**Comments:**

1. **Administrative Efficiencies** - Agencies are directed to reduce near general fund spending. Savings will be achieved through leaving vacant positions unfilled, reducing staff, and the development of administrative efficiencies and other expenditure reductions.

2. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

**Comments:**

1. **Reduce Administrative Expenditures** - The Public Disclosure Commission will reduce staff hours, training, and information technology maintenance; eliminate subscriptions; and leverage funding from the Savings Incentive Account. These administrative reductions will not directly impact customer services.

2. **Judicial Election Reform - SB 5912** - Funds are provided for the initial implementation costs of Senate Bill 5912 (Judicial Election Reform Act).

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. Comments:

1. **State Library Services** - Library services supported with state funding are reduced overall by fifteen percent. Reductions will be made to library services in state institutions, digital and general historical collections, depository collections, and the Washington Talking Book and Braille Library. Assistance to local libraries is not reduced.

2. **Additional Records Storage Space** - A recent agreement to accept 25,000 storage boxes from the Department of Social and Health Services into the State Records Center immediately reduces the space available to within six months of capacity. Additional funding is provided for the State Records Center to obtain additional storage space. (Archives and Records Management Account-State)

3. **Administrative Savings** - Reductions are made to Executive and Administrative Services, the Charitable Solicitation and Trust Program, Corporations and Partnership Services, Television Washington, Humanities Washington, the Legacy Project, and non-mandatory Election Services. Positions will be consolidated, eliminated, or left vacant; goods, services and travel are reduced; and furloughs may be implemented.

4. **Help America Vote Act - State Match** - The federal Consolidated Appropriations Act of 2010 provides $1.4 million in Help America Vote Act (HAVA) funds, subject to $77,000 in state matching funds. This General Fund-State appropriation is for deposit into, and expenditure from, the Election Account. (General Fund-State, Election Account-State)

5. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. ### Comments:

1. **State Audit Reduction** - The audit of state government activities consists of periodic compliance audits of state government spending, investigation of improper government actions (whistleblower cases), and audits of Washington State's Comprehensive Annual Financial Report (CAFR) and the Single State Federal audits. Funding for these activities and associated administrative costs are reduced. The Office of the State Auditor must continue to complete the CAFR and the Single State Federal audits. (Auditing Services Revolving Account-State)

2. **Reduce Performance Audit Activity** - Expenditure authority for the Performance Audits of Government Account is reduced to match the current spending plan submitted by the agency. Excess funds are transferred to the State General Fund. (Performance Audits of Government Account-Nonappropriated)

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. 17. **Transfer Long Term Care Ombudsman** # - The Long Term Care Ombudsman is transferred from the Department of Commerce to the Office of Financial Management.

18. **International Trade Administration** - Administrative costs for International Trade are reduced.

19. **Washington Technology Center** - Funding for the Washington Technology Center is reduced. The Center, headquartered at the University of Washington, was created to be a collaborative effort between the state's universities, private industry, and government.

20. **Regional Services** - Staff positions in the Regional Services Unit are reduced from seven to four. Regional Services partners with local organizations, state agencies, and service providers to maximize private sector job creation and investment, and to promote retention, growth, and the expansion of businesses.

21. **Microenterprise Development** - Funding for the contract with the Washington State Microenterprise Association is reduced. The Microenterprise Institute currently provides financial and technical assistance to very small businesses.

22. **Economic Development Training** - Funding for the Economic Development Education and Training Program will be discontinued in Fiscal Year 2011.

23. **Downtown Revitalization** - Funding for the Washington State Main Street Program is eliminated in Fiscal Year 2011. This program currently helps communities throughout the state revitalize the economy, appearance, and image of their traditional commercial districts through training, technical assistance, and the organization of local resources.

24. **Community & Financial Services** - Funding for the Community and Financial Assistance Unit is discontinued. This unit has worked to strengthen and diversify the state's economy through programs that help Washington's communities plan, finance, and implement economic development strategies to create opportunities for business and job growth.

25. **International Trade Development** - Funding for international trade development activity is reduced by five percent.

26. **Domestic Contracts** - Funding for Domestic Contracts is reduced by five percent in Fiscal Year 2011. This activity contracts with the Washington Export Finance Assistance Center and the International Trade Alliance of Spokane to assist small and medium-sized businesses in urban and rural areas in financing and selling exports.

27. **Family Prosperity Account** - Funding for this activity is eliminated in Fiscal Year 2011. The Family Prosperity Account assists low-income families with asset building through grants, local coalitions, and technical assistance.

* Near General Fund-State = GF-S + ELT
28. **Community Mobilization** - Funding for this activity is reduced by 60 percent in Fiscal Year 2011. The Community Mobilization Program organizes local communities to address problems of substance abuse and violence. This program is also transferred to the Department of Social and Health Services.

29. **Community Services Administration** - Administrative costs for the Community Services Administration activity are reduced by ten percent.

30. **Kids of Incarcerated Parents Admin** - Funding for the Children of Incarcerated Parents Advisory Board is eliminated. The advisory board monitors, guides, and reports on recommendations related to policies and programs for children of families with incarcerated parents.

31. **Long Term Care Ombudsman** - Administrative and operational costs are reduced for the Long Term Care Ombudsman. This program is transferred to the Office of Financial Management.

32. **Crime Victims Advocacy** - Funding for the Crime Victims Advocacy and Policy Program is eliminated in Fiscal Year 2011. This activity advises local and state government regarding practices, policies, and priorities on crime victim related issues.

33. **Developmental Disabilities Council** - Funding for the Developmental Disabilities Council's administrative costs are reduced.

34. **Local Government Administration** - Administrative costs are reduced for local government administration.

35. **Growth Management Grants** - Grants to local governments to develop growth management plans are reduced. Legislation will be proposed to extend the local growth management plan update cycle time frame.

36. **Transfer Municipal Research Services** - The Department of Commerce will administer the contract with the Municipal Research Services Center, since the Municipal Research Council is eliminated. (County Research Services Account-State, City and Town Research Services Account-State)

37. **Transfer DD Council** - The Developmental Disabilities Council and Endowment Trust Fund are transferred from the Department of Commerce to the Department of Health.

38. **State Energy Strategy** - State funding is restored to the Department of Commerce to update the State Energy Strategy. The 2009-11 budget removed all unrestricted General Fund-State dollars from the Energy Policy Division's funding.

39. **FTE Technical Correction** - An FTE technical correction is made.

40. **Home Security Spending Authority** - Funding is provided for temporary housing for an additional 1,110 low income or vulnerable people for up to 20 days per year. (Home Security Fund Account-State)

41. **EPA Renovation Rule** - Expenditure authority is provided pursuant to SHB 2745 (lead-based paint program) and to administer the Environmental Protection Agency's Renovation, Repair, and Painting rule, which goes into effect April 2010. This rule requires people who update, maintain, or modify pre-1978 buildings containing lead-based paint to be trained and certified to follow work practices that minimize lead hazards to children. (General Fund-Federal, Lead Paint Account-State)

42. **Reduce ADO Grants** - Funding is reduced for grants to associate development organizations.

43. **Reduce Tourism Development** - Funding is reduced for tourism development.

**Comments:**

1. **Education Reform** - Funding is provided to support preparation of the state's "Race to the Top" application. This federal grant program will provide significant federal funding to successful applicant states to aid them in their education reform efforts.

2. **Operational Reductions** - The agency will eliminate some work processes and products which will result in staff reductions. Savings also will be achieved by reducing spending on equipment, leases and other support costs.

3. **Transfer Long Term Care Ombudsman #** - The Long Term Care Ombudsman is transferred from the Department of Commerce to the Office of Financial Management.

4. **Strategic Health Grant** - These funds represent the first year of a five-year federal grant to support access to health insurance for low-income working families. OFM will pass through these funds to the Health Care Authority and Department of Social and Health Services.

5. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. **Comments:**

1. **Implement SACS Directive** - As part of the Governor's shared service directive, small agencies will use the Office of Financial Management's Small Agency Client Services (SACS) to provide centralized accounting, payroll, and budgeting services. Onetime costs for FY 10 include leave buy out and unemployment insurance which will be offset in the future by savings from this initiative. (Administrative Hearings Revolving Account-State)

### Comments:

1. **Manage IT Vacancies** - Funding is reduced to reflect savings achieved by holding vacant positions open within the Department's Information Services Division. (Data Processing Revolving Account-Nonappropriated)

2. **Reduce Travel and Training** - Funding is reduced to reflect lower levels of employee training and associated travel. (Data Processing Revolving Account-Nonappropriated)

3. **Eliminate Executive Recruitment** - Funding is reduced to reflect the elimination of the Department's executive recruitment program. Agencies will be required to perform their own executive recruitment efforts. (Department of Personnel Services Account-State, Higher Education Personnel Services Account-State)

4. **Reduce Training and Development** - Funding is reduced to reflect the limitation of training provided to other agencies to mandatory subjects only. In addition, the Department will not offer agencies consultation services for organizational development. ### Comments:

1. **Adjust Federal Forfeiture Funds** - In Fiscal Year 2009, the Gambling Commission received federal seizure funds (which generally must be used by the receiving agency for law enforcement purposes within two or three years). The Commission will use the funds for operating costs including vehicle replacement, equipment, and training. This also will allow for new programs in gambling education and awareness, computer forensics, criminal investigations and intelligence, and law enforcement accreditation. (Federal Seizure Account-Nonappropriated)

2. **Implement SACS Directive** - As part of the Governor's shared service directive, small agencies will use the Office of Financial Management's Small Agency Client Services (SACS) to provide centralized accounting, payroll, and budgeting services.

### Comments:

1. **Workload Increases** - Funding is provided to hire temporary staff to assist with the timely processing of applications from minority and women's business enterprises for certification purposes. Revenue for these activities will come from application fees from these businesses. (Minority and Women's Business Enterprises Account-State)

#### 2010 Policy Non-Comp Changes:

1. **Tenant Improvements** - Skilled work units made up of painters, electricians, and carpenters are eliminated. Demand for these services have been steadily decreasing. As a result, this fee for service activity does not raise sufficient revenues to cover the ongoing cost of operations. Remaining units of multi-skilled workers in General Administration will absorb any remaining workload. (General Administration Services Account-Nonappropriated)

2. **Office Facility/Public Historic Bui** - The Department will eliminate multiple staff positions across several lines of business, including gardeners, custodians, asset managers, maintenance staff, and budget and business managers. This will result in less gardening on campus grounds, such as dormant lawns in the summer, no annual plantings and bulb displays, and reduced leaf and snow removal. Financial and physical oversight of facilities is reduced and long-range planning will be suspended. Non-vital repairs and improvements are delayed or eliminated. Purchase of equipment, goods and services are reduced, and 20 agency fleet vehicles are eliminated. Elevator maintenance contracts are eliminated and staff will be hired to assume these tasks at a savings. (General Administration Services Account-State, General Administration Services Account-Nonappropriated)

3. **Visitor Services** - Visitor Services will focus its efforts on coordination of large events and scheduling of school tours. School tours are reduced by one-third during the legislative session, and staffed tours for the general public are replaced by self-guided tours. (General Administration Services Account-State)

4. **Increased Utility and Fixed Costs** - Funding is provided for campus parking lot utility and fixed price contracts previously subsidized by the General Administration Services Account to the Parking Account. Additionally, expenditure authority is increased to address unanticipated costs associated with a tax assessment by the Department of Revenue that requires the sales tax to be collected on parking fee revenue. (State Vehicle Parking Account-State)

5. **Real Estate Services** - Savings are achieved through staff reductions. These reductions will result in delays to leasing, design modifications, and process improvement efforts. (General Administration Services Account-State)

---

* Near General Fund-State = GF-S + ELT
6. **Eliminate Two Boards** - The Capital Projects Advisory Review Board and the Capitol Campus Design Advisory Committee are abolished on July 1, 2010.

7. **Off Campus Facilities** - Savings are achieved through the elimination and consolidation of several supervisory, budget, administrative, and maintenance positions. These reductions will result in less financial and physical facility oversight, short- and long-range planning, and customer service. Additional savings are achieved through debt service refinancing. (General Administration Services Account-Nonappropriated)

8. **Move Food Program to Agriculture** - The Department of General Administration's Emergency Food Assistance Program is transferred to the Department of Agriculture. The transfer takes effect on July 1, 2010. (General Fund-State, General Fund-Federal)

9. **Transfer State Bldg Code Council** - The State Building Code Council is transferred from the Department of Commerce to the Department of General Administration. (General Fund-Private/local, Building Code Account-State)

10. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

### Comments:

1. **Administration and Policy** - Funding for the Management Support Division and the Policy and Regulation Division is reduced to lower agency administrative and policy costs to client organizations. (Data Processing Revolving Account-State, Data Processing Revolving Account-Nonappropriated)

2. **Broadband Mapping and Strategy** - Funds are provided to collect and display comprehensive data on statewide broadband availability and infrastructure through the development of a Geographical Information System. The resulting map will include broadband provider information, technology type, and speed. It will be displayed on a website with enhanced interactive capabilities. In addition, the Department will partner with the Office of the Superintendent of Public Instruction and the University of Washington to develop strategies to bring high-speed broadband to public institutions and schools. (Educational Technology Account-Nonappropriated, Broadband Mapping Account-Nonappropriated)

3. **Information Technology Committee** - The Department is provided funds to staff the Information Systems Improvement Committee created in ESSSB 6579.

**Comments:**

1. **Conduct Independent Investigation** - Additional expenditure authority is provided to hire an independent firm of legal consultants, governmental entities familiar with the Administrative Procedures Act, and/or a joint venture of such organizations to evaluate and report on the efficiency and effectiveness of the Board's practices, policies, and procedures. (Certified Public Accountants' Account-State)

2. **Settle Agency Lawsuit** - Additional expenditure authority is provided to meet a partial condition of a mediated conditional settlement of seven lawsuits against the Executive Director, the agency, and the Board filed by one litigant between April 2008 and September 2009. The conditional settlement agreement includes withdrawal of fifteen public records requests, dismissal of the lawsuits, and waiver of the rights of appeal on those matters. The Board or the agency must also meet certain conditions, including the payment of $500,000 to the trust account of one of the law firms representing the litigant. ### Comments:

1. **WIN211 Reductions** - Grant funding is reduced for Washington Information Network 211 (WIN211), a private, non-profit organization that provides social service referral services.

2. **Network Warfare Squadron Building** - Federal expenditure authority and state matching funds are provided for the operation and maintenance of the Network Warfare Squadron building, an Air National Guard facility scheduled to open at McChord Air Force Base in January 2011. (General Fund-State, General Fund-Federal)

3. **WYA: Unanticipated Apportionment** - The Academy received higher than anticipated student apportionment funding from the Bremerton School District.

4. **Public Safety Interoperability Grant** - Expenditure authority is provided to continue projects originally funded with a Public Safety Interoperable Communications grant received in 2007 from the Department of Homeland Security. The grant is to be used to enhance statewide communications infrastructure and address initiatives identified in the Statewide Communications Interoperability Plan. The Military Department will continue to administer the funds for equipment, exercises, training, planning, and grant administration. (General Fund-Federal)

5. **Washington Youth Academy Staffing** - Funding is provided for seven new staff at the Academy. These staff will be funded through higher than anticipated student apportionment funding from the Bremerton School District.

6. **State Emergency Readiness** - Expenditure authority is provided to continue developing the state's emergency logistics and catastrophic disaster preparedness. A team of planners will address gaps in state and local capabilities and coordinate plans to fill these gaps. The team will also develop plans, exercises, and training modules for statewide emergency logistics and catastrophic incidents. (Military Department Active State Service Account-State)

* Near General Fund-State = GF-S + ELT*
7. **Next Generation 911 Transition** - Expenditure authority is provided from the E911 account to continue upgrades to the current 911 telephone system to accommodate Next Generation 911 (NG911). This upgrade will allow the 911 system to accept information from a wide variety of communication devices during emergencies.  
(Enhanced 911 Account-State, General Fund-Federal)

8. **Administrative Savings** - Savings are achieved through the elimination of supervisory, administrative and maintenance positions; implementation of early retirement incentives; and consolidation of two Army Guard and Air Guard maintenance programs. Reductions will also be made in travel, training, and purchases of equipment, goods, and services.

9. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. Comments:

1. **Reduce Human Remains Response Acct** - Funding is adjusted to better reflect projected expenditures from the Skeletal Human Remains Account, which is used to provide assistance to land owners with the reinternment of archaeological human remains found on their property. (Skeletal Human Remains Account-Nonappropriated)

2. **Increased Federal Expd Authority** - Expenditure authority is increased to reflect the availability of additional federal funds, including a one-time federal carry-over of $400,000 from previous years and $125,000 in ongoing federal funding for increased archaeological reviews of capital projects associated with the federal stimulus program. (General Fund-Federal)

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

#### 2010 Policy Non-Comp Changes:

1. **Board Restructuring Legislation #**
   
   Following an administrative consolidation in 2009, a management study recommended changes to further improve the efficiency of the Growth Management Hearings Boards. Pursuant to Substitute Senate Bill 6214 (Growth mgmt hearings boards), the number of board members is reduced from nine to seven and the three existing regional boards are merged into a single, statewide board from which regional panels would be drawn. Funding and staff are reduced to reflect the savings associated with implementing the proposed legislation. One-time funding of $19,000 is provided in Fiscal Year 2010 for board member leave buyout.

2. **Consolidation of GMHB and EHO**
   
   Pursuant to Substitute Senate Bill 6422 (Hearing boards/environmental land use), the Growth Management Hearings Board and the Environmental Hearings Office will be consolidated into an Environmental and Land Use Hearings Office. One-time funding is provided for costs associated with leave buyouts.

3. **Temporary Layoffs**
   
   Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. Comments:

1. Health Information Exchange - Expenditure authorization for federal funds is provided for the authority to support planning and implementation of a common, shared health information exchange (HIE) in Washington state. The authority will coordinate the necessary governance, policies, technical services, business operations, and financing for the HIE over a four-year performance period. The federal grant of $11.3 million is provided through the Health Information Technology for Economic and Clinical Health provisions of the American Recovery and Reinvestment Act (ARRA). (General Fund-Federal)

2. Moore, et al. v. HCA - Additional authority is provided for costs associated with litigation on a class action seeking damages related to health care benefits for part-time employees in state agencies and institutions. (General Fund-State, Basic Health Plan Subscription Account-Nonappropriated)

3. Health Data Information Tech Trnf - Funding is transferred from the HCA to the Department of Social and Health Services to establish a health information technology plan and receive a 90 percent federal match via the Medicaid program.

4. Preserve Basic Health Plan - Funding from increased revenues from Senate legislation increasing the cigarette tax will preserve enrollment in the Basic Health Plan for approximately 36,600 individuals. (General Fund-State, Basic Health Plan Stabilization Account-State)

5. Community Clinic Grant Reduction - Beginning July 1, 2010, the Community Clinic grant program will be discontinued with the exception of funding to clinics that are not FederallyQualified Health Centers (FQHCs) that receive full-cost reimbursement for Medicaid clients in the Medical Assistance Administration budget. Additionally, community collaborative grants and dental residency grants which have already been distributed for FY 2011 are not reduced.

**Comments:**

1. **Eliminate Standards Board #** - The Law Enforcement and Corrections Standards Boards are proposed for elimination in executive request legislation.

2. **Drug Prosecution Assistance** - The Drug Prosecution Assistance Program is transferred from the Department of Commerce to the Criminal Justice Training Commission effective July 1, 2010.

3. **Reduce funding for Development Div.** - Funding is reduced for curriculum designers within the Development/Training/Standards Division; this represents a 4% reduction.

4. **Local Cost Share Option** - A reduction of $1.1 million is made in FY 2011. The CJTC may (1) require local law enforcement agencies to fund 25% of the cost of the students sent to the BLEA or (2) require local law enforcement agencies to train and certify students in firearms training prior to attending the BLEA and increase the number of students per academy from 30 to 40.

5. **6 Fewer Academies** - Funding is reduced to reflect funding six fewer academies in FY 2011 than the 16 assumed at maintenance level. The budget assumes serving 300 students.

6. **20% CJTC Administration Reduction** - A 20% reduction is taken in administration activities of the Criminal Justice Training Commission.

7. **Corrections Notification** - Funding is provided to reflect passage of 2SSB 6316 (law enforcement and corrections) and to make notification enhancements to the jail booking and reporting system. If the bill is not enacted by June 30, 2010, the appropriation will lapse.

* Near General Fund-State = GF-S + ELT
8. Temporary Layoffs - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. ### Comments:

1. **Fiscal Year Adjustment** - Due to a rising caseload and a smaller allocation of federal funds, the Crime Victims Compensation Program is authorized to shift General Fund-State funds from Fiscal Year 2011 to Fiscal Year 2010. This is a net zero impact to the General Fund.

2. **Reduc to Contractor Compliance Pgm** - A reduction made to the Contractor Compliance Program will result in lower Attorney General's Office charges and two fewer inspectors.

3. **Boiler Inspection Program Costs** - The Boiler and Pressure Vessel Program lacks sufficient expenditure authority to cover basic operating expenses. These expenses include travel for inspectors and advisory board members, the annual purchase of revised national code manuals, mobile computing equipment, inspector training on industry standards, and consumer education and outreach materials. Additional expenditure authority is provided to cover these ongoing and one-time costs. Revenues in the dedicated Pressure Systems Safety Account are more than sufficient to cover these increases without raising fees. (Pressure Systems Safety Account-State)

4. **Transfer Crime Victims Assistance** - The Office of Crime Victims Assistance is moved from the Department of Commerce to the Department of Labor and Industries. (General Fund-Federal)

5. **Convert to New Federal Medical Code** - Workers' compensation information technology systems must be modified to use new federal standard diagnosis codes for electronic billing or other data transactions. By October 2013, those transactions must be upgraded to use Version 10 of the International Classification of Diseases. Contracted programming and project staff are needed to convert the Department's system. (Accident Account-State, Medical Aid Account-State)

* Near General Fund-State = GF-S + ELT
6. **Prevailing Wage Backlog** - Two permanent FTE staff are proposed to eliminate the backlog of certified payroll requests and review of Statement of Intents to Pay Prevailing Wages and Affidavits of Wages Paid filed by contractors. (Public Works Account-State)

7. **Crime Victims Caseload Adjustments** - Funding is provided for an increased caseload and medical expenses.

8. **Crime Victims Compensation Changes** - Funding is reduced based on program benefit changes. The benefit reduction allows the department to continue to serve new clients who are eligible for the program.

9. **CVC Medical Rates** - Effective October 2009, the Crime Victims Compensation Program has reduced mental health and dental reimbursement rates to providers to match Medicaid rates.

10. **Farm Internship Program** - Funding is provided to implement SSB 6349 (Farm Internships). (Accident Account-State, Medical Aid Account-State)

11. **Human Trafficking** - Funding is provided to implement SSB 6332 (Human Trafficking). (Accident Account-State, Medical Aid Account-Local)

**Comments:**

1. **Discipline of Unsafe Nurses** - Additional expenditure authority is provided for increased investigators, legal staff, and health law judges to address the backlog of substance abuse cases. The Nursing Care Quality Assurance Commission (NCQAC) takes legal action on nurses’ licenses, based on complaints investigated and prosecuted. NCQAC dedicates resources to cases of patient death, serious harm, and abuse. Dedicating all current resources to the most serious cases causes delays in drug diversion/substance abuse cases which account for 42 percent of the workload. (Health Professions Account-State)

* Near General Fund-State = GF-S + ELT
2. **Discipline of Unsafe Providers** - Additional expenditure authority is provided to meet workload needs related to disciplining unsafe providers. This request funds disciplinary staff levels, as outlined in the Department's statistically valid formula. (Health Professions Account-State)

3. **MQAC Educational Programs/Research** - Additional expenditure authority is provided to report progress and outcomes to the Governor and the Legislature in an annual report and to develop a comparative report for the Governor and Legislature by December 2013. (Health Profession Account-State)

4. **Reduce Tobacco Prevention prgms** - Beginning July 1, 2010, tobacco usage prevention and treatment programs will be reduced. The state will still operate the Quit-Line, and focus on disparities in treatment for those most at risk of engaging in tobacco usage. (Tobacco Prevention and Control Account-State)

5. **Reduce Child and Maternal Health** - The Child and Maternal Health Division will achieve program savings through efficiencies gained by reorganizing division responsibilities.

6. **Hearing Disorder Awareness Trng** - State subsidized training provided through the Children's Hospital for intervention specialists and families of children with hearing disabilities is discontinued as of July 1, 2010. All federal funds dedicated to the program will remain.

7. **Universal Vaccination Savings** - In the 2009-11 Budget, the state's Universal Vaccination Program was discontinued. Due to trend changes and projected vaccination costs, the program will save an additional $1.8 million prior to its discontinuation.

8. **Reduce Area Health Centers** - Beginning July 1, 2010, contracts with two area health centers that work with communities to strengthen local rural health systems will be reduced by ten percent.

9. **Reduce Oral Health Tech Assistance** - For Fiscal Year 2011, the Department will reduce technical assistance to local health jurisdictions for oral health planning and access. In addition, coordination with DSHS for the improvement of children's access to dental health care will be reduced.

10. **Reduce Radiation Lab Testing** - Capacity for testing to support state laws and the regulation of medical radiation facilities is reduced for both fiscal years.

11. **Administrative Reductions** - The Department will reduce administrative functions. Portions of this reduction are related to central administrative cost allocation.

12. **Elim Medical Nutritional Therapy** - Support for nutritional therapy for qualifying (medical and financial) clients is eliminated. The reduction represents 18 months of program operations.

13. **DD Council and Endowment** - The Developmental Disabilities Council and Endowment are transferred from the Department of Commerce to the Department of Health beginning July 1, 2010. (General Fund-State, General Fund-Federal, Community and Economic Development Fee Account-State)

14. **EMS Trauma Fund Reductions** - The Trauma Care Fund (Fund) provides grants and reimbursement for trauma care services provided by ambulances and trauma care centers. Funding for these activities is reduced to accommodate decreased revenue into the Fund. (Emergency Medical State)

15. **Credentialing Health Professionals** - Additional expenditure authority is provided to meet the increased workload associated with credentialing Washington's health professionals. (Health Professions Account-State)

16. **Preventing Impaired Practice** - Additional expenditure authority is provided to keep pace with increased workload in the impaired physicians program. (Health Professions Account-State)

17. **Licensing Barriers to Nursing Care** - Additional expenditure authority is provided to meet increased workload in licensing nurses. (Health Professions Account-State)

18. **Fund Family Planning** - In 2009-2011 biennium, family planning funding was reduced in anticipation of receiving additional federal funds and flexibility. This funding is replaced due to the State having not received those federal funds or additional program flexibility in the Take Charge program.

* Near General Fund-State = GF-S + ELT
19. **Reduce Oral Health Program** - Funding is reduced for the Department's oral health program that works with a partnership of public and private groups to develop an oral health plan for Washington. The program is eliminated as of April 1, 2010.

20. **Remove State Funding for Water Rec** - Pursuant to SB XXXX, the Department is no longer responsible for regulating water recreation facilities. State funding is removed for this activity.

21. **Shift Temporary Farmworker Housing** - Pursuant to SB XXXX, responsibilities for regulation of temporary farmworker housing is shifted to the Department of Commerce.

22. **Reduce EMS Fee Subsidy** - Pursuant to SB XXXX, professional EMS personnel must pay their certification fees. State subsidies for these fees is removed.

23. **Public Health Fund Shift** - Current General Fund State funding to local public health jurisdictions is replaced with funding from the Tobacco Prevention and Control Account.

24. **Reduce Clinic Subsidies** - As of July 1, 2010, state subsidies to hospital clinics to support treatments for children with certain inheritable or metabolic disorders and sickle cell anemia are reduced. However, additional fee revenue will be provided, pursuant to SB XXXX to continue a portion of the treatment supports.

25. **Vaccine Association** - ESB 6263 creates a non-profit organization, which will allow insurance carriers to pool funds and place them in the Universal Vaccine Purchase Account. The Department will combine these funds with federal funds and purchase vaccines. (Universal Vaccine Purchase - Non-appropriated)

26. **Nursing Assistants** - Funding is provided to the Department to enact the provisions in ESSB 6582, which creates an alternative credentialing process for nursing assistants. (Health Professions Account-State)

**Comments:**

1. **Savings & Revenue in Veterans Homes** - State funding for Veterans Homes services is replaced with increased federal revenue from Medicare Part A services. Contracts are revised for goods and services in the skilled nursing facilities at Orting, Retsil, and Spokane. (General Fund-State)

2. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

3. Eliminate Purchasing Fees - The Department will contract for medical supplies and uniforms so that administrative purchasing fees paid to the Department of General Administration will no longer need to be paid.

* Near General Fund-State = GF-S + ELT
4. **Minimum Camp Capacity Reduction** - DOC will reduce operating capacity at the Cedar Creek Corrections Center from 500 to 480 offenders in order to achieve staff efficiencies and savings. Twenty offenders will be transferred to another minimum security facility.

5. **Unemployment Compensation Costs** - Agencies are required to find sufficient efficiencies in their operations to cover any increased unemployment insurance costs needed to allow them to perform their mission.

6. **Reduce Work Release Capacity** - Funding was received to finance the acquisition and construction of additional work release capacity. This funding is reduced as additional work release capacity is not needed this biennium.

7. **Merge Indeterminate Sentencing Review** - The Indeterminate Sentence Review Board (ISRB) is merged into the Department of Corrections. The function of the ISRB will continue. Savings are achieved by eliminating duplicate staff positions from both agencies.

8. **Parent Sentencing Alternative #** - Savings are assumed in SSB 6639 (confinement alternatives). The bill authorizes treatment and supervision for nonviolent offenders with minor children. The expected result is an average daily population reduction of 82 offenders. This reduction would allow DOC to close a prison unit at a women's facility. There are increased community supervision costs for the agency because of supplemental services that will be provided to offenders in lieu of a prison sentence.

9. **Downsize McNeil Island CC** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. The budget assumes that starting in February of 2010, the Department of Corrections will begin to convert McNeil Island Corrections Center into a minimum security facility and will reduce the inmate population from 1,249 to 512.

10. **Open Coyote Ridge Medium Units** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. As part of the proposal, the Department of Corrections will open units to maximize the capacity of Coyote Ridge Corrections Center in Connell.

11. **Close Larch Corrections Center** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. As part of the proposal, the Department of Corrections will close the Larch Corrections Center in Yacolt.

12. **Close Ahtanum View CC** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. As part of the proposal, the Department of Corrections will close the Ahtanum View Corrections Center in Yakima.

13. **Restore Facility Closure Reduction** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. The 2009-11 budget for the Department of Corrections included a reduction of $12 million for FY 2011 based on anticipated savings from implementation of a closure plan. Funding for this unspecified reduction is restored.

14. **Closure FTE Adjustment** - This technical adjustment reconciles the FTEs associated with correctional facility closure.

* Near General Fund-State = GF-S + ELT
15. **Downsize Pine Lodge CC** - The final recommendations of the facilities closure study directed by section 130 of the 2009-11 budget were used as a base for developing a facilities closure implementation plan which generates savings through more efficient use of existing prison capacity. The offender population at Pine Lodge Corrections Center for Women (PLCCW) in Medical Lake is reduced by 50% to 86 for FY 2011. The Department of Corrections is to evaluate options for incarcerating women from eastern Washington counties in eastern Washington.

16. **Tolling for Violators** - Tolling is eliminated for those in pre-hearing confinement on a violation and those who have been sanctioned to jail for a violation. A violator's community supervision sentence will run continuously regardless of whether an offender is incarcerated at any time during the sentence or in pre-hearing confinement.

17. **Neighborhood Partnership Officers** - Funding is provided for community corrections officers to work in partnership with local law enforcement officers to improve public safety and offender accountability.

18. **Youthful Offenders from JRA** - Juveniles who are scheduled to finish their sentence in a Department of Corrections (DOC) facility are transferred from the Juvenile Rehabilitation Administration to DOC at the age of 18.

19. **Early Deporation** - Savings are assumed with the passage of legislation directing the early deportation of eligible alien offenders. Savings are based on an immediate effective date and implementation by the Department beginning July 1, 2010.

20. **Assaulting a Law Enforcement Off.** - Funding is provided to reflect passage of SSB 6550 (assault against law officer). The bill provides that an offender who violates the terms of community supervision by assaulting a law enforcement officer to be sanctioned to up to one year in total confinement.

21. **Sex Offender Registration** - Savings are assumed to reflect the requirements of SSB 6414 (modifying sex offender registration).

22. **Dept of Labor Settlement** - Funding is provided to implement the settlement of the lawsuit, Hilda Solis, Secretary of Labor, United State Department of Labor v. State of Washington, Department of Corrections, United States District Court, Western District of Washington, Cause No. C08-cv-05362-RJB.

23. **Closure Health Services Adjustment** - Funding is provided for health services costs at Monroe Correctional Complex and the Washington State Penitentiary associated with facility closure and consolidation.

24. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

25. **L & I Rate Changes for Institutions** - Agencies are required to find sufficient efficiencies in their operations to cover any increased worker's compensation costs needed to allow them to perform their mission.

**Comments:**

1. **Tax Administration #** - Increased funding is needed to implement the proposed changes in the delinquency unemployment insurance tax rate and the penalty for knowingly failing to register. (Unemployment Compensation Administration Account-Federal)

2. **Worker Retraining** - Funding is provided for information technology and other administrative expenses related to the expansion of 6,000 worker retraining slots at the State Board of Community and Technical Colleges. (Back-To-Work Retraining Account)

3. **State Labor Information Improvement** - Employment Security Department received notification of award for the ARRA-State Labor Market Information Improvement Grant. The purpose of this grant is to allow ESD to build upon existing information products by integrating characteristics of Green Jobs. It will combine green jobs data with existing Workforce information, creating a comprehensive set of tools and reports to assist jobseekers and job counselors in transitioning claimants into green jobs. #### 2010 Policy Non-Comp Changes:

1. **Administrative and Staff Reductions** - Funding is reduced to reflect savings from the elimination of 20 administrative FTE staff. Case carrying social workers are not effected by these reductions. (General Fund-State, General Fund-Federal)
2. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

3. **Evaluations and Treatment** - Neuropsychological testing and neuro-behavioral examinations for adults or children are reduced to reflect anticipated decrease in foster care caseloads. Ongoing counseling, case consultation, and family or group treatment services remain available.

4. **Ancillary and Child Services** - Funding is reduced to reflect a five percent savings achieved through efficiency measures adopted by the agency.

5. **Administrative Streamlining** - Additional staffing reductions are achieved through efficiencies in the executive workforce. (General Fund-State, General Fund-Federal)

6. **Comprehensive Assessment Program** - Comprehensive safety assessments are eliminated for families receiving voluntary services. Safety assessments of families with an infant age birth to fifteen days where the infant was diagnosed as substance exposed are not reduced. (General Fund-State, General Fund-Federal)

7. **Crisis Family Intervention** - Funding is reduced by 50 percent for Crisis Family Intervention (CFI) services. These services are part of larger family reconciliation services (FRS) which are aimed at youth 12 to 17 years of age and their families. A CFI referral is due to a brief conflict and not ongoing chronic issues. Other FRS services are not reduced.

8. **Secure Crisis Residential Centers** - Funding is provided for Secure Crisis Residential Centers from the Home Security Account rather than the General Fund-State. (Home Security Fund Account-State, General Fund-State)

9. **Hope Centers** - Funding is provided for these beds from the Home Security Fund rather than General Fund-State. (Home Security Fund Account-State, General Fund-State)

10. **Child Care for CPS Clients** - Funding to assist parents with child care in an effort to maintain the child in the home is reduced by five percent.

11. **Family Preservation Services** - Funding is reduced by 25 percent for Family Preservation Services. These are contracted services used to reunite families or to prevent entry into the child welfare system.

12. **Transfer Independent Youth Housing#** - The independent youth housing program provides rental assistance and case management to eligible youth who have aged out of the state dependency system. This program is transferred from the Department of Commerce.

13. **Planning Policy Development** - Savings will be achieved through a reduction of four FTE staff associated with non-essential business functions. (General Fund-State, General Fund-Federal)

14. **Street Youth Program** - Funding for the Street Youth Program is discontinued. The Street Youth Program provides assistance to homeless youth living on the streets. (Home Security Fund Account-State)

15. **Adoption Maintenance** - Federal law requires that adoptive parents may not receive a monthly payment higher than what the child would have received in foster care for the same time period. Adoptive parents may also receive up to a $10,000 tax credit for the adoption of a child. Savings are achieved through setting a maximum adoption payment standard of ninety-percent of the foster care maintenance payment in the same time period for future adoptions. The item does not reduce current adoption assistance agreements. (General Fund-State, General Fund-Federal)

16. **Alternative Response** - Funding is reduced by 25 percent. The alternative response system are contracted services to families whose CPS referrals are determined to be low risk or moderately low risk of intake following an investigation. (General Fund-State, General Fund-Federal)

17. **Child Advocacy Centers** - Funding is reduced for child advocacy centers to reflect a ratable reduction to services.

18. **Foster Care Maintenance** - Savings are achieved through a two percent ratable reduction to foster care maintenance payments. (General Fund-State, General Fund-Federal)

19. **Foster Care Recruitment** - Funding is reduced for foster care recruitment to reflect use of informal networks of community-based outreach and recruitment, including former or current foster parents and local community organizations. (General Fund-State, General Fund-Federal)

* Near General Fund-State = GF-S + ELT
20. **Kinship Support** - Savings are achieved through a reduction in kinship support services to reflect anticipated decrease in foster care caseloads. (General Fund-State, General Fund, Federal)

21. **Pediatric Interim Care** - Funding is reduced to reflect a change in payment methodology. Savings are assumed by moving to an average bed utilization funding model versus a flat contract rate. Savings can also be achieved through other efficiencies in the delivery of pediatric interim care services. The efficiencies include, but are not limited, to increasing capacity for services in community-based settings. (General Fund-State, General Fund-Federal)

22. **SSI Reimbursements** - Funding is provided for additional SSI facilitators to move children in foster care from a state only foster care payment or a state and federal foster care payment to a Supplemental Security Income payment. (General Fund-State, General Fund-Federal)

23. **Supervised Visits** - Savings reflects changes to reimbursement methodology. Children's Administration will reimburse for either mileage or hours but not both. (General Fund-State, General Fund-Federal)

24. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

**Comments:**

1. **Stimulus FMAP Extension** - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

2. **Reinstate Closure Funding** - The 2009-11 Budget included a study to develop a plan to close 235 beds in juvenile institutions and reduced funding for the Juvenile Rehabilitation Administration by $12 million in FY 2011. Because the budget assumes closure of Maple Lane School by June 30, 2013 and makes other capacity and institutional staff reductions the unspecified reduction is restored.

3. **Youthful Offenders to Corrections** - Juveniles who are scheduled to finish their sentences in a Department of Corrections (DOC) facility are transferred from the Juvenile Rehabilitation Administration to DOC at the age of 18.

4. **Reduce Institution Staffing** - The number of administrative staff at the institutions is reduced; 16 FTEs and $958,000 is restored to reflect complete closure of Maple Lane School.

5. **Limit Manifest Injustice #** - According to the Juvenile Rehabilitation Administration and the WA Associaiton of Juvenile Court Administrators some youth receive manifest injustice (MI) sentences in order to obtain mental health and chemical dependency treatment in JRA institutions. Senate Bill 6868, limits judicial discretion in sentencing youth outside of the sentencing range. The budget assumes bed savings for 43 youth subject to an MI into JRA, that is, but for the MI sentence the youth would not have been committed to JRA. Of the $1,792,000 in marginal cost and staff savings above marginal cost, $1,237,000 is for local treatment using the Chemical Dependency Disposition Alternative, alternative mental health and treatment for co-occuring needs for net savings of $555,000. For the 37 youth subject to an MI up., that is, the youth would have been committed to JRA for a standard range sentence, but for the MI, the marginal and staff cost savings are $1,542,000 less $594,000 for parole.

* Near General Fund-State = GF-S + ELT
6. **Juvenile Court Reduction** - County pass-through funding for juvenile courts is reduced by ten percent, effective April 1, 2010. The reduction is in non-evidence based, non-sex offender disposition alternative funding.

7. **JRA Administrative Staff Reduction** - JRA will further restructure and streamline administrative operations by reducing regional and headquarters staffing.

8. **Close Maple Lane School** - Funding from the State Efficiency and Reorganization Account is provided and savings are assumed for the closure of Maple Lane School by June 30, 2013. Phased reduction and reallocation of capacity from MLS as follows (amount remaining from full funding and capacity): 70% in FY 2011, 40% in FY 2012 and 20% in FY 2013. The capital budget provides $15 million in certificate of participation authority for renovation and construction of specialized housing and treatment facilities, to be paid with the savings associated with closure of the Maple Lane School.

9. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

10. **L&I Rate Changes for Institutions** - Agencies are required to find sufficient efficiencies in their operations to cover any increased worker's compensation costs needed to allow them to perform their mission.

Comments:

1. Administrative and Staff Reductions - Savings will be achieved by reducing staff and abolishing vacant positions at headquarters and the institutions.

2. Stimulus FMAP Extension - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

3. Implement New Medicaid Rates - The Department of Social and Health Services has completed a federally-required "rebasing" and actuarial re-certification of the managed care rates that are paid to Regional Support Networks (RSNs) for delivery of Medicaid mental health services. Sufficient state and federal funds are provided to set rates at a level equivalent to (1) the RSN's current state and federal funding level; (2) at the lower end of the RSN's new actuarially-sound rate range, if that is higher than the RSN's current funding level; or (3) at the top of the RSN's new federally-allowable rate range, if that is less than the RSN's current rate. This is expected to result in higher state and federal payment levels in two RSN areas; in no change in the total funding available in nine others; and in reductions of 7-13% in two quite sparsely populated regions. Funds are included in this step for technical assistance and training on strategies for increasing service delivery in such "frontier" counties. (General Fund-State, General Fund-Federal)

* Near General Fund-State = GF-S + ELT
4. **Administrative Streamlining** - Additional staffing reductions are achieved through efficiencies in the executive workforce.

5. **Reduce Non-Medicaid Funding** - Community mental health funding for people and services not eligible for the state/federal Medicaid program is reduced by approximately 1 percent in Fiscal Year 2011. This results in a combined biennial reduction of 10 percent to such services.

6. **Transfer Mental Illness Housing** - The Housing Assistance for Persons with Mental Illness program provides operating assistance to projects that provide housing for mentally ill persons in Pierce County to ensure that housing is safe and affordable and services are easily accessible. This program is transferred from the Department of Commerce to the Department of Social and Health Services.

7. **RSN Local Match** - Appropriation authority is provided so that Regional Support Networks may provide additional Medicaid services with a combination of local and federal funds. (General Fund-Federal, General Fund-Private/Local)

8. **Involuntary Treatment Assessments** - As required by Senate Bill 6791 (Involuntary Treatment Assessments), funds are provided for the Washington State Institute for Public Policy to identify research-based tools that might be used to more objectively and consistently determine when a person poses such a danger to themselves or others by reason of a mental condition as to require involuntary mental health treatment.

9. **Non-Medicaid ECS Funding** - Non-Medicaid Expanded Community Services (ECS) funding is suspended for Fiscal Year 2011. This funding was first provided the western Washington Regional Support Networks in 2001-03 to assist with the cost of services not eligible for federal Medicaid match required by persons returning to their communities from the state psychiatric hospitals.

10. **PALS Community Alternatives** - Since 2008, the western Washington Regional Support Networks have been allocated $6.5 million per year to provide care in the community or to purchase it at Western State Hospital for adults who do not qualify for long-term psychiatric hospitalization. This funding is reduced by 19 percent in FY 2011.

11. **Psychiatric Security Review Panel** - Funds are provided for implementation of Senate Bill 6610, which establishes a new independent panel to review and provide recommendations to the court on all applications for release of persons who have been judged not guilty by reason of insanity.

12. **Medicaid Match on PACT** - Programs for Assertive Community Treatment (PACT) teams provide evidence-based, intensive, and multi-disciplinary community mental health services to individuals at demonstrated risk of repeated and long-term psychiatric hospitalization. The department will implement strategies by April 2011 to incorporate most of the services provided into Medicaid managed care rates, while maintaining service quality and consistency with evidence-based practice. (General Fund-State, General Fund-Federal)

13. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted to account for the savings that are to be achieved through mandatory and voluntary furloughs; additional days off without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

14. **L&I Rate Changes for Institutions** - Agencies are required to find sufficient efficiencies in their operations to cover increased worker's compensation costs.

### 2010 Policy Non-Comp Changes:

1. **Stimulus FMAP Extension**
   - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

2. **Reduce County Employment Contracts**
   - County contracts for employment and day services will be reduced by approximately three percent. (General Fund-State, General Fund-Federal)

3. **Suspend Employment Partnership**
   - The Jobs by 21 Partnership provides project awards to counties to help leverage funding to improve employment outcomes for individuals with developmental disabilities. The Partnership will be reduced by 75 percent in Fiscal Year 2010. It will be completely suspended as of July 1, 2010. (General Fund-State, General Fund-Federal)

4. **Utilization of Residential Services**
   - Funding is provided to address greater utilization of Division of Developmental Disabilities residential services in Adult Supported Living, Child Supported Living, Group Homes, Community Protection, and Intermediate Care for the Mentally Retarded. (General Fund-State, General Fund-Federal)

### Senate Chair

* Near General Fund-State = GF-S + ELT
5. Eliminate State Only E & D - State-only funded supported employment and day services will no longer be offered. This will impact approximately 200 clients who do not qualify for Medicaid. (General Fund-State)

6. Increase Adult Fam Home License * - License fees for Adult Family Home will be increased to cover approximately 50 percent of the cost of providing the licensure and re-inspection services that the agency is required to provide. Beginning July 1, 2010, the annual license fee will be $1,187. (General Fund-Federal, Private-Local)

7. Waiver Graduate Employment Services - Funding is provided for supported employment and day service for approximately 343 graduating high school or transition students. These students are currently on a Home and Community Based Services Waiver and supported employment and day services are a component of the waiver. Funding was not included for these waiver clients in the 2009-11 Biennial Budget. (General Fund-State, General Fund-Federal)

8. DD Community Protection Residential - Residential services, employment services, specialized therapies, and intensive case management and supports are provided for 13 additional new clients who pose a public safety risk. (General Fund-State, General Fund-Federal)

9. DD Expanded Community Residential - Residential services and support will be provided for 24 people with developmental disabilities that will be aging out of other DSHS services such as the Juvenile Rehabilitation Administration and Children's Administration without other living arrangements available. (General Fund-State, General Fund-Federal)

10. Increase Residential License Fees # - License fees for nursing homes and boarding homes are increased to cover the cost of providing the licensure and re-inspection services that the agency is required to provide. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

11. Eliminate Hours Add-On - Authorized in-home personal care hours for clients who receive the highest possible authorization of hours for special meal preparation or incontinence despite having assistance available from family or friends are reduced. Authorization for service hours will now, like other services, be based upon the individual's assessed needs. Approximately 1,400 Division of Developmental Disabilities clients will have a reduction in service hours. (General Fund-State, General Fund-Federal)

12. NH Level of Care for MPC Clients - The state has the option of setting eligibility levels for Medicaid Personal Care (MPC), an optional service under the Medicaid program. New standards will equal nursing facility level of care. Approximately 600 in-home clients will lose MPC benefits. (General Fund-State, General Fund-Federal)

13. DD Revised Residential Phase-In - The phase-in schedule for funding additional individuals entering the Expanded Community Services and Public Safety programs is adjusted. This is necessary to match the number of people with developmental disabilities being released from mental hospitals, correctional facilities, or aging out of other department systems such as foster care this year who do not have other living arrangements. (General Fund-State, General Fund-Federal)

14. Refinance and Close FHMC - Frances Haddon Morgan Center will be closed and all residents relocated to other appropriate community and institutional settings. General Fund-State savings are assumed from the financing of the closure. (General Fund-State, State Efficiency and Restructuring Account)

15. Reduce Homecare Agency Admin - The administrative portion of the hourly vendor rate paid to homecare agencies for providing in-home care is reduced by 68 cents. (General Fund-State, General Fund-Federal)

16. Adjust Federal ARRA Authority - The department did not fully spend all the enhanced Federal stimulus funding in FY 2009 and FY 2010. Additional Federal expenditure authority is provided in FY 2011. (General Fund-Federal)

17. Senate Infant and Toddler - Pursuant to SB 6593 the Infant Toddler Early Intervention Program is moved from the Department of Social and Health Services to the Department of Early Learning. (General Fund-State, General Fund-Federal)

### 2010 Policy Non-Comp Changes:

1. **Stimulus FMAP Extension**
   - The Federal Medical Assistance Percentage (FMAP) is the share of Medicaid costs that the federal government provides. The American Recovery and Reinvestment Act of 2009 increased FMAP by almost 13 percentage points for FY 2010 and the first six months of FY 2011. The Legislature anticipates that the FMAP increase from 50.00 percent to 62.94 percent will be extended for six additional months through June 2011, resulting in a reduction in state expenditures for services that receive Medicaid Title XIX and Title VI E federal match. (General Fund-State, General Fund-Federal)

2. **Administrative Streamlining**
   - The agency will reduce its executive workforce. (General Fund-State, General Fund-Federal)

3. **TBI Transfer #**
   - The unspent balance in the Traumatic Brain Injury (TBI) fund is used to offset costs for long term care clients such as increases in mandatory caseloads. As of September 2009, long term care was serving 2,092 clients in the home and community based system and 136 clients in the nursing home system with some level of TBI. (General Fund-State, Traumatic Brain Injury Account)

4. **Nursing Home Rate Reduction**
   - Pursuant to SB 6872, the nursing facility rate payment methodology is adjusted to emphasize payments to the standard of an efficient and economical facility. (General Fund-State, General Fund-Federal)

5. **ProviderOne Implementation**
   - Two temporary FTE staff and associated funding are required to develop and implement an automated interface between the Department's ProviderOne payment system and the Aging and Disability Services Administration's Case Management Information System. (General Fund-State, General Fund-Federal)

(General Fund-State, Traumatic Brain Injury Account)

4. **Nursing Home Rate Reduction** - Pursuant to SB 6872, the nursing facility rate payment methodology is adjusted to emphasize payments to the standard of an efficient and economical facility. (General Fund-State, General Fund-Federal)

5. **ProviderOne Implementation** - Two temporary FTE staff and associated funding are required to develop and implement an automated interface between the Department's ProviderOne payment system and the Aging and Disability Services Administration's Case Management Information System. (General Fund-State, General Fund-Federal)
6. Reduce Senior Citizens Services Act - The state portion of the Senior Citizens Services Act funding is reduced. (General Fund-State)

7. Increase Adult Fam Home License * - License fees for Adult Family Home will be increased to cover more of the cost of providing the licensure and re-inspection services that the agency is required to provide. Beginning July 1, 2010, the annual fee will be $1,187. (General Fund-State, General Fund-Federal, Private-Local)

8. Adult Day Health - TRO - The savings assumption for the elimination of Adult Day Health services in the 2009-11 Biennial Appropriations Act is reversed due to a lawsuit. (General Fund-State, General Fund-Federal)

9. Increase Residential License Fees # - License fees for nursing homes and boarding homes are increased to cover the cost of providing the licensure and re-inspection services that the agency is required by law to provide. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

10. Eliminate Hours Add-On - Authorized in-home personal care hours are reduced for those clients who are receiving the highest possible authorization of hours for special meal preparation or incontinence, despite having assistance available from family or friends. Authorization for service hours will now, like other services, be based upon the individual's assessed needs. Approximately 8,100 Long Term Care clients will receive a reduction in authorized service hours. (General Fund-State, General Fund-Federal)

11. NH Level of Care for MPC Clients - The state has the option of setting eligibility levels for Medicaid Personal Care (MPC), an optional service under the Medicaid program. New standards will equal nursing facility level of care. This will cause 700 in-home clients to lose MPC benefits. (General Fund-State, General Fund-Federal)

12. WHCA v Dreyfus FY10 Impact - The savings assumed in the 2009-11 Biennial Appropriations Act from a rate reduction to skilled nursing facilities is reversed. (General Fund-State, General Fund-Federal)

13. Reduce Homecare Agency Admin - The administrative portion of the hourly vendor rate paid to homecare agencies for providing in-home care is reduced by 68 cents. (General Fund-State, General Fund-Federal)

14. Adult Day Health - Revised Savings - A court decision blocked the 2009-11 decision to only offer Adult Day Health services to in-home clients, resulting in lower savings than were assumed in the biennial budget. All clients who were previously denied services will be offered reinstatement by December. The program will move to a 1915(i) Medicaid state plan option as of January 1, 2010 and enrollment will be capped. (General Fund-State, General Fund-Federal)

15. Expedite Nursing Home Discharges - The savings assumed in ESHB 2921 for providing additional nursing home discharge staff to help an additional 700 Medicaid nursing home residents move to community care residential settings when they are ready is adjusted. (General Fund-State, General Fund-Federal)

#### 2010 Policy Non-Comp Changes:

1. **Administrative and Staff Reductions** - Administrative efficiencies from consolidating office functions in the Economic Services Administration will allow the agency to achieve savings. (General Fund-State, General Fund-Federal)

2. **Planning & Policy Development** - Savings will be achieved through a reduction of three FTE staff associated with non-essential business functions. (General Fund-State, General Fund-Federal)

3. **Administrative Streamlining** - Additional staffing reductions are achieved through efficiencies in the executive workforce. (General Fund-State, General Fund-Federal)

4. **Child Support Pass-Through Payments** - Additional savings are achieved by reducing the child support pass-through to $50 for all families. (General Fund-State, General Fund-Federal)

5. **Redistribution of Fed Tax Intercept** - Additional savings are achieved by suspending the redistribution of Internal Revenue Service (IRS) refund payments. The federal Deficit Reduction Act allows states to pay support collected through the federal tax offset procedure to former TANF families before repaying the state debt. Effective October 1, 2008, IRS collections began to be distributed to families first, whether on TANF or not. The redistribution of federal refund payments to former TANF families before repaying the state debt is suspended. (General Fund-State, General Fund-Federal)

6. **Transfer OFR to Div Child Support** - The Office of Financial Recovery is transferred to the Division of Child Support within the Economic Services Administration in order to consolidate all of the agency's financial recovery functions in one area. (General Fund-State, General Fund-Federal, General Fund-Private/Local)

7. **Basic Food Stimulus Funds** - As part of the FFY 2011 federal defense appropriations, the state is expected to receive $10.9 million in additional food stamp administration funding. These funds do not have matching requirements. (General Fund-State, General Fund-Federal)

8. **Federal Food Stamp Admin** - Savings are assumed through a reduction in administrative expenditures related to the processing of basic food benefits.

9. **Child Care Policy and Eligibility** - The Working Connections Child Care policy functions are transferred from the Department of Early Learning to the Department of Social and Health Services in order to consolidate policy functions with eligibility determinations. Savings are realized from eliminating duplicate policy functions in both agencies. (General Fund-State, General Fund-Federal)

10. **State Food Assistance Program** - The State Food Assistance Program expenditures are estimated to be 75 percent higher than the enacted budget. To ensure assistance is provided to all who are eligible, this item reduces the benefit amount by six percent.

11. **Reform GAU** - The GAU cash program emphasis is changed and placed on services and tools that will lead to better outcomes for clients. GAU clients with co-occurring drug or alcohol addictions will be required to participate in drug and alcohol treatment enabling faster transition to SSI (where drug or alcohol addiction cannot be a material factor). Homeless clients will be required to accept housing and other shelter services to provide for stability and more effective case management. If clients are referred to these services and choose not to participate in either service they will not be eligible for cash benefits but their medical and food stamp benefits will continue. The program also offers a cash benefit for emergency circumstances. Once a client moves onto GAX, the normal cash benefit will become available. Savings are assumed from caseload attrition and reduced cash benefit.

12. **Reduce Job Search** - Funding for the WorkFirst job search activities is reduced to reflect increased federal funding at WorkSource offices and aligning Washington's job search policy with the more lenient federal rules.

13. **TANF Grants** - Reduces TANF grants for all recipients by 7.5 percent.

14. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

2. Medicare Part D Stimulus FMAP - The 2009-11 enacted budget assumed $85 million in state savings from reduced Medicare Part D "clawback" payments for prescription drugs as a result of the ARRA enhanced federal match provisions, which did not list these payments in the list of items exempt from enhanced federal match. The Centers for Medicare and Medicaid Services (CMS) issued a guidance stating that Medicare Part D clawback payments were not eligible for enhanced FMAP. In order to comply with CMS guidance, the 2010 Supplemental budget assumes an increase in clawback payments at the maintenance level. The US Department of Health and Human Services released notice on February 18th, 2010 that these payments are eligible for the enhanced FMAP, which reverses CMS's previous guidance and yields $89 million in state savings. These savings will be realized through deductions to the amount states owe prospectively on clawback payments.

3. Administrative Streamlining - Additional staff reductions are achieved through streamlining the executive workforce. (General Fund-State, General Fund-Federal)

4. Decision Support & Data Analysis - Seven FTE staff are eliminated across the Department of Social and Health Services in decision support and data analysis functions. (General Fund-State, General Fund-Federal)

5. CHIPRA Bonus Payment - A one-time performance bonus payment for federal fiscal year 2009 was awarded by CMS pursuant to the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) based on increases in children's enrollment above a targeted level. (General Fund-State, General Fund-Federal)

6. GAU Caseload - Funding is provided for enrollment in the General Assistance-Unemployable (GA-U) caseload above levels supported by the 2009-11 appropriation, as projected in the Caseload Forecast Council (CFC) February 2010 forecast. (General Fund-State, General Fund-Federal)

7. ProviderOne Implementation - Funding is provided for implementation of the ProviderOne, which will replace the department's legacy system for Medicaid claims processing. Additional federal expenditure authority and state fund transfers from FY 2010 to FY 2011 are provided. The additional federal authority will allow for an expanded test environment and supporting services for providers. (General Fund-State, General Fund-Federal)

8. Pause ProviderOne Phase 2 and 3 - Implementation of the ProviderOne project is paused at the end of Phase One. Sufficient funding is provided for post-implementation Phase One operations, maintenance, stabilization and certification. However, savings are achieved by eliminating FY 2011 funding for continued development and implementation for Phases Two and Three. The department will pursue necessary system certification and approval from CMS. (General Fund-State, General Fund-Federal)

9. Disability Determination Workload - Additional federal expenditure authority is provided to support increased workloads for determining eligibility for federal disability benefits. (General Fund-Federal)

10. Move GAU Medical to Manage Care - The General Assistance-Unemployable (GA-U) program began the transition to a managed care system of service delivery in November 2009. Approximately 80 percent of the caseload is now in managed care and the per person per month (pppm) cost is $72 higher than the fee-for-service equivalent benefit package. This is due primarily to the addition of a mental health benefit ($32 pppm) and care coordination and administration ($40 pppm), as estimated by the department's actuary. Per the managed care contract with DSHS, the care coordination package includes improved facilitation from GA-U to the General Assistance-X program (GA-X) and Supplemental Security Income (SSI) programs.

11. Correcting Medical Asst Admin Base - The MAA administrative budget is adjusted to reflect a 7.5 percent reduction from the 2007-09 administrative base. The 2009-11 enacted budget overstated the administrative reduction and would have resulted in a 17.5 percent reduction from the 2007-09 administrative base. Funds from this restoration in the amount of $200,000 will go toward contracting for a Medicaid cost containment study through the Joint Legislative and Audit Review Committee (JLARC) due to the fiscal committees of the legislature by June 2011. (General Fund-State, General Fund-Federal)
12. Hospital Safety Net Assessment - Pursuant to Senate Bill 6758, the Hospital Safety Net Assessment fund is created in the state treasury. Hospitals will provide the funds to leverage federal Medicaid match and most of the increased revenues ($188 million) will be returned to the hospitals in the form of increased inpatient and outpatient reimbursement rates ranging from four percent to 16 percent for inpatient services and between four percent and 36 percent for outpatient services. The hospital assessment is based on the number of non-Medicare inpatient days, and the assessment amounts are increased in four phases from July 2009 through June 2013. Hospitals exempt from the assessment include those that are owned or operated by the federal or state government, those that participate in the Certified Public Expenditure (CPE) program, those that do not charge directly or indirectly for hospital services, and long-term acute care hospitals. The sum of $33 million is provided for the state to fund other programs and cover the department's cost of administering the program for the 2009-11 biennium. (General Fund-State, Hospital Safety Account-State)

13. Community Clinic FQHC Rate Increase - In response to a 2006 federal CMS audit, the per person reimbursement amount to ensure that Federally Qualified Health Centers (FQHCs) are paid at their cost for Healthy Options (HO) managed care clients was reduced to be consistent with the fee-for-service encounter rate upon which it is intended to be based. In order to offset this reduction, a new Washington state specific inflationary index will be used to replace the Medicare Economic Index (MEI) in determining the FQHC fee-for-service encounter rates. As a result of this change, encounter rates paid to these clinics will increase by 3.8 percent per year compared to 1.2 percent per year under the MEI for the 2009-11 biennium. This increase is projected to offset the reductions taken as a result of the lower HO enhancement rates, and significantly increase both utilization rates and the amount paid to FQHCs in the 2011-13 biennium. (General Fund-State, General Fund-Federal)

14. Reduce Dental Enhancements - Dental expenditures are to be reduced in guidance with the 2007-09 budget notes that directed any increases from the enhancements provided to remain within appropriations. Dental expenditures have increased by over 46 percent from FY 2007 to FY 2009. This reduction allows for an annual average total expenditure growth rate of 14 percent from FY 2007 through FY 2011. Savings are to be achieved by reductions to the enhancements made during the 2007 legislative session. The department will maintain a dental benefit package that is at least equivalent to the benefit package available during the 2005-07 biennium. (General Fund-State, General Fund-Federal)

15. Suspend Apple Health Outreach - Funding for outreach activities related to the Apple Health for Kids program is suspended. (General Fund-State, General Fund-Federal).

16. DSH Program Reductions - Funding for Indigent Assistance Disproportionate Share Hospital (DSH) payments are suspended for FY 2011. (General Fund-State, General Fund-Federal)

17. HO Administrative Adjustment - The Healthy Options Quality Incentive Pool payments of $2 million per year are suspended. Additionally the administrative component of the delivery case rate (DCR) is grown by the Medicare Economic Index (MEI) from 2007 through 2010 rather than being increased proportionately with a 21.5 percent increase in the DCR that occurred as a result of the 2007 rebasing of inpatient hospital reimbursement. (General Fund-State, General Fund-Federal)

18. Reform GAU - Funding is provided for a reformed General Assistance-Unemployable (GA-U) program. Appropriations assume that effective September 1, 2010, the department will implement a time limit of 12 months in a 24 month period. This results in a caseload reduction of about 5,400 clients resulting in a 30 percent reduction in the average annual caseload from 18,200 to 12,800 for FY 2011. (General Fund-State, General Fund-Federal)

19. Temporary Layoffs - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

20. Professional Svcs Supplemental Pymt - As directed by the Legislature and starting retroactively July 1, 2009, the Department of Social and Health Services will implement the professional services supplemental payment program for University of Washington (UW) Medicine professional providers. The program will increase rates to the Average Commercial Rate to maximize allowable payment levels under the Medicare Upper Payment Limit (UPL). Additional federal and local appropriation authority is provided to include Valley Medical Center and Olympic hospitals in the program. (General Fund-Federal, General Fund-Private/Local)

21. Electronic Health Record Project - Additional federal expenditure authority is provided to develop the Health Information Technology Medicaid Plan, as created in the American Recovery and Reinvestment Act. The Health Care Authority is the lead agency and received funding in the 2009-11 budget to implement the state efforts. The ten percent state match for the federal expenditure authority is transferred from the Health Care Authority to DSHS. (General Fund-State, General Fund-Federal)

**Comments:**

1. **Administrative and Staff Reductions** - The agency's Administrative and Support Services Program, which includes Executive Management, Financial Services, and Management Services, will reduce 15 FTE staff and continue to reduce travel, equipment, and contract expenses to achieve savings. This is in addition to the 101 FTE staff reduction implemented by the program in the 2009-11 Biennial Appropriations Act. (General Fund-State, General Fund-Federal)

2. **Council Child & Family Reduction** - Savings are assumed in the operations of the Council on Children and Families. (General Fund-State)

3. **Streamline Planning & Policy** - The elimination of 13 FTE staff will reduce the agency's planning and policy development functions. (General Fund-State, General Fund-Federal)

4. **Administrative Streamlining** - The agency will reduce its executive workforce. (General Fund-State, General Fund-Federal)

5. **Decision Support & Data Analysis** - Savings are assumed throughout the Department of Social and Health Services in decision support and data analysis functions. (General Fund-State, General Fund-Federal)

6. **Reimburse Spokane County Sheriff** - The Spokane County Sheriff's office is reimbursed for expenses related to apprehending a resident of Eastern State Hospital, Phillip Paul, in September of 2009. (Institutional Impact Account)

7. **Transfer OFR to Div Child Support** - The Office of Financial Recovery is transferred to the Division of Child Support within the Economic Services Administration in order to consolidate the agency's financial recovery functions. **Comments:**

1. **Eliminate City Agreement Funding** - The Special Commitment Center currently funds an agreement with the City of Seattle Police Department. This funding is discontinued, effective January 2010.

2. **Limit Evaluation Costs #** - The Special Commitment Center (SCC) is responsible for paying all costs associated with the evaluation and treatment of SCC residents. The SCC will place a cap on all professional fees and associated activities related to the evaluations.

3. **Reduce SCTF Staffing Ratios #** - The staffing models for the Secure Community Transition Facilities (SCTF) operated by the Special Commitment Center are mandated in statute. The SCTF staff ratios are adjusted to a more efficient staffing workload model by proposed legislation.

2010 Policy Non-Comp Changes:

1. Reduce Litter Pickup  
   - Funding and FTE staffing are reduced on a one-time basis for litter pickup activities managed by the Department of Ecology, other state agencies, and local governments. This reduction also includes a reduction in associated administration funding. Remaining litter pickup funding of $1.0 million is dedicated to litter pickup along interstate highways, with a focus on maximizing the use of correctional crews. (Waste Reduction, Recycling, and Litter Control Account-State)

2. Five Percent Admin. Reduction  
   - The Department of Ecology will effect an ongoing five percent reduction in administrative costs. (General Fund-State, General Fund-Federal, Various Other Accounts)

3. Eliminate Advisory Groups #  
   - Funding and FTE staff are reduced pursuant to Engrossed Substitute Senate Bill 6426 (boards and commissions), which eliminates the State Solid Waste Advisory Committee and the Well Drilling Technical Advisory Committee. (General Fund-State, Various Other Funds)

4. Teck Cominco Litigation  
   - One-time funding is provided for Attorney General services and expert-witness costs associated with the Pakootas et al. v. Teck Cominco, Ltd., case concerning a toxic cleanup site on the Upper Columbia River. The Department of Ecology and the Confederated Tribes of the Colville Reservation are co-plaintiffs in this litigation, which addresses the liability, under federal cleanup law, of a smelter complex located in British Columbia, Canada, for cleanup and natural resource restoration costs at the site. 5. **Biosolids** - The state Biosolids Program provides oversight, permitting, and assistance for sewage treatment plants and other facilities that generate, treat, and use biosolids. State law requires the program that regulates these facilities to be fully supported by fees. The 2009 Legislature approved an administrative fee increase to cover the Program's anticipated costs. Expenditure authority is increased to allow the agency to spend the additional revenue from this fee increase for activities such as permitting, inspections, and technical assistance. (Biosolids Permit Account-State)

6. **Managing Clean Water Loans** - The Department of Ecology operates the Washington State Water Pollution Control Revolving Fund Loan Program. This Program provides low-interest loans to local governments for high-priority, wastewater treatment facility projects. The competitive process by which loans are awarded, as well as ongoing oversight of loans, are funded in the operating budget and the dollars to be loaned are funded in the capital budget. Increased federal funding, plus increased loan repayments, have resulted in an increase in funds available to be loaned during the 2009-11 Biennium. Funding and FTE staffing are provided to manage these additional capital dollars consistent with federal guidelines for loan administration and oversight. (Water Pollution Control Revolving Account-State, Water Pollution Control Revolving Account-Federal)

7. **NW Interstate Compact Litigation** - Washington State is a member of the Northwest Interstate Compact (NWIC) on Low-Level Radioactive Waste Management. As the host state of a facility where regional generators located in eight member states can send low-level radioactive waste for disposal, Washington receives permit fee revenue to support NWIC operations, including providing legal counsel. The NWIC is defending itself against a lawsuit filed by a site operator in another member state. The case is going to appeal and is expected to last up to two years. One-time funding is provided for legal defense costs associated with this lawsuit. (Site Closure Account-State)

8. **Electronic Product Recycling** - Washington State law requires manufacturers of televisions and computers, through the Washington Materials Management and Financing Authority, to provide recycling services to consumers free of charge. The 2009-11 Operating Budget authorized Ecology to raise manufacturer fees to fully cover its regulatory oversight of this electronic products recycling process. Expenditure authority and FTE staff are increased to match expected fee revenue. (Electronic Products Recycling Account-Nonappropriated)

9. **Reduce Water Resource Data Collection** - Funding from the general fund is reduced by 10 percent for water resource data collection and stream flow measurement and management activities.

10. **Reduce Wetland Mitigation** - Funding from the general fund is reduced by 10 percent for activities that support wetland mitigation, including follow-up compliance and technical assistance.

11. **Reduce Environmental Studies** - Funding from the general fund is reduced by 10 percent for laboratory analysis and data collection activities that help to identify and control pollution sources.

12. **Pollution Activities Fund Shift** - The general fund portion of activities that support cleaning up polluted waters, controlling stormwater pollution, and preventing point source and non-point source pollution is shifted, on an ongoing basis, to the State Toxics Control Account. (General Fund-State, State Toxics Control Account-State)

13. **Reduce GFS Subsidy of Fees** - The general fund subsidy of the biosolids permit fee is eliminated in FY 2011. An increase in the air contaminate source registration fee will be phased in over two years to achieve elimination of the general fund subsidy in FY 2012. (Air Pollution Control Account-State, Biosolids Permit Account-State)

14. **Stock Water** - Substitute Senate Bill 6803 (stock watering/groundwater) exempts dairy farms using less than 13.8 acre feet per year for stock watering purposes from permitting requirements. Existing dairy farms using more than the 13.8 acre feet limit will be required to register with the Department and, in some cases, will be required to meter their withdrawals in order to be exempt from permitting requirements. Funding is provided for the additional tasks associated with registering qualified applicants.

15. **Water Right Processing** - Pursuant to Substitute Senate Bill 6267 (water right processing), $235,000 is shifted on an ongoing basis from General Fund-State to General Fund-Private/Local to reflect the Department of Ecology's increased use of cost reimbursement agreement for water rights processing. The bill also creates a new, expedited process for the Department to pursue in reducing the backlog of applicants. Applicants who choose to participate in the expedited process will be required to pay a processing fee which will be dependent on the amount of water being requested for use. Revenues collected form these fees will be deposited into the newly created Water Rights Processing Account. (General Fund-State, General Fund-Private/Local, Water Rights Processing-State)

* Near General Fund-State = GF-S + ELT
16. **Mercury-Containing Lights** - Funds are provided to implement the product stewardship program for collection and disposal of mercury-containing lights pursuant to Substitute Senate Bill 5543 (Mercury-containing lights). All producers who sell mercury-containing lights in the state will be required to participate in the program and must pay an annual fee to cover the costs of the program. The Department of Ecology will submit a report of the status of the program and any recommendations for changes to the Legislature by December 31, 2013. (Product Stewardship Programs Account-Nonappropriated)

17. **Electronic Renewal Notices** - Pursuant to Senate Bill 6683 (electronic renewal notices), funds are provided for the Department of Ecology to update their data system to implement a process for sending all renewal notices for well driller licenses electronically. (Reclamation Revolving Account-State)

18. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

1. **Agency Consolidation** - All funds are transferred to the Department of Natural Resources as a result of Senate Bill 6813 (DNR natural resources mgmt), which consolidates the Department of Natural Resources, the Department of Fish and Wildlife, and the Parks and Recreation Commission. (General Fund-State, Various Other Funds)

2. **Recreational Boating Federal Funds** - State Parks operates a $6 million recreational boating program that includes providing boating safety grants to local law enforcement for conducting on-the-water patrols, enforcement, vessel safety inspections, and boating safety educational activities. Federal expenditure authority is increased on a one-time basis to allow State Parks to spend additional federal funding available for these purposes during the 2009-11 Biennium. (General Fund-Federal)

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Comments:

1. **Small Agency Consortium** - The Puget Sound Partnership and the Recreation and Conservation Office will combine some administrative functions to improve efficiency. Information technology, web support, human resources, board support, and invasive species staff will be considered for consolidation. FTE savings (two positions) will be achieved beginning in Fiscal Year 2012. (General Fund-State, General Fund-Federal, Recreation Resources Account-State, Nonhighway and Off-Road Vehicle Activities Account-State)

2. **Recover Vacancy Savings** - An unusual number of concurrent staff vacancies occurred at the beginning of the biennium that have created savings in the agency. These savings can be recovered on a one-time basis.

3. **Implement SACS Directive** - Small agencies will use the Office of Financial Management's Small Agency Client Services (SACS) to provide centralized accounting, payroll, and budgeting services.

4. **Trail Interactions Work Group** - One-time funds are provided pursuant to Substitute Senate Bill 6274 (trail interactions work group), which establishes a work group to examine and make recommendations to improve trail access and interactions.

5. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. **Comments:**

1. **Reduced Staffing** - Funding and FTE staff are reduced to reflect the savings by holding vacant an administrative law judge position.

2. **Tenant Improvements** - One-time funding of $57,000 is provided in Fiscal Year 2010 for tenant improvement costs associated with the agency relocating to a facility in Tumwater.

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. **Comments:**

1. **Restore Aviation Funding** - Funding is restored for the maintenance and operation of the Department of Fish and Wildlife's Partenavia aircraft. The Partenavia will be used for survey missions and fish planting, and will assist the Department of Natural Resources with fire suppression coordination.

2. **Maintain Core Admin Functions** - The Department of Fish and Wildlife's (Department) indirect rate for administration and overhead from federal grants has been reduced, resulting in a net loss of approximately $3.8 million for the 2009-11 Biennium. The lower revenue creates a deficit in basic administrative services, such as payroll, contracts, budget, and accounting. The Department will absorb roughly half of these impacts through vacancy management. Funding is provided on a one-time basis to partially restore the loss from the lower indirect rate. (State Wildlife Account-State)

3. **Op Costs for New Wildlife Lands** - In FY 2009, the Department of Fish and Wildlife (Department) completed land acquisition transactions for 9,067 acres. These acres were acquired with legislatively approved and allocated capital funds through the Washington Wildlife and Recreation Program. The necessary operating funding to maintain these new land acquisitions is provided, enabling the Department to utilize and manage new wildlife areas, natural lands, and water access sites, and to provide safe access, clean toilets, and weed control.

4. **Wildfire on WDFW Lands** - One-time funding is provided for fire suppression activity costs incurred during FY 2010.
5. **Fund Support Prgrms Proportionately** - Funding is provided to help replace general fund subsidies that were eliminated in the 2009-11 operating budget, using available fund balance in a dedicated account. As part of the Department of Fish and Wildlife's review of how various funds contribute toward agency-wide services, funding ($210,000 per year) is provided beginning in FY 2011 to pay for administrative support services proportionately. Another $250,000 per fiscal year will support the automated Washington Interactive Licensing Database system, allowing it to operate at its normal capacity after state general funds were eliminated. (State Wildlife Account-State)

6. **Incr Hunter Access on Private Land** - In response to the demand for additional hunting lands, the Department of Fish and Wildlife (Department) will bring 200,000 additional acres of private land under contract for recreational access. Contract leases provide a new revenue source for rural landowners, and the Department provides some funds for minor improvements to prevent or mitigate litter and vandalism. The program is funded through special hunting permit application fees. (State Wildlife Account-State)

7. **Consolidation of GMHB and EHO** - Savings are achieved as a result of reduced administrative law judge fees pursuant to Substitute Senate Bill 6422 (Hearing boards/environmental land use) which consolidates the Growth Management Hearings Board and the Environmental Hearings Office into the Environmental and Land Use Hearings Office.

8. **Hydraulic Project Permitting** - Funds are shifted from the general fund to the Hydraulic Project Approval Account pursuant to Substitute Senate Bill 6448 (Hydraulic project permitting), which establishes fees for hydraulic project approvals. The fees are established in statute, are based on the scale and complexity of the project, and will be adjusted annually for inflation. The legislation exempts forest practices from the hydraulic project approval requirement and the Department of Fish and Wildlife and the Forest Practices Board will adopt rules for specific forest practices in order to protect fish life. (General Fund-State, Hydraulic Project Approval Account-State)

9. **Agency Consolidation** - All funds are transferred to the Department of Natural Resources as a result of Senate Bill 6813 (DNR natural resources mgmt), which consolidates the Department of Natural Resources, the Department of Fish and Wildlife, and the Parks and Recreation Commission. (General Fund-State, Various Other Funds)

10. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

### 2010 Policy Non-Comp Changes:

1. **Reduce Puget Sound Outreach**
   - The Puget Sound Partnership's overall education and outreach budget is reduced by 30 percent, which will reduce pass-through funding for local organizations' educational activities.

2. **Small Agency Consortium**
   - The Puget Sound Partnership (Partnership) and the Recreation and Conservation Office will combine administrative functions to improve efficiency. Information technology, web support, human resources, board support, and invasive species staff will be considered for consolidation. The savings anticipated from the consolidation are offset by $90,000 of one-time moving costs and ongoing higher lease payments of $20,000 per year. (General Fund-State, General Fund-Federal, Aquatic Lands Enhancement Account-State, State Toxics Control Account-State)

3. **Additional Anticipated Federal PS**
   - The Puget Sound Partnership receives federal funding to implement programs to restore Puget Sound. Additional federal expenditure authority is provided for anticipated, but not yet awarded, federal dollars. The additional authority will allow efforts to focus on facilitating and driving implementation of actions contained in the 2020 Action Agenda. These actions include stormwater management, mitigation reform, and floodplain management. (General Fund-Federal)

4. **Increased Federal PS Recovery**
   - Additional federal authority is provided to utilize a federal FY 2008 National Estuary Program grant from the Environmental Protection Agency to restore Puget Sound. Much of the funding will be passed through to local watershed projects. The remaining funds will be used to conduct environmental monitoring, scientific modeling, and performance management. (General Fund-Federal)

5. **Invasive Species Reduction**
   - Funding is eliminated for invasive species work and grants to the Department of Fish and Wildlife to control invasive tunicates.

6. **Seawater Desalination**
   - One-time funding is provided for the Puget Sound Partnership to establish and convene a work group to study seawater desalination facilities and to determine the feasibility of seawater desalination, pursuant to Senate Bill 6347 (seawater desalination). A report containing recommendations will be submitted to the Legislature by December 1, 2010.

### Comments:

1. **Reduce Puget Sound Outreach** - The Puget Sound Partnership's overall education and outreach budget is reduced by 30 percent, which will reduce pass-through funding for local organizations' educational activities.

2. **Small Agency Consortium** - The Puget Sound Partnership (Partnership) and the Recreation and Conservation Office will combine administrative functions to improve efficiency. 3. **Additional Anticipated Federal PS** - The Puget Sound Partnership receives federal funding to implement programs to restore Puget Sound. Additional federal expenditure authority is provided for anticipated, but not yet awarded, federal dollars. The additional authority will allow efforts to focus on facilitating and driving implementation of actions contained in the 2020 Action Agenda. These actions include stormwater management, mitigation reform, and floodplain management. (General Fund-Federal)

4. **Increased Federal PS Recovery** - Additional federal authority is provided to utilize a federal FY 2008 National Estuary Program grant from the Environmental Protection Agency to restore Puget Sound. Much of the funding will be passed through to local watershed projects. The remaining funds will be used to conduct environmental monitoring, scientific modeling, and performance management. (General Fund-Federal)

5. **Invasive Species Reduction** - Funding is eliminated for invasive species work and grants to the Department of Fish and Wildlife to control invasive tunicates.

6. **Seawater Desalination** - One-time funding is provided for the Puget Sound Partnership to establish and convene a work group to study seawater desalination facilities and to determine the feasibility of seawater desalination, pursuant to Senate Bill 6347 (seawater desalination). A report containing recommendations will be submitted to the Legislature by December 1, 2010.

7. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

**Comments:**

1. **Shift Fire Protection Costs to FFPA** - On a one-time basis, $3,000,000 of FY 2010 and $2,000,000 of FY 2011 fire preparedness and prevention costs are shifted from the General Fund-State to the Forest Fire Protection Assessment Account-Nonappropriated. (General Fund-State, Forest Fire Protection Assessment Account-Nonappropriated)

2. **Reduce Administration** - A 25 percent savings in administration is anticipated due to savings that result from Senate Bill 6813 (DNR natural resources mgmt), which merges the Department of Natural Resources, the Department of Fish and Wildlife, and the State Parks and Recreation Commission. General Fund savings are offset by the use of funds from the State Efficiency and Restructuring Account Savings for FY 2011. This offset will be paid back, with interest, when savings are realized in FY 2012. (General Fund-State, State Efficiency and Restructuring Account-State, Various other accounts)

3. **Maintain Adaptive Management Pgm** - One-time funding is provided to continue the adaptive management process, while the Department of Natural Resources secures long-term funding to replace expiring federal funds. Adaptive management brings together the timber industry, tribes, and conservationists to use science to determine if timber harvest rules adequately protect water quality and stream habitat on working forestlands. FY 2011 funding for this program includes $970,000 of redirected Forest and Fish Support Account already allocated in the Department's budget. (Aquatic Lands Enhancement Account-State, General Fund-Federal)

4. **Puget Sound Cleanup & Recovery** - One-time funding is provided for projects that remove contaminants from Puget Sound. Projects include removing creosote-contaminated pilings and structures, completing the remedial investigation of Whitmarsh Landfill, and repairing a sediment cap in Commencement Bay. Resource Management Cost Account funds are available for this purpose through a legal settlement. (Resource Management Cost Account-State, State Toxics Control Account-State)

* Near General Fund-State = GF-S + ELT
5. Emergency Fire Suppression - One-time funding is provided for incurred costs associated with fire suppression activities during FY 2010. This funding is in addition to the Department of Natural Resources' existing fire suppression appropriation.

6. Reimbursable Agreements - More local governments and private entities are entering into agreements with the Department of Natural Resources (Department) for services such as reforestation, use of the Washington Conservation Corps, and habitat restoration. Additional expenditure authority is provided to allow the Department to utilize current and anticipated reimbursable agreements. (General Fund-Private/Local)

7. Reopen Recreation Sites - The Department of Natural Resources manages 148 recreational sites on state trust lands. Utilization of available fund balance in the Off Road Vehicle Account will help to offset a portion of the budget reductions enacted in the 2009 legislative session. (Off Road Vehicle Account-State)

8. Agency Consolidation - All funds from the Department of Fish and Wildlife and the State Parks and Recreation Commission are transferred to the Department of Natural Resources pursuant to Senate Bill 6813 (DNR natural resources mgmt), which merges the three agencies.

9. Land Management Efficiencies - A 10 percent reduction in land management activities is anticipated due to savings that result from Senate Bill 6813 (DNR natural resources mgmt), which merges the Department of Natural Resources, the Department of Fish and Wildlife, and the State Parks and Recreation Commission. General Fund-State savings are offset by the use of funds from the State Efficiency and Restructuring Account Savings for FY 2011. This offset will be paid back, with interest, when savings are realized in FY 2012. (General Fund-State, State Efficiency and Restructuring Account-State, Various other accounts)

10. Resource Management Efficiencies - A 10 percent reduction in resource management activities is anticipated due to savings that result from Senate Bill 6813 (DNR natural resources mgmt), which merges the Department of Natural Resources, the Department of Fish and Wildlife, and the State Parks and Recreation Commission. General Fund-State savings are offset by the use of funds from the State Efficiency and Restructuring Account Savings for FY 2011. This offset will be paid back, with interest, when savings are realized in FY 2012. (General Fund-State, State Efficiency and Restructuring Account-State, Various other accounts)

11. Resource Protection Efficiencies - A 10 percent reduction in resource protection activities is anticipated due to savings that result from Senate Bill 6813 (DNR natural resources mgmt), which merges the Department of Natural Resources, the Department of Fish and Wildlife, and the State Parks and Recreation Commission. General Fund-State savings are offset by the use of funds from the State Efficiency and Restructuring Account Savings for FY 2011. This offset will be paid back, with interest, when savings are realized in FY 2012. (General Fund-State, State Efficiency and Restructuring Account-State, Various other accounts)

12. Natural Heritage Program - Funding for the Natural Heritage Program is shifted from the general fund to the Natural Resources Conservation Areas Stewardship Account due to available fund balance and the authority given the department in Substitute Senate Bill 6747 (natural heritage program/DNR) to charge a user fee for accessing the priority species and ecosystem data. (General Fund-State; Natural Resources Conservation Areas Stewardship Account-State)

13. Helicopter Fund Shift - The helicopter fleet is paid for by the Natural Resources Equipment Account and the costs are later recovered from the general fund as part of the Department of Natural Resources' emergency fire suppression budget appropriation. In support of fire protection costs being equitably shared between the general fund and the Forest Fire Protection Assessment Account, 50 percent of the budget for the helicopter fleet is shifted from the Natural Resources Equipment Account to the Forest Fire Protection Assessment Account. This shift will produce savings to the general fund in future fiscal years as only half of the costs will be recovered via the emergency fire suppression budget appropriations. (Natural Resources Equipment Account-Nonappropriated, Forest Fire Protection Assessment Account-Nonappropriated)

14. Temporary Layoffs - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

**Comments:**

1. **Tech Correction - SW Handl Permits** - A state fund source error is corrected by funding the implementation costs of Chapter 178, Laws of 2009 (Solid Waste Handling Permits) out of the General Fund. (General Fund-State, State Toxics Control Account-State)

2. **Reduce Spartina Funding** - Funding to eradicate Spartina is reduced. The agency will prioritize the remaining work.

3. **Shift Pesticides Testing to STCA** - Environmental pesticide testing is permanently transferred to the State Toxics Control Account. (General Fund-State, State Toxics Control Account-State)

4. **Reduce Weights and Measures** - Inspections of scanners and responses to related complaints are eliminated. (General Fund-State)

5. **Reduce Knotweed Grants** - Grants for lower-priority Knotweed removal projects are reduced.

6. **Commerce Food Pgm Transfer to Ag** - The Department of Commerce's Emergency Food Assistance Program is transferred to the Department of Agriculture, effective July 1, 2010.

7. **GA Food Program Transfer to Ag** - The Department of General Administration's Emergency Food Assistance Program is transferred to the Department of Agriculture, effective July 1, 2010. (General Fund-State, General Fund-Federal)

**Comments:**

1. **Eliminate Onsite Wastewater Commit#** - Pursuant to ESSB 6426, the Board of Registration Onsite Wastewater Treatment System Advisory Committee is proposed for eliminated. (Professional Engineers Account-State)

2. **Minor In Possession Pgm Fund Shift** - The Minor In Possession Program is comprised of two FTE staff who update driving records and restore driving privileges following successful completion of a diversion program for drivers under the age of eighteen who are cited for possessing alcohol. Historically this program has been funded by the State General Fund, but it should be funded by the Highway Safety Fund. The program generates approximately $600,000 in revenue each biennium that is deposited into the Highway Safety Account. (General Fund-State, Highway Safety Account-State)

3. **Vaccine Association** - Funding is provided to implement ESB 6263 (vaccine association), which requires DOL to register third party health providers under the Master License Program. (Master License - State)

**Comments:**

1. **Alternate Routes** - The Professional Educator Standards Board manages a program that allows school districts or educational service districts to work in partnership with higher-education teacher-preparation programs to provide performance-based alternative routes aimed at recruiting candidates to teaching in areas of subject matter shortage or geographic shortage. The grant program is reduced by 50 percent, beginning July 1, 2010 and thereafter.

2. **Communities in Schools** - The program, which provides a website and materials to the Building Bridges dropout prevention program, is eliminated beginning July 1, 2010.

3. **Building Bridges Grants** - This program awards grant funding to local school-community partnerships to address dropout prevention, intervention and retrieval is eliminated as of July 1, 2010.

* Near General Fund-State = GF-S + ELT
4. Dyslexia Pilot Project - The 2009 Legislature enacted Substitute Senate Bill 6016, chapter 546 laws of 2009, directed the office of the superintendent of public instruction to develop an educator-training program and materials to facilitate teacher development in the area of dyslexia. Funding for ongoing training sessions is eliminated as of July 1, 2010.

5. LEAP Bilingual Pilot - Funding is eliminated, as of July 1, 2010, for a contract with the Latino/a educational achievement project (LEAP) to identify and mentor bilingual students to encourage them to become bilingual instructors.

6. Youth Suicide Prevention - The Youth Suicide Prevention program is managed as a contract through the Department of Health to assist schools to address suicide concerns among students. Funding for the contract is eliminated as of July 1, 2010.

7. Achievement Gap Committee - Funding is provided for implementation of Second Substitute Senate Bill 6798, implementing the recommendations of the achievement gap oversight and accountability committee. The office of the superintendent of public instruction (OSPI) will collect data and annually report progress on closing the achievement gap. OSPI and the Professional Educator Standards Board (PESB) must work with other state entities and stakeholders to develop model state policy to train classroom teachers in cultural competency. OSPI and PESB must, within each agency's statutory authority, ensure the implementation of the cultural-competence standards by November 1, 2017.

8. Basic Education Allocation - The 2009 Legislature enacted Engrossed Substitute House Bill 2261 which established a new funding structure for K-12 education based on a model of prototypical schools. The funding formula technical working group convened over the 2009 interim to create the detail allowing the current funding structure to be translated to the new. Second Substitute Senate Bill 6760, regarding the basic education instructional allocation distribution formula, enacts the new funding structure. Funding is provided for reprogramming of systems used to calculate, apportion, and distribute state funding for public schools.

9. Highly Capable Students - Funding is provided to implement Substitute Senate Bill 6629, convening a working group to make recommendations defining a basic education program for highly capable students. The Office of Superintendent of Public Instruction will convene the group and report the results to the Legislature by December 1, 2010.

10. Vocational Student Organizations - State grants to Career and Technical Student Organizations are matched with federal funds to provide leadership opportunities to students in vocational programs. Funding is eliminated beginning with fiscal year 2011.

11. WWII Oral History Project - This project provides oral history presentations, documentation, and other materials to assist the Office of the Superintendent of Public Instruction and educators in the development of a curriculum for use in kindergarten through twelfth grade. Funding is eliminated as of July 1, 2010.

12. Compana Quetzal - Beginning in fiscal year 2011, funding is eliminated for a contract with the Seattle coalition of Campaña Quetzal to provide research findings, design demonstration programs, and coordination community outreach to Latino/a students and families.

13. Financial Literacy - Funding providing technical and logistical support to the financial education public-private partnership is eliminated as of July 1, 2010.

14. Retooling to Teach Math - Funding to the Professional Educator Standards Board to support teachers seeking endorsements in various categories of math, science, special education and bilingual education is eliminated as of July 1, 2010.

15. Recruiting Diverse Teachers - This program, operated through the Professional Educator Standards Board, is designed to recruit high school students into the teaching profession in content shortage areas. The funding is eliminated beginning in fiscal year 2011.

16. Administrative Reductions - Funding for the Superintendent of Public Instruction agency operations is reduced by $306,000 in Fiscal Year 2011. Reductions are also made to the Professional Educator Standards Board in the amount of $12,000 and to the State Board of Education in the amount of $19,000.

17. Pre-Apprenticeship Grants - This program provides support to high school students seeking to access registered apprenticeships upon graduation. Funding is eliminated as of July 1, 2010.

18. Project Citizen - Project Citizen is a program sponsored by the National Conference of State Legislatures and the Center for Civic Education to promote participation in government for elementary, middle and high school students. Funding is eliminated as of fiscal year 2011.

* Near General Fund-State = GF-S + ELT
19. **College Bound Scholarship** - Funding is provided to contract with a college scholarship organization with expertise in conducting outreach to students concerning eligibility for the Washington College Bound Scholarship.

20. **Early Learning Basic Education** - Funding is provided to implement SSB 6759 (Voluntary early learning plan). The legislation requires a plan to be drafted that examines the opportunities and barriers to expanding early learning.

21. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

22. **Environmental Ed Coordinator** - Funding for the Office of the Superintendent of Public Instruction's environmental education coordinator is eliminated beginning July 1, 2010.

23. **World Languages Supervisor** - Funding for the world languages supervisor position is eliminated as of July 1, 2010.

Comments:

1. Close McNeil Island Facilities - The Department of Corrections will decrease the offender population at McNeil Island Corrections Center by December 31, 2010. The Steilacoom Historical School District will receive no funding for the Harriet Taylor Elementary School and no instruction will be offered at the school during the 2010-2011 school year. The reduction represents the Fiscal Year 2011 portion of projected savings of $278,000 for the school year.

2. Certificated Staff Ratio Grade 4 - State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 46 certificated instructional staff (CIS) to 1,000 annual average FTE students enrolled in grade four; the enacted budget provides an enhancement over this level to reduce class sizes - funding 53.17 CIS per 1,000 average annual FTE students in grades kindergarten through four. These enhancements are eliminated and the ratio is returned to 46 staff per 1,000 student FTEs in grade four.

3. Certificated Staff Ratio K-3 - State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 49 certificated instructional staff (CIS) to 1,000 annual average FTE students enrolled in grades kindergarten through three; the enacted budget provides enhancements over these levels to reduce class sizes - funding 53.17 CIS per 1,000 average annual FTE students in grades kindergarten through four. These enhancements are decreased from the current ratios of 53.17 staff per 1,000 student FTEs to 49.5 staff per 1,000 student FTEs in grades K-3.

4. Classified Staff Ratio - State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 16.67 classified personnel to 1,000 average FTE students enrolled in grades kindergarten through twelve. This is also expressed as 60 students per one classified staff. The enacted budget enhances this level of classified staffing to 58.75 students per classified staff. The enhancement is eliminated, returning to the statutorily-required level.

5. Adjust Apportionment Schedule - State payments to school districts for each school year are spread over a twelve-month schedule, with each month's apportionment percentage specified in state law. The apportionment schedule is adjusted on a one-time basis, with $320 million of the June 2010 payment moved to the beginning of the following month.

### Comments:

1. **Safety Net Recovery** - The office of the superintendent of public instruction, at the conclusion of each school year, will recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible. It is assumed an additional full-time equivalent (FTE) staff will be needed to accomplish this work and that collections will be such that staff costs plus recoveries will yield at least $400,000 per year in savings. The office of the superintendent of public instruction will track the value of the recoveries and report to the fiscal committees of the Legislature.

2. **Classified Staff Ratio** - State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 16.67 classified personnel to 1,000 average FTE students enrolled in grades kindergarten through twelve. This is also expressed as 60 students per one classified staff. **Comments:**

1. **Changes to Levy Base** - Funds provided assume implementation of Substitute Senate Bill 6502, restoring the levy base, and Senate Bill 6601, adjusting local school finance related to nonresident students enrolled in online learning. The former is projected to add $2.7 million in levy equalization costs for fiscal year 2011 while the latter is expected to decrease costs by $1.2 million.

2. **Maintain Levy Equalization** - Local Effort Assistance (LEA) payments, or levy equalization, will be funded in calendar year 2011 with proceeds from a temporary general sales tax increase.

Comments:

1. **Beginning Educator Support Team** - The purpose of the Beginning Educator Support Team (BEST) program is to provide early career educators with effective support. Funding for the program is eliminated beginning in fiscal year 2011.

2. **LASER** - These programs provide strategic planning, professional development, and advocacy, as well as assisting school districts with implementing science programs aligned with state assessments. Funding is eliminated beginning in fiscal year 2011.

3. **Education Reform** - Funding is provided for implementation of Engrossed Second Substitute Senate Bill 6696, regarding education reform.

4. **Maintain All-Day Kindergarten** - Full-day kindergarten will be funded from Education Legacy Trust deposits from a temporary general sales tax increase in the 2010-11 school year.

6. **Career and Technical Education** - Funding is eliminated, beginning in fiscal year 2011, for grants to middle schools, high schools or skill centers, to develop or upgrade high-demand career and technical education programs.

7. **Local Farms & Healthy Kids** - Funding is eliminated for the Local Farms and Healthy "Kids" Act for schools to purchase Washington grown fresh, and fresh frozen, fruits and vegetables to offer students as a snack. These funds are not to purchase food items that will be included in USDA lunch, breakfast or after school snack programs.

**2010 Policy Non-Comp Changes:**

1. **Juveniles in Adult Jails**
   
   The Senate budget provides funding for implementing Second Substitute Senate Bill 6702, providing education programs for juveniles in adult jails. It is estimated an additional 90 juveniles each year will receive institutional education funding, increasing staffing costs and affecting the compensation budget.

2. **Certificated Staff Ratio Grade 4**
   
   State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 46 certificated instructional staff (CIS) to 1,000 annual average FTE students enrolled in grade four; the enacted budget provides an enhancement over this level to reduce class sizes - funding 53.17 CIS per 1,000 average annual FTE students in grades kindergarten through four. These enhancements are eliminated and the ratio is returned to 46 staff per 1,000 student FTEs in grade four, reducing associated compensation costs.

3. **Certificated Staff Ratio K-3**
   
   State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 49 certificated instructional staff (CIS) to 1,000 annual average FTE students enrolled in grades kindergarten through three; the enacted budget provides enhancements over these levels to reduce class sizes - funding 53.17 CIS per 1,000 average annual FTE students in grades kindergarten through four. These enhancements are decreased from the current ratios of 53.17 staff per 1,000 student FTEs to 49.5 staff per 1,000 student FTEs in grades K-3, which has the effect of reducing associated compensation costs as well.

4. **Classified Staff Ratio**
   
   State law requires certain levels of staffing per full-time-equivalent (FTE) student. Currently, the law requires 16.67 classified personnel to 1,000 average FTE students enrolled in grades kindergarten through twelve. This is also expressed as 60 students per one classified staff. The enacted budget enhances this level of classified staffing to 58.75 students per classified staff. The enhancement is eliminated, returning to the statutorily-required level, which also has the effect of reducing associated compensation costs.

5. **Learning Improvement Day**
   
   Washington state currently provides one learning-improvement day (LID) to state-funded certificated instructional staff. This funding is eliminated in the 2010-11 school year.

#### Comments:

1. **Childcare Matching Grants** - During the second year of the biennium, state matching funds will not be provided to support innovations in child care delivery at the public universities.

2. **State Work Study Program** - Funding for the State Work Study program is reduced by approximately 30 percent in FY 2011. These savings are to be achieved through a combination of actions, such as maintaining average student earnings at the current level rather than increasing them to keep pace with the estimated costs of attendance; increasing the required employer share of wages to approximately 50 percent for proprietary employers and to 30 percent for non-profits (from 35 percent and 20 percent now, respectively); and discontinuing non-resident student eligibility for the program.

3. **Washington Scholars** - The Washington Scholars program provides four-year scholarships equivalent to approximately 90 percent of full tuition for three outstanding high school graduates from each legislative district each year. New scholarships will not be awarded to the 2010 high school graduating class, and scholarships for current recipients will be frozen at current award grant levels, rather than increased proportional to tuition growth.

* Near General Fund-State = GF-S + ELT
4. **Passport to College** - Funding for the Passport to College-Foster Care Scholarship program is reduced by one-third. The program includes college awareness, preparation, and mentoring for young people currently in foster care to encourage them to pursue higher education; scholarships for those who enroll in college; and incentives for their college or university to provide counseling and other supports that will enhance the young person's success in college.

5. **State-Funded GEAR-UP Projects** - State assistance to increase college awareness and preparedness among students in 25 school districts is reduced by one-third.

6. **WAVE** - The Washington Award for Vocational Excellence (WAVE) provides two-year scholarships equivalent to full tuition for three outstanding high school vocational/technical graduates from each legislative district each year. New scholarships will not be awarded to the 2010 high school graduating class, and scholarships for current recipients will be frozen at current award grant levels, rather than increased proportional to tuition growth.

7. **Health Prof'l Loans & Scholarships** - Funding is suspended for the health professional conditional scholarship and loan repayment program. Because of this suspension, approximately 100 applicants will not receive scholarships or loans re-payments while preparing for or practicing in a health professional shortage area. Funding continues to be available for scholarships and three-year loan re-payment commitments awarded in previous years.

8. **Future Teachers Schol.** - Funding is suspended for the future teacher conditional scholarship program. Because of this suspension, approximately 25 new applicants will not receive scholarships while preparing for a teaching career. Funding continues to be available for current recipients who were awarded scholarships in previous years to complete their studies.

9. **WICHE Prof. Stu Exchange** - Funding for the Western Interstate Compact for Higher Education (WICHE) Professional Student Exchange program is suspended. Because professional degrees in optometry and osteopathy are not offered by a Washington public university, this program provides scholarships for approximately 12 Washington residents to pursue such degrees in other western states. Funding is available to continue scholarship commitments to current recipients, and to pay dues for Washington's continued participation in the compact so that Washington residents may continue to receive reduced non-resident tuition rates at participating universities in other western states.

10. **SWS Math/Science** - Funding is suspended for a project that provides targeted state work study (SWS) experience for students considering careers in math and science instruction.

11. **Foster Care Endowed Scholarship** - No state contributions will be made in the second year of the biennium toward an endowment fund the earnings from which are expected to eventually be sufficient to support college scholarships for former foster care recipients.

12. **Leadership 1000** - State funding is suspended for a College Success Foundation program that recruits private donors to sponsor scholarships and provide mentorship to financially needy students.

13. **Educational Opportunity Grants** - Funding is suspended for a program that provides additional financial assistance for community and technical college graduates who would otherwise be unable to attend a distant public baccalaureate institution because of work or financial obligations in their home community. Funding continues to be available to complete scholarship commitments to current recipients, but no new applicants will be selected for the 2010-11 academic year.

14. **Maintain Need Grant Support** - The proposed tax package that implements the Senate budget directs that $136 million be deposited into the Education Legacy Trust Account to maintain enrollment and grant levels in the State Need Grant program. This avoids the approximately 60 percent reduction in the program that would be required if the new revenue were not available.

15. **HECB Administrative Reduction** - Funding for Higher Education Coordinating Board planning, policy development, and general agency administration is reduced by an additional 9 percent from the level originally budgeted for the biennium. The Board is expected to target reductions to the planning and policy development rather than the direct financial aid administrative component of its operations to the maximum extent possible.

16. **Rural Health Care Subsidy Rollback** - Funding to support development of a private school of osteopathic medicine is discontinued effective April 2010.

17. **Implement SACS Directive** - The Governor has directed several additional agencies, including the Higher Education Coordinating Board, to transfer accounting and payroll services to the Office of Financial Management's Small Agency Client Services (SACS).

* Near General Fund-State = GF-S + ELT
18. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted to account for the savings that are to be achieved through mandatory and voluntary furloughs; additional days off without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

**Comments:**

1. **Maintenance Fund Shift** - The original biennial budget provided for approximately $26 million of facility maintenance costs to be funded with building account revenues appropriated in the state capital budget. A portion of those costs will instead be covered by state general fund appropriations.

2. **Higher Education Reductions** - State appropriations are reduced by 6 percent from the level originally budgeted for Fiscal Year 2011. This may require additional reductions in administrative activities, student support services, and course offerings. (General Fund-State, Accident Account-State, Medical Aid Account-State)

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted to account for the savings that are to be achieved through mandatory and voluntary furloughs; additional days off without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. ### Comments:
1. **Maintenance Fund Shift** - A portion of facility maintenance costs will be funded with trust land revenues appropriated in the state capital budget, rather than with state general fund appropriations.

2. **Higher Education Reductions** - State appropriations are reduced by 6 percent from the level originally budgeted for Fiscal Year 2011. This may require additional reductions in administrative activities, student support services, and course offerings.

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted to account for the savings that are to be achieved through mandatory and voluntary furloughs; additional days off without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

4. **Quality Education Council** - Funding is provided for the Washington State Institute for Public Policy to provide research support to the Quality Education Council. The Council is assisting and advising the Legislature in updating the definition and funding of basic education.

### Comments:

1. **Administration and Program Reduction** - Funding for the Spokane Intercollegiate Research and Technology Institute is reduced by approximately 9 percent from the level originally budgeted for FY 2011.

2. **Implement SACS Directive** - The Governor has directed several additional agencies to achieve savings by transferring accounting and payroll services to the Office of Financial Management's Small Agency Client Services (SACS) office.

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted to account for the savings that are to be achieved through mandatory and voluntary furloughs; additional days off without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. ### 2010 Policy Non-Comp Changes:

1. **Career and Wage Reduction**
   - Savings is achieved through eliminating the General-Fund State funding appropriated in the 2009-11 biennium. The program continues to operate with federal American Recovery and Reinvestment Act funding.

2. **Federal Funding Adjustment**
   - The federal expenditure authority is increased to include additional Child Care and Development Fund dollars awarded to the Department in Federal Fiscal Year 2009. (General Fund-Federal)

3. **Reduction to Operations/Staff**
   - Savings are achieved through a reduction in staff and operating costs.

4. **Resource and Referral Reduction**
   - Fiscal Year 2011 General Fund-State dollars designated for the Washington State Child Care Resource and Referral Network are eliminated. Federal American Recovery and Reinvestment Act funds will continue as will other federal funding contracted to the organization.

5. **Head Start and ECEAP**
   - As part of the 2009 American Recovery and Reinvestment Act, Head Start providers in Washington were assumed to receive an addition 173 Head Start slots. Providers were successful in obtaining 202 slots. This item continues the 2009-11 policy of reducing the number of ECEAP slots to match the number of Head Start slots to achieve General Fund-State savings.

6. **Child Care Policy and Eligibility**
   - The Working Connections Child Care policy functions are transferred from the Department of Early Learning to the Department of Social and Health Services in order to consolidate policy functions with eligibility determinations. Savings are realized from eliminating duplicate policy functions in both agencies. (General Fund-State, General Fund-Federal)

7. **Early Learning Basic Education**
   - Funding is provided to implement SSB 6759 (Voluntary early learning plan). The legislation requires a plan to be drafted that examines the opportunities and barriers to expanding early learning.

8. **Infant and Toddler Program**
   - Transfers funding and responsibility for the Infant and Toddler Early Intervention Program (ITEIP) from the Department of Social and Health Services to the Department of Early Learning. (General Fund-State, General Fund-Federal)

* Near General Fund-State = GF-S + ELT
9. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. ### Comments:

1. **Reduced Agency Administration and O** - Funding is reduced to reflect savings achieved by maintaining vacant positions, reducing the number of Arts Commission meetings, and other administrative cost reductions.

2. **Reduction to Arts Grants** - State funding for the Community Services art grant programs is reduced for Fiscal Year 2011. Since federal and private sources fund half of these grant programs, approximately 75 percent of the grant programs are retained.

3. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. **Comments:**

1. **Temporary Layoffs** - Pursuant to SSB 6503 (agency closures), funding is adjusted based on savings achieved based on mandatory and voluntary furloughs, leave without pay, reduced work hours, voluntary retirements and separations, layoffs, and other methods. Exceptions to any agency closure dates include direct care and custody activities in state corrections and social service institutions, child protective services, law enforcement, military operations, state hospitals, emergency management, state parks, highways, and ferries, revenue collection by the Department of Revenue, higher education classroom instruction, state liquor stores, state lottery, unemployment insurance and reemployment services, workers compensation and workplace safety programs, agricultural commodity commissions and food inspections, employees necessary to protect state assets and public safety, and state legislative agencies, the Governor, Lieutenant Governor, and the Office of Financial Management during legislative sessions. In implementing the compensation reduction plans, agencies are encouraged to preserve family wage jobs.

#### 2010 Policy Non-Comp Changes:

1. **Water Pollution Control Revol Acct**
   - Funding is appropriated to the Water Pollution Control Revolving Account to provide the required 20 percent state match for additional federal funding received for water pollution control projects.

2. **Capital Building Construction Acct**
   - The Capital Building Construction Account is used to pay debt service on the Natural Resources Building and the Legislative Building rehabilitation. Timber sales, which are the primary source of revenue for this account, are not providing sufficient revenues to cover the debt service costs. Additional funds are provided to backfill the decreased timber revenues to meet debt obligations.

3. **Extraordinary Criminal Justice Cost**
   - The director of financial management shall distribute funds to Franklin county ($33,000), Skagit county ($390,000), and Jefferson county ($197,000) for extraordinary criminal justice costs.

### Comments:

1. **Health Insurance Increase** - Funding is provided to reflect the difference between the actual rate of medical cost increases and the rate of medical inflation assumed in the 2009-11 biennial budget. State employer contribution rates for Fiscal Year 2011 are increased from $768 per employee per month to $795 per employee per month. Under current projections, the Public Employees Benefits Board (PEBB) fund is anticipated to have a negative fund balance exceeding $200 million. This shortfall is addressed through: (1) use of funds in the Uniform Medical Plan's Premium Stabilization Reserve; (2) changes to plan design including increases in point of service costs (e.g., deductibles) for PEBB plan offerings beginning in calendar year 2011; and (3) additional employer contributions. The Health Care Authority (HCA) is directed to maintain adequate financial reserves to pay for all services delivered to subscribers and dependents in the Uniform Medical Plan.

2. **LEOFF & WSPRS Survivor Benefits** - Funding is provided for increased state contributions to the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) as a result of improvements to the benefits paid to survivors of LEOFF and Washington State Patrol Retirement System (WSPRS) members pursuant to the provisions of Engrossed House Bill 2519 (public safety death benefits).
