**Comments:**

1. **Superior Court Calendar & Case Mgmt** - Funding is provided to continue planning efforts related to procuring and implementing an integrated calendaring and case management system for the Washington State Superior Courts. Funding is only provided for the first fiscal year to complete requirements gathering activities. (Judicial Information Systems Account-State)

2. **Equipment Replacement & Expansion** - Funding is provided to replace computer equipment in trial and appellate courts. (Judicial Information Systems Account-State)

3. **Internal Equipment Replacement** - Funding is provided to replace computer equipment within judicial branch agencies. (Judicial Information Systems Account-State)

4. **Guardianship Services** - Funding is provided for the Office of Public Guardianship. This level allows the Administrative Office of the Courts (AOC) to maintain the existing caseload through June 30, 2012, allowing for completion of the evaluation of the program by the Washington State Institute for Public Policy.

5. **Risk Assessment** - Funding is provided to deploy a standardized, validated risk assessment tool for judicial officers at pre-trial stages. The tool will be recommended by the Washington Institute for Public Policy. The Center for Court Research will establish quality assurance standards for data collection and will evaluate the tool’s ability to predict risk level, recidivism, and failure to appear.

6. **Pierce County Superior Court Judge** - Funding is reduced to reflect savings for the twenty-third superior court judgeship in Pierce County. The judgeship, authorized in 2008, has not been appointed.
7. **Information Services Division** - Funding is provided to shift general fund--state expenditures for the Information Services Division to the Judicial Information System Account. (Judicial Information Systems Account-State)

8. **Agency Reduction** - Funding is reduced in recognition of efficiency efforts by judicial branch agencies.

9. **JST Account Funding** - Funding from the Judicial Stabilization Trust (JST) Account is provided for costs associated with the AOC. Revenue deposited in the JST Account comes from a temporary surcharge on certain court filing fees, pursuant to legislation. (Judicial Stabilization Trust Account-State)

10. **Fiscal Year Adjustment** - Funding is transferred between fiscal years to correct changes made at carry forward level.

**Comments:**

1. **Charitable Organization Education** - In 2010, legislation was enacted to implement a Charitable Organization Education program supported by the Charitable Organization Education Account. A technical adjustment is made to increase the program's appropriation to cover the personal service costs of hiring trainers with expertise in areas of fiduciary responsibility, board management, and other areas of education identified by the charitable and nonprofit community. (Charitable Organization Education Account-State)

2. **Archives Service Reduction** - Funding for the Archives and Records Management Account and FTE authority are reduced. Three FTE staff (one each from the Digital Archives, Records Management, and State Government Archives) are eliminated. Corresponding services to agencies are also reduced. (Archives and Records Management Account-State)

3. **TVW savings** - Funding provided to TVW is maintained at the 2009-11 biennial funding levels. This represents a 20 percent reduction from the 2007-09 funding levels.

4. **Presidential Primary State Costs** - Funding for costs associated with the 2012 Presidential Primary are eliminated. No Presidential Primary will be held in Washington in 2012.

5. **Productivity Board** - Funding is eliminated for the Productivity Board for the 2011-13 fiscal biennium. (Department of Personnel Service Account)

**Comments:**

1. **Reduce FTEs to Reflect Actuals** - The State Treasurer's Office consisted of 64.8 FTE in Fiscal Year 2010. FTE authority is reduced to better reflect usage.

2. **Move Costs for Leaving GA Building** - Due to the planned elimination of the General Administration Building on the capital campus, the Office of the State Treasurer will incur one-time moving costs of $139,000 in Fiscal Year 2012 and ongoing lease savings in Fiscal Year 2012 ($12,000), Fiscal Year 2013 ($14,000) and thereafter. </tbody>
</table>

### Comments:

1. **Shift Audits to Perf Audit Acct** - Expenditure authority from the Performance Audits of Government Account is reduced to allow the shifting of expenditure authority to four audit-related activities: (1) the Division of Fraud Investigations within the Department of Social and Health Services, (2) the Fraud Ombudsman in the State Auditor's Office, (3) school audits in the State Auditor's Office, and (4) a portion of the enhanced revenue auditor and collection functions of the Department of Revenue. The effect of these transfers is that performance audits will be reduced approximately 10 percent from current levels. (General Fund-State, Performance Audits of Government Account-Nonappropriated)

2. **Fraud Ombudsman** - The State Auditor must appoint a Fraud Ombudsman whose responsibility it is to review and audit the fraud investigative work done by the Division of Fraud Investigations (DFI), or its successor within DSHS. The ombudsman also has authority to investigate citizen complaints related to fraud and abuse in the TANF program. By November 30, 2012, and biennially thereafter, the ombudsman must submit a report summarizing its audit activities of DFI to the appropriate committees of the Legislature. (Performance Audits of Government Account)

3. **School Audits** - The State Auditor's Office performs select state school district audits. For the 2011-13 biennium, funding for select state school district audits will be funded from the Performance Audits of Government Account rather than General Fund-State.

### Comments:

1. **Adjust Fiscal Year Split** - Expenditure authority of $10,000 will be shifted from FY 2013 to FY 2012 to better align with actual expenditure patterns.

2. **Reduce Administrative Expenditures** - Funding for expenditures for salaries and benefits, goods and services, travel, and capital outlays is reduced.

**Comments:**

1. **Reduce Agency Legal Billings** - The Office of the Attorney General (AGO) will absorb a reduction in the Legal Services Revolving Account. The AGO will work with client agencies to develop and implement stricter policies and best management practices regarding utilization of Attorney General services to achieve lower legal bills. (Legal Services Revolving Account-State)

2. **Eliminate WSCTC, HCQA Billing** - Because the Convention and Trade Center and Home Care Quality Authority will no longer be state agencies in the 2011-13 biennium, the Attorney General's Office billings for those agencies are removed from the Legal Services Revolving Account. (Legal Services Revolving Account-State)

3. **New DSHS SVP Litigation** - The AGO is provided funding and FTE authority for legal services relating to new trials for Special Commitment Center residents. (Legal Services Revolving Account-State)

4. **Stormans v DOH Litigation** - The Office of the Attorney General (AGO) is provided increased funding and 1.8 FTEs in the 2011-13 biennium to provide one-time legal services for the Department of Health (DOH) relating to the Stormans v. DOH litigation. At issue is the constitutionality of rules adopted by the Board of Pharmacy relating to access to all prescription medications, as well as liability for attorney fees. (Legal Services Revolving Account-State)

5. **Teck Cominco Metals Litigation** - Funding is provided in the 2011-13 biennium for one-time additional legal services to the Department of Ecology and the Department of Natural Resources associated with Pakootas, et al. v. Teck Cominco Metals Ltd. litigation. (Legal Services Revolving Account-State)
6. **Restore DSHS Legal Services Funding** - Funding and 23.0 FTE staff are restored for legal services to the Department of Social and Health Services. This funding was originally reduced during the 2009-11 biennium. (Legal Services Revolving Account-State)

7. **Unemployment Insurance ESD IAA** - Billing authority and FTEs are provided for legal services associated with unemployment insurance (UI) cases in the Employment Security Department. (Legal Services Revolving Account-State)

8. **University of WA IAA to Base Funds** - Funding and 0.4 FTE staff are provided for ongoing legal services associated with the University of Washington's caseload relating to Airlift Northwest and the Real Estate Office for Metro Tract management. (Legal Services Revolving Account-State)

9. **Reduction to Non-Agency Legal Services** - Savings are assumed through a reduction in the General Fund-State funded programs: Consumer Protection ($800,000), Homicide Investigation Tracking System (HITS) ($500,000), and Criminal Litigation ($515,000). (Legal Services Revolving Account-State)

10. **Protecting Homeowners** - Billing authority is provided for costs associated with Second Substitute House Bill 1362 (homeowner foreclosure). The AGO is provided billing authority from the Foreclosure Fairness Account for work required by this legislation under the Consumer Protection Act. (Foreclosure Fairness Account)

11. **Small Business Preference Program** - Billing authority is provided for costs associated with House Bill 1770 (state purchasing). The Department of General Administration will require increased legal services as a result of this legislation.

12. **Industrial Insurance** - One-time billing authority is provided for increased workload for the AGO from the Department of Labor and Industries as a result of House Bill 2002 (industrial insurance).

13. **Medicaid Fraud Enforcement** - Funds are provided for implementation of SSB 5458, which establishes new tools for detection and prosecution of, and new penalties for engaging in, Medicaid fraud. (General Fund-State, Medicaid Fraud Penalty Account-State, General Fund-Federal)

14. **Workers Compensation - ESB 5566** - Funding is provided for the legal costs associated with the implementation of Engrossed Senate Bill 5566 (long-term disability of injured workers). Legal Services Revolving Fund.

### Comments:
1. **Relocation, Match FTEs to Actuals** - The Caseload Forecast Council will move from its current building to a less expensive location. FTE authority is reduced to reflect the actual number of employees.

2. **Reduce Administrative Expenditures** - The Caseload Forecast Council will reduce expenditures for salaries and benefits, and goods and services.

3. **Higher Ed Forecasts** - Funding is provided for SB 5304 (forecasting of caseloads of the state need grant program and the Washington college bound scholarship program) which requires the Caseload Forecast Council to provide a forecast for students eligible for the state need grant program and the Washington college bound scholarship program.

**Comments:**

1. **Mtge Lend Fraud Prosecution Acct** - House Bill 1191 (mortgage lending fraud) extends the expiration date of the Mortgage Lending Fraud Prosecution Account to June 30, 2016. Funding continues to be provided to the Department of Financial Institutions (DFI) to distribute to local prosecutors and for the state to identify and pursue mortgage fraud cases. (Mortgage Lending Fraud Prosecution Account-Nonappropriated)

2. **Financial Reform/Investment Adviser** - The DFI is provided funding for its expanded regulatory authority delegated in the Dodd-Frank Wall Street Reform and Consumer Protection Act. Effective July 2011, the number of investment advisers regulated by the DFI (and the complexity of their portfolios) will increase an estimated 60 percent, from about 500 to an estimated 800 advisers. (Financial Services Regulation Account-Nonappropriated)

3. **Addressing Subpoena Authority** - House Bill 1039 (subpoena authority) grants the DFI the authority to obtain a subpoena for records, documents, or testimony from a superior court. Funding is provided for the ongoing legal costs the DFI expects as the result of increased efforts to secure subpoenas. (Financial Services Regulation Account-Nonappropriated)

4. **Consumer Loan Act** - Second Substitute House Bill 1405 (Consumer Loan Act) removes the exemption in the Consumer Loan Act for lenders making loans secured by liens against a borrower's primary residence. Funding is provided for the DFI to implement and enforce the provisions of the legislation. (Financial Services Regulation Account-Nonappropriated)

5. **Foreclosure Fairness Act** - Second Substitute House Bill 1362 (Foreclosure Fairness Act) provides a 3 percent portion of the payment made by foreclosure beneficiaries to the DFI to conduct homeowner prepurchase and postpurchase outreach and education programs as defined in RCW 43.320.150. (Financial Services Regulation Account-Nonappropriated)

**Comments:**

1. **Local Fiscal Note Revenue Source** - Local government fiscal note activities will no longer receive General Fund-State funding. This activity will be funded from the County Research Services Account and the City and Town Research Services Account. Commerce currently expends $645,000 and up to 3.2 FTEs on preparing local fiscal notes. (General Fund-State, County Research Services Account-State, City and Town Research Services Account-State)

2. **Reduce Housing Assistance Programs** - Spending for homeless and transitional housing programs is reduced and funds are adjusted to reflect revenues. (Home Security Fund Account-State).

3. **Ruckelshaus Center Process** - Funding is provided for Engrossed Substitute House Bill 1886 (Ruckelshaus center process). The bill establishes the Voluntary Stewardship Program that allows participating counties to protect critical areas in areas used for agricultural activities through the program rather than through regulatory requirements of the Growth Management Act. The Department will incur additional technical assistance and staffing costs for agency cooperation and to assist counties participating in the program. (General Fund-Federal)

4. **Municipal Research and Services Ctr** - The Municipal Research and Services Center of Washington (MRSC), a nonprofit organization, has provided municipal research and services to cities, towns, and counties since 1969. These consolidated services provide expertise needed by local governments and are especially crucial to smaller jurisdictions. An increase of MRSC's contract budget is necessary to maintain the current level of service. MRSC is funded through a small portion of the cities' distributions of state liquor profits and the counties' distribution of the liquor excise tax. (County Research Services Account-State, City and Town Research Services-State)

5. **Comm Services Block Grant Reduction** - The Community Services Block Grant, including the actual block grant and administrative expenses, is reduced by 12 percent. State funding reductions will result in more reliance on federal administrative funds, and reduced support for the Washington State Community Action Partnership.

6. **CSHD/ Advocacy & Policy** - The Office of Crime Victims Advocacy provides services to victims of crimes and training for grantees. Funding for these services is reduced by 12 percent and will result in reductions in training and other services provided by staff.

7. **CSHD/ Domestic Violence Legal Advoc** - Grants to organizations which provide services to victims of domestic violence are reduced by 6 percent.
8. CSHD/Operations - Funding for operations and administrative support for the Community Services and Housing Division is reduced by 12 percent.

9. IPP/Operations - Funding for the Innovation and Policy Priorities Division administration and statewide services is reduced by 5 percent.

10. LGI/Operations - Funding for operations and administrative support for the Local Government and Infrastructure Division is reduced by 32 percent.

11. Response to Crime Victims Reduction - The Victim Witness Program is reduced by 11 percent. This reduction is partially offset by Auto Theft Prevention funds for victim assistance. (General Fund-State, Washington Auto Theft Prevention Authority Account-State)

12. Community Volunteer Support (CASA) - Pass-through funding for Court Appointed Special Advocate/Guardian Ad Litem Program (CASA/GAL) training and coordination is reduced by 50 percent. This reduction may impact coordination of volunteers related to CASA services. Program operating dollars reside in the Administrative Office of the Courts' budget.

13. Eliminate Tourism Development - All General Fund-State funding for the State's Tourism Development program is eliminated at the end of Fiscal Year 2011. Due to 2010 structural changes, the Washington State Convention and Trade Center is no longer a state agency. Washington State Convention and Trade Center funding comprised two-thirds of the Washington State Tourism Office funding. Sole reliance on General Fund-State funding for the program is not effective or sustainable. The Department of Commerce is actively working with stakeholders to form a new, more stable tourism development and finance model. (General Fund-State, General Fund-Private/Local, Tourism Development and Promotion Account-State, Tourism Enterprise Account-Nonappropriated)

14. WA Technology Center Reduction - The Department contracts with the Washington Technology Center to assist companies in the creation of innovative products and technologies that provide job opportunities for the citizens of Washington state. Funding for the Washington Technology Center is reduced by 10 percent.

15. Transfer WTC to Innovate WA - SB 5764 merges the Washington Technology Center (WTC) with SIRTI, formerly known as the Spokane Intercollegiate Research and Technology Institute, to form Innovate Washington. WTC funding is transferred to Innovate Washington.

16. CSHD/Community Mobilization - the Community Mobilization program is reduced by 10 percent.

17. Growth Management Reduction - Funding is reduced for the following growth management activities 1) $200,0000 in grants to the cities of Seattle and Tacoma for coordinating planning with their respective port authorities are discontinued; a grant to the Walla Walla Community College Water Center is reduced by $260,000 (36 percent ); and 3) growth management grants to local governments are reduced by $326,000 (15 percent).

18. CSHD/Housing Administration - Funding reductions for the administration of the Affordable Housing program reduces staff availability and technical assistance to stakeholders and contractors. Reductions total 11 percent.

19. BSD/Associate Development Org - Associate Development Organization grants are reduced by 8 percent, resulting in less funding available to other business assistance entities.

20. BSD/Foreign Service Contracts - The Department contracts with five foreign office representatives to support development of international markets and promote export of Washington products. Funding for contracts with foreign representatives is reduced by 25 percent.

21. BSD/Microenterprise Services - Funding for a grant to the Microenterprise Association to support Microenterprise Development Organizations is reduced by 5 percent.

22. Protecting Homeowners - Funding is provided to implement Second Substitute House Bill 1362 (Homeowner Foreclosures). The Department shall use revenues from newly authorized fees paid by financial institutions issuing notices of defaults to implement the foreclosure fairness act including contracting for the provision of housing counselors for borrowers and providing a grant to the office of civil legal aid for the purpose of contracting with qualified legal aid programs for legal representation of homeowners in matters relating to foreclosure. (Foreclosure Fairness Account-Non-Appropriated)

23. CSHD/Family Prosperity Account - Funding for the Family Asset Building program is eliminated.
24. **WA Economic Development Commission** - The Washington State Economic Development Commission is an independent state commission responsible for evaluating the state’s economic development systems, and developing long-term comprehensive strategic planning. Funding for the Economic Development Commission is reduced by 5 percent.

25. **IPP/Innovative Res Teams (STARS)** - The Innovation Research Teams program provides funding to support the recruitment of entrepreneurial researchers (Stars) to Washington to foster product innovation and long-term statewide economic development. The program is administered through contracts with the University of Washington and Washington State University. Funding for the program is reduced by 3 percent.

26. **CSHD/State Drug Task Forces** - Funding for grants and client services for the State Drug Task Force is reduced by 12 percent.

27. **CSHD/New Americans** - The New Americans Program is reduced by 30 percent.

28. **Energy Efficiency Model Grant** - Authority is provided for the Department to expend a federal grant which will fund a consortium of four states plus national experts to implement a program to promote homeowner investment in energy efficiency. (General Fund-Federal)

29. **Sexual Assault Services Grant** - Authority is provided for the Department to expend a federal grant for a program to increase intervention, advocacy, accompaniment, support services, and related assistance for adult, youth, and child victims of sexual assault, and the family and household members of such victims. (General Fund-Federal)

30. **DOE Weatherization Pilot Grant** - Authority is provided for the Department to expend a federal grant for a pilot program to establish a loan fund exclusively for low-income weatherization, and create a one-stop shop offering utility rebates, below-market loans, a carbon incentive fund, and other benefits for property owners and developers of multifamily buildings for low-income residents. (General Fund-Federal)

31. **Energy Efficiency in Agriculture** - Authority is provided for the Department to expend a federal grant for a program to increase direct participation in renewable energy generation by rural communities. (General Fund-Federal)

32. **Sex Offender MGMT Grant** - Authority is provided for the Department to expend a federal grant to implement a community education strategy that improves victim and community safety and offender accountability through effective and appropriate sex offender management. (General Fund-Federal)

33. **Sustainable Energy ARRA** - Authority is provided for the Department to expend a federal grant for a program to install renewable energy systems and cutting-edge energy efficiency technologies. (General Fund-Federal)

34. **Energy Assurance ARRA** - Authority is provided for the Department to expend a federal grant to develop and implement an energy assurance plan to deal with outages and reductions in supply for the citizens of Washington. (General Fund-Federal)

35. **Brownfield Loan Fund ARRA** - Authority is provided for the Department to expend a federal grant which provides funding to the Brownfields Revolving Loan Fund for cleanup of properties contaminated by petroleum and hazardous substances. (General Fund-Federal)

36. **Northwest Industrial ARRA** - Authority is provided for the Department to expend a federal grant for a program to implement energy efficiency improvements in medium to large-sized industrial facilities. (General Fund-Federal)

37. **Landscape Conservation** - Funding is provided to implement to provision of ESSB 5253 (landscape conservation and local infrastructure).

38. **Predatory Guardianships** - Funding is provided to implement ESSB 5740 (predatory guardianships). The Long Term Care Ombudsman is required to provide public information about professional and lay guardians.

39. **Disability Lifeline Housing** - Funding is provided for housing services for Disability Lifeline clients. (Lifeline Opportunity and Assistance Account--State)

40. **Neighborhood Stabilization Program** - Authority is provided for the Department to expend a federal grant for a program to stabilize neighborhoods with abandoned homes. (General Fund-Federal)

41. **BSD/NW Ag Business** - Funding for the Northwest Agricultural Business Center is reduced by 5 percent.

42. **BSD/Statewide Services** - Funding for statewide services in the Business Support Division is reduced by 10 percent.
43. **BSD/WWU Small Bus Dev Center** - Funding for the Small Business Development Center at Western Washington University is eliminated.

44. **BSD/Regional Services** - Funding for regional services in the Business Support Division is reduced by 10 percent.

45. **BSD/Web Marketing** - Funding for web marketing and communications in the Business Services Division is reduced by 5 percent.

46. **BSD/Global Health** - Funding is reduced for the Washington Global Health Technologies and Product Development Competitiveness program; the reduction is 75 percent.

47. **BSD/IPZ Econ Devel Grant Program** - Funding is provided for the Department to administer a competitive grant program to fund economic development activities designed to further regional cluster growth and to integrate sector-based and cluster-based strategies with its support for the development of innovation partnership zones (IPZ).

48. **BSD/International Trade Training** - Funding is provided for the International Trade program in the Business Services Division to train associate development organizations (ADOs) in export assistance; ADOs are to provide or facilitate export assistance through workshops or one-on-one assistance.

49. **CSHD/Dispute Resolution Centers** - Funding for dispute resolution centers is reduced by 5 percent.

50. **IPP/Energy Policy** - Funding is reduced for the Energy Policy program by 20 percent.

51. **LGI/Growth Management Administration** - Funding for growth management technical assistance and administration is reduced by 10 percent.

52. **PWAA Admin Savings** - As required by SSB 5844, the department shall reduce expenditures from the public works assistance account for central agency administration by $225,000 for the 2011-13 biennium. This will reduce indirect administrative expenditures back to the 20% of total operating budget expenditures that existed ten years ago.

53. **Long Term Care Facilities** - Funding is provided to medium-sized (90 to 100 licensed beds) facilities that provide skilled nursing services in Clark county and serve high acuity clients as evidenced by having an average case-mix score in excess of 2.00.

Comments:

1. **Labor Relations Rate Reduction** - Billings to general government and higher education agencies for labor relation services will be reduced by 10 percent. (OFM Labor Relations Service Account-Nonappropriated)

2. **Risk Management Rate Reduction** - Risk Management will reduce its rates by 10 percent. The program will reduce expenditures on goods and services, contracts, and its working capital reserve. Further savings are achieved by eliminating a contract for the investigation, negotiation, settlement and/or denial of all general liability tort claims filed against WSDOT and vehicle liability claims for all state agencies with the exception of the University of Washington. Two new positions are added to do this work in house. (Risk Management Administration Account-Nonappropriated)

3. **Transfer K-20 Network** - The K-20 Education Network is transferred to the Office of Financial Management. It is the nation's first high-speed, high-capacity network linking colleges, universities, school districts, and libraries statewide. The K-20 Network provides video and data services to education facilities located throughout the state. Video services are used for such purposes as distance education and teacher training. Data services are used for Internet access by faculty and students and processing of education-related applications. (Education Technology Revolving Account-Nonappropriated)

4. **Lease Rate Adjustments** - The lease amounts for Capitol Court and Tumwater Plaza staff moving to Wheeler Building increases by $537,449 in Fiscal Year 2012 and $938,140 in Fiscal Year 2013. The lease amounts for GA Building moving to Capitol Court and Capital Way increases by $58,213 in Fiscal Year 2012 and $69,856 in Fiscal Year 2013.

5. **Staff Reductions** - The Information Services Division will defer the replacement of aging information technology equipment and will reduce staff resources for internal technical assistance to budget analysts, responses to outside data inquiries, system planning, and ad hoc budget data analysis. The Accounting Division will maintain a vacancy, the Governor's Executive Policy Office will maintain two vacancies, and the Forecasting Division will eliminate one position. There will be delays in the business office in processing personnel requests, paying bills, or conducting special projects. Eight additional positions are eliminated. Due to fewer staff, the agency will eliminate office space and associated goods and services expenditures.
6. Move IT Policy Oversight to OFM - Management and oversight of strategic technology policy is transferred from the Department of Information Services to the Office of Financial Management (OFM). Within the OFM, a new Office of the Chief Information Officer is created to administer these functions. The new office is responsible for development and implementation of state strategic information technology initiatives and oversight of information technology resources. (General Fund-State, General Fund-Federal, Data Processing Revolving Account-State)

7. DOP Merger into OFM - The Department of Personnel's human resource policymaking functions, funding, and FTE authority are transferred to the Office of Financial Management. The functions transferred include training, curriculum development, classification and compensation determination, and metrics analysis. (Department of Personnel Service Account-State, Higher Education Personnel Services Account-State)

8. Dept of Enterprise Services-OFM - The Information Services Division, Risk Management Division, Contracts Office, and Small Agency Client Services are transferred from the Office of Financial Management (OFM) to the new Department of Enterprise Services (DES). Funding and FTE authority related to these transfers are eliminated in OFM's budget and are moved to DES. (General Fund-State, Various Other Funds)

10. Office of Regulatory Assistance - Federal expenditure authority is provided for the Office of Regulatory Assistance for a grant received from the Environmental Protection Agency to fund a National Exchange Network Map-based Search Portal and Node Crawler. (General Fund-Federal)

11. Special Commitment Center - Funding is provided for the Office of Financial Management to contract for an assessment of the most cost-effective measures to provide operational support for the Special Commitment Center on McNeil Island.

**Comments:**

1. **Admin Hearings Rate Decrease** - The agency will eliminate two staff positions by utilizing the Office of Financial Management's Small Agency Client Services for accounting services and the Department of Personnel for human resource services. Also, the agency will eliminate seven Administrative Law Judge positions and three associated support staff positions. The savings will be passed on to client agencies as a central service rate reduction. (Administrative Hearings Revolving Account-State)

2. **Program Change Reduction Impacts** - Changes to programs and benefits administered by the Department of Social and Health Services (DSHS) can impact the hearing workload of the Office of Administrative Hearings. Revolving fund appropriation authority is increased to accommodate any increases in hearings workload that results from changes in DSHS programs. (Administrative Hearings Revolving Account-State)

**Comments:**

1. **Revenue Enhancement** - Funding is provided for additional staff to collect state tax revenues. The department will add additional tax collection staff including taxpayer account administrators, compliance staff, and auditors. On average, each employee will bring in $420,000 per fiscal year in revenue. (Performance Audits of Government Account-Nonappropriated)

2. **Reduce Communications Staff** - The department will eliminate one communications position from the Director's office. Internal communications can be handled by remaining program staff.

3. **Reduce County Advisory Appraisals** - The department will reduce assistance to counties for advisory appraisals by eliminating 6 FTE staff. The department will maintain enough staff to be able to complete up to 25 advisory appraisals each year.

4. **Closing Field Offices** - The department will close and consolidate several field offices in the 2011-13 biennium. Field offices set for closure include Lacey and Aberdeen. The Everett field office will be consolidated with Bothell.

5. **Low Income Property Tax Deferral** - Funding is reduced as a result of SB 5587 (low-income tax deferral program) which eliminates the low-income tax deferral program beginning in 2011. This provision will save $591,000 in the upcoming biennium primarily by eliminating the appropriations for the tax deferrals.

6. **Appeals Reform-Process Efficiencies** - The department will streamline its internal appeals process. It is estimated that streamlining appeals processing will allow the department to reduce costs by cutting 3 FTE staff positions. These efforts assist the department to achieve a 97.9 percent voluntary compliance rate and a 5 percent rate of further administrative review by the Board of Tax Appeals or the courts.

7. **Revenue Enhancement Option** - Carryforward funding is provided for the revenue enhancement that was funded in HB 3225 which was passed in December 2010.
8. **Transfer Master Business License** - Funding is provided to implement Substitute Senate Bill 5911 (Transfer Master Business License Program). To improve customer service, the administration of the Master Business License Program is transferred from the Department of Licensing to the Department of Revenue. (Master License Account-State)

9. **Reduce Policy Research Services** - The Research, Legislation and Policy and Interpretations and Technical Advice divisions will eliminate 6 FTE staff. This reduction will result in reduced services to external stakeholders, suspension of some publications and interpretive statements, and decreased support to internal operating divisions, Office of Financial Management, and the Legislature.

10. **Mandatory Quarterly E-File/E-Pay** - Funding is provided to implement Engrossed House Bill 1357 (Mandatory Quarterly E-File). To streamline and improve tax collections, and reduce the costs of collecting revenue, quarterly taxpayers will be required to file and pay tax returns electronically.

11. **Printing Publications & Forms** - The department will eliminate the printing and mailing of several forms and publications. Publications and forms no longer printed will be available on the department's internet site. With the widespread availability and use of the internet, most taxpayers have internet access.

12. **Tax Administration Activities** - Funding is reduced for tax administration activities. Reductions will impact Executive Management, Information Services, Human Resources and Business and Financial Services divisions. Overall, the department will reduce 9.8 staff in tax administration activities.

13. **Tax Collection Activities** - Funding is reduced for 21.6 staff support positions and Washington Management Services position that indirectly impact revenue collections. Funding is also reduced for goods and services and staff training.

**Comments:**

1. **Rate Reduction** - The Office of Minority and Women's Business Enterprises (OMWBE) will reduce its assessments to agencies for the next biennium and ensuing biennia by 10 percent of its 2011-13 maintenance level operating budget. OMWBE's existing fund balance will offset the reduction in revenue. Reduced revenue will not adversely affect FTE staff levels or services for the next biennium. (OMWBE Enterprises Account-State)

Comments:

1. **Environmental Purchasing** - Under current law, government purchases of goods and services are based on the lowest-cost, responsive bid. One-time funding is provided to obtain expert consultant services to advise the state on candidate policies for purchasing environmentally-friendly goods and services. The Department of General Administration has secured grant funding for these activities for the 2011-13 biennium. (General Fund-Private/Local)

2. **Reduce Public and Historic Program** - Reductions are made to maintenance and grounds care services provided in the Public and Historic Program. Funding for non-fixed costs is reduced by 12 percent. (General Administration Service Account-State)

3. **Reduce On Campus Property Rent** - Expenditure authority for non-fixed costs associated with capital campus services is reduced by 11 percent and staffing and services will be reduced accordingly. Reductions in campus rental rates and custodial and trade rates will be implemented to reflect expenditure reductions. (General Administration Service Account-State)

4. **Reduce Parking Services** - Expenditure authority for non-fixed costs associated with parking services is reduced by 12 percent and services will be reduced accordingly. (State Vehicle Parking Account-Nonappropriated)
5. Reduce Off Campus Property Rent - Expenditure authority for non-fixed costs associated with off campus property services is reduced by 12 percent and staffing and services will be reduced accordingly. Reductions in off campus rental rates and custodial and trade rates will be implemented to reflect expenditure reductions. (General Administration Service Account-Nonappropriated)

6. Reduce Rent Outside Thurston County - Expenditure authority for non-fixed costs associated with rent outside Thurston County is reduced by 8 percent and staffing will be reduced accordingly. Partially occupied buildings at the North Cascades Center will be closed. (General Administration Service Account-Nonappropriated)

7. Reduce Reimbursable Rates - Expenditure authority for non-fixed costs associated with reimbursable trades, custodial, and project management provided by the Department is reduced by 12 percent and staffing and services will be reduced accordingly. Reductions in rates for trades, custodial, and project management will be implemented to reflect expenditure reductions. (General Administration Service Account-Nonappropriated)

8. Reduce Procurement Service Rates - Expenditure authority for non-fixed costs associated with procurement services is reduced by 5 percent and services will be reduced accordingly. Reductions in procurement rates will be implemented to reflect expenditure reductions. (General Administration Service Account-Nonappropriated)

9. Small Business Preference Program - Funding is provided for implementation House Bill 1770 (State purchasing) which requires the Department to implement the in-state Small Business Vendor Bidding Preference Program. The Department shall develop policies and procedures to implement the program and beginning in December 2011 shall submit an annual report on the progress of the program. (General Administration Service Account-Nonappropriated)

10. Reduce Surplus Warehouses & Service - Funding for non-fixed costs associated with warehouse services is reduced by 12 percent. Two warehouses in King County will be closed, relocating operations to Thurston County. Transportation services will be decreased. (General Administration Service Account-Nonappropriated)

11. Reduce Real Estate Services - Expenditure authority for non-fixed costs associated with real-estate services is reduced by 12 percent and staffing and services will be reduced accordingly. (General Administration Service Account-State)

12. Reduce Capital Project Management - Expenditure authority for non-fixed costs associated with capital project management is reduced by 12 percent and staffing and services will be reduced accordingly. (General Administration Service Account-Nonappropriated)

13. Lease Rate Adjustments - Lease costs will increase by $512,333 in Fiscal Year 2012 and $611,820 in Fiscal Year 2013 from closing the General Administration Building and moving staff to other locations. (General Administration Service Account-Nonappropriated)

14. Nonappropriated Fund Adjustment - Spending authority is adjusted to match projected revenue.

15. Reduction to Legislative Facilities - Facilities and services charges, utilities and contracts charges, public and historic facilities charges, and capital projects surcharges previously invoiced to legislative customers are reduced and services are reduced accordingly.

16. Reduction to Built Environment - Staff resources supporting Built Environment Pollution activities are reduced.

17. Reduction to CPARB - Staff resources supporting Capital Project Advisory Review Board activities are reduced.

18. Dept of Enterprise Services-GA - The Department of General Administration will merge into the new Department of Enterprise Services, along with the State Printer and portions of the Department of Information Services, Office of Financial Management, and Department of Personnel. A transition team will work on identifying efficiencies by consolidating back-office functions such as internal human resources, accounting, purchasing, contracts, and facilities management. (General Fund-State, General Fund-Federal, General Administration Service Account-State, General Fund-Local, General Administration Service Account-Nonappropriated, State Vehicle Parking Account-Nonappropriated, Commemorative Works Account-Nonappropriated, Building Code Council Account-State)

19. Lease Management Integration - The Department of Social and Health Services' internal facility planning unit is transferred to the Department of General Administration. (General Administration Service Account-Nonappropriated)

**Comments:**

1. **Central Administration Reduction** - Funding is reduced for agency central administration activities to achieve more cost-effective rates for information technology services. (Data Processing Revolving Account-Nonappropriated)

2. **Services Efficiency Reduction** - Costs for computer services, interactive technology, and telecommunication services are reduced to achieve more cost-effective rates for information technology services. (Data Processing Revolving Account-Nonappropriated)

3. **IT Policy Reduction** - The Department's Management and Oversight of Strategic Technology activities are reduced to mitigate the impact of policy oversight revolving fund charges on state agencies. (Data Processing Revolving Account-State)

4. **Transfer Broadband Service** - The State Broadband Development and Data Program is transferred from the Department of Information Services to the Department of Commerce. This program promotes broadband service as an engine for economic development, job growth, education and research, and other recognized public services. Funds will map the state's public and private broadband infrastructure, service availability and current broadband upload and download speeds to position the state for additional public and private investment in unserved and under-served areas of the state. (General Fund-State, Broadband Mapping Account-Nonappropriated, Community Technology Opportunity Fund-State)
5. **Transfer K-20 Network** - The K-20 Education Network is transferred to the Office of Financial Management. The network links colleges, universities, school districts, and libraries statewide. The K-20 Network provides video and data services to education facilities throughout the state. Video services are used for such purposes as distance education and teacher training. Data services are used for Internet access by faculty and students and processing of education-related applications. (Education Technology Account-Nonappropriated)

6. **Transfer IT Portfolio Application** - Maintenance of the Information Technology Clarity Portfolio application support is transferred to the Information Services Division within the new Department of Enterprise Services. (Data Processing Revolving Account-State)

7. **Lease Rate Adjustments** - Funding is provided for the increased lease related costs associated with the new State Office Facility and Data Center. Specific costs include lease costs and on-going operating costs (utilities and maintenance) associated with both facilities. (Data Processing Revolving Account-Nonappropriated)

8. **Promote Broadband Service** - Funds are provided to map the state's public and private broadband infrastructure, service availability, and current broadband upload and download speeds. (General Fund-State, Broadband Mapping Account-Appropriated, Community Technology Opportunity Fund-Appropriated)

9. **GF-S Reduction Option JIN Program** - Funding is eliminated for a secure web gateway service used by local law and justice agencies to access available criminal justice data via the Justice Information Network (JIN).

10. **Metropolitan Optical Network** - Ongoing funding is provided for a high-speed Metropolitan Optical Network to connect 140 plus off-campus state agency locations and 14,450 state employees throughout Olympia, Tumwater, and Lacey. This network is necessary to support the consolidation of state e-mail and data center services. (Data Processing Revolving Account-Nonappropriated)

11. **Exchange 2010** - Funding is provided to continue implementation of a Shared Services E-Mail service for state agencies. This service employs Microsoft Exchange 2010 and provides Enterprise Vault, an e-mail archiving capability. (Data Processing Revolving Account-Nonappropriated)

12. **Move IT Policy Oversight to OFM** - Management and oversight of strategic technology is reduced and transferred to the Office of Financial Management where a new Office of the Chief Information Officer will be established. The new office will be responsible for the development and implementation of state strategic information technology initiatives and oversight of information technology resources. (General Fund-State, General Fund-Federal, Data Processing Revolving Account-State)

13. **Dept of Enterprise Services-DIS** - The administrative, budget, finance, communications, contract services, human resources, agency internal information technology, legal services, and procurement will transfer to the new Department of Enterprise Services (DES). DES will provide these back office administrative functions to the newly created Consolidated Technology Service and to the new DES. (Data Processing Revolving Account-Nonappropriated)

14. **Transfer Consolidated Tech Services** - Three operational divisions are moved from the Department of Information Services, which is eliminated, and into the new Consolidated Technology Service. (General Fund - State, General Fund - Local, Data Processing Revolving Account - State, Data Process Revolving Account - Nonappropriated)

15. **K-20 Education Network** - Funding is reduced for K-20 Education Network. This reduction will be from efficiencies in providing the service. The Office of Financial Management will examine current staffing of the K-20 network for opportunities to provide the service more efficiently. OMF will also investigate transferring the service to another state agency or private provider. Funding reductions will not result in increased rates for users of the service. (Education Technology Revolving Account-Nonappropriated)

16. **State Data Center Infrastructure** - Funds are provided to design, acquire and install the new State Data Center infrastructure (cabling, cabinets, fiber connectivity) and to set up the existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephony) at the new location. Once the move is complete, DIS services, operations, and assets in the current data center will be decommissioned. (Data Processing Revolving Account-Nonappropriated)
17. Increased Customer Service Demand - Funding is provided to address increased customer demand for agency services. Additional positions will provide support for agency computing application projects, voicemail, and assistance and oversight for technology master contracts. (Data Processing Revolving Account-Nonappropriated)

**Comments:**

1. **DIS Forest** - Funding is provided to enable the Liquor Control Board (LCB) to join the State Active Directory Forest hosted by the Department of Information Services. (Liquor Revolving Account-State)

2. **Administrative Reductions** - 8% administrative reductions are made to administration, enforcement, licensing, regulation, and to tobacco enforcement.

3. **Co-located stores** - Funds are provided to implement SB 5917 (co-located stores) which requires the Liquor Control Board to conduct a pilot project to incorporate up to 10 contract stores within existing grocery stores. (Liquor Revolving State- Appropriated, Liquor Revolving State- Nonappropriated)

4. **Customer Service Initiatives** - Funding is provided to implement customer service initiatives to improve convenience to customers and generate additional revenues. Initiatives include adding six contract and two new state stores to keep pace with population growth; two high-volume specialty stores; standardizing hours of operation; selling retail gift cards; and providing optional delivery to restaurants and other licensed locations. The initiatives are estimated to result in net revenues of approximately $6 million. (Liquor Revolving State- Appropriated, Liquor Revolving State- Nonappropriated)

5. **Liquor Related Products** - Funds are provided to implement SB 5916 (liquor related products) which allows the liquor control board to sell liquor related products in state liquor stores on consignment. (Liquor Revolving State- Appropriated, Liquor Revolving State- Nonappropriated)

6. **End-to-End Encryption** - Funding is provided to ensure the privacy of credit card information used at state liquor stores by encrypting confidential credit card data and transferring the storage of that data to the credit card processor. (Liquor Revolving Account-State)
7. **Distribution Center Staffing** - Funding is provided for 12 additional warehouse operators in the Liquor Distribution Center (DC) to address increased product diversity and volumes shipped to liquor stores. To avoid a decrease in liquor revenue distribution to the General Fund and local governments, funding for nine existing FTE positions (seven maintenance mechanics, one maintenance specialist, and one electrician) is shifted from the Liquor Revolving Fund to the Liquor Control Board Construction and Maintenance Account. Comments:

1. **Federal Funding Rate Increase** - Federal expenditure authority is provided to reflect increased federal Pipeline and Hazardous Materials Safety Administration funding to state pipeline safety programs that started in 2010. The federal reimbursement rate increased from 40 percent federal participation to approximately 60 percent federal participation for states that expand their programs. (Pipeline Safety Account-Federal)

2. **Federal Stimulus Funds** - Federal expenditure authority is increased to reflect expected American Recovery and Reinvestment Act (ARRA) dollars provided for electricity sector activities and policy initiatives that significantly affect electric utility resource alternatives and infrastructure investment. In 2010 the Utilities and Transportation Commission (UTC) received a four-year ARRA grant from the U.S. Department of Energy. Federal expenditure authority is provided to allow the UTC to continue to utilize funds from this and other grants. (General Fund-Federal Stimulus)

1. **State Emergency Operations Center** - Federal funding from the Chemical Stockpile Emergency Preparedness Program (CSEPP), which has built and maintained operations at the Washington State Emergency Operations Center (EOC), is projected to end in January 2012 when the CSEPP program is complete. Funding is provided from the Worker and Community Right-to-Know Account to ensure continued operations at the EOC through the biennium. (General Fund-Federal, Worker and Community Right-to-Know Account-State)

2. **E911 Next Generation Transition** - Expenditure authority is provided from the Enhanced 911 Account for statewide agreements to continue the upgrade to Next Generation 911. To advance to the next phase of the upgrade, the state E911 office will add one Geographic Information System Specialist and one Network Security Specialist position. (General Fund-Federal, Enhanced 911 Account-State)

3. **Educ Support & Admin Reductions** - State funding for post high school education assistance for National Guard members is eliminated. Funding for facility maintenance, emergency management, and administrative support functions is reduced. (General Fund-Federal)

Comments:

1. **OFM IT Services** - Funding is provided for the Department of Enterprise Services to provide information technology services to the Office of Financial Management (OFM). The Department will recover costs by billing OFM. (Data Processing Revolving Account-Nonappropriated)

2. **Transfer IT Portfolio Application** - The maintenance of the Information Technology Clarity Portfolio application support is transferred to the Information Services Division within the new Department of Enterprise Services. (Data Processing Revolving Account-Nonappropriated)

3. **Dept of Enterprise Services-DOP** - The Department of Personnel's human resource functions are moved into the new Department of Enterprise Services. These functions include staff and information technology support for the Human Resource Management System, the Employee Assistance Program, recruiting, small agency human resource services, and all back office functions that existed within the Department of Personnel. (Data Processing Revolving Account-Nonappropriated, Department of Personnel Account-State)

4. **Dept of Enterprise Services-OFM** - The Information Services Division, Risk Management Division, Contracts Office, and Small Agency Client Services at the Office of Financial Management are moved to the new Department of Enterprise Services. (General Fund-State, Various Other Funds)

5. **Dept of Enterprise Services-DIS** - The Department of Information Services' administrative, budget, finance, communications, contract services, human resources, agency internal information technology, legal services, and procurement functions will transfer to the new Department of Enterprise Services (DES). The DES will provide these back office administrative functions for the Consolidated Technology Services Agency. (Data Processing Revolving Account-Nonappropriated)
6. **Dept of Enterprise Services-GA** - The Department of General Administration will merge into the new Department of Enterprise Services, along with portions of the Department of Information Services, Office of Financial Management, and Department of Personnel. A transition team will work on identifying efficiencies by consolidating back-office functions such as internal human resources, accounting, purchasing, contracts, and facilities management. (General Fund-State, General Fund-Federal, General Administration Service Account-State, General Administration Service Account-Nonappropriated, State Vehicle Parking Account-Nonappropriated, Commemorative Works Account-Nonappropriated, Building Code Council Account-State)

7. **Dept of Enterprise Services-Prt** - The Department of Printing will move into the new Department of Enterprise Services until January 1, 2012 when it will be eliminated as a state agency. (Printing Plant Revolving Account-Nonappropriated)

8. **Contracting for Service** - Fifteen percent savings are assumed by the contracting out of bulk printing and mail service, motor pool and the leasing program. Contracts will be developed, negotiated and executed in the first year of the biennium. Projected savings are for the last six months of Fiscal Year 2013. The contract for mail services are to be integrated with the contract for print management. If the motor pool contract includes the transfer of ownership of the vehicle fleet, then provision for the payment of debt for those vehicles must be made. The contracts for service shall be developed, negotiated and executed by the Office of Financial Management.

9. **Back Office Efficiencies** - Funding is reduced in the recognition of efficiencies gained by consolidating four state agencies.

### Policy Non-Comp Changes:

1. **Moore, et al. v. HCA**  
   - Funding is provided for continuing legal services related to Moore, et al. v. Health Care Authority, a class action seeking damages related to health care benefits for part-time employees in many state agencies and institutions.

2. **Washington Health Program**  
   - Additional expenditure authority is provided to recognize increasing enrollment in the Washington Health Program, a non-subsidized insurance option that allows clients to pay the full premium and administrative cost for a medical benefit package that includes higher deductibles and co-pays and lower annual benefit limits than the subsidized Basic Health Plan. (Basic Health Plan Subscription Account-Nonappropriated)

3. **Dental Residency**  
   - State dental residency grants are suspended for the 2011-13 biennium. The grants have enabled community clinics to employ recent dental graduates in the provision of dental care for low-income and uninsured persons.

4. **Comm. Health Collaborative Grants**  
   - State grants for community health collaboratives are suspended for the 2011-13 biennium. These grants have assisted community groups develop local partnerships and strategies for provision of medical and dental care for low-income uninsured persons.

5. **Health Literacy**  
   - Funding is adjusted to reflect completion of a project undertaken during the 2009-11 biennium to increase health awareness among low-income populations.

6. **Reduce Health Clinic Grant Program**  
   - State grants to community health clinics are suspended for the biennium. The grants have been provided to assist the clinics in their mission to provide primary care to uninsured persons on a sliding-fee basis.

7. **Basic Health Plan**  
   - New admissions to the Basic Health Plan will continue to be frozen throughout the 2011-13 biennium. An average of approximately 39,000 persons per month are expected to be covered by the program during FY 2012, and an average of 34,000 per month during FY 2013. (General Fund-State, General Fund-Federal, Basic Health Plan Trust Account-Nonappropriated)

8. **Health Benefits Exchange Grants**  
   - The Authority expects to receive federal grant funding under the Patient Protection and Affordable Care Act for planning and implementation of a health benefits exchange that is to become operational in 2014. (General Fund-Federal)
9. **Basic Health Admin Adjustment** - Basic Health Plan staffing is adjusted to reflect the reduced workload associated with decreased enrollment levels. (General Fund-State, General Fund-Federal)

**Comments:**

1. **Agency Back Office Efficiencies** - The Board of Industrial Insurance Appeals will place greater focus on its primary mission. As a result, ongoing expenses related to three administrative and financial positions are eliminated. (Accident Account-State, Medical Aid Account-State)

2. **Reduce Caseload & Cost Assumptions** - The Board of Industrial Insurance Appeals tracks the number of appeals it hears and the cost per appeal. Based on recent experience, ongoing expenditure authority is reduced to better match current workload. (Accident Account-State, Medical Aid Account-State)

3. **WISHA Violation Abatement** - Funding is provided to implement Engrossed Substitute Senate Bill 5068 (WISHA violation abatement). The bill requires the Board of Industrial Insurance Appeals to adopt rules necessary for conducting an expedited review on the stay of abatement request and issue a final decision within forty-five working days of the notice of filing of appeal. (Accident Account-State, Medical Aid Account-State)

4. **COHE** - Funding is provided to implement Substitute Senate Bill 5801 (medical providers) due to increased appeals. (Accident Account-State, Medical Aid Account-State)

5. **Reforming Workers Compensation** - Funding is provided to implement Engrossed Senate Bill 5566 (long-term disability). The bill requires the Board of Industrial Insurance to review settlement agreements, explain to the worker the benefits generally available, ensure the worker has an adequate understanding of the proposal and its consequences. #### Comments:

1. **Administration Activity Reductions** - Administrative savings will be achieved by combining the duties of the Deputy Director and Certification Manager, reducing the Human Resources Manager from full-time to part-time status, reducing 1.5 FTE fiscal staff by transitioning to Small Agency Client Services, and hiring a new Deputy Director at a lower salary. Also, outside agencies will be charged a rental fee for the use of the Burien facility. (General Fund-State, General Fund-Private/Local)

2. **Basic Law Enforcement Academy** - The contract for the Defensive Tactics instructor will be reduced. The current agreement for the services of the BLEA Commander will end, and a state employee will be hired to perform the same duties at a lower cost. Training officers will be returned to their agencies sooner, and positions will be left vacant longer before hiring replacement training officers.

3. **Corrections Training Activity** - The number of corrections training classes offered will be reduced and one training officer position will be eliminated.

4. **Crisis Intervention Training** - Expenditure authority is provided for Crisis Intervention Training. The CJTC will be reimbursed by King County for provision of the training. (General Fund-Private/Local)

5. **Development, Training and Standards** - The part-time regional training manager position is eliminated. Funding is reduced for Methamphetamine Training, Crisis Intervention Training, and Child Welfare Training. Costs are shifted to local law enforcement agencies when they send students to non-mandated post basic academy training. Pass-through funding for the Defense Attorneys, Municipal Attorneys, Drug Prosecution Assistance Program, Project Safe Neighborhoods, and Major Crimes Task Force is reduced. (General Fund-State, General Fund-Private/Local)
6. **Driving Simulator** - Funding was provided for statewide advanced driver training utilizing the driving simulators in the Fiscal Year 2010 supplemental capital budget. Expenditure authority is provided local funds for the support and operation of the simulator training. (General Fund-Private/Local)

7. **Partial Reimbursement for BLEA** - Funding is reduced to reflect a 25 percent partial reimbursement of the BLEA costs for law enforcement agencies that send cadets for training. (General Fund-Private/Local)

8. **WASPC Activity** - Funding from the Washington Auto Theft Prevention Authority Account is provided to continue pass-through funds for programs administered by the Washington Association of Sheriffs and Police Chiefs (WASPC). Programs administered by WASPC include the Uniform Crime Reporting, retention of sex offender records, Missing Persons, Victim Information System, Jail Booking and Reporting System and Statewide Automated Victim Identification System, Sex Offender Address Verification, Offender Watch System, and National Incident Based Reporting. (General Fund-State, Washington Auto Theft Prevention Authority Account-State)

9. **Prosecuting Attorney Training** - Funding from the Washington Auto Theft Prevention Authority Account is provided to continue to fully fund prosecuting attorney training. (General Fund-State, Washington Auto Theft Prevention Authority Account-State)

10. **Maintain WATPA Task Forces** - Funding for auto theft prevention task forces is maintained at $5.8 million 2011-13. (Washington Auto Theft Prevention Authority Account-State)

11. **Rural Drug Task Forces** - Funding is provided for grants to enforce illegal drug laws in counties that have been historically underserved by federally funded state narcotics task forces. The Washington Association of Sheriffs and Police Chiefs, the Washington Association of Prosecuting Attorneys and the Washington Association of County Officials shall jointly develop funding allocations for the office of the county sheriff, county prosecutor and county clerk.

12. **School Safety Training** - Funding is provided for the Washington State Criminal Justice Training Commission (CJTC) to provide training for school security officers, individuals engaged in school safety, and school administrators. The goal is to assist schools in developing the expertise and capacity to manage safety and security concerns with the support of law enforcement and other public safety officials.

13. **School Mapping** - Funding is provided from the Washington Auto Theft Prevention Authority Account to maintain the statewide Critical Incident Planning and Mapping System (CIPMS) commonly referred to as School Mapping. The operation of the system has been supported by the use of capital funds provided for the construction of the system. Construction is now complete and the system has ongoing maintenance and operating expenses, including system management, software license maintenance, and managed services, including data hosting. The funding will ensure that the system remains available in real time with up-to-date data. (Washington Auto Theft Prevention Authority Account-State)

Comments:

1. **Shift Right-to-Know Fund Source** - The Department of Labor and Industries' (LNI) Right-to-Know program falls under the jurisdiction of the Washington Industrial Safety and Health Act. Therefore, it is appropriately addressed by either the Worker and Community Right-to-Know Account or the Accident and Medical Aid Accounts. In order to redistribute available funds, half of the ongoing spending in LNI's Right-to-Know Account is shifted to the Accident and Medical Aid Accounts. (Worker and Community Right-to-Know Account-State, Accident Account-State, Medical Aid Account-State)

2. **Contractor Program Tech Savings** - The Department of Labor and Industries' contractor insurance renewal program has implemented technology improvements that will allow ongoing savings, resulting in a 2.5 FTE staff and $108,000 reduction.

3. **Continued Worker Protection** - The Department of Labor and Industries shifts funding for three industrial hygienist field inspector positions from the Asbestos Account to the Accident and Medical Aid Accounts. This change completes a process that began with a fund shift to the Asbestos Account in the 2001-03 biennial budget cycle due to a surplus of funds in the Asbestos Account. As anticipated, it is now necessary to return funding to the Accident and Medical Aid Accounts because Asbestos Program revenue will no longer fully support program expenditures. (Asbestos Account-State, Accident Account-State, Medical Aid Account-State)

4. **Contractor Misclassification** - Expenditure authority is provided for the impacts of Engrossed Substitute House Bill 1701 (contractor misclassification).

5. **Workers Compensation** - Expenditure authority is provided for the impacts of Engrossed Substitute House Bill 1725 (workers' compensation). (Accident Account-State, Medical Aid Account-State)

6. **Crime Victims Compensation** - Substitute House Bill 5691 (crime victims compensation), which simplifies administration of the Crime Victims' Compensation program and eliminates specific benefits, is estimated to save $1.4 million during the 2011-13 biennium.
7. **For Hire Vehicles and Operators** - Expenditure authority is provided for the impacts of Engrossed Substitute House Bill 1367 (for hire vehicles, operators). (Accident Account-State, Medical Aid Account-State)

8. **Use Federal Crime Victims' Funds** - Ongoing funding for the Department of Labor and Industries' Crime Victims' Compensation program is shifted from General Fund-State to General Fund-Federal where there is existing expenditure authority. In 2010, the Legislature capped crime victims' payouts. Federal matching funds are currently relatively high due to previous higher state expenditures. This shift may need to be readjusted in the 2013-15 biennium, as federal matching funds adjust to lower state spending.

9. **Reforming Workers Compensation** - Funding is provided to implement and administer Engrossed Senate Bill 5566 (long-term disability for injured workers). The bill allows for voluntary settlement agreements, amends return-to-work provisions, and commissions a study. (Accident Account-State, Medical Aid Account-State)

10. **Industrial Insurance System** - Funding is provided to implement and administer Chapter 6, Laws of 2011 (medical provider networks). The bill requires the Department of Labor and Industries to establish a health care provider network to treat injured workers. (Accident Account-State, Medical Aid Account-State)

2011-13 Omnibus Operating Budget
Department of Health

Comments:

1. **Providing Access to Health Care** - Increased expenditure authority from the Health Professions Account is provided to accommodate growth in the health professional licensure and credentialing workload. (Health Professions Account-State)

2. **Providing Safe Health Care** - Increased expenditure authority from the Health Professions Account is provided to accommodate growth in the health professional disciplinary workload. (Health Professions Account-State)

3. **Support for Safe Drinking Water** - Substitute Senate Bill 5364 (public water system permits) removes operating system permit fees for Group A water systems from statute and provides the Department with authority to set fee levels through rule-making. Appropriations are adjusted based on the Department's anticipated program costs and fee changes. (General Fund State, General Fund Private/Local)

4. **Reduce Environmental Health Service** - Multiple reductions will be made to administrative activities that support local governments in environmental health efforts. Reductions include incentive grants for on-site sewage disposal; outreach and compliance efforts for water systems; and education and prevention activities for zoonotic diseases, water recreation, chemical and pesticide hazards, school environmental health, and food safety.

5. **Reduce Maternal & Children's Health** - Reductions will be made in the Department's maternal and children's health functions, including elimination of staff support for the Community Health Leadership forum, reduction in serves for children with special health care needs, maternity support services, data analysis of child and maternal health issues and reductions to administrative and technical support.

6. **Reduce Hlth Facility Quality Assura** - Multiple reductions will be made to the health facility quality assurance functions, including the eliminating group care facility inspections, increasing fees for in-home care agency inspections to offset state subsidies, maximizing Model Toxics Account funding, and reducing staff for temporary housing inspections. (General Fund-State, General Fund Private/Local)

7. **Reduce Public Health Support** - Multiple reductions will be made to the administrative capacity of DOH to support public health efforts. Reductions are made to several activities, including the tracking of non-infectious diseases; elimination of the Health Declarations registry; reduced expenditures in the Public Health Laboratory; reduced capacity in monitoring for health care acquired infections. reduced technical support for adverse events tracking and reduced support to the Poison Control Center.

8. **Reduce/Restructure Administration** - The DOH's central agency administrative functions are reduced by 10 percent ($1.16 million). The Health Services Quality Assurance Division support is reduced ($855,000). Health Impact Reviews are suspended ($238,000).

9. **Family Planning Capacity Grants** - State funding for family planning activities is reduced by 11.25 percent.

10. **Elim Blue Ribbon Public Health pymt** - The additional public health grants funded in 2008 as a result of the omnibus Blue Ribbon Commission Act are reduced by 60 percent.

11. **Tobacco Cessation Program Changes** - Amounts in the Tobacco Prevention and Control Account are not sufficient to continue past levels of programming. Expenditure authority from this account is reduced to reflect that, and tobacco cessation activities within the Department will be reduced. Remaining programs including the Quit-Line and outreach and awareness campaigns will continue to be funded through fees raised from licensing of cigar lounges or tobacconist shops as authorized under Substitute Senate Bill 5542 (cigar lounges/tobacconists). (Tobacco Prevention and Control Account)

12. **Delay Homecare worker certification** - Funding is provided in the Department of Social and Health Services for increased basic training beginning January 1, 2011, for non-family member Individual Providers (IP) and Agency Providers (AP) only. Basic training for all other long term care workers is delayed to the 2013-15 biennium. Continuing education, is delayed to the 2013-15 biennium for all long-term care workers including IPs, with the exception that Developmental Disability residential workers that will be exempted from this requirement. Developmental Disability residential workers currently do not have requirements for continuing education and will be exempted from the increase to 12 hours for this category of training. Certification, advanced training, peer mentorship, and background checks are delayed for all long term care workers, including IPs, to the 2013-15 biennium. (Health Professions Account-State)

13. **Massage Practitioner Legislation** - Appropriation authority in the Health Professions Account is increased for additional workload associated with Substitute House Bill 1133 (massage practitioner license). (Health Professions Account-State)
14. **Online HealthCare Provider Licenses** - Additional staff and appropriation authority are provided to implement a system that allows for the direct online submission of new license applications, renewals, address changes, and credit card payments. The department must submit a detailed investment plan for this project to the office of financial management. The office of financial management must review and approve this plan before funding may be expended. The department of health must successfully implement online application and renewal for at least one profession as a pilot project before pursuing additional professions. The department must report to office of financial management on the outcome of the pilot project. (Health Professions Account-State)

15. **Physician Provider Information** - Increased appropriation authority is provided for the Medical Commission to collect demographic information at the time of license renewal, including practice location/setting, medical specialty, clinical competency and medical trends, in order to support emergency/health care reform planning and development of rules and policies. (Health Professions Account-State)

16. **Local WIC funding** - Funding is reduced for pass through to local WIC providers. The DOH will work with local providers to ensure that no federal funds are lost as state general fund is no longer provided and is replaced with state level federal funds.

17. **Midwives/UW Library Access** - Substitute Senate Bill 5071 (online access for midwives and marriage and family therapists) requires midwives and marriage and family therapists to pay an additional $25 per year to access the University of Washington's Health Services Library. (Health Professions Account-State)

18. **Board of Naturopathy** - Funding is provided to implement House Bill 1181, which creates the Board of Naturopathy. (Health Professions Account - State)

19. **Health Care Assistants** - Funding is provided to implement Substitute House Bill 1304 (health care assistants), which clarifies which drugs may be administered by health care assistants. (Health Professions Account-State)

20. **Pharmacy Technicians** - Funding is provided for House Bill 1353 (pharmacy technicians), which requires certified pharmacy technicians to complete continuing education requirements. (Health Professions Account-State)

2011-13 Omnibus Operating Budget
Department of Corrections

Comments:

1. **Risk Assessment Tool Changes** - Funding is provided to add a secondary risk assessment tool designed specifically for sex offenders. This item funds development and implementation of the updated sex offender risk assessment tool.

2. **Early Deportation Alien Offenders** - Savings will be achieved by deporting all non-citizen drug and property offenders. The proposal assumes that all qualifying non-citizen offenders are deported and that qualifying newly sentenced non-citizen offenders are processed for deportation upon arrival to the state prison system. (General Fund-State, General Fund-Federal)

3. **Close McNeil Island Corrections Ctr** - The McNeil Island Corrections Center will close on April 1, 2011.

4. **Reduce Administrative Costs** - Administrative staff reductions are made in Community Corrections, Health Services, the Office of the Secretary, and the Prisons Division.

5. **Changes Agency Staffing Structure** - The Department will reduce kitchen staff by 6.287 percent, recreation staff by one-half, the recruitment team, staff counselors, emergency response teams, and captains at stand-alone minimum security facilities.

6. **Hold Positions Vacant** - The Department will maintain as many vacancies as possible without endangering the public, staff, or offender safety.

7. **Eliminate Staff Positions** - The Department will eliminate positions throughout the agency.

8. **Eliminate On-the-Job Training** - The Department will eliminate the on-the-job training program for correctional officers.

9. **Achieve Program Underexpenditures** - The Department of Corrections has achieved savings in a number of programs due to underexpenditures. Savings include underexpenditures related to a delay in filling Drug Offender Sentencing Alternative (DOSA) beds, efficiencies in the housing voucher program, modifications in offender visitation policies, and the accelerated closure of a unit at McNeil Island.

10. **Reduce Contracted Services** - The Department will reduce contracts for consultative and research services, sex offender treatment services, and medical services and procedures.

11. **Reduce DOSA Bed Utilization** - The agency will reduce the number of funded Drug Offender Sentencing Alternative (DOSA) beds from 215 to 140 to reflect lower utilization.

12. **Reduce Electronic Home Monitoring** - The Department will limit the use of electronic home monitoring of offenders to sex offenders, Extraordinary Medical Placements, Family Offender Sentencing Alternative offenders, and similar cases.

13. **Merge Indeterminate Sentencing Revi** - The Indeterminate Sentence Review Board (ISRB) is merged with the Department of Corrections. The offender release functions of the ISRB will continue. Savings are achieved by eliminating duplicate staff positions from both agencies. The independent decision-making authority of the ISRB will not change, and it will continue to report directly to the Governor.

14. **ISRB Merger Savings** - The Department of Corrections will assume the administrative functions of the Indeterminate Sentence Review Board (ISRB). Savings are achieved by eliminating staff positions and the associated expenses of being a stand-alone agency.

15. **Merge Sentencing Guidelines Commis** - The Sentencing Guidelines Commission (SGC) is merged with the Department of Corrections (DOC). The policy functions of the SGC and the Sex Offender Policy Board placed in dormant status in the Office of Financial Management. The adult sentencing data functions of the SGC are transferred to DOC.

16. **SGC Merger Savings** - The Department of Corrections will assume the data functions of the Sentencing Guidelines Commission. Savings are achieved by placing the Commission and the Sex Offender Policy Board in dormant status in the Office of Financial Management.

17. **Open Larch Corrections Elkhorn Unit** - The Department of Corrections will open the Elkhorn Unit at Larch Corrections Center to increase system capacity needed as a result of closing McNeil Island Corrections Center.

18. **Health Care Employee Overtime** - Funding is provided to implement House Bill 1290 (mandatory overtime for health care employees) at the DOC.
19. **Prison Safety Enhancements** - Funding is provided for prison safety enhancements, including funding for a study to standardize a body alarm or proximity card system statewide; to pilot a body alarm system and a proximity card system; upgrades to the radio system to add panic buttons; expanded use of pepper spray; to develop and implement training for supervisors on enhanced security awareness; for staff counselor positions; and to add custody staff at the Monroe Correctional Complex and the Washington State Penitentiary that are responsible for ensuring the whereabouts of all prison employees. (Washington Auto Theft Prevention Authority Account--State)

21. **Reduce Rental Rate for Violators** - The mandatory workload step assumes instate daily rental rates of $83.54 and $87.75 in FY 12 and FY 13, respectively. The Department is directed to negotiate rates that do not exceed $77 per day, plus medical costs.

22. **60-day Early Release** - Savings are assumed to reflect enactment of SSB 5891 (criminal justice cost savings). The bill directs the 60-early release of low, moderate and high nonviolent risk offenders who sentences are for none of the following: drug offenders sentence alternative, special sex offender sentence alternative, sex offences, violent offence or crime against a person.

23. **Reduce Supervision for FTOW** - Supervision of offenders on a first time offender waiver (FTOW) is reduced from 24 and 12 months to 12 and 6 months pursuant to SB 5875 (offender supervision) and SSB 5891 (criminal justice cost savings).

24. **Expansion of Treatment** - A portion of the savings attributable SSB 5891 (criminal justice cost savings) is invested in evidence based programs in the Department.

25. **OBTS Migration** - Savings are taken to reflect migration of the Offender Based Tracking System from a mainframe environment.

26. **Release Offenders on ERD** - Savings are assumed to reflect SSB 5891 (criminal justice cost savings). Relating to offenders held beyond their earned release date (ERD), the Department will release an offender if their ERD is within 365 days of the maximum sentence; if the ERD is more than 365 days from the offender's maximum sentence, the Department shall release the offender pending approval of the offender release plan. The ADP savings total 163 per year.

27. **Reduce Supervision of Jail Offender** - Savings are taken to reflect passage of SSB 5891 which eliminates supervision of jail and court offenders except for high violent, in a treatment-based dispositional alternative, including the Drug Offender Sentencing Alternative, the Special Sex Offender Sentencing Alternative, parental sentencing alternative, and First Time Offender Waiver, offenders from another state subject to a supervision order, and those with a domestic violence offense.

28. **Housing Voucher Expansion** - Funding is provided to expand the use of housing vouchers and enable the Department to release offenders as close to the offenders' earned release date as possible. Funding is provided to increase the number of vouchers from 165 per month to 238.

### Comments:

1. **Eliminate Port Jobs Program** - Contracts will be eliminated to achieve savings in the Port Jobs Program.

2. **Next Generation Tax System** - Funding is provided for the second phase to replace the mainframe unemployment insurance tax information system (TAXIS) and its ancillary subsystems, which were originally implemented in 1984. The Employment Security Department has completed the requirements and feasibility study for the computing systems supporting unemployment insurance tax. The study recommended replacement of TAXIS. (Unemployment Compensation Administration Account-Federal)

3. **Washington Service Corp** - The Washington Service Corps Program consists of three major programs: AmeriCorps, Reading Corps, and Volunteers in Service to America. These three programs allow communities to receive educational, disaster preparedness, environmental, and other types of direct support. Funding is provided to meet the federal grant match requirement for the Washington Service Corps program. (Administrative Contingency Account-State)

4. **Unemployment Insurance** - Funding is provided to implement Chapter 4, Laws of 2011 (EHB 1091), which establishes caps on the flat social rate and reduces the multipliers used for certain graduated social rates, provides a temporary benefit increase by adding $25 to the weekly benefit amount, and makes changes to extended benefits, including a three-year look-back period. (General Fund-Federal)

5. **Family Leave Insurance** - Under current law, persons meeting eligibility requirements for the Family Leave Insurance program are entitled to benefit payments starting in October, 2012. That provision is modified.

6. **Distributed Generation** - Funding is provided to evaluate the economic value of promoting and retaining biomass and qualified solar energy systems. The department's analysis must include an examination of the impact of such energy systems on local employment and wages. (Administrative Contingency Account-State)

Comments:

1. **Reduce Crisis Residential Cntrs** - Funding for Crisis Residential Centers (CRCs) is reduced. Savings are achieved by reducing the number of beds but the department must maintain geographic representation of the CRCs. (Home Security Fund-State)

2. **Reduce Evaluation Costs** - Funding is reduced for neuropsychological testing and behavioral examinations for adults and children served by the Department of Social and Health Services (DSHS).

3. **Reduce Regional Staffing** - The Children's Administration will reduce 244.0 FTE staff and associated funding to achieve savings. (General Fund-State, General Fund-Federal)

4. **Reduce Behavioral Rehab Services** - Funding for Behavioral Rehabilitative Services (BRS) is reduced by 8.5 percent. These services are provided to children and youth who are behaviorally and/or emotionally disordered and whose behaviors cannot be maintained in a less intensive setting. (General Fund-State, General Fund-Federal)

5. **Reduce Victims of Domestic Violence** - The Department of Social and Health Services (DSHS) contracts with emergency domestic violence shelters and for the state domestic violence hotline. DSHS also works with the Washington State Coalition Against Domestic Violence, which provides training and technical assistance for contracted agencies and domestic violence fatality reviews. Funding for the Victims of Domestic Violence Program is reduced. The Domestic Violence Hot Line, however, is retained.

6. **Reduce Urinalysis Testing** - The Children's Administration will target training of social workers related to the appropriate use of urinalysis testing. A more standardized approach will result in lower utilization; therefore, funding for urinalysis testing is reduced.

7. **Extended Foster Care** - Funding is provided to implement Second Substitute House Bill 1128 (extended foster care). The bill extends foster care services to youth who elect to stay in care to complete high school or a vocational program up to age 21. (General Fund-State, General Fund-Federal)

8. **Reduce Intervention Services** - Intervention services will be reduced. These services provide for assessment and/or specialized services needed for a family for up to six months. (General Fund-State, General Fund-Federal)

9. **Reduce Med. Treatment Child Care** - Funding for Medicaid Treatment Child Care (MTCC) is reduced by 5 percent. Medicaid Treatment Child Care provides intensive child development services to young children. (General Fund-State, General Fund-Federal)

10. **Eliminate Chemical Dependency Spec.** - Funding for Chemical Dependency Professionals is eliminated. These are contracted services provided to families involved in the child welfare system.

11. **Reduce Funding for SCRC** - Funding is reduced by 6.287 percent for the Secure Crisis Residential Centers (SCRCs) which provide temporary residential placement for runaway youth and/or youth in conflict with their families. (General Fund-State, Home Security Fund-State)

12. **Reduce Regional Administration** - The Department of Social and Health Services is consolidating its regional structure from six to three for all programs across the state. (General Fund-State, General Fund-Federal)

13. **Adoption Support** - Savings are achieved through setting a maximum adoption payment standard of 90 percent of the foster care maintenance payment in the same time period for future adoptions. Federal law requires that adoptive parents may not receive a monthly payment higher than what the child would have received in foster care for the same time period. Adoptive parents may also receive a tax credit for the adoption of a child. The item does not reduce current adoption assistance agreements. (General Fund-State, General Fund-Federal)

14. **Assessment Programs** - Intensive foster care assessments and comprehensive assessments funding is suspended. The Children's Administration will work with lead agency master contractors to implement a broader approach to address barriers to permanency. (General Fund-State and General Fund-Federal)

15. **Children Advocacy Center** - Funding for Child Advocacy Centers is reduced by 6.28 percent. Child Advocacy Centers stress coordination of investigation and intervention services by bringing together professionals and agencies as multi-disciplinary teams to create a child-focused approach to abuse cases.

16. **Reduce Private Agency Fees** - The Children's Administration contracts with private agencies for services for family foster homes. The fees paid to these private agencies are reduced. (General Fund-State, General Fund-Federal)
17. **Leverage Fund Ed Coordinators** - State general funds are reduced to reflect the DSHS obtaining federal Title IV-E reimbursement for educational coordinators. Educational coordinators provide educational advocacy services for children in foster care. (General Fund-State, General Fund-Federal)

18. **Reduce Pediatric Interim Care** - Funding is reduced for the Pediatric Interim Care facility in Kent. This facility provides 24-hour care for substance-affected infants up to 45 days after release from the hospital.

19. **Reduce Foster Parent Child Care** - Funding for Foster Parent Employment Child Care is reduced by 8 percent. The Children's Administration will limit foster parent child care when one or more parent is not employed.

20. **Reduce Foster Parent Recruitment** - The DSHS will reduce funding for foster care recruitment by 10 percent to reflect achieving efficiencies in foster parent recruitment. (General Fund-State, General Fund-Federal)

21. ** Expedite Permanency** - Permanency funding is reduced. The Children's Administration will focus on already legally free children awaiting a home study and expedite completion of home studies to move children more quickly to adoption. (General Fund-State, General Fund-Federal)

22. **Reduce Voluntary Placement Agreements** - Funding is reduced to reflect policy changes adopted by the Children's Administration regarding the utilization of Voluntary Placement Agreements (VPAs). The revised policy will reduce the utilization of VPAs. (General Fund-State, General Fund-Federal)

23. **Reduce Responsible Living Skills** - The Responsible Living Skills Program, which provides independent living services in a residential setting, is reduced. Services enable the youth to achieve competency in independent living skills and personal decision making.

24. **Increase SSI Recoveries** - Children's Administration will reduce costs by increasing the Social Security Income recoveries. As additional children are approved for Social Security Income benefits, less General Fund-State funding will be required.

25. **Basic Adoption Support Payment** - Savings are achieved through redefining which children are eligible for an adoption maintenance payment for all future adoptions. Those children who are receiving the basic foster care rate at the time of their adoption will not be eligible for an adoption maintenance payment. Federal law allows states to define which children are eligible for adoption support maintenance payments based whether the child is "hard to place." Adoptive parents may also receive a tax credit for the adoption of a child. The item does not reduce current adoption assistance agreements. (General Fund-State and General Fund-Federal)

26. **Adoption Exceptional Costs** - Funding is eliminated for adoption exceptional costs. These costs include child care, respite, and exceptional maintenance payments. These costs do not include non-recurring costs or one-time special adoption costs. (General Fund-State and General Fund-Federal)

27. **Transitional Services For Youth** - Secure Crisis Residential Centers (CRCs) non-secure CRCs, and HOPE Center funding is moved from the Home Security Fund to General Fund State. (General Fund-State and Home Security Fund-State).

28. **Performance Risk Pool** - Funds are provided for a contingency reserve, under performance based contracts, if costs related to client type composition and the number of client referrals to lead agency contractors differs from forecasted amounts. The funds can only be used as a payer of last resort and Children's is directed to utilize under expenditures to cover this risk first. (General Fund-State and General Fund-Federal)

29. **Reduce HOPE Beds** - Funding is reduced for HOPE Centers. The Children's Administration contracts for services for street youth to provide assessment and permanency planning for up to 30 days in a HOPE Center setting. (General Fund-State, Home Security Fund)

**Policy Non-Comp Changes:**

1. **Reduce Parole Services**
   - Reduce funding for parole services to juveniles.
   - The Juvenile Rehabilitation Administration will achieve savings by reducing diagnostic services, eliminating Aggression Replacement Therapy in the community (and only providing it in institutions), increasing caseloads from 1:20 to 1:25, restructuring regional administration, and reducing lease costs.

2. **Close Maple Lane School**
   - Maple Lane School in Rochester will close at the end of Fiscal Year 2011. These savings occur as a result of the closure.

3. **Reduce Juvenile Court Funding**
   - The funding provided to county juvenile courts and participating tribes is reduced, as are DSHS administrative expenditures associated with administering the juvenile court block grant.

4. **Reduce JRA Institution Costs**
   - Juvenile offenders are sentenced by the courts for a minimum and a maximum length of stay. The Juvenile Rehabilitation Administration (JRA) has the authority to designate the release date for each offender within the sentence range. JRA will now release more non-violent, low-risk juvenile offenders on their minimum release date, which will result in bed savings at JRA institutions.

5. **Reduce Administrative Costs**
   - The Juvenile Rehabilitation Administration headquarters staffing is reduced.

6. **Juvenile Court ART and FFT**
   - Funding is provided to expand participation in evidence-based programs by the Juvenile Courts.
   - $1 million of the savings from the 60-day early release of adult offender, authorized in SSB 5891, is invested in this expansion.

7. **JRA ART and FFT expansion**
   - Funding is provided to expand participation in evidence-based programs by the Juvenile Rehabilitation Administration.
   - $1 million of the savings from the 60-day early release of adult offenders, authorized in SSB 5891, is invested in this expansion.

### Comments:

1. **Reduce Parole Services** - The Juvenile Rehabilitation Administration will reduce funding for parole services to juveniles. Comments:

1. **Reduce Spokane Acute Care Proviso** - Funding provided to the Spokane Regional Support Network to lower bed utilization at Eastern State Hospital is reduced by 25 percent.

2. **Close Western State Hospital Ward** - The number of patients who can receive treatment at Western State Hospital under the state's civil commitment laws was reduced by 30 in October 2010, to 557 per day.

3. **Reduce WSH Staff Costs** - Western State Hospital will achieve savings by managing vacancies, limiting overtime, and staff reorganization. There is to be no change in the hospital's budgeted capacity of 557 civil commitment beds and 270 forensic beds as a result of this change.

4. **Capture Program Savings** - Funding is reduced to reflect ongoing savings by the administrative group that is responsible for identification and collection of all third-party payments at Western State Hospital.

5. **Reduce Regional Support Network Non** - Community mental health allocations for persons and services not eligible for federal Medicaid matching funds are reduced by 7 percent. This results in a cumulative 18 percent reduction from the level of funding initially budgeted for such services in FY 2009. RSNs are to prioritize use of the remaining funds for crisis response, involuntary commitment, emergency hospitalization, and residential support services.
6. Reduce CSTC Operating Costs - Operating costs at the Child Study and Treatment Center (CSTC) are reduced by 3 percent through staffing realignments, more effective use of overtime, and other operating efficiencies. There is to be no change in the center's average daily census capacity as a result of these changes. (General Fund-State, General Fund-Federal)

7. Reduce WIMHRT Technical Assistance - Funding is suspended for the Washington Institute for Mental Health Research and Training (WIMHRT), which provides research-based technical assistance and training for mental health professionals working in community and hospital settings. (General Fund-State, General Fund-Federal)

8. Medicaid for PACT - Programs for Assertive Community Treatment (PACT) teams provide intensive, multi-disciplinary assistance for persons who have experienced, or who are at high risk of, repeated psychiatric hospitalizations. Additional components of such programs are to be funded under the state/federal Medicaid program, resulting in reduced need for state-only funding for such services. (General Fund-State, General Fund-Federal)

9. Medicaid Match for PALS Diversions - The western Washington regional support networks (RSNs) have decided to use approximately $4 million per year they had until March 2011 used to support the program for active living skills (PALS) program at Western State Hospital to instead provide community mental health services. It is anticipated that approximately 40 percent of the persons served and services provided with these funds will qualify for federal Medicaid match by October 2011. (General Fund-State, General Fund-Federal)

10. CPE Technical Adjustment - When Medicaid mental health capitation rates were re-set in 2010, some costs associated with hospitals participating in the state's certified public expenditure (CPE) payment program were omitted from the rate-setting. Funds are provided to correct this technical oversight. (General Fund-State, General Fund-Federal)

11. Integrated Behavioral Health Homes - The mental health program, in partnership with the medical assistance program, community mental health centers, and regional support networks, will implement a projects for improving integration and coordination of behavioral health and medical care for persons with serious and persistent mental illness. The projects will build and train teams of mental health and medical professionals to provide effective diagnosis and coordinated treatment of medical and behavioral health conditions, with particular emphasis upon promotion of adherence to safe and effective medication regimes and appropriate use of primary and emergency medical care services. The projects are expected to serve an average of 750 persons with serious and persistent mental illness by the end of the first year, and an average of 2,200 persons per month by the end of the second. The non-federal share of this effort will be funded from a settlement of lawsuits involving the drug Seroquel. (General Fund-Local, General Fund-Federal)

12. North Central Crisis Response - Additional state funds are provided to assist the North Central Washington regional support network maintain crisis response and involuntary treatment services.

13. Reduce ESH Staff Costs - Staffing and operating costs at Eastern State Hospital (ESH) are reduced by a total of approximately 3 percent through staffing realignments, more effective use of overtime, and other operating efficiencies. There is to be no change in the hospital's average daily census capacity as a result of these changes.

14. Jail-Based Competency Evaluations - In accordance with Senate Bill 5114 (streamlining competency evaluations), most evaluations of defendants' mental competency to stand trial will be conducted by a single evaluator, and will be completed in jail or in another community facility rather than in the state hospitals. This is expected to permit closure of a forensic admissions ward at Western State Hospital. The department is directed to shift sufficient qualified evaluators from inpatient to outpatient evaluations so that the change will result in no net increase in the time defendants spend in local facilities awaiting competency evaluation. To allow sufficient time to assure that the necessary staff re-assignments and procedural changes are fully in place and functional, the admissions ward is not budgeted to close until January 2012.

15. ITA Legal Costs - Funding is provided for implementation of Senate Bill 5531 (judicial costs of involuntary treatment). The legislation requires the department to establish a per-case rate specific to each county, based upon the county's actual costs for the preceding three years, at which the county may bill for judicial, prosecutorial, and other legal costs associated with civil commitments under the Involuntary Treatment Act. Payment for these services is to be from non-Medicaid funds that would otherwise be distributed among the Regional Support Networks. (General Fund-State, General Fund-Federal)

16. Increase License/Certification Fee - The department is authorized to increase the fees charged for licensing and certification of community mental health agencies and residential treatment beds by 50 percent, and to deposit the revenue into a local account to offset the cost of program operation. (General Fund-State, General Fund-Federal)

Comments:

1. **Money Follows the Person** - The Center for Medicare & Medicaid Services (CMS) has approved additional federal funds to staff the Money Follows the Person (MFP) demonstration project. Ten long term care positions and eight developmental disability positions funded by the MFP grant will focus exclusively on transitioning clients from state institutions to community settings. (General Fund-Federal)

2. **Reduce SOLA Costs** - State Operated Living Alternatives (SOLA) will reduce discretionary expenditures for goods and services, travel, and equipment. (General Fund-State, General Fund-Federal)

3. **Reduce MH Training** - Training activities within the Division of Developmental Disabilities mental health program are reduced. (General Fund-State, General Fund-Federal)

4. **Reduce Individual & Family Service** - The individual and family services program is reduced by 10 percent. These services are intended to keep families intact by providing them with assistance in caring for family members with developmental disabilities.

5. **Close Residential Habilitation Ctr** - The Francis Haddon Morgan Center Residential Habilitation Center (RHC) is scheduled to close by December 31, 2011. The Rainier Valley School RHC will close by July 2014. Current residents will move to community residential placements or other RHCs. (General Fund-State, General Fund-Federal, State Efficiency and Restructuring Account--State)

6. **CBA IP Health Benfts Cents Per Hour** - Funding is provided for health benefits for Individual Providers (IPs). The tentative agreement for the collectively bargained home care workers contract converts the way that health benefits are paid from a per-member-per-month payment methodology to a cents-per-hour payment methodology. Based on the total funds appropriated for IP health benefits, the base conversion went from a $620 per-member-per-month payment to $1.82 per hour. However, base funding for agency providers was also included in the calculation. The final cents-per-hour amount for IPs that is in the tentative agreement is $1.96 per hour. This assumes that agency parity for health benefits is severed and that funding for agency benefits will be provided separately. (General Fund-State, General Fund-Federal)

7. **RHC Transition/Community Alternativ** - Funding is provided to transition clients from Residential Habilitation Centers (RHC). The department is authorized to conduct individual assessments, develop support plans and transition individuals in Francis Haddon Morgan Center and Rainier School. Five RHCs will be consolidated into three. Clients may choose community placements provided in SOLAs and supported living homes or they may choose an alternative RHC. (General Fund-State, General Fund-Federal)

8. **RHC Diversions, Community Investment** - Funding is provided for new investments in the community to reduce ongoing demand for RHC services. Funding will support twelve short-term crisis and respite beds in SOLAs, mobile treatment teams, and a transition team and parent-to-parent mentors to facilitate consolidating residential habilitation centers. (General Fund-State, General Fund-Federal)

9. **Provide Community Placements** - Funding is provided for out-of-home community residential placements for 58 individuals with developmental disabilities. These clients will need placement as they move from other placements, including foster care, juvenile rehabilitation, mental health institutions, and the Department of Corrections. (General Fund-State, General Fund-Federal)

10. **Reduce RHC Staff & Services** - Reductions are made to Residential Habilitation Centers (RHC). The reductions will come from changes in adult training programs, food services, increased client density in houses and cottages, cottage closures, and staff layoffs. (General Fund-State, General Fund-Federal)

11. **SOLA Staffing - High Need Clients** - Two specific clients have chosen to be placed into the SOLA program rather than continuing to be served in a RHC placement. These clients require a higher than normal level of support in order to remain safely in the community. (General Fund-State, General Fund-Federal)

12. **Reduce Personal Care Hours** - Personal Care provides assistance with daily living activities to individuals who meet functional and financial eligibility. An average 10 percent acuity-based reduction is made to personal care service hours for adult clients receiving in-home personal care under Medicaid programs. The actual reduction will range between 6 percent and 18 percent per client depending on acuity. (General Fund-State, General Fund-Federal)
13. **MPC Hours-Training Impact** - Contributions to the training trust to pay for training for individual providers and represented agency providers are provided based on the total number of Medicaid personal care hours worked by the providers. Since the total number of personal care hours is being reduced there is a corresponding reduction in the contributions to the training trust. (General Fund-State, General Fund-Federal)

14. **MPC Hours-Health Care Impact** - Health care contributions for individual providers are made based on the total number of Medicaid personal care hours worked by all providers. Since the total number of hours is being reduced, there is a corresponding reduction in health care contributions. (General Fund-State, General Fund-Federal)

15. **Reduce Professional Services** - The Department of Social and Health Services will assume savings in contracted professional services for therapies and technical assistance. (General Fund-State, General Fund-Federal)

16. **Capture Voluntary Placement Savings** - Voluntary Placement Program funding is aligned with past years' expenditure levels. This reduction reflects projected under-expenditures and is not expected to have a direct impact on clients.

17. **Adult Working Policy Reform** - The adult working policy for persons with a developmental disability will be reformed. Savings are achieved by allowing client choice in services. Clients between the ages of 21-64 will be allowed to utilize employment services. After nine months, individuals will have access to the community access program. (General Fund-State, General Fund-Federal)

18. **Reduce Central Office** - The Division of Developmental Disabilities' central office will reduce expenditures for travel, equipment, printing, and projects. The reduction will result in less assistance to field staff, advocates, consumers, and partners. (General Fund-State, General Fund-Federal)

19. **Reduce Field Staff & Services** - Reductions are made to case managers and case management services on the no-paid services caseload. In addition, vacant positions are not filled and reductions are made to regional office expenditures. (General Fund-State, General Fund-Federal)

20. **Reduce Residential Services** - Vendor rates are reduced for residential providers which provide care to clients with Developmental Disabilities. Community residential providers for clients with developmental disabilities include supported living, group homes, alternative living, companion homes, and licensed staff residential settings. (General Fund-State, General Fund-Federal)

21. **Adjust AFH Rates for License Fees** - Medicaid provider rates for adult family home providers are adjusted to reimburse providers for the license fees paid in on Medicaid clients. (General Fund-Local, General Fund-Federal)

22. **Reduce AP Health Benefit** - Agency parity is severed and the Department of Social and Health Services' Developmental Disabilities Division will provide reimbursement for agency provider health benefits not to exceed $450 per member per month. (General Fund-State, General Fund-Federal)

23. **Reduce Regional Administration** - The Department of Social and Health Services is consolidating its regional structure from six to three for all programs. (General Fund-State, General Fund-Federal)

24. **Medicare Part D Copayments** - The state medical assistance program will no longer cover the cost of their Medicare Part D drug co-payments for persons who qualify for both Medicare and Medicaid. As a result, client participation will decrease and state costs for providing care will increase. (General Fund-State, General Fund-Federal)

25. **Parent to Parent** - Funding is provided for direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

26. **AP rates L&I adjustment update** - Reimbursements are made to homecare agencies for the increase in average base rate costs of Labor & Industry (L&I) insurance. These statutorily required reimbursements are provided in accordance with RCW 74.39A.310. (General Fund-State, General Fund-Federal)
27. **Delay Mandatory Training** - Funding is provided for increased basic training beginning January 1, 2011, for non-family member Individual Providers (IP) and Agency Providers (AP) only. Basic training for all other long term care workers is delayed to the 2013-15 biennium. Continuing education, is delayed to the 2013-15 biennium for all long-term care workers including IPs, with the exception that Developmental Disability residential workers that will be exempted from this requirement. Developmental Disability residential workers currently do not have requirements for continuing education and will be exempted from the increase to 12 hours for this category of training. Certification, advanced training, peer mentorship, and background checks are delayed for all long term care workers, including IPs, to the 2013-15 biennium. (General Fund-State, General Fund-Federal)

28. **CBA Reduce Training Contributions** - Contributions paid to the training partnership and for agency parity are reduced from $0.22 cents per hour to $0.17 cents per hour. Training is delayed. House Bill 1548 and Senate Bill 5473 (Long Term Care Worker Requirements), make statutory changes to the increased training requirements and therefore the state shall contribute to the partnership seventeen cents ($0.17) per paid hour worked by all home care workers. This amount is pursuant to the collective bargained agreement negotiated with the exclusive bargaining representative of individual providers.

29. **RHC Consolidation Reinvestment** - Residential habilitation centers are consolidated by closing Frances Haddon Morgan Center and Rainier School. State savings are realized due to the differential costs between institutional-based and community residential care. $6,150,000 of the state savings is reinvested to expand community residential and respite services for Medicaid eligible individuals with developmental disabilities. (Community Residential Investment Account-State, General Fund-Federal)

30. **RHC Community Capacity Start Up** - Funding is specifically provided to facilitate the development of community residential services for supported living and state operated living alternatives. Developing additional community capacity will facilitate the consolidation of the residential habilitation centers and ease the transition of clients. (State Efficiency and Restructuring Account-State)

31. **Medicare Part D staff impacts** - The state medical assistance program will no longer cover the cost of their Medicare Part D drug co-payments for persons who qualify for both Medicare and Medicaid. As a result, client participation will decrease and state costs for providing care will increase. Additional program staff are needed to recalculate client participation. (General Fund-State, General Fund-Federal)

32. **RHC Savings Trust Deposit** - A portion of the general fund-state savings that result from the consolidation of residential habilitation centers is deposited to the community residential investment account. (General Fund-State, Community Residential Investment Account-State)

1. **Money Follows the Person** - The Center for Medicare & Medicaid Services (CMS) has approved additional federal funds to staff the Money Follows the Person (MFP) demonstration project. Ten long term care positions and eight developmental disability positions funded by the MFP grant will focus exclusively on transitioning clients from state institutions to community settings. (General Fund-State, General Fund-Federal)

2. **NH Quality Incentive Payments** - Pursuant to Substitute Senate Bill 5581 (nursing home safety net assessment), the Skilled Nursing Facility Safety Net Assessment Fund is created in the state treasury. Nursing facilities will provide the funds to leverage federal Medicaid matching funds that will be invested in Medicaid nursing facility payments. (General Fund-State, Skilled Nursing Facility Safety Net Assessment Fund-State, General Fund-Federal)

3. **Reduce AAA Unit Rate** - The monthly rate paid to the Area Agencies on Aging (AAA) is reduced by 3 percent for each home managed for Medicaid clients. Core service contract management performed by AAAs will also be reduced by 3 percent. The client caseload ratio will increase from 1:70 to 1:72 as a result of this reduction. (General Fund-State, General Fund-Federal)

4. **Reduce Senior Citizens Services Act** - Reductions are made to the Senior Citizens Services Act (SCSA). Through Area Agencies on Aging (AAAs), SCSA funds are used to pay for services that delay entry into Medicaid and enable people to live in their homes as long as possible. Services affected include case management, transportation, bathing assistance, minor home repair, foot care, and senior meals.

5. **CBA IP Health Benefits Cents Per Hour** - Funding is provided for health benefits for Individual Providers (IPs). The tentative agreement for the collectively bargained home care workers contract converts the way that health benefits are paid from a per-member-per-month payment methodology to a cents-per-hour payment methodology. Based on the total funds appropriated for IP health benefits, the base conversion went from a $620 per-member-per-month payment to $1.82 per hour. However, base funding for agency providers was also included in the calculation. The final cents-per-hour amount for IPs that is in the tentative agreement is $1.96 per hour. This assumes that agency parity for health benefits is severed and that funding for agency benefits will be provided separately. (General Fund-State, General Fund-Federal)

6. **Adult Day Health_COPES** - The Affordable Care Act implemented new Federal requirements that no longer allow 1915 (i) services to be capped beginning October 2010. Adult Day Health (ADH) is eliminated as a 1915(i) service and is re-established for long-term care clients under the 1915(c) Community Options Program Entry System (COPEs) waiver. Approximately 900 clients with developmental disabilities that are currently receiving ADH will be allowed to choose to continue the program by moving onto the long term care waiver, or they may receive the day services established within the Division of Developmental Disabilities' waiver programs. Clients with developmental disabilities may choose either a day service or an employment service. (General Fund-State, General Fund-Federal)

7. **Alien Medical Long Term Placements** - The state provides nursing facility care for approximately 45 state-only alien medical clients who are discharged from hospitals with acute, long-term medical conditions. Of the 45 state-only funded nursing home slots, 40 will be moved into adult family homes. The DSHS will continue to provide medical coverage to maintain current levels of medical care and a consistent level of services for these clients.

8. **Reduce Personal Care Hours** - Personal Care provides assistance with daily living activities to individuals who meet functional and financial eligibility. An average 10 percent acuity-based reduction is made to personal care service hours for adult clients receiving in-home personal care under Medicaid programs. The actual reduction will range between 6 percent and 18 percent per client depending on acuity. (General Fund-State, General Fund-Federal)

9. **MPC Hours-Training Impact** - Contributions to the training trust to pay for training for individual providers and represented agency providers are provided based on the total number of Medicaid personal care hours worked by the providers. Since the total number of personal care hours is being reduced there is a corresponding reduction in the contributions to the training trust. (General Fund-State, General Fund-Federal)

10. **MPC Hours-Health Care Impact** - Health care contributions for individual providers are made based on the total number of Medicaid personal care hours worked by all providers. Since the total number of hours is being reduced, there is a corresponding reduction in health care contributions. (General Fund-State, General Fund-Federal)
11. **Expand Family Caregiver Diversion** - Investments are made in the Family Caregiver Support Program (FCSP), including specialized caregiver support for people with Alzheimer's disease. The FCSP is a service available to unpaid caregivers of adults who need care. Providing these caregivers with information and connecting them to other resources may help clients remain in their homes and may delay entry into more costly long-term care services. The Washington Institute for Public Policy will conduct a review of the outcomes of this General Fund-State investment in diverting individuals from publicly funded nursing home and residential long term care services.

12. **Family Caregiver_Reduce NH caseload** - Savings are assumed by reducing the number of nursing home funded beds by 110. General Fund-State savings will be reinvested into the Family Caregiver program. (General Fund-State, General Fund-Federal)

13. **Family Caregiver_Reduct Comm client** - Savings are assumed by reducing the number of LTC residential funded beds by 190. General Fund-State savings will be reinvested into the Family Caregiver program. (General Fund-State, General Fund-Federal)

14. **Expand Family Caregiver_Memory Care** - Investments are made for specialized caregiver support for people with Alzheimer's disease.

15. **Increase AFH License Fee** - Pursuant to Substitute Senate Bill 5092 initial home license fees for adult family homes are increased to $2,750 per home and annual renewal license fees are established in the biennial appropriations act. (General Fund-State, General Fund-Local, General Fund-Federal)

16. **Adjust AFH Rates for License Fees** - Medicaid provider rates for adult family home providers are adjusted to reimburse providers for the license fees paid in on Medicaid clients. (General Fund-Local, General Fund-Federal)

17. **Increase NH License Fee** - Nursing home license fees are increased to cover the costs of licensing and inspection. (General Fund-Private Local, General Fund-Federal)

18. **Vulnerable Adlts_AFH quality assura** - Funding is provided for additional investigations and quality assurance in adult family homes. (General Fund-Private Local, General Fund-Federal)

19. **Adjust NH Rates for License Fees** - Nursing home rates are increased for publicly funded beds to compensate for increases in licensing fees. (General Fund-Private Local, General Fund-Federal)

20. **Reduce AP Health Benefit** - Agency parity is severed and the Department of Social and Health Services will provide reimbursement for agency provider health benefits not to exceed $450 per member per month. (General Fund-State, General Fund-Federal)

21. **Reduce Regional Administration** - The Department of Social and Health Services is consolidating its regional structure from six to three for all programs. (General Fund-State, General Fund-Federal)

22. **Medicare Part D Copayments** - The state is discontinuing the reimbursement of co-payments for prescription drug purchases made by qualifying dually eligible Medicare/Medicaid clients in the Medicare Part D program. (General Fund-State, General Fund-Federal)

23. **AP rates L&I adjustment update** - Reimbursements are made to homecare agencies for the increase in average base rate costs of Labor & Industry (L&I) insurance. These statutorily required reimbursements are provided in accordance with RCW 74.39A.310. (General Fund-State, General Fund-Federal)

24. **Delay Mandatory Training** - Funding is provided for increased basic training beginning January 1, 2011, for non-family member Individual Providers (IP) and Agency Providers (AP) only. Basic training for all other long term care workers is delayed to the 2013-15 biennium. Continuing education, is delayed to the 2013-15 biennium for all long-term care workers including IPs, with the exception that Developmental Disability residential workers that will be exempted from this requirement. Developmental Disability residential workers currently do not have requirements for continuing education and will be exempted from the increase to 12 hours for this category of training. Cerfication, advanced training, peer mentorship, and background checks are delayed for all long term care workers, including IPs, to the 2013-15 biennium. (General Fund-State, General Fund-Federal)
25. **CBA Reduce Training Contributions** - Contributions paid to the training partnership and for agency parity are reduced from $0.22 cents per hour to $0.17 cents per hour. Training is delayed. House Bill 1548 and Senate Bill 5473 (Long Term Care Worker Requirements), make statutory changes to the increased training requirements and therefore the state shall contribute to the partnership seventeen cents ($0.17) per paid hour worked by all home care workers. This amount is pursuant to the collective bargained agreement negotiated with the exclusive bargaining representative of individual providers. (General Fund-State, General Fund-Federal)

26. **Reduce Kinship Care/Navigator** - The Kinship Caregiver Support and Kinship Navigator programs are reduced by approximately 10 percent.

27. **Medicare Part D staff impacts** - The state medical assistance program will no longer cover the cost of their Medicare Part D drug co-payments for persons who qualify for both Medicare and Medicaid. As a result, client participation will decrease and state costs for providing care will increase. Additional program staff are needed to recalculate client participation. **Comments:**

1. **Collective Bargaining Agreement** - The Office of Financial Management and Service Employees International Union 775 have agreed to a settlement proposal regarding homecare worker healthcare, training, and certification testing. Funding is provided for provisions related to Service Employees International Union 925, whose members are also impacted by this proposal.

2. **Eliminate Child Support Pass Thru** - Funding is reduced to reflect the suspension of the child support pass-through which was authorized under the Federal Deficit Reduction Act of 2005. (General Fund-State, General Fund-Federal)

3. **Elimination - IRS Re-Distribution** - Funding is reduced to reflect the continued suspension of the Federal Deficit Reduction Act of 2005 which allows states to distribute child support collections made through federal tax intercepts to families. (General Fund-State, General Fund-Federal)

4. **Reduce Regional Administration** - Funding is reduced due to the Department of Social and Health Services (DSHS) consolidating its regional structure from six regions to three for all programs across the state. (General Fund-State, General Fund-Federal)

5. **Disability Lifeline** - Savings is assumed from several changes made to the Disability Lifeline (DL) cash programs including DL-Unemployable (DL-U), DL-Expedited (DL-X), and DL-Other. The cash benefit for the DL-Unemployable is eliminated. Homeless DL-U clients will be provided priority for housing resources funded by the Home Security Fund in the Department of Commerce. The DL-X cash program is reformed by creating two separate components - a housing component for homeless clients and a non-housing component for clients with shelter. The housing component clients will be eligible for a housing voucher of up to $674 per month per client and $50 cash per month. The state can be reimbursed by the federal government for successful SSI applicants. The non-housing component and the DL-Other cash program will continue to receive the cash benefit at the FY 2011 reduced levels.
6. **Naturalization Program** - Funding is reduced for the Naturalization Program, which provides services that prepare low-income refugees and legal immigrants for U.S. citizenship testing.

7. **State Food Assistance** - Funding is reduced for the State Food Assistance Program. The DSHS will achieve savings by reducing the benefit amount by 50 percent in the second year of the biennium only. This savings is based on resolution of legal issues that would allow this reduction to be implemented at that time.

8. **Refugee Employment Svcs** - State general funds are reduced for Refugee Employment Services. These services include employment placement assistance, English as a Second Language training, job skills training, job search workshops, and job retention services.

9. **Reduce Administrative Costs** - The Economic Services Administration will achieve savings from administrative reductions. (General Fund-State, General Fund-Federal)

10. **Refugee Grant** - Funding is reduced for refugee assistance grants by 15 percent. The Refugee Cash Assistance grant is tied to the Temporary Assistance for Needy family (TANF) grant standards. The TANF grant standards were reduced by 15 percent in FY 2011.

#### Policy Non-Comp Changes:

1. **Reduce Chemical Dependency Services**  
   - Funding is reduced for outpatient and residential chemical dependency services.  
   - Funding from the Substance Abuse and Prevention (SAPT) block grant is reallocated from residential services to offset the General Fund-State reductions to outpatient and detoxification services.  
   - The Department will amend contract language to require counties to maintain chemical dependency assessments, outpatient treatment, opiate and detoxification services for pregnant and parenting women, Medicaid and low-income clients.

2. **Reduce Regional Administration**  
   - The Department of Social and Health Services is consolidating its regional structure from six to three for all programs across the state. (General Fund-State, General Fund-Federal)

3. **Reduce Administrative Staff**  
   - Five administrative staff positions are eliminated. (General Fund-State, General Fund-Federal)

4. **Disability Lifeline**  
   - The Department of Social and Health Services (DHS) is funded $3,782,000 GF-State in the 2011-13 Biennial Budget for the increased caseload for Disability Lifeline clients.

5. **Increase License/Certification Fee**  
   - The Department will establish licensing and certification fees at an amount adequate to reimburse costs for its certification and regulation activities for approved chemical dependency treatment programs. (General Fund-State, General Fund-Local)

6. **DL & ADATSA-Impl Fed Waiver 1115**  
   - The Department has implemented a federal waiver for individuals served by the Disability Lifeline (DL) and Alcohol and Drug Addiction Treatment Support Act (ADATSA). The waiver allows the Department to draw federal matching funds for treatment services provided to these populations and reduces the state funding required to serve them. (General Fund-State, General Fund-Federal)

7. **Reduce Tribal Administrative Costs**  
   - State support for tribal administration expenses is reduced from a maximum of 10 percent to eight percent per year.

Comments:

1. **Access to Child Dentistry** - Funding for local outreach, case management, and coordination for the Access to Baby and Child Dentistry program is transferred from the Department of Health to the medical assistance program.

2. **Children's Health Program DSH** - The Department will use federally-matched Disproportionate Share Hospital (DSH) funds to reimburse hospitals for non-emergency inpatient and outpatient care for children who are not eligible for federal Title XIX or Title XXI matching funds due to their immigration status. (General Fund-State, General Fund-Federal)

3. **Prior Auth - Advanced Imaging** - The medical assistance program will initiate increased medical necessity review of advanced imaging technologies such as CT and PET scans, magnetic resonance imaging, and cardio nuclear imaging. This is expected to result in an approximately 20 percent reduction in expenditures on such services. (General Fund-State, General Fund-Federal)

4. **Prior Auth - Surgical Procedures** - The medical assistance program will contract for medical necessity review and prior authorization of selected orthopedic, spinal, and nerve surgeries. This is expected to reduce expenditures for such surgeries by approximately 20 percent when fully implemented. (General Fund-State, Hospital Safety Net Assessment Account-State, General Fund-Federal)

5. **Emergency Room Utilization** - Effective July 1, 2011, the medical assistance program will pay for no more than three emergency room visits for a non-emergent condition per enrollee per year. Hospitals may directly bill enrollees for the fourth and subsequent visits for non-emergent conditions, and are encouraged to work with enrollees and primary care providers to avoid earlier such visits. Non-emergent conditions include ear infections, colds, sore throats, sinusitis, dermatitis, sunburn, migraines and other headaches, and joint or back pain. (General Fund-State, General Fund-Federal, Hospital Safety Net Assessment Account-State)

6. **Medication Practice Improvement** - The medical assistance program will partner with community mental health centers, other prescribers of adult ant-psychotic medications, and public schools of medicine and pharmacy to improve prescriptive practice and adherence with regard to the safe and effective use of antipsychotic and other medications used in the treatment of serious and persistent mental illness. The effort will include development and delivery of standard protocols and practices regarding best and promising practices; development of metrics and production of peer-comparison feedback reports for prescribers and mental health centers regarding medication adherence, poly-pharmacy, excessive dosing, and off-label use; and establishment of an access line through which community practitioners can obtain second opinion consultations regarding cases flagged for additional utilization review. These efforts, the non-federal share of which is to be funded with $300,000 obtained through settlement of lawsuits involving the drug Seroquel, are expected to result in an approximately 6 percent reduction in state expenditures for adult mental health medications over the course of the 2011-13 biennium. (General Fund-State, General Fund-Local, General Fund-Medicaid)

7. **Cesarean Section Births** - The medical assistance program will partner with obstetricians, gynecologists, family practitioners, a health sciences university or universities, and other state and private purchasers to develop and deliver a curriculum based on the current literature and best practices regarding induced, cesarean section, and post-cesarean births. This, together with metrics development and practitioner feedback reporting, is expected to result in a 20 percent reduction in the number of publicly-funded births that would otherwise be delivered by cesarean section, lower birth and post-partum costs, and improved birth outcomes. (General Fund-State, Hospital Safety Net Assessment Account-State, General Fund-Federal)
8. Hospital Inpatient - Hospital inpatient payment rates, most of which were increased by 17.7 percent during the 2010 session, are reduced by 8 percent effective July 1, 2011. The rate reduction applies only to non-governmental, non-rural hospitals. This reduction is based upon analysis showing that Medicaid inpatient payment rates for such hospitals are presently an average of 6 percent higher than the federal Medicare program would pay for the same service. (General Fund-State, General Fund-Federal)

9. Hospital Outpatient - Hospital outpatient payment rates, most of which were increased by 42 percent in the 2010 session, are reduced by 7 percent effective July 1, 2011. The rate reduction applies only to non-governmental, non-rural hospitals. This reduction is based upon analysis showing that Medicaid outpatient payment rates for such hospitals are presently an average of 5 percent higher than the federal Medicare program would pay for the same service. (General Fund-State, General Fund-Federal)

10. Hospital Safety Net Assessments - Revenue to the hospital safety net assessment account exceeds projected expenditures. The excess fund balance is used to cover the cost of hospital services that would otherwise be funded from the state general fund.

11. Basic Health Plan Children - Coverage and funding for approximately 1,700 children who had previously been covered under the basic health plan (BHP) were transferred to the medical assistance Apple Health for Kids program in the second 2011 supplemental operating budget. (General Fund-State, General Fund-Federal, Hospital Safety Net Assessment Fund-State)

12. Premiums - The medical assistance program will seek a federal Medicaid waiver to allow the state to charge (1) $10 monthly premiums for medical coverage of children with gross family incomes between 150-200% of the federal poverty level; (2) to increase by $10 per month the $20 and $30 monthly premiums that are presently charged families with incomes between 200-250% and 250-300% of the poverty level, respectively; and (3) to charge $200-$300 delivery fees on a income-adjusted basis for births to families with gross incomes between 150-300% of the poverty level. (General Fund-State, General Fund-Federal)

13. RHC Prenatal & Well-Child Visits - Federally-qualified rural health clinics (RHCs) will be paid their standard cost-related encounter rate for prenatal and well-child services provided to women and children enrolled in the state Medicaid and State Children's Health Insurance programs. Additionally, such visits are to be considered eligible for the standard encounter rate for purposes of reconciling managed care enhancement payments for 2009 and 2010. (General Fund-State, General Fund-Federal)

14. Drug Utilization Management - The medical assistance program will increase efforts to promote more cost-effective drug utilization. Efforts will focus upon drugs where there is evidence of over-utilization, off-label use, excessive dosing, duplicative therapy, or opportunities to shift utilization to less expensive, equally effective formulations. (General Fund-State, General Fund-Federal)

15. Drug Co-Pays - The medical assistance program will seek a federal Medicaid waiver to allow implementation during the second year of the 2011-13 biennium of enforceable co-payments that will promote more cost-effective use of prescription drugs. The co-payments are expected to apply to all medical assistance enrollees, and are expected to include a tiered strategy under which there would be no co-pay for most generic drugs; a $15 co-pay for preferred brand-name drugs; and 50 percent co-insurance for non-preferred drugs. (General Fund-State, General Fund-Medicaid)

16. Wheelchair Selective Contracting - The medical assistance program will competitively contract with manufacturers and/or distributors of wheelchairs. The competitive bidding process is to be completed no later than July 2012. (General Fund-State, General Fund-Medicaid)

17. Transportation Co-Pays - The medical assistance program shall seek a federal Medicaid waiver to charge a $1 per-trip co-payment for each of the 3.5 million non-emergency trips to medical settings for which it pays annually. (General Fund-State, General Fund-Federal)

18. Chronic Care Medical Homes - Funding is provided for development and implementation of primary care medical homes for persons with multiple chronic conditions. These efforts are expected to avoid and reduce future medical costs by assuring more coordinated and consistent care for persons with multiple chronic medical and behavioral health conditions. Current state funding will be leveraged with the enhanced federal match available for such projects under the Patient Protection and Affordable Care Act to provide primary medical homes for an average of 1,500 persons per month during FY 2012 and an average of 3,500 during FY 2013. (General Fund-State, General Fund-Federal)

19. Disability Lifeline - Enrollment in the medical component of the Disability Lifeline program is limited to an average of 12,650 persons per month during FY 2012 and an average of 11,750 per month during FY 2013. This is to be accomplished by limiting new admissions to the program until the capped enrollment level of 11,750 is reached, which is expected to occur in approximately October 2011. (General Fund-State, General Fund-Federal).
20. **ADATSA** - New admissions to the Alcoholism and Drug Addiction Treatment and Support Act (ADATSA) program are frozen until program enrollment reaches 3,100, after which the program will operate at that average monthly enrollment level through the end of the 2011-13 biennium. (General Fund-State, General Fund-Federal)

21. **Federal Cancer & Dialysis Match** - The federal government is expected to approve the state's proposal that cancer and kidney dialysis treatment for persons who do not qualify for full-scope Medicaid coverage because of their immigration status should qualify for federal matching funds under the alien emergency medical provisions of the Medicaid program. (General Fund-State, General Fund-Federal)

22. **Adult Hearing** - The medical assistance program will not pay for adult hearing aids and devices during the 2011-13 biennium. (General Fund-State, General Fund-Federal)

23. **Adult Vision** - The medical assistance program will not pay for adult eyeglasses during the 2011-13 biennium. As provided in Senate Bill 5352, medical assistance recipients will be able to purchase eyeglasses from optical providers at the discounted correctional industries production rate. (General Fund-State, General Fund-Federal)

24. **Adult Therapies** - The medical assistance program will limit coverage of occupational, physical, and communication disorder therapies to 12 visits per year for adults with injuries to the brain, hips, knees, or spine, and to six visits per year for persons with all other injuries. (General Fund-State, General Fund-Federal)

25. **Durable Medical Equipment (DME)** - The medical assistance program will competitively contract with manufacturers and/or distributors of nutritional supplements and incontinence supplies. The competitive contracting process is to be completed no later than January 2012. (General Fund-State, General Fund-Medicaid)

26. **SSI Managed Care** - During the second year of the 2011-13 biennium, the medical assistance program plans to transition all elderly and disabled supplemental security income (SSI) recipients into either fully capitated medical managed care or into primary care medical homes operating on a risk-sharing basis. This is expected to result in reduced expenditures through more cost-effective care management, coordination, and delivery. (General Fund-State, General Fund-Federal)

27. **Interpreter Services** - No later than January 2012, the medical assistance program will replace the current system for delivery of spoken-language interpreter services with a more cost-effective one. Under the new system, one or two specialty contractors, operating within state-defined protocols for service quality, appropriateness, and timeliness, will be responsible for selecting and arranging the most cost-effective method for delivery of spoken-language interpretation appropriate to the patient's medical needs and the service-delivery setting. Such methods may include telephonic or video remote services for which the contractor sub-contracts with a qualified provider of such services, or face-to-face interpreter services for which the contractor sub-contracts with an in-state language access provider certified by the state. (General Fund-State, General Fund-Federal)

28. **School Based Medical Services** - The medical assistance program will initiate a new intergovernmental transfer program under which the state and school districts will each provide half of the required non-federal matching funds for therapies and other qualifying medical services provided to Medicaid-eligible children. (General Fund-State, General Fund-Federal)

29. **Medicare Part D Copayments** - The state medical assistance program will no longer cover the cost of their Medicare Part D drug co-payments for persons who qualify for both Medicare and Medicaid.

30. **Podiatric Physician Reimbursement** - The medical assistance program will reimburse for adult foot care only when it is medically necessary to treat an acute condition or for non-acute conditions for at-risk clients. The program will distribute a list of diagnosis codes eligible for reimbursement. Treatment for other conditions may be reviewed for medical necessity using the exception to rule process. (General Fund-State, General Fund-Federal)

31. **Children's Health Program** - As provided in Senate Bill 5929, the Children's Health Program (CHP), which provides medical and dental coverage for children ineligible for federal funding, will no longer provide subsidized coverage for children with family incomes over 200 percent of the federal poverty level. Families may continue to enroll in the program by paying a premium equal to the average state cost per enrollee with income under 200 percent of poverty.
32. Adult Dental - Funding is reduced for preventive and restorative dental care for adult recipients of state medical assistance. Preventive and restorative dental care will continue to be available for Medicaid recipients who are pregnant; who reside in a nursing home or intermediate care facility; or who receive long-term care services under one of the Medicaid home- and community-based services waivers. Only emergency dental care will be covered for other adult medical assistance recipients. (General Fund-State, General Fund-Federal)

33. FQHC Payment methodology - Federal law requires that federally-qualified health centers (FQHCs) and rural health centers (RHCs) be paid a cost-related per visit rate for services to persons covered by the Medicaid and State Children's Health Insurance (SCHIP) programs. In 2009, the medical assistance program replaced the prospective payments system (PPS) that was based on 2001 costs adjusted by a national measure of medical inflation with an alternative payment methodology (APM) that has resulted in higher state and federal payment rates and expenditures. The program is to adopt a new payment methodology effective July 1, 2011 under which the APM will be reduced by an average of approximately 16.3 percent. This is expected to result in an approximately 9 percent reduction in total Medicaid and SCHIP payments to the clinics. (General Fund-State, General Fund-Federal).

34. Healthy Options Rates - The medical assistance program will place significant emphasis upon price in the 2012 competitive procurement for health insurers to deliver services under the existing Healthy Options managed care program for non-disabled children and adults. This is expected to result in lower payments than would occur under the baseline system of negotiated rate-setting. (General Fund-State, General Fund-Federal).

35. Reduce Maternity Support program - The Maternity Support Services (MSS) program provides professional observation, assessment, education, intervention, and counseling for pregnant and postpartum women. Funding for this program is reduced by approximately 35 percent. The department will prioritize evidence-based practices, and it will continue to target the available funds toward pregnant women with the highest risk of poor birth outcomes. (General Fund-State, General Fund-Federal)

36. Tobacco Cessation Funding - Funding for smoking cessation services is shifted among accounts. (General Fund-State, Tobacco Prevention and Control Account-State)

37. CHP Enrollment Cap - Enrollment in the Children's Health Program (CHP) is limited to an average of 23,300 children per month during FY 2012 and an average of 22,500 per month during FY 2013. As provided in Senate Bill 5929, this is to be accomplished by limiting new admissions to the program until the capped enrollment level of 22,500 is reached, which is expected to occur in January 2012. CHP provides medical and dental coverage for children with family incomes below 200 percent of the federal poverty level who are ineligible for federally-funded programs. (General Fund-State, General Fund-Federal)

38. Health Info Technology Implement - Funding is provided to implement the provider incentive payments and other initiatives related to the plan for increased use of electronic billings and medical records in the state Medicaid program. (General Fund-State, General Fund-Federal)

39. Program Integrity - The medical assistance program has contracted with a private firm on a contingency basis to identify additional recipients who may have private or other public insurance coverage that can pay for their medical care. This is expected to result in an approximately 10 percent increase in the number of recipients for whom such coverage is identified, for a net state savings of approximately $24 million. Funding is also provided for additional audit and benefit coordination staff who are expected to recover and avoid approximately $14 million of state medical expenditures. (General Fund-State, General Fund-Federal)

40. Medicaid Airlift Svcs Supp Pmt Pgm - Funding for medical airlift services is increased by using local funds to collect federal Medicaid match. (General Fund-Federal, General Fund-Private/Local)

41. Administrative Reduction - Because of hiring freezes and other cost reduction efforts, the medical assistance program is operating at 4 percent below the level budgeted for FY 2011. Funds are reduced to reflect continued operation at this reduced level. (General Fund-State, General Fund-Federal)

42. Cowlitz County Integration - Funds are provided for the department to provide administrative assistance and data analysis that will facilitate and support integrated delivery of medical and behavioral health services in Cowlitz County. (General Fund-State, General Fund-Federal)
43. Medicaid Fraud Enforcement - Funds are provided for implementation of Senate Bill 5458. The bill establishes new tools for detecting and prosecuting Medicaid fraud, and new penalties for engaging in it. Additionally, to better track the effectiveness of fraud enforcement efforts, funds recovered from fraudulent activities will be deposited into a new state account that is to be used only for payment of fraud enforcement activities and Medicaid services. (General Fund-State, Medicaid Fraud Penalty Account-State, General Fund-Federal)

44. Medicaid Demonstration Waiver - As provided in Senate Bill 5596, the medical assistance program is to develop and obtain federal approval for a demonstration project that will allow the state greater flexibility in management of its Medicaid program. The project is to include flexibility to provide a modified benefit package modeled on the essential benefits package proposed for national health reform; to differentiate benefits based on enrollee age, disability, and medical condition; to implement reasonable and enforceable cost-sharing; to streamline and more frequently verify eligibility determination; and to adopt new payment mechanisms that contain costs while improving health. Funds are provided for staff and contractors to develop alternative program approaches; to advise policy-makers on their fiscal, enrollee, and delivery system impacts; and to work with federal officials to secure project approval by the second year of the biennium. (General Fund-State, General Fund-Federal)

45. Children's Toll-Free Hotline - Funds are provided to continue operation by a non-profit organization of a toll-free phone line that helps families learn about and enroll in Apple Health for Kids, which provides publicly-funded medical and dental care for families with incomes below 300 percent of the federal poverty level. (General Fund-State, General Fund-Federal)

**Comments:**

1. **Eliminate Service Center Funding** - General Fund-State funding for the Deaf-Blind Service Center is eliminated. Funding will be provided from the Telecommunications Devices for the Hearing and Speech Impaired Account and administered by the Office of Deaf and Hard of Hearing. (Telecommunications Devices for the Hearing and Speech Impaired Account-State)

2. **Reduce Basic Support Grant** - Across-the-board reductions are made to the Division of Vocational Rehabilitation. The General Fund-State reduction will reduce expenditures used to generate federal match dollars for the Basic Support Grant. The division will still satisfy federal maintenance of effort requirements. (General Fund-State, General Fund-Federal)

3. **Leverage Fed Funds Basic Support** - The Basic Support Grant used to provide employment services to persons with disabilities is matched by the federal government at an 80 percent match rate. Telecommunication and hearing device funds will be used to leverage federal funding and to allow the Basic Support program to grow slightly above maintenance of effort levels. An investment of $300,000 of the Telecommunications Devices for the Hearing and Speech Impaired account funds is used to leverage $1,500,000 in Federal funds for the Basic Support Grant. (General Fund-State, Telecommunications Devices for the Hearing and Speech Impaired Account-State, General Fund-Federal)

**Comments:**

1. **Eliminate Family Policy Council** - Statutory authority for the Family Policy Council is eliminated. Authority will be retained for local networks through the Community Initiative.

2. **Eliminate Council for Children** - The Council on Children and Families is eliminated. Some of the functions will continue through the Community Initiative.

3. **Collective Bargaining Agreement** - The Office of Financial Management and Service Employees International Union 775 have agreed to a settlement proposal regarding homecare worker healthcare, training and certification testing. (General Fund-State, General Fund-Federal)

4. **Establish Community Initiative** - The Department of Social and Health Services shall establish a public-private partnership that helps address the needs of high-risk children and families. The Department is authorized to develop partnerships and a new model for financing network community capacity building and reducing adverse childhood experiences. One-time state funding is provided to start up the initiative.

5. **Additional OFA Investigators** - Additional resources are provided for TANF and other fraud investigations. (Performance Audit of Government Account)

6. **ProviderOne Implementation** - Funding is provided for the Social Service Payment System data conversion and transition to ProviderOne. (General Fund-State, General Fund-Federal)

7. **Reduce Administrative Costs** - The Department of Social and Health Services will make administrative reductions in operations support and services, planning performance and accountability, research and data analysis, and internal control staff. (General Fund-State, General Fund-Federal)
8. **Use Performance Audit for DFI** - Funding for the Division of Fraud Investigations is transferred on a one-time basis to the Performance Audit of State Government Account. The primary work of the division is focused on child support, TANF, and other eligibility and program enforcement work of the Department of Social and Health Services. (General Fund-State, Performance Audit of Government Account)

9. **Community Initiative Funding** - Funding is provided for the department to secure matching private funds to allocate to the community networks to provide training and services related to adverse childhood events. (General Fund-State, General Fund-Local)

Comments:

1. **Reduce Administrative Staff** - Funding is reduced for administrative staffing positions at the Special Commitment Center (SCC).

2. **Reduce SCC Programs** - The Special Commitment Center will reduce funding for a number of programs including mailroom services, visitor center hours, recreation programming, clinical internships, and Advanced Registered Nurse Practitioner nursing services.

3. **Fund McNeil Island Operations** - McNeil Island Corrections Center is scheduled to close on April 1, 2011. The Department of Corrections currently funds the staff necessary for marine and island operations. The staff necessary to continue these functions are transferred to the Department of Social and Health Services.

4. **In re Detention/David T. McCuistion** - Funding is provided to pay for increased legal services related to increased legal expenses resulting from the Washington Supreme Court's ruling in *In re Detention of McCuistion* concerning the due process rights of sexually violent predators. The case is scheduled for reconsideration by the Washington Supreme Court.

5. **Reduce SCTF Staffing Ratios** - Funds are reduced to reflect a modification in the staffing models for the Secure Community Transitional Facilities (SCTFs). The staffing models for the SCTF operated by the Special Commitment Center are mandated in statute.

6. **Pharmaceutical Savings** - Funding is reduced to reflect a 20 percent savings associated with utilization of generic prescriptions and efficiencies in procurement.

7. **Reduce Legal Costs** - Savings are assumed to reflect SSB 5202 (sexually violent predators). The savings are based on a reduction in the number of cases by one-third.

**Comments:**

1. **Reduced Staffing and Expenses** - The Columbia River Gorge Commission will reduce staffing and commensurate salaries. Additional savings will be found through reductions in goods and services. All reductions are ongoing. General Fund-State reductions are matched by equal reductions in General Fund-Private/Local, which represents the Oregon share of the reduction, as required by the Columbia River Gorge Compact. (General Fund-State, General Fund-Private/Local)

2. **Savings from Consolidation** - Pursuant to SB 5669, savings are achieved by absorbing the Columbia River Gorge Commission into the Department of Ecology.

**Comments:**

1. **Pollution Liability Agency Tenancy** - Funding is reduced after the Pollution Liability Insurance Agency (PLIA) moves to the Department of Ecology headquarters building in Lacey. Co-location is expected to save about $60,000 per fiscal year in Fiscal Year 2014 and beyond. (General Fund-State, State Toxics Control Account-State, various other accounts)

2. **Move Federal Authority to Capital** - Federal expenditure authority is removed from the operating budget on an ongoing basis for federal grants related to the Shorelands Program that are capital in nature. In the future, expenditure authority for these grants will be addressed in the capital budget. (General Fund-Federal)

3. **Reduce Biosolids Program Funding** - Anticipated revenue into the Biosolids Permit Account will not be sufficient to support the 2011-13 biennium carryforward level of expenditure authority. Therefore, funding is reduced by $400,000 in Fiscal Year 2012 to balance the account and better equalize per-fiscal year spending over the long term. (Biosolids Permit Account-State)

4. **Cont'd Pollution Control Fund Shift** - Continuing a budget change initiated in the 2010 supplemental operating budget, the General Fund-State portion of activities that support cleaning up polluted waters, controlling stormwater pollution, and preventing point source and non-point source pollution is shifted, on a one-time basis, to the State Toxics Control Account. (General Fund-State, State Toxics Control Account-State)

5. **Stabilize Oil Spill Prevention Acct** - The Department of Ecology provides spill prevention and preparedness services to protect Puget Sound, the outer coast, the Columbia River and other inland waters from such incidents. These activities are funded through the Oil Spill Prevention Account. This account is projected to be in shortfall during the 2011-13 biennium. In order to stabilize long-term program funding, expenditure authority for oil spill prevention and response activities is shifted, on an ongoing basis, from the Oil Spill Prevention Account to the State Toxics Control Account. (State Toxics Control Account-State, Oil Spill Prevention Account-State)

6. **Cont'd Watershed Planning Reduction** - Funding and FTE staff are reduced on an ongoing basis for watershed planning technical assistance and grants to local governments, continuing a reduction begun during Fiscal Year 2011.

7. **Cont'd Flood Control Grant Reduc.** - Ecology administers the Flood Control Assistance Account Program, providing grants and technical assistance to local governments for flood damage reduction projects and comprehensive flood hazard management planning. Due to the General Fund-State revenue shortfall, the $2.0 million Flood Control Assistance Account Program reduction initiated during the 2009-11 biennium is continued in the 2011-13 biennium. (Flood Control Assistance Account-State)

8. **Continued Litter Pickup Reduction** - The Waste Reduction, Recycling, and Litter Control Account funds litter prevention and pickup activity within the Department of Ecology. Funding and FTE staff for this activity are reduced on a one-time basis, continuing $4.0 million of a $6.0 million reduction begun during the 2009-11 biennium. Remaining resources will allow the agency to operate a substantially scaled-back litter pickup program. (Waste Reduction, Recycling, and Litter Control Account-State)

9. **Reduce Air Pollution Control Acct** - Expenditure authority is reduced on a one-time basis to reflect a delay in greenhouse gas reporting. (Air Pollution Control Account-State)

10. **Reduce Grass Seed Account** - Expenditure authority is reduced on an ongoing basis to match anticipated fund balance in the Special Grass Seed Burning Research Account. This reduction will result in less capacity to research alternatives to grass seed burning. (Special Grass Seed Burning Research Account-State)

11. **Agricultural Burning Fees** - Funding and FTE staff are increased on an ongoing basis to match expected fee revenue. A separate budget adjustment reduces General Fund-State support for this program. (Air Pollution Control Account-State)

12. **New Air Emission Source Review Fees** - The 2009-11 biennial operating budget directed the DOE to increase fees to recover the costs of this program. Funding and FTE staff are increased on an ongoing basis to match anticipated fee revenue. A separate budget adjustment reduces General Fund-State support for this program. (Air Pollution Control Account-State)

13. **Implementing the Ban on Bisphenol A** - Chapter 140, Laws of 2010 (SSB 6248) placed a ban on Bisphenol A, used in baby bottles and sport bottles, effective July 1, 2011. Ongoing funding and FTE staff are provided for the DOE to implement bill provisions for manufacturer notification, complaint investigation, and enforcement. (State Toxics Control Account-State).
14. **Brake Friction Material Ban** - Chapter 147, Laws of 2010 (SSB 6557) instituted a phased ban on certain brake friction material concentrations, and directed the DOE to initiate the first phase of a brake friction material ban, including developing pad-content certification criteria by December 2012. The DOE will begin receiving manufacturer pad-content data triennially beginning January 2013, and will begin documenting baseline levels of certain chemicals used in brake pads by July 2013. One-time funding and FTE staff are provided to carry out these tasks. (State Toxics Control Account-State)

15. **Complying w/ Air Quality Standards** - During the 2011-13 biennium, the U.S. Environmental Protection Agency is expected to adopt tougher air quality standards. The DOE anticipates that several areas of the state will be at risk for violating the new standards, including the greater Puget Sound area, Yakima, Darrington, and potentially Spokane and Clark counties. Ongoing funding and FTE staff are provided for the DOE to identify sources that contribute to each community's pollution levels, and develop and implement strategies that will keep these areas in compliance with federal law. (General Fund-Federal, State Toxics Control Account-State)

16. **Pre-Payment Agreement Authority** - Ongoing funding and FTE staff are provided for Ecology to negotiate and carry out pre-payment agreements that materialize in the 2011-13 biennium and beyond. These costs will be paid for by the parties who request services. (State Toxics Control Account-Private/Local)

17. **Teck Cominco Litigation Support** - One-time funding is provided for continuing Attorney General services and expert-witness costs associated with the Pakootas et al. v. Teck Cominco, Ltd., case concerning a toxic cleanup site on the Upper Columbia River. The Department of Ecology and the Confederated Tribes of the Colville Reservation are co-plaintiffs in this litigation. It addresses the liability under federal law for cleanup and natural resource restoration costs at a smelter complex located in British Columbia, Canada. (State Toxics Control Account-State)

18. **Keeping Toxins Out of Puget Sound** - The DOE partners with local governments to help businesses correct practices related to hazardous waste management, spill prevention, stormwater pollution, and other environmental rules. Ongoing funding and FTE staff are provided to manage the DOE's portion of these activities. Ongoing grant funding of $1 million is provided from the Local Toxics Control Account to support local government staff to conduct hazardous waste and stormwater technical assistance visits. (State Toxics Control Account-State, Local Toxics Control Account-State)

19. **Mercury-Containing Lights** - Ongoing funding from the Product Stewardship Programs Account and full-time equivalent staff are provided for such tasks as establishing rules for mercury-light recycling plans and collection systems, and compiling a database of private sector, recycling program implementors. Ongoing funding from the State Toxics Control Account and FTE staff are also provided for enforcement of a June 2012 ban on the sale of bulk mercury. (Product Stewardship Programs Account-Nonappropriated, State Toxics Control Account-State)

20. **Protecting Washington Shorelines** - The Department is provided $3.6 million and 3.1 FTE staff for the shoreline master program updates during the 2011-13 biennium. During the 2013-15 biennium, the funding level will reduce to $2.9 million as the last remaining jurisdictions will complete their shoreline updates. (State Toxics Control Account-State, Local Toxics Control Account-State)

21. **Water Quality Permit Fee Revision** - The DOE is designated by the U.S. Environmental Protection Agency as the state agency responsible for implementing federal and state water pollution control laws and regulations. Wastewater and stormwater discharges are regulated primarily by wastewater discharge permits, which stipulate specific limits and conditions of allowable discharge. RCW 90.48.465 requires that permit fee revenue cover the cost of the permit program and that the fee schedule be adjusted biennially. The DOE will increase fees by the fiscal growth factor during 2011-13. (Water Quality Permit Account-State)

22. **Completed Reclaimed Water Work Red** - Funding and FTE staff are eliminated to reflect completion of one-time tasks required by reclaimed water legislation enacted during the 2006 and 2007 legislative sessions.

23. **Local Shoreline Grants Fund Shift** - Base funding of $4.5 million is shifted permanently from General Fund-State to the Local Toxics Control Account for grants to local governments engaged in Shoreline Master Program updates. (General Fund-State, Local Toxics Control Account-State)

24. **Reducing Fee-Supported Air Programs** - General Fund-State support and FTE staff are reduced on an ongoing basis for three activities within the Department of Ecology's Air Quality Program: woodstove education and enforcement, agricultural burning regulation, and new air emission source review. Recent fee increases for agricultural burning and new air emission source review allow funding from dedicated accounts to be increased, thereby reducing the need for General Fund-State subsidies for these programs.
25. **Continued Water Rights Reduction** - Funding and FTE staff are reduced on a one-time basis to continue the water right processing reduction initiated during the 2009-11 biennium into the 2011-13 biennium.

26. **Completed Climate Task Reduction** - Funding and FTE staff are reduced on an ongoing basis to reflect completion of one-time tasks required by Chapter 14, Laws of 2008.

27. **Water permit fees** - General Fund-State support for water permit processing is reduced. This reduction may be offset by fee revenue as state in SB 5536.

28. **Watershed plan, reduc for backlog** - $2,150,000 is reduced in GFS from watershed planning the the Shorelands and Environmental Assistance Program. This reduction will be repurposed in the Water Resources Program explicitly for the purpose of addressing the backlog of unprocessed water rights applications.

29. **PPG reduction** - During the 2009-2011 biennium, the legislature suspended funding for public participation grants from the model toxics account. For the 2011-2013 biennium, public participation grants are reduced to .5 percent. (State Toxics Control Account)

30. **Water resources program reductions** - The watershed planning program in the shorelands and environmental assistance program in the department of ecology is reduced by $1,752,000.

31. **Watershed increase for backlog** - $2,150,000 in GFS is transferred from watershed planning in the shorelands and environmental assistance program to the water resources program explicitly for addressing the backlog of unprocessed water rights applications.

32. **Puget sound corps** - Funding and FTEs are transferred from the Department of Natural Resources' Washington Conservation Corps(WCC) to the DOE pursuant to Substitute House Bill 1294 (Puget Sound corps).

33. **Oil Spill Program** - Pursuant to HB 1186, the state toxics control account is increased by $463,000

34. **Consolidating Administration** - Funding and FTEs are reduced from the budget for the department of ecology for administrative consolidation. The department is encouraged to coordinate and collaborate with other natural resources agency staff to satisfy administrative requirements and duties.

35. **Executive Reduction** - Funding is reduced from the budget for executive administrative staff. This reduction represents 15 percent of the general fund-state appropriation and reflects the associated administrative reduction.

36. **Administrative Reduction** - This additional administrative reduction reflects the agency proposed level of reduction less the administrative and executive consolidation and efficiencies outlined above. The total administrative reduction for DOE shall be $1.5 million

### Comments:

1. **Preparation for Consolidation** - Pursuant to executive request legislation consolidating the PLIA into the Department of Ecology, one-time funding of $26,000 is provided during Fiscal Year 2012 for mailing costs associated with pre-consolidation notification of approximately 50,000 participants in PLIA's Oil Heat Insurance Liability Program. (Heating Oil Pollution Liability Trust Account-Nonappropriated)

2. **Lease Rate Adjustments** - One-time funding of $100,000 is provided to co-locate the Pollution Liability Insurance Agency (PLIA) with the Department of Ecology at Ecology's headquarters building in Lacey. In addition, funding is reduced on an ongoing basis to reflect PLIA's share of co-location savings of $28,000 per biennium, starting in Fiscal Year 2012. On a statewide basis, co-location is expected to save about $60,000 per fiscal year in Fiscal Year 2014 and beyond. **Comments:**

1. **Parks Maint & Access Improvements** - Funds are provided on a one-time basis for maintenance and operation, and to improve accessibility to recreational activities in parks that provide opportunities for boaters and off-road vehicle users. (Recreation Resources Account-State, Nonhighway and Off-Road Vehicle Activities Program Account-State)

2. **Make State Parks Self-Sustaining** - Funding is reduced for parks operations and maintenance. The reduction will be backfilled with fee revenue pursuant to SB 5622 (General Fund-State, Parks Renewal and Stewardship Account-State)

3. **Increase Boater Education** - The State Parks and Recreation Commission (Parks) funds mandatory boater education through boater registration fees. Ongoing funding is provided to spend anticipated additional fee revenue resulting from an increase in registrations. (Boating Safety Education Certification Account-Non-Appropriated)

4. **Consolidating Administration** - Funding and FTEs are reduced from the budget for the Washington state parks and recreation commission for administrative consolidation. The commission is encouraged to coordinate and collaborate with other natural resources agency staff to satisfy administrative requirements and duties.

5. **Executive Reduction** - Funding is reduced from the budget for executive administrative staff. This reduction represents 15 percent of the general fund-state appropriation and reflects the associated administrative reduction.

6. **Increase Winter Rec Maintenance** - Parks funds access to trails for cross-country skiing, snowshoeing, dog sledding, and snow play through fees in designated "Sno-Park" parking areas adjacent to trails. Parks increased Sno-Park fees during the 2009-11 biennium in order to maintain the non-motorized winter recreation trail system. Ongoing expenditure authority is provided to spend the additional fee revenue projected to be generated. (Winter Recreation Program Account-State)

Comments:

1. **Revised Savings Assumption: SACS** - The Recreation and Conservation Office's (RCO) 2010 supplemental budget assumed savings from RCO transferring two full-time employees to Small Agency Client Services (SACS). Based on updated information, only one full-time employee was eliminated at RCO. Ongoing funding is corrected. (General Fund-State, General Fund-Federal, Recreation Resources Account-State, Nonhighway Off-Road Vehicle Activities Program Account-State)

2. **Revised Savings Assumption: PSP/RCO** - In the 2010 supplemental budget the Recreation and Conservation Office and the Puget Sound Partnership were directed to combine back-office functions where possible. Initial assumptions of savings were higher than actually achievable. Ongoing funding is adjusted to reflect actual savings. (General Fund-State, General Fund-Federal, Recreation Resources-State, Nonhighway Off-Road Vehicle Activities Program Account-State)

3. **Reduce Recreation Grant Management** - During the 2009-11 biennium, the Recreation and Conservation Office (RCO) oversaw fewer new grant projects. Therefore, RCO requires less funding to manage ongoing aspects of these grants. This is a one-time reduction. (Recreation Resources Account-State, Nonhighway Off-Road Vehicle Activities Program Account-State)

4. **Reduce Agency Administrative Costs** - During the 2011-13 biennium, the Recreation and Conservation Office will manage fewer grants and councils; as a result, fewer administrative services will be needed. This ongoing reduction will not impact administration of remaining activities.

5. **Extend Invasive Species Council** - The Washington Invasive Species Council is scheduled to expire on December 31, 2011. The expiration date is pushed back to June 30, 2017, pursuant to House Bill 1413 (invasive species council) in order to maintain cooperative action by federal, state, tribal, local, and non-governmental partners on invasive species. Participating governmental and non-governmental partners will contribute to the staffing of the council through interagency agreements. Additional ongoing funding is provided through the Vessel Response Account. (General Fund-State, Vessel Response Account-State)

6. **Reduce Forest and Fish Grants** - The RCO will reduce ongoing federal expenditure authority related to the Department of Natural Resources' Forest and Fish Rules Agreements, which is projected to exceed contract balances for the 2011-13 biennium. This funding was provided to the RCO by the National Oceanic and Atmospheric Administration as part of the Pacific Coastal Salmon Recovery Funds. These funds must be fully expended by May 2011. (General Fund-Federal)
7. Salmon Funding and Other Reductions - Shift funding for support of both the salmon recovery lead entity program and the Salmon Recovery Funding Board's (SRFB) Technical Review Panel from General Fund-State to General Fund-Federal.

### Comments:

1. **Conservation District Efficiencies** - The Conservation Commission will reduce pass-through monies to conservation districts to encourage administrative efficiencies. While the type of efficiencies is at the discretion of the commission and districts, merging districts along county lines or into broader ecoregions is encouraged.

2. **Vacancy, Temp Layoff, Reduce Grants** - Funding and FTE are reduced to achieve administrative efficiencies. Commission will absorb vacancies.

2011-13 Omnibus Operating Budget  
Dept of Fish and Wildlife

Comments:

1. Oil Spill Account Shortfall - Continues a funding reduction initiated in the 2009-11 biennium that will be ongoing. (Oil Spill Prevention Account)

2. Puget Sound Federal Funds - The Department of Fish and Wildlife (DFW) is entering into an agreement with the U.S. Environmental Protection Agency (EPA) to protect and restore marine and nearshore habitats of Puget Sound, which are critical to the Sound's health. Funding provided by the EPA will be distributed to state and local partners through a competitive process to fund projects that improve the effectiveness of existing regulatory and stewardship programs, implement protection and restoration projects, prevent or reduce the threats posed by invasive species and oil spills, and address ecosystem problems. (General Fund-Federal)

3. Extend Aquatic Invasives Fee - The $1.50 fee on watercraft registrations to fund aquatic invasive species checkpoints and development of management plans expires on June 30, 2012. SB 5036 removes the sunset date. Funding is increased on an ongoing basis to match anticipated fee revenue. (Aquatic Invasive Species Prevention Account-State)

4. Reduce Back-Office Functions - As part of the Department of Fish and Wildlife's 10 percent General Fund-State reductions, several back-office positions are eliminated: an accounting position, a position in the director's office, a receptionist, fleet manager, and an administrative assistant in the Habitat Program. Other cuts include reducing purchasing and contracts and eliminating vehicle replacement for the 2011-13 biennium. The $128,000 vehicle replacement reduction is a one-time reduction while all other reductions are ongoing.

5. Reduce Salmonid Recovery Technical - This reduction eliminates 10 percent of statewide technical assistance provided to nine local governments and 11 non-government organizations

7. Increased IT Security Requirements - Ongoing funding is provided for the Department of Fish and Wildlife to upgrade information technology (IT) systems and processes in order to comply with a directive from the State Information Services Board (General Fund-State, Wildlife Account-State)

8. Conduct Critical Asset Maintenance - The maintenance budget for the Department of Fish and Wildlife's facilities is increased on an ongoing basis to reduce the estimated $13.3 million deferred maintenance backlog, reduce future capital budget requests for repairs and replacement of assets that are unusable, create utility efficiencies, and provide safe facilities for staff and the public. (State Wildlife Account-State)

9. Inc Hunting & Fishing License Fees - Pursuant to SB 5385, hunting and fishing license permit fees will change and some permit revenues that previously were deposited into the general fund-state account will be deposited into the state wildlife account. 40 percent of fees will either decrease or be eliminated. On average, the fees will increase by 16 percent for residents; 12 percent for non-residents, 2 percent for youths; and decrease by 4 percent for persons with disabilities and veterans. (General Fund-State, State Wildlife Account-State)

10. Shift Funding for Rules Officer - Funding for this position is shifted on an ongoing basis from General Fund-State to the Fish and Wildlife Enforcement Reward Account. (General Fund-State, Fish and Wildlife Enforcement Reward Account-State)

11. Reduce Winter Elk Feeding - This one-time 50 percent reduction to the winter elk feeding budget will result in the continued closure of the West Valley or Tieton feeding site through the 2011-13 biennium. This site is adjacent to private land and orchards, and is currently fenced to keep elk out of the orchards.

12. Reduce Habitat Research - This one-time reduction eliminates funding for a project to improve forest habitats to benefit wildlife in the Sinlahekin Wildlife Area and reduces habitat research and monitoring activities on other DFW lands throughout the state.

13. Reduce Statewide Habitat Coord - This ongoing reduction in Fiscal Year 2013 eliminates funding for the biologist currently serving on this group. Loss of this position will reduce coordination among agencies and non-governmental organizations to maintain wildlife passage in transportation planning, climate change adaptation, and biodiversity conservation.

14. Eliminate Fish Passage Coordinator - Funding is reduced on an ongoing basis for one of two positions, thereby increasing the time between project assessment and barrier replacement as well as the total number of projects reviewed for program suitability.
15. **Eliminate Major Projects Manager** - This ongoing reduction eliminates the Major Projects Section Manager and merges remaining staff into the Renewable Energy Section.

16. **Eliminate Aquatic Edu Activities** - Funding and FTE are reduced for Education activities.

17. **Reduce Fish Management Capabilities** - This ongoing reduction eliminates two fish and wildlife biologist positions and a part-time administrative support position. This reduction may cause a delay of one to two years in the completion of regional steelhead management plans. Reduced staffing will eliminate work currently funded by the state general fund to evaluate chinook and coho salmon release strategies from south Puget Sound hatcheries.

18. **Eliminate Remaining Full-Time Pilot** - With reductions in aircraft owned and operated by state agencies, the Department of Fish and Wildlife will shift its remaining pilot position from full-time to intermittent status. Ongoing savings will be realized.

19. **Absorb Higher Unemployment Costs** - The WDFW uses hundreds of seasonal employees, primarily to assist fish hatcheries when fish are returning to or leaving the facilities and to monitor fish and wildlife populations. As a result of the economic downturn, these seasonal employees have not found work during the off-season, and have drawn unemployment. This has increased the agency's unemployment costs by 50 percent. The agency absorbed these higher costs in the current biennium and will continue to do so on a one-time basis during the 2011-13 biennium.

20. **Reduce Technology Costs** - As an ongoing reduction, the Department of Fish and Wildlife will lower desktop lease costs by moving to server-based applications.

21. **Reduce Hatchery Operations** - Funding is reduced for seasonal personnel, office supplies, and vehicle fuel.

22. **Shift Funds for Eco-Region Planner** - The Department of Fish and Wildlife is seeking grant funding from the U.S. Environmental Protection Agency to replace current state funding for an Eco-Regional Planner. This position provides guidance documents and electronic maps that help local governments identify critical areas for protection of fish and wildlife under the Growth Management Act and the Shoreline Management Act. Funding is shifted on an ongoing basis to reflect this change. (General Fund-State, General Fund-Federal)

23. **Administrative Consolidation** - Funding and FTEs are reduced to reflect the administrative consolidation defined in Sec 101 and 102 of the SB 5669.

24. **Executive Reduction** - Funding is reduced from the budget for executive administrative staff. This reduction represents 15 percent of the general fund-state appropriation and reflects the associated administrative reduction defined in Sec 101 and 102 of SB 5669

25. **Grizzly bear outreach program** - One-time funding is provided to a community-based organization to disseminate information about grizzly bears in the North Cascades.

26. **HPA Fees** - Pursuant to SB 5862, the department shall recover fees related to the administrative costs of the hydraulic project approval permits (General Fund-State, Hydraulic Permit Approval Account)

27. **Discover Washington Pass** - Pursuant to SB 5622 (Discover Washington Pass), DFW shall issues annual and day-use passes to recreational users of state lands. Revenues from the passes shall be deposited into the State Wildlife Account

28. **Reduce Regional Directors** - Pursuant to SB 5669, natural resources agencies shall no longer have more than 4 regional offices and directors. Funding is reduced to reflect this change.

Comments:

1. Puget Sound Federal Funding - Additional federal expenditure authority is provided for new grant monies. Specific work to be completed with those grants includes tracking progress in implementing the Action Agenda, completing the 2011-13 Biennial Science Work Plan and the 2012 Puget Sound Science Update, implementing the Puget Sound Monitoring Program, and providing grants to local organizations to carry out the Action Agenda at the local level. (General Fund-Federal)

2. Reduce Agency Costs & Activities - The Puget Sound Partnership will reduce agency costs and activities, not to include grants to local entities. These ongoing reductions will restrict the ability of the Partnership to implement several near-term actions within the Puget Sound Action Agenda. (General Fund-State, General Fund-Federal)

3. Local Education Grant - During the 2009-11 Biennium the Puget Sound Partnership received a local grant for its education and outreach work, specifically benefitting its online collaboration tool. This appropriation allows the expenditure of the remainder of that grant. (General Fund - Private/Local)

4. Reduce LID and Stormwater TA - In the current Biennium the Partnership received funding to provide training and other assistance to local governments and private developers on the use of Low Impact Development Stormwater techniques (LID). As this program has matured and the use of LID techniques has become more prevalent the need for these services has been reduced. The Partnership will reduce these services by 30%. GF-S would be cut with a backfill of existing State Toxics Control Account which would now be used for agency operations. Supports Action Agenda Near Term Action (NTA C.2.N3 and C.2.N2).

5. Terminate Invasive Species IA w/DFW - Cancels Inter Agency Agreement with WDFW which supports 1.7 FTE working on invasive species issues including Tunicate control. Maintains $6,000 for the biennium for PSP contribution to RCO for the Invasive Species Council. GF-S would be cut with a backfill of existing ALEA which would now be used for agency operations. Supports Action Agenda Near Term Action (NTA A.5.N4).

### Comments:

1. **Lease Rate Adjustment** - The Department of Natural Resources (DNR) will vacate 7,726 square feet of space on the first floor of the NRB, effective July 1, 2011. This is a one-time reduction since the Department of Archaeology and Historic Preservation will occupy this space and merge with DNR on July 1, 2012.

2. **Increase Nursery Planting & Harvest** - Due to an ongoing increase in silviculture activity resulting from the stabilization of timber sales, the Silviculture Program is anticipated to increase its seedling purchases in the 2011-13 biennium. This will require additional work by the State Forest Nursery to provide the necessary stock. (State Forest Nursery Revolving Account-Nonappropriated)

3. **Increase Forest Road Maintenance** - The Department of Natural Resources' Roads Program maintains a road network of approximately 12,000 miles on department-managed lands. This ongoing increase will enable the program to stay on track to complete federally-mandated road maintenance and abandonment planning work by July 1, 2016. (Access Road Revolving Account-Nonappropriated)
4. **Shift Helicopter Funding** - In the 2010 supplemental operating budget, 50 percent of the funding for the Department of Natural Resources’ fire suppression helicopter fleet was transferred from the non-budgeted Forest Fire Protection Assessment Account (FFPA) to the non-budgeted Natural Resources Equipment Account (NREA). Revenues in the FFPA are not sufficient to sustain this fund shift while carrying out forest fire prevention and preparedness activities. This ongoing funding shift back to the NREA will keep the FFPA Account balanced and maintain current levels of fire prevention and preparedness activities. (Forest Fire Prevention Assessment Account-Nonappropriated)

5. **Reduce Land Mgmt on Ag Trust Lands** - The amount of General Fund-State funding provided for deposit into the Agricultural College Trust Management Account (ACTMA) is reduced. Because the ACTMA receives all of its revenue from General Fund-State deposits, expenditure authority in the ACTMA is also reduced by an equal amount. This one-time reduction will lower land management activities on Agricultural College trust lands to a 2006 level. (General Fund-State, Agricultural College Trust Management Account-State)

6. **Reduce Natural Heritage Program** - General Fund-State support of the Natural Heritage Program is reduced on an ongoing basis. The program provides data used by a number of agencies, organizations, companies, and individuals for conservation planning, environmental review processes, and other information requests.

7. **Reduce Administrative Costs** - The Department of Natural Resources will, on a one-time basis, reduce non-emergency equipment purchases, manage vacancies to achieve savings, and reduce travel budgets throughout the agency.

8. **Incr Silviculture Burn Permit Fee** - RCW 70.94.6534 directs the Department of Natural Resources to charge a fee for silviculture burn permits that would raise revenue to a level necessary to cover the costs of the program. (General Fund-State, Air Pollution Control Account-State)

9. **Reduce Fire Control Costs** - On a one-time basis, the Department of Natural Resources will reduce discretionary fire training, freeze wages for exempt firefighters, and reorganize administrative support positions in its fire control program. An internal review of the Forest Fire Protection Assessment tax parcels will continue to remain suspended in the 2011-13 biennium.

10. **Maintain Adaptive Management Pgm** - The Forest Practices Adaptive Management Program uses science to determine if rules protect and restore water quality and aquatic habitat on working forestlands near Puget Sound and other fragile ecosystems across the state. The program recommends to the Forest Practices Board science-based rule adaptations as needed. This one-time federal appropriation will allow existing research projects to continue while the program secures long-term sustained funding. (General Fund-Federal)

11. **Absorb Unemployment Cost Increase** - In order to achieve General Fund-State savings in the 2011-13 biennium, the Department of Natural Resources will absorb increased unemployment costs as the result of fewer seasonal fire employees returning to work after the fire season. This one-time absorption will be managed as programs across the agency decrease spending, thereby decreasing administrative overhead costs.

12. **Administrative Consolidation** - Funding and FTEs are reduced to reflect the administrative consolidation defined in Sec 101 and 102 of the SB 5669.

13. **Executive Reductions** - Funding is reduced from the budget for executive administrative staff. This reduction represents 15 percent of the general fund-state appropriation and reflects the associated administrative reduction defined in Sec 101 and 102 of SB 5669.

14. **FPA Fees** - Pursuant to SB 5862, the department shall recover fees related to the administrative costs of the forest practices approval permits (General Fund-State, Forest Practices Approval Account)

15. **Puget Sound Corps** - Funding and FTEs are transferred from the Department of Natural Resources’ Washington Conservation Corps (WCC) to the DOE pursuant to Substitute House Bill 1294 (Puget Sound corps).

16. **Charge Fees for State Lands Access** - Pursuant to SB 5622 (Discover Washington Pass), DNR shall issue annual and day-use passes to recreational users of state lands. Revenues from the passes shall be deposited into the State Wildlife Account.

17. **Reduce Regional Directors** - It is the intent of the legislature to reduce the number of regional directors for the natural resources agencies to no more than 4 per agency. This reduction reflects the reduction of two regional directors in the second fiscal year.

% Change from 2009-11 0.6% 13.7% 6.8%

**Comments:**

1. **Reduce Knotweed Grants** - Funding is eliminated on a one-time basis for six knotweed projects, resulting in a negative effect on six different river and stream systems. Approximately 380 fewer acres of invasive knotweed will be controlled, representing about 40 percent of the current statewide workload.

2. **Administrative Consolidation** - Funding and FTEs are reduced to reflect the administrative consolidation defined in Sec 101 and 102 of the SB 5669.

3. **Executive Reduction** - Funding is reduced from the budget for executive administrative staff. This reduction represents 15 percent of the general fund-state appropriation and reflects the associated administrative reduction defined in Sec 101 and 102 of SB 5669.

4. **Reduce Weed Board Support** - One of the State Weed Board's primary duties is to serve as a central hub of information, education, and outreach about non-native, invasive plants for county and district weed boards and the general public. The Board also provides a limited amount of pass-through funding to local government agencies to support on-the-ground projects to eradicate the state's most harmful noxious weeds. The amount of pass-through funding to counties is reduced by 50 percent, and board travel costs are eliminated on an ongoing basis.

5. **Eliminate GF - Weights and Measures** - This ongoing reduction eliminates two full-time inspector positions and suspends inspections related to price verification, including all retail scanner verification, packaging net contents, and accuracy of labeling for products sold to consumers. The Department will suspend efforts to respond to consumer complaints related to sales of firewood and mislabeling of packaged goods. Additionally, enforcement related to antifreeze requirements is eliminated.

**% Change from 2009-11** -4.3% 2.5% -1.2%

Comments:

1. **Reduce Criminal Records Divis Staff** - The Criminal Records Division is reduced. This will result in fewer classes being provided to criminal justice agencies and longer wait times for identification and criminal history checks for law enforcement agencies.

2. **Reduce Specialized Progs Staffing** - Funding is reduced to reflect the elimination of the following three FTE and one contracted positions: one contracted detective from a local law enforcement agency paid for by the agency to staff the Missing and Exploited Children Task Force for a local jurisdiction; two office assistants in the Missing/Unidentified Persons Unit; and one detective in the High Tech Crimes Unit.

3. **Reduce Elec Svs and Risk Staffing** - Funding is reduced to reflect the elimination of the following four positions: two FTE staff in the Electronic Services Division who provide network support for the A Central Computerized Enforcement Service System (ACCESS) Program; one FTE staff in the Electronic Services Division who provides procurement support; and one FTE staff in Risk Management that provides office support to the Electronic Services Division.

4. **Eliminate Natl Fire Reporting Staff** - Funding is reduced to reflect the elimination of the position that collects emergency response information from local fire agencies and enters it into a federal database. Funding remains for the Patrol to build infrastructure to make continued reporting possible.

5. **Reduce Cadets at Executive Mansion** - Funding is reduced to reflect the elimination of three FTE staff from a total of 12 cadets assigned to the Governor's Mansion.
6. **Reduce SWAT and Meth Response** - Funding is reduced for the Special Weapons and Tactics (SWAT) program and 1.5 FTE staff are reduced from the Methamphetamine Response program. This reduction to SWAT funds will be mitigated by subsidizing current SWAT operations using the State and Federal Seizure Accounts as available.

7. **Criminal History Record System** - Funding is provided for a feasibility study to replace the current criminal history record archive and retrieval system, created in the early 1970s, used to store and retrieve over 500,000 criminal history documents received annually. (Fingerprint Identification Account-State)

8. **DNA Kits** - Funding is provided for deoxyribonucleic acid (DNA) analysis kits for use by the Washington State Patrol's (WSP) Crime Laboratory to cover increased costs of kits and usage of DNA testing. (General Fund-State, County Criminal Justice Assistance Account-State, Municipal Criminal Justice Assistance Account-State)

9. **Fire Training Academy Funding** - Funding is provided for regular maintenance of the Fire Training Academy's roads and water system. (Fire Service Training Account-State)

10. **Child Care Background Checks** - Funding is provided for workload increases related to Second Substitute House Bill 1903 (child care background checks). This legislation assumes an increase in the number of individuals that will require fingerprinting in the 2011-13 biennium. (Fingerprint Identification Account)

11. **Administrative Reduction** - The administrative functions within the State Patrol are reduced by 10 percent.

12. **Sell King Air airplanes** - Funding is eliminated for the King Air airplanes. The State Patrol must sell off the airplanes by June 30, 2012.

13. **Debt Service Payment** - Funding is provided for the omnibus portion of debt service owed on Certificates of Participation (COPs) used to finance the deployment of computers in Patrol vehicles and to upgrade radio equipment to accommodate new FCC standards.

### Comments:

1. **Collection Agency Fee Increase** - The DOL is authorized to increase fees in the Collection Agency Program for an additional FTE to reduce program backlog, manage the increased workload, and to conduct educational outreach to increase compliance. (Business and Professions Account-State)

2. **Collection Agencies Practices** - House Bill 1745 (collection agencies) expands the prohibited practices in the collection agency industry. Funding is provided to handle the anticipated increase in complaint cases as a result of the legislation. (Business and Professions Account-State)

3. **Court Reporter Licensing** - Substitute House Bill 1205 (court report licensing) requires court reporters and court reporting firms be licensed by the DOL. Funding is provided for information technology support, rulemaking, and staff needed for the DOL to implement and manage the 30 percent increase in workload as a result of the legislation. (Business and Professions Account-State)

4. **Administrative Reduction** - Savings will be achieved by continuing to implement administrative spending limits and controls on goods and services, travel, and other costs (General Fund-State).

5. **Master License Program to DOR** - Administration of and all powers, duties and functions related to the Master License Service is transferred from the DOL to the Department of Revenue. (Master License Account-State)

Comments:

1. **Bullying Prevention Workgroup** - Funding is provided for the implementation of Second Substitute House Bill 1163 (Bullying prevention), which requires the Office of the Superintendent of Public Instruction to convene a workgroup on school bullying and harassment prevention to develop, recommend, and implement strategies to improve the school climate and create respectful learning environments in public schools.

2. **Kindergarten Readiness** - Funding is provided for the implementation of Second Substitute House Bill 1510 (State-funded kindergarten), including the development and implementation of the Washington Kindergarten Inventory of Developing Skills (WaKIDS). Funding supports the development and implementation of the inventory, OSPI staffing for oversight of the program, and training of school district staff. The amount funded assumes the availability of private and federal resources to partially defray costs.

3. **Education Reforms** - Funding is provided for the implementation of Engrossed Second Substitute House Bill 1443 (Education reforms), including funding for the Compensation Working Group to analyze educator professional development and mentoring needs, strengthening the availability of data about transitional bilingual students on OSPI's online report card, development of administrative rules for the Highly Capable program by OSPI, and a study of the Learning Assistance Program funding by the Washington Institute for Public Policy. Funding is specifically provided for allocation to school districts to pay for the cost of adopting new board policies regarding the definition of high school credit.

4. **Apportionment System Development** - Funding for the development of the pupil transportation and general apportionment school finance systems required by the enactment of Chapter 236, Laws of 2010 PV (SHB 2776) is reduced.

5. **State Board of Education Reduction** - The State Board of Education's operating budget is reduced by 10 percent.

6. **Reduce OSPI State Office Staffing** - The Office of the Superintendent of Public Instruction's (OSPI) operating budget is reduced by 14 percent.

7. **Online Learning Program Reduction** - OSPI staffing and expenses related to online learning programs are reduced by 10 percent.

8. **Finance Reform Reduction** - The OSPI's administrative budget contains funding for research, development, and implementation of a new K-12 funding system as required in Chapter 548, Laws of 2009 PV (ESHB 2261). Funding for these functions is reduced by 10 percent.

9. **Eliminate Skills Center Director** - The position of Skills Center Director at OSPI is eliminated.

10. **Eliminate Project Citizen** - OSPI provides funding for Project Citizen, a program presented by the National Conference of State Legislatures and the Center for Civic Education to promote participation in government by middle-school students. Funding for this program is eliminated.

11. **Eliminate HB 3026 Staffing** - Agency staffing was increased in the 2010 Supplemental Budget for monitoring, training, and school district compliance reviews with civil rights laws associated with Capter 240, Laws of 2010, regarding Civil Rights Enforcement. This funding is eliminated.

12. **K-20 Network Reduction** - The K-20 Network provides internet, data processing, and video-conferencing capacity to school districts and state offices. State funding support for the K-20 Network at OSPI is reduced by 10 percent.

13. **E-Certification** - A new administrative fee of $33 is applied to all current teacher certification fees, effective July 1, 2012, to be deposited into the newly-created Educator Certification Processing Fund. Funding from the new fee will be used to implement a web-based, centralized educator licensure/certification system. In Fiscal Year 2013, 12.5 FTE certification staff will be transferred from the General Fund to the new account, saving the General Fund $855,000. (General Fund-State, Educator Certification Processing Fund-State)

14. **PESB Reduction** - The Professional Educator Standards Board (PESB) operating budget is reduced by 10 percent.
15. Alt Routes Reduction and Suspension - Alternative certification routes are teacher-training programs that serve as different options to traditional teacher preparation programs. Funding is reduced to reflect changes in demand for new teachers. Funding levels will support continuation of scholarships for existing teacher candidates.

16. Eliminate Achievement Gap Cmte - Funding to support the work of the Achievement Gap Committee is eliminated.

17. Jobs for America - Jobs for America's Graduates is a dropout prevention program at OSPI, started in Fiscal Year 2011. Funding for the program is reduced by 10 percent.

18. Education Governance - Administrative funding reductions represent the net savings from implementation of Substitute Senate Bill 5639 (Education governance). The substitute bill transfers the functions of the Office of the Education Ombudsman (OEO) to the new Department of Education. Currently, the OEO, housed in the Governor's Office, has 6.4 budgeted full-time equivalent (FTE) employees. It is anticipated that efficiencies resulting from consolidation will enable staffing for this function to be reduced by a minimum of one FTE.

19. Consolidated Health Benefits - Funding is provided to OSPI for interagency agreements with the Washington State Health Care Authority, the Office of the Insurance Commissioner, and the Office of Financial Management to begin implementation of reforms to K-12 health benefits' purchasing. Beginning with school year 2012-13, a consolidated statewide purchasing program for public schools will be available on a voluntary bases in accordance with Senate Bill.... Planning for implementation, convening the transition group, creating the infrastructure for the new system, and developing recommendations to the Legislature for final implementation will take place during the summer of 2011 and the 2011-12 school year. Implementation costs will be offset in Fiscal Year 2013 through initial net savings in health benefits allocations.

20. Training (Non-Violence) - Funding for non-violence leadership training is reduced by 10 percent.

21. Financial Insolvency - Funding is provided for the implementation of Substitute House Bill 1431 (School district insolvency), as amended by the Senate Ways and Means Committee. Funding is provided to OSPI to convene a workgroup with the Educational Service Districts to conduct an analysis and submit a report with recommendations for a clear legal framework and process for dissolution of a school district. The funding covers convening the group and consultant costs.

22. Transfer School Safety Functions - School safety functions, including school safety training funds, are transferred to the Criminal Justice Training Commission.

24. Data System Reduction - Funding for the K-12 data governance group, and ongoing implementation of a comprehensive data system that includes financial, student, and educator data is reduced by 25 percent.

25. Reduce Navigation 101 - Navigation 101 provides implementation grants to districts for guidance and career counseling programs in secondary schools. Funding for this program is reduced by 10 percent.

26. Eliminate Supp CTE Organizations - The OSPI provides financial support to assist student Career and Technical Education organizations. Funding for support of these organizations is eliminated.

27. Eliminate Special Services Pilot - Seven districts participate in the Special Services Pilot Program. The program aims to reduce the number of students inappropriately referred to and placed in special education and increase early identification of students struggling academically. The program expires June 2011. Funding is eliminated in the 2011-13 biennium.

28. Eliminate Building Bridges Staffing - OSPI staffing for the implementation of the Building Bridges comprehensive dropout prevention, intervention, and retrieval program is eliminated.

29. Eliminate Dyslexia Pilot Program - The Dyslexia Pilot Program provides regional training through the Educational Service Districts for classroom teachers and reading specialists to improve reading skills of students diagnosed with dyslexia. Funding for the pilot is eliminated.

30. Suspend Pre-Apprenticeship Grants - Running Start for the Trades are pre-apprenticeship grants offering incentive awards of up to $10,000 to districts to develop pre-apprenticeship programs in the trades and crafts, and to recruit students into the programs. Funding for these grants is eliminated.
31. Teaching as a Profession Pilot - OSPI contracts with the Latino/a Educational Achievement project to identify and mentor bilingual students to become interested in the teaching profession. Due to the decrease in demand for new teachers, funding for this program is eliminated.

32. Reduce Mentoring of WA Achievers - Funding for the mentoring of Washington Achievers Scholars is reduced by 10 percent. This funding leverages private funding for the recruitment, training, and matching of volunteer mentors with students selected as Washington Achievers Scholars. The mentoring is provided to low-income high school students in their junior and senior years of high school and into their freshman year of college.

### Comments:

1. **ALE Funding Adjustment** - Per pupil funding for students participating in Alternative Learning Experience (ALE) programs, such as online learning and parent partnership programs, is prorated by a factor of 90 percent (10 percent reduction). Under current law, ALE students are funded at the same general apportionment rate as students in a traditional bricks and mortar program, although program operations' costs and components differ.

2. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget Chapter 5, Laws of 2011 (ESHB 1086 PV) for July and August of 2011, the last two months of the 2010-11 school year. School districts budget on a school year basis, while the state budgets on a fiscal year basis. As a result, two months of the prior school year are paid for in FY 2012. The savings in the General Apportionment program are from the elimination of the K-4 class size enhancement for the latter part of the 2010-11 school year.

3. **Eliminate K-4 Class Size Reduction** - Funding for Kindergarten through Grade 4 class size reduction is eliminated for the 2011-12 and 2012-13 school years. The formula for allocating funding to districts is adjusted to reflect the following increases in average class sizes: grades Kindergarten through Grade 3 will become 25.23, up from 23.11; Grade 4 will become 27, up from 26.15. This reflects minimum statutory funding levels in grades K-4 for general education students.

Senate Ways & Means Committee

Page 158

4. **June 2011 Apportionment** - The 2011-13 operating budget shifts $253 million of the June 2011 apportionment payments to school districts from the last business day of June 2011 to the first business day of July 2011. This increases costs for FY 2012 and reduces costs for FY 2011.

5. **June Contingency Repayment** - The 2011-13 operating budget shifts $253 million of the June 2011 apportionment payments to school districts from the last business day of June 2011 to the first business day of July 2011. The 2011 supplemental budget provides a June financial contingency fund for districts which meet specific financial hardship criteria resulting from the June 2011 apportionment shift. The 2011-13 biennial budget assumes repayment of this funding during FY 2012.

6. **Reduce Extended Day Skill Center** - The Extended Day Skills Center Program provides support services to skills center students at risk of dropping out of school. Funding for this service is reduced by 10 percent for the 2011-13 biennium.

7. **Eliminate MSOC from K-4 CSR** - The new K-12 funding formula adopted pursuant to Chapter 236, Laws of 2010 PV (SHB 2776) changed the allocation methodology for non-salary related items. In the prior formula, funding was allocated on a per certificated staff unit basis. Beginning September 1, 2011, non-salary funding is allocated on a per student basis. As a result of the conversion to the new funding formula, a portion of the funding for maintenance, supplies, and operating costs (MSOC) is considered an enhancement to basic education because it was previously allocated on the basis of non-basic education staff units. Therefore, funding is adjusted to eliminate that portion of MSOC funding for the 2011-12 and 2012-13 school years which is an enhancement above levels required by statute.

9. **Implement New Funding Formula** - Chapter 236, Laws of 2010 PV (SHB 2776) established new formulas for allocating funding for a number of programs, including General Apportionment, the Learning Assistance Program, the Highly Capable Program, and the Transitional Bilingual Program. Funding is provided to hold districts harmless to per-student funding amounts which existed prior to the formula conversion. Districts are held harmless in total across the impacted programs for the 2011-12 and 2012-13 school years.

10. **Running Start** - Running Start is a dual-credit program which allows high school juniors and seniors to attend class at participating community colleges and other institutions of higher education, and earn high school and post-secondary credits simultaneously. The enrollment and funding rules for the Running Start Program are adjusted to establish a combined enrollment cap of 1.2 FTE. Currently, students can participate in running start programs up to a combined enrollment cap of 2.0 FTE, allowing full-time enrollment in running start programs, as well as full-time high school enrollment. The savings amount assumes an overall enrollment reduction of 680 student FTEs per year.

11. **K-3 Class Size in High Pov Schools** - Funding is adjusted to restore and enhance funding for lower class sizes in grades K-3 in high-poverty schools. Item G0 in this section eliminates all funding for K-4 class size enhancements, which is an extension of a budget reduction enacted in the December, 2010, second special session. This item restores funding for schools which have free- or reduced-price lunch eligible student populations exceeding 50 percent, based on a three-year rolling average of enrollment. The funding amount assumes class sizes of 22.76 full-time equivalent students per teacher in eligible schools, grades K-3. The maximum class size under the definition of basic education for grades K-3 is 25.23 FTE students per teacher.

12. **Summer Skills Ctr Programs** - Funding is adjusted to reflect a cap of 1.6 FTE on skill center enrollment, including summer skill center programs. Previously, the budget has funded summer programs in excess of this 1.6 FTE cap through a dedicated proviso in the general apportionment budget. The dedicated funding proviso is discontinued. Of the amount reduced for this item, about $500,000 per year reflects the actual reduction in services due to the 1.6 FTE cap, while the remaining amount is shifted to caseload costs incurred through the maintenance level budget process.

13. **K-12 Salary Reduction** - Salaries for K-12 employees are reduced by three percent as of September 1, 2011. The reduction applies to certificated instructional staff, certificated administrative staff, and classified staff. A $10 million salary reduction mitigation pool is established in OSPI for distribution to public school employees earning an annual base salary, not including benefits, of less than or equal to $30,000 per full-time equivalent staff. The $10 million is to be distributed to proportionately restore state-funded base earnings, up to a maximum of $900 per year per full-time equivalent staff.
14. **Salary Reduction Pool** - Item S0H, K-12 Salary Reduction, decreases all K-12 employee state salary allocations by 3 percent. A $10 million salary reduction mitigation pool is established in OSPI for distribution to public school employees earning an annual base salary, not including benefits, of less than or equal to $30,000 per full-time equivalent staff. The $10 million is to be distributed to proportionately restore state-funded base earnings, up to a maximum of $900 per year per full-time equivalent staff.

Comments:

1. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect prior school year adjustments that affect the months of July and August of 2011, the last two months of the 2010-11 school year. School districts budget on a school year basis, while the state budgets on a fiscal year basis. As a result, two months of the prior school year are paid for in FY 2012.

2. **Transportation Coordinators** - OSPI provides regions with transportation coordinators to provide technical assistance to districts for transportation-related reporting, training, procurement, and operations. Funding is eliminated for regional transportation coordinators and replaced with one centralized staff person to provide technical assistance.

4. **Implement Expected Cost Model Formu** - Chapter 236, Laws of 2010 (SHB 2776) implements a new state formula to allocate funding to districts for pupil transportation to and from school. Pupil transportation allocations are converted to the new formula, and base funding levels are enhanced.

1. **Transfer Food Service Programs** - Funding for food service programs in the education reform budget is transferred to the school food services budget for the purpose of meeting federal match requirements under the National School Lunch Program. This item is a continuation of the policy enacted in Chapter 5, Laws of 2011 PV (ESHB 1086).

2. **Reduce Food Service Funding** - State matching funds for the National School Lunch Program program are eliminated. School food service programs in the education reform budget are transferred to the School Food Services budget for the purpose of meeting federal match requirements. This item is a continuation of the policy enacted in Chapter 5, Laws of 2011 PV (ESHB 1086).

3. **School Based Medicaid Elimination** - The 2011-13 operating budget creates an intergovernmental transfer program for School-Based Medicaid services that uses school district funds to match federal funding. Because school districts must now pay the state share for these services, it is anticipated that school district claims for safety net support for eligible special education services formerly funded by Medicaid will increase for the 2011-13 biennium.

1. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget Chapter 5, Laws of 2011 (ESHB 1086 PV) for July and August of 2011, the last two months of the 2010-11 school year.

2. **K-12 Salary Reduction** - Salaries for K-12 employees are reduced by three percent as of September 1, 2011. The reduction applies to certificated instructional staff, certificated administrative staff, and classified staff. This reduction applies to K-12 employee salary allocations for institutional education.

1. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget Chapter 5, Laws of 2011 (ESHB 1086 PV) for July and August of 2011, the last two months of the 2010-11 school year.

2. **Eliminate WA Imagination Network** - Funding for the Washington Imagination Network is eliminated. OSPI contracts with the Washington Imagination Network to provide Destination Imagination and Future Problem Solving programs to students across the state and professional development to their teachers and coaches.

3. **Centrum** - Funding for the Centrum program is reduced by 50 percent. OSPI contracts with Centrum to develop, implement, and administer the Experiences in Creativity program, which provides opportunities in the arts and sciences for highly capable students and the educators who serve them.

4. **Running Start** - Running Start is a dual-credit program which allows high school juniors and seniors to attend class at participating community colleges and other institutions of higher education, and earn high school and post-secondary credits simultaneously. The enrollment and funding rules for the Running Start Program are adjusted to establish a combined enrollment cap of 1.2 FTE. Because funding for the highly capable program is driven off of total enrollment, there is a small impact to highly capable program funding.

5. **K-12 Salary Reduction** - Salaries for K-12 employees are reduced by three percent as of September 1, 2011. The reduction applies to certificated instructional staff, certificated administrative staff, and classified staff and applies to the highly capable program.

### Comments:

1. **Suspend I-728** - Initiative 728 allocations to school districts are suspended for the 2011-13 biennium. Initiative 728, approved by voters in 2000 and later amended by the Legislature, allocates a per-student dollar amount to districts to be used for class size reduction, extended learning opportunities, early learning programs, or professional development. If not suspended, per-student allocations would have been approximately $477 per student for the 2011-12 school year and $484 per student for the 2012-13 school year.

Comments:

1. **Reduce LASER/Pacific Science Center** - The Leadership and Assistance for Science Education Reform (LASER) program is a statewide project to implement a hands-on science curriculum through ten regional school district alliances. Funding for this program is reduced by 50 percent.

2. **Eliminate Focused Assistance** - The Focused Assistance program provides technical assistance to schools and school districts struggling to meet adequate yearly progress benchmarks established by the federal government and that do not qualify for Title I federal funds for this purpose. Funding for this service is eliminated.

3. **Eliminate CISL** - The Center for the Improvement of Student Learning (CISL) provides outreach to districts and communities to improve student outcomes, by serving as a clearinghouse for best practices and identifying strategies to improve the success of certain ethnic and racial student groups. Funding for CISL is eliminated.

4. **Teacher and Principal Evaluations** - Funding is provided to increase the number of school districts participating on a pilot basis to help develop and implement improved teacher and principal evaluation systems under reforms initiated in Chapter 235, Laws of 2010 (E2SSB 6696).

5. **Eliminate Reading Corps** - The Reading Corps program provides grants to schools with low reading scores to increase student tutoring through the use of AmeriCorps and VISTA members. Funding for the grants is eliminated. This item is a continuation of the policy enacted in Chapter 5, Laws of 2011 PV (ESHB 1086).

6. **Reduce Ed. Tech. Supt. Ctrs** - Education Technology Support Centers are funds directed to the Educational Service Districts who in turn provide school districts with assistance in technology planning, network development, cost-benefit analysis, and professional development. Funding for this service is reduced by 50 percent.

7. **Full Day Kindergarten Adjustment** - Funding for the full-day Kindergarten Program is reduced to reflect changes made to the K-12 budget such as eliminating funds for K-4 class size reduction; reducing K-12 salaries by 3 percent; and suspending the I-732 COLA. (Education Legacy Trust Account-State)

8. **Transfer Food Service Programs** - Funding for food service programs in the education reform budget are transferred to the school food services budget for the purpose of meeting federal match requirements under the National School Lunch Program. This item is a continuation of the policy enacted in Substitute House Bill 1086, the 2011 supplemental operating budget.

9. **Local Farms Healthy Kids Program** - Funding is eliminated for the Local Farms & Healthy Kids Program, which provides funding for schools to purchase fruits and vegetables to offer students as a school day snack.

10. **Math/Science Prof Development** - Funding for grants to 17 school districts for math and science professional development coaches is discontinued in the education reform budget.

11. **IT Academy** - Funding is provided for the Microsoft Information Technology (IT) Academy Program, which provides free educational software, as well as IT certification and software training opportunities for students and staff in public schools. The funding amount represents state match of $1 million per year for training and $1 million per year for IT certification for students and staff.

12. **National Board Bonus Adjustments** - Beginning with school year 2011-12, teachers certified by the National Board for Professional Teacher Standards (NBPTS) will receive annual bonuses of $5,090 per teacher for a maximum of three total years from the time of certification. The additional annual bonus of $5,000 for National Board certified teachers who teach in a school defined as challenging is limited to a three year total as well. Additionally, beginning in the 2011-12 school year, both bonuses will be paid in July of each school year.

13. **Pmt. For Scorable COE** - Currently, payments for collections of evidence are made based on submittal. Funding is adjusted to reflect payments for submittals that meet all criteria to be scored.

14. **Readiness to Learn** - The Readiness to Learn program provides grants to school and community consortia to support students and families with the goal of ensuring that all children are able to attend school prepared to learn. Funding for the grants is reduced by 10 percent.
15. **BEST Program** - The Beginning Educator Support Team (B.E.S.T) program provides early career educators with mentorship and support. Funding for this service is reduced by 10 percent.

16. **CTE Start-up Grants & Robotics** - Career and Technical Education (CTE) Start-Up grants provide funding to middle schools, high schools, or skills centers to upgrade high-demand career and technical education programs. FIRST Robotics is a national program, funded through a combination of public and private sources, that is oriented to science, technology, engineering, and mathematics. Within the funding provided for CTE start-up grants, is $600,000 for the FIRST Robotics program, contingent on availability of private matching funds.

17. **Leadership Academy** - The Leadership Academy supports professional development and training for school administrators. Funding for this service is reduced by 10 percent.

18. **Superintendent/Principal Internship** - Funding for internships for principals, superintendents, and program administrators completing certification programs is reduced by 10 percent.

19. **Mid/High Sch. Applied STEM Grants** - OSPI currently staffs coordination and promotion of integrated science, technology, engineering, and math programs. Twenty teachers currently receive grants of $2,500 for summer training to implement programs in schools. Funding for this program is reduced by 10 percent.

20. **STEM Lighthouses** - The Science, Technology, Engineering, and Math (STEM) Lighthouses are three districts that practice best practices in the STEM subjects and provide technical assistance to other districts. Funding for this program is reduced by 10 percent.

21. **Math Assess. End of Course Change** - House Bill 1412 Allows students in the graduating classes of 2013 and 2014 to meet the state standard in high school mathematics for purposes of graduation using the results from one end-of-course assessment rather than two. Savings are adjusting for reductions taken elsewhere in the budget for collections-of-evidence cost containment steps.

22. **Technology Director** - Funding for the position of OSPI technology director is eliminated.

23. **Graduation Requirement Changes** - The Senate budget assumes savings related to changes in the science end-of-course (EOC) assessment requirements. Students in the graduating classes of 2013 through 2016 may graduate without passing the science High School Proficiency Exam (HSPE) by passing one additional science class. Savings are related to lower collections-of-evidence costs, adjusted for cost containment steps in this area assumed elsewhere in the budget.

24. **Suspend Development Diag. Assessmen** - Funding for the development of diagnostic assessments is suspended due to Washington State joining the SMARTER Balanced Assessment Consortium. The consortium involves 30 states that will collaboratively develop an assessment system to include summative and formative exams, as well as informal assessments teachers will be able to use to diagnose student performance. (Education Legacy Trust Account-State)

25. **Assessment Staff Reduction** - Funding for assessment program staffing is reduced by 10 percent for the 2011-13 biennium.

26. **COE Payment Reduction** - The Collection of Evidence (COE) assessment is an alternative assessment for the high school graduation program. Districts currently receive a payment of $300 per COE submitted for grading. Funding is adjusted based on an assumed payment rate of $200 per COE.

27. **Renew Current Contracts** - The budget provides savings through the execution of renewal clause options on state contracts for student assessments. Savings result from reduced costs for rebidding contracts and potential contract cost increases.

28. **Restructure Collection of Evidence** - The OSPI contracts for collection of evidence (COE) grading. The OSPI is directed to restructure the COE assessment and renegotiate the grading contract to achieve savings. This reduction assumes an average per-unit grading cost of $200 per COE.

**Comments:**

1. **Prior School Year Adjustments** - This item adjusts FY 2012 funding levels to reflect the continuation of policies adopted in the 2011 supplemental budget Chapter 5, Laws of 2011 (ESHB 1086 PV) for July and August of 2011, the last two months of the 2010-11 school year.

2. **K-12 Salary Reduction** - Salaries for K-12 employees are reduced by three percent as of September 1, 2011. The reduction applies to certificated instructional staff, certificated administrative staff, and classified staff and applies to the transitional bilingual program.

3. **Bilingual Formula Restructure** - A revised funding model for the transitional bilingual program will be established, effective September 1, 2012. Allocations will be scaled to provide more support to students with beginning levels of English language proficiency who require more intensive intervention, and less support to more proficient students. Additionally, the funding model will provide up to two years of bonus funding upon successful exit from the bilingual program to facilitate successful transition to a standard program of education. A statewide method of measuring level of proficiency will be established prior to September 2012 to create consistent placement across districts. Bonus payments for up to two school years following successful exit from the transitional bilingual program will be allocated to the exiting school district. If the student graduates or transfers to another district prior to the district receiving both years' bonuses, the district shall receive the bonus for only the length of time the student remains enrolled in the exiting district. It is expected that total state funding for the program will remain constant, with the differentials designed to provide additional support to least proficient students, encourage successful exit, and support the transition to other educational programs. Savings in school year 2012-13 are calculated by assuming every student will be tested for proficiency each year and historical exit rates will apply.

### Comments:

1. **Eliminate K-4 Class Size Reduction** - Funding for Kindergarten through Grade 4 class size reduction is eliminated for the 2011-12 and 2012-13 school years, resulting in adjustments to compensation.

2. **Running Start** - Enrollment and funding rules for the Running Start Program are adjusted to establish a combined enrollment cap of 1.2 FTE. Currently, students can participate in running start programs up to a combined enrollment cap of 2.0 FTE. The change results in adjustments to related employee compensation costs.

3. **National Board Bonus Adjustments** - Changes to the National Board bonus program assumed in the Senate budget result in associated adjustments to compensation costs.

4. **K-12 Salary Reduction** - Salaries for K-12 employees are reduced by three percent as of September 1, 2011. The reduction applies to certificated instructional staff, certificated administrative staff, and classified staff and results in adjustments to compensation costs.

5. **Consolidated Health Benefits** - Beginning with school year 2012-13, a consolidated statewide purchasing program for public schools will be available on a voluntary basis for a maximum of 16,000 participants. Health benefit allocations will be structured to provide a higher allocation to participants and a lower allocation to non-participants, resulting in net savings in the program.

### Policy Non-Comp Changes:

1. **Higher Education Reductions**
   - Ongoing savings of $173.3 million and one-time savings of $9.7 million are achieved by carrying forward the 4 percent reduction taken by the university in the 2011 supplemental budget; authorizing the university to increase resident undergraduate tuition by up to 16 percent per year; assuming tuition waiver authority provided in RCW 28B.15.910 is maintained at the level waived by the university during Fiscal Year 2010; and, after accounting for tuition increases, reducing funding for the university by 6% for the 2011-13 biennium. (General Fund-State, Higher Education Tuition-Non-Appropriated)

2. **Shift Education Legacy Costs to GFS**
   - A portion of the funding for financial aid programs is shifted from the Education Legacy Trust Account to the state general fund.

3. **Washington Park Arboretum**
   - Funds are provided for the ongoing management by the University of Washington of Washington Park Arboretum.

4. **Embodied Energy and Carbon**
   - Pursuant to Engrossed Substitute Senate Bill 5485 (State's natural resources), one-time funds are provided for the University of Washington to prepare a summary of findings from research conducted of embodied energy and embodied carbon in building materials and make recommendations to the Legislature.

5. **WWAMI Medical Education Program**
   - Funds are provided for development of integrated medical curriculum for the Washington/Wyoming/Alaska/Montana/Idaho (WWAMI) Medical Education Program.

### Comments:

1. **Higher Education Reductions** - Ongoing savings of $88.6 million and one-time savings of $5.0 million are achieved by carrying forward the 4 percent reduction taken by the university in the 2011 supplemental budget; authorizing the university to increase resident undergraduate tuition by up 16 percent per year; assuming tuition waiver authority provided in RCW 28B.15.910 is maintained at the level waived by the university during Fiscal Year 2010; and, after accounting for tuition increases, reducing funding for the university by 5% for the 2011-13 biennium. (General Fund-State, Higher Education Tuition-Non-Appropriated)

2. **Running Start** - Pursuant to Senate Bill 5924 (running start), non-needy running start students will pay 10% of the cost of resident undergraduate student tuition. (General Fund-State, Higher Education Tuition-Non-Appropriated)

3. **WWAMI Medical Education Program** - Funds are provided for the expansion of health sciences capacity through the Washington/Wyoming/Alaska/Montana/Idaho (WWAMI) Medical Education Program.

(General Fund-State, Higher Education Tuition-Non-Appropriated)

2. **WSIPP Student Achievement Study** - One-time funds are provided for the Washington Institute of Public Policy, in collaboration with the Office of Superintendent of Public Instruction, to design and implement a research study to measure the impact on student achievement of remediation strategies funded by the learning assistance program. The research study design is to be submitted by September 1, 2011 with the results of the research study submitted by September 1, 2012.

3. **WSIPP Commitment of SVP Study** - One-time funding is provided for the Washington State Institute for Public Policy to conduct a detailed study of the commitment of sexually violent predators (SVPs) to the Special Commitment Center pursuant to Chapter 71.09 RCW and the subsequent release of SVPs to less restrictive alternatives.

**Comments:**

1. **Higher Education Reductions** - Ongoing savings of $157.1 million and one-time savings of $13.2 million are achieved by carrying forward the 4 percent reduction taken by the SBCTC in the 2011 supplemental budget; authorizing the SBCTC to increase resident undergraduate tuition by up 12 percent per year; assuming tuition waiver authority provided in RCW 28B.15.910 is maintained at the level waived by the system during Fiscal Year 2010; and, after accounting for tuition increases, reducing funding for the SBCTC by 5% for the 2011-13 biennium. (General Fund-State, Higher Education Tuition-Non-Appropriated)

2. **M&O for 2011-13 State-Funded Projects** - Funding is provided for the maintenance and operation of new or renovated facilities scheduled to be occupied in the 2011-13 biennium.

3. **Shift Education Legacy to GF-S** - A portion of the funding for financial aid programs is shifted from the Education Legacy Trust Account to the state general fund.

4. **Efficiency Savings** - A total of $15 million in savings is anticipated from various efficiencies implemented in the community and technical college system. Qualified changes include: consolidation of college districts; consolidation of administrative and governance functions including, but not limited to, human resources, budget and accounting services, and president's offices; consolidation of student service functions including, but not limited to, financial aid services, student advising, and libraries; and other administrative efficiencies including, but not limited to, greater use of telephone and videoconferencing and reduced travel costs. A report explaining the methods used to achieve the savings required is due to the Legislature no later than December 31, 2013.

5. **Running Start** - Pursuant to Senate Bill 5924 (running start), non-needy running start students will pay 10% of the cost of resident undergraduate student tuition. (General Fund-State, Higher Education Tuition-Non-Appropriated)

6. **Worker Retraining** - Ongoing funding is provided for an additional 1,617 worker retraining slots each year at community and technical colleges. Worker Retraining programs provide financial aid and other support services to jobless workers who need to change careers in order to re-enter the workforce.
7. **Suspend Initiative 732** - During the 2009-11 biennium, the Legislature suspended the I-732 COLA. However, it mandated a catch-up cost-of-living adjustment to be provided in equal increments during the 2011-13 and 2013-15 biennia, so that by the end of the catch-up period, recipients would have received the same salary as if the initiative had not been suspended. The catch-up cost-of-living increment, calculated as 1.2 percent per year for the four-year period, is suspended for the 2011-13 biennium. (General Fund-State, Various Other Funds)

**Comments:**

1. **Eliminate Rural Health Program** - Due to declining state revenues, the Council for Higher Education will suspend payments to the Pacific Northwest University of Health Sciences. These payments were intended to provide training and education of health care professionals to promote osteopathic physician services in rural and underserved areas of the state.

2. **Health Science and Services Program** - Pursuant to Senate Bill 5484 (health sciences authorities), the duties of monitoring and reporting to the Legislature biennially on the performance of the Health Sciences and Services Authority (HSSA) program in Spokane County are transferred to the local board of directors.

3. **Elimination of HECB** - Pursuant to Second Substitute Senate Bill 5182 (student financial assistance), the Higher Education Coordinating Board is eliminated and all funds associated with non-financial aid programs are transferred to a new state agency, the Council for Higher Education.

4. **Efficiency Savings** - Savings are achieved as a result of Second Substitute Senate Bill 5182 (student financial assistance), which eliminates or shifts to other entities a number of policy, planning, coordination, and research activities previously conducted by the Higher Education Coordinating Board.

### Comments:

1. **Suspend Health Professionals Prgm** - Due to declining state revenues, the Office of Student Financial Aid cannot make new awards in the Health Professionals conditional scholarship program, which provides scholarships or loan forgiveness for health professionals who agree to work in rural and underserved areas of the state. Those students who received awards previously will still receive them.

2. **Reduce State Work Study Program** - Funding for the State Work Study program is reduced by: 1) making permanent changes made during Fiscal Year 2011, including increasing the required employer share of wages and discontinuing non-resident student eligibility for the program; and 2) further increasing the required employer share of wages from 50 percent to 80 percent for for-profit entities and from 30 percent to 48 percent for for-profit entities. (General Fund-State, Education Legacy Trust Account-State)

3. **Suspend Small Grant Programs** - Funding for several small grant programs is suspended for the 2011-13 biennium, including the Community Scholarship Matching Grant program, WICHE student exchange, and Foster Care Endowed Scholarship.

4. **Suspend Future Teachers Program** - New awards in the Future Teachers conditional scholarship program are suspended. This program provides scholarships or loan forgiveness for teachers who agree to work in certain shortage areas. (General Fund-State, Education Legacy Trust Account-State)

5. **Suspend WAVE and Wa. Scholars** - The Washington Scholars and the Washington Award for Vocational Excellence programs are suspended for the 2011-13 biennium. Students who received these awards in prior years will still receive their grants, but no new recipients will be chosen.

6. **Elimination of HECB** - Pursuant to Second Substitute Senate Bill 5182 (student financial assistance), the Higher Education Coordinating Board is eliminated and all funds associated with financial aid programs are transferred to a new state agency, the Office of Student Financial Aid.
7. **Maintain Financial Aid Policy** - Funding is provided to the State Need Grant (SNG) and the State Work Study (SWS) programs to offset the cost to recipients of resident undergraduate tuition increases of 16 percent each year at the University of Washington, Washington State University, Western Washington University; 14 percent each year at Central Washington University and The Evergreen State College; 11 percent at Eastern Washington University; and 12 percent each year at the community and technical colleges.

8. **Educational Opportunity Grant** - The Educational Opportunity Grant Program provides additional financial assistance for community and technical college graduates who would otherwise be unable to attend a distant public baccalaureate institution because of work or financial obligations in their home community. In the 2010 legislative session, pursuant to Engrossed Second Substitute House Bill 2021 (student financial aid), the Educational Opportunity Grant program was phased out as a stand-alone financial aid program and the eligibility requirements of the State Need Grant (SNG) were modified so that these students could qualify for a SNG award. As a result, the separate funding for this program is eliminated.

9. **SNG Awards to Private Institutions** - Funding for the State Need Grant program is reduced to align increases in awards given to private institutions with their average annual tuition increase experience of 3.5 percent each year.

10. **Aerospace Trng Scholarship & Loans** - Funds are provided to implement a loan program for students in certain aerospace training or educational programs pursuant to Engrossed Substitute House Bill 1846 (aerospace student loans).

11. **Shift Education Legacy Cost to GF-S** - A portion of the funding for financial aid programs is shifted from the Education Legacy Trust Account to the state general fund.

**Comments:**

1. **Suspend Initiative 732** - The Initiative 732 cost-of-living adjustment requirements are suspended for the 2011-13 biennium. Initiative 732 requires an annual cost-of-living increase for school employees based on the Seattle Consumer Price Index for the prior calendar year. These cost-of-living increases are estimated at 0.4 percent for the 2011-12 School Year and 1.9 percent for the 2012-13 School Year. Additionally, statute requires a catch-up cost-of-living increase of 1.2 percent per school year resulting from the Initiative 732 suspension during the 2009-11 biennium. ### Comments:

1. **Suspend Initiative 732** - The Initiative 732 cost-of-living adjustment requirements are suspended for the 2011-13 biennium. Initiative 732 requires an annual cost-of-living increase for school employees based on the Seattle Consumer Price Index for the prior calendar year. These cost-of-living increases are estimated at 0.4 percent for the 2011-12 School Year and 1.9 percent for the 2012-13 School Year. Additionally, statute requires a catch-up cost-of-living increase of 1.2 percent per school year resulting from the Initiative 732 suspension during the 2009-11 biennium. **Policy Non-Comp Changes:**

1. Administrative Reduction  
   - Decreases under expenditures, reductions to personal service contracts, reductions to information technology contractors, vacancy savings, and other efficiencies.

2. Longitudinal Data System Grant  
   - Participation in the development of a statewide longitudinal education data system in collaboration with the Office of Financial Management (OFM) and the Superintendent of Public Instruction. Funds for this three-year project are provided through a federal grant to OFM. FTE staff are provided to implement the agency's responsibilities under the grant.

3. Eliminate Career and Wage Program  
   - Eliminates a pilot program offering wage supplements to employees in approximately 55 child care centers in Washington to support professional development. A contract staff position associated with the program is also eliminated.

4. Reach Out And Read  
   - Funding is provided for the Department to contract with Reach Out and Read for services that promote early literacy by giving new books to children and advice to parents about the importance of reading.

5. Home Visiting  
   - Funding is appropriated to the Home Visiting Services Account for evidence-based home visiting services. The additional amounts provide $1.868 million in total state funding for Home Visiting. The dollars are provided as state maintenance of effort for the federal Maternal, Infant, and Early Childhood Home Visitation Program. The state anticipates receiving $1.3 million in federal funds per year from this program and anticipates private matching funds. (General Fund-State, Home Visiting Services Account)

6. Parent, Family, Caregiver Support  
   - Funding for contracts and administration related to parent, family, and caregiver support programs is suspended. The funds pay for play and learn groups for license-exempt providers and administrative costs.

7. Child Care Licensing  
   - Increases licensing fees for child care centers and family home providers. Savings are achieved through using the new revenue to offset general fund state costs.

**Comments:**

1. **Administrative Reduction** - Savings will be achieved through reduced administrative reductions in all budget units, under expenditures, reductions to personal service contracts, reductions to information technology contractors, vacancy savings, and other efficiencies.

2. **Longitudinal Data System Grant** - The Department will participate in the development of a statewide longitudinal education data system in collaboration with the Office of Financial Management (OFM) and the Superintendent of Public Instruction. Funds for this three-year project are provided through a federal grant to OFM. FTE staff are provided to implement the agency's responsibilities under the grant.

**Comments:**

1. **ARROW Commission** - Funding is provided for the Agency Reallocation and Realignment of Washington (ARROW) Commission on restructuring state government.

2. **State Data Center Rate Increase** - Funds are provided for this agency's share of the cost to design, acquire and install infrastructure (cabling, cabinets, and fiber connectivity) for the new State Data Center. These funds will also pay for setting up existing data center infrastructure (network, storage, security, servers, mainframe and tape backup, and telephone equipment) in the new location. This new allocation is distributed based on the number of virtual server instances for each agency. (General Fund-State, Various Other Funds)

3. **Extraordinary Crim Justice** - The Office of Financial Management shall distribute funds to Franklin County ($338,000), Jefferson County ($128,000), and Okanogan County ($125,000) for extraordinary criminal justice costs.

4. **Contracting for Services** - General Fund-State savings are assumed by purchasing services by contract for state agency mail service, motor pool, and the real estate leasing program. Contracts will be developed, negotiated and executed in the first year of the biennium. Projected savings are for the last six months of Fiscal Year 2013. The contract for mail services is to be integrated with the contract for print management as directed in the state printer's budget. If the motor pool contract includes the transfer of ownership of the vehicle fleet, then provision for the payment of debt for those vehicles must be made. The contract for a leasing broker service shall be developed, negotiated, and executed by the Office of Financial Management.

5. **SERA Account Repayment** - Pursuant to RCW 43.79.515, General Fund-State moneys are appropriated for deposit to the Cleanup Settlement Account on July 1, 2011, and July 1, 2012, for repayment of moneys from the Cleanup Settlement Account that were transferred to the State Efficiency and Restructuring Account (SERA) in the 2010 Supplemental Appropriations Act (section 803, chapter 37, Laws of 2010 sp. sess.) and for the RHC closure and community reinvestment plan.
7. **Management Efficiency** - Agencies are required to implement management and administrative reforms, such as delayering and streamlining of support functions, that will result in increased efficiency. For most agencies, management reductions of 7 to 10 percent are expected to be achieved over the course of the biennium. State agencies can anticipate continuous legislative policy and fiscal committee examination of the architecture and cost of the state's career and executive workforce, and shall be prepared to provide relevant information in hearings and worksessions.

8. **Traditional Housing Operating Rent** - Funding is provided for the Transitional Housing Operating and Rent program, consistent with chapter 256, Laws of 2008 (ESSB 5959). The state General Fund is appropriated for deposit into the Transitional Housing Operating and Rent Account.

9. **Workers Compensation - ESB 5566** - General Fund-State savings are recognized as a result of the implementation of Engrossed Senate Bill 5566 (long-term disability of injured workers).

**Comments:**

1. **Plan 1 Uniform COLA K12** - Funding for K-12 employer contributions to retirement systems is reduced to reflect savings resulting from the elimination of future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

2. **Plan 1 Uniform COLA H Ed** - Funding for higher education employer contributions to retirement systems is reduced to reflect savings resulting from the elimination of future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

3. **Plan 1 Uniform COLA GG** - Funding for state agency employer contributions to retirement systems is reduced to reflect savings resulting from the elimination of future automatic benefit increases in the Public Employees' Retirement System Plan 1 and the Teachers' Retirement System Plan 1. The basic minimum benefit amount in the plans is not affected, and the alternative minimum benefit is raised to $1,500 per month. (General Fund-State, various other funds)

4. **3% Salary Cut for State Employees** - Funding for state agencies and institutions is reduced to reflect a 3 percent cost savings in employee salaries, excluding employees earning less than $2,500 per month, and certain employees of the Washington State Patrol and the Washington State Department of Transportation. Compensation expenditures by state institutions of higher education from non-appropriated funds are not subject the 3 percent of salary reduction. The reduction is temporary through the 2011-13 biennium only. (General Fund-State, various other funds)

5. **Local Government Employees** - Funding for employer contributions to the Public Employees', Public Safety Employees', and Law Enforcement Officers' and Fire Fighters' Retirement Systems (PERS, PSERS, and LEOFF) is increased to reflect additional contribution requirements associated with the provisions of Senate Bill 5882 (local government employees) allowing the inclusion of forgone compensation in the calculation of local government employees' retirement benefits. (General Fund-State, various other funds)
6. Retire-Rehire Changes (State) - Funding for employer contributions to the Public Employees', Teachers', School Employees', and Public Safety Employees' Retirement Systems (PERS, TRS, SERS, and PSERS) is reduced to reflect lower contribution requirements due to the provisions of Senate Bill 5852 (public employment of retirees) revising post-retirement employment restrictions for members of PERS and TRS Plan 1. (General Fund-State, various other funds)

7. Retire-Rehire Changes (K-12) - Funding for employer contributions to the Public Employees', Teachers', and School Employees' Retirement Systems (PERS, TRS, and SERS) is reduced to reflect lower contribution requirements due to the provisions of Senate Bill 5852 (public employment of retirees) revising post-retirement employment restrictions for members of PERS and TRS Plan 1. (General Fund-State, various other funds)

8. Temporary Layoffs - Funding for state agencies and institutions is reduced to reflect a temporary layoffs during the 2011-13 fiscal biennium for higher-compensated state employees. The hours of temporary layoff required are: for employees earning at least $50,000 per year but less than $75,000 per year, sixteen hours each fiscal year; for employees earning at least $75,000 per year but less than $100,000 per year, thirty-two hours per fiscal year; for employees earning at least $100,000 per year but less than $125,000 per year, forty-eight hours per fiscal year; for employees earning $125,000 per year or more, sixty-four hours per fiscal year. Elected officials, correctional officers, community corrections officers, academic faculty at institutions of higher education, and employees of the Washington State Patrol, transportation agencies, agricultural commodity commissions, the University of Washington Medical Center, Harborview Medical Center, certain programs of the Department of Social and Health Services (DSHS), and employees of agencies employing fewer than ten full-time equivalent positions are exempt from the temporary layoffs. The impacts of the temporary layoffs are subject to collective bargaining where applicable. (General Fund-State, various other funds)

9. Teacher Retirement Incentive - Savings are achieved through reduced K-12 salary expenditures due to additional retirements expected among experienced teachers. A $250 per month health benefit subsidy is provided for up to three years under Senate Bill 5846 (health benefit subsidies) to members of the Teachers' Retirement System Plan 1 (TRS) who retire before the end of October 2011. It is assumed that the retiring teachers will be replaced by less experienced teachers who receive lower salaries.

### Comments:

#### Judicial

**Supreme Court**

3. **JUDGE PRO TEMPORE COSTS** - Funding is provided for costs associated with the election of a new Supreme Court justice, as well as for judge pro tempore costs incurred when a justice of the Supreme Court departs.

#### Court of Appeals

4. **STRATEGIC PRINTING SAVINGS** - The Office of Financial Management directed agencies to put strategic printing savings in reserve through an allotment reduction. This item moves the allotment reduction to an appropriation reduction.

#### Administrative Office of the Courts
