37 office staff, one representative of the juvenile rehabilitation  
38 administration fiscal staff and a juvenile rehabilitation

1 administration division director. The committee may make changes to  
2 the formula categories other than the evidence-based program and  
3 disposition alternative categories if it is determined the changes will  
4 increase statewide service delivery or effectiveness of evidence-based  
5 program or disposition alternative resulting in increased cost benefit  
6 savings to the state. Long-term cost benefit must be considered.  
7 Percentage changes may occur in the evidence-based program or  
8 disposition alternative categories of the formula should it be  
9 determined the changes will increase evidence-based program or  
10 disposition alternative delivery and increase the cost benefit to the  
11 state. These outcomes will also be considered in determining when  
12 evidence-based expansion or special sex offender disposition  
13 alternative funds should be included in the block grant or left  
14 separate.

15 (d) The juvenile courts and administrative office of the courts  
16 shall be responsible for collecting and distributing information and  
17 providing access to the data systems to the juvenile rehabilitation  
18 administration and the Washington state institute for public policy  
19 related to program and outcome data. The juvenile rehabilitation  
20 administration and the juvenile courts will work collaboratively to  
21 develop program outcomes that reinforce the greatest cost benefit to  
22 the state in the implementation of evidence-based practices and  
23 disposition alternatives.

24 (e) By December 1, 2010, the Washington state institute for public  
25 policy shall report to the office of financial management and  
26 appropriate committees of the legislature on the administration of the  
27 block grant authorized in this subsection. The report shall include  
28 the criteria used for allocating the funding as a block grant and the  
29 participation targets and actual participation in the programs subject  
30 to the block grant.

31 (8) \$3,700,000 of the Washington auto theft prevention authority  
32 account--state appropriation is provided solely for competitive grants  
33 to community-based organizations to provide at-risk youth intervention  
34 services, including but not limited to, case management, employment  
35 services, educational services, and street outreach intervention  
36 programs. Projects funded should focus on preventing, intervening, and  
37 suppressing behavioral problems and violence while linking at-risk  
38 youth to pro-social activities. The department may not expend more

than \$1,850,000 per fiscal year. The costs of administration must not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

(9) The appropriations in this section assume savings associated with the transfer of youthful offenders age eighteen or older whose sentences extend beyond age twenty-one to the department of corrections to complete their sentences. Prior to transferring an offender to the department of corrections, the juvenile rehabilitation administration shall evaluate the offender to determine the offender's physical and emotional suitability for transfer.

	<u>\$264,561,000</u>
General Fund--Federal Appropriation	\$519,456,000
General Fund--Private/Local Appropriation	<del>(( \$16,674,000 ))</del>
	<u>\$16,951,000</u>
Hospital Safety Net Assessment Fund--State	
Appropriation	\$3,476,000
TOTAL APPROPRIATION	<del>(( \$1,091,784,000 ))</del>
	<u>\$1,078,092,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$113,689,000 of the general fund--state appropriation for fiscal year 2010 and ~~(( \$113,689,000 ))~~ \$101,089,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for persons and services not covered by the medicaid program. This is a reduction of \$11,606,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2009 prior to supplemental budget reductions. This

1 \$11,606,000 reduction shall be distributed among regional support  
2 networks proportional to each network's share of the total state  
3 population. To the extent possible, levels of regional support network  
4 spending shall be maintained in the following priority order: (i)  
5 Crisis and commitment services; (ii) community inpatient services; and  
6 (iii) residential care services, including personal care and emergency  
7 housing assistance.

8 (b) \$10,400,000 of the general fund--state appropriation for fiscal  
9 year 2010, (~~(\$9,100,000))~~ \$8,814,000 of the general fund--state  
10 appropriation for fiscal year 2011, and \$1,300,000 of the general  
11 fund--federal appropriation are provided solely for the department and  
12 regional support networks to contract for implementation of high-  
13 intensity program for active community treatment (PACT) teams. The  
14 department shall work with regional support networks and the center for  
15 medicare and medicaid services to integrate eligible components of the  
16 PACT service delivery model into medicaid capitation rates no later  
17 than January 2011, while maintaining consistency with all essential  
18 elements of the PACT evidence-based practice model.

19 (c) \$6,500,000 of the general fund--state appropriation for fiscal  
20 year 2010 and (~~(\$6,500,000))~~ \$6,091,000 of the general fund--state  
21 appropriation for fiscal year 2011 are provided solely for the western  
22 Washington regional support networks to provide either community- or  
23 hospital campus-based services for persons who require the level of  
24 care provided by the program for adaptive living skills (PALS) at  
25 western state hospital.

26 (d) The number of nonforensic beds allocated for use by regional  
27 support networks at eastern state hospital shall be 192 per day. The  
28 number of nonforensic beds allocated for use by regional support  
29 networks at western state hospital shall be 617 per day during the  
30 first quarter of fiscal year 2010, (~~and~~) 587 per day through the  
31 second quarter of fiscal year 2011, and 557 per day thereafter. Beds  
32 in the program for adaptive living skills (PALS) are not included in  
33 the preceding bed allocations. The department shall separately charge  
34 regional support networks for persons served in the PALS program.

35 (e) From the general fund--state appropriations in this subsection,  
36 the secretary of social and health services shall assure that regional  
37 support networks reimburse the aging and disability services

1 administration for the general fund--state cost of medicaid personal  
2 care services that enrolled regional support network consumers use  
3 because of their psychiatric disability.

4 (f) \$4,582,000 of the general fund--state appropriation for fiscal  
5 year 2010 and \$4,582,000 of the general fund--state appropriation for  
6 fiscal year 2011 are provided solely for mental health services for  
7 mentally ill offenders while confined in a county or city jail and for  
8 facilitating access to programs that offer mental health services upon  
9 release from confinement.

10 (g) The department is authorized to continue to contract directly,  
11 rather than through contracts with regional support networks, for  
12 children's long-term inpatient facility services.

13 (h) \$750,000 of the general fund--state appropriation for fiscal  
14 year 2010 and ((~~\$750,000~~)) \$703,000 of the general fund--state  
15 appropriation for fiscal year 2011 are provided solely to continue  
16 performance-based incentive contracts to provide appropriate community  
17 support services for individuals with severe mental illness who were  
18 discharged from the state hospitals as part of the expanding community  
19 services initiative. These funds will be used to enhance community  
20 residential and support services provided by regional support networks  
21 through other state and federal funding.

22 (i) \$1,500,000 of the general fund--state appropriation for fiscal  
23 year 2010 and \$1,500,000 of the general fund--state appropriation for  
24 fiscal year 2011 are provided solely for the Spokane regional support  
25 network to implement services to reduce utilization and the census at  
26 eastern state hospital. Such services shall include:

27 (i) High intensity treatment team for persons who are high  
28 utilizers of psychiatric inpatient services, including those with co-  
29 occurring disorders and other special needs;

30 (ii) Crisis outreach and diversion services to stabilize in the  
31 community individuals in crisis who are at risk of requiring inpatient  
32 care or jail services;

33 (iii) Mental health services provided in nursing facilities to  
34 individuals with dementia, and consultation to facility staff treating  
35 those individuals; and

36 (iv) Services at the sixteen-bed evaluation and treatment facility.

37 At least annually, the Spokane regional support network shall

1 assess the effectiveness of these services in reducing utilization at  
2 eastern state hospital, identify services that are not optimally  
3 effective, and modify those services to improve their effectiveness.

4 (j) The department shall return to the Spokane regional support  
5 network fifty percent of the amounts assessed against the network  
6 during the last six months of calendar year 2009 for state hospital  
7 utilization in excess of its contractual limit. The regional support  
8 network shall use these funds for operation during its initial months  
9 of a new sixteen-bed evaluation and treatment facility that will enable  
10 the network to reduce its use of the state hospital, and for diversion  
11 and community support services for persons with dementia who would  
12 likely otherwise require care at the state hospital.

13 (k) The department is directed to identify and implement program  
14 efficiencies and benefit changes in its delivery of medicaid managed-  
15 care services that are sufficient to operate within the state and  
16 federal appropriations in this section. Such actions may include but  
17 are not limited to methods such as adjusting the care access standards;  
18 improved utilization management of ongoing, recurring, and high-  
19 intensity services; and increased uniformity in provider payment rates.  
20 The department shall ensure that the capitation rate adjustments  
21 necessary to accomplish these efficiencies and changes are distributed  
22 uniformly and equitably across all regional support networks statewide.  
23 The department is directed to report to the relevant legislative fiscal  
24 and policy committees at least thirty days prior to implementing rate  
25 adjustments reflecting these changes.

26 (l) In developing the new medicaid managed care rates under which  
27 the public mental health managed care system will operate during the  
28 five years beginning in fiscal year 2011, the department should seek to  
29 estimate the reasonable and necessary cost of efficiently and  
30 effectively providing a comparable set of medically necessary mental  
31 health benefits to persons of different acuity levels regardless of  
32 where in the state they live. Actual prior period spending in a  
33 regional administrative area shall not be a key determinant of future  
34 payment rates. The department shall report to the office of financial  
35 management and to the relevant fiscal and policy committees of the  
36 legislature on its proposed new waiver and mental health managed care  
37 rate-setting approach by October 1, 2009, and again at least sixty days  
38 prior to implementation of new capitation rates.

1 (m) In implementing the new public mental health managed care  
2 payment rates for fiscal year 2011, the department shall to the maximum  
3 extent possible within each regional support network's allowable rate  
4 range establish rates so that there is no increase or decrease in the  
5 total state and federal funding that the regional support network would  
6 receive if it were to continue to be paid at its October 2009 through  
7 June 2010 rates. The department shall additionally revise the draft  
8 rates issued January 28, 2010, to more accurately reflect the lower  
9 practitioner productivity inherent in the delivery of services in  
10 extremely rural regions in which a majority of the population reside in  
11 frontier counties, as defined and designated by the national center for  
12 frontier communities.

13 (n) \$1,529,000 of the general fund--state appropriation for fiscal  
14 year 2010 and \$1,529,000 of the general fund--state appropriation for  
15 fiscal year 2011 are provided solely to reimburse Pierce and Spokane  
16 counties for the cost of conducting 180-day commitment hearings at the  
17 state psychiatric hospitals.

18 (o) The legislature intends and expects that regional support  
19 networks and contracted community mental health agencies shall make all  
20 possible efforts to, at a minimum, maintain current compensation levels  
21 of direct care staff. Such efforts shall include, but not be limited  
22 to, identifying local funding that can preserve client services and  
23 staff compensation, achieving administrative reductions at the regional  
24 support network level, and engaging stakeholders on cost-savings ideas  
25 that maintain client services and staff compensation. For purposes of  
26 this section, "direct care staff" means persons employed by community  
27 mental health agencies whose primary responsibility is providing direct  
28 treatment and support to people with mental illness, or whose primary  
29 responsibility is providing direct support to such staff in areas such  
30 as client scheduling, client intake, client reception, client records-  
31 keeping, and facilities maintenance.

32 (p) Regional support networks may use local funds to earn  
33 additional federal medicaid match, provided the locally matched rate  
34 does not exceed the upper-bound of their federally allowable rate  
35 range, and provided that the enhanced funding is used only to provide  
36 medicaid state plan or waiver services to medicaid clients.  
37 Additionally, regional support networks may use a portion of the state  
38 funds allocated in accordance with (a) of this subsection to earn

1 additional medicaid match, but only to the extent that the application  
2 of such funds to medicaid services does not diminish the level of  
3 crisis and commitment, community inpatient, residential care, and  
4 outpatient services presently available to persons not eligible for  
5 medicaid.

increase; (iii) strategies for cost-effectively leveraging state, local, and private resources to increase community involuntary treatment capacity; and (iv) the extent to which increases in involuntary commitments are likely to be offset by reduced utilization of correctional facilities, publicly-funded medical care, and state psychiatric hospitalizations.

**Sec. 204.** 2010 2nd sp.s. c 1 s 204 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM**

(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2010)	\$307,348,000
General Fund--State Appropriation (FY 2011)	<del>(\$337,658,000)</del>
	<u>\$321,570,000</u>
General Fund--Federal Appropriation	<del>(\$902,043,000)</del>
	<u>\$890,035,000</u>
TOTAL APPROPRIATION	<del>(\$1,547,049,000)</del>
	<u>\$1,518,953,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

1 (a) Individuals receiving services as supplemental security income  
2 (SSI) state supplemental payments shall not become eligible for medical  
3 assistance under RCW 74.09.510 due solely to the receipt of SSI state  
4 supplemental payments.

5 (b)(i) Amounts appropriated in this section reflect a reduction to  
6 funds appropriated for in-home care. The department shall reduce the  
7 number of in-home hours authorized. The reduction shall be scaled  
8 based on the acuity level of care recipients. The largest hour  
9 reductions shall be to lower acuity patients and the smallest hour  
10 reductions shall be to higher acuity patients. In doing so, the  
11 department shall comply with all maintenance of effort requirements  
12 contained in the American reinvestment and recovery act.

13 (ii) \$508,000 of the general fund--state appropriation for fiscal  
14 year 2011 and \$822,000 of the general fund--federal appropriation are  
15 provided solely for the department to partially restore the reductions  
16 to in-home care that are taken in (b)(i) of this subsection. The  
17 department will use the same formula to restore personal care hours  
18 that it used to reduce personal care hours.

19 (c) Amounts appropriated in this section are sufficient to develop  
20 and implement the use of a consistent, statewide outcome-based vendor  
21 contract for employment and day services by April 1, 2011. The rates  
22 paid to vendors under this contract shall also be made consistent. In  
23 its description of activities the agency shall include activity  
24 listings and dollars appropriated for: Employment services, day  
25 services, child development services and county administration of  
26 services to the developmentally disabled. The department shall begin  
27 reporting to the office of financial management on these activities  
28 beginning in fiscal year 2010.

29 (d) \$302,000 of the general fund--state appropriation for fiscal  
30 year 2010, \$831,000 of the general fund--state appropriation for fiscal  
31 year 2011, and \$1,592,000 of the general fund--federal appropriation  
32 are provided solely for health care benefits pursuant to a collective  
33 bargaining agreement negotiated with the exclusive bargaining  
34 representative of individual providers established under RCW  
35 74.39A.270.

36 (e)(i) \$682,000 of the general fund--state appropriation for fiscal  
37 year 2010, \$1,651,000 of the general fund--state appropriation for  
38 fiscal year 2011, and \$1,678,000 of the general fund--federal

1 appropriation are provided solely for the state's contribution to the  
2 training partnership, as provided in RCW 74.39A.360, pursuant to a  
3 collective bargaining agreement negotiated with the exclusive  
4 bargaining representative of individual providers established under RCW  
5 74.39A.270.

6 (ii) The federal portion of the amounts in this subsection (g) is  
7 contingent upon federal approval of participation in contributions to  
8 the trust and shall remain unallotted and placed in reserve status  
9 until the office of financial management and the department of social  
10 and health services receive federal approval.

11 (iii) Expenditures for the purposes specified in this subsection  
12 (g) shall not exceed the amounts provided in this subsection.

13 (f) Within the amounts appropriated in this subsection (1), the  
14 department shall implement all necessary rules to facilitate the  
15 transfer to a department home and community-based services (HCBS)  
16 waiver of all eligible individuals who (i) currently receive services  
17 under the existing state-only employment and day program or the  
18 existing state-only residential program, and (ii) otherwise meet the  
19 waiver eligibility requirements. The amounts appropriated are  
20 sufficient to ensure that all individuals currently receiving services  
21 under the state-only employment and day and state-only residential  
22 programs who are not transferred to a department HCBS waiver will  
23 continue to receive services.

24 (g) In addition to other reductions, the appropriations in this  
25 subsection reflect reductions targeted specifically to state government  
26 administrative costs. These administrative reductions shall be  
27 achieved, to the greatest extent possible, by reducing those  
28 administrative costs that do not affect direct client services or  
29 direct service delivery or programs.

30 (h) The department shall not pay a home care agency licensed under  
31 chapter 70.127 RCW for personal care services provided by a family  
32 member, pursuant to Substitute House Bill No. 2361 (modifying state  
33 payments for in-home care).

34 (i) Within the appropriations of this section, the department shall  
35 reduce all seventeen payment levels of the seventeen-level payment  
36 system from the fiscal year 2009 levels for boarding homes, boarding  
37 homes contracted as assisted living, and adult family homes. Excluded  
38 from the reductions are exceptional care rate add-ons. The long-term

1 care program may develop add-ons to pay exceptional care rates to adult  
2 family homes and boarding homes with specialty contracts to provide  
3 support for the following specifically eligible clients:

4 (i) Persons with AIDS or HIV-related diseases who might otherwise  
5 require nursing home or hospital care;

6 (ii) Persons with Alzheimer's disease and related dementia who  
7 might otherwise require nursing home care; and

8 (iii) Persons with co-occurring mental illness and long-term care  
9 needs who are eligible for expanded community services and who might  
10 otherwise require state and local psychiatric hospital care.

11 Within amounts appropriated, exceptional add-on rates for AIDS/HIV,  
12 dementia specialty care, and expanded community services may be  
13 standardized within each program.

14 (j) The amounts appropriated in this subsection reflect a reduction  
15 in funds available for employment and day services. In administering  
16 this reduction the department shall negotiate with counties and their  
17 vendors so that this reduction, to the greatest extent possible, is  
18 achieved by reducing vendor rates and allowable contract administrative  
19 charges (overhead) and not through reductions to direct client services  
20 or direct service delivery or programs.

21 (k) As part of the needs assessment instrument, the department may  
22 collect data on family income for minor children with developmental  
23 disabilities and all individuals who are receiving state-only funded  
24 services. The department may ensure that this information is collected  
25 as part of the client assessment process.

26 (l) \$116,000 of the general fund--state appropriation for fiscal  
27 year 2010, (~~(\$2,689,000))~~ \$2,133,000 of the general fund--state

11       The appropriations in this section are subject to the following  
12 conditions and limitations:

13       (1) For purposes of implementing chapter 74.46 RCW, the weighted  
14 average nursing facility payment rate shall not exceed \$169.85 for  
15 fiscal year 2010 and shall not exceed ((~~\$166.24~~)) \$161.86 for fiscal  
16 year 2011, including the rate add-on described in subsection (12) of

25 economic trends and conditions factor or factors defined in any earlier  
26 biennial appropriations act shall be applied solely or compounded to  
27 the component rate allocations established in accordance with chapter  
28 74.46 RCW.

29       (2) After examining actual nursing facility cost information, the  
30 legislature finds that the medicaid nursing facility rates calculated  
31 pursuant to Substitute House Bill No. 3202 or Substitute Senate Bill  
32 No. 6872 (nursing facility medicaid payments) provide sufficient  
33 reimbursement to efficient and economically operating nursing  
34 facilities and bears a reasonable relationship to costs.

35       (3) In accordance with chapter 74.46 RCW, the department shall  
36 issue no additional certificates of capital authorization for fiscal  
37 year 2010 and no new certificates of capital authorization for fiscal

1 year 2011 and shall grant no rate add-ons to payment rates for capital  
2 improvements not requiring a certificate of need and a certificate of  
3 capital authorization for fiscal year 2011.

4 (4) The long-term care program may develop and pay enhanced rates  
5 for exceptional care to nursing homes for persons with traumatic brain  
6 injuries who are transitioning from hospital care. The cost per  
7 patient day for caring for these clients in a nursing home setting may  
8 be equal to or less than the cost of caring for these clients in a  
9 hospital setting.

10 (5) Within the appropriations of this section, the department shall  
11 reduce all seventeen payment levels of the seventeen-level payment

29 funds appropriated for in-home care. The department shall reduce the  
30 number of in-home hours authorized. The reduction shall be scaled  
31 based on the acuity level of care recipients. The largest hour  
32 reductions shall be to lower acuity patients and the smallest hour

34 department shall comply with all maintenance of effort requirements  
35 contained in the American reinvestment and recovery act.

5 year 2010, \$1,477,000 of the general fund--state appropriation for

14 appropriation are provided solely for the state's contribution to the  
15 training partnership, as provided in RCW 74.39A.360, pursuant to a  
16 collective bargaining agreement negotiated with the exclusive  
17 bargaining representative of individual providers established under RCW  
18 74.39A.270.

32 and health services receive federal approval.

33 (d) Expenditures for the purposes specified in this subsection  
34 shall not exceed the amounts provided in this subsection.

35 (9) Within the amounts appropriated in this section, the department  
36 may expand the new freedom waiver program to accommodate new waiver

2 waiver recipients to transfer to the new freedom waiver.

3 (10) Individuals receiving services as supplemental security income  
4 (SSI) state supplemental payments shall not become eligible for medical  
5 assistance under RCW 74.09.510 due solely to the receipt of SSI state  
6 supplemental payments.

7 (11) \$3,955,000 of the general fund--state appropriation for fiscal

11 operation of community residential and support services for persons who  
12 are older adults or who have co-occurring medical and behavioral  
13 disorders and who have been discharged or diverted from a state  
14 psychiatric hospital. These funds shall be used to serve individuals  
15 whose treatment needs constitute substantial barriers to community  
16 placement, who no longer require active psychiatric treatment at an  
17 inpatient hospital level of care, and who no longer meet the criteria  
18 for inpatient involuntary commitment. Coordination of these services  
19 will be done in partnership between the mental health program and the  
20 aging and disability services administration.

21 (12) Within the funds provided, the department shall continue to  
22 provide an add-on per medicaid resident day per facility not to exceed  
23 \$1.57. The add-on shall be used to increase wages, benefits, and/or  
24 staffing levels for certified nurse aides; or to increase wages and/or  
25 benefits for dietary aides, housekeepers, laundry aides, or any other  
26 category of worker whose statewide average dollars-per-hour wage was  
27 less than \$15 in calendar year 2008, according to cost report data.  
28 The add-on may also be used to address resulting wage compression for  
29 related job classes immediately affected by wage increases to low-wage  
30 workers. The department shall continue reporting requirements and a  
31 settlement process to ensure that the funds are spent according to this  
32 subsection. The department shall adopt rules to implement the terms of

2 include senior citizens and persons with disabilities.

3 (14) In accordance with chapter 74.39 RCW, the department may  
4 implement two medicaid waiver programs for persons who do not qualify

8 residential facilities. Enrollment in the waiver shall not exceed 600  
9 persons at any time.

11 care. Enrollment in this second waiver shall not exceed 200 persons at  
12 any time.

13 (c) The department shall identify the number of medically needy  
14 nursing home residents, and enrollment and expenditures on each of the  
15 two medically needy waivers, on monthly management reports.

16 (d) If it is necessary to establish a waiting list for either  
17 waiver because the budgeted number of enrollment opportunities has been  
18 reached, the department shall track how the long-term care needs of  
19 applicants assigned to the waiting list are met.

20 (15) The department shall establish waiting lists to the extent  
21 necessary to assure that annual expenditures on the community options  
22 program entry systems (COPES) program do not exceed appropriated

24 department shall assure priority access to persons with the greatest  
25 unmet needs, as determined by department assessment processes.

26 (16) The department shall contract for housing with service models,

13 ~~lifeline act), including persons in the unemployable, expedited, and~~  
14 ~~aged, blind, and disabled components of the program. It is the intent~~  
15 ~~of the legislature that the lifeline incapacity determination and~~  
16 ~~progressive evaluation process regulations be carefully designed to~~  
17 ~~accurately identify those persons who have been or will be~~  
18 ~~incapacitated for at least ninety days. The incapacity determination~~  
19 ~~and progressive evaluation process regulations in effect on January 1,~~  
20 ~~2010, cannot be amended until at least September 30, 2010; except that~~  
21 ~~provisions related to the use of administrative review teams may be~~  
22 ~~amended, and obsolete terminology and functional assessment language~~  
23 ~~may be updated on or after July 1, 2010, in a manner that only~~  
24 ~~minimally impacts the outcome of incapacity evaluations. After~~  
25 ~~September 30, 2010, the incapacity determination and progressive~~  
26 ~~evaluation process regulations may be amended only if the reports under~~  
27 ~~(a) and (b) of this subsection have been submitted, and find that~~  
28 ~~expenditures will exceed the appropriated level by three percent or~~  
29 ~~more.~~

30 ~~(a) The department and the caseload forecast council shall, by~~  
31 ~~September 21, 2010, submit a report to the legislature based upon the~~  
32 ~~most recent caseload forecast and actual expenditure data available, as~~  
33 ~~to whether expenditures for the lifeline unemployable grants in fiscal~~  
34 ~~year 2011 will exceed \$69,648,000 for fiscal year 2011 in the 2010~~  
35 ~~supplemental operating budget by three percent or more. If~~  
36 ~~expenditures will exceed the appropriated amount for lifeline~~  
37 ~~unemployable grants by three percent or more, the department may adopt~~

1 ~~regulations—modifying—incapacity—determination—and—progressive~~  
2 ~~evaluation process regulations after September 30, 2010.~~

3 ~~(b) On or before September 21, 2010, the department shall submit a~~  
4 ~~report to the relevant policy and fiscal committees of the legislature~~  
5 ~~that includes the following information regarding any regulations~~  
6 ~~proposed for adoption that would modify the lifeline incapacity~~  
7 ~~determination and progressive evaluation process:~~

8 ~~(i) A copy of the proposed changes and a concise description of the~~  
9 ~~changes;~~

10 ~~(ii) A description of the persons who would likely be affected by~~  
11 ~~adoption of the regulations, including their impairments, age,~~  
12 ~~education, and work history;~~

13 ~~(iii) An estimate of the number of persons who, on a monthly basis~~  
14 ~~through June 2013, would be denied lifeline benefits if the regulations~~  
15 ~~were adopted, expressed as a number, as a percentage of total~~  
16 ~~applicants, and as a percentage of the number of persons granted~~  
17 ~~lifeline benefits in each month;~~

18 ~~(iv) An estimate of the number of persons who, on a monthly basis~~  
19 ~~through June 2013, would have their lifeline benefits terminated~~  
20 ~~following an eligibility review if the regulations were adopted,~~  
21 ~~expressed as a number, as a percentage of the number of persons who~~  
22 ~~have had an eligibility review in each month, and as a percentage of~~  
23 ~~the total number of persons currently receiving lifeline-unemployable~~  
24 ~~benefits in each month; and~~

25 ~~(v) Intended improvements in employment or treatment outcomes among~~  
26 ~~persons receiving lifeline benefits that could be attributable to the~~  
27 ~~changes in the regulations.~~

28 ~~(c) Within these amounts:~~

29 ~~(i) The department shall aggressively pursue opportunities to~~  
30 ~~transfer lifeline clients to general assistance expedited coverage and~~  
31 ~~to facilitate client applications for federal supplemental security~~  
32 ~~income when the client's incapacities indicate that he or she would be~~  
33 ~~likely to meet the federal disability criteria for supplemental~~  
34 ~~security income. The department shall initiate and file the federal~~  
35 ~~supplemental security income interim agreement as quickly as possible~~  
36 ~~in order to maximize the recovery of federal funds;~~

37 ~~(ii) The department shall review the lifeline caseload to identify~~  
38 ~~recipients that would benefit from assistance in becoming naturalized~~

citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department;

(iii) The department shall actively coordinate with local workforce development councils to expedite access to worker retraining programs for lifeline clients in those regions of the state with the greatest number of such clients;

(iv) By July 1, 2009, the department shall enter into an interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veteran's services. This agreement must include outstationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services; and

(v) In addition to any earlier evaluation that may have been conducted, the department shall intensively evaluate those clients who have been receiving lifeline benefits for twelve months or more as of July 1, 2009, or thereafter, if the available medical and incapacity related evidence indicates that the client is unlikely to meet the disability standard for federal supplemental security income benefits. The evaluation shall identify services necessary to eliminate or minimize barriers to employment, including mental health treatment, substance abuse treatment and vocational rehabilitation services. The department shall expedite referrals to chemical dependency treatment, mental health and vocational rehabilitation services for these clients.

(vi) The appropriations in this subsection reflect a change in the earned income disregard policy for lifeline clients. It is the intent of the legislature that the department shall adopt the temporary assistance for needy families earned income policy for the lifeline program.

3 \$1,540,000 is provided solely for the department to pass through to  
4 statewide refugee assistance organizations for limited English  
5 proficiency pathway services.

6 ~~((b) The legislature intends that the appropriation in this~~  
7 ~~subsection for the 2009-11 fiscal biennium will maintain funding for~~  
8 ~~refugee programs at a level at least equal to expenditures on these~~  
9 ~~programs in the 2007-09 fiscal biennium.~~

10 ~~(+7))~~ (6) The appropriations in this section reflect reductions in  
11 the appropriations for the economic services administration's  
12 administrative expenses. It is the intent of the legislature that  
13 these reductions shall be achieved, to the greatest extent possible, by  
14 reducing those administrative costs that do not affect direct client  
15 services or direct service delivery or program.

16 ~~((+8))~~ (7) \$855,000 of the general fund--state appropriation for  
17 fiscal year 2011, \$719,000 of the general fund--federal appropriation,

19 provided solely for the implementation of the opportunity portal, the  
20 food stamp employment and training program, and the disability lifeline  
21 program under Second Substitute House Bill No. 2782 (security lifeline  
22 act). If the bill is not enacted by June 30, 2010, the amounts  
23 provided in this subsection shall lapse.

29 to provide funding for community groups to provide transitional  
30 assistance, language skills, and other resources to improve refugees'  
31 economic self-sufficiency through the effective use of social services,  
32 financial services, and medical assistance.

33 (9) To ensure expenditures remain within available funds  
34 appropriated in this section, the legislature establishes the benefit  
35 under the state food assistance program, made pursuant to RCW  
36 74.08A.120, to be fifty percent of the federal supplemental nutrition  
37 assistance program benefit amount.

	<u>\$9,798,488,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for

1 Harborview medical center to remain an economically viable component of  
2 the state's health care system.

3 (4) When a person is ineligible for medicaid solely by reason of  
4 residence in an institution for mental diseases, the department shall  
5 provide the person with the same benefits as he or she would receive if  
6 eligible for medicaid, using state-only funds to the extent necessary.

7 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general  
8 fund--federal appropriation is provided solely for supplemental  
9 payments to nursing homes operated by public hospital districts. The  
10 public hospital district shall be responsible for providing the  
11 required nonfederal match for the supplemental payment, and the  
12 payments shall not exceed the maximum allowable under federal rules.  
13 It is the legislature's intent that the payments shall be supplemental  
14 to and shall not in any way offset or reduce the payments calculated  
15 and provided in accordance with part E of chapter 74.46 RCW. It is the  
16 legislature's further intent that costs otherwise allowable for rate-  
17 setting and settlement against payments under chapter 74.46 RCW shall  
18 not be disallowed solely because such costs have been paid by revenues  
19 retained by the nursing home from these supplemental payments. The  
20 supplemental payments are subject to retrospective interim and final  
21 cost settlements based on the nursing homes' as-filed and final  
22 medicare cost reports. The timing of the interim and final cost  
23 settlements shall be at the department's discretion. During either the  
24 interim cost settlement or the final cost settlement, the department  
25 shall recoup from the public hospital districts the supplemental  
26 payments that exceed the medicaid cost limit and/or the medicare upper  
27 payment limit. The department shall apply federal rules for  
28 identifying the eligible incurred medicaid costs and the medicare upper  
29 payment limit.

30 (6) ((~~\$1,110,000~~)) \$649,000 of the general fund--federal  
31 appropriation and ((~~\$1,105,000~~)) \$644,000 of the general fund--state  
32 appropriation for fiscal year 2011 are provided solely for grants to  
33 rural hospitals. The department shall distribute the funds under a  
34 formula that provides a relatively larger share of the available  
35 funding to hospitals that (a) serve a disproportionate share of low-  
36 income and medically indigent patients, and (b) have relatively smaller  
37 net financial margins, to the extent allowed by the federal medicaid  
38 program.

1       (7)   (~~(\$9,818,000)~~)   \$5,729,000   of   the   general   fund--state  
2   appropriation for fiscal year 2011, and (~~(\$9,865,000)~~)   \$5,776,000   of  
3   the general fund--federal appropriation are provided solely for grants  
4   to nonrural hospitals. The department shall distribute the funds under  
5   a formula that provides a relatively larger share of the available  
6   funding to hospitals that (a) serve a disproportionate share of low-  
7   income and medically indigent patients, and (b) have relatively smaller  
8   net financial margins, to the extent allowed by the federal medicaid  
9   program.

10       (8) The department shall continue the inpatient hospital certified  
11   public expenditures program for the 2009-11 biennium. The program  
12   shall apply to all public hospitals, including those owned or operated  
13   by the state, except those classified as critical access hospitals or  
14   state psychiatric institutions. The department shall submit reports to  
15   the governor and legislature by November 1, 2009, and by November 1,  
16   2010, that evaluate whether savings continue to exceed costs for this  
17   program. If the certified public expenditures (CPE) program in its  
18   current form is no longer cost-effective to maintain, the department  
19   shall submit a report to the governor and legislature detailing  
20   cost-effective alternative uses of local, state, and federal resources  
21   as a replacement for this program. During fiscal year 2010 and fiscal  
22   year 2011, hospitals in the program shall be paid and shall retain one  
23   hundred percent of the federal portion of the allowable hospital cost  
24   for each medicaid inpatient fee-for-service claim payable by medical  
25   assistance and one hundred percent of the federal portion of the  
26   maximum disproportionate share hospital payment allowable under federal  
27   regulations. Inpatient medicaid payments shall be established using an  
28   allowable methodology that approximates the cost of claims submitted by  
29   the hospitals. Payments made to each hospital in the program in each  
30   fiscal year of the biennium shall be compared to a baseline amount.  
31   The baseline amount will be determined by the total of (a) the  
32   inpatient claim payment amounts that would have been paid during the  
33   fiscal year had the hospital not been in the CPE program based on the  
34   reimbursement rates developed, implemented, and consistent with  
35   policies approved in the 2009-11 biennial operating appropriations act  
36   (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half  
37   of the indigent assistance disproportionate share hospital payment  
38   amounts paid to and retained by each hospital during fiscal year 2005,

1 and (c) all of the other disproportionate share hospital payment  
2 amounts paid to and retained by each hospital during fiscal year 2005  
3 to the extent the same disproportionate share hospital programs exist  
4 in the 2009-11 biennium. If payments during the fiscal year exceed the  
5 hospital's baseline amount, no additional payments will be made to the  
6 hospital except the federal portion of allowable disproportionate share  
7 hospital payments for which the hospital can certify allowable match.  
8 If payments during the fiscal year are less than the baseline amount,  
9 the hospital will be paid a state grant equal to the difference between  
10 payments during the fiscal year and the applicable baseline amount.  
11 Payment of the state grant shall be made in the applicable fiscal year  
12 and distributed in monthly payments. The grants will be recalculated  
13 and redistributed as the baseline is updated during the fiscal year.  
14 The grant payments are subject to an interim settlement within eleven  
15 months after the end of the fiscal year. A final settlement shall be  
16 performed. To the extent that either settlement determines that a  
17 hospital has received funds in excess of what it would have received as  
18 described in this subsection, the hospital must repay the excess  
19 amounts to the state when requested. \$20,403,000 of the general fund--  
20 state appropriation for fiscal year 2010, of which \$6,570,000 is  
21 appropriated in section 204(1) of this act, and \$29,480,000 of the  
22 general fund--state appropriation for fiscal year 2011, of which  
23 \$6,570,000 is appropriated in section 204(1) of this act, are provided  
24 solely for state grants for the participating hospitals. CPE hospitals  
25 will receive the inpatient and outpatient reimbursement rate  
26 restorations in section 9 and rate increases in section 10(1)(b) of  
27 Engrossed Second Substitute House Bill No. 2956 (hospital safety net  
28 assessment) funded through the hospital safety net assessment fund  
29 rather than through the baseline mechanism specified in this  
30 subsection.

31 (9) The department is authorized to use funds appropriated in this  
32 section to purchase goods and supplies through direct contracting with  
33 vendors when the department determines it is cost-effective to do so.

34 (10) \$93,000 of the general fund--state appropriation for fiscal  
35 year 2010 and \$93,000 of the general fund--federal appropriation are  
36 provided solely for the department to pursue a federal Medicaid waiver  
37 pursuant to Second Substitute Senate Bill No. 5945 (Washington health

partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(12) A maximum of \$241,141,000 in total funds from the general fund--state, general fund--federal, and tobacco and prevention control account--state appropriations may be expended in the fiscal biennium for the medical program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of lifeline benefits. Pursuant to RCW 74.09.035, the department shall not expend for the lifeline medical care services program any amounts in excess of the amounts provided in this subsection.

(13) Mental health services shall be included in the services provided through the managed care system for lifeline clients under chapter 8, Laws of 2010 1st sp. sess. In transitioning lifeline clients to managed care, the department shall attempt to deliver care to lifeline clients through medical homes in community and migrant health centers. The department, in collaboration with the carrier, shall seek to improve the transition rate of lifeline clients to the federal supplemental security income program. The department shall renegotiate the contract with the managed care plan that provides services for lifeline clients to maximize state retention of future hospital savings as a result of improved care coordination. The department, in collaboration with stakeholders, shall propose a new name for the lifeline program.

(14) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes

1 for lifeline medical clients. Outcomes measured shall include state  
2 costs, utilization, changes in mental health status and symptoms, and  
3 involvement in the criminal justice system.

4 (15) The department shall report to the governor and the fiscal  
5 committees of the legislature by June 1, 2010, on its progress toward  
6 achieving a twenty percentage point increase in the generic  
7 prescription drug utilization rate.

8 (16) State funds shall not be used by hospitals for advertising  
9 purposes.

10 (17) \$24,356,000 of the general fund--private/local appropriation  
11 and \$35,707,000 of the general fund--federal appropriation are provided  
12 solely for the implementation of professional services supplemental  
13 payment programs. The department shall seek a medicaid state plan  
14 amendment to create a professional services supplemental payment  
15 program for University of Washington medicine professional providers no  
16 later than July 1, 2009. The department shall apply federal rules for  
17 identifying the shortfall between current fee-for-service medicaid  
18 payments to participating providers and the applicable federal upper  
19 payment limit. Participating providers shall be solely responsible for  
20 providing the local funds required to obtain federal matching funds.  
21 Any incremental costs incurred by the department in the development,  
22 implementation, and maintenance of this program will be the  
23 responsibility of the participating providers. Participating providers  
24 will retain the full amount of supplemental payments provided under  
25 this program, net of any potential costs for any related audits or  
26 litigation brought against the state. The department shall report to  
27 the governor and the legislative fiscal committees on the prospects for  
28 expansion of the program to other qualifying providers as soon as  
29 feasibility is determined but no later than December 31, 2009. The  
30 report will outline estimated impacts on the participating providers,  
31 the procedures necessary to comply with federal guidelines, and the  
32 administrative resource requirements necessary to implement the  
33 program. The department will create a process for expansion of the  
34 program to other qualifying providers as soon as it is determined  
35 feasible by both the department and providers but no later than June  
36 30, 2010.

37 (18) \$9,075,000 of the general fund--state appropriation for fiscal  
38 year 2010, \$8,588,000 of the general fund--state appropriation for

1    fiscal year 2011, and \$39,747,000 of the general fund--federal  
2    appropriation are provided solely for development and implementation of  
3    a replacement system for the existing medicaid management information  
4    system. The amounts provided in this subsection are conditioned on the  
5    department satisfying the requirements of section 902 of this act.

6        (19) \$506,000 of the general fund--state appropriation for fiscal  
7    year 2011 and \$657,000 of the general fund--federal appropriation are  
8    provided solely for the implementation of Second Substitute House Bill  
9    No. 1373 (children's mental health). If the bill is not enacted by  
10   June 30, 2009, the amounts provided in this subsection shall lapse.

11        (20) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall  
12   pursue insurance claims on behalf of medicaid children served through  
13   its in-home medically intensive child program under WAC 388-551-3000.  
14   The department shall report to the Legislature by December 31, 2009, on  
15   the results of its efforts to recover such claims.

16        (21) The department may, on a case-by-case basis and in the best  
17   interests of the child, set payment rates for medically intensive home  
18   care services to promote access to home care as an alternative to  
19   hospitalization. Expenditures related to these increased payments  
20   shall not exceed the amount the department would otherwise pay for  
21   hospitalization for the child receiving medically intensive home care  
22   services.

23        (22) \$425,000 of the general fund--state appropriation for fiscal

The appropriations in this section are subject to the following conditions and limitations:

(1) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly

1 authorized in this act or other law. The department of health and the  
2 state board of health shall not implement any new or amended rules  
3 pertaining to primary and secondary school facilities until the rules  
4 and a final cost estimate have been presented to the legislature, and  
5 the legislature has formally funded implementation of the rules through  
6 the omnibus appropriations act or by statute. The department may seek,  
7 receive, and spend, under RCW 43.79.260 through 43.79.282, federal  
8 moneys not anticipated in this act as long as the federal funding does  
9 not require expenditure of state moneys for the program in excess of  
10 amounts anticipated in this act. If the department receives  
11 unanticipated unrestricted federal moneys, those moneys shall be spent  
12 for services authorized in this act or in any other legislation that  
13 provides appropriation authority, and an equal amount of appropriated  
14 state moneys shall lapse. Upon the lapsing of any moneys under this  
15 subsection, the office of financial management shall notify the  
16 legislative fiscal committees. As used in this subsection,  
17 "unrestricted federal moneys" includes block grants and other funds  
18 that federal law does not require to be spent on specifically defined  
19 projects or matched on a formula basis by state funds.

20 (2) In accordance with RCW 43.70.250 and 43.135.055, the department  
21 is authorized to establish and raise fees in fiscal year 2011 as  
22 necessary to meet the actual costs of conducting business and the  
23 appropriation levels in this section. This authorization applies to  
24 fees for the review of sewage tank designs, fees related to regulation  
25 and inspection of farmworker housing, and fees associated with the  
26 following professions: Acupuncture, dental, denturist, mental health  
27 counselor, nursing, nursing assistant, optometry, radiologic

31 (3) Pursuant to RCW 43.135.055 and RCW 43.70.250, the department is  
32 authorized to establish fees by the amount necessary to fully support  
33 the cost of activities related to the administration of long-term care  
34 worker certification. The department is further authorized to increase  
35 fees by the amount necessary to implement the regulatory requirements  
36 of the following bills: House Bill No. 1414 (health care assistants),

2 is provided solely for the medical quality assurance commission to  
3 maintain disciplinary staff and associated costs sufficient to reduce  
4 the backlog of disciplinary cases and to continue to manage the  
5 disciplinary caseload of the commission.

6 (5) \$57,000 of the general fund--state appropriation for fiscal  
7 year 2010 and (~~(\$58,000)~~) \$54,000 of the general fund--state  
8 appropriation for fiscal year 2011 are provided solely for the  
9 midwifery licensure and regulatory program to offset a reduction in  
10 revenue from fees. The department shall convene the midwifery advisory  
11 committee on a quarterly basis to address issues related to licensed  
12 midwifery. The appropriations in this section assume that the current  
13 application and renewal fee for midwives shall be increased by fifty  
14 dollars and all other fees for midwives be adjusted accordingly.

15 (6) Funding for the human papillomavirus vaccine shall not be  
16 included in the department's universal vaccine purchase program in  
17 fiscal year 2010. Remaining funds for the universal vaccine purchase  
18 program shall be used to continue the purchase of all other vaccines  
19 included in the program until May 1, 2010, at which point state funding  
20 for the universal vaccine purchase program shall be discontinued.

21 (7) Beginning July 1, 2010, the department, in collaboration with  
22 the department of social and health services, shall maximize the use of  
23 existing federal funds, including section 317 of the federal public  
24 health services act direct assistance as well as federal funds that may  
25 become available under the American recovery and reinvestment act, in  
26 order to continue to provide immunizations for low-income, nonmedicaid  
27 eligible children up to three hundred percent of the federal poverty  
28 level in state-sponsored health programs.

29 (8) The department shall eliminate outreach activities for the  
30 health care directives registry and use the remaining amounts to  
31 maintain the contract for the registry and minimal staffing necessary  
32 to administer the basic entry functions for the registry.

33 (9) Funding in this section reflects a temporary reduction of  
34 resources for the 2009-11 fiscal biennium for the state board of health  
35 to conduct health impact reviews.

36 (10) Pursuant to RCW 43.135.055 and 43.70.125, the department is  
37 authorized to adopt rules to establish a fee schedule to apply to  
38 applicants for initial certification surveys of health care facilities

1 for purposes of receiving federal health care program reimbursement.  
2 The fees shall only apply when the department has determined that  
3 federal funding is not sufficient to compensate the department for the  
4 cost of conducting initial certification surveys. The fees for initial  
5 certification surveys may be established as follows: Up to \$1,815 for  
6 ambulatory surgery centers, up to \$2,015 for critical access hospitals,  
7 up to \$980 for end stage renal disease facilities, up to \$2,285 for

10 rural health clinics, and up to \$7,000 for transplant hospitals.

11 (11) Funding for family planning grants for fiscal year 2011 is  
12 reduced in the expectation that federal funding shall become available  
13 to expand coverage of services for individuals through programs at the  
14 department of social and health services. In the event that such  
15 funding is not provided, the legislature intends to continue funding  
16 through a supplemental appropriation at fiscal year 2010 levels.  
17 (~~(\$4,500,000)~~) \$4,360,000 of the general fund--state appropriation is

(27) It is the intent of the legislature that the reductions in appropriations to the AIDS/HIV programs shall be achieved, to the greatest extent possible, by reducing those state government administrative costs that do not affect direct client services or direct service delivery or programs. The agency shall, to the greatest extent possible, reduce spending in those areas that shall have the least impact on implementing these programs.

27 of basic education formula staff units received by the districts in the  
28 school year prior to the consolidation; and

29 (b) For the fourth through eighth school years following  
30 consolidation, the difference between the basic education formula staff

19 appropriation may be expended for regional transportation coordinators  
20 and related activities. The transportation coordinators shall ensure

In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(6) Funding levels in this section reflect reductions from the implementation of Substitute House Bill No. 1292 (authorizing waivers from the one hundred eighty-day school year requirement in order to allow four-day school weeks).

**Sec. 505.** 2010 1st sp.s. c 37 s 507 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

General Fund--State Appropriation (FY 2010) . . . . .	\$632,136,000
General Fund--State Appropriation (FY 2011) . . . . .	<del>(( \$650,856,000 ))</del>

TOTAL APPROPRIATION . . . . .	<del>(( \$1,948,349,000 ))</del>
	<u>\$1,924,816,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and

1 504 of this act. To the extent a school district cannot provide an  
2 appropriate education for special education students under chapter  
3 28A.155 RCW through the general apportionment allocation, it shall  
4 provide services through the special education excess cost allocation  
5 funded in this section.

6 (2)(a) The superintendent of public instruction shall ensure that:

7 (i) Special education students are basic education students first;

8 (ii) As a class, special education students are entitled to the  
9 full basic education allocation; and

10 (iii) Special education students are basic education students for  
11 the entire school day.

12 (b) The superintendent of public instruction shall continue to  
13 implement the full cost method of excess cost accounting, as designed  
14 by the committee and recommended by the superintendent, pursuant to  
15 section 501(1)(k), chapter 372, Laws of 2006.

16 (3) Each fiscal year appropriation includes such funds as are  
17 necessary to complete the school year ending in the fiscal year and for  
18 prior fiscal year adjustments.

19 (4) The superintendent of public instruction shall distribute state  
20 funds to school districts based on two categories: (a) The first  
21 category includes (i) children birth through age two who are eligible  
22 for the optional program for special education eligible developmentally  
23 delayed infants and toddlers, and (ii) students eligible for the  
24 mandatory special education program and who are age three or four, or  
25 five and not yet enrolled in kindergarten; and (b) the second category  
26 includes students who are eligible for the mandatory special education  
27 program and who are age five and enrolled in kindergarten and students  
28 age six through 21.

29 (5)(a) For the 2009-10 and 2010-11 school years, the superintendent  
30 shall make allocations to each district based on the sum of:

31 (i) A district's annual average headcount enrollment of students  
32 ages birth through four and those five year olds not yet enrolled in  
33 kindergarten, as defined in subsection (4) of this section, multiplied  
34 by the district's average basic education allocation per full-time  
35 equivalent student, multiplied by 1.15; and

36 (ii) A district's annual average full-time equivalent basic  
37 education enrollment multiplied by the funded enrollment percent

determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, (~~(\$44,269,000))~~ \$20,736,000 of the general fund--state appropriation and \$29,574,000 of the general fund--

1 federal appropriation are provided for safety net awards for districts  
2 with demonstrated needs for special education funding beyond the  
3 amounts provided in subsection (5) of this section. If the federal  
4 safety net awards based on the federal eligibility threshold exceed the  
5 federal appropriation in this subsection (8) in any fiscal year, the  
6 superintendent shall expend all available federal discretionary funds  
7 necessary to meet this need. Safety net funds shall be awarded by the  
8 state safety net oversight committee subject to the following  
9 conditions and limitations:

10 (a) The committee shall consider unmet needs for districts that can  
11 convincingly demonstrate that all legitimate expenditures for special  
12 education exceed all available revenues from state funding formulas.  
13 In the determination of need, the committee shall also consider  
14 additional available revenues from federal sources. Differences in  
15 program costs attributable to district philosophy, service delivery  
16 choice, or accounting practices are not a legitimate basis for safety  
17 net awards. In the determination of need, the committee shall require  
18 that districts demonstrate that they are maximizing their eligibility  
19 for all state and federal revenues related to services for special  
20 education-eligible students. Awards associated with (b) and (c) of  
21 this subsection shall not exceed the total of a district's specific  
22 determination of need.

23 (b) The committee shall then consider the extraordinary high cost  
24 needs of one or more individual special education students.  
25 Differences in costs attributable to district philosophy, service  
26 delivery choice, or accounting practices are not a legitimate basis for  
27 safety net awards.

28 (c) Using criteria developed by the committee, the committee shall  
29 then consider extraordinary costs associated with communities that draw  
30 a larger number of families with children in need of special education  
31 services. The safety net awards to school districts shall be adjusted  
32 to reflect amounts awarded under (b) of this subsection.

33 (d) The maximum allowable indirect cost for calculating safety net  
34 eligibility may not exceed the federal restricted indirect cost rate  
35 for the district plus one percent.

36 (e) Safety net awards must be adjusted for any audit findings or  
37 exceptions related to special education funding.

1 (f) Safety net awards shall be adjusted based on the percent of  
2 potential medicaid eligible students billed as calculated by the  
3 superintendent in accordance with chapter 318, Laws of 1999. The state  
4 safety net oversight committee shall ensure that safety net  
5 documentation and awards are based on current medicaid revenue amounts.

6 ~~(g) ((The office of the superintendent of public instruction, at~~  
7 ~~the conclusion of each school year, shall recover safety net funds that~~  
8 ~~were distributed prospectively but for which districts were not~~  
9 ~~subsequently eligible))~~ Beginning with the 2010-11 school year award  
10 cycle, the office of the superintendent of public instruction shall  
11 make award determinations for state safety net funding in August of  
12 each school year. Determinations on school district eligibility for  
13 state safety net awards shall be based on analysis of actual  
14 expenditure data from the current school year.

15 (9) The superintendent of public instruction may adopt such rules  
16 and procedures as are necessary to administer the special education  
17 funding and safety net award process. Prior to revising any standards,  
18 procedures, or rules, the superintendent shall consult with the office  
19 of financial management and the fiscal committees of the legislature.

20 (10) The safety net oversight committee appointed by the  
21 superintendent of public instruction shall consist of:

22 (a) One staff from the office of superintendent of public  
23 instruction;

24 (b) Staff of the office of the state auditor who shall be nonvoting  
25 members of the committee; and

26 (c) One or more representatives from school districts or  
27 educational service districts knowledgeable of special education  
28 programs and funding.

29 (11) The office of the superintendent of public instruction shall  
30 review and streamline the application process to access safety net  
31 funds, provide technical assistance to school districts, and annually  
32 survey school districts regarding improvement to the process.

33 (12) A maximum of \$678,000 may be expended from the general fund--  
34 state appropriations to fund 5.43 full-time equivalent teachers and 2.1  
35 full-time equivalent aides at children's orthopedic hospital and  
36 medical center. This amount is in lieu of money provided through the  
37 home and hospital allocation and the special education program.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(15) \$262,000 of the general fund--state appropriation for fiscal year 2010 and \$251,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(16) \$50,000 of the general fund--state appropriation for fiscal year 2010, \$50,000 of the general fund--state appropriation for fiscal 2011, and \$100,000 of the general fund--federal appropriation shall be expended to support a special education ombudsman program within the office of superintendent of public instruction.

1 (5) Moneys expended from the Washington auto theft prevention  
2 authority account under subsection (2) of this section shall be used to  
3 supplement, not supplant, other moneys that are available for motor  
4 vehicle theft prevention.

5 (6) Grants provided under subsection (2) of this section constitute  
6 reimbursement for purposes of RCW 43.135.060(1).

7 **Sec. 916.** RCW 43.350.070 and 2005 c 424 s 8 are each amended to  
8 read as follows:

9 The life sciences discovery fund is created in the custody of the  
10 state treasurer. Only the board or the board's designee may authorize  
11 expenditures from the fund. Expenditures from the fund may be made  
12 only for purposes of this chapter. Administrative expenses of the  
13 authority, including staff support, may be paid only from the fund.  
14 Revenues to the fund consist of transfers made by the legislature from  
15 strategic contribution payments deposited in the tobacco settlement  
16 account under RCW 43.79.480, moneys received pursuant to contribution  
17 agreements entered into pursuant to RCW 43.350.030, moneys received  
18 from gifts, grants, and bequests, and interest earned on the fund.  
19 During the 2009-2011 fiscal biennium, the legislature may transfer to  
20 other state funds or accounts such amounts as represent the excess  
21 balance of the life sciences discovery fund.

22 **Sec. 917.** RCW 51.44.170 and 2003 1st sp.s. c 25 s 926 are each  
23 amended to read as follows:

24 The industrial insurance premium refund account is created in the  
25 custody of the state treasurer. All industrial insurance refunds  
26 earned by state agencies or institutions of higher education under the  
27 state fund retrospective rating program shall be deposited into the  
28 account. The account is subject to the allotment procedures under  
29 chapter 43.88 RCW, but no appropriation is required for expenditures  
30 from the account. Only the executive head of the agency or institution  
31 of higher education, or designee, may authorize expenditures from the  
32 account. No agency or institution of higher education may make an  
33 expenditure from the account for an amount greater than the refund  
34 earned by the agency. If the agency or institution of higher education  
35 has staff dedicated to workers' compensation claims management,  
36 expenditures from the account must be used to pay for that staff, but

1 additional expenditure from the account may be used for any program  
2 within an agency or institution of higher education that promotes or  
3 provides incentives for employee workplace safety and health and early,  
4 appropriate return-to-work for injured employees. During the ((2003-  
5 2005)) 2009-2011 fiscal biennium, the legislature may transfer from the  
6 industrial insurance premium refund account to the state general fund  
7 such amounts as reflect the excess fund balance of the account.

8 **Sec. 918.** RCW 66.08.190 and 2003 1st sp.s. c 25 s 927 are each

12 ~~state general fund during the 2003-2005 biennium))~~ as provided in  
13 subsection (4) of this section, when excess funds are distributed, all  
14 moneys subject to distribution shall be disbursed as follows:

15 (a) Three-tenths of one percent to border areas under RCW  
16 66.08.195; and

17 (b) From the amount remaining after distribution under (a) of this  
18 subsection, (i) fifty percent to the general fund of the state, (ii)

21 (2) During the months of June, September, December, and March of  
22 each year, prior to disbursing the distribution to incorporated cities  
23 and towns under subsection (1)(b) of this section, the treasurer shall  
24 deduct from that distribution an amount that will fund that quarter's  
25 allotments under RCW 43.88.110 from any legislative appropriation from  
26 the city and town research services account. The treasurer shall  
27 deposit the amount deducted into the city and town research services  
28 account.

29 (3) The governor may notify and direct the state treasurer to

36 million dollars must be deposited into the Washington auto theft  
37 prevention authority account to be used for criminal justice training.

1       **Sec. 919.** RCW 66.08.235 and 2005 c 151 s 4 are each amended to  
2 read as follows:

3       The liquor control board construction and maintenance account is  
4 created within the state treasury. The liquor control board shall  
5 deposit into this account a portion of the board's markup, as  
6 authorized by chapter 66.16 RCW, placed upon liquor as determined by  
7 the board. Moneys in the account may be spent only after  
8 appropriation. The liquor control board shall use deposits to this  
9 account to fund construction and maintenance of a centralized  
10 distribution center for liquor products intended for sale through the  
11 board's liquor store and contract liquor store system. During the  
12 ~~((2001-2003))~~ 2009-2011 fiscal biennium, the legislature may transfer

21 state treasury. Into this account shall be placed a portion of all  
22 motor vehicle excise tax receipts as provided in RCW 82.44.110. At  
23 such times as distributions are made under RCW 82.44.150, the state  
24 treasurer shall distribute the funds in the distressed county  
25 assistance account to each county imposing the sales and use tax  
26 authorized under RCW 82.14.370 as of January 1, 1999, in the same  
27 proportions as distributions of the tax imposed under RCW 82.14.370 for  
28 these counties for the previous quarter.

29       (2) Funds distributed from the distressed county assistance account  
30 shall be expended by the counties for criminal justice and other  
31 purposes. During the 2009-2011 fiscal biennium, the legislature may  
32 transfer from the distressed county assistance account to the state  
33 general fund such amounts as reflect the excess fund balance of the  
34 account.
