PSHB 1089
By Representatives
Dunshee and Warnick
AN ACT Relating to the capital budget; making appropriations and
authorizing expenditures for capital improvements; amending RCW
43.34.080, 28B.15.210, 28B.20.725, 28B.15.310, 28B.30.750, 28B.35.370,
28B.50.360, 43.155.070, 79.17.010, 79.17.020, 39.10.220, 39.10.230,
39.10.240, 39.10.250, 39.10.260, 39.10.270, 39.10.280, 39.10.300,
39.10.320, 39.10.330, 39.10.340, 39.10.360, 39.10.380, 39.10.385,
39.10.390, 39.10.400, 39.10.420, 39.10.440, 39.10.450, 39.10.490,
43.131.407, and 43.131.408; amending 2012 2nd sp.s. c 2 ss 1022, 1024,
1025, and 3002 (uncodified); amending 2011 1st sp.s. c 48 ss 1022,
1023, and 3070; amending 2011 1st sp.s. c 49 ss 3052, 5101, 3112
(uncodified); amending 2005 c 8 s 1 (uncodified); amending 2007 c 4 s
1 (uncodified); amending 2008 c 5 s 1 (uncodified); reenacting and
amending RCW 70.105D.070 and 39.10.210; creating new sections;
repealing RCW 39.10.500 and 39.10.510; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and,
subject to the provisions set forth in this act, the several dollar
amounts hereinafter specified, or so much thereof as shall be
sufficient to accomplish the purposes designated, are hereby

Code Rev/AL:mos 1 H-2384.2/13 2nd draft
appropriated and authorized to be incurred for capital projects during
the period beginning with the effective date of this act and ending
June 30, 2015, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act
unless the context clearly requires otherwise.

(a) "Fiscal year 2014" or "FY 2014" means the period beginning July
1, 2013, and ending June 30, 2014.

(b) "Fiscal year 2015" or "FY 2015" means the period beginning July
1, 2014, and ending June 30, 2015.

(c) "Lapse" or "revert" means the amount shall return to an
unappropriated status.

(d) "Provided solely" means the specified amount may be spent only
for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any
portion of an amount provided solely for a specified purpose that is
not expended subject to the specified conditions and limitations to
fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future
Biennia," and "Total" in this act are for informational purposes only
and do not constitute legislative approval of these amounts. "Prior
biennia" typically refers to the immediate prior biennium for
reappropriations, but may refer to multiple biennia in the case of
specific projects. A "future biennia" amount is an estimate of what
may be appropriated for the project or program in the 2015-2017
biennium and the following three biennia; an amount of zero does not
necessarily constitute legislative intent to not provide funding for
the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless
the context clearly provides otherwise, are subject to the relevant
conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining
on June 30, 2013, from the 2011-2013 biennial appropriations for each
project.

PART 1
GENERAL GOVERNMENT
NEW SECTION. Sec. 1001. FOR THE DEPARTMENT OF COMMERCE
Rural Washington Loan Fund (19882002)

Reappropriation:
Rural Washington Loan Account--State .................. $105,000
Prior Biennia (Expenditures) ............................. $13,260,000
Future Biennia (Projected Costs) ........................ $0
TOTAL .................................................. $13,365,000

NEW SECTION. Sec. 1002. FOR THE DEPARTMENT OF COMMERCE
Local and Community Projects (20064008)

The reappropriation is subject to the provisions in section 131, chapter 488, Laws of 2005.

Reappropriation:
State Building Construction Account--State ............... $692,000
Prior Biennia (Expenditures) ............................. $45,210,000
Future Biennia (Projected Costs) ........................ $0
TOTAL .................................................. $45,902,000

NEW SECTION. Sec. 1003. FOR THE DEPARTMENT OF COMMERCE
Rural Washington Loan Fund (20064010)

Reappropriation:
Rural Washington Loan Account--State .................. $2,656,000
Prior Biennia (Expenditures) ............................. $1,471,000
Future Biennia (Projected Costs) ........................ $0
TOTAL .................................................. $4,127,000

NEW SECTION. Sec. 1004. FOR THE DEPARTMENT OF COMMERCE
Job and Economic Development Grants (20064950)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 107, chapter 371, Laws of 2006.

Reappropriation:
State Building Construction Account--State ............... $1,406,000
Prior Biennia (Expenditures) ............................. $45,051,000
Future Biennia (Projected Costs) ........................ $0
NEW SECTION. Sec. 1005. FOR THE DEPARTMENT OF COMMERCE
Jobs in Communities (20064951)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 140, chapter 488, Laws of 2005.

Reappropriation:
State Building Construction Account--State . . . . . . . . $1,428,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . $10,822,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . $0
TOTAL . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $12,250,000

NEW SECTION. Sec. 1006. FOR THE DEPARTMENT OF COMMERCE
Drinking Water Assistance Program (20074004)

Reappropriation:
Drinking Water Assistance Account--State . . . . . . . . $1,948,000
Drinking Water Assistance Repayment Account--State . . $11,605,000
Subtotal Reappropriation . . . . . . . . . . . . . . . . . . . $13,553,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . $18,347,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . $0
TOTAL . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $31,900,000

NEW SECTION. Sec. 1007. FOR THE DEPARTMENT OF COMMERCE
Public Works Trust Fund (20074005)

Reappropriation:
Public Works Assistance Account--State . . . . . . . . . $32,000,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . $295,000,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . $0
TOTAL . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $327,000,000

NEW SECTION. Sec. 1008. FOR THE DEPARTMENT OF COMMERCE
Rural Washington Loan Fund (20074008)

Reappropriation:
Rural Washington Loan Account--State . . . . . . . . . $1,751,000
Prior Biennia (Expenditures) .................. $276,000
Future Biennia (Projected Costs) ............... $0
TOTAL ........................................ $2,027,000

NEW SECTION. Sec. 1009. FOR THE DEPARTMENT OF COMMERCE
Housing Assistance, Weatherization, and Affordable Housing (20074009)

Reappropriation:
State Taxable Building Construction Account--State . . . . $4,434,000
Prior Biennia (Expenditures) ...................... $195,566,000
Future Biennia (Projected Costs) .................... $0
TOTAL ........................................ $200,000,000

NEW SECTION. Sec. 1010. FOR THE DEPARTMENT OF COMMERCE
Job Development Fund Grants (20074010)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1032, chapter 520, Laws of 2007 and section 1005, chapter 36, Laws of 2010 1st sp. sess.

Reappropriation:
State Building Construction Account--State . ........ $4,061,000
Prior Biennia (Expenditures) ...................... $44,869,000
Future Biennia (Projected Costs) .................... $0
TOTAL ........................................ $48,930,000

NEW SECTION. Sec. 1011. FOR THE DEPARTMENT OF COMMERCE
Longview Regional Water Treatment Plant Dredging (20081001)

Reappropriation:
State Building Construction Account--State ............ $24,000
Prior Biennia (Expenditures) ....................... $126,000
Future Biennia (Projected Costs) ..................... $0
TOTAL ........................................ $150,000

NEW SECTION. Sec. 1012. FOR THE DEPARTMENT OF COMMERCE
Innovation Partnership Zones (20082003)

Reappropriation:

NEW SECTION. Sec. 1013. FOR THE DEPARTMENT OF COMMERCE
Community Development Fund (20084850)

Reappropriation:
- State Building Construction Account--State: $1,410,000
- Prior Biennia (Expenditures): $19,506,000
- Future Biennia (Projected Costs): $0

TOTAL: $20,916,000

NEW SECTION. Sec. 1014. FOR THE DEPARTMENT OF COMMERCE
Belfair Sewer Improvements (20084852)

Reappropriation:
- State Building Construction Account--State: $506,000
- Prior Biennia (Expenditures): $9,794,000
- Future Biennia (Projected Costs): $0

TOTAL: $10,300,000

NEW SECTION. Sec. 1015. FOR THE DEPARTMENT OF COMMERCE
2008 Local and Community Projects (20084861)

Reappropriation:
- State Building Construction Account--State: $1,535,000
- Prior Biennia (Expenditures): $16,209,000
- Future Biennia (Projected Costs): $0

TOTAL: $17,744,000

NEW SECTION. Sec. 1016. FOR THE DEPARTMENT OF COMMERCE
Drinking Water State Revolving Fund Loan Program (30000005)

Reappropriation:
- Drinking Water Assistance Account--State: $10,930,000
- Drinking Water Assistance Repayment Account--State: $31,201,000

Subtotal Reappropriation: $42,131,000
Prior Biennia (Expenditures) ......................... $0
Future Biennia (Projected Costs) .................... $0
TOTAL .............................................. $42,131,000

NEW SECTION. Sec. 1017. FOR THE DEPARTMENT OF COMMERCE
Community Economic Revitalization Board (30000010)

Reappropriation:
Public Facility Construction Loan Revolving
 Account--State ................. $5,076,000
Prior Biennia (Expenditures) ................. $1,177,000
Future Biennia (Projected Costs) ............... $0
TOTAL .............................................. $6,253,000

NEW SECTION. Sec. 1018. FOR THE DEPARTMENT OF COMMERCE
Innovation Partnership Zones (30000012)

Reappropriation:
State Building Construction Account--State .... $750,000
Prior Biennia (Expenditures) ................. $750,000
Future Biennia (Projected Costs) ............... $0
TOTAL .............................................. $1,500,000

NEW SECTION. Sec. 1019. FOR THE DEPARTMENT OF COMMERCE
Housing Assistance, Weatherization, and Affordable Housing
(30000013)

Reappropriation:
State Building Construction Account--State .... $1,964,000
Washington Housing Trust Account--State ....... $751,000
Subtotal Reappropriation ......................... $2,715,000
Prior Biennia (Expenditures) ................. $127,285,000
Future Biennia (Projected Costs) ............... $0
TOTAL .............................................. $130,000,000

NEW SECTION. Sec. 1020. FOR THE DEPARTMENT OF COMMERCE
Local and Community Projects (30000019)

The reappropriation in this section is subject to the following
conditions and limitations: The projects must comply with RCW 43.63A.125 and other requirements for community projects administered by the department.

Reappropriation:

State Building Construction Account--State ............... $556,000
Prior Biennia (Expenditures) ......................... $19,589,000
Future Biennia (Projected Costs) ....................... $0
TOTAL .................................................... $20,145,000

NEW SECTION. Sec. 1021. FOR THE DEPARTMENT OF COMMERCE

2010 Local and Community Projects (30000082)

The reappropriation in this section is subject to the following conditions and limitations: The projects must comply with RCW 43.63A.125 and other requirements for community projects administered by the department.

Reappropriation:

State Building Construction Account--State ............... $3,961,000
Prior Biennia (Expenditures) ......................... $10,169,000
Future Biennia (Projected Costs) ....................... $0
TOTAL .................................................... $14,130,000

NEW SECTION. Sec. 1022. FOR THE DEPARTMENT OF COMMERCE

Community Schools (91000002)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1013, chapter 36, Laws of 2010 1st sp. sess.

Reappropriation:

State Building Construction Account--State ............... $150,000
Prior Biennia (Expenditures) ......................... $6,350,000
Future Biennia (Projected Costs) ....................... $0
TOTAL .................................................... $6,500,000

NEW SECTION. Sec. 1023. FOR THE DEPARTMENT OF COMMERCE

Temporary Public Works Grant Program (92000021)
The reappropriation in this section is subject to the following conditions and limitations: The reappropriation in this section is subject to the provisions of section 6001, chapter 49, Laws of 2011 1st sp. sess.

Reappropriation:

State Building Construction Account--State ........ $1,049,000
State Taxable Building Construction Account--State .... $69,000
Subtotal Reappropriation ......................... $1,118,000
Prior Biennia (Expenditures) ..................... $40,252,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $41,370,000

NEW SECTION. Sec. 1024. FOR THE DEPARTMENT OF COMMERCE
Jobs Act for K-12 Public Schools and Higher Education Institutions (91000085)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1016, chapter 36, Laws of 2010 1st sp. sess.

Reappropriation:

State Building Construction Account--State ........ $3,643,000
Prior Biennia (Expenditures) ..................... $41,166,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $44,809,000

NEW SECTION. Sec. 1025. FOR THE DEPARTMENT OF COMMERCE
Community Economic Revitalization Board - Export Assistance Grants and Loans (92000069)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1018, chapter 36, Laws of 2010 1st sp. sess.

Reappropriation:

Public Facility Construction Loan Revolving Account--State .................. $601,000
Prior Biennia (Expenditures) ..................... $2,399,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $3,000,000
NEW SECTION. Sec. 1026. FOR THE DEPARTMENT OF COMMERCE
Drinking Water State Revolving Fund Loan Program (30000095)

The reappropriations in this section are subject to the following conditions and limitations: For projects involving repair, replacement, or improvement of a clean water infrastructure facility or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its drinking water state revolving fund program loan.

Reappropriation:
Drinking Water Assistance Repayment Account--State . . $92,000,000
Drinking Water Assistance Account--State .............. $16,000,000
Subtotal Reappropriation ....................... $108,000,000
Prior Biennia (Expenditures) ......................... $0
Future Biennia (Projected Costs) ...................... $0
TOTAL ..................................................... $108,000,000

NEW SECTION. Sec. 1027. FOR THE DEPARTMENT OF COMMERCE
Community Economic Revitalization Board (30000097)

Reappropriation:
Public Facility Construction Loan Revolving Account--State ............... $5,000,000
Prior Biennia (Expenditures) ......................... $0
Future Biennia (Projected Costs) ...................... $0
TOTAL ..................................................... $5,000,000

NEW SECTION. Sec. 1028. FOR THE DEPARTMENT OF COMMERCE
Housing Assistance, Weatherization, Affordable Housing Trust Fund (30000098)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1026, chapter 49, Laws of 2011 1st sp. sess.

Reappropriation:
State Taxable Building Construction Account--State . . $28,332,000
Prior Biennia (Expenditures) ......................... $21,668,000
NEW SECTION. Sec. 1029. FOR THE DEPARTMENT OF COMMERCE
Youth Recreational Facilities Grants (30000100)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1029, chapter 49, Laws of 2011 1st sp. sess.

Reappropriation:
State Building Construction Account--State .............. $1,554,000
Prior Biennia (Expenditures) .................. $2,699,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $4,253,000

NEW SECTION. Sec. 1030. FOR THE DEPARTMENT OF COMMERCE
Building for the Arts Grants (30000101)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1030, chapter 49, Laws of 2011 1st sp. sess.

Reappropriation:
State Building Construction Account--State .............. $1,137,000
Prior Biennia (Expenditures) .................. $1,325,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $2,462,000

NEW SECTION. Sec. 1031. FOR THE DEPARTMENT OF COMMERCE
Building Communities Fund Grants (30000102)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1027, chapter 49, Laws of 2011 1st sp. sess.

Reappropriation:
State Building Construction Account--State .............. $2,509,000
Prior Biennia (Expenditures) .................. $10,894,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $13,403,000
NEW SECTION.  Sec. 1032. FOR THE DEPARTMENT OF COMMERCE
Public Works Assistance Account Program (30000103)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1021, chapter 48, Laws of 2011 1st sp. sess.

Reappropriation:

Public Works Assistance Account--State ............. $316,256,000
Prior Biennia (Expenditures) ......................... $8,329,000
Future Biennia (Projected Costs) ..................... $0
TOTAL .............................................. $324,585,000

NEW SECTION.  Sec. 1033. FOR THE DEPARTMENT OF COMMERCE
Local and Community Projects (30000166)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1002, chapter 2, Laws of 2012 2nd sp. sess.

Reappropriation:

State Building Construction Account--State ........ $8,541,000
Prior Biennia (Expenditures) ......................... $8,276,000
Future Biennia (Projected Costs) ..................... $0
TOTAL .............................................. $16,817,000

NEW SECTION.  Sec. 1034. FOR THE DEPARTMENT OF COMMERCE
Clean Energy Partnership (30000175)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The reappropriation is provided solely for implementation of the recommendations of the clean energy leadership council by providing state matching funds for projects that:

(a) Integrate energy efficiency and renewable energy in buildings;
(b) Integrate renewable energy into the regional electrical grid;
(c) Advance bioenergy in the state.

(2) State funding must not exceed fifty percent of the total program or project funds.

(3) Eligible projects must:
(a) Involve a majority of companies that are located in Washington state;
(b) Represent a substantially new solution that is not widely available today; and
(c) Be designed to generate solutions that are applicable both inside and outside of the state.

Reappropriation:
Public Facility Construction Loan Revolving Account--State .................. $5,499,000
Prior Biennia (Expenditures) .................. $1,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $5,500,000

NEW SECTION. Sec. 1035. FOR THE DEPARTMENT OF COMMERCE
Financing Energy/Water Efficiency (30000180)

Reappropriation:
Public Works Assistance Account--State ............ $4,927,000
Prior Biennia (Expenditures) .................. $73,000
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $5,000,000

NEW SECTION. Sec. 1036. FOR THE DEPARTMENT OF COMMERCE
Public Works Assistance Account Program 2013 Loan List (30000184)
The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is provided solely for the list of projects in LEAP capital document No. 2012-1B, developed February 18, 2012.

Reappropriation:
Public Works Assistance Account--State ............ $152,781,000
Prior Biennia (Expenditures) .................. $0
Future Biennia (Projected Costs) .................. $0
TOTAL ........................................... $152,781,000

NEW SECTION. Sec. 1037. FOR THE DEPARTMENT OF COMMERCE
Energy Efficiency Grants for Local Governments (91000241)
The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 301, chapter 1, Laws of 2012 2nd sp. sess.

Reappropriation:

State Building Construction Account--State $17,797,000
Prior Biennia (Expenditures) $203,000
Future Biennia (Projected Costs) $0
TOTAL $18,000,000

NEW SECTION. Sec. 1038. FOR THE DEPARTMENT OF COMMERCE

Energy Efficiency Grants for Higher Education (91000242)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 307, chapter 1, Laws of 2012 2nd sp. sess.

Reappropriation:

State Building Construction Account--State $19,910,000
Prior Biennia (Expenditures) $90,000
Future Biennia (Projected Costs) $0
TOTAL $20,000,000

NEW SECTION. Sec. 1039. FOR THE DEPARTMENT OF COMMERCE

Weatherization (91000247)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1015, chapter 2, Laws of 2012 2nd sp. sess.

Reappropriation:

State Taxable Building Construction Account--State $20,534,000
Prior Biennia (Expenditures) $4,466,000
Future Biennia (Projected Costs) $0
TOTAL $25,000,000

NEW SECTION. Sec. 1040. FOR THE DEPARTMENT OF COMMERCE

Connell Klindworth Water Line Distribution (91000318)

Reappropriation:

State Building Construction Account--State $28,000
NEW SECTION.  Sec. 1041. FOR THE DEPARTMENT OF COMMERCE
Public Works Preconstruction Loan Program (91000319)

Reappropriation:
   Public Works Assistance Account--State .................. $3,000,000
   Prior Biennia (Expenditures) .............................. $0
   Future Biennia (Projected Costs) ......................... $0
   TOTAL ................................................. $3,000,000

NEW SECTION.  Sec. 1042. FOR THE DEPARTMENT OF COMMERCE
Housing for Families with Children (91000409)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 310, chapter 1, Laws of 2012 2nd sp. sess.

Reappropriation:
   State Taxable Building Construction Account--State . . $8,250,000
   Prior Biennia (Expenditures) .............................. $0
   Future Biennia (Projected Costs) ......................... $0
   TOTAL ................................................. $8,250,000

NEW SECTION.  Sec. 1043. FOR THE DEPARTMENT OF COMMERCE
Housing for People with Developmental Disabilities (91000410)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1009, chapter 2, Laws of 2012 2nd sp. sess.

Reappropriation:
   State Taxable Building Construction Account--State . . $2,900,000
   Prior Biennia (Expenditures) .............................. $0
   Future Biennia (Projected Costs) ......................... $0
   TOTAL ................................................. $2,900,000

NEW SECTION.  Sec. 1044. FOR THE DEPARTMENT OF COMMERCE
### Housing for Seniors and People with Physical Disabilities (91000411)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 311, chapter 1, Laws of 2012 2nd sp. sess.

**Reappropriation:**
- State Taxable Building Construction Account--State: $9,666,000
- Prior Biennia (Expenditures): $0
- Future Biennia (Projected Costs): $0
- **TOTAL:** $9,666,000

### Housing for People with Chronic Mental Illness (91000412)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1010, chapter 2, Laws of 2012 2nd sp. sess.

**Reappropriation:**
- State Taxable Building Construction Account--State: $1,125,000
- Prior Biennia (Expenditures): $0
- Future Biennia (Projected Costs): $0
- **TOTAL:** $1,125,000

### Housing for the Homeless (91000413)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1011, chapter 2, Laws of 2012 2nd sp. sess.

**Reappropriation:**
- State Taxable Building Construction Account--State: $28,944,000
- Prior Biennia (Expenditures): $0
- Future Biennia (Projected Costs): $0
- **TOTAL:** $28,944,000

### Housing for Farmworkers (91000414)

**NEW SECTION. Sec. 1045. FOR THE DEPARTMENT OF COMMERCE**

Housing for People with Chronic Mental Illness (91000412)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1010, chapter 2, Laws of 2012 2nd sp. sess.

**Reappropriation:**
- State Taxable Building Construction Account--State: $1,125,000
- Prior Biennia (Expenditures): $0
- Future Biennia (Projected Costs): $0
- **TOTAL:** $1,125,000

**NEW SECTION. Sec. 1046. FOR THE DEPARTMENT OF COMMERCE**

Housing for the Homeless (91000413)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1011, chapter 2, Laws of 2012 2nd sp. sess.

**Reappropriation:**
- State Taxable Building Construction Account--State: $28,944,000
- Prior Biennia (Expenditures): $0
- Future Biennia (Projected Costs): $0
- **TOTAL:** $28,944,000

**NEW SECTION. Sec. 1047. FOR THE DEPARTMENT OF COMMERCE**

Housing for Farmworkers (91000414)
The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1012, chapter 2, Laws of 2012 2nd sp. sess.

NEW SECTION. Sec. 1060. FOR THE DEPARTMENT OF COMMERCE

Housing for Homeless Veterans (91000455)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided for the ranked list of projects in the category "Housing for Homeless Veterans" in LEAP capital document No. 2013-1A, developed April 10, 2013. The department shall evaluate projects on the LEAP list and allocate the funding based on the requirements of RCW 43.185.050 and 43.185.070. Upon review of a completed application, if the department determines that a project is not eligible or is not ready to proceed, the department may reallocate the funding to the highest ranking project on the alternate list in LEAP capital document No. 2013-1A, developed April 10, 2013. The department shall, at its discretion, determine the actual amount of funding to be allocated to each project, provided that the total allocation does not exceed the appropriation provided in this section.

Appropriation:

State Taxable Building Construction Account--State ........................................... $9,367,000

Prior Biennia (Expenditures) ....................................................... $0
Future Biennia (Projected Costs) ............................................... $0

TOTAL ................................................................. $9,367,000

### Appropriation:

State Taxable Building Construction Account--State .................. $6,064,000

Prior Biennia (Expenditures) .................. $0

Future Biennia (Projected Costs) .............. $0

TOTAL .................. $6,064,000

NEW SECTION. Sec. 1064. FOR THE DEPARTMENT OF COMMERCE

Sand Point Building 9 (91000446)

The appropriation in this section is subject to the following conditions and limitations:

1. $10,000,000 of the appropriation in this section is provided solely for the renovation of Sand Point Building 9 into affordable housing units for low-income tenants.

2. Up to $4,000,000 of the appropriation in this section is for reimbursement to the University of Washington for its expenditures associated with Sand Point Building 9 for infrastructure, major repairs, operations and maintenance, staffing and development preparation.

### Appropriation:

State Taxable Building Construction Account--State .................. $14,000,000

Prior Biennia (Expenditures) .................. $0
NEW SECTION. Sec. 1065. FOR THE DEPARTMENT OF COMMERCE
Housing Preservation (91000448)

The appropriation in this section is subject to the following conditions and limitations:

1. The appropriation in this section is provided solely for grants to local housing authorities for the purchase of the housing projects designated in this section. The purpose of providing the grants is to assure the retention of subsidized housing for low-income tenants.

2. The appropriation is provided solely for the following list of projects:
   - Charter House: $777,000
   - Emerson Manor: $829,000
   - Naches House: $1,065,000
   - Wenatchee House: $1,173,000
   - Harbor Manor: $656,000

   TOTAL: $4,500,000

Appropriation:
State Building Construction
   Account--State: $4,500,000

Prior Biennia (Expenditures): $0
Future Biennia (Projected Costs): $0
TOTAL: $4,500,000

NEW SECTION. Sec. 1066. FOR THE DEPARTMENT OF COMMERCE
Mental Health Beds (91000447)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for the department of commerce, in collaboration with the department of social and health services, to issue grants to hospitals or other entities to establish new community hospital inpatient psychiatric beds or free-standing evaluation and treatment facilities with sixteen or fewer beds for the purpose of providing short term detention services through the publicly funded mental health system. Funds may be used for construction and equipment costs.
associated with establishment of the community hospital inpatient
psychiatric or free-standing evaluation and treatment facility beds.
These funds shall not be used for operating costs associated with the
treatment of patients using these services. The department shall
establish criteria for the issuance of grants. The criteria shall
include:

(1) Evidence that the application was developed in collaboration
with one or more regional support networks, as defined in RCW
71.24.025;

(2) Evidence that the applicant has assessed and would meet gaps in
geographical access to short term detention services under chapter
71.05 RCW in their region;

(3) A commitment by applicants to serve persons who are publicly
funded and persons detained under the involuntary treatment act at
chapter 71.05 RCW;

(4) Evidence of capacity of the applicant to serve individuals with
medical and psychiatric comorbidities;

(5) A commitment by the applicant to maintain the beds or facility
for at least a ten year period;

(6) The date upon which structural modifications or construction
would begin and the anticipated date of completion of the project;

(7) A detailed estimate of the costs associated with opening the
beds; and

(8) The applicant's commitment to work with local courts and
prosecutors to ensure that prosecutors and courts in the area served by
the hospital or facility will be available to conduct involuntary
commitment hearings and proceedings under chapter 71.05 RCW.

To accommodate the emergent need for inpatient psychiatric
services, the department of health and the department of commerce, in
collaboration with the department of social and health services shall
establish a concurrent and expedited process for the purpose of grant
applicants meeting any applicable regulatory requirements necessary to
operate inpatient psychiatric beds or a free-standing evaluation and
treatment facility.

Appropriation:

State Building Construction
Account--State ................................. $5,000,000
Prior Biennia (Expenditures) ........................... $0
Future Biennia (Projected Costs) ........................ $0
TOTAL ................................................. $5,000,000

NEW SECTION. Sec. 1067. FOR THE DEPARTMENT OF COMMERCE

Building Communities Fund Grants (30000188)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is subject to the provisions of RCW 43.63A.125.

(2) The appropriation is provided solely for the following list of projects:

Interfaith community health center ......................... $559,000
LaCrosse community pride ................................ $20,000
Gay city health project .................................... $64,000
YWCA Pierce county ......................................... $305,000
University Heights center for the community ............. $367,000
Brigit Collins family support center ....................... $62,000
Safeplace .................................................. $241,000
Spokane neighborhood action partners ................. $638,000
Associated ministries of Tacoma-Pierce county ........ $105,000
Friends of youth .......................................... $476,000
Behavioral health resources ................................. $1,000,000
Ryther ..................................................... $240,000
PROVAIL .................................................. $268,000
Vadis ....................................................... $73,000
New Life CDA ............................................. $800,000
MLK FAME community center ............................... $61,000
Technical assistance grants ................................ $100,000
TOTAL .................................................... $5,379,000

Appropriation:
State Building Construction Account--State .......... $5,379,000
Prior Biennia (Expenditures) ................................. $0
Future Biennia (Projected Costs) .......................... $40,000,000
TOTAL .................................................. $45,379,000

NEW SECTION. Sec. 1068. FOR THE DEPARTMENT OF COMMERCE

Drinking Water State Revolving Fund Loan Program (30000189)
The appropriation in this section is subject to the following conditions and limitations: For projects involving repair, replacement, or improvement of a clean water infrastructure facility or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its drinking water state revolving fund program loan.

Appropriation:

Drinking Water Assistance Account--State ............. $8,800,000
Drinking Water Assistance Repayment Account--State .. $160,000,000
Subtotal Appropriation .................. $168,800,000

Prior Biennia (Expenditures) ...................... $0
Future Biennia (Projected Costs) ................. $675,200,000
TOTAL ...................................... $844,000,000

NEW SECTION.  Sec. 1069. FOR THE DEPARTMENT OF COMMERCE
Community Economic Revitalization Board (30000190)

Appropriation:

Public Facility Construction Loan Revolving Account--State ..................... $16,500,000
Prior Biennia (Expenditures) ...................... $0
Future Biennia (Projected Costs) ................. $36,000,000
TOTAL ...................................... $52,500,000

NEW SECTION.  Sec. 1070. FOR THE DEPARTMENT OF COMMERCE
2013-2015 Energy Efficiency Grants (30000193)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(1) At least ten percent of each competitive grant round must be awarded to small cities or towns with a population of five thousand or fewer residents.
In each competitive round, the higher the leverage ratio of non-state funding sources to state grant and the higher the energy savings, the higher the project ranking.

The department must develop rating criteria and a scoring system that provide access to at least five million dollars in energy efficiency grants for projects that involve the purchase and installation of Washington-manufactured solar energy systems, including solar modules and inverters.

Appropriation:

State Building Construction Account--State ........ $26,000,000
Prior Biennia (Expenditures) ......................... $0
Future Biennia (Projected Costs) ............... $240,000,000
TOTAL ........................................ $266,000,000

NEW SECTION. Sec. 1071. FOR THE DEPARTMENT OF COMMERCE

Energy Freedom Program Revolving Loans (30000191)

The appropriations in this section are subject to the following conditions and limitations:

1. The appropriations in this section are provided solely for loans, loan guarantees and grants that:
   (a) Encourage the establishment of innovative and sustainable industries for renewable energy and energy efficiency technology, consistent with provisions of RCW 43.325.040 (energy freedom account); and
   (b) Support the widespread use of proven building energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

2. The department shall work with nonprofit lenders to match the appropriations in this section with private capital to fund projects, including, but not limited to:
   (a) Residential and commercial energy retrofits;
   (b) Residential and community-scale solar installations;
   (c) Anaerobic digesters to treat dairy waste; and
   (d) Combined heat and power projects using woody biomass as a fuel source.

Appropriation:

Energy Recovery Act Account--Federal ............... $4,000,000
NEW SECTION.  Sec. 1072. FOR THE DEPARTMENT OF COMMERCE

Weatherization (30000192)

The appropriation in this section is subject to the following conditions and limitations:

(1) $10,000,000 of the appropriation in this section is provided solely for low-income weatherization through the energy matchmakers program.

(2) $10,000,000 of the appropriation in this section is provided solely for continuation of the community energy efficiency program administered by the Washington State University energy extension.

Appropriation:

State Taxable Building Construction Account--State . . $20,000,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs) . . . . . . . . . . . . . . . . $20,000,000
TOTAL . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $40,000,000

NEW SECTION.  Sec. 1073. FOR THE DEPARTMENT OF COMMERCE

Public Works Assistance Account Programs 2013-2015 (30000538)

The appropriation in this section is subject to the following conditions and limitations:

(1) $350,000,000 is provided solely for the list of projects in LEAP capital document No. 1B, developed April 10, 2013.

(2) $22,000,000 is provided solely for the public works preconstruction loan program.

(3) $5,000,000 is provided solely for emergency loans.

(4) $5,000,000 is provided solely for energy/water efficiency loans.

(5) $5,000,000 is provided solely for water system acquisition and rehabilitation program grants.

(6) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which
an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

(7)(a) For the 2013-2015 fiscal biennium, the board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;
(ii) The extent to which the project leverages nonstate funds;
(iii) The extent to which the project is ready to proceed to construction;
(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;
(v) Whether the project promotes the sustainable use of resources and environmental quality;
(vi) Whether the project consolidates or regionalizes systems;
(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;
(viii) Whether the system is being well-managed in the present and for long-term sustainability;
(ix) Achieving equitable distribution of funds by geography and population; and
(x) The extent to which the project meets the following state policy objectives:
   (A) Efficient use of state resources;
   (B) Preservation and enhancement of health and safety;
   (C) Abatement of pollution and protection of the environment;
   (D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;
   (E) Fostering economic development consistent with chapter 36.70A RCW;
   (F) Efficiency in delivery of goods and services, public transit, and transportation;
(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and

(H) Reduction of the overall cost of public infrastructure; and

(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1st of 2014 and 2015, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

Appropriation:

Public Works Assistance Account--State ............. $387,000,000
Prior Biennia (Expenditures) ........................................ $0
Future Biennia (Projected Costs) ......................... $2,316,000,000
TOTAL ................................................................. $2,703,000,000

NEW SECTION. Sec. 1074. FOR THE DEPARTMENT OF COMMERCE
Local and Community Projects 2013-15 (30000539)

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as directed otherwise prior to the effective date of this section, the department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.
(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list of projects:

</table>

(8) $1,500,000 of the appropriation in this section from the state building construction account—state is provided solely for design development to align ongoing planning for the replacement of the Seattle multimodal terminal at Colman dock with the creation of a public park. The scope of work must provide a design plan that includes an elevated park and corresponding amenities above the terminal. Design development shall be delivered through the city of
Seattle. The scope of this project does not preclude any current plans for Colman dock to replace or seismically upgrade the facility, nor does it reduce the amount of general and commercial traffic, high occupancy vehicles, transit, bicyclist and pedestrian movement.

(9) $500,000 of the appropriation from the state toxics control account--state is provided solely for an investigation of possible contaminated soils around the Colman dock.

Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ........................ $0
TOTAL ............................................. $37,277,000

NEW SECTION. Sec. 1075. FOR THE DEPARTMENT OF COMMERCE
Pacific Medical Center (91000445)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for predesign, design, renovation, and other development or transition costs necessary for Pacific Tower to be used for community college health career training programs, offices for the department of commerce and other appropriate state agencies, and other nonprofit community uses, including community meeting and training facilities. Appropriate state agencies are authorized to enter into a long-term lease, including a lease with an option to buy the property, if available. Funds may be allotted only after a memorandum of understanding containing the lease provisions and a plan for construction management has been executed between the state of Washington and the Pacific hospital preservation and development authority.

Appropriation:
State Building Construction Account--State ........ $20,000,000
Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ........................ $0

**NEW SECTION.**  
Sec. 1081. FOR THE OFFICE OF FINANCIAL MANAGEMENT  
Emergency Repairs (90000008)

The appropriation in this section is subject to the following conditions and limitations: Emergency repair funding is provided solely to address unexpected building or grounds failures that will impact public health and safety and the day-to-day operations of the facility. To be eligible for funds from the emergency repair pool, an emergency declaration signed by the affected agency director must be submitted to the office of financial management and the appropriate legislative fiscal committees. The emergency declaration must include a description of the health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of other funding that may be applied to the project. For emergencies occurring during a legislative session, an agency must notify the legislative fiscal committees before requesting emergency funds.
funds from the office of financial management. The office of financial
management must notify the legislative evaluation and accountability
program committee, the house capital budget committee, and senate ways
and means committee as emergency projects are approved for funding.

Appropriation:
State Building Construction Account--State ........ $8,500,000
Prior Biennia (Expenditures) .................... $0
Future Biennia (Projected Costs) ............... $0
TOTAL ........................................... $8,500,000

NEW SECTION. Sec. 1082. FOR THE OFFICE OF FINANCIAL MANAGEMENT
Office of Financial Management Capital Staff (30000034)

The appropriation in this section is subject to the following
conditions and limitation:
(1) Up to $100,000 of the appropriation in this section is for the
office of financial management to review and update the existing cost
estimating process and electronic forms to more accurately reflect
project costs and alternative public works. The scope of the review
must include, at a minimum, construction inflation, project management
fees, the architectural and engineering fee schedule, consultant extra
services, project contingencies, and project cost ranges. The office
of financial management shall confer with legislative staff and other
agencies with public works authority. Inflation must be adjusted
biennially while the governor's budget is being developed using the
construction cost index from global insight.
(2) The office of financial management shall provide the capital
project cost estimates source data, business logic, and electronic
copies to the legislative evaluation and accountability program. The
source data and electronic copies of the cost estimates shall be
provided with the agency request and governor budget submittals to the
legislature. The business logic used for creation of the cost
estimates developed for the 2013 legislative session must be provided
to the legislative evaluation and accountability program by July 31,
2013. Any changes to the cost estimate business logic must be shared
with the legislative evaluation and accountability program on an
ongoing basis. Projects may also be adjusted by the legislature with
new inflation forecasts using the cost estimate tool developed by the
legislative evaluation and accountability program.

(3) The office of financial management shall report to the senate
ways and means committee and the house capital budget committee by
November 30, 2013, on these efforts.

Appropriation:
State Building Construction Account--State ............... $900,000
Prior Biennia (Expenditures) ............................................ $0
Future Biennia (Projected Costs) .............................. $0
TOTAL .......................................................... $900,000

NEW SECTION. Sec. 1083. FOR THE OFFICE OF FINANCIAL MANAGEMENT
Emergency Repair Pool for K-12 Public Schools (91000399)

The appropriation in this section is subject to the following
conditions and limitations: Emergency repair funding is provided
solely to address unexpected and imminent health and safety hazards at
K-12 public schools, including skill centers, that will impact the day-
to-day operations of the school facility. To be eligible for funds
from the emergency repair pool, an emergency declaration must be signed
by the school district board of directors and the superintendent of
public instruction, and submitted to the office of financial management
for consideration. The emergency declaration must include a
description of the imminent health and safety hazard, the possible
cause, the proposed scope of emergency repair work and related cost
estimate, and identification of local funding to be applied to the
project. Grants of emergency repair moneys must be conditioned upon
the written commitment and plan of the school district board of
directors to repay the grant with any insurance payments or other
judgments that may be awarded, if applicable. The office of financial
management must notify the legislative evaluation and accountability
program committee, the house capital budget committee, and the senate
ways and means committee as emergency projects are approved for
funding.

Appropriation:
State Building Construction Account--State ............... $5,000,000
Prior Biennia (Expenditures) ............................................ $0
Future Biennia (Projected Costs) .............................. $0
NEW SECTION. Sec. 1084. FOR THE OFFICE OF FINANCIAL MANAGEMENT

Higher Education Preservation Information (91000427)

The appropriations in this section are subject to the following conditions and limitations: The appropriation is provided solely to refresh preservation information that resides in the state's comparable framework for higher education buildings including any necessary revisions or adjustments that will enable more direct translation of information, updates for last renewal or replacement of major systems, and quality assurance field sampling. In executing this continued capital study, the office of financial management shall consult the legislative fiscal committees about its workplan to ensure field sampling of facilities prioritized for renovation or replacement, and timely delivery of assembled facilities information and related capital models in an easy to understand format. As a general condition, upon appropriations provided to higher education agencies in this act, the state board for community and technical colleges and each state baccalaureate institution shall provide requested facilities information in a timely manner to enable the office of financial management to complete the tasks and oversight assigned in this section.

NEW SECTION. Sec. 1099. FOR THE DEPARTMENT OF ENTERPRISE SERVICES
Campus Steam System and Chiller Upgrades (91000014)

The appropriations in this section are subject to the following conditions and limitations: The campus steam system repairs and powerhouse chiller projects must be done as one project, with energy savings from heat recovery paying for as much of the project as practical. Energy savings must also be used to upgrade the HVAC system in the governor's residence, and provide hot water boilers in as many buildings as needed to shut down the powerhouse in the summer months.

Appropriation:
State Building Construction Account--State ........ $2,497,000
Thurston County Capital Facilities Construction
Account--State ............................... $1,500,000
Subtotal Appropriation ........................ $3,997,000
Prior Biennia (Expenditures) .................... $0
Future Biennia (Projected Costs) ................ $0
TOTAL ......................................... $3,997,000

NEW SECTION. Sec. 1100. FOR THE DEPARTMENT OF ENTERPRISE SERVICES
Archives Building and Capitol Court HVAC Upgrades (91000015)

The appropriations in this section are subject to the following conditions and limitations: The archives building HVAC upgrade and capitol court HVAC upgrade projects must be done as one project, with energy savings from heat recovery paying for as much of the project as practical.

Appropriation:
State Building Construction Account--State ........ $1,000,000
Prior Biennia (Expenditures) .................... $0
Future Biennia (Projected Costs) ............... $0
TOTAL ......................................... $1,000,000

NEW SECTION.  Sec. 3016. FOR THE DEPARTMENT OF ECOLOGY
Yakima River Basin Water Storage Feasibility Study (20084026)

The reappropriation in this section is subject to the following
conditions and limitations: The reappropriation is provided solely for
completion of the United States bureau of reclamation's Yakima basin
storage feasibility study, including the associated joint national
environmental policy act, the state environmental policy act, and the
environmental impact statement. The reappropriated funds are to be
used by the bureau of reclamation and the department of ecology to
evaluate potential in basin storage facilities such as the proposed
Bumping Lake and Wymer reservoirs and other reasonable alternatives
that will enhance water supplies and streamflows in the Yakima Basin.

Reappropriation:
State Building Construction Account--State ............... $83,000

NEW SECTION. Sec. 3022. FOR THE DEPARTMENT OF ECOLOGY
Kittitas Groundwater Study (30000029)

Code Rev/AL:mos 65 H-2384.2/13 2nd draft
The reappropriation in this section is subject to the following conditions and limitations:

(1) Funds may be provided to develop and implement water banking and transfer methods and agreements that are fully protective of senior water rights and that protect domestic groundwater users and improve the profitability of farming operations. The legislature finds such activities to be in the public interest because they can help sustain the viability of the agricultural economy and enhance the certainty of water supplies for domestic groundwater users.

(2) Funds may be provided to lease or purchase water rights to create a reserve water supply for domestic groundwater users that have a groundwater right with a priority date later than May 10, 1905, as well as for all out-of-priority groundwater users. In securing water for such domestic groundwater users, strong preference must be given to the use of water banking and transfer methods that provide alternatives to permanent purchase and dry-up of agricultural water rights in the basin, including dry-year options, water banking, long-term water supply lease agreements, long-term agricultural land fallowing agreements, and reduced consumptive use through efficiency or alternative cropping arrangements while maintaining historic return flows.

(3) A portion of the reappropriation may be used for administrative costs, not to exceed four percent, and other costs associated with leasing or acquiring and transferring the water rights. All costs must be fully recovered from participating domestic water users for their prorated portion of the cost, including, but not limited to, the costs of securing a water right or rights for this purpose, costs associated with the development and implementation of alternative agricultural water transfer methods, associated annual operational costs, and federal water service contract costs owed to the United States bureau of reclamation. Funds recovered in this manner must be deposited in the state and local improvements revolving account and may be used for any purpose provided in this section.

Reappropriation:

State and Local Improvements Revolving Account
   (Water Supply Facilities) -- State .................. $263,000

Prior Biennia (Expenditures) .................. $437,000
NEW SECTION.  Sec. 3023. FOR THE DEPARTMENT OF ECOLOGY  
Remedial Action Grant Program (30000039)  
The reappropriations in this section are subject to the following  
conditions and limitations: The reappropriations are subject to the  
provisions of section 3006, chapter 36, Laws of 2010 1st sp. sess.

NEW SECTION. Sec. 3057. FOR THE DEPARTMENT OF ECOLOGY
Columbia River Water Management Projects (91000179)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 502, chapter 1, Laws of 2012 2nd sp. sess.

Reappropriation:
Columbia River Basin Water Supply Development Account--State $2,000,000
Prior Biennia (Expenditures) $2,500,000
Future Biennia (Projected Costs) $0
TOTAL $4,500,000

NEW SECTION. Sec. 3058. FOR THE DEPARTMENT OF ECOLOGY
Skagit Mitigation (91000181)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation in this section is provided solely for the department to develop mitigation options and alternative water sources or tools to make water available for stream flows and for rural domestic permit-exempt uses within the Carpenter/Fisher, East Nookachamps, and Upper Nookachamps subbasins. Up to $100,000 of the amount specified shall be used to develop a rural domestic demonstration project to determine if onsite best management practices, including, but not limited to, rainwater infiltration, water conservation, and low-impact development standards can meet the mitigation requirements of chapter 173-503 WAC and be reasonably and feasibly integrated into rural domestic developments.

Reappropriation:
State Building Construction Account--State $2,156,000
Prior Biennia (Expenditures) $69,000
Future Biennia (Projected Costs) $0
TOTAL $2,225,000

NEW SECTION. Sec. 3059. FOR THE DEPARTMENT OF ECOLOGY
Flood Levee Improvements (92000057)

The reappropriations in this section are subject to the following
conditions and limitations: The reappropriations in this section are provided solely for the Mt. Vernon flood protection project.

NEW SECTION.  Sec. 3066.  FOR THE DEPARTMENT OF ECOLOGY

Centennial Clean Water Program (30000326)

The appropriations in this section are subject to the following conditions and limitations:
(1) For projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the department of ecology must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its centennial clean water program grant.
(2) $2,000,000 of the state toxics control account--state appropriation in this section is provided solely for the Port of Walla Walla/Burbank school district septic system replacement project.

Appropriation:
Local Toxics Control Account--State .................. $30,370,000
State Toxics Control Account--State .................. $19,630,000
Subtotal Appropriation ................................. $50,000,000
Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ........................ $240,000,000

Future Biennia (Projected Costs) ........................ $40,000,000
NEW SECTION.  Sec. 3069.  FOR THE DEPARTMENT OF ECOLOGY
Floodplain Management Local Grant Program (30000329)

The appropriation in this section is subject to the following
conditions and limitations:

(1) $17,000,000 of the appropriation in this section is provided
solely for making grants for flood hazard reduction projects on a
competitive basis to the following eligible entities: Counties;
cities; federally recognized Indian tribes; port districts; flood
control zone districts; flood control districts; and diking and
drainage districts. Preference may be given to entities with approved
comprehensive flood hazard management plans. Applicants must provide
a twenty percent match with nonstate dollars. The department must
evaluate, score, and rank applications according to the following
criteria:

(a) Projects that provide cost-effective hazard reduction to
people, property, critical facilities, and transportation corridors.

(b) Projects that achieve multiple benefits, including, but not
limited to, salmon recovery, water quality improvements, habitat
restoration, and channel migration zone protection.

(c) Projects that minimize or eliminate future costs for
maintenance, operation, or emergency response.

(d) Projects that have been examined through a planning process
that includes public comment, such as a comprehensive flood hazard
management plan, a hazard mitigation plan, a comprehensive plan, a
watershed plan, or other applicable plans.

(e) Projects that are ready to proceed with the scope of work, and
whose sponsors have the capacity to complete the project successfully.

(2) $33,000,000 of the appropriation in this section is provided
solely for floodplain restoration grants for the following specific
projects and amounts:

(a) Calistoga Reach Setback Levee and Side-Channel
Construction ........................................... $5,708,000

(b) Canyon Creek Integrated Flood-Fish ............. $2,086,000

(c) Lower Cedar River Integrated Floodplain
Restoration ............................................. $4,103,000

(d) Lower Dungeness Floodplain Recovery .......... $7,828,000
(e) Lower Stillaguamish Fish, Farm, and Flood Management .................. $4,272,000
(f) Neadham Road Setback Levee .................. $3,394,000
(g) Skokomish River Floodplain Restoration and Sediment Management .................. $1,387,000
(h) Lower Snohomish River Restoration and Infrastructure Assessment .................. $894,000
(i) Snoqualmie River Fall City Corridor .................. $3,328,000

Appropriation:
State Building Construction Account--State .................. $50,000,000
Prior Biennia (Expenditures) .................. $0
Future Biennia (Projected Costs) .................. $24,000,000
TOTAL .................. $74,000,000

NEW SECTION.  Sec. 3077.  FOR THE DEPARTMENT OF ECOLOGY
Yakima River Basin Water Supply (30000373)
The appropriation in this section is subject to the following conditions and limitations:

1. $17,400,000 of the appropriation in this section is provided for the following list of integrated plan projects and amounts:
   a. Habitat Element
      i. Tributary/Mainstem Enhancement .................. $2,400,000
      ii. Watershed Acquisitions (Teanaway) ............. $10,500,000
   b. Fish Passage Element--Box Canyon Creek .......... $100,000
   c. Operational Modifications Element--Subordination of Power Generation (Roza and Chandler) .......... $150,000
   d. Surface Storage Element
      i. Wymer Reservoir ................................... $500,000
      ii. Bumping Reservoir Enlargement ................... $500,000
   e. Aquifer Storage and Recovery (ASR) Element--Selected ASR Projects ......................... $400,000
   f. Water Conservation Element
      i. Agricultural Conservation ......................... $2,400,000
      ii. Municipal Conservation ............................ $100,000
   g. Market Drive Water Reallocation--Water Bank/Exchange Programs ............................. $350,000

2. $27,600,000 of the appropriation in this section is provided solely for the following list of integrated plan projects and amounts. The department may not expend any of the funding appropriated in this subsection on a project until it has received an equal amount of funding for that project from federal or other nonstate sources. The office of financial management must report to the house and senate capital budget committees as nonstate funding is received. If nonstate funding is not received for a project by April 15, 2015, the appropriation for that project in this subsection lapses.
   a. Fish Passage Element
      i. Cle Elum Reservoir ............................... $8,800,000
      ii. Keechelus, Kachess, Tieton Reservoir .......... $500,000
   b. Operational Modifications Element
      i. Keechelus to Kachess Pipeline ................... $500,000
   c. Surface Storage Element
      i. Cle Elum Pool Raise ............................. $2,800,000
      ii. Kachess Inactive Storage ....................... $15,000,000
The department must submit a progress report to the house and senate capital budget committees by December 1, 2013, on outcomes from and barriers to implementing the Yakima River Basin water supply integrated plan, including the status of obtaining nonstate funding.

Appropriation:

State Building Construction Account--State .......... $45,000,000

Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ..................... $85,000,000

TOTAL ........................................ $130,000,000

NEW SECTION. Sec. 3078. FOR THE DEPARTMENT OF ECOLOGY

Columbia River Water Supply Development Program (30000372)

The appropriations in this section are subject to the following conditions and limitations:

(1) $32,000,000 of the Columbia river basin taxable bond water supply development account--state appropriation in this section is provided solely for the Odessa early action implementation project.

(2) $6,000,000 of the Columbia river basin water supply development account--state appropriation in this section is provided solely for the Methow Valley diversion project.

(3) $700,000 of the Columbia river basin water supply development account--state appropriation in this section is provided solely for the Wenatchee integrated plan project.

(4) $600,000 of the Columbia river basin water supply development account--state appropriation in this section is provided solely for the Walla Walla integrated plan project.

(5) $700,000 of the Columbia river basin water supply development account--state appropriation in this section is provided solely for the Icicle Creek water management plan project.

Appropriation:

Columbia River Basin Water Supply Development
  Account--State ................................... $8,000,000

Columbia River Basin Taxable Bond Water Supply
  Development Account--State ....................... $32,000,000
  Subtotal Appropriation ........................... $40,000,000

Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ..................... $75,773,000
NEW SECTION. Sec. 3079. FOR THE DEPARTMENT OF ECOLOGY
Remedial Action Grants (30000374)

Appropriation:

Local Toxics Control Account--State ............... $62,537,000
Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ..................... $260,000,000
TOTAL ................................................. $322,537,000

NEW SECTION. Sec. 3080. FOR THE DEPARTMENT OF ECOLOGY
Water Irrigation Efficiencies Program (30000389)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for technical assistance and grants to conservation districts for the purpose of implementing water conservation measures and irrigation efficiencies. The department and the state conservation commission shall give preference in order of priority to projects located in the 16 fish critical basins, other water short basins, and basins with significant water resource and instream flow issues. Projects that are not within basins as described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants listed in subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or a lease in the trust water rights program to enhance instream flows. The proportion of saved water placed in the trust water rights program must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency. The percentage of the public investment may not exceed eighty-five percent of the total cost of the conservation measure or irrigation efficiency.

Appropriation:

State Building Construction Account--State .......... $4,000,000
Prior Biennia (Expenditures) ........................... $0
Future Biennia (Projected Costs) ..................... $13,000,000
NEW SECTION. Sec. 3081. FOR THE DEPARTMENT OF ECOLOGY
Storm Water Grants (91000202)

The appropriation in this section is subject to the following conditions and limitations:

(1) $95,950,000 of the appropriation in this section is provided solely for grants to local governments to construct or implement projects that reduce storm water impacts from existing infrastructure and development. The grants are intended to build on and expand a local government's storm water program.

(a) In consultation with storm water stakeholders, the department shall develop and implement a competitive grant program by July 1, 2014, that is designed to fund storm water projects and activities.

(b) In order to receive funding, projects must have a high water quality or ecological benefit and address pollution from existing development.

(c) A project that relies on green infrastructure or low-impact development techniques to reduce storm water impacts that is otherwise rated equally to a project that does not rely on green infrastructure or low-impact development techniques must be given priority for grant funding.

(d) Projects required by court or administrative order or for mitigation purposes are not eligible for funding.

(2) $150,000 of the appropriation in this section is provided solely to the department to develop an ongoing comprehensive, statewide storm water financial assistance program to be implemented beginning no later than July 1, 2015. The program will provide grants to local governments for the protection and improvement of statewide water quality and to improve watershed functionality by reducing the transport of toxics and other pollutants through storm water runoff, and by reducing uncontrolled runoff flows.

(a) The department must collaborate with storm water stakeholders to develop the funding criteria for the storm water financial assistance program, and include the new statewide storm water financial assistance program into the department's integrated water quality funding cycle process.
(b) The storm water financial assistance program may include, but not be limited to: Funding for retrofit capital improvement projects; green storm water infrastructure or low-impact development; research and development components and investments in learning; pass-through funding for local government storm water permit implementation, education, and outreach; prioritized watershed basin retrofit strategies; purchase of pooled equipment for local government use; and preconstruction awards solely for the planning and design of either new storm water facilities or a retrofit of existing storm water facilities.

(3) $400,000 of the appropriation in this section is provided solely to Pierce county for the development of a Spanaway lake management plan.

(4) $2,000,000 of the appropriation in this section is provided solely to the city of Tacoma for a regional storm water facility that will expand the holding capacity and transmission ability of the gravel pit facility on South Hosmer Street.

(5) $1,500,000 of the appropriation in the section is provided solely to the city of Puyallup for the 15th Street water quality infrastructure project.

- Future Biennia (Projected Costs) $0
- TOTAL $1,000,000

NEW SECTION. Sec. 3211. FOR THE DEPARTMENT OF NATURAL RESOURCES
Replacing State Forest Lands with Productive Forests (91000029)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The total reappropriation is provided solely to the department to transfer from state forest land status to natural resources conservation area status certain state forest lands in counties with a population of 25,000 or less that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The approved list of properties for transfer is identified in the LEAP capital document No. 2011-5A, revised April 10, 2013.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110, in the same manner as valuable material revenues from other state forest lands in the applicable counties. The value of the land transferred must be deposited in the park land trust revolving account and be solely used to buy replacement state forest land within the same county as the property transferred, consistent with RCW 79.22.060.
(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. However, the department or applicable counties may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Reappropriation:
 State Building Construction Account--State ................ $666,000
 Prior Biennia (Expenditures) ............................. $1,334,000
 Future Biennia (Projected Costs) ........................ $0
 TOTAL .................................................. $2,000,000

Prior Biennia (Expenditures) .............................. $1,000,000
Future Biennia (Projected Costs) ........................ $41,336,000
   TOTAL ................................................ $44,336,000

NEW SECTION. Sec. 3224. FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer (91000078)

The appropriation in this section is subject to the following
conditions and limitations:
   (1) $300,000 of the appropriation in this section is provided
       solely for a state trust land inventory evaluation. The inventory
       evaluation shall determine the acreage of department managed trust
       lands that may be eligible for the trust land transfer program over the
       next several decades, based on currently available information. The
       department shall provide an interim report to the legislature by
       January 31, 2014, on project scope, progress to date, and recommended
       criteria for the trust land transfer program. The department shall
       provide a final report by January 1, 2015.
   (2) The remaining appropriation is provided solely to the
       department to transfer from trust status, or enter into fifty year
       leases for, certain trust lands of statewide significance deemed
       appropriate for state park, fish and wildlife habitat, natural area
       preserve, natural resources conservation area, open space, or
       recreation purposes. The approved list of properties for lease or
       transfer is identified in the LEAP capital document No. 2013-3A,
       developed April 10, 2013.
   (3) Property transferred under this section must be appraised and
       transferred at fair market value. By September 30, 2013, the
department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(4) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2013, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(5) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed one and nine-tenths percent of the appropriation.

(6) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(7) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease
agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(8) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(9) $39,232,000 of the appropriation must be deposited in the common school construction account by September 30, 2013. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent of the total value of transferred property is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(10) By June 30, 2015, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Appropriation:

State Building Construction Account--State ........ $56,345,000

NEW SECTION. Sec. 3232. FOR THE DEPARTMENT OF NATURAL RESOURCES
State Forest Land Replacement (3000223)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely to the department to transfer from state forest land status to natural resources conservation area status certain state forest lands in counties with a population of twenty-five thousand or less which are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The total appropriation is to be used equally for the transfer of qualifying state forest lands in the qualifying counties.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed...
under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forest land, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsection (1) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Prior Biennia (Expenditures) ............................ $0
Future Biennia (Projected Costs) ......................... $0
TOTAL ................................................... $1,715,000

NEW SECTION.  Sec. 5016. FOR THE SUPERINTENDENT OF PUBLIC
INSTRUCTION
Puget Sound Skills Center (92000007)
The reappropriation in this section is subject to the following
conditions and limitations: The office of the superintendent of public
instruction and the Puget Sound skills center shall enter into an
interagency agreement with the office of financial management to
provide funding for a budget evaluation study. The office of financial
management shall use a budget evaluation study team approach using
value engineering techniques and life cycle cost analysis in conducting
the study. The office of financial management shall select the budget
evaluation team members, contract for the study, and report the results
to the legislature, the office of the superintendent of public
instruction, and the Puget Sound skills center in a timely manner
following completion of the study.
Reappropriation:

State Building Construction Account--State .......... $1,500,000
Prior Biennia (Expenditures) ........................ $0
Future Biennia (Projected Costs) ...................... $0
TOTAL ............................................. $1,500,000

NEW SECTION.  Sec. 5017. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
Distressed Schools (92000009)

Reappropriation:

State Building Construction Account--State .......... $22,415,000
Prior Biennia (Expenditures) ........................ $4,985,000
Future Biennia (Projected Costs) ...................... $0
TOTAL ............................................. $27,400,000

NEW SECTION.  Sec. 5018. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
Yakima Valley Technical Skills Center Sunnyside Satellite (92000013)

Reappropriation:

State Building Construction Account--State .......... $5,938,000
Prior Biennia (Expenditures) ........................ $287,000
Future Biennia (Projected Costs) ...................... $0
TOTAL ............................................. $6,225,000

NEW SECTION.  Sec. 5019. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
Capital Program Administration (30000128)

Appropriation:

Common School Construction Account--State .......... $3,854,000
Prior Biennia (Expenditures) ........................ $0
Future Biennia (Projected Costs) ...................... $16,246,000
TOTAL ............................................. $20,100,000

NEW SECTION.  Sec. 5020. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
2013-2015 School Construction Assistance Program - Maintenance (30000145)

The appropriations in this section are subject to the following conditions and limitations:

1) $1,340,000 of the common school construction account—state appropriation is provided solely for study and survey grants and for completing inventory and building condition assessments for all public school districts once every six years.

2) $933,000 of the common school construction account—state appropriation is provided solely for mapping the design of new facilities and remapping the design of facilities to be remodeled, for school construction projects funded through the school construction assistance program.

3) Funds from this appropriation may be used to match federal dollars provided by the office of economic adjustment for school replacement facilities located on military bases.

4) The office of the superintendent of public instruction is authorized to allocate and distribute funds through the school construction assistance grant program to the Evergreen (Clark County) School District to address the school construction emergency resulting from the fire that destroyed the Crestline School.

5) The space allocations for state funding assistance purposes for districts with senior or four-year high schools with fewer than four hundred students, as outlined in WAC 392-343-035, must be computed in accordance with the following formula:

<table>
<thead>
<tr>
<th>Number of Headcount</th>
<th>Maximum Space Allocation Per Facility</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student-Grades 9-12</td>
<td></td>
</tr>
<tr>
<td>0-200</td>

Olympic College: College Instruction Center (30000122)

The reappropriation in this section is subject to the following conditions and limitations: Olympic community college shall enter into an interagency agreement with the office of financial management to provide funding for a budget evaluation study. The office of financial management shall use a budget evaluation study team approach using value engineering techniques and life cycle cost analysis in conducting the study. The office of financial management shall select the budget evaluation team members, contract for the study, and report the results to the legislature and agencies in a timely manner following the study.

Sec. 6001. 2012 2nd sp.s. c 2 s 1022 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ENTERPRISE SERVICES

Engineering and Architectural Services: Staffing (91000005)

The appropriation in this section is subject to the following conditions and limitations:

Up to $75,000 is for the department of enterprise services to conduct a review of the state's current public works procurement processes and provide a report by December 15, 2012, to the appropriate committees of the legislature and the governor with procurement reform recommendations. For recommendations that require a statutory change, the report should include draft legislation needed to accomplish the report's recommendations. The director may contract with a private entity for assistance to conduct the study. The capital projects advisory review board will provide advice and assistance as required by the director. The report will include historical data on (1) the use of change orders; (2) the use of job order contracting; (3) how are competitive public works contracts advertised; and (4) contract closeout procedures. State agencies that will participate include one research university, one natural resource agency, and one general government agency.

Sec. 6010. 2011 1st sp s. c 49 s 3112 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF NATURAL RESOURCES

Replacing State Forest Lands with Productive Forests (91000029)

The appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided solely to the department to transfer from state forest land status to natural resources conservation area status certain state forest lands in counties with a population of 25,000 or less which are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The approved list of properties for transfer is identified in the LEAP capital document No. 2011-5A, ((developed March 24, 2011)) revised April 10, 2013.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110, in the same manner as valuable material revenues from other state forest lands in the applicable counties. The value of the land transferred must be deposited in the park land trust revolving account and be solely used to buy replacement state forest land within the same county as the property transferred, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.
(4) The department and applicable counties shall work in good faith to carry out the intent of this section. However, the department or applicable counties may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Appropriation:

State Building Construction Account--State ........ $2,000,000
Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ...................... $0
TOTAL ........................................... $2,000,000

NEW SECTION. Sec. 6011. FOR THE DEPARTMENT OF NATURAL RESOURCES

Natural Areas Facilities Preservation and Access (30000208)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for ecological restoration of the upland buffer areas within the Elk River natural resource conservation area.

Appropriation:

Aquatic Lands Enhancement Account--State ........ $345,000
Prior Biennia (Expenditures) .......................... $0
Future Biennia (Projected Costs) ...................... $0
TOTAL ........................................... $345,000

Sec. 6012. 2012 2nd sp.s. c 2 s 5005 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

2011-13 School Construction Assistance Program (30000071)

The appropriations in this section are subject to the following conditions and limitations:

(1) $1,337,000 of the common school construction account--state appropriation is provided solely for study and survey grants and for completing inventory and building condition assessments for all public school districts once every six years.

(2) In calculating square foot eligibility for state assistance
grants, kindergarten student headcount shall not be reduced by fifty percent.

(3) $952,000 of the common school construction account--state appropriation is provided solely for mapping the design of new facilities and remapping the design of facilities to be remodeled, for school construction projects funded through the school construction assistance program.

NEW SECTION. Sec. 6014. COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS.

Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations.
regulations pertaining to the use of nontaxable bond proceeds. The
state treasurer shall submit written notification to the director of
financial management if it is determined that a shift of appropriation
authority between the Columbia river basin water supply development
account and the Columbia river basin taxable bond water supply
development account is necessary, or that a shift of appropriation
authority from the Columbia river basin taxable bond water supply
development account to the Columbia river basin water supply
development account may be made.

(End of part)
NEW SECTION. Sec. 7001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are twenty-nine million eight hundred sixty-five thousand dollars for the 2013-2015 biennium, one hundred eighty-three million six hundred ninety-five thousand dollars for the 2015-2017 biennium, and two hundred sixty million seven hundred eighty thousand dollars for the 2017-2019 biennium.

NEW SECTION. Sec. 7002. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7003. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document shall include but not be limited to program, site, and cost analysis, including life cycle cost, in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.
NEW SECTION. Sec. 7004. (1) To ensure minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee. All projects must meet the criteria included in subsection (2)(a) of this section. Revisions to the lists must be filed with the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee and include an explanation of variances from the prior lists before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects of a similar nature and that are valued between $25,000 and $1,000,000 each, with the exception of higher education minor works projects that may be valued up to $2,000,000. These projects can generally be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed $1,000,000, or $2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock, computers or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.
(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(3) Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 7005. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty
days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

**NEW SECTION. Sec. 7006.** (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

**NEW SECTION. Sec. 7007.** The office of financial management, in accordance with RCW 28B.77.070 and RCW 43.88D.010, shall include the following in the scoring process: (1) The office of financial management shall develop a single prioritized list that includes all projects requesting funding, with the exception of minor works and predesign requests. Predesigns shall be on a separate prioritized list; (2) the office of financial management shall increase the weighting of the reasonableness of cost criteria; (3) projects shall be scored only once unless the office of financial management, or the requesting school, find that the project scope or budget has significantly changed.
NEW SECTION. Sec. 7008. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7009. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7010. FOR THE STATE TREASURER--TRANSFERS

Thurston County Capital Facilities Account: For transfer to the Capitol Building Construction Account ............... $3,200,000

NEW SECTION. Sec. 7011. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of enterprise services and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional
space that is available for regularly scheduled classes for academic
transfer, basic skills, and workforce training programs may be eligible
for state funded maintenance and operations.

(1) Community and technical colleges:

(a) Enter into a financing contract on behalf of Peninsula College
for up to $2,000,000 plus financing expenses and required reserves
pursuant to chapter 39.94 RCW to renovate or replace the Forks
satellite building.

(b) Enter into a financing contract on behalf of South Puget Sound
Community College for up to $5,000,000 plus financing expenses and
required reserves pursuant to chapter 39.94 RCW to renovate the
downtown Lacey campus.

(c) Enter into a financing contract on behalf of Walla Walla
Community College for up to $1,000,000 plus financing expenses and
required reserves pursuant to chapter 39.94 RCW to purchase up to forty
acres of land.

(d) Enter into a financing contract on behalf of Green River
Community College for up to $15,000,000 plus financing expenses and
required reserves pursuant to chapter 39.94 RCW to construct a
replacement facility for the student life center.

(e) Enter into a financing contract on behalf of Whatcom Community
College for up to $11,000,000 plus financing expenses and required
reserves pursuant to chapter 39.94 RCW to construct a student
recreation center.

(f) Enter into a financing contract on behalf of Spokane Community
College for up to $3,100,000 plus financing expenses and required
reserves pursuant to chapter 39.94 RCW to construct an addition to the
student services building.

(g) Enter into a long-term lease on behalf of Spokane Community
College at Felts Field suitable for the aerospace training center
program, subject to the approval of the office of financial management
as required by chapter 43.82 RCW.

(2) Department of enterprise services:

(a) Enter into a financing contract for up to $1,000,000 plus
financing expenses and required reserves pursuant to chapter 39.94 RCW
for the modifications to the Yakima office building in preparation for
the department of social and health services use of the building.
(b) Enter into a financing contract for up to $64,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a new office building at 1063 Capitol Way South, Olympia. The building will be delivered using design build, as defined by RCW 39.10, with a guarantee for energy, operations and maintenance performance. The term for performance validation must not be less than five years. The state may use state employees for services not related to building performance. Criteria for selecting a contractor must include life cycle costs, energy costs or energy use index. The scope of the building may be up to two hundred twenty-five thousand square feet of office space based on the office of financial management' direction for square feet and tenants identified in the programming phase including the Washington State Patrol. Tenant lease costs for the building may not exceed $26 per gross square foot including debt services and operating expenses. Proposals must be received by January 31, 2014.

(3) Department of Commerce: Enter into a long-term lease for the Pacific medical center property.

Sec. 7012. RCW 43.34.080 and 2011 1st sp.s. c 21 s 34 are each amended to read as follows:

(1) The capitol campus design advisory committee is established as an advisory group to the capitol committee and the director of ((general administration)) enterprise services to review programs, planning, design, and landscaping of state capitol facilities and grounds and to make recommendations that will contribute to the attainment of architectural, aesthetic, functional, and environmental excellence in design and maintenance of capitol facilities on campus and located in neighboring communities.

(2) The advisory committee shall consist of the following persons who shall be appointed by and serve at the pleasure of the director of ((general administration)) enterprise services:

(a) Two architects;
(b) A landscape architect; and
(c) An urban planner.

The director of ((general administration)) enterprise services shall appoint the chair and vice chair and shall provide the staff and
The advisory committee shall meet at least once every ninety days and at the call of the chair.

The members of the committee shall be reimbursed as provided in RCW 43.03.220 and 44.04.120.

(3) The advisory committee shall also consist of the secretary of state and two members of the house of representatives, one from each caucus, who shall be appointed by the speaker of the house of representatives, and two members of the senate, one from each caucus, who shall be appointed by the president of the senate.

(4) The advisory committee shall review plans and designs affecting state capitol facilities as they are developed. The advisory committee's review shall include:

(a) The process of solicitation and selection of appropriate professional design services including design-build proposals;

(b) Compliance with the capitol campus master plan and design concepts as adopted by the capitol committee;

(c) The design, siting, and grouping of state capitol facilities relative to the service needs of state government and the impact upon the local community's economy, environment, traffic patterns, and other factors;

(d) The relationship of overall state capitol facility planning to the respective comprehensive plans for long-range urban development of the cities of Olympia, Lacey, and Tumwater, and Thurston county; and

(e) Landscaping plans and designs, including planting proposals, street furniture, sculpture, monuments, and access to the capitol campus and buildings.

(5) For development of the property known as the 1063 block, the committee may review the proposal selected by the department of enterprise services but must not propose changes that will affect the scope, budget or schedule of the project.

NEW SECTION. Sec. 7013. PUGET SOUND PROTECTION AND RESTORATION. Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information.
on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations where the Puget Sound partnership finds that a project is not in, or is not consistent with the action agenda Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.

NEW SECTION.  Sec. 7014. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2013-2015 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. The commission may use up to $100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to chapter 36, Laws of 2005.

NEW SECTION.  Sec. 7015. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for
informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2015-2017 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 7016. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7017. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7018. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7019. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee.
to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . ., Laws of 2013 (Substitute House Bill No. 1088, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7020. By June 30, 2014, the department of social and health services shall transfer deed of the property known as the Stan Hedwall park to the city of Chehalis. The property includes the park and any land adjacent that may be owned by the department. The transfer must be at no cost to the city. When the deed is transferred to the city, the lease expires. The city shall continue to maintain and operate the land as a park.

NEW SECTION. Sec. 7021. The office of financial management, in consultation with the fiscal committees of the legislature, may select capital projects that have completed predesign to undergo a budget evaluation study. The budget evaluation study team approach using value engineering techniques and life cycle cost analysis must be utilized by the office of financial management in conducting the studies. The office of financial management shall select the budget evaluation team members, contract for the study, and report the results to the legislature and agencies in a timely manner following the study. Funds from the project appropriation must be used by the office of financial management through an interagency agreement with the affected agencies to cover the cost of the study.

NEW SECTION. Sec. 7022. COLUMBIA RIVER BASIN NONTAXABLE AND
TAXABLE BOND PROCEEDS.

Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to the Columbia river basin water supply development account may be made.

Sec. 7023. RCW 28B.15.210 and 2011 1st sp.s. c 48 s 7022 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized in RCW 28B.20.725(3). The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). ((During the 2011-2013 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance and utility costs.)) During the 2013-2015

Code Rev/AL:mos 196 H-2384.2/13 2nd draft
biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments.

**Sec. 7024.** RCW 28B.20.725 and 2011 1st sp.s. c 48 s 7020 are each amended to read as follows:

The board is hereby empowered:

1. To reserve the right to issue bonds later on a parity with any bonds being issued;
2. To authorize the investing of moneys in the bond retirement fund and any reserve account therein;
3. To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
4. To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;
5. To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund.

((However, during the 2009-2011 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.)) However, during the 2011-2013 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2013-2015 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

**Sec. 7025.** RCW 28B.15.310 and 2011 1st sp.s. c 48 s 7023 are each amended to read as follows:
Within thirty-five days from the date of collection thereof, all building fees shall be paid and credited as follows: To the Washington State University bond retirement fund, one-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of such bond retirement fund; and the remainder thereof to the Washington State University building account.

The sum so credited to the Washington State University building account shall be expended by the board of regents for buildings, equipment, or maintenance on the campus of Washington State University as may be deemed most advisable and for the best interests of the university, and for certificates of participation under chapter 39.94 RCW, except for any sums transferred as authorized by law. During the 2011-2013 biennium, sums credited to the Washington State University building account shall also be used for routine facility maintenance and utility costs. During the 2013-2015 biennium, sums credited to the Washington State University building account shall also be used for routine facility maintenance, utility costs, and facility condition assessments. Expenditures so made shall be accounted for in accordance with existing law and shall not be expended until appropriated by the legislature.

The sum so credited to the Washington State University bond retirement fund shall be used to pay and secure the payment of the principal of and interest on building bonds issued by the university, except for any sums which may be transferred out of such fund as authorized by law.

Sec. 7026. RCW 28B.30.750 and 2011 1st sp.s. c 48 s 7021 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund.

(However, during the 2009-2011 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.)

However, during the 2011-2013 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2013-2015 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2013-2015 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 7027. RCW 28B.35.370 and 2011 1st sp.s. c 48 s 7024 are each amended to read as follows:

Within thirty-five days from the date of collection thereof all building fees of each regional university and The Evergreen State College shall be paid into the state treasury and these together with such normal school fund revenues as provided in RCW 28B.35.751 as are received by the state treasury shall be credited as follows:

(1) On or before June 30th of each year the board of trustees of each regional university and The Evergreen State College, if issuing bonds payable out of its building fees and above described normal school fund revenues, shall certify to the state treasurer the amounts required in the ensuing twelve months to pay and secure the payment of the principal of and interest on such bonds. The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all building fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern
Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The amounts deposited in the respective capital projects accounts shall be used to pay and secure the payment of the principal of and interest on the building bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any twelve month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The sums deposited in the respective capital projects accounts shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and normal school revenue and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. During the 2011-2013 biennium, sums in the respective capital accounts shall also be used for routine facility maintenance and utility costs. During the 2013-2015 biennium, sums in the respective capital accounts shall also be used for routine facility maintenance, utility costs, and facility condition assessments.

(3) Funds available in the respective capital projects accounts may also be used for certificates of participation under chapter 39.94 RCW.
Sec. 7028. RCW 28B.50.360 and 2011 1st sp.s. c 48 s 7025 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. During the 2011-2013 biennium, sums in the capital projects account shall also be
used for routine facility maintenance and utility costs. During the
2013-2015 biennium, sums in the capital projects account shall also be
used for routine facility maintenance and utility costs.

(3) Funds available in the community and technical college capital
projects account may also be used for certificates of participation
under chapter 39.94 RCW.

Sec. 7029. RCW 43.155.070 and 2012 c 196 s 9 are each amended to
read as follows:

(1) To qualify for loans or pledges under this chapter the board
must determine that a local government meets all of the following
conditions:
(a) The city or county must be imposing a tax under chapter 82.46
RCW at a rate of at least one-quarter of one percent;
(b) The local government must have developed a capital facility
plan; and
(c) The local government must be using all local revenue sources
which are reasonably available for funding public works, taking into
consideration local employment and economic factors.
(2) Except where necessary to address a public health need or
substantial environmental degradation, a county, city, or town planning
under RCW 36.70A.040 must have adopted a comprehensive plan, including
a capital facilities plan element, and development regulations as
required by RCW 36.70A.040. This subsection does not require any
county, city, or town planning under RCW 36.70A.040 to adopt a
comprehensive plan or development regulations before requesting or
receiving a loan or loan guarantee under this chapter if such request
is made before the expiration of the time periods specified in RCW
36.70A.040. A county, city, or town planning under RCW 36.70A.040
which has not adopted a comprehensive plan and development regulations
within the time periods specified in RCW 36.70A.040 is not prohibited
from receiving a loan or loan guarantee under this chapter if the
comprehensive plan and development regulations are adopted as required
by RCW 36.70A.040 before submitting a request for a loan or loan
guarantee; except that, for the fiscal year 2014 loan list approved by
the legislature in section 1073 of this act, a county, city or town
planning under RCW 36.70A.040 that has not adopted a comprehensive plan
and development regulations within the time periods specified in RCW
36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;
(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(1) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) When developing construction loan lists for legislative approval during the 2013-2015 fiscal biennium, the board shall use the criteria and ranking process provided in section 1073 of this act in place of the criteria and process provided in subsection (4) of this section.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

((6)) (7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection ((9)) (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for
each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

((7)) (8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

((8)) (9) Subsection ((7)) (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection ((9)) (10) of this section.

((9)) (10) Loans made for the purpose of capital facilities plans are exempted from subsection ((7)) (8) of this section.

((10)) (11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

((11)) (12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the 2013-2015 fiscal biennium, the board may provide financial assistance in the form of grants for water system acquisition and rehabilitation projects.

Sec. 7030. RCW 70.105D.070 and 2012 2nd sp.s. c 7 s 920 and 2012 2nd sp.s. c 2 s 6005 are each reenacted and amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter
70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship;

(xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;

(xiii) During the 2009-2011 and 2011-2013 fiscal biennia, shoreline update technical assistance;
(xiv) During the 2009-2011 fiscal biennium, multijurisdictional permitting teams;

(xv) During the 2011-2013 fiscal biennium, actions for reducing public exposure to toxic air pollution, and actions taken through the family forest fish passage program to correct barriers to fish passage on privately owned small forest lands; (and)

(xvi) During the 2011-2013 fiscal biennium, the department of ecology's water quality, shorelands and environmental assessment, hazardous waste, waste to resources, nuclear waste, and air quality programs; and

(xvii) During the 2013-2015 fiscal biennium the state toxics control account may also be used for reducing public exposure to toxic air pollution.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority:

(i) Remedial actions;

(ii) Hazardous waste plans and programs under chapter 70.105 RCW;

(iii) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(iv) Funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and

(v) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment.

(b) Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that is a Puget Sound partner, as defined in RCW 90.71.010, along with any
project that is referenced in the action agenda developed by the Puget
Sound partnership under RCW 90.71.310, shall, except as conditioned by
RCW 70.105D.120, receive priority for any available funding for any
grant or funding programs or sources that use a competitive bidding
process. During the 2007-2009 fiscal biennium, moneys in the account
may also be used for grants to local governments to retrofit public
sector diesel equipment and for storm water planning and implementation
activities.

(c) To expedite cleanups throughout the state, the department shall
partner with local communities and liable parties for cleanups. The
department is authorized to use the following additional strategies in
order to ensure a healthful environment for future generations:

(i) The director may alter grant-matching requirements to create
incentives for local governments to expedite cleanups when one of the
following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship
imposed by the clean-up liability;

(B) Funding would create new substantial economic development,
public recreational, or habitat restoration opportunities that would
not otherwise occur; or

(C) Funding would create an opportunity for acquisition and
redevelopment of vacant, orphaned, or abandoned property under RCW
70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when
necessary to expedite multiparty clean-up efforts.

(d) To facilitate and expedite cleanups using funds from the local
toxics control account, during the 2009-2011 fiscal biennium the
director may establish grant-funded accounts to hold and disperse local
toxics control account funds and funds from local governments to be
used for remedial actions.

(4) Except for unanticipated receipts under RCW 43.79.260 through
43.79.282, moneys in the state and local toxics control accounts may be
spent only after appropriation by statute.

(5) Except during the 2011-2013 fiscal biennium, one percent of the
moneys deposited into the state and local toxics control accounts shall
be allocated only for public participation grants to persons who may be
adversely affected by a release or threatened release of a hazardous
substance and to not-for-profit public interest organizations. The
primary purpose of these grants is to facilitate the participation by
persons and organizations in the investigation and remedying of
releases or threatened releases of hazardous substances and to
implement the state's solid and hazardous waste management priorities.
No grant may exceed sixty thousand dollars. Grants may be renewed
annually. Moneys appropriated for public participation from either
account which are not expended at the close of any biennium shall
revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics
control account may be used for solid waste incinerator feasibility
studies, construction, maintenance, or operation, or, after January 1,
2010, for projects designed to address the restoration of Puget Sound,
funded in a competitive grant process, that are in conflict with the
action agenda developed by the Puget Sound partnership under RCW
90.71.310.

(7) The department shall adopt rules for grant or loan issuance and
performance.

(8) During the 2011-2013 fiscal biennium, the legislature may
transfer from the local toxics control account to the state toxics
control account such amounts as reflect excess fund balance in the
account.

(9) During the 2011-2013 fiscal biennium, the local toxics control
account may also be used for local government shoreline update grants
and actions for reducing public exposure to toxic air pollution;
funding to local governments for flood levee improvements; and grants
to local governments for brownfield redevelopment.

(10) During the 2013-2015 fiscal biennium the local toxics control
account may also be used for the centennial clean water program.

Sec. 7031. RCW 79.17.010 and 2012 2nd sp. s. c 2 s 6006 are each
amended to read as follows:

(1) The department, with the approval of the board, may exchange
any state land and any timber thereon for any land of equal value in
order to:

(a) Facilitate the marketing of forest products of state lands;
(b) Consolidate and block-up state lands;
(c) Acquire lands having commercial recreational leasing potential;
(d) Acquire county-owned lands;

(e) Acquire urban property which has greater income potential or which could be more efficiently managed by the department in exchange for state urban lands as defined in RCW 79.19.100; or

(f) Acquire any other lands when such exchange is determined by the board to be in the best interest of the trust for which the state land is held.

(2) Land exchanged under this section shall not be used to reduce the publicly owned forest land base.

(3) The board shall determine that each land exchange is in the best interest of the trust for which the land is held prior to authorizing the land exchange.

(4) (a) During the biennium ending June 30, 2013, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the resource management cost account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(b) During the biennium ending June 30, 2015, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the resource management cost account to pay for...
administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(5) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

Sec. 7032. RCW 79.17.020 and 2012 2nd sp.s. c 2 s 6007 are each amended to read as follows:

(1) The board of county commissioners of any county and/or the mayor and city council or city commission of any city or town and/or the board shall have authority to exchange, each with the other, or with the federal forest service, the federal government or any proper agency thereof and/or with any private landowner, county land of any character, land owned by municipalities of any character, and state forest land owned by the state under the jurisdiction of the department, for real property of equal value for the purpose of consolidating and blocking up the respective land holdings of any county, municipality, the federal government, or the state of Washington or for the purpose of obtaining lands having commercial recreational leasing potential.

(2)(a) During the biennium ending June 30, 2013, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction
shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(b) During the biennium ending June 30, 2015, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(3) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues, and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

Sec. 7033. 2005 c 8 s 1 (uncodified) is amended to read as follows:

Pursuant to chapter 43.155 RCW, the following project loans recommended by the public works board are authorized to be made with funds appropriated from the public works assistance account:
(1) Bainbridge Island--storm sewer project--construct a storm sewer waste management facility including bins for storage of asphalt, concrete, wood chips, rock, sand and gravel, and miscellaneous woody debris; and test remaining soil and remove contaminated soils from the Head of the Bay site. $782,000

(2) Bainbridge Island--sanitary sewer project--upgrade wastewater treatment plant by upgrading the following: Headworks, biosolids, oxidation ditch aeration basins, sludge holding basins, secondary clarification, and sludge pumping and effluent outfall. $3,618,000

(3) Battle Ground--sanitary sewer project--expand the capacity in the shared use facilities by performing the design engineering and construction for a parallel sewer line interceptor, 1 new transmission pump station, an influent pressure main, and treatment plant improvements to increase the capacity from 10.3 million gallons per day to 16 million gallons per day. $10,000,000

(4) Birchbay water and sewer district--sanitary sewer project--extend the existing sanitary sewer system constructing approximately 10,000 feet of gravity sewer mains, including manholes, side sewers to each lot, and other sewer appurtenances. The project will also include temporary erosion and sedimentation control measures and other public/private improvement restoration following sewer installation. $765,000

(5) Blaine--sanitary sewer project--construct a wastewater pretreatment facility and a 700,000 gallon equalization storage facilities along and underneath Marine Drive to prevent raw sewage overflows into Drayton Harbor, construction of control structures required to operate and maintain facilities, and reconstruction of existing lift station number one. $5,080,000

(6) Brewster--sanitary sewer project--retrofit south lift station and dry well/wet well system will be converted to a submersible pump station, headworks structure will be enclosed, including electrical and ventilation systems, replacement of chlorine gas disinfection system with UV disinfection, construction of a plant water system, adding new effluent flow meter and automatic sampler, replacement of activated sludge pumps, retrofitting primary clarifier, installation of a new dewatering facility, electrical, and control features and appurtenances. $2,659,600
(7) Carnation--sanitary sewer project--eliminate current septic tank/drainfield systems and replace them with a centralized sewer collection system that will connect directly to the treatment facility being built by King County, including approximately 26,000 feet of vacuum sewer collector pipes, 3,000 feet of force main, approximately 700 side sewers and the associated abandonment of septic tank/drainfield systems, relocation of 10,000 feet of water main, telemetry system for new sewer facilities, and a vacuum/pump station ........................................... $4,374,700

(8) Castle Rock--sanitary sewer project--upgrade wastewater treatment plant by constructing a new treatment process, structures and equipment, new oxidation ditch, modernized headworks, disinfecting with ultraviolet, installation of a belt thickener, and press for solids and secondary clarifiers ........................................... $655,000

(9) Chinook water district--domestic water project--construct a new package water filter plant ........................................... $1,425,000

(10) College Place--domestic water project--construct a 1.5 million gallon water storage reservoir, install a booster station, approximately 7,100 feet of 16 inch water transmission mains, three pressure reducing valve stations, and a second booster station in the Regency Park package system, telemetry improvements, and associated appurtenances ........................................... $2,975,000

(11) Douglas county--storm sewer project--construction of a detention basin of approximately 35 acre feet, construction of an urban conveyance and water quality project that consists of construction of about 2,000 feet of closed conduit, 1,000 feet of open channel, and construction of a water quality treatment facility, and all appropriate appurtenances ........................................... $2,835,600

(12) Dupont--sanitary sewer project--replace approximately 6,600 feet of sanitary sewer line with manholes, 103 side sewers, and overlaying 4,200 feet of street. The city of DuPont will also purchase capacity from Pierce County allowing the transfer of flows for treatment to Pierce County ........................................... $1,985,600

(13) East Wenatchee water district--domestic water project--increase capacity and remedy leaking mains by replacing approximately one mile of 12 inch ductile iron transmission main ............ $490,875

(14) Eatonville--domestic water project--construct a membrane filtration system and use the existing disinfection system, install a
booster pump station, additional well sources, basin modifications, and
approximately 1,200 feet of transmission main to connect to the
existing system .............................................. $807,500

(15) Edmonds--sanitary sewer project--lift station elimination and
rehabilitation project includes elimination of lift station seven,
demolish the facility and construct approximately 1,550 feet of gravity
sewer line, and install a new line from current location of lift
station seven to lift station eight. Replace lift station eight,
including upsizing of the wet well and replacement of all mechanical
and electrical equipment and replacement and upsizing of approximately
450 feet of force main ..................................... $1,216,903

(16) Enumclaw--sanitary sewer project--upgrade and expand the
existing wastewater treatment plant by constructing a new headworks,
install new extended aeration activated sludge basins, anaerobic/anoxic
basins, and two additional secondary clarifiers. The city will also
include construction of chemical facilities, enlarging laboratory area,
sludge dewatering, and stabilization facilities and related
appurtenances ............................................ $9,750,000

(17) Ephrata--sanitary sewer project--construction of approximately
2,400 feet of sanitary sewer main, 200 feet of side sewer pipe, eight
manholes and appurtenances, and the rehabilitation of approximately one
mile of access roadway in the port of Ephrata .............. $289,000

(18) Everett--sanitary sewer project--construct upgrades to the
wastewater treatment plant that include: A headworks grit system,
construction of two primary clarifiers, a new biofilter, new piping
arrangements, modifications to the trickling filter pump station,
installation of primary sludge grit removal equipment, sludge
dispersion equipment, flow metering, new hypochlorite generation
facilities, new scum collection and dewatering equipment, and minor
upgrade of the north effluent pump station .............. $10,000,000

(19) Freeland water district--domestic water project--solve the
source and storage needs by constructing a new reservoir, connection of
the new well to the new reservoir, connection of the new reservoir to
the system, rehabilitation of the existing well number one, and all
appropriate appurtenances ................................. $308,030

(20) Gig Harbor--sanitary sewer project--upgrade to the wastewater
treatment plant to improve its efficiency and effectiveness. In
addition, an outfall extension into Colvos Passage, including a
diffuser will be constructed. Project will result in a higher quality
effluent being discharged to Puget Sound. ............... $10,000,000

(21) Goldendale--road project--reconstruct approximately 2,700 feet
of East Collins Drive. This will include curb and gutters, storm
drainage facilities, sewer line repair and replacement, water line
replacement, and a 40 foot curb to curb road section consisting of two
eleven foot travel lanes and two nine foot parking areas. . . . . $827,316

(22) Highland water district--domestic water project--construct a
0.5 million gallon steel water tank and foundation, appurtenances such
as water lines and valves, access road, and other site improvements as
needed. ...................................................... $573,750

(23) Ilwaco--sanitary sewer project--replace approximately 2,000
feet of sanitary sewer lines and 2,250 feet of storm sewer lines,
including contributing laterals. In addition, installation of new
manholes, catch basins, and other related improvements would be made as
part of the project. ........................................ $774,000

(24) Jefferson County public utility district 1--domestic water
project--extend water system to service the entire Marrowstone Island.
Replacing individual wells with a public water supply. This will
include installation of approximately 150,000 feet of water mains with
accoutrements, a new 300,000 gallon storage tank, and expansion of
existing treatment facilities. This will ensure a consistent source of
potable water for the residents. ....................... $2,000,000

(25) Jefferson County public utility district 1--sanitary sewer
project--replace approximately 80 individual septic systems with a new
community drainfield system, consisting of approximately 12 grinder
pump stations, twin booster pump stations, two dosing tanks, and other
components necessary to enable the system to function properly.
Completion of this project will virtually eliminate the release of any
untreated effluent into the wetland and Discovery Bay. . . . . $948,924

(26) Kennewick--domestic water project--upgrade the water treatment
plant with installation of a new membrane filtration at the Columbia
River plant and installation of an ultraviolet disinfection system at
the Ranney collector number five. Other related improvements will be
made to the system as part of the project. This project will bring the
city into compliance with the department of health's ground water under
the influence (GWI) requirements. ....................... $10,000,000
(27) King county water district No. 111--domestic water project--construct four water treatment facilities. Each facility will include chlorine generation systems, backwash recycling facilities, SCADA systems at each plant, and any other related activities necessary to complete the construction. This will enable the district to be in compliance with iron and manganese MCLs and eliminate the hazards associated with chlorine. $1,255,428

(28) King county water district No. 125--domestic water project--upgrade pressure zone 2 by installing two secondary source connections, including pressure-reducing valves, valves, piping, and appurtenances and approximately 150 feet of water main. The project will also include replacement of approximately 12,500 feet of undersized water main, including all valves, fittings, hydrants, and appurtenances and project area restoration as required. $1,088,850

(29) Lake Forest Park--sanitary sewer project--installation of a series of extensions to the city of Lake Forest Park's sanitary sewer system to provide service to residential areas currently not serviced. This will include construction of approximately 3.8 miles of sewer main extension including gravity sewer, pressure piping, service connections and side sewers, lift stations, grinder pump assemblies, surface restoration, temporary erosion and sedimentation control, and related work. $4,656,000

(30) Leavenworth--domestic water project--reconstruct old reservoir on existing site, including new structural walls, new roof, and related appurtenances. Project will also include installation of a SCADA monitoring/radio telemetry control system. $1,400,000

(31) LOTT wastewater alliance--sanitary sewer project--construct four secondary clarifier mechanisms, replacement of RAS pumps, secondary scum pumping improvements, and motorized actuators. Upgrades to equipment and mechanisms will enable LOTT to meet increasing loads at the Budd Inlet wastewater treatment plant and improve the effluent quality. $4,278,404

(32) Malaga water district--domestic water project--construct a new 52,000 gallon partially buried concrete reservoir and connecting piping and install security fencing around tank. This project will enable the district to ensure a continuous safe water supply to the homes and businesses in the area. $161,500
(33) Manchester water district--domestic water project--upgrade a wide range of the water system. Project will include installation of a SCADA system with all hardware, software, and backup equipment. Installation of a new flow meter at each wellhead and pump station. Distribution/transmission piping replacements and upgrades to the Mile Hill Road area, Yukon Harbor Drive and Southworth Drive. Installation of two interties in the South Street and Garfield Road area. Construction of two pressure-reducing stations located in the Beach Drive and Harper Hill areas. $970,870

(34) Mason county public utility district 1--domestic water project--source improvements and system rehabilitation to the newly acquired Arcadia Estates system. Project will include pump and controls for well number two, 24,000 gallon storage reservoir with draft fire hydrant, three booster pumps, two pressure tanks, pressure-reducing station, service meters, and three blow off assemblies. This will remove the red operating permit and ensure a safe and reliable source of potable water for the community. $95,950

(35) Mason county public utility district 1--domestic water project--rehabilitate the source of supply at the newly acquired Twanoh Heights water system. This project will include rehabilitation of well number one, installation of two pumps, abandonment of well number two per department of ecology rules, service meters and air release valves. This project will allow the community to have a continuous, safe and reliable water source. $172,900

(36) Mason county public utility district 1--domestic water project--address system needs for the Madrona Beach water system by constructing a 11,500 gallon reservoir, booster station, site work/plumbing, service meters, and a source meter. This will enable the public utility district to comply with department of health requirements and remove a blue operating permit. $171,000

(37) Mason county public utility district 1--domestic water project--make improvements to the newly acquired Canal Beach water system. The improvements include drilling and testing a new well source, constructing a 20,000 gallon storage tank, piped system intertie, fire service line and hydrant, water services with new meters, and abandonment of existing well sources per department of ecology rules. $171,712
1. Mason county public utility district 1--domestic water project--make improvements to the Minerva Terrace water system that will include drill and test well, integrate well into system, booster station with all appurtenances, 35,200 gallon reservoir, and a draft fire hydrant. This will enable the system to have the red operating permit to be lifted and comply with department of health rules.

$217,550

2. Northeast Sammamish sewer/water district--domestic water project--construct a new water treatment plant, new 0.5 million gallon reservoir and pump station, new transmission water main, and new distribution main and associated minor improvements. The district will then be able to meet the federal arsenic level regulations and ensure a safe source of potable water for the community.

$4,154,970

3. Northshore utility district--sanitary sewer project--install approximately 2,445 feet of gravity sewer main, manholes, connection to the sanitary sewer system, and related restoration and appurtenances. In addition, the district will replace approximately 2,400 feet of asbestos concrete water mains. This will resolve the negative environmental and health impacts of the failing septic systems in the area.

$814,634

4. Northshore utility district--sanitary sewer project--install approximately 300 feet of gravity sewer main, manholes, connection to the sanitary sewer system, and related restoration and appurtenances. In addition, the district will replace approximately 300 feet of asbestos concrete water mains. This will resolve the negative environmental and health impacts of the failing septic systems in the area.

$113,334

5. Oak Harbor--domestic water project--replace existing water transmission mains being destroyed due to a highway project. The project includes construction of approximately 4,000 feet of transmission mains along Highway 20 just south of Deception Pass state park. Project will meet the city's foreseeable water requirements and provide sufficient capacity for the Naval Air Station--Whidbey.

$834,700

6. Orchard Avenue irrigation district number 6--domestic water project--install approximately 19,100 feet of PVC pipe. Approximately 210 buried meter boxes, reconnect approximately 400 existing services,
and all required valves and other fittings. Project will eliminate
public health concern over potential lead contamination from lead joint
pipe .......................................................... $1,066,800

(44) Pierce County--road project--widen, reconstruct, and overlay
the intersection of Canyon Road E and 176th Street E, which includes
additional travel lanes in each direction and left and right turn lanes
at the intersection, a new traffic signal system, traffic signal
interconnect system, street lights, median, curb and gutter, concrete
sidewalks, landscaping, undergrounding of utilities, storm drainage
conveyance, storage, and treatment facilities. Project will increase
carrying capacity and allow for economic development ..... $2,942,000

(45) Pullman--sanitary sewer project--construct a new variable
volume digester at the wastewater treatment plant, with an approximate
capacity of 350,000 gallons. The work includes site preparation and
construction of the digester, necessary piping modifications, and
modifications to the existing plant control system. Project will
enable the city to meet the environmental protection agency's SRT
requirements ..................................................... $1,912,000

(46) Pullman--domestic water project--construct a well to replace
well number 3. Included in the project will be the drilling of the
replacement well, well pump, motor, controls, disinfection equipment,
fluoride injection equipment, a swell and chemical storage house,
connection of transmission lines, and other related miscellaneous items
and site work ..................................................... $850,000

(47) Ridgefield--sanitary sewer project--construct a new pump
station, install approximately 3,000 feet of force main, which will
discharge directly into the treatment plant, and construct
approximately 3,000 feet of gravity interceptor sewer. This project
will enable the city to open up service to an area that is currently
not served and allow for economic development ..... $1,718,000

(48) Ritzville--domestic water project--increase the city's water
capacity from 1,200 to 2,000 gallons per minute by drilling a new well.
This will also include installing the necessary pump and connections to
the storage tank and construct a well house to protect the equipment
.......................................................... $845,000

(49) Ronald wastewater district--sanitary sewer project--sewer
extension to unsewered areas includes installation of approximately
2,700 feet PVC sewer main and approximately 2,000 feet PVC sewers in
three separate areas of the district. All associated appurtenances will also be instilled, such as manholes and side sewer stubs. Approximately 1,100 sewer trunk main will be repaired. The streets and other public improvements that are disturbed during construction will be restored to city of Shoreline’s standards ........... $1,021,700

(50) Samish water district--sanitary sewer project--upgrade its system by replacing pumps and controls at six sewage pump stations, replace controls at one sewage pump station, upgrade SCADA, and replace inline valves on existing sewer force main. This will ensure that the system operates within regulations ........... $1,083,000

(51) Seattle--storm sewer project--increase capacity of the drainage system by installing approximately 1,760 feet of storm drain along South Trenton Street, 3rd Avenue South, and 4th Avenue South. Install 2,380 feet of storm drain along South Director Street and 7th Avenue South. The last part of the project will construct a new storm drain system on 8th Avenue South. These new drainage pipes will reduce flows to the combined sewer system and reduce the number of overflows ........... $3,400,000

(52) Seattle--storm sewer project--upgrade two culverts in the lower reaches of Taylor Creek to remove fish barriers and construct a fish ladder to improve fish passage and control sediment transportation. Other related improvements will be made to the area as part of the project ........... $450,500

(53) Seattle--storm sewer project--construct two ponds that will include a 4 acre feet sediment collection pond, 2 acre feet decant pond, 750 feet of access road, 750 of decant piping, a gravel pump and its housing and controls, and 4,000 feet of landscaping around the new ponds. Additional related upgrades will be done to complete the project ........... $1,832,600

(54) Skyway water/sewer district--domestic water project--replace and upsize the supply meter from the city of Seattle system and replace approximately 6,350 feet of asbestos water supply line. In addition, four new pressure zones interties will be installed to improve flow between pressure zones within the water/sewer district .... $1,130,526

(55) Spokane--domestic water project--replace about 3,500 feet of riveted steel water transmission mains with ductile iron pipe. In addition, project will include all valves, connections, blowoffs, air valves, railroad crossing, and pavement restoration and traffic control
(56) Spokane--domestic water project--construct a 2 million gallon elevated steel tank with an accompanying booster station. This will include all piping, valves, telemetry, instrumentation, excavation and site preparation including landscaping, paving, and fencing.

(57) Spokane county--road project--(construct a total of 8.3 miles of roadway from Havana Street to Forker Road and from Forker Road from Bigelow Gulch Road to Wellesley Road. The construction will provide for expanding the road to four traveled lanes plus eight foot shoulders to improve safety and traffic capacity. A center turn lane will be added at locations where vehicles routinely make left turns. Eight foot shoulders will be added to provide for safety of pedestrians and bicycles. expand and realign the Bigelow Gulch/Forker Road Corridor to a four lane roadway with eight foot shoulders to improve traffic capacity and increase the overall safety of the corridor. This project will include engineering and design environmental and cultural review, acquisition of right-of-way and construction of 1.78 miles of roadway improvement. In addition, design and right-of-way will be prepared and acquired for the next continuous phase of the project. $10,000,000)

(58) Stanwood--domestic water project--construct a 1 million gallon elevated water tank, water main, appurtenances, and equipment necessary to connect the new water tank to the existing system. Project will also install telemetry and control systems compatible with existing system, construction of a Cedarhome booster pump station for filling the Cedarhome reservoir, and improvements to the sites such as grading, fencing, and landscaping. $2,481,620

(59) Stevens County--solid waste project--expand municipal solid waste site by construction of an 11 acre lateral expansion, environmentally protective landfill lining and leachate collection system and construction of ancillary facilities such as perimeter roads. Leachate facilities will consist of piping, collection and conveyance facilities. $2,600,000

(60) Union Gap--sanitary sewer project--construct approximately 3,400 feet of sewer interceptor and 1,800 feet of sewer laterals in conjunction with new roadways in the Valley Mall Boulevard area. $676,429
(61) Washougal--sanitary sewer project--construct a redundant secondary clarifier adjacent to existing secondary clarifier, including piping connections to the existing clarifier distribution structure, scum pump station, and RAS/WAS pump room. Additional work will include RAS/WAS pump room modifications for installation of dedicated return and waste-activated sludge pumps, sidewalks, and site grading and all necessary electrical hardware and SCADA control modifications. Project will enable the city to meet their national pollution discharge elimination system permit requirements. $794,000

(62) West Richland--sanitary sewer project--increase capacity by constructing a one million gallons per day biolac wastewater treatment facility, approximately 2,700 feet of sanitary sewer pipe, lift station, miscellaneous roadway patching, and site restoration. If additional funds are available, improvements to the facilities outfall structure will be designed along with facilities for sludge handling from the sewer maintenance program. Project will enable the city to meet their national pollution discharge elimination system permit requirements. $4,000,000

(63) Witworth water district 2--domestic water project--The district will solve the area problems by installing approximately 27,090 of water lines together with valves and appurtenances, connection to the existing system, 15 hydrants, pavement repair, and other surface restoration. In addition, installation of a two million gallon steel reservoir and a 1,700 gallons per minute booster pump station and various piping, appurtenances, pumps, controls, security, electrical, and connection to existing system. $2,502,300

(64) Yakima--sanitary sewer project--The project will be done in two phases. Phase I will install approximately 6,640 feet of sewer main trunk line in River Road from North 16th Avenue to North 40th Avenue. Phase II will install 5,500 feet of sewer main trunk line in River Road from North 6th Avenue to North 16th Avenue if public works trust fund loan funds remain and private development proceeds. The project will help prevent further loss of major employers by providing the transportation and utility infrastructure necessary to maintain competitive operations. $2,307,000

Sec. 7034. 2007 c 4 s 1 (uncodified) is amended to read as follows:
Pursuant to chapter 43.155 RCW, the following project loans recommended by the public works board are authorized to be made with funds appropriated from the public works assistance account:

(1) Airway Heights--sanitary sewer project--collection system improvements and an approximately 1 million gallon per day annual average flow wastewater treatment, reclamation, and groundwater recharge facility .................. $7,000,000

(2) Annapolis water district--domestic water project--interior and exterior of surface water reservoir will be sandblasted and painted to preserve structural integrity of the tank and eliminate breaches in the paint coating systems. Structural repairs will also be made to the tank and foundation .................. $595,000

(3) Blaine--sanitary sewer project--construct a new wastewater treatment plant to serve the projected demand for the next twenty years, using the latest membrane filtering technology to produce reuse-quality water effluent to minimize impacts to local shell fishing ......... $7,000,000

(4) Bremerton--sanitary sewer project--upgrade a sewage pump station to increase capacity from 1,900 gallons per minute to 3,500 gallons per minute, eliminating combined sewer overflows into the Puget Sound and meet a court order ........... $675,000

(5) Bremerton--sanitary sewer project--design and construct a treatment plant upgrade to address the vital needs of the plant, create redundancy for essential treatment processes, and replace twenty year old components and meet a court order ........... $3,000,000

(6) Bremerton--sanitary sewer project--construct approximately 1,300 feet new sewer interceptor and collector pipe to replace old, failing shallow sewer and meet a court order .......... $300,000

(7) Chelan county public utility district no. 1--domestic water project--design and construct: Two pump stations to increase capacity from approximately 4,000 gallons per minute to approximately 6,000 gallons per minute; a two million gallon reservoir; and approximately 5,000 feet of twelve and sixteen-inch water transmission mains to provide a reliable water source for approximately 4,500 customers ............. $5,267,000

(8) Cowlitz county--domestic water project--recoat the interior and exterior of four reservoirs to address areas of failure with the
original coatings and protect the structural integrity of the reservoirs ......................... $340,000

(9) Cross Valley water district--domestic water project--relocation and replacement of a failing water supply line that is located in an extremely wet cow pasture. Approximately 3,500 linear feet of asbestos cement line will be replaced with twelve-inch ductile iron pipe, including all valves, hydrants, and appurtenances as well as complete restoration and paving ....................... $532,525

(10) East Wenatchee water district--domestic water project--construct approximately 6,000 lineal feet of twelve-inch water main that will serve as the supply main to the new approximately 1.5 million gallon reservoir ......................... $2,772,700

(11) Friday Harbor--sanitary sewer project--construct a new offshore marine pipeline approximately 1,900 feet in length; a new pump station and approximately 3,650 feet of pipeline to the wastewater treatment plant ......................... $4,378,000

(12) Grays Harbor county water district no. 1--domestic water project--provide adequate water supply from primary source to the north end of the system to mitigate low pressure problems and comply with a bilateral compliance agreement; extend distribution system to provide service to residences with failing individual supplies; construct standby power generation facilities for primary source of supply; and construct additional storage and pumping facilities to provide reliable service and fire flow ......................... $6,717,575

(13) Lake Stevens sewer district--sanitary sewer project--construction of a state of the art membrane bioreactor wastewater treatment facility outside the flood plain and an interceptor line and pump station ......................... $7,000,000

(14) Mattawa--sanitary sewer project--complete public bidding and construction of the improvements consisting of an approximately 622,000 cubic foot HDPE lined long-term biosolids digestion basin, associated piping, rehabilitation of the existing biosolids drying beds, and fencing ......................... $465,585

(15) Port Angeles--sanitary sewer project--design and construction of approximately 4,500 feet of thirty-inch sewer main to the headworks of the wastewater treatment plant ......................... $1,875,000

(16) Snohomish--sanitary sewer project--construct a fifteen and ten-inch sewer to reach an existing pump station; extend the above
Sewer using an eight-inch pipe to another pump station, and replace an existing sewer with a ten-inch pipe to provide additional capacity for future service and to meet the conditions of a stipulated court order ($7,000,000)

Segment 2: Add approximately 3,400 feet of sewer trunk to connect to the Segment 1, thereby allowing two pump stations to be abandoned.

Segment 3: Replace approximately 1,200 feet of existing undersized sewer to provide additional capacity and to accommodate future service north and east of Blackmans Lake $1,400,000

(17) Toppenish--sanitary sewer project--construct a single activated sludge process to replace the existing wastewater treatment facility, including the installation of ultraviolet disinfection channels to replace chlorine gas. The solids handling system will also be improved $7,000,000

(18) Walla Walla--sanitary sewer project--the third and final upgrade at the wastewater treatment plant to meet class A water reuse standards and to comply with an agreed order from the department of ecology $6,856,875

(19) Yakima--sanitary sewer project--replacement of chlorine gas with ultraviolet disinfection at the Yakima regional wastewater treatment plant to complete the first phase of the facility improvements $2,300,000

Sec. 7035. 2008 c 5 s 1 (uncodified) is amended to read as follows:

Pursuant to chapter 43.155 RCW, the following project loans recommended by the public works board are authorized to be made with funds appropriated from the public works assistance account, and no loan authorized in this act shall bear an interest rate greater than one-half of one percent:

(1) Arlington--sanitary sewer project--expand and upgrade the wastewater treatment plant and biosolids composting facility to meet new discharge limitations, produce a higher quality effluent, and accommodate future growth $10,000,000

(2) Auburn--street project--reconstruct approximately 0.3 miles of roadway with four travel lanes to bring up to current arterial and truck route standards and modify intersection to optimize efficiency and level of service $1,800,000
(3) Blaine--sanitary sewer project--construct a new wastewater treatment plant and section of outfall pipe to increase treatment capacity, produce reuse quality water, and improve Puget Sound water quality for shellfish .................. $10,000,000

(4) Bonney Lake--domestic water project--replace approximately 71,000 linear feet of leaky water mains to reduce current water loss by ten percent .................. $5,352,000

(5) Bonney Lake--sanitary sewer project--replace approximately 12,000 linear feet of failing interceptor sewer pipes .... $4,648,000

(6) Buckley--sanitary sewer project--rebuild the wastewater treatment plant to provide nutrient removal and meet state and federal discharge regulations and the construction of an interceptor $5,000,000

(7) Camas--sanitary sewer project--construct improvements to the wastewater treatment facilities to provide class A biosolids at the main sewage pump station ............... $10,000,000

(8) Clark county--road project--construct new road segments, widen roadways, improve and redesign intersections, and install and modify traffic signals necessary to improve a major interchange with two freeways .................. $10,000,000

(9) Clark regional wastewater district--sanitary sewer project--modify existing and construct new wastewater facilities to process approximately 4.65 million gallons more of wastewater per day and ensure treatment processes continue to be in compliance with current regulations .................. $8,000,000

(10) Coal creek utility district--sanitary sewer project--construct sewer lift station, approximately 1,250 lineal feet of gravity sewer main, and 500 feet of force main to provide public sewer to approximately 25 properties on a lake that have private septic systems that have failed or are in prefailure status ........ $898,875

(11) College Place--domestic water project--construct two steel tanks, a booster station, approximately 6,000 feet of transmission line, 3,400 feet of water mains, three pressure reducing valves, and associated telemetry to rectify a deficiency in fire flow and standby water storage protection ............... $4,710,051

(12) Cowlitz county public utility district No. 1--domestic water project--construction of approximately six new groundwater supply wells, 2,100 feet of raw water piping a new water treatment plant producing approximately 20 million gallons per day of potable water,
and approximately 4,350 feet of transmission main to connect to the system to replace current water supply that is being impacted by increasing water sediment .................. $3,213,000

(13) Ephrata--domestic water project--replace approximately 68,000 feet of failing water mains, 50,000 feet of failing water service pipes, and the resurfacing of 20 miles of overlaying roadway, including approximately 100 fire hydrants, 400 catch basins, 15 storm sewer drywells, 22,000 feet of curb and gutter, and 16,000 feet of storm sewer pipe .................. $6,605,727

(14) Freeland water district--domestic water project--connect a new well and new reservoir to the existing system, rehabilitate the existing well, and install new equipment to increase system reliability, redundancy, and capacity. Install new chlorination equipment to improve water quality .................. $347,516

(15) Gig Harbor--sanitary sewer project--improvements to the wastewater treatment plant including new equipment and electrical work, add a third clarifier, install ultraviolet disinfection, and extend and upsize the outfall .................. $10,000,000

(16) Highline water district--domestic water project--construction of 11,350 feet of transmission main and looping of pipes to eliminate low pressures and fire flows and improve water quality, and create a new pressure zone to correct high pressures ............ $5,390,418

(17) Karcher creek sewer district--sanitary sewer project--install a new sewer system, including a lift station and approximately 3,600 lineal feet of sewer main, in conjunction with a road project to service approximately 17 homes that will lose their septic systems due to the road project .................. $1,358,130

(18) Kennewick--sanitary sewer project--construct improvements to critical wastewater treatment plant processes to enhance reliability, improve energy efficiency and redundancy, as well as increase the capacity of the sludge pumping station .................. $5,500,000

(19) Kent--street project--construct (two) one bridge(s), (one for the roadway over a set of railroad tracks, and one for railroad tracks over a lowered roadway. This will grade separate the tracks from the roadway to provide safe and reliable operations twenty-four hours a day .................. $10,000,000) and all preliminary activities, such as utility relocation, to prepare for the future bridge to be constructed .................. $5,000,000
(20) King county--sanitary sewer project--construct 13,100 lineal feet of pipe to convey approximately 9 million gallons per day of reclaimed water to reduce withdrawals of 250-acre feet per year from the Sammamish river ......................... $7,000,000

(21) La Center--sanitary sewer project--upgrade wastewater treatment plant to reduce the levels of nitrogen discharged in the effluent and approximately doubling the operation of the plant and producing class A reuse water ...................... $10,000,000

(22) Lake Forest Park water district--domestic water project--replace approximately 6,915 lineal feet of undersized and corroded water pipes to improve safety and reliability of the system by reducing pipe failures and increasing fire flow .............. $917,935

(23) Lake Stevens--sanitary sewer project--construct a new wastewater treatment plant, 9,500 feet of interceptor line, a pump station, and an outfall pipe in partnership with Lake Stevens sewer district ......................... $10,000,000

(24) Lake Stevens sewer district--sanitary sewer project--construct a new wastewater treatment plant, 9,500 feet of interceptor line, a pump station, and an outfall pipe in partnership with the city of Lake Stevens ......................... $10,000,000

(25) Lakewood--sanitary sewer project--construct 3 pump stations, approximately 17,200 linear feet of force mains, 13,500 linear feet of gravity collector pipe line, and 320 side sewer stubs to service two neighborhoods currently served exclusively by septic systems ......................... $1,840,000

(26) LOTT alliance--sanitary sewer project--construct approximately 7,400 feet of force main and replace existing pump station with new 1,000 gallon per minute pump station ................ $4,003,807

(27) Mansfield--sanitary sewer project--expand and rehabilitate wastewater treatment lagoons and effluent spray irrigation system as well as remove the discharge of groundwater from basement sump pumps to the collection system ......................... $235,600

(28) Midway sewer district--sanitary sewer project--replace approximately 16,500 lineal feet of sewer mains and 50 manholes to reduce infiltration and inflow ......................... $3,782,500

(29) Mount Vernon--sanitary sewer project--upgrade existing wastewater treatment plant, including a new pretreatment facility, 4
additional clarifiers, upgrade aeration basins, installation of an ultraviolet disinfection system, and odor control system. $10,000,000

(30) Newcastle--road project--reconstruct, widen, and signalize approximately 5,200 linear feet of road to 2 lanes in each direction, add left turn lanes, sidewalks, bicycle lanes, install lighting systems, replace two-lane bridge with a four-lane bridge, and install new traffic signals. $5,000,000

(31) Olympia--sanitary sewer project--install approximately 6,500 linear feet of sewer mains and construct a lift station to serve 63 homes with failing on-site sewage systems. $1,808,375

(32) Olympus Terrace sewer district--sanitary sewer project--rehabilitate approximately 9,350 linear feet of sewer trunkline, construct approximately 9,800 linear feet of high-flow storm water bypass piping for excess flow, construct approximately 4,150 linear feet of road access, and restore creek habitat. $8,000,000

(33) Omak--sanitary sewer project--add 2 compost containers, convert storage tank to sludge holding tank, and install a second headworks screen to increase the wastewater treatment plant capacity by 35 percent. $450,000

(34) Port Angeles--sanitary sewer project--construct approximately 11,500 feet of sewer main, modify a storage tank, and modify the wastewater treatment plant. $10,000,000

(35) Regional board of mayors--solid waste project--close landfill site by capping and sealing with a soil cap. $859,500

(36) Regional board of mayors--solid waste project--construct a new solid waste transfer station, including structures and equipment. $1,541,000

(37) Ronald wastewater district--sanitary sewer project--rehabilitate 2 lift stations by replacing pumps, valves, fittings, piping, odor control systems, and electrical equipment. $955,400

(38) Seattle--domestic water project--replace floating pumps with land-based pump station with a maximum capacity of approximately 250 million gallons per day, including 8 pumps, concrete structure, a tunnel, approximately 4,000 feet of pipeline, and a standby generator. $10,000,000

(39) Sedro-Woolley--sanitary sewer project--rehabilitate or replace 4 interceptor segments totaling approximately 29,700 linear feet.
and install 2 pump stations (and upgrade the secondary clarifier) in order to lift a building moratorium ................. ($6,023,491) $3,803,289

(40) Shelton--sanitary sewer project--construct a satellite reclamation plant with a capacity of approximately 0.4 million gallons per day to produce class A reclaimed water, approximately 22,000 linear feet of sewer pipelines, and approximately 25,000 linear feet of reclaimed water force main ......................... $2,079,360

(41) Shelton--sanitary sewer project--replace approximately 38,480 linear feet of mainline sewers to reduce inflow and infiltration .............................................................. $5,737,500

(42) Skagit county sewer district No. 2--sanitary sewer project--upgrade wastewater treatment plant to a water reclamation facility to provide class A reclaimed water with a capacity of approximately 0.35 million gallons per day ......................... $10,000,000

(43) Snohomish--sanitary sewer project--construct approximately 1,900 feet of sewer pipe, a new pump station with a capacity of approximately 8,000 gallons per minute, and approximately 4,300 feet of force main to reduce overflows ......................... $2,000,000

(44) Snohomish--sanitary sewer project--upgrade existing wastewater treatment plant including a new influent flow structure, screens, aerators, effluent filtration, ultraviolet disinfection, effluent pump station, improvements to the existing lagoons, and electrical improvements ......................................................... $4,500,000

(45) Snohomish county--road project--construct a new, approximately two-mile, two-lane truck route around the city of Granite Falls, including 3 roundabouts to improve safety and air quality in the downtown area ..................................................... $10,000,000

(46) Southwest Suburban sewer district--sanitary sewer project--replace and/or slipline approximately 5,470 feet of trunk/interceptor sewer main and construct a new lift station to reduce overflows ............................... $3,268,250

(47) Tacoma--domestic water project--replace 3 open-topped concrete reservoirs with 2 enclosed concrete reservoirs of approximately 33 million gallons each and related piping to comply with the safe drinking water act and a bilateral compliance agreement .. $10,000,000

(48) Tekoa--sanitary sewer system--reconstruct approximately 1,000
feet of failing sewer line and manholes to reduce significant groundwater infiltration .................. $135,115

(49) Three rivers regional wastewater authority--sanitary sewer project--construct 2 clarifiers and associated piping to replace 2 failed clarifiers at the wastewater plant ............... $6,630,750

(50) Washougal--sanitary sewer project--construct a new wastewater treatment plant headworks, including a fine screen, grit removal, and replace approximately 150 linear feet of gravity sewer, and make improvements to the lagoons, including 450 linear feet of piping, modify overflow structures, and a new pump .............. $3,100,000

(51) Yakima--domestic water project--develop a new, approximately 3,000 gallon per minute, domestic water well, including drilling, placement of casing, a new pump house, and connection to the existing water distribution system in order to augment the water supply during drought conditions ......................... $2,257,200

(52) Yakima--street project--construct 2 underpasses and reconstruct 3 lanes on each roadway under a railroad mainline to accommodate additional rail and reduce traffic and emergency response delays and air pollution ......................... $3,000,000

Sec. 7036. RCW 39.10.210 and 2010 1st sp.s. c 36 s 6014 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build, general contractor/construction manager, and job order contracting procedures authorized in RCW 39.10.300, 39.10.340, and 39.10.420, respectively.

(2) "Board" means the capital projects advisory review board.

(3) "Certified public body" means a public body certified to use design-build or general contractor/construction manager contracting procedures, or both, under RCW 39.10.270.

(4) "Committee", unless otherwise noted, means the project review committee.

(5) "Design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.
(6) "Disadvantaged business enterprise" means any business entity certified with the office of minority and women's business enterprises under chapter 39.19 RCW.

(7) "General contractor/construction manager" means a firm with which a public body has selected to provide services during the design phase and negotiated a maximum allowable construction cost to act as construction manager and general contractor during the construction phase.

(7) "General contractor/construction manager" means a firm with which a public body has selected to provide services during the design phase and negotiated a maximum allowable construction cost to act as construction manager and general contractor during the construction phase.

(8) "Job order contract" means a contract in which the contractor agrees to a fixed period, indefinite quantity delivery order contract which provides for the use of negotiated, definitive work orders for public works as defined in RCW 39.04.010.

(9) "Job order contractor" means a registered or licensed contractor awarded a job order contract.

(9) "Job order contractor" means a registered or licensed contractor awarded a job order contract.

(10) "Maximum allowable construction cost" means the maximum cost of the work to construct the project including a percentage for risk contingency, negotiated support services, and approved change orders.

(11) "Negotiated support services" means items a general contractor would normally manage or perform on a construction project including, but not limited to surveying, hoisting, safety enforcement, provision of toilet facilities, temporary heat, cleanup, and trash removal, and that are negotiated as part of the maximum allowable construction cost.

(12) "Percent fee" means the percentage amount to be earned by the general contractor/construction manager as overhead and profit.

(13) "Public body" means any general or special purpose government in the state of Washington, including but not limited to state agencies, institutions of higher education, counties, cities, towns, ports, school districts, and special purpose districts provided that for the 2009-2011 fiscal biennium, the definition of public body for this chapter does not include public bodies funded in section 1012, chapter 36, Laws of 2010 1st sp. sess. if alternative requirements or procedures of federal law or regulations are authorized.

(14) "Public works project" means any work for a public body within the definition of "public work" in RCW 39.04.010.
(15) "Small business entity" means a small business as defined in RCW 39.26.010.

(16) "Total contract cost" means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, and the percent fee on the negotiated maximum allowable construction cost.

(17) "Total project cost" means the cost of the project less financing and land acquisition costs.

(18) "Unit price book" means a book containing specific prices, based on generally accepted industry standards and information, where available, for various items of work to be performed by the job order contractor. The prices may include: All the costs of materials; labor; equipment; overhead, including bonding costs; and profit for performing the items of work. The unit prices for labor must be at the rates in effect at the time the individual work order is issued.

(19) "Work order" means an order issued for a definite scope of work to be performed pursuant to a job order contract.

Sec. 7037. RCW 39.10.220 and 2007 c 494 s 102 are each amended to read as follows:

(1) The board is created in the department of enterprise services to provide an evaluation of public capital projects construction processes, including the impact of contracting methods on project outcomes, and to advise the legislature on policies related to public works delivery methods.

(2) Members of the board are appointed as follows:

(a) Two representatives from construction general contracting; one representative from the architectural profession; one representative from the engineering profession; two representatives from construction specialty subcontracting; two representatives from construction trades labor organizations; one representative from the office of minority and women's business enterprises; one representative from a higher education institution; one representative from the department of enterprise services; one individual representing Washington cities; two representatives from private industry; and one representative of a domestic insurer authorized to write surety bonds for contractors in Washington state.
each appointed by the governor. All appointed members must be knowledgeable about public works contracting procedures. If a vacancy occurs, the governor shall fill the vacancy for the unexpired term;

(b) ((Three members shall be positions representing different local public owners, selected by the association of Washington cities,)) One member representing counties, selected by the Washington state association of counties((, and the Washington public ports association, respectively));

(c) ((One member shall be a representative from the public hospital districts, selected by the association of Washington public hospital districts.)) One member representing public ports, selected by the Washington public ports association;

(d) One member representing public hospital districts, selected by the association of Washington public hospital districts;

(e) One member ((shall be a representative from)) representing school districts, selected by the Washington state school directors' association(((-)));

(f) Two members of the house of representatives, one from each major caucus, appointed by the speaker of the house of representatives, and two members of the senate, one from each major caucus, appointed by the president of the senate. Legislative members are nonvoting.

(3) Members selected under subsection (2)(a) of this section shall serve for terms of four years, with the terms expiring on June 30th on the fourth year of the term.

(4) The board chair is selected from among the appointed members by the majority vote of the voting members.

(5) Legislative members of the board shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members of the board, project review committee members, and ((subcommittee)) committee chairs shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(f) ((If a vacancy occurs of the appointive members of the board, the governor shall fill the vacancy for the unexpired term.)) Vacancies are filled in the same manner as appointed. Members of the board may be removed for malfeasance or misfeasance in office, upon specific written charges by the governor, under chapter 34.05 RCW.
(7) The board shall meet as often as necessary.

(8) Board members are expected to consistently attend board meetings. The chair of the board may ask the governor to remove any member who misses more than two meetings in any calendar year without cause.

(9) The department of enterprise services shall provide staff support as may be required for the proper discharge of the function of the board.

(10) The board may establish committees as it desires and may invite nonmembers of the board to serve as committee members.

(11) The board shall encourage participation from persons and entities not represented on the board.

Sec. 7038. RCW 39.10.230 and 2010 1st sp.s. c 21 s 3 are each amended to read as follows:

The board has the following powers and duties:

(1) Develop and recommend to the legislature policies to further enhance the quality, efficiency, and accountability of capital construction projects through the use of traditional and alternative delivery methods in Washington, and make recommendations regarding expansion, continuation, elimination, or modification of the alternative public works contracting methods;

(2) Evaluate the use of existing contracting procedures and the potential future use of other alternative contracting procedures including competitive negotiation contracts;

(3) Submit recommendations to the appropriate committees of the legislature evaluating alternative contracting procedures that are not authorized under this chapter;

(4) Appoint members of committees; and

(5) Develop and administer questionnaires designed to provide quantitative and qualitative data on alternative public works contracting procedures on which evaluations are based.

Sec. 7039. RCW 39.10.240 and 2007 c 494 s 104 are each amended to read as follows:

(1) The board shall establish a project review committee to review and approve public works projects using the design-build and general

Code Rev/AL:mos 236 H-2384.2/13 2nd draft
contractor/construction manager contracting procedures authorized in
RCW 39.10.300 and 39.10.340 and to certify public bodies as provided in
RCW 39.10.270.

(2) The board shall, by a majority vote of the board, appoint
persons to the committee who are knowledgeable in the use of the
design-build and general contractor/construction manager contracting
procedures. Appointments must represent a balance among the industries
and public owners on the board listed in RCW 39.10.220.

(a) (When making initial appointments to the committee, the board
shall consider for appointment former members of the school district
project review board and the public hospital district project review
board.

(b) Each member of the committee shall be appointed for a term of
three years. However, for initial appointments, the board shall
stagger the appointment of committee members so that the first members
are appointed to serve terms of one, two, or three years from the date
of appointment. Appointees may be reappointed to serve more than one
term.

(b)) The committee shall, by a majority vote, elect a chair
and vice chair for the committee.

(c) The committee chair may select a person or persons on
a temporary basis as a nonvoting member if project specific expertise
is needed to assist in a review.

(3) The chair of the committee, in consultation with the vice
chair, may appoint one or more panels of at least six committee members
to carry out the duties of the committee. Each panel shall have
balanced representation of the private and public sector
representatives serving on the committee.

(4) Any member of the committee directly or indirectly affiliated
with a submittal before the committee must recuse himself or herself
from the committee consideration of that submittal.

(5) Any person who sits on the committee or panel is not precluded
from subsequently bidding on or participating in projects that have
been reviewed by the committee.

(6) The committee shall meet as often as necessary to ensure that
certification and approvals are completed in a timely manner.
Sec. 7040. RCW 39.10.250 and 2009 c 75 s 2 are each amended to read as follows:

The committee shall:

(1) Certify, or ((recertify)) renew certification for, public bodies ((for a period of three years)) to use ((the)) design-build or general contractor/construction manager contracting procedures, or both((, contracting procedures for projects with a total project cost of ten million dollars or more));

(2) Review and approve the use of the design-build or general contractor/construction manager contracting procedures on a project by project basis for public bodies that are not certified under RCW 39.10.270;

(3) ((Review and approve the use of the general contractor/construction manager contracting procedure by certified public bodies for projects with a total project cost under ten million dollars;))

(4)) Review and approve not more than ((ten)) fifteen projects using the design-build contracting procedure by ((certified and)) noncertified public bodies for projects that have a total project cost between two million and ten million dollars. Projects must meet the criteria in RCW 39.10.300(1). Where possible, the committee shall approve projects among multiple public bodies. ((In June 2010)) At least annually, the committee shall report to the board regarding the committee's review procedure of these projects and its recommendations for further use; and

((5)) (4) Review and approve not more than two design-build demonstration projects that include procurement of operations and maintenance services for a period longer than three years.

Sec. 7041. RCW 39.10.260 and 2007 c 494 s 106 are each amended to read as follows:

(1) The committee shall hold regular public meetings to carry out its duties as described in RCW 39.10.250. Committee meetings are subject to chapter 42.30 RCW.

(2) The committee shall publish notice of its public meetings at least twenty days before the meeting in a legal newspaper circulated in the area where the public body seeking certification is located, or
where each of the proposed projects under consideration will be constructed. All meeting notices must be posted on the committee's web site.

(3) The meeting notice must identify the public body that is seeking certification or project approval, and where applicable, a description of projects to be considered at the meeting. The notice must indicate when, where, and how the public may present comments regarding the committee's certification of a public body or approval of a project. Information submitted by a public body to be reviewed at the meeting shall be available on the committee's web site at the time the notice is published.

(4) The committee must allow for public comment on the appropriateness of certification of a public body or on the appropriateness of the use of the proposed contracting procedure and the qualifications of a public body to use the contracting procedure. The committee shall receive and record both written and oral comments at the public (hearing) meeting.

Sec. 7042. RCW 39.10.270 and 2009 c 75 s 3 are each amended to read as follows:

(1) A public body may apply for certification to use the design-build or general contractor/construction manager contracting procedure, or both. Once certified, a public body may use the contracting procedure for which it is certified on individual projects (with a total project cost over ten million dollars) without seeking committee approval. The certification period is for a period of three years. Public bodies certified to use the design-build procedure are limited to no more than five projects with a total project cost between two and ten million dollars during the certification period. A public body seeking certification must submit to the committee an application in a format and manner as prescribed by the committee. The application must include a description of the public body's qualifications, its capital plan during the certification period, and its intended use of alternative contracting procedures.

(2) A public body seeking certification for the design-build procedure must demonstrate successful management of at least one design-build project within the previous five years. A public body seeking certification for the general contractor/construction manager
procedure must demonstrate successful management of at least one
general contractor/construction manager project within the previous
five years.

(3) To certify a public body, the committee shall determine that
the public body:

(a) Has the necessary experience and qualifications to determine
which projects are appropriate for using alternative contracting
procedures;

(b) Has the necessary experience and qualifications to carry out
the alternative contracting procedure including, but not limited to:
(i) Project delivery knowledge and experience; (ii) personnel with
appropriate construction experience; (iii) a management plan and
rationale for its alternative public works projects; (iv) demonstrated
success in managing public works projects; (v) the ability to properly
manage its capital facilities plan including, but not limited to,
appropriate project planning and budgeting experience; and (vi) the
ability to meet requirements of this chapter; and

(c) Has resolved any audit findings on previous public works
projects in a manner satisfactory to the committee.

(4) The committee shall, if practicable, make its determination at
the public meeting during which an application for certification is
reviewed. Public comments must be considered before a determination is
made. Within ten business days of the public meeting, the committee
shall provide a written determination to the public body, and make its
determination available to the public on the committee's web site.

(5) The committee may revoke any public body's certification upon
a finding, after a public hearing, that its use of design-build or
general contractor/construction manager contracting procedures no
longer serves the public interest.

(6) The committee may renew the certification of a public body for
((one)) additional three-year periods. The public body must submit an
application for recertification at least three months before the
initial certification expires. The application shall include updated
information on the public body's ((capital plan for the next three
years, its intended use of the procedures)) experience and current
staffing with the procedure it is applying to renew, and any other
information requested in advance by the committee. The committee must
review the application for recertification at a meeting held before
expiration of the applicant's initial certification period. A public
body must reapply for certification under the process described in
subsection (1) of this section once the period of recertification
expires.

(7) Certified public bodies must submit project data information as
required in RCW 39.10.320 and 39.10.350.

Sec. 7043. RCW 39.10.280 and 2007 c 494 s 108 are each amended to
read as follows:

(1) A public body not certified under RCW 39.10.270 must apply for
approval from the committee to use the design-build or general
contractor/construction manager contracting procedure on a project. A
public body seeking approval must submit to the committee an
application in a format and manner as prescribed by the committee. The
application must include a description of the public body's
qualifications, a description of the project, and its intended use of
alternative contracting procedures.

(2) To approve a proposed project, the committee shall determine
that:

(a) The alternative contracting procedure will provide a
substantial fiscal benefit or the use of the traditional method of
awarding contracts in lump sum to the low responsive bidder is not
practical for meeting desired quality standards or delivery schedules;

(b) The proposed project meets the requirements for using the
alternative contracting procedure as described in RCW 39.10.300 or
39.10.340;

(c) The public body has the necessary experience or qualified team
to carry out the alternative contracting procedure including, but not
limited to: (i) Project delivery knowledge and experience; (ii)
sufficient personnel with construction experience to administer the
contract; (iii) a written management plan that shows clear and logical
lines of authority; (iv) the necessary and appropriate funding and time
to properly manage the job and complete the project; (v) continuity of
project management team, including personnel with experience managing
projects of similar scope and size to the project being proposed; and
(vi) necessary and appropriate construction budget;

(d) For design-build projects, (public body)
personnel (independent of the design-build team) or consultants are knowledgeable in the design-build process and are able to oversee and administer the contract; and

(e) The public body has resolved any audit findings related to previous public works projects in a manner satisfactory to the committee.

(3) The committee shall, if practicable, make its determination at the public meeting during which a submittal is reviewed. Public comments must be considered before a determination is made.

(4) Within ten business days after the public meeting, the committee shall provide a written determination to the public body, and make its determination available to the public on the committee's website. If the committee fails to make a written determination within ten business days of the public meeting, the request of the public body to use the alternative contracting procedure on the requested project shall be deemed approved.

(5) The requirements of subsection (1) of this section also apply to certified public bodies seeking to use the general contractor/construction manager contracting procedure on projects with a total project cost of less than ten million dollars.

(6)) Failure of the committee to meet within sixty calendar days of a public body's application to use an alternative contracting procedure on a project shall be deemed an approval of the application.

Sec. 7044. RCW 39.10.300 and 2009 c 75 s 4 are each amended to read as follows:

(1) Subject to the requirements in RCW 39.10.250, 39.10.270, or 39.10.280, public bodies may utilize the design-build procedure for public works projects in which the total project cost is over ten million dollars and where:

(a) The design and construction activities, technologies, or schedule to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology); construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(b) The project design is repetitive in nature and is an
incidental part of the installation or construction) projects selected
provide opportunity for greater innovation or efficiencies between the
designer and the builder; or

(c) (Regular interaction with and feedback from facilities users
and operators during design is not critical to an effective facility
design.) Significant savings in project delivery time would be
realized.

(2) Subject to the process in RCW 39.10.270 or 39.10.280, public
bodies may use the design-build procedure for parking garages,
regardless of cost.

(3) The design-build procedure may be used for the construction or
errection of portable facilities as defined in WAC 392-343-018,
preengineered metal buildings, or not more than ten prefabricated
modular buildings per installation site, regardless of cost and is not
subject to approval by the committee.

(4) Except for utility projects and approved demonstration
projects, the design-build procedure may not be used to procure
operations and maintenance services for a period longer than three
years. State agency projects that propose to use the design-build-
operate-maintain procedure shall submit cost estimates for the
construction portion of the project consistent with the office of
financial management's capital budget requirements. Operations and
maintenance costs must be shown separately and must not be included as
part of the capital budget request.

(5) Subject to the process in RCW 39.10.280, public bodies may use
the design-build procedure for public works projects in which the total
project cost is between two million and ten million dollars and that
meet one of the criteria in subsection (1)(a), (b), or (c) of this
section.

(6) Subject to the process in RCW 39.10.280, a public body may seek
committee approval for a design-build demonstration project that
includes procurement of operations and maintenance services for a
period longer than three years.

Sec. 7045. RCW 39.10.320 and 2007 c 494 s 203 are each amended to
read as follows:

(1) A public body utilizing the design-build contracting procedure
shall provide ((for)):
(a) Reasonable budget contingencies totaling not less than five percent of the anticipated contract value;

(b) Staff or consultants with expertise and prior experience in the management of comparable projects;

(c) Contract documents that include alternative dispute resolution procedures to be attempted prior to the initiation of litigation;

(d) Submission of project information, as required by the board;

(e) Contract documents that require the contractor, subcontractors, and designers to submit project information required by the board; and

(f) Contract documents that include the life-cycle cost model to be used in the submittal if required by the public body.

(2) A public body utilizing the design-build contracting procedure may provide incentive payments to contractors for early completion, cost savings, or other goals if such payments are identified in the request for proposals.

Sec. 7046. RCW 39.10.330 and 2009 c 75 s 5 are each amended to read as follows:

(1) Contracts for design-build services shall be awarded through a competitive process using public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the public work will be done, a notice of its request for qualifications from proposers for design-build services, and the availability and location of the request for proposal documents. The request for qualifications documents shall include:

(a) A general description of the project that provides sufficient information for proposers to submit qualifications;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and finalists' proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;
(i) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers' team, including the architect-engineer and construction members; and other appropriate factors. Evaluation factors may also include: (A) The proposer's past performance in utilization of small business entities; (B) disadvantaged business enterprises; and (C) the proposer's past performance using life-cycle or energy performance design-build goals. Cost or price-related factors are not permitted in the request for qualifications phase;

(ii) Evaluation factors for finalists' proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; (proposal price;) ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; (location;) and cost or price-related factors that may include operating costs. The public body may also consider: (A) A proposer's outreach plan to include small business entities and disadvantaged business enterprises as subcontractor and suppliers for the project; and (B) life-cycle costs including utility and other operating costs. Alternatively, if the public body determines that all finalists will be capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;

(e) Protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(f) The form of the contract to be awarded;

((f)) (g) The (amount) honorarium to be paid to finalists submitting responsive proposals and who are not awarded a design-build contract;

((g)) (h) The schedule for the procurement process and the project; and

((h)) (i) Other information relevant to the project.
The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based solely on the factors, weighting, and process identified in the request for qualifications and any addenda issued by the public body. Based on the evaluation committee's findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

The public body must notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer not selected as a finalist, the public body must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the finalists must file the protest in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision is transmitted to the protestor.

Upon selection of the finalists, the public body shall issue a request for proposals to the finalists, which shall provide the following information:

- A detailed description of the project including programmatic, performance, and technical requirements and specifications; functional and operational elements; minimum and maximum net and gross areas of any building; and, at the discretion of the public body, preliminary engineering and architectural drawings; and
- The target budget for the design-build portion of the project.

The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection. The public body must identify in the request for qualifications which procedure will be used.

The finalists' proposals shall be evaluated and scored based solely on the factors, weighting, and process identified in the initial request for qualifications and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with
the firm submitting the highest scored proposal. If the public body is
unable to execute a contract with the firm submitting the highest
scored proposal, negotiations with that firm may be suspended or
terminated and the public body may proceed to negotiate with the next
highest scored firm. Public bodies shall continue in accordance with
this procedure until a contract agreement is reached or the selection
process is terminated.

(b) If the public body determines that all finalists are capable of
producing a design that adequately meets project requirements, the
public body may award the contract to the firm that submits the
responsive proposal with the lowest price.

(6) The public body shall notify all finalists of the
selection decision and make a selection summary of the final proposals
available to all proposers within two business days of such
notification. If the public body receives a timely written protest
from a finalist firm, the public body may not execute a contract until
two business days after the final protest decision is transmitted to
the protagonist. The protagonist must submit its protest in accordance
with the published protest procedures.

(7) The firm awarded the contract shall provide a performance and
payment bond for the contracted amount.

(8) The public body shall provide appropriate honorarium payments
to finalists submitting responsive proposals that are not awarded a
design-build contract. Honorarium payments shall be sufficient to
generate meaningful competition among potential proposers on design-
buid projects. In determining the amount of the honorarium, the
public body shall consider the level of effort required to meet the
selection criteria.

Sec. 7047. RCW 39.10.340 and 2007 c 494 s 301 are each amended to
read as follows:

Subject to the process in RCW 39.10.270 or 39.10.280, public bodies
may utilize the general contractor/construction manager procedure for
public works projects where at least one of the following is met:

(1) Implementation of the project involves complex scheduling,
phasing, or coordination;

(2) The project involves construction at an occupied facility which
must continue to operate during construction;
The involvement of the general contractor/construction manager during the design stage is critical to the success of the project; (4) The project encompasses a complex or technical work environment; or (5) The project requires specialized work on a building that has historic significance.

Sec. 7048. RCW 39.10.360 and 2009 c 75 s 6 are each amended to read as follows:

(1) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(2) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:
   (a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;
   (b) The reasons for using the general contractor/construction manager procedure;
   (c) A description of the qualifications to be required of the firm, including submission of the firm’s accident prevention program;
   (d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors (and) the relative weight of factors, and protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;
   (e) The form of the contract, including any contract for preconstruction services, to be awarded;
   (f) The estimated maximum allowable construction cost; and
   (g) The bid instructions to be used by the general contractor/ construction manager finalists.

(3)(a) Evaluation factors for selection of the general contractor/construction manager shall include, but not be limited to:
   ((a)) (i) Ability of the firm's professional personnel;
(ii) The firm's past performance in negotiated and complex projects;

(iii) The firm's ability to meet time and budget requirements;

(iv) The scope of work the firm proposes to self-perform and its ability to perform that work;

(v) The firm's proximity to the project location;

(vi) Recent, current, and projected workloads of the firm; and

(vii) The firm's approach to executing the project.

(b) An agency may also consider the firm's outreach plan to include small business entities and disadvantaged business enterprises, and the firm's past performance in the utilization of such firms as an evaluation factor.

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, at the time specified by the public body, these finalists shall submit final proposals, including sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. The public body shall establish a time and place for the opening of sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. At the time and place named, these bids must be publicly opened and read and the public body shall make all previous scoring available to the public. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals. A public body shall not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(5) The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a proposer, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The
protestor must submit its protest in accordance with the published protest procedures.

(6) Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

Sec. 7049. RCW 39.10.380 and 2007 c 494 s 305 are each amended to read as follows:

(1) All subcontract work and equipment and material purchases shall be competitively bid with public bid openings. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over three hundred thousand dollars shall post a bid bond. All subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.
(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days' written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price based upon agreed changes to the contract plans and specifications under the following conditions:
   (a) All responsive bids or proposal prices exceed the available funds ((as certified by an appropriate fiscal officer));
   (b) The apparent low responsive bid or proposal does not exceed the available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and
   (c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation if all bids are rejected.

Sec. 7050. RCW 39.10.385 and 2010 c 163 s 1 are each amended to read as follows:

As an alternative to the subcontractor selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select ((a)) mechanical subcontractors, ((an)) electrical subcontractors, or both, using the process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will
exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

(1) In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; (and) how interested parties may, prior to the hearing, obtain the evaluation criteria and applicable weight given to each criteria that will be used for evaluation; and protest procedures including time limits for filing a protest, which may in no event, limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(b) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for using this selection process, the evaluation criteria, (and) weights for each criteria, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. Any modifications to the criteria (and) weights, and protest procedures based on comments received during the public hearing process must be included in the final determination.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of
proposals must be provided to the office of minority and women's business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;
(b) The reasons for using the alternative selection process;
(c) A description of the minimum qualifications required of the firm;
(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;
(e) Protest procedures;
(f) The form of the contract, including any contract for preconstruction services, to be awarded;
((f+)) (g) The estimated maximum allowable subcontract cost; and
((g+)) (h) The bid instructions to be used by the finalists.
(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:
(a) Ability of the firm's professional personnel;
(b) The firm's past performance on similar projects;
(c) The firm's ability to meet time and budget requirements;
(d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;
(e) The firm's plan for outreach to minority and women-owned businesses;
(f) The firm's proximity to the project location;
(g) The firm's capacity to successfully complete the project;
(h) The firm's approach to executing the project;
(i) The firm's approach to safety on the project;
(j) The firm's safety history; and
(k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the committee. Final proposals, including sealed bids for the percent fee on the estimated maximum
allowable subcontract cost, and the fixed amount for the subcontract
general conditions work specified in the request for proposal, will be
requested from the most qualified firms.

(5) The general contractor/construction manager must notify all
proposers of the most qualified firms that will move to the next phase
of the selection process. The process may not proceed to the next
phase until two business days after all proposers are notified of the
committee's selection decision. At the request of a proposer, the
general contractor/construction manager must provide the requesting
proposer with a scoring summary of the evaluation factors for its
proposal. Proposers filing a protest on the selection of the most
qualified finalists must file the protest with the public body in
accordance with the published protest procedures. The selection
process may not advance to the next phase of selection until two
business days after the final protest decision issued by the public
body is transmitted to the protestor.

(6) The general contractor/construction manager and the public body
shall select the firm submitting the highest scored final proposal
using the evaluation factors and the relative weight of factors
identified in the solicitation of proposals. The scoring of the
nonprice factors must be made available at the opening of the fee and
cost proposals. The general contractor/construction manager shall
notify all proposers of the selection decision and make a selection
summary of the final proposals, which shall be available to all
proposers within two business days of such notification. The general
contractor/construction manager may not evaluate or disqualify a
proposal based on the terms of a collective bargaining agreement.

((55)) (7) If the public body receives a timely written protest
from a "most qualified firm," the general contractor/construction
manager may not execute a contract for the protested subcontract work
until two business days after the final protest decision issued by the
public body is transmitted to the protestor. The protestor must submit
its protest in accordance with the published protest procedures.

(8) If the general contractor/construction manager is unable to
negotiate a satisfactory maximum allowable subcontract cost with the
firm selected deemed by public body and the general
contractor/construction manager to be fair, reasonable, and within the
available funds, negotiations with that firm must be formally
terminated and the general contractor/construction manager may 
negotiate with the next highest scored firm until an agreement is 
reached or the process is terminated.

(6) If the general contractor/construction manager receives a 
written protest from a bidder, it may not execute a contract for the 
subject work with anyone other than the protesting bidder, without 
first providing at least two full business days' written notice to all 
bidders of the intent to execute a contract for the subcontract bid 
package. The protesting bidder must submit written notice to the 
general contractor/construction manager of its protest no later than 
two full business days following the bid opening.

(7) With the approval of the public body, the general 
contractor/construction manager may contract with the selected firm to 
provide preconstruction services during the design phase that may 
include life-cycle cost design considerations, value engineering, 
scheduling, cost estimating, constructability, alternative construction 
options for cost savings, and sequencing of work; and to act as the 
mechanical or electrical subcontractor during the construction phase.

(8) The maximum allowable subcontract cost must be used to 
establish a total subcontract cost for purposes of a performance and 
payment bond. Total subcontract cost means the fixed amount for the 
detailed specified general conditions work, the negotiated maximum 
allowable subcontract cost, and the percent fee on the negotiated 
maximum allowable subcontract cost. Maximum allowable subcontract cost 
means the maximum cost to complete the work specified for the 
subcontract, including the estimated cost of work to be performed by 
the subcontractor's own forces, a percentage for risk contingency, 
negotiated support services, and approved change orders. The maximum 
allowable subcontract cost must be negotiated between the general 
contractor/construction manager and the selected firm when the 
construction documents and specifications are at least ninety percent 
complete. Final agreement on the maximum allowable subcontract cost is 
subject to the approval of the public body.

(9) If the work of the mechanical contractor or electrical 
contractor is completed for less than the maximum allowable subcontract 
cost, any savings not otherwise negotiated as part of an incentive 
clause becomes part of the risk contingency included in the general 
contractor/construction manager's maximum allowable construction cost.
If the work of the mechanical contractor or the electrical contractor is completed for more than the maximum allowable subcontract cost, the additional cost is the responsibility of that subcontractor. An independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract.

A mechanical or electrical contractor selected under this section may perform work with its own forces. In the event it elects to subcontract some of its work, it must select a subcontractor utilizing the procedure outlined in RCW 39.10.380.

Sec. 7051. RCW 39.10.390 and 2007 c 494 s 306 are each amended to read as follows:

(1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries assign warranty responsibility or the terms of its contract or purchase order with vendors for equipment or material purchases to subcontract bid package bidders or subcontractors who have been awarded a contract. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed thirty percent of the negotiated maximum allowable construction cost. Negotiated support services performed by the general contractor.
contractor/construction manager shall not be considered subcontract work for purposes of this subsection.

**Sec. 7052.** RCW 39.10.400 and 2007 c 494 s 307 are each amended to read as follows:

(1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least fourteen calendar days before conducting a public hearing;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and how interested parties may, at least five days before the hearing, obtain the specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for each criteria established
in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded (the) one opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section.

Sec. 7053. RCW 39.10.420 and 2012 c 102 s 1 are each amended to read as follows:

(1) The following public bodies of the state of Washington are authorized to award job order contracts and use the job order contracting procedure:

(a) The department of enterprise services;
(b) The state universities, regional universities, and The Evergreen State College;
(c) Sound transit (central Puget Sound regional transit authority);
(d) Every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755;
(e) Every county with a population greater than four hundred fifty thousand;
(f) Every port district with total revenues greater than fifteen million dollars per year;
(g) Every public utility district with revenues from energy sales greater than twenty-three million dollars per year;
(h) Every school district; and
(i) The state ferry system.

(2) (a) The department of enterprise services may issue job order contract work orders for Washington state parks department projects.
(b) The department of enterprise services, the University of Washington, and Washington State University may issue job order contract work orders for the state regional universities and The Evergreen State College.

(3) Public bodies may use a job order contract for public works projects when a determination is made that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for the construction of public works projects for repair and renovation required at public facilities.
through the use of unit price books and work orders by eliminating
time-consuming, costly aspects of the traditional public works process,
which require separate contracting actions for each small project.

Sec. 7054. RCW 39.10.440 and 2007 c 494 s 403 are each amended to
read as follows:

(1) The maximum total dollar amount that may be awarded under a job
order contract is four million dollars per year for a maximum of three
years. The maximum total dollar amount that may be awarded under a job
order contract for counties with a population of more than one million
is six million dollars per year for a maximum of three years.

(2) Job order contracts may be executed for an initial contract
term of not to exceed two years, with the option of extending or
renewing the job order contract for one year. All extensions or
renewals must be priced as provided in the request for proposals. The
extension or renewal must be mutually agreed to by the public body and
the job order contractor.

(3) A public body may have no more than two job order contracts in
effect at any one time, with the exception of the department of
enterprise services, which may have four job order contracts in effect at any one time.

(4) At least ninety percent of work contained in a job order
contract must be subcontracted to entities other than the job order
contractor. The job order contractor must distribute contracts as
equitably as possible among qualified and available subcontractors
including minority and woman-owned subcontractors to the extent
permitted by law.

(5) The job order contractor shall publish notification of intent
to perform public works projects at the beginning of each contract year
in a statewide publication and in a legal newspaper of general
circulation in every county in which the public works projects are
anticipated.

(6) Job order contractors shall pay prevailing wages for all work
that would otherwise be subject to the requirements of chapter 39.12
RCW. Prevailing wages for all work performed pursuant to each work
order must be the rates in effect at the time the individual work order
is issued.
(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, 2013; however the job order contract may be extended or renewed as provided for in this section.

(9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter.

Sec. 7055.  RCW 39.10.450 and 2012 c 102 s 2 are each amended to read as follows:

(1) The maximum dollar amount for a work order is three hundred fifty thousand dollars.

(2) All work orders issued for the same project shall be treated as a single work order for purposes of the dollar limit on work orders.

(3) No more than twenty percent of the dollar value of a work order may consist of items of work not contained in the unit price book.

(4) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(5) A public body may issue no work orders under a job order contract until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(7) The job order contract shall not be used for the procurement of
architectural or engineering services (not associated with specific work orders). Architectural and engineering services shall be procured in accordance with RCW 39.80.040.

Sec. 7056. RCW 39.10.490 and 2007 c 494 s 501 are each amended to read as follows:

The alternative public works contracting procedures authorized under this chapter are limited to public works contracts signed before July 1, ((2013)) 2015. Methods of public works contracting authorized under this chapter shall remain in full force and effect until completion of contracts signed before July 1, ((2013)) 2015.

Sec. 7057. RCW 43.131.407 and 2007 c 494 s 506 are each amended to read as follows:

The alternative (public) public works contracting procedures under chapter 39.10 RCW shall be terminated June 30, ((2013)) 2015, as provided in RCW 43.131.408.

Sec. 7058. RCW 43.131.408 and 2012 c 102 s 4 are each amended to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, ((2014)) 2016:

(1) RCW 39.10.200 and 2010 1st sp.s. c 21 s 2, 2007 c 494 s 1, & 1994 c 132 s 1;
(2) RCW 39.10.210 and 2013 c ... s 7035 (section 7035 of this act), 2010 1st sp.s. c 36 s 6014, 2007 c 494 s 101, & 2005 c 469 s 3;
(3) RCW 39.10.220 and 2013 c ... s 7036 (section 7036 of this act), 2007 c 494 s 102 & 2005 c 377 s 1;
(4) RCW 39.10.230 and 2013 c ... s 7037 (section 7037 of this act), 2010 1st sp.s. c 21 s 3, 2009 c 75 s 1, 2007 c 494 s 103, & 2005 c 377 s 2;
(5) RCW 39.10.240 and 2013 c ... s 7038 (section 7038 of this act) & 2007 c 494 s 104;
(6) RCW 39.10.250 and 2013 c ... s 7039 (section 7039 of this act), 2009 c 75 s 2 & 2007 c 494 s 105;
(7) RCW 39.10.260 and 2013 c ... s 7040 (section 7040 of this act) & 2007 c 494 s 106;
(8) RCW 39.10.270 and 2013 c ... s 7041 (section 7041 of this act),
   2009 c 75 s 3 & 2007 c 494 s 107;
(9) RCW 39.10.280 and 2013 c ... s 7042 (section 7042 of this act)
   & 2007 c 494 s 108;
(10) RCW 39.10.290 and 2013 c ... s 7043 (section 7043 of this act),
    2009 c 75 s 4 & 2007 c 494 s 201;
(11) RCW 39.10.300 and 2013 c ... s 7044 (section 7044 of this act),
    2007 c 494 s 203 & 1994 c 132 s 7;
(12) RCW 39.10.330 and 2013 c ... s 7045 (section 7045 of this act),
    2009 c 75 s 5 & 2007 c 494 s 204;
(13) RCW 39.10.340 and 2013 c ... s 7046 (section 7046 of this act)
   & 2007 c 494 s 301;
(15) RCW 39.10.350 and 2007 c 494 s 302;
(16) RCW 39.10.360 and 2013 c ... s 7047 (section 7047 of this act),
    2009 c 75 s 6 & 2007 c 494 s 303;
(17) RCW 39.10.370 and 2007 c 494 s 304;
(18) RCW 39.10.380 and 2013 c ... s 7048 (section 7048 of this act)
   & 2007 c 494 s 305;
(19) RCW 39.10.385 and 2013 c ... s 7049 (section 7049 of this act)
   & 2010 c 163 s 1;
(20) RCW 39.10.390 and 2013 c ... s 7050 (section 7050 of this act)
   & 2007 c 494 s 306;
(21) RCW 39.10.400 and 2013 c ... s 7051 (section 7051 of this act)
   & 2007 c 494 s 307;
(22) RCW 39.10.410 and 2007 c 494 s 308;
(23) RCW 39.10.420 and 2013 c ... s 7052 (section 7052 of this act),
    2012 c 102 s 1, 2009 c 75 s 7, 2007 c 494 s 401, & 2003 c 301 s 1;
(24) RCW 39.10.430 and 2007 c 494 s 402;
(25) RCW 39.10.440 and 2013 c ... s 7053 (section 7053 of this act)
   & 2007 c 494 s 403;
(26) RCW 39.10.450 and 2013 c ... s 7054 (section 7054 of this act)
   2012 c 102 s 2 & 2007 c 494 s 404;
(27) RCW 39.10.460 and 2012 c 102 s 3 & 2007 c 494 s 405;
(28) RCW 39.10.470 and 2005 c 274 s 275 & 1994 c 132 s 10;
(29) RCW 39.10.480 and 1994 c 132 s 9;
(30) RCW 39.10.490 and 2013 c ... s 7055 (section 7055 of this act), 2007 c 494 s 501 & 2001 c 328 s 5;

(31) ((RCW 39.10.500 and 2007 c 494 s 502);

(32) RCW 39.10.510 and 2007 c 494 s 503;

(33)) RCW 39.10.900 and 1994 c 132 s 13;

((34)) (32) RCW 39.10.901 and 1994 c 132 s 14;

((35)) (33) RCW 39.10.903 and 2007 c 494 s 510;

((36)) (34) RCW 39.10.904 and 2007 c 494 s 512; and

((37)) (35) RCW 39.10.905 and 2007 c 494 s 513.

NEW SECTION. Sec. 7059. The following acts or parts of acts are each repealed:

(1) RCW 39.10.500 (Exemptions) and 2007 c 494 s 502; and

(2) RCW 39.10.510 (Previously advertised projects) and 2007 c 494 s 503.

NEW SECTION. Sec. 7060. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.
