Proposed 2011-13 Biennial Operating Budget and 2011 Supplemental

ESHB 1087 Striking Amendment (H2897.1) Agency Detail

May 24, 2011
Interactions Between ESHB 1087 and HB 3225 and ESHB 1086

There is a potential point of confusion on how previous budget actions (House Bill 3225 in December 2010 and Engrossed Substitute House Bill 1086 in February 2011) interact with Engrossed Substitute House Bill 1087.

2011-13 Biennium

Because the 2011-13 budget development process began almost a year ago, the base used to construct the 2011-13 budget was the 2009-11 budget (including the 2010 supplemental). Normally, that is not an issue as the Legislature does not typically significantly revise current biennium appropriations while crafting a budget for the ensuing biennium. That was not the case this year.

In December 2010, the Legislature passed HB 3225. In February 2011, the Legislature passed ESHB 1086. Both implemented numerous reductions in almost all agencies of state government.

In many instances, the reductions included in this proposal simply are the continuation of reductions first begun in either HB 3225 or in ESHB 1086 (sometimes at a lower or higher level). If a reduction that was part of either HB 3225 or ESHB 1086 is continued (at any level), it shows up as a policy item for the 2011-13 biennium. In other words, the reductions of HB 3225 and ESHB 1086 are not automatically carried in to the future -- and the reductions displayed in the 2011-13 agency detail are not on top of those in HB 3225 and/or ESHB 1086.

One other note: because the changes in HB 3225 and ESHB 1086 often applied to the last six months of the biennium, the dollar savings of continuing those reductions in the 2011-13 biennium (a 24-month period) are greater than the dollars saved from those actions in the current biennium.

2009-11 Biennium

In the current (2009-11) biennium, the changes in ESHB 1087 are in addition to those already adopted in the budget. In other words, the reductions made in HB 3225 and ESHB 1086 continue to remain in force during the 2009-11 biennium unless explicitly changed by ESHB 1087 or other legislative action.

### Comments:

1. **Reductions & Efficiency Measures** - In order to achieve administrative efficiencies, the House of Representatives will reduce FTE staff years, salaries, benefits, travel expenses, printing costs, and other operating expenses.

2. **Transportation Staff** - Costs related to the House Transportation Committee staff will be covered by the Motor Vehicle Fund. (Motor Vehicle Fund-State)

3. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

4. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

5. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

6. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)
7. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

8. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

#### Comments:

1. **State Data Center Rate Increase** - Funds are provided for this agency’s share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

2. **Agency Reduction** - Funding is reduced in recognition of efficiency efforts by judicial branch agencies.

3. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

4. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Comments:

1. **Superior Court Calendar & Case Mgmt** - Funding is provided to continue planning efforts related to procuring and implementing an integrated calendaring and case management system for the Washington State Superior Courts. (Judicial Information Systems Account-State)

2. **Equipment Replacement & Expansion** - Funds are provided to replace computer equipment in trial and appellate courts. (Judicial Information Systems Account-State)

3. **Internal Equipment Replacement** - Funding is requested to replace aged computer equipment and to improve the performance of heavily used Judicial Information System (JIS) services, including server consolidation, network switches, and additional data warehouse capacity. (Judicial Information Systems Account-State)

4. **Guardianship Services** - Funding is provided for the Office of Public Guardianship. This level allows the Administrative Office of the Courts (AOC) to maintain the existing caseload through June 30, 2012, allowing for the completion of the evaluation of the program by the Washington State Institute for Public Policy.

5. **JIS Multi-Project Funding** - Funding is provided to develop and implement information technology projects that are approved by the Judicial Information Systems Committee, including funding to combine data into a standardized, validated risk assessment tool for the use of judicial officers at pre-trial stages in order to provide additional information for decision-making about release conditions. (Judicial Information Systems Account-State)
6. **Carry-Over Funding for JIS** - Funding is provided to transfer funding for the Judicial Information System (JIS) migration plan from FY 2011 into FY 2012. The funding is provided to continue work on implementing initiatives started in the 2009-11 biennium. (Judicial Information Systems Account-State)

7. **Pierce County Superior Court Judge** - Funding is reduced to reflect savings for the twenty-third superior court judgeship in Pierce County. The judgeship, authorized in 2008, has not been appointed.

8. **Information Services Division** - Funding is provided to shift General Fund--State expenditures for the Information Services Division to the Judicial Information System Account. (Judicial Information Systems Account-State)

9. **Agency Reduction** - Funding is reduced in recognition of efficiency efforts by judicial branch agencies.

10. **JST Account Funding** - Funding from the Judicial Stabilization Trust (JST) Account is provided for costs associated with the AOC. Revenue deposited in the JST Account comes from a temporary surcharge on certain court filing fees, pursuant to Senate Bill 5941 (judicial branch funding). (Judicial Stabilization Trust Account-State)

11. **Fiscal Year Adjustment** - Funding is transferred between fiscal years to correct changes made at carry forward level.

12. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

13. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Staff Reductions** - The Public Disclosure Commission (PDC) will achieve savings through a combination of reducing FTE levels and not filling vacancies.

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Campaign Disclosure - ESSB 5021** - Chapter 145, Laws of 2011 (ESSB 5021) enhances election campaign disclosure by lowering thresholds on reporting requirements and changing naming requirements for political committees and their sponsors. Funding is provided to the PDC to implement and enforce the provisions of the bill.

4. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

5. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

6. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

### Comments:

1. **Charitable Organization Education** - In 2010, legislation was enacted to implement a Charitable Organization Education program supported by the Charitable Organization Education Account. Increased expenditure authority is provided to hire trainers with expertise in areas of fiduciary responsibility, board management, and other areas of education identified by the charitable and nonprofit community. (Charitable Organization Education Account-State)

2. **Archives Service Reduction** - Funding for the Archives and Records Management Account and FTE authority are reduced. Three FTE staff (one each from the Digital Archives, Records Management, and State Government Archives) are eliminated. Corresponding services to agencies are also reduced. (Archives and Records Management Account-State)

3. **TVW savings** - Funding provided to TVW is maintained at the 2009-11 biennial funding levels. This represents a 20 percent reduction from the 2007-09 funding levels.

4. **Administrative Reduction** - Funding for Executive and Administrative Services is reduced by 3 percent.

5. **State Library** - The General Fund-State appropriation to the State Library is reduced. Funding from the Washington State Heritage Center Account is provided in place of a portion of General Fund-State in the 2011-13 biennium to achieve General Fund-State savings. (Washington State Heritage Account)

6. **Presidential Primary State Costs** - Funding for costs associated with the 2012 Presidential Primary are eliminated. No Presidential Primary will be held in Washington in 2012.

7. **Productivity Board** - Funding is eliminated for the Productivity Board for the 2011-13 fiscal biennium. (Department of Personnel Service Account)
8. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

9. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

10. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

11. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. **Total Policy Changes**: 1.2 -1,461 -9,470

**Total 2011-13 Biennium**: 336.3 0 74,220

### Comments:

1. **Shift Audits to Perf Audit Acct** - Expenditure authority from the Performance Audits of Government Account is reduced to allow the shifting of expenditure authority to four audit-related activities: (1) the Division of Fraud Investigations within the Department of Social and Health Services; (2) the Fraud Ombudsman in the State Auditor's Office; (3) school apportionment audits in the State Auditor's Office; and (4) a portion of the enhanced revenue auditor and collection functions of the Department of Revenue. The effect of these transfers is that performance audits will be reduced approximately 10 percent from current levels. (General Fund-State, Performance Audits of Government Account-Nonappropriated)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Fraud Ombudsman** - The State Auditor must appoint a Fraud Ombudsman, created in Engrossed Substitute Senate Bill 5921 (social services programs), whose responsibility it is to review and audit the fraud investigative work done by the Division of Fraud Investigations (DFI), or its successor within the Department of Social and Health Services. The Fraud Ombudsman also has authority to investigate citizen complaints related to fraud and abuse in the Temporary Assistance to Needy Family (TANF) program. By November 30, 2012, and biennially thereafter, the Ombudsman must submit a report summarizing its audit activities of DFI to the appropriate committees of the Legislature. (Performance Audits of Government Account)

4. **School Audits** - The State Auditor's Office performs select state school district apportionment audits. For the 2011-13 biennium, funding for select state school district apportionment audits will be funded from the Performance Audits of Government Account rather than General Fund-State.

5. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)
6. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Reduce Agency Legal Billings** - The Office of the Attorney General (AGO) will reduce agency billings by $14.1 million in the Legal Services Revolving Account. The AGO will work with client agencies to develop and implement stricter policies and best management practices regarding utilization of Attorney General services to achieve lower legal bills. (Legal Services Revolving Account-State)

2. **Eliminate WSCTC, HCQA Billing** - The Convention and Trade Center and Home Care Quality Authority are no longer state agencies in the 2011-13 biennium. The AGO billings for these agencies are removed from the Legal Services Revolving Account as a result. (Legal Services Revolving Account-State)

3. **Stormans v DOH Litigation** - The AGO is provided increased funding and 1.8 FTEs in the 2011-13 biennium to provide one-time legal services for the Department of Health (DOH) relating to the Stormans v. DOH litigation. At issue is the constitutionality of rules adopted by the Board of Pharmacy relating to access to all prescription medications, as well as liability for attorney fees. (Legal Services Revolving Account-State)
4. **Teck Cominco Metals Litigation** - Funding is provided in the 2011-13 biennium for one-time additional legal services to the Department of Ecology associated with Pakootas, et al. v. Teck Cominco Metals Ltd. litigation. The litigation relates to a toxic cleanup site on the Upper Columbia River. It addresses the liability under federal law for cleanup and natural resource restoration costs from pollution at a smelter complex located in British Columbia, Canada. (Legal Services Revolving Account-State)

5. **Unemployment Insurance ESD IAA** - Billing authority and FTEs are provided for legal services associated with unemployment insurance (UI) cases in the Employment Security Department. (Legal Services Revolving Account-State)

6. **University of WA IAA to Base Funds** - Billing authority and FTE staff are provided for ongoing legal services associated with the University of Washington's caseload relating to Airlift Northwest and the Real Estate Office for Metro Tract management. (Legal Services Revolving Account-State)

7. **Reduction to Non-Agency Legal Serv** - Savings are assumed through a reduction in the General Fund-State funded programs: Consumer Protection ($800,000), Homicide Investigation Tracking System (HITS) ($500,000), and Criminal Litigation ($515,000). (Legal Services Revolving Account-State)

8. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

9. **Juvenile Records** - Funding is provided for costs associated with Chapter 333, Laws of 2011 (SHB 1793). The legislation provides that a violation of the prohibition against the dissemination of personal information contained in a juvenile record is a violation of the Washington Consumer Protection Act. Funding is for approximately three cases per year.

10. **Protecting Homeowners** - Billing authority is provided for costs associated with Chapter 58, Laws of 2011 (2SHB 1362). The AGO is provided billing authority from the Foreclosure Fairness Account for work required by this legislation under the Consumer Protection Act. (Foreclosure Fairness Account)

11. **Small Business Preference Program** - Billing authority is provided for costs associated with Chapter 358, Laws of 2011 (HB 1770). It is assumed that the Department of General Administration will require increased legal services as a result of this legislation.

12. **Addressing Subpoena Authority** - Expenditure authority is provided for Chapter 93, Laws of 2011 (SB 5076), which relates to subpoena authority for the Department of Financial Institutions. (Legal Services Revolving Fund)

13. **Coal-Fired Generation** - Billing authority is provided for implementation of Chapter 180, Laws of 2011 (E2SSB 5769), relating to coal-fired power generation. (Legal Services Revolving Fund)

14. **Industrial Insurance - SSB 5801** - Billing authority is provided for legal services to the Department of Labor & Industries for implementation of Chapter 6, Laws of 2011 (SSB 5801). (Legal Services Revolving Fund)

15. **Campaign Disclosure - ESSB 5021** - Billing authority is provided for the legal services costs of the enhanced campaign finance enforcement and reporting requirements of Chapter 145, Laws of 2011 (ESSB 5021), which relates to campaign finance disclosures. (Legal Services Revolving Fund)

16. **Medicaid Fraud Enforcement** - Funds are provided for implementation of Second Substitute Bill 5458 (Medicaid fraud), which establishes new tools for detection and prosecution of, and new penalties for engaging in, Medicaid fraud. (General Fund-State, Medicaid Fraud Penalty Account-State, General Fund-Federal)

17. **Workers Compensation** - Billing authority is provided for the legal costs associated with the implementation of Engrossed House Bill 2123 (workers compensation system). (Legal Services Revolving Fund)

18. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide
relevant information in hearings and work sessions. (General Fund-State, various other funds)

19. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

20. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

21. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

22. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

Comments:

1. **Reduce Administrative Expenditures** - The Caseload Forecast Council (CFC) will reduce expenditures for salaries and benefits, and goods and services.

2. **Higher Ed Forecasts** - Chapter 304, Laws of 2011(SB 5304) requires the CFC to provide caseload forecasts of the anticipated number of students eligible for the College Bound Scholarship Program who are also expected to attend an institution of higher education. Funding is provided to the CFC for the additional workload associated with producing these forecasts.

3. **SGC Transfer Savings** - Savings are taken to reflect the transfer of some of the Sentencing Guidelines Commission (SGC) functions to the CFC pursuant to Engrossed Substitute Senate Bill 5891 (criminal justice cost savings).

4. **Transfer SGC to CFC** - Pursuant to Engrossed Substitute Senate Bill 5891 (criminal justice cost savings), certain functions of the SGC are transferred to the CFC. These functions include developing and maintaining a database consisting of adult and juvenile offender history and sentencing information, analyzing the effect of sentencing legislation on prison demand, and annually publishing statistical summaries and sentencing manuals.

5. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. ### Comments:
1. **Mtge Lend Fraud Prosecution Acct** - Chapter 129, Laws of 2011 (HB 1191) pushes back the expiration date of the Mortgage Lending Fraud Prosecution Account to June 30, 2016. Funding continues to be provided to the Department of Financial Institutions (DFI) to distribute to local prosecutors and for the state to identify and pursue mortgage fraud cases. (Mortgage Lending Fraud Prosecution Account-Nonappropriated)

2. **Financial Reform/Investment Adviser** - The DFI is provided funding for its expanded regulatory authority delegated in the Dodd-Frank Wall Street Reform and Consumer Protection Act. Effective July 2011, the number of investment advisers regulated by the DFI (and the complexity of their portfolios) will increase an estimated 60 percent, from about 500 to an estimated 800 advisers. (Financial Services Regulation Account-Nonappropriated)

3. **Addressing Subpoena Authority** - Chapter 93, Laws of 2011 (SB 5076) grants the DFI the authority to obtain a subpoena for records, documents, or testimony from a superior court. Funding is provided for the ongoing legal costs the DFI expects as the result of increased efforts to secure subpoenas. (Financial Services Regulation Account-Nonappropriated)

4. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

5. **Consumer Loan Act** - Chapter 191, Laws of 2011 (2SHB 1405) removes the exemption in the Consumer Loan Act for lenders making loans secured by liens against a borrower's primary residence. Funding is provided for the DFI to implement and enforce the provisions of the legislation. (Financial Services Regulation Account-Nonappropriated)
6. **Foreclosure Fairness Act** - Chapter 58, Laws of 2011 (2SHB 1362) provides a 3 percent portion of the payment made by foreclosure beneficiaries to the DFI to conduct homeowner prepurchase and postpurchase outreach and education programs as defined in RCW 43.320.150. (Financial Services Regulation Account-Nonappropriated)

7. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

8. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Local Fiscal Note Revenue Source** - Funding for the Local Government Fiscal Note program is shifted to the County Research Services Account and the City and Town Research Services Account. (General Fund-State, County Research Services Account-State, City and Town Research Services Account-State)

2. **Reduce Housing Assistance Programs** - Spending for homeless and transitional housing programs is reduced and accounts are adjusted to reflect revenues. (General Fund-State and Home Security Fund Account-State).

3. **Essential Needs and Housing Support** - Funding is provided for the essential needs and housing support program established in Engrossed Substitute House Bill 2082 (essential needs and assistance program). The Department will use this funding to provide for housing support and essential needs for individuals in the program within available resources.

4. **Vulnerable Adults** - Funding is provided to implement sections 501 and 502 of Engrossed Substitute House Bill 1277 (licensed settings for vulnerable adults). The long term care ombudsman shall convene an adult family home quality assurance panel to review problems concerning the quality of care for adults in adult family homes. Aging and Disability Services Administration will offer support to the long term care ombudsman quality assurance panel. The panel shall provide a report to the appropriate legislative committees by December 1, 2012.
5. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

6. **Ruckelshaus Center Process** - Funding is provided for Chapter 360, Laws of 2011 (ESHB 1886). The bill establishes the Voluntary Stewardship Program that allows participating counties to protect critical areas in areas used for agricultural activities through the program rather than through regulatory requirements of the Growth Management Act. The Department will incur additional technical assistance and staffing costs for agency collaboration and to assist counties participating in the program. (General Fund-Federal)

7. **Municipal Research and Services Ctr** - The Municipal Research and Services Center of Washington (MRSC), a nonprofit organization, has provided municipal research and services to cities, towns, and counties since 1969. Funding is provided to maintain current levels of service. (County Research Services Account-State, City and Town Research Services-State)

8. **Comm Services Block Grant Reduction** - The Community Services Block Grant (CSBG) program provides funding, technical assistance and support to Community Action Agencies for services including employment readiness and training, emergency food and shelter, and housing. There is a 50 percent reduction in general fund-state provided for this program.

9. **CSHD/ Advocacy & Policy** - The Office of Crime Victims Advocacy provides services to victims of crimes and training for grantees. Funding for these services provided by the Department is reduced by 12 percent.

10. **CSHD/Operations** - Funding for operations and administrative support for the Community Services and Housing Division is reduced by 3 percent.

11. **BSD/Operations** - Funding for operations and administrative support for the Business Services Division is reduced.

12. **ASD/Operations** - Funding for administrative support provided by the Administrative Services Division is reduced.

13. **IPP/Operations** - Funding for operations and administrative support for the Innovation and Policy Priorities Division is reduced by 3 percent.

14. **LGI/Operations** - Funding for operations and administrative support for the Local Government and Infrastructure Division is reduced.

15. **Response to Crime Victims Reduction** - The Victim Witness Assistance Program provides trained advocates to assist crime victims during the investigation and prosecution of a crime. Services include 1) notification to victims and witnesses of court proceedings, dates, and events; 2) preparation and submittal of orders of restitution; and 3) assistance with crime victim compensation applications. Funding for the Victim Witness Program is reduced by 10 percent.

16. **Community Volunteer Support (CASA)** - The Court Appointed Special Advocates (CASA) program provides community volunteers appointed by judges to advocate in court for abused and/or neglected children. #### Comments:

1. **Administrative Reductions** - Funding is reduced for administrative and operating costs that do not impact revenue generating activities. Administrative reductions include eliminating vacant positions, reducing expenditures for training and travel, and eliminating a contract position. (Lottery Administrative Account-State)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

4. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

5. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

6. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)
7. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). ### Comments:

1. **Revenue Enhancement** - Funding is provided for additional staff to collect state tax revenues. The Department of Revenue will add additional tax collection staff including taxpayer account administrators, compliance staff, and auditors. On average, each employee will bring in $420,000 per fiscal year in revenue. (Performance Audits of Government Account-Nonappropriated)

2. **Reduce County Advisory Appraisals** - Funding is reduced for county advisory appraisals by eliminating 6 staff. The Department of Revenue will maintain enough staff to be able to complete up to 25 advisory appraisals each year.

3. **Closing Field Offices** - The Department of Revenue will close and consolidate several field offices in the 2011-13 biennium. Closing and consolidating field offices will reduce leased square footage, and reduce costs for facilities management and lease oversight. Field offices set for closure include Lacey and Aberdeen. The Everett field office will be consolidated with Bothell.

4. **Low Income Property Tax Deferral** - Funding is reduced as a result of SB 5587 (low-income tax deferral program) which eliminates the low-income tax deferral program beginning in 2011. This provision will save $591,000 in the upcoming biennium primarily by eliminating the appropriations for the tax deferrals.
5. Appeals Reform-Process Efficiencies - The Department of Revenue will realize savings and reduce costs by streamlining appeals processes.

6. Revenue Enhancement Option - Funding is provided to continue revenue enhancement activities initiated in HB 3225 which was passed in December 2010 including additional targeted out-of-state audits and increased tax return examinations.

7. State Data Center Rate Increase - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

8. Transfer Master Business License - Funding is provided to implement Substitute House Bill 2017 (Transfer Master Business License Program). To improve customer service, the administration of the Master Business License Program is transferred from the Department of Licensing to the Department of Revenue. (Master License Account-State)

9. Master Business License Staffing - Staffing levels and funding are adjusted to allow the Department of Revenue to implement the transfer of the master business license program from the Department of Licensing. (Master License Account-State)

10. Reduce Policy Research Services - The Research, Legislation and Policy, and Interpretations and Technical Advice divisions will eliminate six staff. This reduction will result in reduced services to external stakeholders, suspension of some publications and interpretive statements, and decreased support to internal operating divisions, the Office of Financial Management, and the Legislature.

11. Mandatory Quarterly E-File/E-Pay - Funding is provided to implement Engrossed House Bill 1357 (Mandatory Quarterly E-File). To streamline and improve tax collections, and reduce the costs of collecting revenue, quarterly taxpayers will be required to file and pay tax returns electronically.

12. Interagency Charges - AG - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

13. Management Efficiency - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

14. Printing Publications & Forms - The Department of Revenue will reduce costs by eliminating the printing and mailing of several forms and publications. Publications and forms no longer printed will be available on the Department's internet site.

15. Tax Administration Activities - Funding is reduced for tax administration activities. Reductions will impact Executive Management, Information Services, Human Resources and Business and Financial Services divisions. Overall, the Department will reduce 10.8 staff in tax administration activities.

16. Tax Collection Activities - Funding is reduced for 21.6 staff support positions and Washington Management Services position that indirectly impact revenue collections. Funding is also reduced for goods and services and staff training.

17. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

18. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)
19. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

20. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

5. **Transfer K-20 Network**
   - The K-20 Education Network is transferred to the Office of Financial Management. The K-20 Network provides video and data services to education facilities throughout the state. (Education Technology Account-Nonappropriated)

6. **Transfer IT Portfolio Application**
   - Maintenance of the Information Technology Clarity Portfolio application support is transferred to the Information Services Division within the new Department of Enterprise Services. (Data Processing Revolving Account-State)
7. **Promote Broadband Service** - Funds are provided to map the state's public and private broadband infrastructure, service availability, and current broadband upload and download speeds. (General Fund-State, Broadband Mapping Account-Appropriated, Community Technology Opportunity Fund-Appropriated)

8. **Metropolitan Optical Network** - Ongoing funding is provided for a high-speed Metropolitan Optical Network to connect 140 plus off-campus state agency locations and 14,450 state employees throughout Olympia, Tumwater, and Lacey. This network is a shared infrastructure service that will support the consolidation of state e-mail and data center services. (Data Processing Revolving Account-Nonappropriated)

9. **Exchange 2010** - Funding is provided to continue implementation of a Shared Services E-Mail service for state agencies. This service employs Microsoft Exchange 2010 and provides Enterprise Vault, an e-mail archiving capability. (Data Processing Revolving Account-Nonappropriated)

10. **Move IT Policy Oversight to OFM** - Management and oversight of strategic technology is reduced and transferred to the Office of Financial Management where a new Office of the Chief Information Officer will be established. The new office will be responsible for the development and implementation of state strategic information technology initiatives and oversight of information technology resources. (General Fund-State, General Fund-Federal, Data Processing Revolving Account-State)

11. **Dept of Enterprise Services-DIS** - The administrative, budget, finance, communications, contract services, human resources, agency internal information technology, legal services, and procurement will transfer to the new Department of Enterprise Services (DES). DES will provide these back office administrative functions to the Department of Information Services, as well as to the new DES. (Data Processing Revolving Account-Nonappropriated)

12. **Wheeler Office Building Lease** - Funding is provided for the increased lease related costs associated with the new Wheeler Office Building. (Data Processing Revolving Account-Nonappropriated)

13. **State Data Center lease** - Funding is provided for the increased lease related costs associated with the new Wheeler State Data Center. (Data Processing Revolving Account-Nonappropriated)

14. **State Data Center M&O** - Funding is provided for maintenance, operations, and increased utility costs for the new state data center. (Data Processing Revolving Account-Nonappropriated)

15. **Justice Info Network Reduction** - Funding is eliminated for a secure web gateway service used by local law and justice agencies to access available criminal justice data via the Justice Information Network (JIN).

16. **Transfer Consolidated Tech Services** - Delivery of IT services to state agencies is transferred from the Department of Information Services to the newly created Consolidated Technology Services (CTS) Agency pursuant to Engrossed Substitute Senate Bill 5931 (Streamlining Central Services). Services offered by the CTS agency include mainframe computing, network operations, telecommunications, and managing the consolidated data center.

17. **K-20 Education Network** - Funding is reduced for the K-20 Education Network. This reduction will be from efficiencies in providing the service. (Education Technology Revolving Account-Nonappropriated)

18. **State Data Center Infrastructure** - Funds are provided to enter into an agreement with a vendor to design, acquire and install the new State Data Center infrastructure, and to set up and operate the new data center. Funding is contingent upon establishing the new Office of the Chief Information Officer consistent with Engrossed Substitute Senate Bill (State government), appointing the position, and adopting technical standards for shared services. Once the move is complete, DIS services, operations, and assets in the current data center will be decommissioned. (Data Processing Revolving Account-Nonappropriated)

19. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

20. **Increased Customer Service Demand** - Funding is provided to address increased customer demand for agency services including a web analyst, a customer service specialist, an applications production support position, and a master contracts specialist. **Comments:**

1. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

2. **Insurance Statutes** - Chapter 47, Laws of 2011 (SB 5213) makes several policy changes to the Long-Term Care Partnership Program. Funding is provided to the OIC to modify existing Washington Administrative Code and for simple rulemaking needed to implement the legislation. (Insurance Commissioner's Regulatory Account-State)

3. **Health Benefit Exchanges** - Chapter 317, Laws of 2011 (SSB 5445) addresses the federal requirement that states establish health insurance exchanges by January 1, 2014, pursuant to the Patient Protection and Affordable Care Act, passed by Congress in March 2010. Funding is provided to the OIC for the implementation of the health benefit exchanges. (Insurance Commissioner's Regulatory Account-State)

4. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

5. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)
6. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

7. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

8. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). Comments:
1. DIS Forest - Funding is provided to enable the Liquor Control Board (LCB) to join the State Active Directory Forest hosted by the Department of Information Services. (Liquor Revolving Account-State)
2. Administrative Reductions - Funding is reduced for administrative costs for Liquor Control Board operations.
3. Co-located stores - Funds are provided to implement Senate Bill 5917 or House Bill 2043 (co-located stores) which requires the Liquor Control Board to conduct a pilot project to incorporate contract stores within existing grocery stores. (Liquor Revolving State-Appropriated, Liquor Revolving State-Nonappropriated)
4. State Data Center Rate Increase - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)
5. Customer Service Initiatives - Funding is provided to implement customer service initiatives to improve convenience to customers and generate additional revenues. Initiatives include adding six contract and two new state stores to keep pace with population growth; two high-volume specialty stores; standardizing hours of operation; selling retail gift cards; and providing optional delivery to restaurants and other licensed locations. The initiatives are estimated to result in net revenues of approximately $6 million. (Liquor Revolving State-Appropriated, Liquor Revolving State-Nonappropriated)
6. **Liquor Related Products** - Funds are provided to implement Senate Bill 5916 or House Bill 2043 (liquor related products) which allows the liquor control board to sell liquor related products in state liquor stores. (Liquor Revolving State- Appropriated, Liquor Revolving State- Nonappropriated)

7. **End-to-End Encryption** - Funding is provided to ensure the privacy of credit card information used at state liquor stores by encrypting confidential credit card data and transferring the storage of that data to the credit card processor. (Liquor Revolving Account-State)

8. **Distribution Center Staffing** - Funding is provided for 12 additional warehouse operators in the Liquor Distribution Center (DC) to address increased product diversity and volumes shipped to liquor stores. To avoid a decrease in liquor revenue distribution to the General Fund and local governments, funding for nine existing FTE positions (seven maintenance mechanics, one maintenance specialist, and one electrician) is shifted from the Liquor Revolving Fund to the Liquor Control Board Construction and Maintenance Account. (Liquor Control Board Construction and Maintenance Account-State, Liquor Revolving Account-State)

9. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

10. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). #### Comments:

1. **Federal Funding Rate Increase** - The Utilities and Transportation Commission (UTC) will have additional federal spending authority to administer the pipeline safety program in Washington. In 2010, Congress increased the federal reimbursement rate from 40 to 60 percent, and this funding is used to expand the program without additional resources from the state. (Pipeline Safety Account-Federal)

2. **Federal Stimulus Funds** - The UTC will continue to use federal funds provided by the Department of Energy under the American Recovery and Reinvestment Act to manage the additional workload resulting from stimulus funds provided to the industries regulated by the UTC. (General Fund-Federal Stimulus)

3. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

4. **Private Infrastructure** - Chapter 214, Laws of 2011 (2SSB 5034) requires certain wastewater companies first obtain a certificate from the UTC before providing sewerage services for compensation. Funding is provided to the UTC for costs related to rulemaking and the issuance of certificates. (Public Service Revolving Account-State)

5. **Coal-Fired Generation** - Chapter 180, Laws of 2011 (E2SSB 5769) applies emission standards and other future requirements on coal-fired electricity generating facilities. Spending authority is provided to the UTC to implement and enforce the provisions of the bill. (Public Service Revolving Account-State)

6. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)
7. Underground Utilities - Chapter 263, Laws of 2011 (E2SHB 1634) establishes rules, enforcement mechanisms, and processes for facility operators engaged in underground excavation. Funding is provided to the UTC for costs related to implementing the provisions of the bill. (Pipeline Safety Account-State)

8. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

2. **State Emergency Operations Center** - Federal funding from the Chemical Stockpile Emergency Preparedness Program (CSEPP), which has built and maintained operations at the Washington State Emergency Operations Center (EOC), is projected to end in January 2012 when the CSEPP program is complete. Funding is provided from the Worker and Community Right-to-Know Account to ensure continued operations at the EOC through the biennium. (General Fund-Federal, Worker and Community Right-to-Know Account-State)

3. **E911 Next Generation Transition** - Expenditure authority is provided from the Enhanced 911 Account for statewide agreements to continue the upgrade to Next Generation 911. To advance to the next phase of the upgrade, the state E911 office will add one Geographic Information System Specialist and one Network Security Specialist position. (General Fund-Federal, Enhanced 911 Account-State)

4. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

5. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)
6. **Educ Support & Admin Reductions** - The Military Department will achieve savings by reducing staff and services in general fund supported activities. Additional savings are achieved by eliminating state funding and relying, in part, on federal funds for the post-high school education assistance for National Guard members and the Washington Youth Academy. Funding is also reduced for facility maintenance, emergency management, and administrative support functions. (General Fund-State, General Fund-Federal)

7. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Reduce Administration** - Funding for operation of the Department is reduced. The Department will achieve ongoing savings by reducing its travel budget for the human remains program and by reducing its in-house information technology maintenance. (Heritage Non-Appropriated, State General Fund).

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

4. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. **Comments:**

1. **OFM IT Services** - Funding is provided for the Department of Enterprise Services to provide information technology services to the Office of Financial Management (OFM). The Department will recover costs by billing OFM. (Data Processing Revolving Account-Nonappropriated)

2. **Transfer IT Portfolio Application** - The maintenance of the Information Technology Clarity Portfolio application support is transferred to the Information Services Division within the new Department of Enterprise Services. (Data Processing Revolving Account-Nonappropriated)

3. **Central Service Efficiencies** - Funding is reduced as savings are realized from the implementation of ESSB 5931 (Reorganizing and Streamlining Central Services Functions). (General Administration Services Revolving Account).

4. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)
5. Dept of Enterprise Services-DOP - The Department of Personnel's human resource functions that serve agencies statewide are moved into the new Department of Enterprise Services. These functions include staff and information technology support for the Human Resource Management System, the Employee Assistance Program, recruiting, small agency human resource services, and all back office functions that existed within the Department of Personnel. (Data Processing Revolving Account-Nonappropriated, Department of Personnel Account-State)

6. Dept of Enterprise Services-OFM - The Information Services Division, Risk Management Division, Contracts Office, and Small Agency Client Services at the Office of Financial Management are moved to the new Department of Enterprise Services. (General Fund-State, Various Other Funds)

7. Dept of Enterprise Services-DIS - The Department of Information Services' administrative, budget, finance, communications, contract services, human resources, agency internal information technology, legal services, and procurement functions will transfer to the new Department of Enterprise Services (DES). The DES will provide these back office administrative functions for the Consolidated Technology Services Agency. (Data Processing Revolving Account-Nonappropriated)

8. Dept of Enterprise Services-GA - The Department of General Administration will merge into the new Department of Enterprise Services, along with the State Printer and portions of the Department of Information Services, Office of Financial Management, and Department of Personnel. A transition team will work on identifying efficiencies by consolidating back-office functions such as internal human resources, accounting, purchasing, contracts, and facilities management. (General Fund-State, General Fund-Federal, General Administration Service Account-State, General Administration Service Account-Nonappropriated, State Vehicle Parking Account-Nonappropriated, Commemorative Works Account-Nonappropriated, Building Code Council Account-State)

9. Dept of Enterprise Services-Prt - The Department of Printing will move into the new Department of Enterprise Services, along with portions of the Department of Information Services, Office of Financial Management, Department of Personnel, and Department of General Administration. A transition team will begin working on reducing staff as back-office functions such as human resources, accounting, purchasing, contracts, and facilities management are consolidated. (Printing Plant Revolving Account-Nonappropriated)

10. Back Office Efficiencies - Funding is reduced in the recognition of efficiencies gained by consolidating four state agencies.

11. Management Efficiency - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

12. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

13. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

14. Suspend Plan 1 Uniform COLA - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

15. Retire-Rehire Changes (State) - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

**Comments:**

1. **SIRTI Transfer** - Spokane Intercollegiate Research and Technology Institute (SIRTI), is a Washington State economic development agency focused on accelerating the development and growth of innovative technology-based companies in the Inland Northwest. Second Engrossed Senate Bill 5764 (Innovate Washington) merges SIRTI with the Washington Technology Center to create Innovate Washington.

2. **WA Technology Center Transfer** - The Washington Technology Center (WTC) conducts research to develop and strengthen relationship among the state's universities, private industry and government. Second Engrossed Senate Bill 5764 (Innovate Washington) merges the WTC with SIRTI to create Innovate Washington.

3. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. ---

**Comments:**

1. **Moore, et al. v. HCA** - Funding is provided for the first fiscal year of the 2011-13 Biennium to fund continuing legal services related to Moore, et al. v. Health Care Authority, a class action seeking damages related to health care benefits for part-time employees in many state agencies and institutions. (General Fund-State)

2. **Washington Health Program** - Funding is provided to recognize increasing enrollment in the Washington Health Program, an unsubsidized insurance option that is similar to the Basic Health Plan with increased client cost-sharing and annual benefit caps. Operational costs will be paid by collecting an administrative fee. (Basic Health Plan Subscription Account-Nonappropriated)

3. **Health Care Consolidation** - Pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency), the medical assistance program is transferred out of the Department of Social and Health Services and into the Health Care Authority effective July 1, 2011. (General Fund-State, General Fund-Federal, General Fund-Private/Local, Emergency Medical Services and Trauma Care Systems Trust Account-State, Hospital Safety Net Assessment Account-State, Medicaid Fraud Prevention Account-State)
4. **Dental Residency** - Funding for the Dental Residency program is eliminated. The program provides expanded primary dental care and resident training in five counties. Dental services include: diagnostics, preventive care, oral surgery, restorative services, oral health education, and specialty services.

5. **Comm. Health Collaborative Grants** - The Community Health Care Collaborative (CHCC) program provides funding to support and enhance efforts to increase access to care for Washington residents, particularly employed low-income persons and children in school, who are uninsured or underinsured, through local programs that address access to medical treatment, the efficient use of health care resources, and quality of care. This program provides funding to 14 CHCC programs providing services in 28 counties. Services include: primary care, medical homes, coordination of services, specialty care referrals, affordable prescription drugs, culturally appropriate services, health literacy outreach, health insurance enrollment assistance, behavioral health referrals, and chronic disease management.

6. **Health Literacy** - The Health Care Authority (HCA) collaborated with the University of California-Los Angeles (UCLA) to implement the UCLA Health Literacy model program. The program provided grant funding to Head Start, Early Childhood Education and Assistance programs, and qualifying community clinics to improve health literacy. The Health Literacy program completed its collaboration with UCLA in FY 2010.

7. **Reduce Health Clinic Grant Program** - State grants to community health clinics are suspended for the biennium. The grants funded primary care services for uninsured persons on a sliding-fee basis.

8. **Basic Health Plan** - New admissions to the state subsidized Basic Health Plan will continue to be frozen throughout the 2011-13 biennium. An average of approximately 37,000 persons per month are expected to be covered by the program during FY 2012, and an average of 33,000 per month during FY 2013. (General Fund-State, General Fund-Federal, Basic Health Plan Trust Account-Nonappropriated)

9. **Medicaid Transfer Cost Allocation** - The transfer of the medical assistance program from the Department of Social and Health Services to the Health Care Authority pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency) changes the base upon which central administrative functions are allocated. Appropriations are adjusted to reflect the new administrative allocation anticipated once the transfer is complete. (General Fund-State, General Fund-Federal, State Health Care Authority Administrative Account)

10. **Health Care Consolidation Executive** - The consolidation of the medical assistance program from the Department of Social and Health Services into the Health Care Authority pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency) reduces the number of senior management positions. (General Fund-State, General Fund-Federal)

11. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

12. **Health Benefits Exchange Grants** - The Health Care Authority expects to receive federal grant funding under the Patient Protection and Affordable Care Act for planning and implementing a health benefits exchange that will become operational in 2014. (General Fund-Federal)

13. **Basic Health Stabilization** - Funding is provided from the Basic Health Plan Stabilization Account to continue operation of the Basic Health Plan. (General Fund-State, Basic Health Plan Stabilization Account-State)

14. **Basic Health Admin Adjustment** - Funding for administration of the Basic Health Plan is reduced to reflect the smaller workload associated with decreased enrollment levels. (General Fund-State, General Fund-Federal)

15. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)
16. School Employees' Benefits Proposal - Funding is provided for the Health Care Authority to develop a plan to implement a consolidate health benefits system for school district and educational service district employees for the 2013-14 school year. The plan shall be reported to the Governor and the fiscal committees of the Legislature by December 15, 2011. Along with the plan, the report shall include information and recommendations on subjects including the costs and benefits of the current system of providing school district and educational service district employee health benefits, options for voluntary or mandatory statewide participation, and methods to reduce inequities between individual and family coverage for participants.

17. Management Efficiency - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

18. TRS 1 Retirement Subsidies - Funding is provided for the cost of administering a $250 per month subsidy payment program for certain newly-retired members of the Teachers' Retirement System Plan 1 (TRS 1) pursuant to Substitute Senate Bill 5846 (retired public employees). (Health Care Authority Administrative Account-State)

19. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

20. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

21. Suspend Plan 1 Uniform COLA - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

22. Retire-Rehire Changes (State) - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

**Comments:**

1. **Reduce Administrative Costs** - The Human Rights Commission (HRC) will reduce two staff positions and identify efficiencies in administration to achieve savings.

2. **Reduce Admin Hearings Services** - The HRC will continue its efforts to achieve savings by reducing the number of cases that proceed to litigation.

3. **Close Seattle Office** - The HRC Seattle branch was closed on June 30, 2010. This item represents savings from the excess in funds allocated for the office lease and the associated service contracts.

4. **Travel Reductions** - The HRC will continue to achieve savings by reducing travel expenses and relying on telephone and web video conferencing.

5. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

6. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

7. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. #### Policy Non-Comp Changes:

1. **Administration Activity Reductions**
   - Funding is reduced to reflect administrative savings achieved by combining the duties of the Deputy Director and Certification Manager, reducing the Human Resources Manager from full-time to part-time status, reducing 1.5 FTE fiscal staff by transitioning to Small Agency Client Services, and hiring a new Deputy Director at a lower salary. Also, outside agencies will be charged a rental fee for the use of the Burien facility. (General Fund-State, General Fund-Private/Local)

2. **Basic Law Enforcement Academy**
   - Funding is reduced to reflect efficiencies in the Basic Law Enforcement Academy (BLEA). The contract for the Defensive Tactics instructor will be reduced, and the current agreement for the services of the BLEA commander will end. A state employee will be hired to perform these duties at a reduced cost. Agreements with law enforcement agencies will be ended early in order to return training officers to their agencies and remove them from the BLEA payroll.

3. **Corrections Training Activity**
   - Funding is reduced to reflect a reduction in the number of corrections training classes offered and the elimination of one training officer position.

4. **Crisis Intervention Training**
   - Expenditure authority is provided for Crisis Intervention Training. The CJTC will be reimbursed by King County for provision of the training. (General Fund-Private/Local)

#### Comments:

- **1. Administration Activity Reductions** - Funding is reduced to reflect administrative savings achieved by combining the duties of the Deputy Director and Certification Manager, reducing the Human Resources Manager from full-time to part-time status, reducing 1.5 FTE fiscal staff by transitioning to Small Agency Client Services, and hiring a new Deputy Director at a lower salary. - **2. Basic Law Enforcement Academy** - Funding is reduced to reflect efficiencies in the Basic Law Enforcement Academy (BLEA). The contract for the Defensive Tactics instructor will be reduced, and the current agreement for the services of the BLEA commander will end. A state employee will be hired to perform these duties at a reduced cost. Agreements with law enforcement agencies will be ended early in order to return training officers to their agencies and remove them from the BLEA payroll.

- **3. Corrections Training Activity** - Funding is reduced to reflect a reduction in the number of corrections training classes offered and the elimination of one training officer position.

- **4. Crisis Intervention Training** - Expenditure authority is provided for Crisis Intervention Training. The CJTC will be reimbursed by King County for provision of the training. (General Fund-Private/Local)
5. Development, Training and Standards - Funding is reduced to reflect reductions for the emergency vehicle operator course, methamphetamine, crisis intervention, and child welfare training programs, and for elimination of a part-time regional training manager position. Pass-through funding is reduced for the defense attorneys, municipal attorneys, Drug Prosecution Assistance Program, Project Safe Neighborhoods, and the Major Crimes Task Force. This item also includes increased local funding obtained by charging local law enforcement agencies for non-mandated post-academy basic training. (General Fund-State, General Fund-Private/Local)

6. Driving Simulator - Funding was provided for statewide advanced driver training utilizing the driving simulators in the FY 2010 supplemental capital budget. Expenditure authority is provided local funds for the support and operation of the simulator training. (General Fund-Private/Local)

7. State Data Center Rate Increase - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

8. Reimbursement for Ammunition Costs - Funding from General Fund-State is reduced and funding from General Fund-Local is increased to reflect cost recovery for ammunition. Agencies will reimburse the Criminal Justice Training Commission (CJTC) for the costs of ammunition, based on the average cost of ammunition per cadet, for cadets they enroll in the BLEA. (General Fund-State, General Fund-Local)

9. Partial Reimbursement for BLEA - Funding is reduced to reflect a 25 percent partial reimbursement of the BLEA costs for law enforcement agencies that send cadets for training. (General Fund-Private/Local)

10. Auto Theft Prevention Account - Funding of $5.9 million is provided for the Washington Auto Theft Prevention Authority and auto theft prevention task forces. (Washington Auto Theft Prevention Authority Account-State)

11. WASPC Activity - Funding is reduced for programs administered by the Washington Association of Sheriffs and Police Chiefs (WASPC). Programs administered by WASPC include the Uniform Crime Reporting, retention of sex offender records, Missing Persons, Victim Information System, Jail Booking and Reporting System and Statewide Automated Victim Identification System, Sex Offender Address Verification, Offender Watch System, and National Incident Based Reporting. Funding from the Washington Auto Theft Prevention Authority Account is provided to partially offset the reduction. (General Fund-State, Washington Auto Theft Prevention Authority Account-State)

12. Prosecuting Attorney Training - Funding is reduced for prosecuting attorney training by 10 percent.

13. Rural Drug Task Forces - Funding is provided for grants to enforce illegal drug laws in counties that have been historically underserved by federally funded state narcotics task forces. The Washington Association of Sheriffs and Police Chiefs, the Washington Association of Prosecuting Attorneys and the Washington Association of County Officials shall jointly develop funding allocations for the office of the county sheriff, county prosecutor and county clerk.

14. School Safety Training - Funding is provided for the Washington State Criminal Justice Training Commission (CJTC) to provide training for school security officers, individuals engaged in school safety, and school administrators. The goal is to assist schools in developing the expertise and capacity to manage safety and security concerns with the support of law enforcement and other public safety officials.

15. Interagency Charges - AG - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

16. School Mapping - Funding is provided from the Washington Auto Theft Prevention Authority Account to maintain the statewide Critical Incident Planning and Mapping System (CIPMS) commonly referred to as School Mapping. The operation of the system has been supported by the use of capital funds provided for the construction of the system. Construction is now complete and the system has ongoing maintenance and operating expenses, including system management, software license maintenance, and managed services, including data hosting. (Washington Auto Theft Prevention Authority Account-State)
17. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. **Total 2011-13 Biennium** | 2,778.7 | 38,118 | 638,416 |

**Comments:**

1. **Shift Right-to-Know Fund Source** - The Department of Labor and Industries' Right-to-Know program falls under the jurisdiction of the Washington Industrial Safety and Health Act. Therefore, it is appropriately addressed by either the Worker and Community Right-to-Know Account or the Accident and Medical Aid Accounts. In order to redistribute available funds, half of the ongoing spending in the Department's Right-to-Know Account is shifted to the Accident and Medical Aid Accounts. (Worker and Community Right-to-Know Account-State, Accident Account-State, Medical Aid Account-State)

2. **Contractor Program Tech Savings** - The Department of Labor and Industries' contractor insurance renewal program has implemented technology improvements that will allow ongoing savings, resulting in a 2.5 FTE staff and $108,000 reduction.

3. **Continued Worker Protection** - The Department of Labor and Industries shifts funding for three industrial hygienist field inspector positions from the Asbestos Account to the Accident and Medical Aid Accounts. This change completes a process that began with a fund shift to the Asbestos Account in the 2001-03 biennial budget cycle due to a surplus of funds in the Asbestos Account. As anticipated, it is now necessary to return funding to the Accident and Medical Aid Accounts because Asbestos Program revenue will no longer fully support program expenditures. (Asbestos Account-State, Accident Account-State, Medical Aid Account-State)
4. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Accident Account-State, Medical Aid Account-State, Electrical License Account-State)

5. **Contractor Misclassification** - Expenditure authority is provided for the impacts of Second Engrossed Substitute House Bill 1701 (contractor misclassification).

6. **Workers Compensation** - Expenditure authority is provided for the impacts of Engrossed Substitute House Bill 1725 (workers' compensation). (Accident Account-State, Medical Aid Account-State)

7. **Crime Victims Compensation** - Substitute House Bill 5691 (crime victims compensation), which simplifies administration of the Crime Victims' Compensation program and eliminates specific benefits, is estimated to save $1.56 million during the 2011-13 biennium.

8. **For Hire Vehicles and Operators** - Expenditure authority is provided for the impacts of Engrossed Substitute House Bill 1367 (for hire vehicles, operators). (Accident Account-State, Medical Aid Account-State)

9. **Underground Economy** - The Department of Labor and Industries shall increase underground economy investigation and enforcement activities. (General Fund-State, Public Works Administrative Account-State, Medical Aid Account-State, Accident Account-State)

10. **Use Federal Crime Victims' Funds** - The fund source mix for the Department of Labor and Industries' Crime Victims' Compensation program is adjusted to account for the availability of additional federal funds. Federal matching funds are currently relatively high due to previous higher state expenditures.

11. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Public Works Account-State, Accident Account-State, Medical Aid Account-State, Plumbing Certificate Account-State, Pressure Systems Safety Account-State)

12. **Industrial Insurance System** - Funding is provided to implement and administer Chapter 6, Laws of 2011 (SSB 5801). The bill requires the Department of Labor and Industries to establish a health care provider network to treat injured workers. (Medical Aid Account-State)

13. **Workers' Compensation** - Funding is provided to implement Engrossed House Bill 2123 (workers compensation). (Accident Account-State, Medical Aid Account-State)

14. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

15. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

16. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)
17. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

18. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

Comments:

1. **Transfer ABCD Dental Coordinators** - Local dental coordinators associated with the Access to Baby and Child Dentistry (ABCD) program are transferred to the Medicaid Purchasing Administration.

2. **Providing Access to Health Care** - Increased expenditure authority from the Health Professions Account is provided to accommodate growth in the health professional licensure and credentialing workload. (General Fund-Private/Local, Health Professions Account-State)

3. **Maternity Support Services** - Administrative activities in the Department of Health which support the Maternity Support Services program in the Medicaid Purchasing Administration (MPA) are eliminated. The oversight activities will be conducted by the MPA.

4. **Providing Safe Health Care** - Increased expenditure authority from the Health Professions Account is provided to accommodate growth in the health professional disciplinary workload. (Health Professions Account-State)

5. **Support for Safe Drinking Water** - Substitute House Bill 1468 (public water system permits) removes operating system permit fees for Group A water systems from statute and provides the Department with authority to set fee levels through rule-making. Appropriations are adjusted based on the Department's anticipated program costs and fee changes. (General Fund State, Safe Drinking Water Account-State)

6. **Reduce Environmental Health Service** - Reductions will be made to administrative activities that support local governments in environmental health efforts. Reductions include incentive grants for on-site sewage disposal; outreach and compliance efforts for water systems; and education and prevention activities for zoonotic diseases, water recreation, chemical and pesticide hazards, school environmental health, and food safety.

7. **Reduce Maternal & Children's Health** - Reductions will be made in the Department's maternal and children's health functions, including elimination of staff support for the Community Health Leadership forum and reductions to administrative and technical support.

8. **Reduce Hlth Facility Quality Assura** - Reductions will be made to the health facility quality assurance functions, including eliminating group care facility inspections, increasing fees for in-home care agency inspections to offset state subsidies, maximizing Model Toxics Account funding, and reducing staff for temporary housing inspections.

9. **Reduce Public Health Support** - Multiple reductions will be made to the administrative capacity of DOH to support public health efforts. Reductions are made to several activities, including the elimination of the Health Declarations registry; reduced expenditures in the Public Health Laboratory; reduced capacity in monitoring for health care acquired infections. reduced technical support for adverse events tracking and reduced support to the Poison Control Center.

10. **Reduce/Restructure Administration** - The DOH's central agency administrative functions are reduced by 10 percent ($1.16 million). The Health Services Quality Assurance Division support is reduced ($855,000). Health Impact Reviews are suspended ($238,000).

11. **Family Planning Capacity Grants** - State funding for family planning activities is reduced by 11.25 percent.

12. **Tobacco Cessation Program Changes** - Amounts in the Tobacco Prevention and Control Account are not sufficient to continue past levels of programming. Expenditure authority from this account is reduced to reflect that, and tobacco cessation activities within the Department will be reduced. Remaining programs including the Quit-Line and outreach and awareness campaigns will be funded through fees raised from licensing of cigar lounges or tobacconist shops as authorized under Engrossed Substitute Senate Bill 5542 (cigar lounges/tobacconists). (Tobacco Prevention and Control Account-State)
13. **Delay Homecare worker certification** - Funding is provided in the Department of Social and Health Services for increased basic training beginning January 1, 2011, for non-family member Individual Providers (IP) and Agency Providers (AP) only. Basic training for all other long-term care workers is delayed to the 2013-15 biennium. Continuing education is delayed to the 2013-15 biennium for all long-term care workers including IPs, with the exception that Developmental Disability residential workers that will be exempted from this requirement. Developmental Disability residential workers currently do not have requirements for continuing education and will be exempted from the increase to 12 hours for this category of training. Certification, advanced training, peer mentorship, and background checks are delayed for all long-term care workers, including IPs, to the 2013-15 biennium. (Health Professions Account-State)

14. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, General Fund-Private/Local, Health Professions Account-State, Safe Drinking Water Account-State, Drinking Water Assistance Account-Federal, State Toxics Control Account-State, Medical Test Site Licensure Account-State)

15. **Non-Infectious Disease Epidemiology** - Funding to track non-infectious diseases is reduced by 11 percent.

16. **Massage Practitioner Legislation** - Appropriation authority in the Health Professions Account is increased for additional workload associated with Substitute House Bill 1133 (massage practitioner license). (Health Professions Account-State)

17. **Blue Ribbon Public Health Funds** - Public health grants funded in 2008 as a result of the omnibus Blue Ribbon Commission Act are reduced by 50 percent.

18. **Developmental Disabilities Council** - Funding is provided for the developmental disabilities council to contract for a family-to-family mentor program to provide information and support to families and guardians of persons who are transitioning out of residential habilitation centers.

Comments:

1. Cost of Supervision Fee Change - One-time funding is provided for a fund balance shortfall for the cost of the supervision. The DOC will also change the amount of the supervision fee and institute a new fee for interstate offenders supervised in Washington, consistent with Engrossed Substitute Senate Bill 5891 (criminal justice savings). (General Fund-State, Cost of Supervision Account-Nonappropriated)

2. Risk Assessment Tool Changes - Funding is provided for implementation of a secondary risk assessment tool designed specifically for sex offenders.

3. Early Deportation Alien Offenders - Savings will be achieved by deporting certain non-citizen drug and property offenders. The proposal assumes that qualifying non-citizen offenders are deported and that qualifying newly sentenced non-citizen offenders are processed for deportation upon arrival to the state prison system, consistent with Chapter 206, Laws of 2011 Partial Veto (ESHB 1547). (General Fund-State, General Fund-Federal)

4. Eliminate Tolling for Offenders - The DOC will eliminate "tolling" or pausing the term of community custody while an offender is confined for violating a sentencing condition, pursuant to Engrossed Substitute Senate Bill 5891 (criminal justice savings). The length of an offender's community supervision will run continuously regardless of whether an offender is incarcerated at any time during the community supervision sentence. Tolling would continue for sex offenders. (General Fund-State, Cost of Supervision Account-Nonappropriated)

5. Close McNeil Island Corrections Ctr - Funding is reduced to reflect savings from the closure of the McNeil Island Corrections Center on April 1, 2011.

6. Reduce Administrative Costs - Funding is reduced to reflect administrative staff reductions in Community Corrections, Health Services, the Office of the Secretary, and the Prisons Division.

7. Changes Agency Staffing Structure - Funding is reduced to reflect reductions to recreation staff, recruitment teams, staff counselors, emergency response teams, and captains at stand-alone minimum security facilities.

8. Hold Positions Vacant - Funding is reduced to reflect savings from vacancies.

9. Eliminate Staff Positions - Funding is reduced to reflect savings from the elimination of positions throughout the DOC.

10. Eliminate On-the-Job Training - Funding is reduced to reflect savings from the elimination of the on-the-job training program for correctional officers.

11. Achieve Program Underexpenditures - Funding is reduced to reflect savings achieved in health care services.

12. Reduce Offender Programming - Funding is reduced to reflect savings from reductions to chemical dependency and education contracts.

13. Reduce Contracted Services - Funding is reduced to reflect reductions to contracts for consultative and research services, sex offender treatment services, and medical services and procedures.

14. Reduce DOSA Bed Utilization - The DOC will reduce the number of funded Drug Offender Sentencing Alternative (DOSA) beds from 215 to 140 to reflect lower utilization.

15. Reduce Electronic Home Monitoring - Funding is reduced to reflect savings from limiting the use of electronic home monitoring of offenders to sex offenders, Extraordinary Medical Program participants, Family Offender Sentencing Alternative offenders, and similar cases.

16. Merge Indeterminate Sentencing Revi - The Indeterminate Sentence Review Board (ISRB) is merged with the Department of Corrections. The offender release functions of the ISRB will continue. Savings are achieved by eliminating duplicate staff positions from both agencies. The independent decision-making authority of the ISRB will not change.

17. ISRB Merger Savings - The DOC will assume the administrative functions of the Indeterminate Sentence Review Board (ISRB). Savings are achieved by eliminating staff positions and the associated expenses of being a stand-alone agency.
18. **Open Larch Corrections Elkhorn Unit** - Funding is provided to open the Elkhorn Unit at Larch Corrections Center to increase system capacity needed as a result of closing McNeil Island Corrections Center.

19. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

20. **Health Care Employee Overtime** - Funding is provided to implement Chapter 251, Laws of 2011 (HB 1290) related to elimination of mandatory overtime for health care employees at the DOC.

21. **Expedited Medical Assistance** - Funding is provided to implement Chapter 236, Laws of 2011 (SHB 1718) related to providing an expedited medical assistance application process for offenders with developmental disabilities or traumatic brain injuries who are being released from the DOC facilities and were previously enrolled in the medical assistance program.

22. **Prison Safety Enhancements** - Funding is provided for prison safety enhancements, including funding for a study to standardize a body alarm or proximity card system statewide; to pilot a body alarm system and a proximity card system; upgrades to the radio system to add panic buttons; expanded use of pepper spray; to develop and implement training for supervisors on enhanced security awareness; for staff counselor positions; and to add custody staff at the Monroe Correctional Complex and the Washington State Penitentiary that are responsible for ensuring the whereabouts of all prison employees.

23. **Utilize Auto Theft Prevention Funds** - Funding is provided from the Washington Auto Theft Prevention Authority Account to offset incarceration costs in the department.

24. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

25. **Reduce Rental Rate for Violators** - The mandatory workload step assumes that the average in-state daily rental rates for community custody violator beds will be $83.54 and $87.75 in FY 12 and FY 13, respectively. The Department is directed to negotiate rates that do not exceed $85 per day, plus medical costs.

26. **Reduce Supervision for FTOW** - Funding is reduced to reflect savings from reducing the supervision of offenders on a first time offender waiver (FTOW) from 24 and 12 months to 12 and 6 months pursuant to Engrossed Substitute Senate Bill 5891 (criminal justice cost savings).

27. **OBTS Migration** - The DOC will reduce payments to the Department of Information Services or its successor by $213,000 in FY 2012 and by $1,150,000 in FY 2013. The reduction in payment is related to the elimination of the Offender Base Tracking System (OBTS), including moving remaining portions of the OBTS into the Offender Management Network Information (OMNI) system.

28. **Reduce Supervision of Jail Offender** - Saving are taken to reflect passage of Engrossed Substitute Senate Bill 5891 (criminal justice savings) which eliminates community supervision of certain misdemeanant offenders, and felony offenders whose sentence was less than a year and are classified as a low or moderate risk to reoffend.

29. **Housing Voucher Expansion** - Funding is provided to expand the use of housing vouchers and enable the Department to release offenders as close to the offenders' earned release date as possible. Funding is provided to increase the number of vouchers from 165 per month to 238.

30. **Violator Bed Savings** - Funding is reduced to reflect savings in the number of community custody violator beds that will be needed due to changes including reducing supervision by the DOC of jail and court offenders and elimination of tolling (or pausing) the term of community custody while an offender is confined for violating a sentencing condition.

31. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)
32. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

33. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

34. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees’ Retirement System and the Teachers’ Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

#### Comments:

1. **Deaf-Blind Service Center Contract** - Beginning in Fiscal Year 2012, the Office of Deaf and Hard of Hearing will take over the contract with the Deaf-Blind Service Center to provide accessibility, security, and independence with daily life activities for deaf-blind individuals in Washington State.

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Independent Living Overmatch** - The Department will reduce Independent Living Program outreach activities. Funding is used to provide education and outreach to individuals about the services provided in the Independent Living Program. No client who is currently receiving services will lose their services in relation to this reduction.

4. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

5. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Eliminate Port Jobs Program** - Funding is eliminated for the Port Jobs Program.
2. **Next Generation Tax System** - Funding is provided for the second phase to replace the mainframe unemployment insurance tax information system (TAXIS) and its ancillary subsystems, which were originally implemented in 1984. (Unemployment Compensation Administration Account-Federal)
3. **Washington Service Corp** - Funding is provided to meet the federal grant match requirement for the Washington Service Corps program. The Washington Service Corps Program consists of three major programs: AmeriCorps, Reading Corps, and Volunteers in Service to America. These three programs allow communities to receive educational, disaster preparedness, environmental, and other types of direct support. (Administrative Contingency Account-State)
4. **Unemployment Insurance** - Funding is provided to implement Chapter 4, Laws of 2011 (EHB 1091), which establishes caps on the flat social rate and reduces the multipliers used for certain graduated social rates, provides a temporary benefit increase by adding $25 to the weekly benefit amount, and makes changes to extended benefits, including a three-year look-back period. (General Fund-Federal)
5. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)
6. **Family Leave Insurance** - Funding is reduced to reflect the delay of implementing the Family Leave Insurance program. Under current law, persons meeting eligibility requirements for the Family Leave Insurance program are entitled to benefit payments starting in October 2012.

7. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

8. **Distributed Generation** - Funding is provided to evaluate the economic impact of promoting and retaining biomass and qualified solar energy systems. The Department's analysis must include an examination of the impact of such energy systems on local employment and wages. (Administrative Contingency Account-State)

9. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

10. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. Comments:

1. **Reduce Crisis Residential Cntrs** - Funding for Crisis Residential Centers (CRCs) is reduced by 17 percent. Crisis Residential Centers provide temporary residential placement for runaway youth and/or youth in conflict with their families.  (Home Security Fund-State)

2. **Reduce Evaluation Costs** - Funding is reduced for neuropsychological testing and behavioral examinations for adults and children served by the Department of Social and Health Services (DSHS).

3. **Reduce Regional Staffing** - The Children's Administration will reduce 244.0 FTE staff and associated funding to achieve savings.  (General Fund-State, General Fund-Federal)

4. **Reduce Behavioral Rehab Services** - Funding for Behavioral Rehabilitative Services (BRS) is reduced. These services are provided to children and youth who are behaviorally or emotionally disordered and whose behaviors cannot be maintained in a less intensive setting.  (General Fund-State, General Fund-Federal)

5. **Reduce Urinalysis Testing** - Funding for urinalysis testing is reduced by 10 percent. The Children's Administration will implement a standardized approach for urinalysis utilization.

6. **Extended Foster Care** - Funding is provided to implement Chapter 330, Laws of 2011 (2SHB 1128). The bill extends foster care services to youth who elect to stay in care to complete high school or a vocational program up to age 21.  (General Fund-State, General Fund-Federal)

7. **Dependency System** - Funding is provided to implement Chapter 160, Laws of 2011 (SHB 1697). The bill requires the Children's Administration and supervising agencies to randomly select no less that 10 percent of caregivers to receive one unannounced face-to-face visit per year. One-time funding is provided to make changes to the FamLink computer system. Ongoing funding is provided for increased workload associated with visits.  (General Fund-State, General Fund-Federal)

8. **Reduce Med. Treatment Child Care** - Funding for Medicaid Treatment Child Care (MTCC) is reduced by 5 percent. Medicaid Treatment Child Care provides intensive child development services to young children.  (General Fund-State, General Fund-Federal)

9. **Eliminate Chemical Dependency Spec.** - Funding for Chemical Dependency Professionals is eliminated. These are contracted services provided to families involved in the child welfare system.

10. **Reduce Funding for SCRC** - Funding is reduced by 6.3 percent for the Secure Crisis Residential Centers (SCRCs) which provide temporary residential placement for runaway youth and/or youth in conflict with their families.  (General Fund-State, Home Security Fund-State)

11. **Reduce Regional Administration** - Funding is reduced due to the DSHS consolidating its regional structure from six regions to three for all programs across the state.  (General Fund-State, General Fund-Federal)

12. **Adoption Support** - Savings are achieved through setting a maximum adoption payment standard of 90 percent of the foster care maintenance payment in the same time period for future adoptions. Federal law requires that adoptive parents may not receive a monthly payment higher than what the child would have received in foster care for the same time period. Adoptive parents may also receive a tax credit for the adoption of a child. The item does not reduce current adoption assistance agreements.  (General Fund-State, General Fund-Federal)

13. **Medicaid Treatment Child Care** - Funding for MTCC is transferred from the Children's Administration to the Department of Early Learning (DEL). Medicaid Treatment Child Care provides intensive child development services to young children. The transfer also includes the transfer of administrative funding for the program to DEL.  (General Fund-State, General Fund-Federal)

14. **Children Advocacy Center** - Funding for Child Advocacy Centers is reduced by 6.28 percent. Child Advocacy Centers stress coordination of investigation and intervention services by bringing together professionals and agencies as multi-disciplinary teams to create a child-focused approach to abuse cases.

15. **Reduce Private Agency Fees** - The fees paid to private agencies are reduced. The Children's Administration contracts with private agencies for services for family foster homes.  (General Fund-State, General Fund-Federal)
16. **Leverage Fund Ed Coordinators** - State general funds are reduced to reflect the DSHS obtaining federal Title IV-E reimbursement for educational coordinators. Educational coordinators provide educational advocacy services for children in foster care. (General Fund-State, General Fund-Federal)

17. **Reduce Pediatric Interim Care** - Funding is reduced for the Pediatric Interim Care facility in Kent. This facility provides 24-hour care for substance-affected infants up to 45 days after release from the hospital.

18. **Reduce Foster Parent Child Care** - Funding for Foster Parent Employment Child Care is reduced by 8 percent. The Children's Administration will limit foster parent child care when one or more parent is not employed.

19. **Reduce Foster Parent Recruitment** - The DSHS will reduce funding for foster care recruitment by 10 percent to reflect achieving efficiencies in foster parent recruitment. (General Fund-State, General Fund-Federal)

20. ** Expedite Permanency** - Funding is reduced to reflect savings as a result of expediting adoptions for children in their final home awaiting a home study. The average monthly cost for a child in adoption is less than the average cost for a child in a foster home setting. (General Fund-State, General Fund-Federal)

21. **Reduce Voluntary Placement Agreements** - Funding is reduced to reflect policy changes adopted by the Children's Administration regarding the utilization of Voluntary Placement Agreements (VPAs). The revised policy will reduce the utilization of VPAs. (General Fund-State, General Fund-Federal)

22. **Increase SSI Recoveries** - The Children's Administration will reduce costs by increasing the Social Security Income recoveries. As additional children are approved for Social Security Income benefits, less General Fund-State funding will be required.

23. **Reduce HOPE Beds** - Funding is reduced by 28 percent for HOPE Centers. The Children's Administration contracts for services for street youth to provide assessment and permanency planning for up to 30 days in a HOPE Center setting. (General Fund-State, Home Security Fund)

24. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

25. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

26. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

27. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

28. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

### Comments:

1. **Reduce Parole Services** - The Juvenile Rehabilitation Administration (JRA) will reduce funding for parole services to juveniles. The agency will achieve savings by reducing rates paid for diagnostic services, reducing amounts planned for client services such as urinanalysis testing, reducing the use of polygraph services, restructuring regional administration, increasing caseloads from 20:1 to 25:1, reducing direct care and support staff, and reducing lease costs.

2. **ART and FIT Services** - Family Integrated Treatment services will be reduced by 5 percent, resulting in savings of $171,000. The Aggression Replacement Therapy program is discontinued for JRA-involved youth in the community, resulting in $384,000 in savings.

3. **Close Maple Lane School** - Maple Lane School in Rochester is closed at the end of FY 2011. These savings occur as a result of the closure occurring sooner than previously planned.

4. **Reduce Juvenile Court Funding** - The funding provided to county juvenile courts and participating tribes is reduced, as are DSHS administrative expenditures associated with administering the juvenile court block grant.

5. **Reduce JRA Institution Costs** - The Juvenile Rehabilitation Administration (JRA) will make reductions at the state-run institutions.

6. **Reduce Administrative Costs** - The Juvenile Rehabilitation Administration headquarters staffing is reduced.

7. **Juvenile Court ART and FFT** - Funding is provided to expand participation in evidence-based programs by the juvenile courts.
8. **JRA ART and FFT expansion** - Funding is provided to expand participation in evidence-based programs by the Juvenile Rehabilitation Administration.

9. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

10. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

11. **3\% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

12. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

13. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

### Comments:

1. **Reduce Spokane Acute Care Proviso** - Funding provided to the Spokane Regional Support Network to lower bed utilization at Eastern State Hospital is reduced by 25 percent.

2. **Close Western State Hospital Ward** - One Western State Hospital Psychiatric Recovery and Treatment Center (PRTC) ward serving patients with severe psychiatric disorders was closed in October 2010. Funding for the ward is discontinued during 2011-13 to reflect the closure.

3. **Reduce WSH Staff Costs** - Western State Hospital began implementing strategies in October 2010 to achieve savings by managing vacancies, limiting overtime, and staff reorganization.

4. **Capture Program Savings** - The Hospital Reimbursement Group at Western State is responsible for all revenue functions, including identification and collection of client recoveries. Funding is reduced due to ongoing savings from lower expenditures.
5. **Reduce Regional Support Network Non** - Regional Support Networks (RSNs) provide services to low income individuals who do not qualify for Medicaid as well as services to Medicaid clients which are not reimbursable under the Medicaid program. Funding for these services is reduced by 4 percent.

6. **Reduce CSTC Operating Costs** - Operating costs at the Child Study and Treatment Center (CSTC) are reduced by 3 percent through staffing realignments, more effective use of overtime, and other operating efficiencies. There is to be no change in the center's average daily census capacity as a result of these changes. (General Fund-State, General Fund-Federal)

7. **Reduce WIMHRT Technical Assistance** - Funding is suspended for the Washington Institute for Mental Health Research and Training (WIMHRT), which provides research-based technical assistance and training for mental health professionals working in community and hospital settings. (General Fund-State, General Fund-Federal)

8. **Medicaid for PACT** - The Department will increase federal Medicaid funding participation for the Program for Active Community Treatment (PACT) teams. (General Fund-State, General Fund-Federal)

9. **Medicaid Match for PALS Diversions** - The Department will implement strategies to incorporate Medicaid reimbursable community services provided to former residents of the Program for Adaptive Living Skills into Medicaid capitation rates. (General Fund-State, General Fund-Federal)

10. **CPE Technical Adjustment** - When Medicaid mental health capitation rate ranges were re-set in 2010, some costs associated with hospitals participating in the state's certified public expenditure (CPE) payment program were omitted from the rate-setting. Funds are provided to correct this technical oversight. (General Fund-State, General Fund-Federal)

11. **Administrative Reduction** - Funding for headquarters administrative and operations support is reduced.

12. **RSN Medicaid Rates** - Regional Support Network Medicaid Rates are reduced by approximately 3 percent. (General Fund-State, General Fund-Federal)

13. **EBP Fund Source** - The University of Washington's Evidence Based Practice Institute (EBPI) supports the identification, evaluation, and implementation of evidence based or promising practices for serving children and youth with mental health disorders. For the 2011-13 biennium, the department will enter into an interagency agreement with the office of the attorney general for expenditure of $700,000 of the state's proceeds of the cy pres settlement in State of Washington v. AstraZeneca (Seroquel) for this purpose instead of state funds. (General Fund-State, General Fund-Private/Local)

14. **Reduce ESH Staff Costs** - Staffing and operating costs at Eastern State Hospital (ESH) are reduced by a total of approximately 3 percent through staffing realignments, more effective use of overtime, and other operating efficiencies. This includes a reduction in funding for Consolidated Support Services which provides maintenance services at Eastern State Hospital by $937,000. There is to be no change in the hospital's average daily census capacity as a result of these changes.

15. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delaying and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

16. **Increase License/Certification Fee** - The department is authorized to partially increase the fees charged for licensing and certification of community mental health agencies and residential treatment beds and to deposit the revenue into a local account to offset the cost of program operation. (General Fund-State, General Fund-Federal)

17. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)
18. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject to the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

19. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

20. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). Comments:

1. **Money Follows the Person** - The Center for Medicare & Medicaid Services (CMS) has approved additional federal funds to staff the Money Follows the Person (MFP) demonstration project. Ten long term care positions and eight developmental disability positions funded by the MFP grant will focus exclusively on transitioning clients from state institutions to community settings. (General Fund-Federal)

2. **Reduce SOLA Costs** - State Operated Living Alternatives (SOLA) will reduce discretionary expenditures for goods and services, travel, and equipment. (General Fund-State, General Fund-Federal)

3. **Reduce MH Training** - Funding is reduced for specialized mental health training that is provided as a service to residential providers that care for approximately 434 clients with developmental disabilities. The Department of Social and Health Services will continue to provide mental health training according to the greatest need as long as the funding lasts. (General Fund-State, General Fund-Federal)

4. **Reduce Individual & Family Service** - The state-only funded individual and family services program is reduced by 10 percent. The program provides support to approximately 1,800 persons with developmental disabilities and their families. This program provides support to both families that are on developmental disability Medicaid programs and families that are not receiving any other publicly funded service through the Division of Developmental Disabilities. There are no income restrictions for this program, but the levels of services allowed for per client are capped. Services include respite care, therapies, adaptive equipment or clothing, training, counseling, medical or dental, and nursing services that are not covered by Medicaid.

5. **CBA IP Health Benefits Cents Per Hour** - Funding is provided for health benefits for Individual Providers (IPs). The tentative agreement for the collectively bargained home care workers contract converts the way that health benefits are paid from a per-member-per-month payment methodology to a cents-per-hour payment methodology. Based on the total funds appropriated for IP health benefits, the base conversion went from a $620 per-member-per-month payment to $1.82 per hour. However, base funding for agency providers was also included in the calculation. The final cents-per-hour amount for IPs that is in the tentative agreement is $1.96 per hour. This assumes that agency parity for health benefits is severed and that funding for agency benefits will be provided separately. (General Fund-State, General Fund-Federal)

6. **RHC Transition/Community Alternatives** - Pursuant to 2SSB 5459 (Relating to services for people with developmental disabilities), Frances Haddon Morgan Center will close by December 31, 2011. The appropriation for Frances Haddon Morgan is transferred to Special Projects. Funding is prioritized to be used for the purposes of transitioning clients with developmental disabilities into community settings. The department is authorized to use any savings from this effort for the purpose of developing community resources to address the needs of clients with developmental disabilities who are in crisis or in need of respite. The department shall track the costs and savings of closing Frances Haddon Morgan Center and any investments into community placements and resources. The department will provide a fiscal progress report to the Legislature by December 5, 2011. (General Fund-State, General Fund-Federal)

7. **Provide Community Placements** - Funding is provided for out-of-home community residential placements for 58 individuals with developmental disabilities. These clients have been identified as aging out of foster care, ready for discharge from juvenile rehabilitation and mental health institutions, or ready for release from the Department of Corrections. (General Fund-State, General Fund-Federal)

8. **Reduce RHC Staff & Services** - Reductions are made to Residential Habilitation Centers (RHC). The reductions will come from changes in adult training programs, food services, increased client density in houses and cottages, cottage closures, and staff layoffs. (General Fund-State, General Fund-Federal)

9. **SOLA Staffing - High Need Clients** - Two specific clients have chosen to be placed into the State Operated Living Alternative (SOLA) program rather than continuing to be served in a residential habilitation center placement. These clients require a higher than normal level of support in order to remain safely in the community. (General Fund-State, General Fund-Federal)
10. **Reduce Personal Care Hours** - Personal care provides assistance with daily living activities to individuals who meet functional and financial eligibility. An average 10 percent acuity-based reduction is made to personal care service hours for adult clients receiving in-home personal care under Medicaid programs. The actual reduction will range between 6 percent and 18 percent per client depending on acuity. In the most acute care category, a client receives on average 382 hours per month of in-home care. This client's care would be reduced by 6 percent and they will now receive 359 hours of in-home care per month. In the least acute care category, a client receives on average 25 hours per month of in-home care. This client's care would be reduced by 18 percent and they will now receive 21 hours of care. (General Fund-State, General Fund-Federal)

11. **MPC Hours-Training Impact** - Contributions to the training trust to pay for training for individual providers and represented agency providers are provided based on the total number of Medicaid personal care hours worked by the providers. Since the total number of personal care hours is being reduced there is a corresponding reduction in the contributions to the training trust. (General Fund-State, General Fund-Federal)

12. **MPC Hours-Health Care Impact** - Health care contributions for individual providers are made based on the total number of Medicaid personal care hours worked by all providers. Since the total number of hours is being reduced, there is a corresponding reduction in health care contributions. (General Fund-State, General Fund-Federal)

13. **Reduce Professional Services** - Funding for contracted professional and technical services is reduced by 13 percent. Professional services include consultation for staff and family, environmental modifications, specialized medical services, therapy services, sexual deviancy consultation, and specialized psychiatric services. Individuals who have an identified health and welfare need that cannot be met with some other resource will continue to have these services/resources allocated to them. (General Fund-State, General Fund-Federal)

14. **Capture Voluntary Placement Savings** - Voluntary Placement Program funding is aligned with past years' expenditure levels. This reduction reflects projected under-expenditures and is not expected to have a direct impact on clients.

15. **Adult Working Policy Reform** - The adult working policy for persons with a developmental disability will be reformed. The program will be operated with an employment first philosophy requiring clients to participate in the supported employment program option for a minimum of nine months. After that time, clients can choose to participate in the Community Access program and the department is directed to restructure the Community Access program such that the focus is on providing individualized support to clients and assist them in participating in their community. (General Fund-State, General Fund-Federal)

16. **Reduce Central Office** - The Division of Developmental Disabilities' central office will reduce expenditures for travel, equipment, printing, and projects. The reduction will result in less assistance to field staff, advocates, consumers, and partners. (General Fund-State, General Fund-Federal)

17. **Reduce Field Staff & Services** - Reductions are made to case managers and case management services on the no-paid services caseload. In addition, vacant positions are not filled and reductions are made to regional office expenditures. (General Fund-State, General Fund-Federal)

18. **Reduce Residential Services** - Vendor rates are reduced for residential providers which provide care to clients with Developmental Disabilities. Community residential providers for clients with developmental disabilities include supported living, group homes, alternative living, companion homes, and licensed staff residential settings. (General Fund-State, General Fund-Federal)

19. **Adjust AFH Rates for License Fees** - Vendor rates for publicly funded adult family home beds are increased by approximately $0.22 in FY12 and $0.43 in FY13 per Medicaid patient day to compensate for increased licensing fees. (General Fund-Private Local, General Fund-Federal)
20. Reduce AP Health Benefit - The Aging and Disabilities Services Administration will reform the way health benefits are purchased for homecare agency providers who serve Medicaid clients. Approximately $69.6 million in total funds will remain in base funding for agency health care benefits after this reform is implemented. The Department shall calculate and distribute payments at $558 per month for each agency homecare worker who provides 86 hours per month or more of care for publicly funded clients. Agencies will be provided flexibility to negotiate the most comprehensive health benefits package for their employees. Benefits must be provided to workers who care for clients at 86 hours per month or more. At a minimum, comprehensive benefits must be provided to employees who work 140 hours or more. Home care agencies may determine a reasonable employee co-premium not to exceed 20 percent of the total health benefit cost. (General Fund-State, General Fund-Federal)

21. Reduce Regional Administration - The Department of Social and Health Services is consolidating its regional structure from six to three for all programs. (General Fund-State, General Fund-Federal)

22. Medicare Part D Copayments - The state is discontinuing the reimbursement of co-payments for prescription drug purchases made by qualifying dually eligible Medicare/Medicaid clients in the Medicare Part D program. Prescription drugs are considered an allowable client expenditure in the calculations used to determine what a client will pay towards financial participation in their own care. With the elimination of Part D co-pays, there will be a corresponding drop in client participation and therefore the state's responsibility for the cost of care will increase by an equal amount. (General Fund-State, General Fund-Federal)

23. Parent to Parent - Funding is provided for direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

24. AP rates L&I adjustment update - Reimbursements are made to homecare agencies for the increase in average base rate costs of Labor & Industry (L&I) insurance. These statutorily required reimbursements are provided in accordance with RCW 74.39A.310. (General Fund-State, General Fund-Federal)

25. Delay Mandatory Training - Mandatory increases and enhancements to training, new certification requirements, and federal fingerprint background checks for long-term care workers are delayed until the 2013-15 biennium. Fundamental training for in-home care will continue at its current levels of about 28 hours - 34 hours depending on the type of worker. Background checks based on a name search will continue to be required. No clients will lose service as a result of this delay. (General Fund-State, General Fund-Federal)

26. CBA Reduce Training Contributions - Contributions paid to the training partnership and for agency parity are reduced from $0.22 cents per hour to $0.17 cents per hour. Training is delayed. House Bill 1548 (Long Term Care Worker Requirements), makes statutory changes to the increased training requirements and therefore the state shall contribute to the partnership seventeen cents ($0.17) per paid hour worked by all home care workers. This amount is pursuant to the collective bargained agreement negotiated with the exclusive bargaining representative of individual providers. (General Fund-State, General Fund-Federal)

27. Management Efficiency - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

28. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

29. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)
30. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

31. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). ### Comments:

1. **Money Follows the Person** - The Center for Medicare & Medicaid Services (CMS) has approved additional federal funds to staff the Money Follows the Person (MFP) demonstration project. Ten long term care positions and eight developmental disability positions funded by the MFP grant will focus exclusively on transitioning clients from state institutions to community settings. (General Fund-Federal)

2. **Reduce NH Rate for Lowest Acuity** - Pursuant to Engrossed Substitute Senate Bill 5581 (nursing home payments), Medicaid clients with the lowest acuity classifications are reimbursed at 87 percent of the average direct care daily rate. This payment change supports the role of nursing homes for serving the most fragile clients. (General Fund-State, General Fund-Federal)

3. **Reduce NH Rate Financing Rate** - Pursuant to Engrossed Substitute Senate Bill 5581 (nursing home payments), the allowable return on investment in the finance allowance component of the nursing home rate is reduced to 4.0 percent. The percentage of return on investment is set by the state and is adjusted to reflect lowering interest rates for commercial health industry loans. (General Fund-State, General Fund-Federal)

4. **Delay NH Rebase** - Pursuant to Engrossed Substitute Senate Bill 5581 (nursing home payments), the Department of Social and Health Services will delay the rebasing of nursing home rates to July 1, 2013, rather than in 2012. Rebasings are the process of using a new, more recent cost report to establish Medicaid payment rates. (General Fund-State, General Fund-Federal)

5. **NH Quality Incentive Payments** - Pursuant to Engrossed Substitute Senate Bill 5581 (nursing home payments), the Nursing Home Safety Net Assessment Fund is created in the state treasury. Nursing facilities will provide the funds to leverage federal Medicaid matching funds that will be used to restore rates to the June 30, 2010, payment levels. The DSHS shall establish a per bed fee to generate federal match and restore nursing home payments to rates paid before the FY11 reductions were implemented. A direct care rate add-on is established for facilities that have taken on higher acuity clients since 2010. The amount will vary by facility and is compensated as an add-on outside of the statewide weighted average rate established in the appropriations act. The direct-care rate add-on is typically between $7 - $10 per patient day depending on the individual facility's growth in direct care from June 2010 to July 2011. (General Fund-State, Nursing Facility Quality Assurance Fund-State, General Fund-Federal)

6. **Reduce AAA Unit Rate** - The monthly rate paid to the Area Agencies on Aging (AAA) is reduced by 3 percent for each home managed for Medicaid clients. Core service contract management performed by AAAs will also be reduced by 3 percent. The client caseload ratio will increase from 1:70 to 1:72 as a result of this reduction. (General Fund-State, General Fund-Federal)

7. **Reduce Senior Citizens Services Act** - Reductions are made to the Senior Citizens Services Act (SCSA). Through Area Agencies on Aging (AAAS), SCSA funds are used to pay for services that delay entry into Medicaid and enable people to live in their homes as long as possible. Services affected include case management, transportation, bathing assistance, minor home repair, foot care, and senior meals.

8. **CBA IP Health Benefits Cents Per Hour** - Funding is provided for health benefits for Individual Providers (IPs). The tentative agreement for the collectively bargained home care workers contract converts the way that health benefits are paid from a per-member-per-month payment methodology to a cents-per-hour payment methodology. Based on the total funds appropriated for IP health benefits, the base conversion went from a $620 per-member-per-month payment to $1.82 per hour. However, base funding for agency providers was also included in the calculation. The final cents-per-hour amount for IPs that is in the tentative agreement is $1.96 per hour. This assumes that agency parity for health benefits is severed and that funding for agency benefits will be provided separately. (General Fund-State, General Fund-Federal)
9. **Adult Day Health COPES** - The Affordable Care Act implemented new Federal requirements that no longer allow 1915 (i) services to be capped beginning October 2010. Adult Day Health (ADH) is eliminated as a 1915(i) service and is re-established for long-term care clients under the 1915(c) Community Options Program Entry System (COPEs) waiver. Approximately 900 clients with developmental disabilities that are currently receiving ADH will be allowed to choose to continue the program by moving onto the long-term care waiver, or they may receive employment or Community Access services that are available within the Division of Developmental Disabilities' waiver programs. (General Fund-State, General Fund-Federal)

10. **Alien Medical Long Term Placements** - The state provides nursing facility care for approximately 45 state-only alien medical clients who are discharged from hospitals with acute, long-term medical conditions. Of the 45 state-only funded nursing home slots, 40 will be moved into adult family homes. The DSHS will continue to provide medical coverage to maintain current levels of medical care and a consistent level of services for these clients.

11. **Reshaping LTC Delivery** - Funding is provided to implement Engrossed Second Substitute House Bill 1901 (reshaping long term care delivery) which is intended to facilitate cost efficiencies by reshaping the delivery of long-term care services. The DSHS Aging and Disabilities Administration will convene a workgroup of stakeholders to develop incentives to reduce the number of nursing facility beds from active service. (General Fund-State, General Fund-Federal)

12. **Reduce Personal Care Hours** - Personal care provides assistance with daily living activities to individuals who meet functional and financial eligibility. An average 10 percent acuity-based reduction is made to personal care service hours for adults clients receiving in-home personal care under Medicaid programs. The actual reduction will range between 6 percent and 18 percent per client depending on acuity. In the most acute care category, a client receives on average 382 hours per month of in-home care. This client's care would be reduced by 6 percent and they will now receive 359 hours of in-home care per month. In the least acute care category, a client receives on average 25 hours per month of in-home care. This client's care would be reduced by 18 percent and they will now receive 21 hours of care. (General Fund-State, General Fund-Federal)

13. **MPC Hours-Training Impact** - Contributions to the training trust to pay for training for individual providers and represented agency providers are provided based on the total number of Medicaid personal care hours worked by the providers. Since the total number of personal care hours is being reduced there is a corresponding reduction in the contributions to the training trust. (General Fund-State, General Fund-Federal)

14. **MPC Hours-Health Care Impact** - Health care contributions for individual providers are made based on the total number of Medicaid personal care hours worked by all providers. Since the total number of hours is being reduced, there is a corresponding reduction in health care contributions. (General Fund-State, General Fund-Federal)

15. **Expand Family Caregiver Diversion** - Investments are made in the Family Caregiver Support Program (FCSP), including specialized caregiver support for people with Alzheimer's disease. The FCSP is a service available to unpaid caregivers of adults who need care. Providing these caregivers with information and connecting them to other resources may help clients remain in their homes and may delay entry into more costly long-term care services. The Washington Institute for Public Policy will conduct a review of the outcomes of this General Fund-State investment in diverting individuals from publicly funded nursing home and residential long term care services.

16. **Family Caregiver Reduce NH caseload** - Savings are assumed by reducing the number of nursing home funded beds by 110. General Fund-State savings will be reinvested into the Family Caregiver program. (General Fund-State, General Fund-Federal)

17. **Family Caregiver Reduct Comm client** - Savings are assumed by reducing the number of LTC residential funded beds by 190. General Fund-State savings will be reinvested into the Family Caregiver program. (General Fund-State, General Fund-Federal)

18. **Expand Family Caregiver Memory Care** - Investments are made for specialized caregiver support for people with Alzheimer's disease.

19. **Increase AFH License Fee** - The initial license fee for adult family homes is raised to $2,750 and the rebate is discontinued. License fees for adult family homes are increases to $100 per bed in FY12 and $175 per bed in FY13 to support the costs of conducting licensing and inspections. (General Fund-State, General Fund-Private Local, General Fund-Federal)
20. Adjust AFH Rates for License Fees - Vendor rates for publicly funded adult family home beds are increased by approximately $0.22 in FY12 and $0.43 in FY13 per Medicaid patient day to compensate for increased licensing fees. (General Fund-Private Local, General Fund-Federal)

21. Increase NH License Fee - Nursing home license fees are increased $359 per bed to cover the costs of licensing and inspection. (General Fund-Private Local, General Fund-Federal)

22. Vulnerable Adlts_AFH quality assurance - Funding is provided to implement sections 501 through 503 of Substitute House Bill No. 1277 (licensed settings for vulnerable adults). The department will increase investigative resources to address complaints about provider practices as well as alleged abuse, neglect, abandonment, and exploitation of residents in adult family homes. In addition, funding is provided to develop a quality review and accountability program to improve the accountability of staff and the consistency of investigative activities. The Department of Social and Health Services (DSHS) shall convene an adult family home quality assurance panel to review problems concerning the quality of care for adults in adult family homes. The panel shall provide a report to the appropriate legislative committees by July 1, 2012. (General Fund-State, General Fund-Private Local, General Fund-Federal)

23. Adjust NH Rates for License Fees - Nursing home rates are increased for publicly funded beds to compensate for increases in licensing fees. (General Fund-Private Local, General Fund-Federal)

24. Reduce AP Health Benefit - The Aging and Disabilities Services Administration will reform the way health benefits are purchased for homecare agency providers who serve Medicaid clients. Approximately $69.6 million in total funds will remain in base funding for agency health care benefits after this reform is implemented. The DSHS shall calculate and distribute payments at $558 per month for each agency homecare worker who provides 86 hours per month or more of care for publicly funded clients. Agencies will be provided flexibility to negotiate the most comprehensive health benefits package for their employees. Benefits must be provided to workers who care for clients at 86 hours per month or more. At a minimum, comprehensive benefits must be provided to employees who work 140 hours or more. Home care agencies may determine a reasonable employee co-premium not to exceed 20 percent of the total health benefit cost. (General Fund-State, General Fund-Federal)

25. Reduce Regional Administration - The DSHS is consolidating its regional structure from six to three for all programs across the state. (General Fund-State, General Fund-Federal)

26. Medicare Part D Copayments - The state is discontinuing the reimbursement of co-payments for prescription drug purchases made by qualifying dually eligible Medicare/Medicaid clients in the Medicare Part D program. Prescription drugs are considered an allowable client expenditure in the calculations used to determine what a client will pay towards financial participation in their own care. With the elimination of Part D co-pays, there will be a corresponding drop in client participation and therefore the state's responsibility for the cost of care will increase by an equal amount. (General Fund-State, General Fund-Federal)

27. 2% min occpncy increase Small & ECP - During the 2010 legislative session, minimum occupancy was raised from 90 percent to 92 percent for large non-essential providers in the rate components of Operations (OP), Financing Allowance (FA), and Property Allowance (PA). Small non-essential community providers (60 beds or less) and essential community providers (the only nursing home within a forty mile radius) were held harmless. Pursuant to Engrossed Substitute Senate Bill 5581(nursing home payments), minimum occupancy in the OP, FA, and PA rate components is raised by 2 percent for these two categories of providers. Essential community providers go from 85 percent to 87 percent minimum occupancy and small non-essential community providers will go from 90 percent to 92 percent minimum occupancy. (General Fund-State, General Fund-Federal)

28. 5% min occpncy inc from 2010_Large - Pursuant to Engrossed Substitute Senate Bill 5581(nursing home payments), large non-essential providers are increased from 92 percent to 95 percent for minimum occupancy in the rate components of OP, FA, and PA. Minimum occupancy in these components was raised from 90 percent to 92 percent in FY 2011, making the overall impact an increase of 5 percent over FY 2010 levels. (General Fund-State, General Fund-Federal)

29. Lower Direct Care Lid by 2% - Pursuant to Engrossed Substitute Senate Bill 5581(nursing home payments), allowable costs for the Direct Care (DC) rate component are lowered to no more than 110 percent of the median. Current law allows DC costs that are included in rate setting to equal up to 112 percent of the statewide median. The DC component represents around 57 percent of the total nursing facility payment and includes payment for direct care staff wages and benefits, non-prescription medication, and medical supplies. (General Fund-State, General Fund-Federal)
30. **Lower Support Service Lid by 2%** - Pursuant to Engrossed Substitute Senate Bill 5581 (nursing home payments), allowable costs in the Support Services (SS) rate component are lowered to be no more than 108 percent of the median. Current law allows direct care costs for case mix included in the SS component rate setting to equal up to 110 percent of the statewide median. The SS component includes payments for food, food preparation, laundry, and housekeeping. (General Fund-State, General Fund-Federal)

31. **AP rates L&I adjustment update** - Reimbursements are made to homecare agencies for the increase in average base rate costs of Labor & Industry (L&I) insurance. These statutorily required reimbursements are provided in accordance with RCW 74.39A.310. (General Fund-State, General Fund-Federal)

32. **Delay Mandatory Training** - Mandatory increases and enhancements to training, new certification requirements, and federal fingerprint background checks for long-term care workers are delayed until the 2013-15 biennium. Fundamental training for in-home care will continue at its current levels of about 28 hours - 34 hours depending on the type of worker. Background checks based on a name search will continue to be required. No clients will lose service as a result of this delay. (General Fund-State, General Fund-Federal)

33. **CBA Reduce Training Contributions** - Contributions paid to the training partnership and for agency parity are reduced from $0.22 cents per hour to $0.17 cents per hour. Training is delayed. House Bill 1548 (Long Term Care Worker Requirements), makes statutory changes to the increased training requirements and therefore the state shall contribute to the partnership seventeen cents ($0.17) per paid hour worked by all home care workers. This amount is pursuant to the collective bargain agreement negotiated with the exclusive bargaining representative of individual providers. (General Fund-State, General Fund-Federal)

34. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

35. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

36. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

37. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

38. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

**Comments:**

1. **Collective Bargaining Agreement** - The Office of Financial Management and Service Employees International Union 775 have agreed to a settlement proposal regarding homecare worker healthcare, training, and certification testing. Funding is provided for provisions related to Service Employees International Union 925, whose members are also impacted by this proposal.

2. **Eliminate Child Support Pass Thru** - Funding is reduced to reflect the suspension of the child support pass-through which was authorized under the Federal Deficit Reduction Act of 2005. (General Fund-State, General Fund-Federal)

3. **Elimination - IRS Re-Distribution** - Funding is reduced to reflect the continued suspension of child support collections distribution made through federal tax intercepts to families which was established under the Federal Deficit Reduction Act of 2005. (General Fund-State, General Fund-Federal)

4. **Reduce Disability Lifeline Grant** - The Economic Services Administration will reduce the average monthly grant for all clients by 42.11 percent. This grant reduction includes clients in the Unemployable, Aged, Blind, Disabled, and Expedited programs.

5. **Reduce Regional Administration** - Funding is reduced due to the Department of Social and Health Services (DSHS) consolidating its regional structure from six regions to three for all programs across the state. (General Fund-State, General Fund-Federal)
6. Disability Lifeline - Funding is reduced to reflect the elimination of the Disability Lifeline program effective October 31, 2011. Funding is provided to Department of Commerce for a Essential Needs and Housing Program established in Engrossed Substitute House Bill 2082 (essential needs and assistance programs).

7. Naturalization Program - Funding is reduced for the Naturalization Program, which provides services that prepare low-income refugees and legal immigrants for U.S. citizenship testing.

8. State Food Assistance - Funding is reduced for the State Food Assistance Program. The DSHS will achieve savings by modifying benefit amounts for the State Food Assistance Program.

9. Refugee Employment Svs - State general funds are reduced for Refugee Employment Services. These services include employment placement assistance, English as a Second Language training, job skills training, job search workshops, and job retention services.

10. Health Care Consolidation - Pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency), the Medicaid Purchasing Administration (MPA) is transferred out of the Department of Social and Health Services and into the Health Care Authority effective July 1, 2011.

11. Reduce Administrative Costs - The Economic Services Administration will achieve savings from administrative reductions. (General Fund-State, General Fund-Federal)

12. Management Efficiency - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

13. Refugee Grant - Funding is reduced for refugee assistance grants by 15 percent. The Refugee Cash Assistance grant is tied to the Temporary Assistance for Needy family (TANF) grant standards. The TANF grant standards were reduced by 15 percent in FY 2011.

14. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

15. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

16. Suspend Plan 1 Uniform COLA - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

17. Retire-Rehire Changes (State) - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

### Comments:

1. **Reduce Chemical Dependency Services** - Outpatient and residential services for low income individuals who do not qualify for other state programs; non-federally matched services for individuals on Medicaid or receiving medical care through the 1115 waiver; and the associated state and county administration is reduced by approximately 11 percent. Funding for youth residential, pregnant and parenting women; and federally matched services for individuals on Medicaid or receiving medical care through the 1115 waiver are not reduced.

2. **Reduce Regional Administration** - The Department of Social and Health Services is consolidating its regional structure from six to three for all programs across the state. (General Fund-State, General Fund-Federal)

3. **Reduce Administrative Staff** - Five administrative staff positions are eliminated. (General Fund-State, General Fund-Federal)

4. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

5. **Disability Lifeline** - Funding is provided for the increased caseload of Disability Lifeline-Unemployable clients who are required to participate in treatment by Chapter 8, Laws of 2010, 1st sp.s., Partial Veto (E2SHB 2782). Clients who have an identified need for drug or alcohol treatment cannot continue to receive benefits if they refuse without good cause to participate in needed chemical dependency treatment. (General Fund-State, General Fund-Federal)
6. **Increase License/Certification Fee** - The Department will establish licensing and certification fees at an amount adequate to reimburse costs for its certification and regulation activities for approved chemical dependency treatment programs. (General Fund-State, General Fund-Local)

7. **DL & ADATSA-Impl Fed Waiver 1115** - The Department has implemented a federal waiver for individuals served by the Disability Lifeline (DL) and Alcohol and Drug Addiction Treatment Support Act (ADATSA). The waiver allows the Department to draw federal matching funds for treatment services provided to these populations and reduces the state funding required to serve them. (General Fund-State, General Fund-Federal)

8. **Reduce Tribal Administrative Costs** - State support for tribal administration expenses is reduced from a maximum of 10 percent to 8 percent per year.

9. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Access to Child Dentistry** - Funding for local outreach, case management, and coordination for the Access to Baby and Child Dentistry (ABCD) program is transferred from the Department of Health to the medical assistance program.

2. **Disproportionate Share Grants** - Funding levels for the Low-Income, Non-Rural Indigent Assistance, and Small Rural Indigent Assistance Disproportionate Share Hospital (DSH) grant programs are each reduced by 40 percent. (General Fund-State, General Fund-Federal)

3. **Children’s Health Program DSH** - The medical assistance program will use federally-matched Disproportionate Share Hospital (DSH) funds to reimburse hospitals for non-emergency inpatient and outpatient care for children who are not eligible for federal Title XIX or Title XXI matching funds due to their citizenship status. (General Fund-State, General Fund-Federal)

4. **Prior Auth - Advanced Imaging** - The medical assistance program will require prior authorization for advanced imaging services, which will decrease utilization of those services. (General Fund-State, General Fund-Federal)

5. **Prior Auth - Surgical Procedures** - The medical assistance program will require prior authorization for orthopedic procedures, spinal procedures and interventions, and nerve procedures, which will decrease utilization of those services. (General Fund-State, General Fund-Federal)

6. **Emergency Room Utilization** - The medical assistance program will limit reimbursement for non-emergent emergency rooms visits to three per year. (General Fund-State, General Fund-Federal)

7. **Medication Practice Improvement** - The medical assistance program will partner with community mental health centers, other prescribers of adult anti-psychotic medications, and public schools of medicine and pharmacy to improve prescriptive practice and adherence with regard to the safe and effective use of antipsychotic and other medications used in the treatment of serious and persistent mental illness. The effort will include development and delivery of standard protocols and practices regarding best and promising practices; development of metrics and production of peer-comparison feedback reports for prescribers and mental health centers regarding medication adherence, poly-pharmacy, excessive dosing, and off-label use; and establishment of an access line through which community practitioners can obtain second opinion consultations regarding cases flagged for additional utilization review. These efforts, the non-federal share of which will be funded with $300,000 obtained through settlement of lawsuits involving the drug Seroquel, are expected to result in an approximately 6 percent reduction in state expenditures for adult mental health medications over the course of the 2011-13 biennium. (General Fund-State, General Fund-Local, General Fund-Medicaid)

8. **Cesarean Section Births** - The medical assistance program will reduce unnecessary Cesarean section births by promoting evidence-based practices through outreach, metrics, and feedback reports. (General Fund-State, General Fund-Federal, Hospital Safety Net Assessment Fund-State)
9. **Hospital Inpatient** - Current inpatient hospital rates for Prospective Payment System hospitals are reduced by 8 percent by reducing the rate increase provided under the Hospital Safety Net Assessment program in RCW 74.60.090. This reduction will not apply to payments for psychiatric inpatient services. The additional funds available in the Hospital Safety Net Assessment Fund as a result of this rate reduction may be expended in lieu of General Fund-State payments to hospitals. (General Fund-State, General Fund-Federal)

10. **Hospital Outpatient** - Current outpatient hospital rates for Prospective Payment System hospitals are reduced by 7 percent by reducing the rate increase provided under the Hospital Safety Net Assessment program in RCW 74.60.090. The additional funds available in the Hospital Safety Net Assessment Fund as a result of this rate reduction may be expended in lieu of General Fund-State payments to hospitals. (General Fund-State, General Fund-Federal)

11. **Hospital Safety Net Assessments** - Revenue to the Hospital Safety Net Assessment Fund is forecasted to exceed projected expenditures. The excess fund balance is used to fund hospital services that would otherwise be funded from the state general fund. (General Fund-State, Hospital Safety Net Assessment Fund-State)

12. **Basic Health Plan Children** - Beginning March 1, 2011, the Health Care Authority restricted enrollment in the Basic Health Plan (BHP) to persons who qualify for services under the Medicaid waiver for the BHP. Approximately 1,700 children who are not eligible for services under the waiver moved from the BHP to the Apple Health for Kids Program. (General Fund-State, General Fund-Federal, Hospital Safety Net Assessment Fund-State)

13. **Partnership Access Line Funding** - The Partnership Access Line (PAL) is a telephone-based child mental health consultation system that employs child psychiatrists, child psychologists, and social workers affiliated with Seattle Children's Hospital to deliver its consultation services. The medical assistance program will enter into an interagency agreement with the Office of the Attorney General for expenditure of $570,000 of the state's proceeds of the settlement of lawsuits involving the drug Seroquel for this purpose instead of state funds. (General Fund-State, General Fund-Private/Local)

14. **Reimbursement Methods Waiver** - Pursuant to Engrossed Second Substitute Senate Bill 5596 (Medicaid demonstration waiver), the medical assistance program will seek a federal Medicaid waiver to implement new reimbursement methods such as bundled, global, and risk-bearing payment arrangements that support health homes and accountable care organizations. (General Fund-State, General Fund-Federal)

15. **RHC Prenatal & Well-Child Visits** - Federally-qualified rural health clinics (RHCs) will be paid their standard cost-related encounter rate for prenatal and well-child services provided to women and children enrolled in the Medicaid and State Children's Health Insurance programs. Additionally, such visits will be considered eligible for the standard encounter rate for purposes of reconciling managed care enhancement payments for 2009 and 2010. (General Fund-State, General Fund-Federal)

16. **Drug Utilization Management** - The medical assistance program will increase efforts to promote more cost-effective drug utilization. Efforts will focus on drugs where there is evidence of over-utilization, off-label use, excessive dosing, duplicative therapy, or opportunities to shift utilization to less expensive, equally effective formulations. (General Fund-State, General Fund-Federal)

17. **Drug Co-Pays** - The medical assistance program will seek a federal Medicaid waiver to allow implementation of enforceable co-payments for prescription drugs in FY 2013. The co-payments are expected to apply to all medical assistance enrollees, and are expected to include a tiered strategy under which there would be no co-payment for most generic drugs; a $15 co-payment for preferred brand-name drugs; and 50 percent co-insurance for non-preferred drugs. (General Fund-State, General Fund-Medicaid)

18. **Wheelchair Selective Contracting** - The medical assistance program will competitively contract with manufacturers and/or distributors of wheelchairs. The competitive bidding process will be completed no later than July 2012. (General Fund-State, General Fund-Medicaid)

19. **Federal Cancer & Dialysis Match** - The medical assistance program expects to receive federal matching funds for dialysis and cancer treatment services provided to approximately 1,300 non-citizens that are currently funded exclusively with state funds. (General Fund-State, General Fund-Federal)

20. **Adult Hearing** - The medical assistance program will not pay for adult hearing aids and devices, except for cochlear implants and bone anchored hearing aids, during the 2011-13 biennium. (General Fund-State, General Fund-Federal)
21. **Adult Vision** - The medical assistance program will not pay for eyeglasses for adults. As provided in Chapter 100, Laws of 2011 (SSB 5352), medical assistance recipients will be able to purchase eyeglasses from optical providers at the discounted correctional industries production rate. (General Fund-State, General Fund-Federal)

22. **Adult Therapies** - Currently there are separate limits for physical, occupational, or speech therapy. These services will be combined into one rehabilitation benefit and the number of visits or units available will be limited for adults. Patients with spinal, knee, hip, or traumatic brain injuries will receive up to 12 non-physician visits per year. All other patients will receive a maximum of six visits per year. (General Fund-State, General Fund-Federal)

23. **Durable Medical Equipment (DME)** - The medical assistance program will competitively contract with manufacturers and/or distributors of nutritional supplements and incontinence supplies. The competitive contracting process will be completed no later than January 2012. (General Fund-State, General Fund-Federal)

24. **SSI Managed Care** - During FY 2013, the medical assistance program plans to transition all elderly and disabled supplemental security income (SSI) recipients into managed care. This is expected to result in reduced expenditures through more cost-effective care management, coordination, and delivery. (General Fund-State, General Fund-Federal)

25. **Interpreter Services** - No later than January 2012, the medical assistance program will develop a new system for delivery of spoken-language interpreter services. Under the new system, the medical assistance program will develop guidelines for the appropriate use of telephonic, video-remote, and in-person interpreting. The medical assistance program will contract with delivery organizations that employ or contract with language access providers or interpreters. Medical practitioners will use a secure web-based tool to schedule appointments for interpreter services that identifies the most appropriate and cost-effective method of service delivery. (General Fund-State, General Fund-Federal)

26. **School Based Medical Services** - The medical assistance program will initiate a new intergovernmental transfer program under which the state will provide 40 percent and school districts will provide 60 percent of the required non-federal matching funds for therapies and other qualifying medical services provided to Medicaid-eligible children. (General Fund-State, General Fund-Federal)

27. **Medicare Part D Copayments** - Coverage of co-payments for prescription drug purchases made by qualifying dually-eligible Medicare and Medicaid clients in the Medicare Part D program is eliminated. (General Fund-State, General Fund-Federal, Tobacco Prevention and Control Account-State)

28. **Podiatric Physician Reimbursement** - The medical assistance program will reimburse for adult foot care only when it is medically necessary to treat acute conditions or non-acute conditions for at-risk clients. The program will distribute a list of diagnosis codes that will be eligible for reimbursement. Treatment for other conditions may be reviewed for medical necessity using the Exception to Rule process. (General Fund-State, General Fund-Federal)

29. **Children's Health Program** - Children in the Children's Health Program (CHP) with family incomes above 200 percent of the federal poverty level must pay premiums equal to the average state-only per capita cost of coverage for children with family incomes at or below 200 percent of the federal poverty level in the CHP. The CHP provides medical coverage to children who are not eligible for federal Title XIX or Title XXI funding due to citizenship status. (General Fund-State, General Fund-Federal)

30. **Adult Dental** - Funding is reduced for preventive and restorative dental care for adult recipients of state medical assistance. Preventive and restorative dental care will continue to be available for Medicaid recipients who are pregnant, reside in a nursing home or intermediate care facility, or receive long-term care services under one of the Medicaid home- and community-based services waivers. Funding is provided to continue the Dental Education in Care of the Disabled (DECOD) program. Only emergency dental care will be covered for other adult medical assistance recipients. (General Fund-State, General Fund-Federal)

31. **FQHC Payment methodology** - Federal law requires that federally-qualified health centers (FQHCs) and rural health clinics (RHCs) be paid a cost-related per visit rate for services to persons covered by the Medicaid and State Children's Health Insurance programs. In 2009 the medical assistance program replaced the federal Prospective Payment System (PPS) that was based on 2001 costs adjusted by a national measure of medical inflation with an alternative payment methodology (APM) using a higher Washington-specific inflation measure. The medical assistance program will adopt a new payment methodology effective July 1, 2011, that will revert to the lower national measure of medical inflation. As a result, payment rates will be an average of approximately 10.6 percent lower than projected under the 2009 APM. (General Fund-State, General Fund-Federal).
32. **Healthy Options Rates** - The medical assistance program will emphasize price in the 2012 competitive procurement for health insurers delivering services under the existing Healthy Options managed care program for non-disabled children and adults. This is expected to result in lower rates than the rates developed under the current system of negotiated rate-setting. (General Fund-State, General Fund-Federal).

33. **Reduce Maternity Support program** - Maternity Support Services (MSS) provide preventive health care services for pregnant and postpartum women that include professional observation, assessment, education, intervention, and counseling as provided by interdisciplinary teams comprised of community health nurses, nutritionists, and behavioral health specialists. Funding for MSS will be reduced by approximately 30 percent. (General Fund-State, General Fund-Federal)

34. **Tobacco Cessation Funding** - Funding for the Medicaid smoking cessation benefit is provided from the state general fund instead of the Tobacco Prevention and Control Account. (General Fund-State, Tobacco Prevention and Control Account-State)

35. **Health Info Technology Implement** - Funding is provided to implement provider incentive payments and other initiatives related to the plan for increased use of electronic billings and medical records in the state Medicaid program. (General Fund-State, General Fund-Federal)

36. **Program Integrity** - The medical assistance program has contracted with a private firm on a contingency basis to identify additional recipients who may have private or other public insurance coverage that can pay for their medical care. This is expected to result in an approximately 10 percent increase in the number of recipients for whom such coverage is identified, for a net state savings of approximately $24 million. Funding is also provided for additional audit and benefit coordination staff who will support the medical assistance program's efforts to recover and avoid approximately $14 million of state medical expenditures. (General Fund-State, Medicaid Fraud Penalty Account-State, General Fund-Federal)

37. **Medicaid Airlift Srvcs Supp Pgm** - The medical assistance program will increase funding for medical airlift services by using local funds to match federal participation. (General Fund-Federal, General Fund-Private/Local)

38. **Health Care Consolidation** - Pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency), the medical assistance program is transferred out of the Department of Social and Health Services and into the Health Care Authority effective July 1, 2011. (General Fund-State, General Fund-Federal, General Fund-Private/Local, Emergency Medical Services and Trauma Care Systems Trust Account-State, Hospital Safety Net Assessment Account-State)

39. **Administrative Reduction** - The medical assistance program operated at approximately 4 percent below the level budgeted for FY 2011 as a result of hiring freezes and other cost reduction efforts. Funding is adjusted to support continued operation at this reduced level. (General Fund-State, General Fund-Federal)

40. **Customer Services Staffing** - Funding is provided to fill 13 call center staff positions that have been vacant due to the state hiring freeze. This is expected to increase the rate of calls answered from 20 to 40 percent. This is also expected to decrease the response time to non-phone inquiries from 20 days to 10 days for clients and from 90 days to 25 days for providers. (General Fund-State, General Fund-Federal)

41. **One Health Port** - Funding is provided for information system modifications that will enable medical providers to access the ProviderOne payment system through OneHealthPort, which is a secure web portal that allows providers to use a single digital credential and password to access other major health insurance sites. ProviderOne access through this site is expected to increase the number of providers who can bill electronically rather than through paper claims. (General Fund-State, General Fund-Federal)

42. **Clinical Review Staffing** - Funding is provided to fill seven medical staff positions that have been vacant due to the state hiring freeze. This is expected to support timely reviews and action on provider requests to dispense medications or receive prior authorization when it is required. (General Fund-State, General Fund-Federal)

43. **Contracts & Audit Staffing** - Funding is provided to fill four contract monitoring and audit positions that have been vacant due to the state hiring freeze. (General Fund-State, General Fund-Federal)
44. **Claims Processing Staff** - Funding is provided to fill 11 claims payment positions that have been vacant due to the state hiring freeze. Filling these positions is expected to enable the medical assistance program to keep the backlog of unprocessed provider billings under 100,000. (General Fund-State, General Fund-Federal)

45. **Cowlitz County Integration** - Funding is provided for the medical assistance program to provide administrative assistance and data analysis to facilitate and support integrated delivery of medical and behavioral health services in Cowlitz County. (General Fund-State, General Fund-Federal)

46. **Medicaid Fraud Enforcement** - Funds are provided for implementation of Engrossed Second Substitute Senate Bill 5960 (Medicaid fraud), which establishes new tools for detecting and prosecuting Medicaid fraud and new penalties for engaging in it. Funds recovered from fraudulent activities will be deposited into a new state account that can only be used to fund fraud enforcement activities and Medicaid services. (General Fund-State, Medicaid Fraud Penalty Account-State, General Fund-Federal)

47. **Medicaid Demonstration Waiver** - Under Engrossed Second Substitute Senate Bill 5596 (Medicaid demonstration waiver), the medical assistance program will develop and obtain federal approval for a demonstration project that will allow the state greater flexibility in management of its Medicaid program. The project will include flexibility to provide a modified benefit package modeled on the essential benefits package proposed for national health reform; to differentiate benefits based on enrollee age, disability, and medical condition; to implement reasonable and enforceable cost-sharing; to streamline and more frequently verify eligibility determination; and to adopt new payment mechanisms. Funding is provided for staff and contractors to develop alternative program approaches; to advise policy-makers on fiscal, enrollee, and delivery system impacts; and to work with federal officials to secure project approval by FY 2013. (General Fund-State, General Fund-Federal)

48. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

49. **Children's Toll-Free Hotline** - Funds are provided to continue operation by a non-profit organization of a toll-free phone line that helps families learn about and enroll in Apple Health for Kids, which provides publicly-funded medical and dental care for families with incomes below 300 percent of the federal poverty level. (General Fund-State, General Fund-Federal)

### Comments:

1. **Eliminate Service Center Funding** - General Fund-State funding for the Deaf-Blind Service Center is eliminated. Funding will be provided from the Telecommunications Devices for the Hearing and Speech Impaired Account and administered by the Office of Deaf and Hard of Hearing. (Telecommunications Devices for the Hearing and Speech Impaired Account-State)

2. **Reduce Basic Support Grant** - Across-the-board reductions are made to the Division of Vocational Rehabilitation. The General Fund-State reduction will reduce expenditures used to generate federal match dollars for the Basic Support Grant. The division will still satisfy federal maintenance of effort requirements. (General Fund-State, General Fund-Federal)

3. **Leverage Fed Funds Basic Support** - The Basic Support grant used to provide employment services to persons with disabilities is matched by the federal government at an 80 percent match rate. Telecommunication and hearing device funds will be used to leverage federal funding and to allow the Basic Support program to grow slightly above maintenance of effort levels. An investment of $300,000 of the Telecommunications Devices for the Hearing and Speech Impaired account funds is used to leverage $1,500,000 in Federal funds for the Basic Support Grant. (General Fund-State, Telecommunications Devices for the Hearing and Speech Impaired Account-State, General Fund-Federal)

4. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)
5. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

6. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

7. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

8. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

### Comments:

1. **Eliminate Family Policy Council** - Engrossed Second Substitute House Bill 1965 (adverse experiences/children) eliminates the Family Policy Council and the Council for Children and Families effective July 1, 2012, and creates a nongovernmental public-private initiative aimed at reducing adverse childhood experiences. Funding associated with the two councils is removed from the Department of Social and Health Services budget. (General Fund-State, General Fund-Federal)

2. **Eliminate Council for Children** - Engrossed Second Substitute House Bill 1965 (adverse experiences/children) eliminates the Family Policy Council and the Council for Children and Families effective July 1, 2012, and creates a nongovernmental public-private initiative aimed at reducing adverse childhood experiences. Funding associated with the two councils is removed from the Department of Social and Health Services budget. (General Fund-State, General Fund-Federal)

3. **Collective Bargaining Agreement** - The Office of Financial Management and Service Employees International Union 775 have agreed to a settlement proposal regarding homecare worker healthcare, training and certification testing. (General Fund-State, General Fund-Federal)

4. **Establish Community Initiative** - The Department of Social and Health Services shall help to develop a nongovernmental public-private initiative that helps address the needs of high-risk children and families. The Department is authorized to develop partnerships and a new model for financing network community capacity building and reducing adverse childhood experiences. One-time state funding is provided to start up the initiative.
5. **Additional OFA Investigators** - Additional resources are provided for fraud investigations. (Performance Audits of Government Account-State)

6. **Medicaid Transfer Cost Allocation** - The transfer of the Medicaid Purchasing Administration from the Department of Social and Health Services to the Health Care Authority pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency) changes the base upon which central administrative functions are allocated. Appropriations are adjusted to reflect the new administrative allocation anticipated once the transfer is complete. (General Fund-State, General-Fund Federal)

7. **Reduce Administrative Costs** - The Department of Social and Health Services will make administrative reductions in operations support and services, planning performance and accountability, research and data analysis, and internal control staff. (General Fund-State, General-Fund-Federal)

8. **Health Care Consolidation** - Pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency), the Medicaid Purchasing Administration (MPA) is transferred out of the Department of Social and Health Services and into the Health Care Authority effective July 1, 2011. (General Fund-State, General Fund-Federal)

9. **Use Performance Audit for DFI** - Funding for the Division of Fraud Investigations is transferred on a one-time basis to the Performance Audit of State Government Account. The primary work of the division is focused on child support, TANF, and other eligibility and program enforcement work of the Department of Social and Health Services. (General Fund-State, Performance Audits of Government Account-State)

10. **Community Initiative Funding** - Funding is provided for the department to secure private matching funds to allocate to the community networks to provide training and services related to adverse childhood events. (General Fund-State, General Fund-Local)

11. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. ### Comments:

1. **Reduce Administrative Staff** - Funding is reduced for administrative staffing positions at the Special Commitment Center (SCC).

2. **Reduce SCC Programs** - The SCC will reduce funding for a number of programs including mailroom services, visitor center hours, recreation programming, clinical internships, and Advanced Registered Nurse Practitioner nursing services.

3. **Fund McNeil Island Operations** - Funding is provided to the SCC to take over island operations. The Department of Corrections currently funds the staff necessary for marine and island operations. McNeil Island Corrections Center was closed in April 2011.

4. **Reduce SCTF Staffing Ratios** - Funds are reduced to reflect a modification in the staffing models for the Secure Community Transitional Facilities (SCTFs). The staffing models for the SCTF operated by the Special Commitment Center are mandated in statute.

5. **Pharmaceutical Savings** - Funding is reduced to reflect a 20 percent savings associated with utilization of generic prescriptions and efficiencies in procurement.

6. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. Comments:

1. Medicaid Transfer Cost Allocation - The transfer of the Medicaid Purchasing Administration from the Department of Social and Health Services to the Health Care Authority pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency) changes the base upon which central administrative functions are allocated. Appropriations are adjusted to reflect the new administrative allocation anticipated once the transfer is complete. (General Fund-State, General Fund-Federal)

2. State Data Center Rate Increase - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency.

3. Temporary Assistance Needy Families - Engrossed Substitute Senate Bill 5921 (social services programs) allows the Department of Social and Health Services to adopt rules setting income limits of up to 300 percent of the federal poverty level for non-parents to receive TANF benefits for a dependent child. The current estimates are that this will impact approximately 10,400 clients. These clients will have a hearing right, and there will likely be an impact to the Office of Administrative Hearings (OAH). This item provides funding that can be used to pay for hearing charges from OAH.

4. Health Care Consolidation - Pursuant to Second Engrossed Second Substitute House Bill 1738 (Medicaid single state agency), the Medicaid Purchasing Administration (MPA) is transferred out of the Department of Social and Health Services and into the Health Care Authority effective July 1, 2011. (General Fund-State, General Fund-Federal)

5. Interagency Charges - AG - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, General Fund-Federal)

### Comments:

1. **Reduced Staffing and Expenses** - The Columbia River Gorge Commission (Commission) will reduce staffing and commensurate salaries. Additional savings will be found through reductions in goods and services. All reductions are ongoing. General Fund-State reductions are matched by equal reductions in General Fund-Private/Local, which represents the Oregon share of the reduction, as required by the Columbia River Gorge Compact. (General Fund-State, General Fund-Private/Local)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Savings from Consolidation** - Funding is reduced to reflect the back office support functions of the Commission being consolidated into the Department of Ecology (DOE) pursuant to Engrossed Second Substitute Senate Bill 5669 (natural resources agencies). (General Fund--State, General Fund/Private Local)

4. **Transfer to Ecology** - Pursuant to Engrossed Second Substitute Senate Bill 5669 (natural resources agencies), second fiscal year spending authority is transferred to the DOE to reflect the transfer of support functions and budget from the Commission to the DOE. (General Fund-State, General Fund-Federal, General Fund/Private Local)

5. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

6. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

Comments:

1. Pollution Liability Agency Tenancy - Funding is reduced on an ongoing basis to reflect consolidation of the Pollution Liability Insurance Agency (PLIA) pursuant to E2SSB 5669 (natural resources agencies) with the Department of Ecology (DOE) at the DOE's headquarters building in Lacey. On a statewide basis, co-location is expected to save approximately $60,000 per fiscal year in FY 2014 and beyond. (General Fund-State, State Toxics Control Account-State, Various Other Accounts)

2. Move Federal Authority to Capital - Federal expenditure authority is removed from the operating budget on an ongoing basis for federal grants related to the Shorelands Program that are capital budget in nature. In the future, expenditure authority for these grants will be addressed in the capital budget. (General Fund-Federal)

3. Reduce Biosolids Program Funding - Anticipated revenue into the Biosolids Permit Account (Account) will not be sufficient to support the 2011-13 biennium carryforward level of expenditure authority. Therefore, funding is reduced by $400,000 in FY 2012 to balance the Account and equalize per-fiscal year spending. (Biosolids Permit Account-State)

4. Cont’d Pollution Control Fund Shift - Continuing a budget change initiated in the Chapter 37, Laws of 2010, 1st sp. s. (ESSB 6444) supplemental operating budget, the state general fund portion of activities that support cleaning up polluted waters, controlling stormwater pollution, and preventing point source and non-point source pollution is shifted to the State Toxics Control Account. (General Fund-State, State Toxics Control Account-State)

5. Stabilize Oil Spill Prevention Account - The DOE provides oil spill prevention and preparedness services to protect Puget Sound, the outer coast, the Columbia River, and other inland waters. These activities receive funding from the Oil Spill Prevention Account. Tax revenue into the Oil Spill Prevention Account fluctuates, resulting in periodic shortfalls that have been addressed over the years through fund transfers. Expenditure authority for oil spill prevention and response activities is shifted from the Oil Spill Prevention Account to the State Toxics Control Account. (State Toxics Control Account-State, Oil Spill Prevention Account-State)

6. Cont’d Flood Control Grant Reduction - The Flood Control Assistance Program provides grants for local flood control planning and maintenance. For the 2011-13 biennium, funding is reduced for these local grants. (Flood Control Assistance Account-State)

7. Continued Litter Pickup Reduction - The Waste Reduction, Recycling, and Litter Control Account funds litter prevention and pickup activity within the DOE. Funding and FTE staff for this activity are reduced on a one-time basis. Remaining resources will allow the DOE to operate a scaled-back litter pickup program. (Waste Reduction, Recycling, and Litter Control Account-State)

8. Reduce Emergency Water Account - Expenditure authority in the State Emergency Water Projects Revolving Account is reduced on an ongoing basis to match available revenue. (State Emergency Water Projects Revolving Account-State)

9. Reduce Air Pollution Control Account - Expenditure authority is reduced to reflect a delay in greenhouse gas reporting, mandated by Chapter 14, Laws of 2008 (E2SHB 2815). (Air Pollution Control Account-State)

10. Reduce Grass Seed Account - Expenditure authority is reduced on an ongoing basis to match the anticipated fund balance in the Special Grass Seed Burning Research Account. (Special Grass Seed Burning Research Account-State)
11. **Agricultural Burning Fees** - Chapter 70, Laws of 2010 (SSB 6556) increased the statutory cap on the agricultural burning permit fee, and fee levels for field and pile burning will increase beginning January 1, 2011. Funding and FTE staff are increased to match expected fee revenue. A separate budget adjustment reduces General Fund-State support for this program. (Air Pollution Control Account-State)

12. **New Air Emission Source Review Fees** - Chapter 564, Laws of 2009, Partial Veto (ESHB 1244) directed the DOE to increase fees to recover the costs of this program. Funding and FTE staff are increased on an ongoing basis to match anticipated fee revenue. A separate budget adjustment reduces General Fund-State support for this program. (Air Pollution Control Account-State)

13. **Implementing the Ban on Bisphenol A** - Chapter 140, Laws of 2010 (SSB 6248) placed a ban on Bisphenol A, used in baby bottles and sport bottles, effective July 1, 2011. Ongoing funding and FTE staff are provided for the DOE to implement bill provisions for manufacturer notification, complaint investigation, and enforcement. (State Toxics Control Account-State).

14. **Brake Friction Material Ban** - Chapter 147, Laws of 2010 (SSB 6557) instituted a phased ban on certain brake friction material concentrations, and directed the DOE to initiate the first phase of a brake friction material ban, including developing pad-content certification criteria by December 2012. The DOE will begin receiving manufacturer pad-content data triennially beginning January 2013, and will begin documenting baseline levels of certain chemicals used in brake pads by July 2013. One-time funding and FTE staff are provided to carry out these tasks. (State Toxics Control Account-State)

15. **Complying w/ Air Quality Standards** - During the 2011-13 biennium, the U.S. Environmental Protection Agency is expected to adopt tougher air quality standards. The DOE anticipates that several areas of the state will be at risk for violating the new standards, including the greater Puget Sound area, Yakima, Darrington, and potentially Spokane and Clark counties. Ongoing funding and FTE staff are provided for the DOE to identify sources that contribute to each community's pollution levels, and develop and implement strategies that will keep these areas in compliance with federal law. (General Fund-Federal, State Toxics Control Account-State)

16. **Pre-Payment Agreement Authority** - The Model Toxics Control Act provides for funding arrangements, known as pre-payment agreements, whereby willing parties with toxic sites provide funding to the DOE to get the toxic sites cleaned up on a priority basis. Ongoing funding and FTE staff are provided for the DOE to negotiate and carry out pre-payment agreements that materialize in the 2011-13 biennium and beyond. These costs will be paid for by the parties who request services. (State Toxics Control Account-Private/Local)

17. **Teck Cominco Litigation Support** - One-time funding is provided for continuing Attorney General services and expert-witness costs associated with the Pakootas et al. v. Teck Cominco, Ltd., case concerning a toxic cleanup site on the Upper Columbia River. The DOE and the Confederated Tribes of the Colville Reservation are co-plaintiffs in this litigation. Ongoing funding and FTE staff are provided to match anticipated liability under federal law for cleanup and natural resource restoration costs at a smelter complex located in British Columbia, Canada. (State Toxics Control Account-State)

18. **Keeping Toxins Out of Puget Sound** - The DOE partners with local governments to help businesses correct practices related to hazardous waste management, spill prevention, stormwater pollution, and other environmental rules. Ongoing funding and FTE staff are provided to manage the DOE's portion of these activities. Ongoing grant funding of $1 million is provided from the Local Toxics Control Account to support local government staff to conduct hazardous waste and stormwater technical assistance visits. (State Toxics Control Account-State, Local Toxics Control Account-State)

19. **Mercury-Containing Lights** - Chapter 130, Laws of 2010 (ESSB 5543) established a recycling program for mercury-containing lights, as well as a program for reducing releases to the environment from bulk mercury. Ongoing funding from the Product Stewardship Programs Account and FTE staff are provided for such tasks as establishing rules for mercury-light recycling plans and collection systems, and compiling a database of private sector recycling program implementers. Ongoing funding from the State Toxics Control Account is provided for enforcement of a June 2012 ban on the sale of bulk mercury. (Product Stewardship Programs Account-Nonappropriated, State Toxics Control Account-State)

20. **Protecting Washington Shorelines** - Pursuant to a negotiated legal settlement in 2003, the DOE and local governments are in the process of updating local shoreline master programs. Base operating funding is insufficient to complete shoreline master program updates in time to meet statutory and legal settlement deadlines. The DOE is provided $3.6 million to speed up completion of shoreline master program updates during the 2011-13 biennium. (State Toxics Control Account-State, Local Toxics Control Account-State)
21. Water Quality Permit Fee Revision - The DOE is designated by the U.S. Environmental Protection Agency as the state agency responsible for implementing federal and state water pollution control laws and regulations. Wastewater and stormwater discharges are regulated primarily by wastewater discharge permits, which stipulate specific limits and conditions of allowable discharge. RCW 90.48.465 requires that permit fee revenue cover the cost of the permit program and that the fee schedule be adjusted biennially. The DOE will increase fees by the fiscal growth factor during 2011-13. (Water Quality Permit Account-State)

22. Completed Reclaimed Water Work Red - Funding and FTE staff are eliminated to reflect completion of one-time tasks required by reclaimed water legislation enacted during the 2006 and 2007 legislative sessions.

23. Local Shoreline Grants Fund Shift - Base funding of $4.5 million is shifted from General Fund-State to the Local Toxics Control Account for grants to local governments engaged in Shoreline Master Program updates. (General Fund-State, Local Toxics Control Account-State)

24. Reducing Fee-Supported Air Programs - General Fund-State support and FTE staff are reduced on an ongoing basis for three activities within the DOE's Air Quality Program: woodstove education and enforcement; agricultural burning regulation; and new air emission source review. Recent fee increases for agricultural burning and new air emission source review allow funding from dedicated accounts to be increased, thereby reducing General Fund-State subsidies for these programs.

25. Completed Climate Task Reduction - Funding and FTE staff are reduced on an ongoing basis to reflect completion of one-time tasks required by Chapter 14, Laws of 2008 (E2SHB 2815). The DOE was directed to submit a greenhouse gas reduction plan to the Legislature to limit statewide greenhouse gas emissions, adopt rules requiring a reporting system to monitor greenhouse gas emissions, and develop a design for a regional multi-sector, market-based system to limit and reduce greenhouse gas emissions.

26. State Data Center Rate Increase - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

27. Oil Spill Program - Funding is provided to implement Chapter 122, Laws of 2011 (E2SHB 1186) which requires additional contingency planning requirements for tank vessels, including enhanced standards and the formation of a vessels of opportunity system. The DOE is required to establish a volunteer coordination system to be used as part of an oil spill response. Penalties are increased for vessels violating the state's oil spill laws by discharging 1,000 or more gallons of oil. The legislation provides for state notification of vessel emergencies resulting in the discharge of oil or the threat of oil discharge. (State Toxics Control Account--State)

28. Climate Policy Group Reduction - Funding is reduced by 25 percent for the Climate Policy Group that is currently working on the state integrated climate change response strategy, maintaining scientific and technical information on the impacts of climate change in the state, developing greenhouse gas emission reduction strategies, and collaborating with national and regional organizations to address issues related to climate change.

29. Puget Sound Corps - Funding and FTEs are transferred from the Department of Natural Resources' Washington Conservation Corps(WCC) to the DOE pursuant to Chapter 20, Laws of 2011 (SHB 1294). The bill consolidates the administrative functions of the WCC with the DOE. Additionally, the Puget Sound Corps is created within the WCC to focus on projects related to the recovery of Puget Sound.

30. Watershed Planning Reduction - Funding and FTEs are reduced for watershed planning technical assistance and grants to local governments in the Shorelands and Environmental Assistance Program.

31. Water Resources Program Reduction - Funding and FTEs are reduced from the Water Resources Program. Proviso language directs $2.15 million of the state general fund appropriation for processing the backlog of pending water right permit applications.

32. PPG Reduction - Expenditure authority is reduced on a one-time basis for public participation grants.

33. Interagency Charges - AG - Funding is provided for this agency's share of payments to the Office of the Attorney General for legal services. (General Fund-State, Various Other Funds)
34. **Consolidating Administration** - Funding and FTEs are reduced to encourage coordination and collaboration of administrative functions between the natural resource agencies.

35. **Colocation Savings** - Savings are assumed related to the consolidation of natural resource agency administrative regions, services, and functions. (General-fund state)

36. **Executive Reduction** - Funding is reduced for executive administrative staff.

37. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

38. **PLIA Transfer to Ecology** - Funding is provided to reflect the consolidation of the PLIA into the DOE on July 1, 2012, pursuant to Engrossed Second Substitute Senate Bill 5669 (natural resources agencies).

39. **Administrative Reduction** - The DOE's Administration Program is reduced.

40. **Low Level Waste Transfer to DOH** - The Low Level Radioactive Waste Program is transferred from the DOE to the Department of Health on July 1, 2012, pursuant to Engrossed Second Substitute Senate Bill 5669 (natural resources programs). (Site Closure Account-State)

41. **Accepting CRGC** - Pursuant to Engrossed Second Substitute Senate Bill 5669 (natural resources agencies), the Columbia River Gorge Commission's support functions and budget is transferred to the DOE on July 1, 2012. (General Fund-State, General Fund-Federal, General Fund/Private Local)

42. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

43. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

44. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

45. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

**Comments:**

1. **Lease Rate Adjustments** - Funding is provided to co-locate the Pollution Liability Insurance Agency (PLIA) within the Department of Ecology (DOE) at the DOE's headquarters building in Lacey. On a statewide basis, co-location is expected to save about $60,000 per fiscal year beginning in FY 2014. (Pollution Liability Insurance Program Trust Account-State; Heating Oil Pollution Program Trust Account-Non-Appropriated)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. 3. **Relocation Notification** - One-time funding of $26,000 is provided during FY 2012 for mailing costs associated with the notification of approximately 50,000 participants in PLIA's Oil Heat Insurance Liability Program that the PLIA will consolidate into the Department of Ecology on July 1, 2012, pursuant to E2SSB 5669 (natural resources agencies). (Heating Oil Pollution Liability Trust Account-Nonappropriated)

4. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

5. **Program transfer to Ecology** - Pursuant to E2SSB 5669 (natural resources agencies), the PLIA will cease to become an independent agency and will become a program within the DOE on July 1, 2012.

6. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. #### Comments:

1. **Increase Boater Education** - The State Parks and Recreation Commission (Parks) funds mandatory boater education through boater registration fees. Ongoing funding is provided for anticipated additional fee revenue resulting from an increase in boat registrations, which will allow Parks to fund additional boater education courses. (Boating Safety Education Certification Account-Non-Appropriated)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Parks Transition Funds** - Funds are provided on a one-time basis to assist Parks in transitioning to a fee-based agency. Chapter 320, Laws of 2011 (2SSB 5622) creates an annual and day-use pass that will support the operation and maintenance of state parks.

4. **Discover Pass** - Chapter 320, Laws of 2011 (2SSB 5622) creates the annual Discover Pass and Day-Use Permit and requires these permits to be visible in any vehicle located at state recreational sites or recreation lands managed by the Department of Natural Resources, the Washington Department of Fish and Wildlife, and Parks. Proceeds from fees will support the maintenance and operation of state recreational lands. (General Fund-State, Parks Renewal and Stewardship Account-State)
5. **Adjust Authority to Avail Revenue** - Expenditure authority in the Parks Renewal and Stewardship Account is reduced to match anticipated revenue. (Parks Renewal and Stewardship Account-State)

6. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

7. **Consolidating Administration** - Funding and FTEs are reduced to encourage coordination and collaboration of administrative functions between the natural resource agencies.

8. **Colocation Savings** - Funding is reduced to reflect savings related to natural resource agencies coloacting office space.

9. **Executive Reduction** - Funding is reduced for executive administrative staff.

10. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

11. **Increase Winter Rec Maintenance** - Parks funds access to trails for cross-country skiing, snowshoeing, dog sledding, and snow play through fees in designated "Sno-Park" parking areas adjacent to trails. Parks increased Sno-Park fees during the 2009-11 biennium in order to maintain the non-motorized winter recreation trail system. Ongoing expenditure authority is provided to spend the additional fee revenue projected to be generated. (Winter Recreation Program Account-State)

12. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

13. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

14. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

15. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

#### Comments:

1. **Revised Savings Assumption: SACS** - The Recreation and Conservation Office's (RCO) 2010 Supplemental Operating Budget assumed savings from the transfer of two FTEs to Small Agency Client Services (SACS). Based on updated information, only one full-time employee was eliminated at the RCO. Ongoing funding is corrected. (General Fund-Federal, Recreation Resources Account-State, Nonhighway Off-Road Vehicle Activities Program Account-State)

2. **Revised Savings Assumption: PSP/RCO** - In Chapter 37, Laws of 2010, 1st sp. s. (ESSB 6444), the RCO and the Puget Sound Partnership were directed to combine back-office functions. Initial assumptions of savings were higher than was achieved. Ongoing funding is adjusted to reflect actual savings. (General Fund-Federal, Recreation Resources-State, Nonhighway Off-Road Vehicle Activities Program Account-State)

3. **Reduce Recreation Grant Management** - During the 2009-11 biennium, the RCO oversaw fewer new grant projects related to a reduction in available capital budget funding from the Recreation Resources Account and the Nonhighway and Off-Road Vehicle Activities Account. Therefore, the RCO requires less funding to manage ongoing aspects of these grants. This is a one-time reduction. (Recreation Resources Account-State, Nonhighway Off-Road Vehicle Activities Program Account-State)

4. **Reduce Agency Administrative Costs** - During the 2011-13 biennium, the RCO will manage fewer grants and councils; as a result, fewer administrative services will be needed.

5. **Extend Invasive Species Council** - The Washington Invasive Species Council is scheduled to expire on December 31, 2011. The expiration date is pushed back to June 30, 2017, pursuant to Chapter 154, Laws of 2011 (HB 1413) in order to maintain cooperative action by federal, state, tribal, local, and non-governmental partners on invasive species. Participating governmental and non-governmental partners will contribute to the staffing of the council through interagency agreements. Additional ongoing funding is provided through the Vessel Response Account. (General Fund-State, Vessel Response Account-State)
6. **Reduce Forest and Fish Grants** - The RCO will reduce ongoing federal expenditure authority related to the Department of Natural Resources' Forest and Fish Rules Agreements, which is projected to exceed contract balances for the 2011-13 biennium. This funding was provided to the RCO by the National Oceanic and Atmospheric Administration as part of the Pacific Coastal Salmon Recovery Funds. These funds must be fully expended by May 2011. (General Fund-Federal)

7. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

8. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

9. **Salmon Funding and Other Reductions** - The RCO will transfer funding for support of both the Salmon Recovery Lead Entity Program and the Salmon Recovery Funding Board's (SRFB) Technical Review Panel from General Fund-State to General Fund-Federal. These ongoing changes will decrease the amount of funding available for salmon recovery projects on the ground. In addition, the RCO will reduce travel and purchases of goods and services agency wide.

10. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

11. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

**Comments:**

1. **Reduce Staffing and Other Costs** - Funding and FTE staff are reduced on an ongoing basis to reflect a variety of savings measures, including eliminating attorney positions, implementing voluntary leave without pay, downshifting staff time, and taking reductions in goods and services.

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. ### Policy Non-Comp Changes:

1. Conservation District Efficiencies  
   - The State Conservation Commission (Commission) will reduce pass-through monies to conservation districts by $400,000 to encourage administrative efficiencies.

2. State Data Center Rate Increase  
   - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. Ruckelshaus Center Process  
   - Funding is provided for Chapter 360, Laws of 2011 (ESHB 1886). The bill establishes the Voluntary Stewardship Program to be administered by the Commission that allows participating counties to protect critical areas in areas used for agricultural activities through the Voluntary Stewardship Program rather than through regulatory requirements of the Growth Management Act. (General Fund-Federal)

4. Interagency Charges - AG  
   - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

5. Vacancy, Temp Layoff, Reduce Grants  
   - Funding is reduced to achieve administrative efficiencies. Any additional ongoing cuts necessary to reach the prescribed target reduction will be taken at the Commission's discretion, and may include reductions in grants to conservation districts.

6. 3% Salary Cut for State Employees  
   - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. **Total 2011-13 Biennium:** 1,439.4 FTEs, 69,387 NGF+OpPth, 358,417 Total
Comments:

1. **Oil Spill Account Shortfall** - The Washington Department of Fish and Wildlife (WDFW) Oil Spill Team provides technical support to the Department of Ecology's (DOE's) oil spill planning and preparedness efforts. A funding reduction in the 2009-11 biennium was mistakenly labeled as one-time when it should have been labeled as ongoing. The WDFW will participate in fewer oil spill response drills and conduct less response preparedness planning. (Oil Spill Prevention Account-State)

2. **Puget Sound Federal Funds** - The WDFW is entering into an agreement with the U.S. Environmental Protection Agency (EPA) to protect and restore marine and nearshore habitats of Puget Sound. Funding provided by the EPA will be distributed to state and local partners through a competitive process to fund projects that improve the effectiveness of existing regulatory and stewardship programs, implement protection and restoration projects, prevent or reduce the threats posed by invasive species and oil spills, and address ecosystem problems. (General Fund-Federal)

3. **Extend Aquatic Invasives Fee** - The WDFW is responsible for all aquatic invasive species checkpoints and development of management plans in the state. The $1.50 fee on watercraft registrations to fund these activities expires on June 30, 2012. Chapter 169, Laws of 2011 (SSB 5036) removes the expiration date. Funding is increased on an ongoing basis to match anticipated fee revenue. (Aquatic Invasive Species Prevention Account-State)

4. **Reduce Back-Office Functions** - Several back-office positions are eliminated: an accounting position, a position in the Director's office, a receptionist, a fleet manager, and an administrative assistant in the Habitat Program. Other reductions include reducing purchasing and contracts and eliminating vehicle replacement for the 2011-13 biennium. The $128,000 vehicle replacement reduction is a one-time reduction while all other reductions are ongoing.

5. **Reduce Salmonid Recovery Technical** - This reduction eliminates 10 percent of statewide technical assistance provided to local governments and non-government organizations such as the Salmon Recovery Funding Board, conservation districts, and volunteer groups.

6. **Eliminate Dangerous Wildlife Specia** - This reduction eliminates the dangerous wildlife specialist in western Washington. This position educates local communities about how to avoid confrontations with potentially dangerous wildlife, such as black bears and cougars.

7. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

8. **Discover Pass** - Chapter 320, Laws of 2011 (2SSB 5622) creates the annual Discover Pass and Day-Use Permit and requires these permits to be visible in any vehicle located at state recreational sites or recreation lands managed by the WDFW, the State Parks and Recreation Commission, and the Department of Natural Resources. Proceeds from fees will support the maintenance and operation of state recreational lands. (General Fund-State, State Wildlife Account-State)

9. **Hydraulic Proj Approval Reduction** - Funding is reduced for the Hydraulic Project Approval Program.

10. **Ajust Authority to Avail Revenue** - An adjustment is made to the State Wildlife Account to balance to a structural deficit caused primarily by the expiration of the 10 percent license surcharge and the use of fund balance during the 2009-11 biennium.

11. **Conduct Critical Asset Maintenance** - The maintenance budget for the WDFW's facilities is increased on an ongoing basis to reduce the estimated $13.3 million deferred maintenance backlog, reduce future capital budget requests for repairs and replacement of assets that are unusable, create utility efficiencies, and provide safe facilities for staff and the public. (State Wildlife Account-State)

12. **Inc Hunting & Fishing License Fees** - Pursuant to Chapter 339, Laws of 2011 (SSB 5385), revenue in the State Wildlife Account is increased by making a variety of changes to licenses and endorsement fee schedules. The revenue generated in this legislation, primarily by adjusting fishing and hunting fees, is estimated to increase revenue and mitigate a projected shortfall largely related to the expiration of a 10 percent surcharge on fishing and hunting licenses enacted during the 2009-11 biennium. (General Fund-State, State Wildlife Account-State)
13. **Shift Funding for Rules Officer** - The Rules Officer supports commissioned officers with the interpretation and application of fish and wildlife rules and laws, and assists in the development of administrative rules for the WDFW. Funding for this position is shifted on an ongoing basis from General Fund-State to the Fish and Wildlife Enforcement Reward Account. (General Fund-State, Fish and Wildlife Enforcement Reward Account-State)

14. **Reduce Winter Elk Feeding** - This one-time 50 percent reduction to the winter elk feeding budget will result in the continued closure of the West Valley or Tieton feeding site through the 2011-13 biennium. This site is adjacent to private land and orchards, and is currently fenced to keep elk out of the orchards.

15. **Reduce Habitat Research** - The WDFW conducts ecological integrity and habitat research and monitoring on WDFW-owned lands. This one-time reduction eliminates funding for a project to improve forest habitats to benefit wildlife in the Sinlahekin Wildlife Area and reduces habitat research and monitoring activities on other WDFW lands throughout the state.

16. **Reduce Statewide Habitat Coord** - The WDFW is a co-leader, with the Washington State Department of Transportation, on the multi-entity Washington Wildlife Habitat Connectivity Working Group. This ongoing reduction in FY 2013 eliminates funding for the biologist currently serving on this group.

17. **Eliminate Fish Passage Coordinator** - Funding is reduced on an ongoing basis for one of two coordinator positions, thereby increasing the time between project assessment and barrier replacement as well as the total number of projects reviewed for program suitability.

18. **Eliminate Major Projects Manager** - The WDFW's conservation planning technical teams are comprised of the Oil Spill Team, Major Projects Section, and Renewable Energy Section. This ongoing reduction eliminates the Major Projects Section Manager, and merges remaining staff into the Renewable Energy Section. Future project participation will be prioritized based on potential impact to fish, wildlife, and habitat, with lowest-risk projects being dropped from staff workload.

19. **Eliminate Aquatic Edu Activities** - Two aquatic education programs, Angler Education and Salmon in the Classroom, integrate messages about aquatic species, scientific inquiry, fish habitat, wetlands, estuaries and local stream protection, and resource conservation. As an ongoing reduction, these programs are eliminated.

20. **Reduce Fish Management Capabilities** - This ongoing reduction eliminates two fish and wildlife biologist positions and a part-time administrative support position. This reduction may cause a delay of one to two years in the completion of regional steelhead management plans. Reduced staffing will eliminate work currently funded by the state general fund to evaluate chinook and coho salmon release strategies from south Puget Sound hatcheries.

21. **Eliminate Remaining Full-Time Pilot** - The WDFW will eliminate its remaining pilot position and will contract for future pilot needs. Ongoing savings will be realized.

22. **Reduce Technology Costs** - As an ongoing reduction, the WDFW will lower desktop lease costs by moving to server-based applications.

23. **Reduce Hatchery Operations** - The WDFW operates 80 hatcheries across Washington. This reduction to hatchery operations will cut costs such as seasonal personnel, office supplies, and vehicle fuel.

24. **Shift Funds for Eco-Region Planner** - The WDFW is seeking grant funding from the EPA to replace current state funding for an eco-regional planner. This position provides guidance documents and electronic maps that help local governments identify critical areas for protection of fish and wildlife under the Growth Management Act and the Shoreline Management Act. Funding is shifted on an ongoing basis to reflect this change. (General Fund-State, General Fund-Federal)

25. **Administrative Consolidation** - Funding and FTEs are reduced to encourage coordination and collaboration of administrative functions between the natural resource agencies.

26. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

27. **Colocation Savings** - Funding is reduced to reflect savings related to natural resource agencies colocating office space.
28. **Executive Reduction** - Funding is reduced for executive administrative staff.

29. **Grizzly bear outreach program** - One-time funding is provided to a community-based organization to disseminate information about grizzly bears in the North Cascades.

30. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

31. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

32. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

33. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

34. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

**Comments:**

1. **Puget Sound Federal Funding** - Additional federal expenditure authority is provided for new grant awards. Specific work to be completed with those grants includes tracking progress in implementing the Puget Sound Action Agenda, completing the 2011-13 Biennial Science Work Plan and the 2012 Puget Sound Science Update, implementing the Puget Sound Monitoring Program, and providing grants to local organizations to carry out the Puget Sound Action Agenda at the local level. (General Fund-Federal)

2. **Reduce Agency Costs & Activities** - The Puget Sound Partnership (Partnership) will reduce agency costs and activities, not to include grants to local entities. (General Fund-State, General Fund-Federal)

3. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

4. **Local Education Grant** - During the 2009-11 biennium, the Partnership received a local grant for its education and outreach work, specifically for its online collaboration tool. This appropriation allows the expenditure of the remainder of the grant. (General Fund-Private/Local)

5. **Reduce LID and Stormwater TA** - During the 2009-11 biennium, the Partnership received funding to provide training and other assistance to local governments and private developers on the use of Low Impact Development Stormwater techniques (LID). As this program has matured and the use of LID techniques has become more prevalent, the need for these services has been reduced. The Partnership will reduce these services by 30 percent, and state general funds will be cut with a backfill of existing State Toxics Control Account funding which will be used for agency operations.

6. **Terminate Invasive Species IA w/DFW** - Funding is reduced to reflect the cancellation of an inter-agency agreement with the Washington Department of Fish and Wildlife that supports work on invasive species control.
7. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject to the 3 percent of salary reduction. **Comments:**

1. **Lease Rate Adjustment** - The Department of Natural Resources (DNR) will vacate 7,726 square feet of space on the first floor of the Natural Resource Building, effective July 1, 2011. (General Fund-State, Various Other Accounts)

2. **Increase Nursery Planting & Harvest** - Due to an ongoing increase in silviculture activity resulting from the stabilization of timber sales, the Silviculture Program is anticipated to increase its seedling purchases in the 2011-13 biennium. This will require additional work by the State Forest Nursery to provide the necessary stock. (State Forest Nursery Revolving Account-Nonappropriated)
3. Increase Forest Road Maintenance - The DNR's Roads Program maintains a road network of approximately 12,000 miles on DNR-managed lands. This ongoing increase will enable the program to complete federally-mandated road maintenance and abandonment planning by July 1, 2016. (Access Road Revolving Account-Nonappropriated)

4. Shift Helicopter Funding - In Chapter 37, Laws of 2010, 1st sp. s. (ESSB 6444), 50 percent of the funding for the DNR's fire suppression helicopter fleet was transferred to the nonappropriated Forest Fire Protection Assessment Account (FFPAA) from the non-budgeted Natural Resources Equipment Account (NREA). This ongoing funding shift back to the NREA will keep the FFPAA balanced and maintain current levels of fire prevention and preparedness activities. (Forest Fire Prevention Assessment Account-Nonappropriated)

5. Reduce Land Mgmt on Ag Trust Lands - The amount of General Fund-State funding provided for deposit into the Agricultural College Trust Management Account (ACTMA) is reduced. Because the ACTMA receives all of its revenue from General Fund-State deposits, expenditure authority in the ACTMA is also reduced by an equal amount. This one-time reduction will lower land management activities on Agricultural College trust lands and will not have an impact on trust revenue. (General Fund-State, Agricultural College Trust Management Account-State)

6. Reduce Natural Heritage Program - General Fund-State support of the Natural Heritage Program is reduced on an ongoing basis. The Natural Heritage Program provides data used by a number of agencies, organizations, companies, and individuals for conservation planning, environmental review processes, and other information requests.

7. Reduce Administrative Costs - The DNR will, on a one-time basis, reduce non-emergency equipment purchases, manage vacancies to achieve savings, and reduce travel budgets throughout the agency.

8. Incr Silviculture Burn Permit Fee - RCW 70.94.6534 directs the DNR to charge a fee for silviculture burn permits that would raise revenue to a level necessary to cover the costs of the program. The entire General Fund-State expenditure authority for this purpose is shifted on an ongoing basis to the Air Pollution Control Account to match anticipated fee revenue. (General Fund-State, Air Pollution Control Account-State)

9. Reduce Fire Control Costs - On a one-time basis, the DNR will reduce discretionary fire training, freeze wages for exempt firefighters, and reorganize administrative support positions in its fire control program. An internal review of the Forest Fire Protection Assessment tax parcels will remain suspended in the 2011-13 biennium.

10. Forest Practices Reduction - The Forest Practices Program is funded with approximately $23 million state general fund per biennium. This step reduces the Forest Practices Program by $2.0 million.

11. Maintain Adaptive Management Pgm - The Forest Practices Adaptive Management Program determines if rules protect and restore water quality and aquatic habitat on working forestlands near Puget Sound and other ecosystems across the state. The Program recommends science-based rule adaptations to the Forest Practices Board as needed. This one-time federal appropriation will allow existing research projects to continue while the program secures long-term sustained funding. (General Fund-Federal)

12. State Data Center Rate Increase - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

13. Discover Pass - Chapter 320, Laws of 2011 (2SSB 5622) creates the annual Discover Pass and Day-Use Permit and requires these permits to be visible in any vehicle located at state recreational sites or recreation lands managed by the DNR, the Washington Department of Fish and Wildlife, and the State Parks and Recreation Commission. Proceeds from fees will support the maintenance and operation of state recreational lands. (General Fund-State, Park Trust Revolving Account-Non-Appropriated, Non-highway and Off-road Vehicle Account-State)

14. Puget Sound Corps - Funding and FTEs are transferred from the DNR's Washington Conservation Corps (WCC) to the Department of Ecology pursuant to Chapter 20, Laws of 2011 (SHB 1294). The bill consolidates the administrative functions of the WCC with the Department of Ecology. Additionally, the Puget Sound Corps is created within the WCC to focus on projects related to the recovery of Puget Sound.
15. Absorb Unemployment Cost Increase - In order to achieve General Fund-State savings in the 2011-13 biennium, the DNR will absorb increased unemployment costs as the result of fewer seasonal fire employees returning to work after the fire season. This one-time absorption will be managed as programs across the DNR decrease spending, thereby decreasing administrative overhead costs.

16. Resume Delayed Lands Mgmt Work - In Chapter 564, Laws of 2009, Partial Veto, the Resource Management Cost Account appropriation was reduced due to the decrease in timber revenues. Revenues have since stabilized and started to increase. Increased expenditure authority will allow resumption of delayed silvicultural activities. (Resource Management Cost Account-State)

17. Administrative Consolidation - Funding and FTEs are reduced to encourage coordination and collaboration of administrative functions between the natural resource agencies.

18. Interagency Charges - AG - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

19. Colocation Savings - Funding is reduced to reflect savings related to natural resource agencies coloacting office space.

20. Executive Reductions - Funding is reduced for executive administrative staff.

21. Management Efficiency - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

22. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

23. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

24. Suspend Plan 1 Uniform COLA - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

25. Absorb Health Insurance Increase - The DNR will absorb increased health insurance costs resulting from extending health care coverage to seasonal employees. This one-time absorption will be managed as programs across the agency decrease spending, thereby decreasing administrative overhead costs.

26. Retire-Rehire Changes (State) - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

#### Comments:

1. **Reduce Fair Funding** - The Fair Account receives a $4 million transfer each biennium from the state general fund. The transfer is reduced by $500,000, leaving $3.5 million available for fair funding during the 2011-13 biennium. (Fair Account-Nonappropriated)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Eliminate GF - Marketing Assistance** - State general fund support for the Washington State Department of Agriculture's (WSDA) domestic marketing program is eliminated.

4. **Administrative Consolidation** - Funding and FTEs are reduced to encourage coordination and collaboration of administrative functions between the natural resource agencies.

5. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

6. **Colocation Savings** - Funding is reduced to reflect savings related to natural resource agencies colocating office space.

7. **Executive Reduction** - Funding is reduced for executive administrative staff.
8. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. (General Fund-State, various other funds)

9. **Reduce Weed Board Support** - The State Weed Board (Board) provides information, education, and outreach about non-native, invasive plants for county and district weed boards, and the general public. The Board also provides pass-through funding to local government agencies to support on-the-ground projects to eradicate the state's most harmful noxious weeds. The amount of pass-through funding to counties for noxious weed eradication is reduced by 50 percent, and the Board's travel costs are eliminated on an ongoing basis.

10. **Eliminate GF - Weights and Measures** - This reduction eliminates two full-time inspector positions and suspends inspections related to price verification, including all retail scanner verification, packaging net contents, and accuracy of labeling for products sold to consumers. The WSDA will suspend efforts to respond to consumer complaints related to sales of firewood and mislabeling of packaged goods. Additionally, enforcement related to antifreeze requirements is eliminated.

11. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). ### Comments:

1. **Reduce Criminal Records Divis Staff** - The Criminal Records Division is reduced by 7.5 FTEs. This reduction will result in fewer classes being taught for criminal justice agencies and will result in longer response times for identification and criminal history checks by law enforcement agencies.

2. **Reduce Specialized Progs Staffing** - Funding is reduced to reflect the elimination of the following three FTEs and one contracted position: one contracted detective from a local law enforcement agency paid for by the agency to staff the Missing and Exploited Children Task Force for a local jurisdiction; two office assistants in the Missing/Unidentified Persons Unit; and one detective in the High Tech Crimes Unit.

3. **Reduce Elec Svcs and Risk Staffing** - Funding is reduced to reflect the elimination of the following four positions: two FTEs in the Electronic Services Division who provide network support for the A Central Computerized Enforcement Service System (ACCESS) Program; one FTE in the Electronic Services Division who provides procurement support; and one FTE in Risk Management that provides office support to the Electronic Services Division.
4. **Eliminate Natl Fire Reporting Staff** - Funding is reduced to reflect the elimination of the position that collects emergency response information from local fire agencies and enters it into a federal database. Funding remains for the Washington State Patrol (WSP) to build infrastructure to make continued reporting possible.

5. **Reduce Cadets at Executive Mansion** - Funding is reduced to reflect the elimination of three FTEs from a total of 12 cadets assigned to the Governor's Mansion.

6. **Reduce SWAT and Meth Response** - Funding is reduced for the Special Weapons and Tactics (SWAT) program and 1.5 FTE staff are reduced from the Methamphetamine Response program. This reduction to SWAT funds will be mitigated by subsidizing current SWAT operations using the State and Federal Seizure Accounts as available.

7. **Elim Interoperability Comm Support** - Two FTE staff positions that support the State Interoperability Executive Committee (SIEC) will be eliminated. This committee was formed in 2003 to ensure that emergency responders across all jurisdictions can talk to each other and share data. With this elimination there will be no staff support for the SIEC.

8. **Criminal History Record System** - Funding is provided for a feasibility study to replace the current criminal history record archive and retrieval system, created in the early 1970s, used to store and retrieve over 500,000 criminal history documents received annually. (Fingerprint Identification Account-State)

9. **DNA Kits** - Funding is provided for additional deoxyribonucleic acid (DNA) analysis kits for use by the Washington State Patrol's (WSP) Crime Laboratory to cover increased costs of kits and usage of DNA testing. (General Fund-State, County Criminal Justice Assistance Account-State, Municipal Criminal Justice Assistance Account-State)

10. **Fire Training Academy Funding** - Funding is provided for regular maintenance of the Fire Training Academy's roads and water system. (Fire Service Training Account-State)

11. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

12. **Child Care Background Checks** - Funding is provided for workload increases related to Chapter 295, Laws of 2011 (2SHB 1903). This legislation assumes an increase in the number of individuals that will require fingerprinting in the 2011-13 biennium. (Fingerprint Identification Account)

13. **Vulnerable Adult Referrals** - Funding is provided for increased workload due to Chapter 357, Laws of 2011 (ESHB 1494). (Fingerprint Identification Account)

14. **Vehicle License Fraud Account** - Funding and expenditure authority is provided to the Vehicle License Fraud Account to maintain vehicle license enforcement activities funded from this Account. (Vehicle License Fraud Account-State)

15. **Administrative Reduction** - The administrative functions within the WSP are reduced by 10 percent overall. Additional administrative savings of $240,000 is assumed through required Management Efficiencies.

16. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

17. **Debt Service Payment** - Funding is provided for the omnibus portion of debt service owed on Certificates of Participation used to finance the deployment of computers in WSP vehicles and to upgrade radio equipment to accommodate new Federal Communications Commission standards.

18. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)
19. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

20. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

21. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

22. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

#### Comments:

1. **Collection Agency Fee Increase** - The DOL is authorized to increase fees in the Collection Agency Program for an additional FTE to reduce program backlog, manage the increased workload, and to conduct educational outreach to increase compliance. (Business and Professions Account-State)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Collection Agencies Practices** - Chapter 57, Laws of 2011 (SSB 5574) expands the prohibited practices in the collection agency industry. Funding is provided to handle the anticipated increase in complaint cases as a result of the legislation. (Business and Professions Account-State)

4. **Court Reporter Licensing** - Substitute House Bill 1205 (court report licensing) requires court reporters and court reporting firms be licensed by the DOL. Funding is provided for information technology support, rulemaking, and staff needed for the DOL to implement and manage the 30 percent increase in workload as a result of the legislation. (Business and Professions Account-State)

5. **Master License Program to DOR** - Administration of and all powers, duties and functions related to the Master License Service is transferred from the DOL to the Department of Revenue. (Master License Account-State)

6. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)
7. **Administrative Reduction** - Savings will be achieved by continuing to implement administrative spending limits and controls on goods and services, travel, and other costs within the Management Support Services and Information Services divisions.

8. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. Comments:

1. **Funding System Development** - Funding is provided for apportionment system projects that were underexpended in fiscal year 2011 and for which the amount of underexpenditure is re-appropriated in fiscal year 2012 to insure project completion. (General Fund-State)

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Achievement Gap Committee** - Funding for the achievement gap oversight and accountability committee is reduced by 50 percent. (General Fund-State)

4. **Bullying Prevention Workgroup** - Funding is provided for the implementation of Second Substitute House Bill 1163 (Bullying prevention), which requires the Office of the Superintendent of Public Instruction to convene a workgroup on school bullying and harassment prevention to develop, recommend, and implement strategies to improve the school climate and create respectful learning environments in public schools. (General Fund-State)

5. **School District Insolvency** - Funding is provided for the implementation of Substitute House Bill 1431 (School district insolvency). Funding is provided to the office of the superintendent of public instruction to work with the educational service districts to conduct an analysis and submit a report with recommendations for a clear legal framework and process for dissolution of a school district. The funding covers convening and consultant costs. (General Fund-State)

6. **Kindergarten Readiness** - Funding is provided for the implementation of Second Substitute House Bill 1510 (State-funded kindergarten), including the development and implementation of the Washington Kindergarten Inventory of Developing Skills (WaKIDS). Funding supports the development and implementation of the inventory, OSPI staffing for oversight of the program, and training of school district staff. The amount funded assumes the availability of private and federal resources to partially defray costs. (General Fund-State)

7. **Education Reforms** - Funding is provided for the implementation of House Bill 2111 (Implementing selected recommendations from the 2011 report of the quality education council), including additional funding for the Compensation Working Group to analyze educator professional development and mentoring needs, strengthening the availability of data about transitional bilingual students on OSPI's online report card, development of administrative rules for the Highly Capable program, and a study of the Learning Assistance Program funding by the Washington Institute for Public Policy. Funding for the LAP study is contained in the budget for The Evergreen State College. (General Fund-State)

8. **Apportionment System Development** - Funding for the development of the pupil transportation and general apportionment school finance systems required by the enactment of Chapter 236, Laws of 2010 PV (SHB 2776) is reduced. (General Fund-State)

9. **State Board of Education Reduction** - The State Board of Education's operating budget is reduced by 10 percent. (General Fund-State)

10. **Reduce OSPI State Office Staffing** - The Office of the Superintendent of Public Instruction's (OSPI) operating budget is reduced. (General Fund-State)

11. **Online Learning Program Reduction** - OSPI staffing and expenses related to online learning programs are reduced by 10 percent. (General Fund-State)
12. **Finance Reform Reduction** - The OSPI's administrative budget contains funding for research, development, and implementation of a new K-12 funding system as required in Chapter 548, Laws of 2009 PV (ESHB 2261). Funding for these functions is reduced. (General Fund-State)

13. **Eliminate Skills Center Director** - Funding for the position of Skills Center Director is eliminated at OSPI. (General Fund-State)

14. **K-20 Network Reduction** - The K-20 Network provides internet, data processing, and video-conferencing capacity to school districts and state offices. State funding support for the K-20 Network at OSPI is reduced by 30 percent. (General Fund-State)

15. **E-Certification** - Savings is assumed from the implementation of an e-certification system at OSPI, in accordance with House Bill 1449 (Establishing a processing fee for educator certificates). Once the e-certification system is built, an administrative fee of $33 is applied to all current teacher certification fees, effective July 1, 2012, to be deposited into the newly-created Educator Certification Processing Fund. Funding from the new fee will be used to implement a web-based, centralized educator licensure/certification system. In Fiscal Year 2013, 12.5 FTE certification staff will be transferred from the General Fund to the new account, saving the General Fund $855,000. The office of the superintendent of public instruction is directed to use federal grant money provided for student longitudinal database development for system construction costs, to the extent allowable (General Fund-State, Educator Certification Processing Fund-State)

16. **PESB Reduction** - The Professional Educator Standards Board (PESB) operating budget is reduced by 8 percent. (General Fund-State)

17. **Alt Routes Reduction and Suspension** - Alternative certification routes are teacher-training programs that serve as different options to traditional teacher preparation programs. Funding is reduced to reflect changes in demand for new teachers in the current labor market environment. Funding levels will support continuation of scholarships for existing teacher candidates. (General Fund-State)

18. **Jobs for America** - Jobs for America's Graduates is a dropout prevention program at OSPI, started in Fiscal Year 2011. Funding for the program is reduced by 10 percent. (General Fund-State)

19. **Private/Local Authority** - Private/local authority is provided for an assortment of gifts, grants, and other funding provided by private parties or local government agencies. (General Fund-local)

20. **Transfer School Safety Functions** - School safety functions, including school safety training funds, are transferred to the Criminal Justice Training Commission. (General Fund-State)

21. **Youth Suicide Prevention** - Funding is provided for youth suicide prevention programs to support implementation of Second Substitute House Bill 1163 (Bullying prevention). (General Fund-State)

22. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

23. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

24. **Data System Reduction** - Funding for the K-12 data governance group, and ongoing implementation of a comprehensive data system that includes financial, student, and educator data is reduced. (General Fund-State)

25. **Reduce Navigation 101** - Navigation 101 provides implementation grants to districts for guidance and career counseling programs in secondary schools. Funding for this program is reduced by 10 percent. (General Fund-State)

26. **Eliminate Supp CTE Organizations** - The OSPI provides financial support to assist student Career and Technical Education organizations. Funding for support of these organizations is eliminated. (General Fund-State)
27. **Eliminate Special Services Pilot** - Seven districts participate in the Special Services Pilot Program. The program aims to reduce the number of students inappropriately referred to and placed in special education and increase early identification of students struggling academically. The program expires June 2011. Funding is eliminated in the 2011-13 biennium. (General Fund-State)

28. **Eliminate Dyslexia Pilot Program** - The Dyslexia Pilot Program provides regional training through the Educational Service Districts for classroom teachers and reading specialists to improve reading skills of students diagnosed with dyslexia. Funding for the pilot is eliminated. (General Fund-State)

29. **Suspend Pre-Apprenticeship Grants** - Running Start for the Trades are pre-apprenticeship grants offering incentive awards of up to $10,000 to districts to develop pre-apprenticeship programs in the trades and crafts, and to recruit students into the programs. Funding for these grants is eliminated. (General Fund-State)

30. **Teaching as a Profession Pilot** - OSPI contracts with the Latino/a Educational Achievement project to identify and mentor bilingual students to become interested in the teaching profession. Due to the decrease in demand for new teachers, funding for this program is eliminated. (General Fund-State)

31. **Reduce Mentoring of WA Achievers** - Funding for the mentoring of Washington Achievers Scholars is reduced by 10 percent. This funding leverages private funding for the recruitment, training, and matching of volunteer mentors with students selected as Washington Achievers Scholars. The mentoring is provided to low-income high school students in their junior and senior years of high school and into their freshman year of college. (General Fund-State)

32. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

33. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

34. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

35. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees’ Retirement System and the Teachers’ Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

### Comments:

1. **ALE Funding Adjustment** - Funding for ALE programs is adjusted to reflect savings assumed from the implementation of SHB 2065, which changes funding rules and requirements related to alternative learning experience programs. (General Fund-State)

2. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget Chapter 5, Laws of 2011 (ESHB 1086 PV) for July and August of 2011, the last two months of the 2010-11 school year. School districts budget on a school year basis, while the state budgets on a fiscal year basis. As a result, two months of the prior school year are paid for in FY 2012. The savings in the General Apportionment program are from the elimination of the K-4 class size enhancement for the latter part of the 2010-11 school year. (General Fund-State)

3. **Eliminate K-4 Class Size Reduction** - Funding for Kindergarten through Grade 4 class size reduction is eliminated for the 2011-12 and 2012-13 school years. The formula for allocating funding to districts is adjusted to reflect the following increases in average class sizes: grades Kindergarten through Grade 3 will become 25.23, up from 23.11; Grade 4 will become 27, up from 26.15. This reflects minimum statutory funding levels in grades K-4 for general education students. (General Fund-State)

4. **June 2011 Apportionment** - The 2011-13 operating budget shifts $128 million of the June 2011 apportionment payments to school districts from the last business day of June 2011 to the first business day of July 2011. This increases costs for FY 2012 and reduces costs for FY 2011. (General Fund-State)
5. **June Contingency Repayment** - The 2011-13 operating budget shifts $128 million of the June 2011 apportionment payments to school districts from the last business day of June 2011 to the first business day of July 2011. The 2011 supplemental budget provides a June financial contingency fund for districts which meet specific financial hardship criteria resulting from the June 2011 apportionment shift. The 2011-13 biennial budget assumes repayment of this funding during FY 2012. (General Fund-State)

6. **Reduce Extended Day Skill Center** - The Extended Day Skills Center Program provides support services to skills center students at risk of dropping out of school. Funding for this service is reduced by 10 percent for the 2011-13 biennium. (General Fund-State)

7. **Eliminate MSOC from K-4 CSR** - The new K-12 funding formula adopted pursuant to Chapter 236, Laws of 2010 PV (SHB 2776) changed the allocation methodology for non-salary related items. In the prior formula, funding was allocated on a per certificated staff unit basis. Beginning September 1, 2011, non-salary funding is allocated on a per student basis. As a result of the conversion to the new funding formula, a portion of the funding for maintenance, supplies, and operating costs (MSOC) is considered an enhancement to basic education because it was previously allocated on the basis of non-basic education staff units. Therefore, funding is adjusted to eliminate that portion of MSOC funding for the 2011-12 and 2012-13 school years which is an enhancement above levels required by statute. (General Fund-State)

8. **Repayment of Contingency Pool** - The 2011 supplemental budget provides funding for a financial contingency fund for districts that meet specific financial hardship criteria. The 2011-13 biennial budget assumes repayment of this funding during FY 2012. (General Fund-State)

9. **Implement New Funding Formula** - Chapter 236, Laws of 2010 PV (SHB 2776) established new formulas for allocating funding for a number of programs, including General Apportionment, the Learning Assistance Program, the Highly Capable Program, and the Transitional Bilingual Program. Funding is provided to hold districts harmless to per student basic education funding amounts which existed prior to the formula conversion. Districts are held harmless in total across the impacted programs for the 2011-12 and 2012-13 school years, after adjusting for caseload and staff mix factors. Because of the high correlation of districts with large high poverty school populations receiving funding via item HTO (K-3 class size reduction), and districts needing hold harmless funding due to the formula conversion, item HTO reduces hold harmless funding at approximately a 2:1 ratio. (General Fund-State)

10. **Transfer Full Day Kindergarten** - Funding for Full-Day Kindergarten is transferred from the education reform budget to the general apportionment budget. The program is also no longer supported by funds from the Education Legacy Trust Account. (General Fund-State; Education Legacy Trust Account)

11. **Running Start** - Running Start is a dual-credit program which allows high school juniors and seniors to attend class at participating community colleges and other institutions of higher education, and earn high school and post-secondary credits simultaneously. The enrollment and funding rules for the Running Start Program are adjusted to establish a combined enrollment funding cap of 1.2 FTE. Currently, students can participate in running start programs up to a combined enrollment cap of 2.0 FTE, allowing full-time enrollment in running start programs, as well as full-time high school enrollment. The savings amount assumes an overall enrollment reduction of 680 student FTE's per year. (General Fund-State)

12. **K-3 Class Size in High Pov Schools** - Funding is adjusted to partially restore funding for lower class sizes in grades K-3 in high-poverty schools. Item G0 in this section eliminates all funding for K-4 class size enhancements. This item restores some funding for schools which have free and reduced-price lunch eligible student populations exceeding 50 percent, based on a three-year rolling average of enrollment. The funding amount assumes class sizes of 24.1 in eligible schools, grades K-3. Because of the high correlation of districts with large high poverty school populations, and districts needing hold harmless funding due to the formula conversion (item G5), this item reduces hold harmless funding at approximately a 2:1 ratio.

13. **Summer Skills Ctr Programs** - Funding is adjusted to reflect a cap of 1.6 FTE on skill center enrollment, including summer skill center programs. Previously, the budget has funded summer programs in excess of this 1.6 FTE cap through a dedicated proviso in the general apportionment budget. The dedicated funding proviso is discontinued. Of the amount reduced for this item, about $500,000 per year reflects the actual reduction in services due to the 1.6 FTE cap, while the remaining amount is shifted to caseload costs incurred through the maintenance level budget process. (General Fund-State)
14. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

15. **K-12 Salary Reduction** - Salary allocations for K-12 employees are reduced by 1.9 percent for certificated instructional and classified staff, and 3 percent for administrative staff, for the 2011-12 and 2012-13 school years. (General Fund-State)

16. **Teacher Retirement Incentive** - Savings are assumed from the implementation of a teacher retirement incentive program. The program is designed to incentivize senior teachers to retire as a result of the availability of a $250 per month health benefit subsidy provided under Substitute Senate Bill 5846 (health benefit subsidies) to members of the Teachers’ Retirement System Plan 1 (TRS) who retire before the end of October 2011. **Comments:**

1. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect prior school year adjustments that affect the months of July and August of 2011, the last two months of the 2010-11 school year. School districts budget on a school year basis, while the state budgets on a fiscal year basis. As a result, two months of the prior school year are paid for in FY 2012.

2. **Implement Expected Cost Model Formu** - Chapter 236, Laws of 2010 (SHB 2776) implements a new state formula to allocate funding to districts for pupil transportation to and from school. Pupil transportation allocations are converted to the new formula, and base funding levels are enhanced.

3. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

### Comments:

1. **Transfer Food Service Programs** - Funding for food service programs in the education reform budget is transferred to the school food services budget for the purpose of meeting federal match requirements under the National School Lunch Program. This item is a continuation of the policy enacted in Chapter 5, Laws of 2011 PV (ESHB 1086). (General Fund-State)

2. **Reduce Food Service Funding** - State matching funds for the National School Lunch Program are eliminated. School food service programs in the education reform budget are transferred to the School Food Services budget for the purpose of meeting federal match requirements. This item is a continuation of the policy enacted in Chapter 5, Laws of 2011 PV (ESHB 1086). (General Fund-State)

### Comments:

1. **Prior School Year Adjustments** - This item adjusts fiscal year 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget (ESHB 1086, Chapter 5, Laws of 2011) for July and August of 2011, the last two months of the 2010-11 school year. The funding adjustment in the special education budget reflects the elimination of the K-4 class size enhancement for the latter part of the 2010-11 school year. (General Fund-State)

2. **K-3 Class Size in High Pov Schools** - Funding is adjusted to partially restore funding for lower class sizes in grades K-3 in high-poverty schools. Funding impacts the special education budget through increases to the basic education rates in impacted districts. (General Fund-State)

3. **School Based Medicaid Elimination** - The 2011-13 operating budget creates an intergovernmental transfer program for School-Based Medicaid services that uses school district funds to match federal funding. Because school districts must now pay the state share for these services, it is anticipated that school district claims for safety net support for eligible special education services formerly funded by Medicaid will increase for the 2011-13 biennium.

4. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

5. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)
6. **K-12 Salary Reduction** - Salary allocations for K-12 employees are reduced by 1.9 percent for certificated instructional and classified staff, and 3 percent for administrative staff, for the 2011-12 and 2012-13 school years. The special education budget is impacted through adjustments to the basic education allocate rate upon which special education funding is based. (General Fund-State)

7. **Teacher Retirement Incentive** - Savings are assumed from the implementation of a teacher retirement incentive program designed to incentivize retirements through offering $250 per month health benefit subsidies. Special education funding is impacted through the decrease in the staff mix factor, which is a proxy for educator experience and impacts the projected statewide basic education allocation rate next biennium. 2. **Eliminate WA Imagination Network** - Funding for the Washington Imagination Network is eliminated. OSPI contracts with the Washington Imagination Network to provide Destination Imagination and Future Problem Solving programs to students across the state and professional development to their teachers and coaches. (General Fund-State)

3. **Centrum** - Funding for the Centrum program is reduced by 50 percent. OSPI contracts with Centrum to develop, implement, and administer the Experiences in Creativity program, which provides opportunities in the arts and sciences for highly capable students and the educators who serve them. (General Fund-State)

4. **Running Start** - Running Start is a dual-credit program which allows high school juniors and seniors to attend class at participating community colleges and other institutions of higher education, and earn high school and post-secondary credits simultaneously. The enrollment and funding rules for the Running Start Program are adjusted to establish a combined enrollment cap of 1.2 FTE. Because funding for the highly capable program is driven off of total enrollment, there is a small impact to highly capable program funding. (General Fund-State)

5. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. **Comments:**

1. **Suspend I-728** - Initiative 728 allocations to school districts are suspended for the 2011-13 biennium. Initiative 728, approved by voters in 2000 and later amended by the Legislature, allocates a per-student dollar amount to districts to be used for class size reduction, extended learning opportunities, early learning programs, or professional development. If not suspended, per-student allocations would have been approximately $477 per student for the 2011-12 school year and $484 per student for the 2012-13 school year.

Comments:

1. **Reduce LASER/Pacific Science Center** - The Leadership and Assistance for Science Education Reform (LASER) program is a statewide project to implement a hands-on science curriculum through ten regional school district alliances. Funding for this program is reduced by 10 percent. (General Fund-State)

2. **Eliminate Focused Assistance** - The Focused Assistance program provides technical assistance to schools and school districts struggling to meet adequate yearly progress benchmarks established by the federal government and that do not qualify for Title I federal funds for this purpose. Funding for this service is eliminated. (General Fund-State)

3. **Eliminate CISL** - The Center for the Improvement of Student Learning (CISL) provides outreach to districts and communities to improve student outcomes, by serving as a clearinghouse for best practices and identifying strategies to improve the success of certain ethnic and racial student groups. Funding for CISL is eliminated. (General Fund-State)

4. **Teacher and Principal Evaluations** - Funding is provided to increase the number of school districts participating on a pilot basis to help develop and implement improved teacher and principal evaluation systems under reforms initiated in Chapter 235, Laws of 2010 (E2SSB 6696). (General Fund-State)

5. **Reduce Ed. Tech. Supt. Ctrs** - Education Technology Support Centers are funds directed to the Educational Service Districts who in turn provide school districts with assistance in technology planning, network development, cost-benefit analysis, and professional development. Funding for this service is reduced by 50 percent. (General Fund-State)

6. **Full Day Kindergarten Adjustment** - Funding for the full-day Kindergarten Program is reduced to reflect changes made to the K-12 budget such as eliminating funds for K-4 class size reduction; reducing K-12 salaries; and suspending the I-732 COLA. (Education Legacy Trust Account-State)

7. **Transfer Food Service Programs** - Funding for food service programs in the education reform budget are transferred to the school food services budget for the purpose of meeting federal match requirements under the National School Lunch Program. This item is a continuation of the policy enacted in Substitute House Bill 1086, the 2011 supplemental operating budget. (General Fund-State)

8. **Local Farms Healthy Kids Program** - Funding is eliminated for the Local Farms & Healthy Kids Program, which provides funding for schools to purchase fruits and vegetables to offer students as a school day snack. (General Fund-State)

9. **Math/Science Prof Development** - Funding for grants to 17 school districts for math and science professional development coaches is discontinued in the education reform budget, and half of the funding is redistributed to support the statewide network of math and science professional development administered through the educational service districts. (General Fund-State)

10. **Transfer Full Day Kindergarten** - Funding for Full Day Kindergarten is transferred from the Education Reform budget to the General Apportionment budget, consistent with its incorporation into RCW 28A.150.220, which defines the minimum instructional requirements of basic education and the components of the basic education allocation rate, effective September 1, 2011. (General Fund-State)

11. **Kindergarten Phase-In** - Funding is provided to continue phasing-in Full-Day Kindergarten programs in high poverty schools. Approximately 21 percent of eligible students will be served in the 2011-12 school year, and 22 percent in the 2012-13 school year. (Education Legacy Trust Account-State)

12. **IT Academy** - Funding is provided for an Information Technology (IT) Academy Program, which provides free educational software, as well as IT certification and software training opportunities for students and staff in public schools. The funding amount represents the state match requirement for the program, which is the product of a public-private partnership. (General Fund-State)

13. **PASS Act Program** - Funding is provided to implement the provisions of Chapter 288, Laws of 2011 PV (Actual student success dropout prevention program), which invests in proven dropout prevention and intervention programs and reward districts and schools that demonstrate improvement in dropout prevention indicators. (General Fund-State)
14. **Reading Corps** - The Reading Corps program provides grants to schools with low reading scores to increase student tutoring through the use of AmeriCorps and VISTA members. Funding is cut by 10 percent for the 2011-13 biennium. (General Fund-State)

15. **Pmt. For Scorable COE** - Currently, payments for collections of evidence are made based on submittal. Funding is adjusted to reflect payments for submittals that meet all criteria to be scored. (General Fund-State)

16. **Readiness to Learn** - The Readiness to Learn program provides grants to school and community consortia to support students and families with the goal of ensuring that all children are able to attend school prepared to learn. Funding for the grants is reduced by 10 percent. (General Fund-State)

17. **BEST Program** - The Beginning Educator Support Team (B.E.S.T) program provides early career educators with mentorship and support. Funding for this service is reduced by 10 percent. (General Fund-State)

18. **Private/Local Authority** - Private/local authority is provided for an assortment of gifts, grants, and other funding provided by private parties or local government agencies. (General Fund-local)

19. **CTE Start-up Grants & Robotics** - Career and Technical Education (CTE) Start-Up grants provide funding to middle schools, high schools, or skills centers to upgrade high-demand career and technical education programs. FIRST Robotics is a national program, funded through a combination of public and private sources, that is oriented to science, technology, engineering, and mathematics. Within the funding provided for CTE start-up grants, is $600,000 for the FIRST Robotics program, contingent on availability of private matching funds. Funding for the program is increased by 7 percent. (General Fund-State)

20. **Leadership Academy** - The Leadership Academy supports professional development and training for school administrators. Funding for this service is reduced by 10 percent. (General Fund-State)

21. **Superintendent/Principal Internship** - Funding for internships for principals, superintendents, and program administrators completing certification programs is reduced by 10 percent. (General Fund-State)

22. **Mid/High Sch. Applied STEM Grants** - OSP1 currently staffs coordination and promotion of integrated science, technology, engineering, and math programs. Twenty teachers currently receive grants of $2,500 for summer training to implement programs in schools. Funding for the program is reduced by 10 percent. (General Fund-State)

23. **STEM Lighthouses** - The Science, Technology, Engineering, and Math (STEM) Lighthouses are three districts that practice best practices in the STEM subjects and provide technical assistance to other districts. Funding for this program is reduced by 10 percent. (General Fund-State)

24. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

25. **Graduation Requirement Changes** - Funding is adjusted to reflect changes in assessment requirements for graduation during the 2011-13 biennium. This item reflects savings realized through the implementation of House Bill 1412 (H.S. math assessments) and House Bill 1410 (H.S. science assessments). Because this budget also proposes reduced collection of evidence rates, the net savings for HB 1410 and HB1412, apart from the rate reductions, is shown here. The savings is a result of reduced end-of-course testing costs, as well as reduced collections of evidence portfolios, in both science and math. (General Fund-State)

26. **Suspend Development Diag. Assessmen** - Funding for the development of diagnostic assessments is anticipation of the State's future work with the SMARTER Balanced Assessment Consortium. The consortium involves 30 states that will collaboratively develop an assessment system to include summative and formative exams, as well as informal assessments teachers will be able to use to diagnose student performance. (Education Legacy Trust Account-State)

27. **Assessment Staff Reduction** - Funding for assessment program staffing is reduced by 10 percent for the 2011-13 biennium. (General Fund-State)
28. COE Payment Reduction - The Collection of Evidence (COE) assessment is an alternative assessment for the high school graduation program. Districts currently receive a payment of $300 per COE submitted for grading. Funding is adjusted based on an assumed payment rate of $200 per COE. (General Fund-State)

29. Renew Current Contracts - The budget provides savings through the execution of renewal clause options on state contracts for student assessments. Savings result from reduced costs for rebidding contracts and potential contract cost increases. (General Fund-State)

30. Restructure Collection of Evidence - The OSPI contracts for collection of evidence (COE) grading. The OSPI is directed to restructure the COE assessment and renegotiate the grading contract to achieve savings. This reduction assumes an average per-unit grading cost of $200 per COE. (General Fund-State)

31. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

32. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

33. Suspend Plan 1 Uniform COLA - Savings are achieved from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

34. National Board Bonus Adjustments - Funding is adjusted to reflect two changes to the National Board for Professional Teaching Standards (NBPTS) bonus program: 1) adopting a bonus payment date of July 1st of each school year, beginning in the 2011-12 school year; and 2) prorating the first year national board bonus by 60 percent (a 40 percent reduction) to reflect the percentage of the school year newly NBPTS-certified teachers are certified. This proration produces a first year base bonus amount of $3,054, and a high poverty school bonus of $3,000. Except for the first year proration, the base bonus of $5090 and the challenging school bonus of $5,000 are fully funded in the 2011-13 biennium. (General Fund-State)

### Comments:

1. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget Chapter 5, Laws of 2011 (ESHB 1086 PV) for July and August of 2011, the last two months of the 2010-11 school year. (General Fund-State)

2. **Bilingual Formula Restructure** - A revised funding model for the transitional bilingual program will be established, effective September 1, 2012. Allocations will be scaled to provide more support to students with beginning levels of English language proficiency who require more intensive intervention, and less support to more proficient students. Additionally, the funding model will provide up to two years of bonus funding upon successful exit from the bilingual program to facilitate successful transition to a standard program of education. A statewide method of measuring level of proficiency will be established prior to September 2012 to create consistent placement across districts. Bonus payments for up to two school years following successful exit from the transitional bilingual program will be allocated to the exiting school district. If the student graduates or transfers to another district prior to the district receiving both years' bonuses, the district shall receive the bonus for only the length of time the student remains enrolled in the exiting district. It is expected that total state funding for the program will remain constant, with the differentials designed to provide additional support to least proficient students, encourage successful exit, and support the transition to other educational programs. Savings in school year 2012-13 are calculated by assuming every student will be tested for proficiency each year and historical exit rates will apply. (General Fund-State)

3. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

4. **K-12 Salary Reduction** - Salary allocations for K-12 employees are reduced by 1.9 percent for certificated instructional and classified staff, and 3 percent for administrative staff, for the 2011-12 and 2012-13 school years. The transitional bilingual education budget is impacted through adjustments to the salary assumptions underlying the hourly instruction cost rate used for bilingual fundign allocations. (General Fund-State)
5. **Teacher Retirement Incentive** - Savings are assumed from the implementation of a teacher retirement incentive program designed to incentivize retirements through offering $250 per month health benefit subsidies. Transitional bilingual student funding is impacted through the decrease in the staff mix factor, which is a proxy for educator experience and impacts the salary assumption used for hourly rates of instruction in the program. Comments:

1. **Eliminate K-4 Class Size Reduction** - Funding for Kindergarten through Grade 4 class size reduction is eliminated for the 2011-12 and 2012-13 school years. The formula for allocating funding to districts is adjusted to reflect the following increases in average class sizes: grades Kindergarten through Grade 3 will become 25.23, up from 23.11; Grade 4 will become 27, up from 26.15. As a result of this change, allocations to districts are reduced. (General Fund-State)

2. **Running Start** - The enrollment and funding rules for the running start program are adjusted to impose a combined enrollment cap of 1.2 FTE. (General Fund-State)

3. **Suspend I-732 COLA** - The Initiative 732 cost-of-living adjustments are suspended for the 2011-13 biennium. Initiative 732 requires an annual cost-of-living increase for school employees based on the Seattle Consumer Price Index for the prior calendar year. These cost-of-living increases are estimated at 0.3 percent for the 2011-12 school year and 2.5 percent for the 2012-13 school year. Additionally, the statute requires a catch-up cost-of-living increase resulting from the Initiative 732 suspension during the 2009-11 biennium. This requirement is also suspended for the 2011-13 biennium. (General Fund-State)

4. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

5. **National Board Bonus Adjustments** - Funding is reduced to reflect the suspension of cost-of-living adjustments for national board bonuses in the 2011-13 biennium. (General Fund-State)

6. **K-12 Salary Reduction** - Salary allocations for K-12 employees are reduced by 1.9 percent for certificated instructional and classified staff, and 3 percent for administrative staff, for the 2011-12 and 2012-13 school years. (General Fund-State)

### Comments:

1. **Suspend Health Professionals Prgm** - The Health Professionals Conditional Scholarship Program is suspended for the 2011-13 biennium. This program provides scholarships or loan forgiveness for health professionals who agree to work in rural and underserved areas of the state. Those students who received awards in previous years will maintain those awards until they complete their programs.

2. **Eliminate Rural Health Program** - The Higher Education Coordinating Board (HECB) will suspend payments to the Pacific Northwest University of Health Sciences. These payments were intended to provide training and education of health care professionals to promote osteopathic physician services in rural and underserved areas of the state.

3. **Reduce State Work Study Program** - Funding for the State Work Study program is reduced. Changes made during FY 2011 will become permanent, including increasing the required employer share of wages and discontinuing non-resident student eligibility for the program, and the HECB will adjust employer match rates and revise distribution methods to institutions by considering other factors such as off-campus job development, historical utilization trends, and student need. (General Fund-State, Education Legacy Trust Account-State)
4. Suspend Small Grant Programs - Funding for several small grant programs is suspended for the 2011-13 biennium, including the Community Scholarship Matching Grant program, Western Interstate Commission for Higher Education (WICHE) student exchange, and state contributions to the Foster Care Endowed Scholarship Trust Fund.

5. Suspend Future Teachers Program - The HECB will make no new awards in the Future Teachers Conditional Scholarship Program during the 2011-13 biennium. This program provides scholarships or loan forgiveness for teachers who agree to work in certain shortage areas, including English as a second language instruction, secondary math, and secondary science. Those students who received awards in prior years and are continuing their education in the 2011-13 biennium will continue to receive awards.

6. Suspend WAVE and Wa. Scholars - The Washington Scholars and the Washington Award for Vocational Excellence programs are suspended for the 2011-13 biennium. Students who received these awards in prior years and will continue their education during the 2011-13 biennium will not be affected, but no new recipients will receive awards.

7. Passport to College - Funds are provided for the Passport to College Program. The Passport to College Program provides scholarships for tuition and living expenses to former foster youth.

8. Shift Education Legacy Costs to GFS - A portion of the funding for financial aid programs is shifted from the Education Legacy Trust Account to the state general fund.

9. Educational Opportunity Grants - The Educational Opportunity Grant Program provided additional financial assistance for community and technical college graduates who would otherwise be unable to attend a distant public baccalaureate institution because of work or financial obligations in their home community. Per Chapter 215, Laws of 2009 (SHB 2021), the Educational Opportunity Grant program was phased out as a stand-alone financial aid program and the eligibility requirements of the State Need Grant (SNG) were modified so that these students could qualify for a SNG award. Separate funding for this program is eliminated.

10. Opportunity Scholarships (HB 2088) - Per Engrossed Substitute House Bill 2088 (Opportunity scholarship board), state funds are provided to match private contributions to the opportunity scholarship match transfer account.

11. Leadership 1000 - Funding is provided to develop and implement the Leadership 1000 Scholarship Program. This program matches private donors with selected economically disadvantaged students who would otherwise be unable to attend college after depleting all other sources of financial aid.

12. Health Science and Services Program - Savings is captured by transferring the duties of monitoring and reporting to the Legislature biennially on the performance of the Health Sciences and Services Authority (HSSA) program in Spokane County to the HSSA's local board of directors pursuant to Senate Bill 5484 (health sciences authorities).

13. For Profit SNG - Savings are achieved by reducing State Need Grant (SNG) awards for students at for-profit institutions. Sufficient funding remains to allow current SNG recipients to complete their programs without a change in their award amount.

14. Maintain Financial Aid Policy - Funding is provided to the State Need Grant (SNG) and State Work Study (SWS) programs to offset the cost to recipients of resident undergraduate tuition increases of 16 percent each year at the University of Washington, Washington State University, and Western Washington University; 14 percent each year at Central Washington University and The Evergreen State College; 11 percent at Eastern Washington University; and 12 percent each year at the community and technical colleges.

15. SNG Awards to Private Institutions - Funding for the State Need Grant Program is reduced to align increases in awards given to private institutions with their average annual tuition increase experience of 3.5 percent each year.

16. Elimination of HECB - Pursuant to Second Engrossed Substitute Senate Bill 5182 (student financial assistance), the Higher Education Coordinating Board is eliminated as of July 1, 2012. All funds associated with non-financial aid activities are transferred to a new state agency, the Council for Higher Education. All funds associated with financial aid activities are transferred to a new state agency, the Office of Student Financial Assistance.

17. Aerospace Trng Scholarship & Loans - Funds are provided to implement a loan program for students in certain aerospace training or educational programs pursuant to Chapter 8, Laws of 2011(ESHB 1846).

18. Interagency Charges - AG - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)
19. **Efficiency Savings** - Savings are achieved as a result of several administrative efficiencies, including those resulting from Engrossed Second Substitute Senate Bill 5182 (student financial assistance), which eliminates or shifts to other entities a number of policy, planning, coordination, and research activities previously conducted by the Higher Education Coordinating Board.

20. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

21. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

5. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees’ Retirement System Plan 1 and the Teachers’ Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

6. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

Total 2011-13 Biennium: 14,584.7, 1,154,723, 2,406,728

**Comments:**

1. **Higher Education Reductions** - Ongoing savings of $157.1 million and one-time savings of $13.2 million are achieved by carrying forward the 4 percent reduction taken by the State Board for Community and Technical Colleges (SBCTC) in the 2011 supplemental budget; assuming tuition waiver authority provided in RCW 28B.15.910 is maintained at the level waived by the system during FY 2010; and, after accounting for tuition increases of 12 percent per year, reducing funding for the SBCTC by 5 percent for the 2011-13 biennium. (General Fund-State, Higher Education Tuition-Non-Appropriated)

2. **M&O for 2011-13 State-Funded Prjcts** - Funding is provided for the maintenance and operation of new or renovated facilities scheduled to be occupied in the 2011-13 biennium.

3. **Displaced Homemaker** - Funding is eliminated for the Displaced Homemaker Program. This program, which is also known as the Life Transitions Program, assists individuals who are dealing with the challenges of re-entering the workforce after a divorce or the death or disability of a spouse or partner.

4. **CTC Innovation** - Funding is transferred from Institutions of Higher Education Operating Fee Account to the Community and Technical College Innovation Account (CTCIA) per Chapter 274, Laws of 2011 (2SHB 1909). This legislation allows the Community and Technical College (CTC) system to retain up to 3 percent of operating fees charged to students and then transfer these funds for the implementation of the SBCTC's strategic technology plan. (Higher Education Operating Fee Account-Nonappropriated, Community and Technical College Innovation Account-Nonappropriated)

5. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)
6. **Efficiency Savings** - A total of $7.5 million in savings is anticipated from various efficiencies implemented in the community and technical college system. Qualified changes include: consolidation of college districts; consolidation of administrative and governance functions including, but not limited to, human resources, budget and accounting services, and president's offices; consolidation of student service functions including, but not limited to, financial aid services, student advising, and libraries; and other administrative efficiencies including, but not limited to, greater use of telephone and videoconferencing and reduced travel costs. A report explaining the methods used to achieve the savings required is due to the Legislature no later than December 31, 2013.

7. **Worker Retraining** - Ongoing funding is provided for additional worker retraining slots each year at community and technical colleges. Worker retraining programs provide financial aid and other support services to jobless workers who need to change careers in order to re-enter the workforce.

8. **Suspend Initiative 732** - During the 2009-11 biennium, the Legislature suspended the I-732 cost of living adjustment. However, it mandated a catch-up cost-of-living adjustment to be provided in equal increments during the 2011-13 and 2013-15 biennia, so that by the end of the catch-up period, recipients would have received the same salary as if the initiative had not been suspended. The catch-up cost-of-living increment, calculated at 1.2 percent per year for the four-year period, is suspended for the 2011-13 biennium. (General Fund-State, Various Other Funds)

9. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

10. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

11. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

12. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). Comments:

1. **Eliminate Rural Health Program** - The Council for Higher Education will suspend payments to the Pacific Northwest University of Health Sciences. These payments were intended to provide training and education of health care professionals to promote osteopathic physician services in rural and underserved areas of the state.

2. **Health Science and Services Program** - Savings is captured by transferring the duties of monitoring and reporting to the Legislature biennially on the performance of the Health Sciences and Services Authority (HSSA) program in Spokane County to the HSSA's local board of directors pursuant to Senate Bill 5484 (health sciences authorities).

3. **Elimination of HECB** - Pursuant to Engrossed Second Substitute Senate Bill 5182 (student financial assistance), the Higher Education Coordinating Board is eliminated as of July 1, 2012. All funds associated with non-financial aid activities are transferred to a new state agency, the Council for Higher Education. All funds associated with financial aid activities are transferred to a new state agency, the Office of Student Financial Assistance.

4. **Efficiency Savings** - Savings are achieved as a result of several administrative efficiencies, including those resulting from of Engrossed Second Substitute Senate Bill 5182 (student financial assistance), which eliminates or shifts to other entities a number of policy, planning, coordination, and research activities previously conducted by the Higher Education Coordinating Board.

5. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). **Comments:**

1. **Suspend Health Professionals Prgm** - The Health Professionals Conditional Scholarship Program is suspended for the 2011-13 biennium. This program provides scholarships or loan forgiveness for health professionals who agree to work in rural and underserved areas of the state. Those students who received awards in previous years will maintain those awards until they complete their programs.

2. **Reduce State Work Study Program** - Funding for the State Work Study program is reduced. Changes made during FY 2011 will become permanent, including increasing the required employer share of wages and discontinuing non-resident student eligibility for the program, and the Higher Education Coordinating Board will adjust employer match rates and revise distribution methods to institutions by considering other factors such as off-campus job development, historical utilization trends, and student need. (General Fund-State, Education Legacy Trust Account-State)

3. **Suspend Small Grant Programs** - Funding for several small grant programs is suspended for the 2011-13 biennium, including the Community Scholarship Matching Grant program, Western Interstate Commission for Higher Education (WICHE) student exchange, and state contributions to the Foster Care Endowed Scholarship Trust Fund.
4. **Suspend Future Teachers Program** - The Office of Student Financial Aid will make no new awards in the Future Teachers Conditional Scholarship Program during the 2011-13 biennium. This program provides scholarships or loan forgiveness for teachers who agree to work in certain shortage areas, including English as a second language instruction, secondary math, and secondary science. Those students who received awards in prior years and are continuing their education in the 2011-13 biennium will continue to receive awards.

5. **Suspend WAVE and Wa. Scholars** - The Washington Scholars and the Washington Award for Vocational Excellence programs are suspended for the 2011-13 biennium. Students who received these awards in prior years and will continue their education during the 2011-13 biennium will not be affected, but no new recipients will receive awards.

6. **Passport to College** - Funds are provided for the Passport to College Program. The Passport to College Program provides scholarships for tuition and living expenses to former foster youth.

7. **Shift Education Legacy Costs to GFS** - A portion of the funding for financial aid programs is shifted from the Education Legacy Trust Account to the state general fund.

8. **Educational Opportunity Grants** - The Educational Opportunity Grant Program provided additional financial assistance for community and technical college graduates who would otherwise be unable to attend a distant public baccalaureate institution because of work or financial obligations in their home community. Per Chapter 215, Laws of 2009 (SHB 2021), the Educational Opportunity Grant program was phased out as a stand-alone financial aid program and the eligibility requirements of the State Need Grant (SNG) were modified so that these students could qualify for a SNG award. Separate funding for this program is eliminated.

9. **Opportunity Scholarships (HB 2088)** - Per Engrossed Substitute House Bill 2088 (Opportunity scholarship board), state funds are provided to match private contributions to the Opportunity Scholarship Match Transfer Account.

10. **Leadership 1000** - Funding is provided to develop and implement the Leadership 1000 Scholarship Program. This program matches private donors with selected economically disadvantaged students who would otherwise be unable to attend college after depleting all other sources of financial aid.

11. **For Profit SNG** - Savings are achieved by reducing State Need Grant awards for students at for-profit institutions. Sufficient funding remains to allow current SNG recipients to complete their programs without a change in their award amount.

12. **Maintain Financial Aid Policy** - Funding is provided to the State Need Grant (SNG) and the State Work Study (SWS) programs to offset the cost to recipients of resident undergraduate tuition increases of 16 percent each year at the University of Washington, Washington State University, and Western Washington University; 14 percent each year at Central Washington University and The Evergreen State College; 11 percent at Eastern Washington University; and 12 percent each year at the community and technical colleges.

13. **SNG Awards to Private Institutions** - Funding for the State Need Grant program is reduced to align increases in awards given to private institutions with their average annual tuition increase experience of 3.5 percent each year.

14. **Elimination of HECB** - Pursuant to Engrossed Second Substitute Senate Bill 5182 (student financial assistance), the Higher Education Coordinating Board is eliminated as of July 1, 2012. All funds associated with non-financial aid activities are transferred to a new state agency, the Council for Higher Education. All funds associated with financial aid activities are transferred to a new state agency, the Office of Student Financial Assistance.

15. **Aerospace Trng Scholarship & Loans** - Funds are provided to implement a loan program for students in certain aerospace training or educational programs pursuant to Engrossed Substitute House Bill 1846 (aerospace student loans).

16. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)
17. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

**Comments:**

1. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

2. **Biennialization of Across-the-Board** - Funding for the Washington State School for the Blind was reduced as a result of Chapter 5, Laws of 2011 (ESHB 1086). The same dollar reduction assumed in that act is applied to the 2011-13 biennial appropriation.

3. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

4. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

5. **Suspend Initiative 732** - The Initiative 732 cost-of-living adjustment requirements are suspended for the 2011-13 biennium. Initiative 732 requires an annual cost-of-living increase for school employees based on the Seattle Consumer Price Index for the prior calendar year. These cost-of-living increases are estimated at 0.4 percent for the 2011-12 School Year and 1.9 percent for the 2012-13 School Year. Additionally, statute requires a catch-up cost-of-living increase of 1.2 percent per school year resulting from the Initiative 732 suspension during the 2009-11 biennium. (General Fund-State, General Fund-Private/Local)
6. Average Final Compensation Adjust - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

7. 3% Salary Cut for State Employees - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject to the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

8. Suspend Plan 1 Uniform COLA - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

9. Retire-Rehire Changes (State) - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

1. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

2. **Biennialization of Across-the-Board** - Funding for the Washington Center for Childhood Deafness and Hearing Loss was reduced as a result of Chapter 5, Laws of 2011 (ESHB 1086). The same dollar reduction assumed in that act is applied to the 2011-13 biennium appropriation.

3. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

4. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. (General Fund-State, various other funds)

5. **Suspend Initiative 732** - The Initiative 732 cost-of-living adjustment requirements are suspended for the 2011-13 biennium. Initiative 732 requires an annual cost-of-living increase for school employees based on the Seattle Consumer Price Index for the prior calendar year. These cost-of-living increases are estimated at 0.4 percent for the 2011-12 School Year and 1.9 percent for the 2012-13 School Year. Additionally, statute requires a catch-up cost-of-living increase of 1.2 percent per school year resulting from the Initiative 732 suspension during the 2009-11 biennium. (General Fund-State, General Fund-Private/Local)
6. **Average Final Compensation Adjust** - Funding is provided for the pension rate impacts from adjusting Average Final Compensation for state or local government employee members of the state retirement systems who have reduced compensation during the 2011-13 fiscal biennium due to reduced work hours, mandatory leave without pay, temporary layoffs, or salary reductions that affect pension benefit calculations and would otherwise have reduced benefits, pursuant to House Bill 2070 (average final compensation for state and local government employees). (General Fund-State, various other funds)

7. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, student employees, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

8. **Suspend Plan 1 Uniform COLA** - This item reflects savings from ending future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

9. **Retire-Rehire Changes (State)** - Employer contribution rates to the Public Employees' Retirement System and the Teachers' Retirement System are reduced to reflect savings from reduced pension benefit costs through implementing Engrossed Substitute House Bill 1981, as amended (Higher Education Retirement Plan and post-retirement employment). (General Fund-State, various other funds)

### Comments:

1. **Administrative Reduction** - Agency administration is reduced by 10 percent. Savings will be achieved through reduced personal service contracts, reductions to information technology contractors, vacancy savings, and other efficiencies.

2. **Longitudinal Data System Grant** - The Department of Early Learning (DEL) will participate in the development of a statewide longitudinal education data system in collaboration with the Office of Financial Management (OFM) and the Office of Superintendent of Public Instruction (OSPI). Funds for this three-year project are provided through a federal grant to the OSPI. FTE authority is provided to implement the DEL's responsibilities under the grant.

3. **Eliminate Career and Wage Program** - Funding for the DEL to operate the Career and Wage Ladder pilot program is eliminated. This elimination will end contracts with approximately 55 child care centers in Washington. A contract staff position associated with the program is also eliminated.

4. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)
5. **Child Care Background Checks** - Funding is provided through the Individual-Based/Portable Background Check Clearance Account for development and implementation of Chapter 295, Laws of 2011 (2SHB 1903). Fees established in this legislation will be used to support this program, which creates a three-year child care license for individuals working in licensed child care. (Individual-Based/Portable Background Check Clearance Account)

6. **CCDF Quality Award** - Expenditure authority is provided for increased federal Child Care and Development Funds targeted to specific quality initiatives.

7. **Medicaid Treatment Childcare** - Funding for Medicaid Treatment Childcare (MTCC) is transferred from the Department of Social and Health Services' Children's Administration to the DEL. This transfer also includes administrative funding and FTE authority for the program. The MTCC provides intensive child development services to young children. (General Fund-State, General Fund-Federal)

8. **Interagency Charges - AG** - Funding levels are adjusted to reflect anticipated changes in billings for services provided by the Office of the Attorney General. (General Fund-State, Various Other Funds)

9. **Reach Out And Read** - Funding is provided for the Department to contract with Reach Out and Read for services that promote early literacy by giving new books to children during pediatric doctor visits and advising parents about the importance of reading.

10. **Home Visiting** - Funding is appropriated to the Home Visiting Services Account for evidence-based home visiting services. The additional amounts provide $1.868 million in total state funding for Home Visiting. The dollars are provided as state maintenance of effort for the federal Maternal, Infant, and Early Childhood Home Visitation Program. The state anticipates receiving $1.3 million in federal funds per year from this program and anticipates private matching funds. (General Fund-State, Home Visiting Services Account)

11. **ECEAP** - Additional Early Childhood Education and Assistance Program (ECEAP) slots are provided through federal Child Care Development Funds. These funds represent an additional 165 slots per year.

12. **Management Efficiency** - Funding is reduced to reflect management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and work sessions. 2. **Central Service Efficiencies** - Funding is reduced to reflect central service efficiencies pursuant to Engrossed Substitute Senate Bill 5931 (state government).

3. **Extraordinary Crim Justice** - The Office of Financial Management shall distribute funds to Franklin County ($338,000), Jefferson County ($128,000), and Okanogan County ($125,000) for extraordinary criminal justice costs.

4. **Vehicle License Fraud Account** - General Fund-State is appropriated to the Vehicle License Fraud Account. These one-time funds are provided to maintain vehicle license enforcement activities in the 2011-13 biennium. (Vehicle License Fraud Account-State)

5. **SERA Account Repayment** - Pursuant to RCW 43.79.515, General Fund-State moneys are appropriated for deposit to the Cleanup Settlement Account on July 1, 2011, and July 1, 2012, for repayment of moneys from the Cleanup Settlement Account that were transferred to the State Efficiency and Restructuring Account (SERA) in the 2010 Supplemental Appropriations Act, Section 803, Chapter 37, Laws of 2010 1st sp. s. (ESSB 6444).

6. **Transitional Housing Operating Rent** - The Home Security Fund is appropriated for deposit into the Transitional Housing Operating and Rent Account, for the Transitional Housing Operating and Rent program, consistent with chapter 256, Laws of 2008 (ESSB 5959). (Home Security Fund-State)

7. **Workers Compensation** - Funding is reduced to reflect savings pursuant to Engrossed House Bill 2123 (workers' compensation system).

### Comments:

1. **Family Planning Program - SSB 5912** - Pursuant to Substitute Senate Bill 5912 (Family Planning), the Health Care Authority will seek federal authorization to expand income eligibility for the Take Charge Family Planning program from 200 to 250 percent of the federal poverty level. This is expected to result in reduced state Medicaid expenditures for prenatal care, deliveries, and infant care.

General Apportionment
74. DELAY JUNE 2011 APPORTIONMENT - The budget shifts $128 million of the June 2011 apportionment payments to school districts from the last business day of June 2011 to the first business day of July 2011. This increases costs recognized in Fiscal Year 2012 and reduces costs in Fiscal Year 2011.

75. JUNE CONTINGENCY FUND - Because the budget shifts $253 million of the June 2011 apportionment payments from the last business day of June 2011 to the first business day of July 2011, the 2011 supplemental budget provides a June financial contingency fund for districts that meet specific financial hardship criteria resulting from the June 2011 apportionment shift. The 2011-13 biennial budget assumes repayment of this funding during Fiscal Year 2012.

Education Reform
76. FEDERAL EXPENDITURE AUTHORITY, SBAC - The federal Department of Education has awarded two groups of states grants to develop new student assessment tests. The new tests will be aligned to the common core standards devised by the nation's governors and Chief State School Officers. The SMARTER Balanced Assessment Consortium (SBAC) is a coalition of 31 states, including Washington state. The SBAC applied for and was approved to receive $159,976,843 over a four-year performance period. In addition, SBAC received a supplemental award of $15,872,696. OSPI is the fiscal agent for these awards. SBAC will create adaptive online exams. The online system will provide assessment information to teachers and others on the progress of students, including students with disabilities, English language learners and low- and high-performing students. The system will include: 1) the required summative exams (offered twice each school year); 2) optional formative, or benchmark, exams; and 3) tools, processes and practices that teachers may use in planning and implementing informal, ongoing assessment.
