day Health (ADH) program. The total number of persons to be served by ADH will be maintained at approximately 1,575 clients. (General Fund-State, General Fund-Federal)

32. **MPC Restoration** - Additional funding is provided for restoration of the Medicaid Personal Care hours reduction in the 2009-11 Biennial Appropriations Act. (General Fund-State, General Fund-Federal)

33. **Individual Provider Registry** - Funding is provided for the department to contract for the provision of an individual provider registry. (General Fund-State)

34. **Adult Day Health - Revised Savings** - A court decision blocked the 2009-11 decision to only offer Adult Day Health services to in-home clients, resulting in lower savings than were assumed in the biennial budget. All clients who were previously denied services will be offered reinstatement by December. The program will move to a 1915(i) Medicaid state plan option as of January 1, 2010 and enrollment will be capped. (General Fund-State, General Fund-Federal)

35. ** Expedite Nursing Home Discharges** - The savings assumed in Chapter 3, Laws of 2010, for providing additional nursing home discharge staff to help an additional 700 Medicaid nursing home residents move to community care residential settings when they are ready is adjusted. (General Fund-State, General Fund-Federal)

36. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

37. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

Difference from Original Appropriations: -53,597

* Near General Fund-State = GF-S + ELT
**Comments:**

1. **Administrative and Staff Reductions** - Funding for administrative costs within the Economic Services Administration (ESA) is reduced. This reduction will result in consolidation of some office functions. (General Fund-State, General Fund-Federal)

2. **Reduction of Mandatory Workload** - Funding that was added in maintenance level for caseload growth is eliminated. The item does not eliminate current staff. (General Fund-State, General Fund-Federal)

3. **Career Services for Non-WorkFirst** - Savings are assumed through elimination of career services provided to non-WorkFirst food stamp recipients. Funding had been provided for up to 600 cases per month at $500 per case that were receiving food stamps, but who were not on the Temporary Assistance to Needy Families (TANF) caseload.

4. **Non-Compliance Sanction** - Savings are assumed through a two-month reduction in sanction periods. Currently, if a family on WorkFirst/TANF does not comply with program requirements, they are placed on sanction status for six months and receive a reduced cash grant. The six-month time sanction period is reduced to four months.

5. **Sanction Cure Period** - If a client leaves or is removed from the WorkFirst/TANF program, and re-applies within six months, they are required to participate in and comply with program requirements for four weeks (a "cure period") prior to receiving a cash grant. If a client returns after six months, there is no cure period required to receive their grant. This item extends the cure period to all families returning to WorkFirst after being sanctioned, regardless of the length of time they have been off the program.

6. **Suspend Community Works Programs** - Funding for all Community Works programs within the WorkFirst program, except for Community Jobs, is suspended for FY 2011.

7. **Single Parent Participation** - This item reduces demand for the Working Connections Child Care program by allowing single parents with children under the age of six to meet federal participation requirements of 20 hours per week, rather than the state requirement of 32 hours per week.

10. **Refugee Assistance** - Funding is provided for the Department of Social and Health Services to award grants to small mutual assistance or small community-based organizations in FY 2011 to provide transitional assistance, language skills, and other resources to improve refugees' economic self-sufficiency.

12. **Limited English Proficiency** - Additional funding is provided in FY 2010 to the Economic Services Administration for Limited English Proficiency (LEP) programs.

13. **Planning & Policy Development** - Savings are achieved through a reduction of three FTE staff associated with non-essential business functions. (General Fund-State, General Fund-Federal)

14. **Administrative Streamlining** - Additional staffing reductions are achieved through efficiencies in the executive workforce. (General Fund-State, General Fund-Federal)

16. **Redistribution of Fed Tax Intercept** - Savings are achieved by suspending the redistribution of Internal Revenue Service (IRS) refund payments. The federal Deficit Reduction Act allows states to pay support collected through the federal tax offset procedure to former TANF families before repaying the state debt. Effective October 1, 2008, IRS collections began to be distributed to families first, whether on TANF or not. The redistribution of federal refund payments to former TANF families before repaying the state debt is suspended. (General Fund-State, General Fund-Federal)

17. **Transfer OFR to Div Child Support** - The Office of Financial Recovery is transferred from the Department of Social and Health Services Administration and Support Services to the Division of Child Support within the Economic Services Administration. No savings is assumed through this transfer. (General Fund-State, General Fund-Federal, General Fund-Private/Local).

* Near General Fund-State = GF-S + ELT
18. Basic Food Stimulus Funds - As part of the federal FY 2011 federal defense appropriations, the state is expected to receive $10.9 million in additional food stamp administration funding. These funds do not have matching requirements. (General Fund-State, General Fund-Federal)

19. Federal Food Stamp Admin - Savings are assumed through a reduction in administrative expenditures related to the processing of basic food benefits.

20. Child Care Policy and Eligibility - The Working Connections Child Care policy functions are transferred from the Department of Early Learning to the Department of Social and Health Services in order to consolidate policy functions with eligibility determinations. This is to be done through a Memorandum of Agreement between the agencies. Savings are realized from eliminating duplicate policy functions in both agencies. (General Fund-State, General Fund-Federal)

23. Mobile Community Service - The Department has received a Gates Foundation grant to purchase a mobile Community Service Office. The vehicle will be used to increase outreach and food stamp participation by providing service to areas that are not near a Community Service Office. The mobile unit will also be used in emergency situations such as natural disasters. (General Fund-Local)

24. Reduce Job Search - Funding for the WorkFirst job search activities is reduced to reflect increased federal funding at WorkSource offices and aligning Washington's job search policy with the more lenient federal rules.

25. Security Lifeline Act - Funding and staff are provided to implement Chapter 8, Laws of 2010, 1st sp.s., partial veto (ESSHB 2782). The Department of Social and Health Services will sponsor the planning process for creating a user-friendly electronic Opportunity Portal to allow Washington residents to access a broad array of benefits. The Department will expand the Food Stamp Employment and Training program to three community colleges, subject to federal approval. The Department will, through performance-based contracts, expedite the transition of individuals that are likely to be eligible for federal benefits to the Disability Lifeline Expedited Program. Caseloads are expected to decrease because an individual cannot continue to receive Disability Lifeline benefits if he or she refuses, without good cause, to participate in needed chemical dependency treatment. This legislation specifies that lifetime benefits will be capped at 24 months in a 60 month period, from September 1, 2010, to June 30, 2013. Savings in this item assume elimination of the Administrative Review Team (ART) process. The ART teams review client cases that have not been approved for assistance through the standard process, and are the last opportunity for a client to receive benefits.

26. Maintain TANF Program - State and federal funding is provided to maintain TANF services through January 2011. The funding assumes no other expenditure reductions other than those in the budget will occur as a result of the new funding. The federal funding assumes passage of pending federal legislation that would allocate additional emergency TANF funds in FY 2011. The Department of Social and Health Services estimates the state could receive $62 million in state FY 2011.

30. Health Insurance Increase - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

31. Temporary Layoffs - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

### Comments:

2. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI-E federal match. (General Fund-State, General Fund-Federal)

3. **Reduce County Administration Costs** - State support for county administration expenses is reduced from ten percent to eight percent per year. (General Fund-State)

4. **Agency Staff Reductions** - Administrative staff is reduced by five FTEs. (General Fund-State, General Fund-Federal)

5. **Reduce K-12 Prevention Funding** - The Office of the Superintendent of Public Instruction (OSPI) receives $970,000 in state funding each year for administrative costs and chemical dependency prevention grants for schools. This funding is eliminated. OSPI will continue to receive $4 million in federal funding for chemical dependency prevention grants. (General Fund-State)

6. **Transfer Juvenile Drug Courts** - Funding for juvenile drug courts is transferred from the Department of Commerce to the Division of Alcohol and Substance Abuse. This program improves the capacity of juvenile drug courts statewide. (General Fund-State)

9. **Substance Abuse Treatment #** - Funding for the Residential Substance Abuse Treatment Program is transferred from the Department of Commerce to the Department of Social and Health Services. The program helps state and local correctional facilities implement substance abuse programs for prisoners that are incarcerated for long periods. (General Fund-Federal)

10. **Security Lifeline Act** - Funding is provided to implement Chapter 8, Laws of 2010, 1st sp. s. (E2SHB 2782). An individual cannot continue to receive Lifeline benefits if he or she refuses without good cause to participate in needed chemical dependency treatment. The Department of Social and Health Services will give high priority for drug or alcohol treatment to Lifeline clients that require treatment to improve their health to transition to employment or federal benefits, but pregnant women and parents will be given first priority. Funding is provided for treatment of those Lifeline clients.

12. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

Comments:

1. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI-E federal match. (General Fund-State, General Fund-Federal)

2. **Parent Sentencing Alternative** - Funding is reduced in the Department of Corrections (DOC) to reflect the creation of alternatives to incarceration for nonviolent offenders with minor children pursuant to Substitute Senate Bill 6639 (confinement alternatives). These savings result from a reduction in the average daily population of 82 offenders, allowing the Department of Corrections to close a prison unit at a women's facility. Funding is provided to the Department of Corrections for community supervision because supplemental services will be provided to offenders in lieu of prison sentences. Funding is provided to the Health and Recovery Services Administration for medical assistance for these offenders and to the Children's Administration for the costs of providing reports to courts on offenders that are under consideration for the sentencing alternative. (General Fund-State, General Fund-Federal)

7. **Medicare Part D Stimulus FMAP** - The 2009-11 enacted budget assumed $85 million in state savings from reduced Medicare Part D "clawback" payments for prescription drugs as a result of the ARRA enhanced federal match provisions, which did not list these payments in the list of items exempt from enhanced federal match. The Centers for Medicare and Medicaid Services (CMS) issued a guidance stating that Medicare Part D clawback payments were not eligible for enhanced FMAP. In order to comply with CMS guidance, the 2010 Supplemental budget assumes an increase in clawback payments at the maintenance level. The US Department of Health and Human Services released notice on February 18th, 2010 that these payments are eligible for the enhanced FMAP, which reverses CMS's previous guidance and yields $89 million in state savings. These savings will be realized through deductions to the amount states owe prospectively on clawback payments.

8. **Administrative Streamlining** - The Department of Social and Health Services will reduce its executive workforce. (General Fund-State, General Fund-Federal)

11. **Decision Support & Data Analysis** - Seven FTEs that provide decision support and data analysis functions are eliminated across the Department of Social and Health Services. (General Fund-State, General Fund-Federal)

12. **Forecast Variance Adjustment** - Funding is reduced based on recent data showing that caseload levels are trending lower than the Caseload Forecast Council February 2010 forecast. (General Fund-State, General Fund-Federal)

13. **CHIPRA Bonus Payment** - The Centers for Medicare and Medicaid Services will provide a one-time performance bonus payment for federal FY 2009 under the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA). (General Fund-State, General Fund-Federal)

* Near General Fund-State = GF-S + ELT
16. **ProviderOne Implementation** - Funding is provided for the continued implementation of ProviderOne, the system scheduled to replace the Medicaid Management Information System (MMIS) as the Department’s primary payment system. When fully operational, the system will pay more than 100,000 providers, support the delivery of services to more than one million clients, and manage roughly $4 billion per year in Medicaid and other payments. Additional federal expenditure authority and transfers of state and federal funding from state FY 2010 to state FY 2011 are provided. The additional authority will support an expanded test environment and supporting services for providers, including a live ProviderOne help desk for a period of six months beginning January 1, 2010. (General Fund-State, General Fund-Federal)

18. **Disability Determination Workload** - Additional federal expenditure authority is provided to support increased workloads for determining eligibility for federal disability benefits. (General Fund-Federal)

19. **Poison Center Funding Transfer** - A portion of the Department of Health’s funding for the Washington State Poison Center (WPC) is transferred to the Medical Assistance program at the Department of Social and Health Services, which will disburse the funds to the WPC and seek federal matching funds under the Children's Health Insurance Program. The WPC provides statewide treatment advice and assistance in the case of exposure to poisonous, hazardous, or toxic substances. (General Fund-State, General Fund-Federal)

22. **Correcting Medical Asst Admin Base** - Administrative funding for the Medical Assistance program is increased to offset reductions in the biennial budget. Remaining administrative reductions will be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect providers, direct client services, or direct service delivery or programs. The Department will seek to mitigate impacts related to cost recovery and cost avoidance, prior authorizations, claims backlogs, and hold times or unanswered calls from clients and providers. The Department will make every effort to maintain current employment levels and achieve administrative savings through vacancies and employee attrition. The Department will implement efficiencies as soon as possible in order to minimize actual reductions in force. The department shall implement a management strategy that minimizes disruption of service and negative impacts on employees. The Department will maintain employer-sponsored insurance program staff, coordination of benefits unit staff, the payment integrity team, and family planning nursing. (General Fund-State, General Fund-Federal)

23. **Hospital Safety Net Assessment** - Pursuant to Engrossed Second Substitute House Bill 2956 (hospital safety net), the Hospital Safety Net Assessment Fund is created in the state treasury. Hospitals will provide the funds to leverage federal Medicaid matching funds and approximately $187 million of the increased revenues will be returned to the hospitals in the form of increased reimbursement rates ranging from four percent to 17 percent for inpatient services and between four percent and 41 percent for outpatient services. Approximately $67.5 million from the Hospital Safety Net Assessment Fund and $95.4 million in federal Medicaid funds are provided for Healthy Options managed care premium rate increases resulting from the increased hospital rates. Funding is provided to bring Small Rural Disproportionate Share Hospital payments to 120 percent of 2009 levels. Hospital assessments are based on the number of non-Medicare inpatient days, and the assessment amounts are increased in four phases from July 2009 through June 2013. Hospitals exempt from the assessment include those that are owned or operated by the federal or state government, those that participate in the Certified Public Expenditure (CPE) program, those that do not charge directly or indirectly for hospital services, and long-term acute care hospitals. The sum of $49.3 million is provided from the Fund in lieu of general fund-state expenditures for hospitals. An additional $17.5 million in general fund-state savings is provided if enhanced federal financial participation under the federal American Recovery and Reinvestment Act (5001 of P.L. No. 111-5) is extended beyond December 31, 2010. (General Fund-State, Hospital Safety Account-State, General Fund-Federal)

24. **Lifeline Caseload** - Funding is provided for enrollment in the Lifeline caseload above levels supported by the 2009-11 appropriation, as projected in the Case Load Forecast Council (CFC) February 2010 forecast. (General Fund-State, General Fund-Federal)

25. **Lifeline Managed Care** - The Lifeline program pursuant to Chapter 8, Laws of 2010, 1st sp. s. (E2SHB 2782) began the transition to a managed care system of service delivery in November 2009. The per person per month (pppm) cost for the managed care benefit package is $72 higher than the fee-for-service equivalent. This is due primarily to the addition of a mental health benefit ($32 pppm) and care coordination and administration ($40 pppm), as estimated by the department’s actuary.

* Near General Fund-State = GF-S + ELT
26. **Security Lifeline Act** - Funding is provided to implement Chapter 8, Laws of 2010, 1st sp. s. (E2SHB 2782). Appropriations assume that Lifeline clients may receive benefits for a maximum of 24 months in a 60 month period starting September 1, 2010 and ending June 30, 2013. Caseloads are also expected to decrease because an individual cannot continue to receive Lifeline benefits if he or she refuses, without good cause, to participate in needed chemical dependency treatment. The Administrative Review Team process is eliminated. DSHS will implement a pilot project in King, Pierce, and Spokane counties to contract with the managed care organization that provides Lifeline health care benefits for services related to transitioning persons receiving Lifeline benefits to Lifeline Expedited and federal benefits. (General Fund-State, General Fund-Federal)

27. **Community Clinic FQHC Rate Increase** - In response to a 2006 federal CMS audit, the per person reimbursement amount to ensure that Federally Qualified Health Centers (FQHCs) are paid at their cost for Healthy Options (HO) managed care clients was reduced to be consistent with the fee-for-service encounter rate upon which it is intended to be based. In order to offset this reduction, a new Washington state specific inflationary index will be used to replace the Medicare Economic Index (MEI) in determining the FQHC fee-for-service encounter rates. As a result of this change, encounter rates paid to these clinics will increase by 3.8 percent per year compared to 1.2 percent per year under the MEI for the 2009-11 biennium. This increase is projected to offset the reductions taken as a result of the lower HO enhancement rates, and significantly increase both utilization rates and the amount paid to FQHCs in the 2011-13 biennium. (General Fund-State, General Fund-Federal)

28. **Reduce Dental Enhancements** - The Health and Recovery Services Administration will reduce dental expenditures by focusing reductions on the fastest growing cost areas of dental care. Reductions in preventive care and particularly preventive care for children will be avoided if possible. (General Fund-State, General Fund-Federal)

29. **Suspend Apple Health Outreach** - Funding for outreach activities related to the Apple Health for Kids program is suspended. (General Fund-State, General Fund-Federal)

30. **HO Administrative Adjustment** - The Healthy Options Quality Incentive Pool payments of $2 million per year are suspended. Additionally the administrative component of the delivery case rate (DCR) is grown by the Medicare Economic Index (MEI) from 2007 through 2010 rather than being increased proportionately with a 21.5 percent increase in the DCR that occurred as a result of the 2007 rebasing of inpatient hospital reimbursement. (General Fund-State, General Fund-Federal)

33. **MCS Bridge Federal Waiver** - State savings are achieved through anticipated approval of a Section 1115 Waiver from the Centers for Medicare and Medicaid Services (CMS) which will allow Lifeline and Alcohol and Drug Treatment and Support Act (ADATSA) enrollees to be eligible for federal Medicaid matching funds, with an implementation date of January 1, 2011. (General Fund-State, General Fund-Federal)

35. **Professional Svcs Supplemental Pymt** - As directed by the Legislature and starting retroactively July 1, 2009, the Department of Social and Health Services will implement the professional services supplemental payment program for University of Washington (UW) Medicine professional providers. The program will increase rates to the Average Commercial Rate to maximize allowable payment levels under the Medicare Upper Payment Limit (UPL). UW Medicine is responsible for providing the local match required to obtain federal matching funds for supplemental payments made under the Medicare UPL. The Department will also expand this program to include Valley Medical Center and Olympic Medical Center professional providers. (General Fund-Federal, General Fund-Private/Local)

36. **Electronic Health Record Project** - Additional federal expenditure authority is provided to develop the Health Information Technology Medicaid Plan, as created in the American Recovery and Reinvestment Act. The Health Care Authority is the lead agency, and it received funding in the 2009-11 budget to implement state efforts. State funds are transferred from the Health Care Authority to the Department of Social and Health Services, and federal authority is provided because the federal government provides matching funds for 90 percent of these costs. (General Fund-State, General Fund-Federal)

1. Reduce Litter Pickup - Funding and FTE staffing are reduced on a one-time basis for litter pickup activities managed by the Department of Ecology, other state agencies, and local governments. This also includes a reduction in associated administrative funding. Remaining litter pickup funding of $1.0 million is dedicated to litter pickup along interstate highways, with a focus on maximizing the use of correctional crews. (Waste Reduction, Recycling, and Litter Control Account-State)

2. Five Percent Admin Reduction - The Department of Ecology will effect an ongoing 5 percent reduction in administrative costs. (General Fund-State, General Fund-Federal, Various Other Accounts)

4. Eliminate Advisory Groups # - Funding is reduced pursuant to Chapter 7, Laws of 2010, 1st sp. s. (E2SHB 2617) which eliminates the State Solid Waste Advisory Committee. (State Toxics Account-State)

6. Teck Cominco Litigation - One-time funding is provided for Attorney General services and expert-witness costs associated with the Pakootas et al. v. Teck Cominco, Ltd., case concerning a toxic cleanup site on the Upper Columbia River. The Department of Ecology and the Confederated Tribes of the Colville Reservation are co-plaintiffs in this litigation, which addresses the liability, under federal cleanup law, of a smelter complex located in British Columbia, Canada, for cleanup and natural resource restoration costs at the site. (State Toxics Control Account-State)

7. Meeting New Federal Air Standards - In October 2009, federal regulators declared areas of Pierce County to be in violation of federal clean air standards for fine particle pollution, such as smoke and soot that present public health risks. The area has until 2012 to develop a pollution reduction plan, and must meet the clean air standards by 2014 or face federal sanctions and penalties. Funding is provided through 2013 to analyze, identify, and implement clean air strategies designed to return Pierce County to compliance with federal standards. (Air Pollution Control Account-State)

8. Biosolids - The state Biosolids Program provides oversight, permitting, and assistance for sewage treatment plants and other facilities that generate, treat, and use biosolids. State law requires the program that regulates these facilities to be fully supported by fees. The 2009 Legislature approved an administrative fee increase to cover the Program's anticipated costs. Expenditure authority is increased to allow the agency to spend the additional revenue from this fee increase for activities such as permitting, inspections, and technical assistance. (Biosolids Permit Account-State)

9. Managing Clean Water Loans - The Department of Ecology operates the Washington State Water Pollution Control Revolving Fund Loan Program. This Program provides low-interest loans to local governments for high-priority, wastewater treatment facility projects. The competitive process by which loans are awarded, as well as ongoing oversight of loans, are funded in the operating budget and the dollars to be loaned are funded in the capital budget. Increased federal funding, plus increased loan repayments, have resulted in an increase in funds available to be loaned during the 2009-11 biennium. Funding and FTE staffing are provided to manage these additional capital dollars consistent with federal guidelines for loan administration and oversight. (Water Pollution Control Revolving Account-State, Water Pollution Control Revolving Account-Federal)

10. NW Interstate Compact Litigation - Washington is a member of the Northwest Interstate Compact (NWIC) on Low-Level Radioactive Waste Management. As the host state of a facility where regional generators located in eight member states can send low-level radioactive waste for disposal, Washington receives permit fee revenue to support NWIC operations, including providing legal counsel. The NWIC is defending itself against a lawsuit filed by a site operator in another member state. The case is going to appeal and is expected to last up to two years. One-time funding is provided for legal defense costs associated with this lawsuit. (Site Closure Account-State)

11. Electronic Product Recycling - Washington State law requires manufacturers of televisions and computers, through the Washington Materials Management and Financing Authority, to provide recycling services to consumers free of charge. The 2009-11 operating budget authorized Ecology to raise manufacturer fees to fully cover its regulatory oversight of this electronic products recycling process. Expenditure authority and FTE staff are increased to match expected fee revenue. (Electronic Products Recycling Account-Nonappropriated)

13. Emergency Drought Response - Funding is provided for emergency drought response to address potential needs for assistance to Eastern Washington in the event that the Governor declares an emergency.

15. Woodstove Ed & Enforcement Reduct - The Woodstove Education and Enforcement Program (WEEP) under the Department's Air Quality Program is supported by a one-time purchase fee of $30 assessed to consumers on the purchase a woodstove, fireplace, or other solid fuel burning device. The WEEP is 65 percent subsidized by the state general fund. The WEEP's state general fund budget is is reduced by $50,000 in FY 2011.

18. Reduce Environmental Studies - Funding from the general fund is reduced by 5 percent for laboratory analysis and data collection activities that help to identify and control pollution sources.

19. Pollution Activities Fund Shift - The general fund portion of activities that support cleaning up polluted waters, controlling stormwater pollution, and preventing point source and non-point source pollution is shifted, on a one-time basis, to the State Toxics Control Account. (General Fund-State, State Toxics Control Account-State)

20. Reduce GFS Subsidy of Fees - The general fund subsidy of the biosolids permit fee is eliminated in FY 2011. (General Fund-State, Biosolids Permit Account-State)

22. Water Right Processing - Funding is provided to implement Chapter 285, Laws of 2010, Partial Veto (E2SSB 6267) which creates a new, expedited process for the Department to pursue in reducing the backlog of applicants. Applicants who choose to participate in the expedited process will be required to pay a processing fee which will be dependent on the amount of water being requested for use. Revenues collected from these fees will be deposited into the newly created Water Rights Processing Account. (Water Rights Processing Account-State)

23. Mercury-Containing Lights - Funds are provided to implement the product stewardship program for collection and disposal of mercury-containing lights pursuant to Chapter 130, Laws of 2010 (ESSB 5543). All producers who sell mercury-containing lights in the state will be required to participate in the program and must pay an annual fee to cover the costs of the program. Comments:

1. **Reduce Outreach and Education** - Funding for outreach and education programs is reduced, which decreases funding for partnerships offering youth fishing opportunities, natural resource law enforcement education and outreach at fairs and outdoor shows.

2. **Reduce Executive Management** - The Department will reduce one executive management position and consolidate administrative and policy functions.

3. **Reduce Wildlife Disease Monitoring** - Funding for the Puget Sound Ambient Monitoring Laboratory and testing for contaminants in salmon and other species is reduced by 9 percent in Fiscal Year 2011.

4. **Reduce Wildlife Area Mgmt Planning** - The Department manages over nine million acres of wildlife habitat. Funding for wildlife area management planning is reduced 3 percent, delaying approximately 20 plans and updates and the input from citizen advisory groups needed for those plans.

5. **Fund Hatcheries Using Partnerships** - State law allows the Department to enter into partnerships with local groups to support fish hatcheries. Funding is reduced for the McKernan and Mayr Brothers fish hatcheries in anticipation of the Department forming partnerships to assist in supporting the operation and maintenance of these hatcheries.

6. **Reduce Fisheries Mgmt Authority** - Reductions are made to the expenditure authority for five accounts for projected revenue during the 2009-11 biennium. No planned work will be reduced. (Special Wildlife Account-Federal, Sea Cucumber Dive Fishery Account-Nonappropriated, Puget Sound Crab Pot Buoy Tag Account-Nonappropriated, Washington Coastal Crab Pot Buoy Tag Account-Nonappropriated, Recreational Fisheries Enhancement Account-State)

7. **Eliminate Reg Fisheries Enb Board #** - Pursuant to Chapter 7, Laws of 2010, 1st sp.s. (E2SHB 2617), funding is eliminated for the Regional Fisheries Enhancement Group Advisory Board. (Regional Fisheries Enhancement Group Account-Nonappropriated)

8. **Restore Aviation Funding** - Funding is restored for the maintenance and operation of the Department's Partenavia aircraft. The Partenavia will continue to be used for survey missions and fish planting, and will assist the Department of Natural Resources with fire suppression coordination.

9. **Maintain Core Admin Functions** - The Department's indirect rate for administration and overhead from federal grants has been reduced, resulting in a net loss of approximately $3.8 million for the 2009-11 biennium. Funding is provided to partially restore the loss from the lower indirect rate. (State Wildlife Account-State)

10. **Op Costs for New Wildlife Lands** - In FY 2009, the Department completed land acquisition transactions for 9,067 acres. These acres were acquired with legislatively approved and allocated capital funds through the Washington Wildlife and Recreation Program. One-time operating funding to maintain these new land acquisitions is provided, enabling the Department to manage new wildlife areas, natural lands, and water access sites, and to provide access, clean toilets, and weed control.

11. **Wildfire on WDFW Lands** - One-time funding is provided for fire suppression activity costs incurred during FY 2010.

12. **Fund Support Pgmts Proportionately** - Funding is provided in FY 2011 to pay for administrative support services. Additionally, $250,000 per fiscal year will support the automated Washington Interactive Licensing Database system. (State Wildlife Account-State)

13. **Incr Hunter Access on Private Land** - Funding is provided for the Department to bring 200,000 additional acres of private land under contract for recreational access. The program is funded through special hunting permit application fees. (State Wildlife Account-State)

14. **Voight Creek Hatchery** - Funding is provided to enhance fish production at Voight Creek Hatchery.

15. **Consolidation of GMHB and EHO** - Savings are achieved as a result of reduced administrative law judge fees pursuant to Chapter 210, Laws of 2010 (SHB 2935) which consolidates the Growth Management Hearings Board and the Environmental Hearings Office into the Environmental and Land Use Hearings Office.

16. **Fish Program Fund Shift** - Due to available fund balance in the State Wildlife Account, expenditures for the Fish Program are shifted on a one-time basis from the general fund to the State Wildlife Account. (General Fund-State, State Wildlife Account-State)
21. **Reduce Scientific Study/Tech Asst** - General Fund expenditures for scientific studies and technical assistance are reduced by 5 percent.

24. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

25. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. #### Comments:

1. **Recover Land Mgmt Savings** - Lower timber prices have led to fewer timber sales, which has resulted in fewer costs associated with the preparation of sales. Savings from lower management costs on Agricultural College Trust Lands are recovered on a one-time basis. In addition to lower expenditure authority in the Agricultural College Trust Management Account (ACTMA), the amount of General Fund-State funding provided for deposit into the ACTMA is reduced. (General Fund-State, Agricultural College Trust Management Account-State)

2. **Shift Fire Protection Costs to FFPA** - On a one-time basis, $3,000,000 of FY 2010 and $2,000,000 of FY 2011 fire preparedness and prevention costs are shifted from the General Fund-State to the Forest Fire Protection Assessment Account-Nonappropriated. (General Fund-State, Forest Fire Protection Assessment Account-Nonappropriated)

* Near General Fund-State = GF-S + ELT*
3. Reduce New Land Purchases - Funding is eliminated for a staff position that applies for new land acquisitions from state grant programs.

6. Reduce Survey/Maps Activity - Due to lower revenue into the Survey and Maps Account, expenditure authority for mapping and surveys is reduced. (Survey and Maps Account-State)

7. Reduce Administration - Funding is reduced for the proportionate share of administrative costs from the Department of Natural Resources' (DNR) other General Fund-State reductions.

8. Maintain Adaptive Management Pgm - One-time funding is provided to continue DNR's adaptive management activities. FY 2011 funding for this program includes $970,000 of redirected Forest and Fish Support Account funding. (Aquatic Lands Enhancement Account-State, General Fund-Federal)

9. Puget Sound Cleanup & Recovery - Funding is provided for projects that remove contaminants from Puget Sound. Projects include completing the remedial investigation of Whidbey Landfill, and repairing a sediment cap in Commencement Bay. Additionally, General Fund-Federal expenditure authority is increased for monitoring aquatic reserves, submerged aquatic vegetation mapping, and a Habitat Conservation Plan buffer assessment. (State Toxics Control Account-State, General Fund-Federal)

10. Emergency Fire Suppression - One-time funding is provided for costs associated with fire suppression activities during FY 2010. This funding is in addition to DNR's existing fire suppression appropriation.

12. Forest Biomass Agreements - Funding is provided for Chapter 126, Laws of 2010 (2SHB 2481), which permits DNR to enter into contracts for the purpose of providing a supply of forest biomass from lands managed by DNR.

14. Reimbursable Agreements - Additional expenditure authority is provided to allow DNR to utilize reimbursable agreements related to reforestation, the Washington Conservation Corps, and habitat restoration. (General Fund-Private/Local)

15. Reopen Recreation Sites - Funding is provided from the ORV and Nonhighway Vehicle Account to support access to 13 recreational sites utilized by off road vehicle users. (ORV and Nonhighway Vehicle Account-State)

16. Natural Heritage Program - Due to available fund balance, funds for the Natural Heritage Program are shifted one-time from the general fund to the Natural Resources Conservation Areas Stewardship Account. (General Fund-State; Natural Resources Conservation Areas Stewardship Account-State)

17. Helicopter Fund Shift - The helicopter fleet is paid for by the Natural Resources Equipment Account and the costs are later recovered from the general fund as part of the Department of Natural Resources' emergency fire suppression budget appropriation. In support of fire protection costs being equitably shared between the general fund and the Forest Fire Protection Assessment Account, 50 percent of the budget for the helicopter fleet is shifted from the Natural Resources Equipment Account to the Forest Fire Protection Assessment Account. This shift will produce savings to the general fund in future fiscal years as only half of the costs will be recovered via the emergency fire suppression budget appropriations. (Natural Resources Equipment Account-Nonappropriated, Forest Fire Protection Assessment Account-Nonappropriated)

18. Open Water Moorage Area - One-time funds are provided to assist the City of Bainbridge Island create an Open Water Moorage and Anchorage Bay by installing mooring buoys and removing abandoned vessels and other structures. (General Fund-State, Aquatic Lands Enhancement Account-State)

2. **Navigation 101** - Funding for Navigation 101 is reduced. The funding provides implementation grants for Navigation 101 guidance and career counseling programs in secondary schools.

3. **Alternate Routes** - The Alternative Routes to Certification program provides assistance to individuals pursuing teacher certification through performance-based, non-traditional programs. These programs are aimed at recruiting candidates to teach in statewide subject matter and geographic shortage areas. The program is reduced by 50 percent, beginning July 1, 2010, and thereafter.

4. **Communities in Schools** - Funding for the Communities in Schools Program in Pierce County is discontinued beginning in FY 2011.

10. **Basic Education Allocation** - Funding is provided to develop the IT systems infrastructure to support the school funding formula provisions contained in Chapter 236, Laws of 2010 (ESHB 2776). The funding primarily supports reprogramming for the pupil transportation and general apportionment funding formulas. The pupil transportation IT systems work comprises approximately $800,000 of this total, and funds the development of infrastructure capable of mapping out bus routes to document route miles for funding purposes. The work will also include development of enhanced reporting capabilities in the system. The general apportionment system reprogramming comprises approximately $1.7 million of this total, and funds systems to align with the funding formulas contained in Chapter 548, Laws of 2009 (ESHB 2261), including structuring funding based on prototypical school models.

13. **WWII Oral History Project** - Funding for the World War II Oral History Project is discontinued beginning in FY 2011. The funding supports the development of oral history presentations, documentation, and other curriculum materials for teaching the historical significance of World War II, under the direction of the World War II Memorial Education Foundation.

14. **Campana Quetzal** - Funding for the Seattle Coalition of Campaña Quetzal is discontinued beginning FY 2011. The program provides support to the Latino/Latina community in early childhood education; parent leadership training; and high school success and college preparation.

18. **Civil Rights Enforcement** - Funding is provided to support the provisions of Chapter 240, Laws of 2010 (E2SHB 3026). The funding supports the staff necessary to carry out the duties given to OSPI concerning enforcement and monitoring of civil rights in schools.

20. **Dropout Prevention** - Funding is provided for drop-out prevention programs at the Office of the Superintendent of Public Instruction, including the Jobs for America's Graduates (JAG) program.

21. **Recruiting Diverse Teachers** - The Recruiting Washington Teachers Program is operated through the Professional Educator Standards Board and is designed to recruit high school students into the teaching profession in content shortage areas. ### Comments:

2. **Certificated Staff Ratio Grade 4** - State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 46 certificated instructional staff (CIS) to 1,000 annual average FTE students enrolled in grade four; the enacted budget provides an enhancement over this level to reduce class sizes - funding 53.2 CIS per 1,000 average annual FTE students in grades kindergarten through four. These enhancements are retained for grades K through three but reduced for Grade four to a ratio of 47.4 staff per 1,000 student FTEs.

**Comments:**

1. **Safety Net Recovery** - The Office of the Superintendent of Public Instruction (OSPI), at the conclusion of each school year, will recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible. It is assumed an additional full-time equivalent (FTE) staff will be needed to accomplish this work and that collections will be such that staff costs plus recoveries will yield at least $400,000 per year in savings. The OSPI will track the value of the recoveries and report to the fiscal committees of the Legislature.

**Comments:**

3. **School Levies** - Chapter 237, Laws of 2010 (SHB 2893) increases the levy lid by 4 percentage points and increases the levy equalization percentage from 12 to 14 percent. The legislation also extends the expiration deadline (from the end of calendar year 2011 to the end of calendar year 2017) for allowing school district levy bases to include revenue that would have been received by districts if reductions had not been made to Initiative 728 and Initiative 732 funding for the student achievement program and for public school employee cost-of-living increases. The legislation further includes the Kindergarten to 4th grade staffing enhancement funds in the levy base, regardless of whether funding for the enhancement is included in the budget. Appropriations for this item reflect the last six months of FY 2011.

4. **Per Pupil Inflator** - Funding is provided to fund the per pupil inflator at 4 percent, rather than 1 percent. This results in a general fund cost of $7.973 million. This item increases local effort assistance funds for districts, and will allow some districts to collect additional local funds previously approved by voters. Appropriations reflect the last six months of FY 2011.

Comments:

1. **Childcare Matching Grants** - During the second year of the biennium, state matching funds will not be provided to support innovations in child care delivery at the public universities.

2. **State Work Study Program** - Funding for the State Work Study program is reduced by approximately 30 percent in FY 2011. These savings are to be achieved through a combination of actions, such as maintaining average student earnings at the current level rather than increasing them to keep pace with the estimated costs of attendance; increasing the required employer share of wages to approximately 50 percent for proprietary employers and to 30 percent for non-profits (from 35 percent and 20 percent now, respectively); and discontinuing non-resident student eligibility for the program.

3. **Washington Scholars** - The Washington Scholars program provides four-year scholarships equivalent to approximately 90 percent of full tuition for outstanding high school graduates each year. Only one new scholarship per legislative district will be awarded to the 2010 high school graduating class, rather than three as in previous years. Students awarded scholarships in previous years will continue to receive them.

5. **State-Funded GEAR-UP Projects** - State assistance to increase college awareness and preparedness among students in 25 school districts is reduced by one-third.

6. **WAVE** - The Washington Award for Vocational Excellence (WAVE) provides two-year scholarships equivalent to full tuition for outstanding high school vocational/technical graduates. Only one new scholarship per legislative district will be awarded to the 2010 high school graduating class, rather than three as in previous years. Students awarded scholarships in previous years will continue to receive them.

7. **Health Prof’l Loans & Scholarships** - Funding is suspended for the health professional conditional scholarship and loan re-payment program. Because of this suspension, approximately 100 applicants will not receive scholarships or loans re-payments while preparing for or practicing in a health professional shortage area. Funding continues to be available for scholarships and three-year loan re-payment commitments awarded in previous years.

8. **Future Teachers Scholarship** - Funding is suspended for the future teacher conditional scholarship program. Because of this suspension, approximately 25 new applicants will not receive scholarships while preparing for a teaching career. Funding continues to be available for current recipients who were awarded scholarships in previous years to complete their studies.

9. **WICHE Prof’l Student Exchange** - Funding for the Western Interstate Compact for Higher Education (WICHE) Professional Student Exchange program is suspended. Because professional degrees in optometry and osteopathy are not offered by a Washington public university, this program provides scholarships for approximately 12 Washington residents to pursue such degrees in other western states. Funding is available to continue scholarship commitments to current recipients, and to pay dues for Washington's continued participation in the compact so that Washington residents may continue to receive reduced non-resident tuition rates at participating universities in other western states.

11. **SWS Math/Science** - Funding is suspended for a project that provides targeted state work study (SWS) experience for students considering careers in math and science instruction.

13. **Leadership 1000** - State funding for a College Success Foundation program that recruits private donors to sponsor scholarships and provide mentorship to financially needy students is reduced by 50 percent.

14. **Educational Opportunity Grants** - Funding is suspended for a program that provides additional financial assistance for community and technical college graduates who would otherwise be unable to attend a distant public baccalaureate institution because of work or financial obligations in their home community. Funding continues to be available to complete scholarship commitments to current recipients, but no new applicants will be selected for the 2010-11 academic year.

15. **Foster Care Endowed Scholarship** - No state contributions will be made in the second year of the biennium toward an endowment fund the earnings from which are expected to eventually be sufficient to support college scholarships for former foster care recipients.

17. **Opportunity Pathways** - Senate Bill No. 6409 (creating the Opportunity Pathways Account) provides that all profits from in-state lottery games are to be used for student financial aid, early childhood education, and economic development. Funds from the new account are appropriated to replace state general fund support for the state need grant, the state work study program, Washington Scholars, and WAVE. (General Fund-State, Opportunity Pathways Account-State)

* Near General Fund-State = GF-S + ELT
18. **HECB Administrative Reduction** - Funding for Higher Education Coordinating Board (HECB) planning, policy development, and general agency administration is reduced by an additional 9 percent from the level originally budgeted for the biennium. The Board is expected to target reductions to the planning and policy development rather than the direct financial aid administrative component of its operations to the maximum extent possible.

19. **Rural Health Care Subsidy Rollback** - Funding to support development of a private school of osteopathic medicine is reduced.

20. **Implement SACS Directive** - The Governor has directed several additional agencies, including the Higher Education Coordinating Board, to transfer accounting and payroll services to the Office of Financial Management's Small Agency Client Services (SACS).

21. **Eliminate HECB Advisory Council** - Funding is reduced to reflect savings achieved through implementation of Substitute House Bill 2617 (boards and commissions). The Higher Education Coordinating Board (HECB) Advisory Council is eliminated.

22. **Fund Source Change** - Funding for a portion of the State Need Grant is shifted from the state general fund to the Education Legacy Trust Account. No change is made to grant eligibility or award amounts. (General Fund-State, Education Legacy Account-State)

24. **Technology Transformation** - Funds are shifted from the first year of the biennium to the second to support completion of the work of the task force charged with transforming the use of technology in the public higher education institutions.

25. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

26. **Temporary Layoffs** - Agency appropriations are reduced consistent with Engrossed Substitute Senate Bill 6503, as amended (closing state agencies on specified dates) due to the closure of state agencies and higher education institutions, or approved alternative compensation reduction plans. (General Fund-State, various other funds)

A portion of those costs will instead be covered by state general fund appropriations.

2. **Higher Education Reductions** - State appropriations are reduced by 6 percent from the level originally budgeted for Fiscal Year 2011. This may require additional reductions in administrative activities, student support services, and course offerings.

The joint planning efforts are to include preparation of applications for new residency programs in Family Medicine, Internal Medicine, Obstetrics, Psychiatry and General Surgery; business plans for those new programs and for increasing the number of positions in existing programs among regional academic and hospital partners and networks.

4. **Telecommunications Regulation** - Funding is provided for the Technology Law and Public Policy Clinic at the University of Washington school of law to prepare a comprehensive report identifying and analyzing trends in the telecommunications industry and pathways for telecommunications regulatory reform. The report must be submitted to the legislature by December 1, 2011.

5. **Tax Increment Cost/Benefits** - Funds are provided for university economists to complete assessments of the costs and benefits to state government of local government infrastructure financing, as required by 2SSB 6609.

6. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

* Near General Fund-State = GF-S + ELT
7. **Resource and Referral Reduction** - General Fund-State funding for the Washington State Child Care Resource and Referral Network is reduced in FY 2011. American Recovery and Reinvestment Act (ARRA) funds will continue through the biennium as will other federal funding contracted to the organization.

8. **Head Start and ECEAP** - As part of the 2009 American Recovery and Reinvestment Act, Head Start providers in Washington were assumed to receive an additional 173 Head Start slots. Providers actually received 202 slots. This item continues the policy of reducing the number of ECEAP slots to match the increased number of Head Start slots to achieve General Fund-State savings.

9. **Child Care Policy and Eligibility** - The Working Connections Child Care policy functions are transferred from the Department of Early Learning to the Department of Social and Health Services in order to consolidate policy functions with eligibility determinations. This is to be done through a Memorandum of Agreement between the agencies. Savings are realized in the Department of Social and Health Services from eliminating duplicate policy functions in both agencies. (General Fund-State, General Fund-Federal)

10. **Early Learning Basic Education** - Funding is provided to implement Chapter 234, Laws of 2010 (SSB 6759). The legislation requires a plan to be drafted that examines the opportunities and barriers to expanding early learning as basic education.

12. **Read Out Loud** - Funding is provided for the Department to contract with Reach Out and Read for services that promote early literacy by giving new books to children and advice to parents about the importance of reading.

13. **Thrive By Five Program** - Transfers $300,000 of Thrive by 5 contract funds for Home Visiting from the Council on Children and Families to the Department of Early Learning and an additional $200,000 is appropriated into the Home Visiting Services Account. (General Fund-State)

16. **Infant and Toddler Program Transfer** - Funding is provided for Chapter 233, Laws of 2010 (SB 6593). The bill transfers the Infant and Toddler Early Intervention Program from the Department of Social and Health Services to the Department of Early Learning effective July 1, 2010. The bill also renames the program the Early Support for Infants and Toddlers Program.

17. **Health Insurance Increase** - Funding is provided for an increase in the monthly employer contribution for state employee health benefits funding rate for FY 2011 from $768 to $850. (General Fund-State, various other funds)

**Comments:**

2. **Capital Building Construction Acct** - The Capital Building Construction Account is used to pay debt service on the Natural Resources Building and the Legislative Building rehabilitation. Timber sales, which are the primary source of revenue for this account, are not providing sufficient revenues to cover the debt service costs. Additional funds are provided to backfill the decreased timber revenues to meet debt obligations.

5. **Opportunity Express Funding** - State General Funds are appropriated into the Opportunity Express Account pursuant to House Bill 2630.

6. **IT Reform** - Funding is reduced to reflect savings from information technology efficiency efforts outlined in House Bill 3178 (state govt technology use). Of this amount, $15 million is assumed to be achieved from reducing Data Processing Revolving Account rates paid by agencies and utilizing the excess fund balance in the revolving account.

8. **Extraordinary Criminal Justice Cost** - The director of financial management shall distribute funds to Franklin county ($33,000), Skagit county ($390,000), and Jefferson county ($197,000) for extraordinary criminal justice costs.

9. **Agency Reallocation & Realignment** - One-time funding is provided for the Agency Reallocation and Realignment of Washington (ARROW) Commission to evaluate the operations and organization of state government.

10. **Strategic Printing** - Funding is reduced to reflect savings achieved through a strategic print strategy. The strategy will include utilizing print management, standardizing envelopes, streamlining printing processes, and pilot projects allowing state agency to directly acquire printing services.

11. **Dept. of Transportation** - Funding is provided to the Department of Transportation Program Delivery Management and Support Program for the Department's compliance with its national pollution discharge elimination system permit. (Motor Vehicle Fund-State)
