The appropriations deposited into this account fund trust land management functions on Department lands. This proviso is reduced by 6.3 percent and is part of the Department's submittal for across-the-board budget reduction options. This reduction would reduce the account's fund balance; however, expenditures against the account could be maintained as the account has a small positive fund balance due to underexpenditures in FY 2010. There is no anticipated impact to clients or service levels.
256. **AQUATIC RESOURCES REDUCTION** - The sum of \$40,000 of DNR's FY 2011 GF-S appropriation is provided for installation of mooring buoys in Eagle Harbor and removal of abandoned boats and other trespassing structures. (HB 3225) eliminated the K-4 enhancement, but did so effective February 1, 2011 through the remainder of the 2010-11 school year. 271. **FOOD SERVICE FUNDING** - Funding provided for school food service federal matching funds is reduced in FY11. The 2010 supplemental budget allocated a rate of \$401.08 per funded student, up to a maximum of 2.314 percent of each district's full-time equivalent basic education enrollment. The remaining funding in this budget reflects program costs from the prior school year, two months of which fall in FY 2011.

The reduction of learning improvement days operates as a reduction in compensation for school staff. The K-4 staff reduction in this budget reduces the number of funded staff units, and thereby adjusts downward the savings claimed from the original reduction of the 2 LID days in the base budget. This produces a small increase in the Compensation section of the budget.

In FY 2011, this revenue is used in place of General Fund-State funding.
293. **BRAILLE CENTER EXPANSION ELIMINATED** - In the 2007-09 biennium, the School for the Blind received funding to expand the School's Braille transcription services offered by the Braille Center. These funds have not been expended and are eliminated for FY 2011.
294. **TRUSTEE REIMBURSEMENTS ELIMINATED** - In accordance with Chapter 7, Laws of 2010, 1st sp. s. (E2SHB 2617), members of the Board of Trustees will no longer receive per diem reimbursements.

2011 Supplemental Omnibus Operating Budget PSHB 1086

295. **REDUCED BUSINESS OFFICE & SUPPLIES** - As of November 1, 2010, the agency has underspent its General Fund-State appropriation. Due to the agency's transition to Small Agency Client Services and efficiencies in school supply spending, savings are assumed for FY 2011.

Center for Childhood Deafness & Hearing Loss

296. **ACROSS THE BOARD REDUCTIONS** - Funding for the Washington State Center for Childhood Deafness and Hearing Loss is reduced by \$552,000 in FY 2011. This reduction includes: closing the Center for 6 school days in FY 2011, closing buildings on campus, cancellation of staff development, suspension of the Post High School Program, furlough days for administrative staff, staff reductions, and other reductions.

Workforce Training & Education Coordinating Board

297. **OVERSIGHT/ADMIN/COMMUNICATIONS CUT** - Funding for the administration of oversight activities is reduced.

Department of Early Learning

298. **REDUCE SEASONAL CHILD CARE ADMIN** - Funds to administer child care subsidies to seasonal workers are reduced. Historically, the Seasonal Child Care Program has been administered through contracts with non-profit organizations serving migrant and seasonal workers. The agency will end these contracts in February or March 2011, three to four months earlier than planned. At that time, the agency will redirect migrant and seasonal families to the Department of Social and Health Services Call Center for eligibility determinations. Funds for the actual child care subsidies, however, are not reduced.
299. **EARLY LEARNING PROGRAM STUDY** - The Department of Early Learning and the Office of Superintendent of Public Instruction (OSPI) have convened a work group regarding a voluntary program of early learning overseen by the Quality Education Council, as directed in Chapter 234, Laws of 2010 (SSB 6759). Within existing resources, the agencies will complete a study by November 2011 of the opportunities and barriers that would be involved in either making early learning part of basic education or establishing it as an entitlement program.
300. **STATE ADVISORY COUNCIL GRANT** - Federal authority is provided for an American Recovery and Reinvestment Act (ARRA) Head Start grant awarded to the agency. Funds will be used by the Department and the Early Learning Advisory Council for early child education and care programs in accordance with the terms of the grant.
301. **ADMINISTRATIVE REDUCTION** - The Department of Early Learning will reduce expenditures in agency administration (\$470,000) and ECEAP program administration (\$280,000) through reduced administrative operations, increased efficiencies, vacancy savings, and other measures.

Washington State Arts Commission

302. **ADMINISTRATIVE REDUCTION** - Savings will be achieved by reducing agency administrative costs and one FTE staff. Additional savings will be achieved by reducing the use of General Fund-State for management costs associated with the Art in Public Places Program and administrative and management expenses associated with other arts programs.

Washington State Historical Society

303. **REDUCED MUSEUM OPERATIONS** - Savings will be achieved by reducing museum operations and through temporary staff layoffs. All facilities will be closed and program activity will cease for one day in April, May, and June of 2011. These three days are in addition to the legislatively-mandated temporary layoffs already implemented.
304. **REDUCED STAFF & MUSEUM RESOURCES** - Savings will be achieved by reducing three staff positions from full-time to part-time.
305. **REDUCED SUPPLIES & EQUIPMENT** - Savings will be achieved by reducing expenditures on equipment and supplies.

Eastern Washington State Historical Society

306. **EXHIBIT REVENUE OFFSET** - Reductions in General Fund-State will be offset by private/local revenue from admissions for a visiting exhibit. (General Fund-State, General Fund-Private/Local)
307. **ADMINISTRATIVE REDUCTION** - Savings will be achieved by eliminating a receptionist position for the museum's administrative offices.

Special Appropriations

Special Appropriations to the Governor

308. **K-20 TELECOMMUNICATIONS NETWORK** - The FY 2011 General Fund-State appropriation to the Education Technology Account is reduced due to sufficient fund balance in the account.
309. **SHIFT IT SAVINGS TO FUND TRANSFERS** - Fund balances are transferred to the state general fund as part of the information technology savings target in the 2010 supplemental budget. Funds are transferred from the Data Processing Revolving Account for IT pool projects and the Education Technology Revolving Account for the K-20 network. Efficiencies have been achieved in information technology pool projects and in the operation of the K-20 Education Network that links colleges, universities, school districts, and libraries statewide.
310. **CAPITAL BUILDING CONSTRUCTION ACCT** - The Capital Building Construction Account is used to pay debt service on the Natural Resources Building and the Legislative Building rehabilitation projects. Timber sales, which are the primary source of revenue for this account, are forecasted to increase in fiscal year 2011. As a result, fewer General Fund-State dollars are required to meet debt obligations.
311. **WA OPPORTUNITY PATHWAYS ACCOUNT** - Increases in expenditure demands and insufficient revenue projections require that state general fund monies be appropriated to the Washington Opportunity Pathways Account.
312. **EDUCATION LEGACY TRUST ACCOUNT** - Increases in expenditure demands and insufficient revenue projections require that General Fund monies be appropriated to the Education Legacy Trust Account.
313. **REDUCE PUBLIC HEALTH FUNDING** - Grants to local public health jurisdictions related to the replacement of Motor Vehicle Excise Tax revenue are reduced by 7.1 percent in FY 2011.
