2015-17 Capital Budget Highlights

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET

HOUSE BILL 1115 AS AMENDED (H-2523.1)

DEBT LIMIT, BOND CAPACITY, AND TOTAL APPROPRIATIONS

Debt Limit

Washington State has a constitutional debt limit. The State Treasurer may not issue any bonds that would cause the debt service (principal and interest payments) on any new and existing bonds to exceed this limit. Under a constitutional amendment approved by the voters in 2012, the state debt limit is currently 8.5% of the average of the prior six years' general state revenues, defined as all unrestricted state tax revenues. This limit is reduced to 8.25% beginning on July 1, 2016 and to 8.0% beginning on July 1, 2034.

Bond Capacity

A model administered by the State Treasurer's Office is used to calculate the available bond capacity for the current budgeting period and for future biennial planning purposes. The model calculates the actual debt service on outstanding bonds and estimates future debt service based on certain assumptions including revenue growth, interest rates, rate of repayment, rate of bond issuance and other factors.

For the 2015-17 biennium, projected bond capacity is \$2.186 billion. In addition there is capacity remaining from bonds previously authorized for the Chehalis River Basin Flood and the Columbia River Basin Water Supply programs.

Appropriations for 2015-17 and 2015 Supplemental Budget

House Bill 1115 as amended appropriates \$2.164 billion in bonds for the 2015-17 fiscal biennium. Of that amount, \$2.15 billion requires passage of a new bond authorization bill (Substitute House Bill 1166) and \$14.2 million is appropriated from existing bond authority.

Approximately \$37 million in bond capacity is reserved for a 2016 supplemental capital budget.

House Bill 1115 as amended also reduces the 2013-15 Capital Budget by \$28 million in bonds and \$85 million in other funds.

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

GOVERNMENT OPERATIONS

Public Works Assistance Account Loans to Local Governments (\$69.7 million)

\$69.7 million from the Public Works Assistance Account is provided for loans to 19 cities, counties and special purpose districts for sewer, drinking water, solid waste, street, storm water and bridge projects statewide.

Drinking Water Loans (\$152 million)

A pool of \$152 million is provided for low-interest loans to publicly- and privately-owned water systems statewide for designing, financing, and constructing improvements aimed at increasing public health protection and compliance with drinking water regulations.

Economic Development Infrastructure (\$10 million)

\$10 million is provided for loans and grants to be competitively awarded by the Community Economic Revitalization Board for projects that construct, repair and acquire local public facilities to encourage business development and expansion in areas seeking economic growth. Of that amount, \$2 million in bond funding is contingent on passage of legislation that provides an exception for counties with the state's highest unemployment rates to the program's median hourly wage requirement.

Affordable Housing Loans and Grants (\$80 million)

\$80 million is provided for affordable housing projects under the Housing Trust Fund. Loans and grants will be awarded on a competitive basis to projects statewide and will produce a minimum of 1,900 homes and 500 seasonal beds in the following categories and amounts:

- For people with chronic mental illness, 281 homes
- For homeless families with children, 529 homes
- For people with disabilities, developmental disabilities, veterans and others, 500 homes of which at least 100 must be for veterans
- For homeless youth, 200 homes
- For farmworkers, 190 homes and 500 seasonal beds
- For seniors, 200 homes.

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

Local and Community Projects (\$107.3 million)

Three competitive grant programs managed by the Department of Commerce receive appropriations totaling \$34 million for 47 local capital projects:

- \$20.9 million funds 28 social service and multipurpose community center projects under the Building Communities Fund program.
- \$7.3 million funds eight youth recreational projects under the Youth Recreational Facilities program.
- \$5.8 million funds 11 performing arts, museum and cultural projects under the Building for the Arts program.

An additional \$71.8 million is provided to the Department of Commerce to make grants to local governments and nonprofit organizations statewide for a wide range of 97 community-based projects.

\$1.5 million is provided to the Department of Archaeology and Historic Preservation for the Historic County Courthouse grant program.

Clean Energy, Energy Efficiency, and Weatherization (\$105 million)

The Department of Commerce will grant \$105.4 million for clean energy technology and energy efficiency grants. Among the items funded:

- \$30,000,000 is provided for energy efficiency grants to be awarded in competitive rounds to local agencies, public higher education institutions, and state agencies.
- \$40,400,000 is provided to the Clean Energy and Energy Freedom Program for loans for industrial, commercial, and residential energy retrofits and community solar installations.
- \$10 million is provided to continue the Community Energy Efficiency Program (CEEP) administered by the Washington State University Extension Energy Program.
- \$20 million is provided for weatherization of homes occupied by low-income families through the Energy Matchmakers Program.
- \$5 million is provided for Ultra-Efficient Affordable Housing Demonstration projects.

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

Thurston County Readiness Center (\$42 million)

The Military Department receives funding of \$42 million for construction of a new Thurston County Readiness Center that will be used for the Pierce County and Thurston County National Guard.

Utilities and Transportation Commission Building (\$68.5 million)

A new energy efficient building will be constructed at the Pro Arts site on the Capitol Campus, using Certificate of Participation financing. The tenants will be the Utilities and Transportation Commission and other tenants to be identified by the Office of Financial Management.

Community-Based Mental Health Beds (\$11 million)

- The Department of Commerce will grant \$9 million for up to 80 community-based psychiatric or evaluation and treatment facility beds.
- \$2 million will be granted for new community-based Substance Abuse and Mental Health facilities.

HUMAN SERVICES

Institution-Based Mental Health Facilities (\$65.3 million)

In addition to the \$11 million provided for community-based mental health beds through the Department of Commerce:

- The Department of Social and Health Services receives \$60 million to provide patient safety enhancements and ward renovations at Eastern State Hospital and Western State Hospital, and acute mental health units for juvenile rehabilitation facilities.
- The Department of Corrections receives \$5.3 million for planning a new mental health correctional facility at Maple Lane. The new facility will provide mental health treatment and provide up to 700 new beds medium custody offenders with mental illness.

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET

HOUSE BILL 1115 AS AMENDED (H-2523.1)

NATURAL RESOURCES

Water Quality (\$274 million)

The Department of Ecology receives \$274 million to competitively award loans and grants statewide under an integrated approach to water quality financing:

- \$63 million is for the Storm Water Financial Assistance program through which local governments implement projects that treat polluted storm water in priority areas.
- \$191 million is for the Water Pollution Control Revolving program and \$20 million is for the Centennial Clean Water program that provide low interest loans and grants, respectively, to public entities to plan, design, acquire, construct, and improve water pollution control facilities and nonpoint pollution control activities.

Water Supply (\$39 million)

\$39 million is provided to the Department of Ecology to continue programs whose purpose is to use a wide range of methods to increase water supplies to meet the instream flow needs of fish and wildlife and the out-of-stream needs of agriculture and communities.

- \$9 million is for continued implementation of the Columbia River Basin Water Supply Development program through coordinated conservation projects, instream flow improvement projects, and leases of water to end users.
- \$15 million is for additional work on projects under the Yakima River Basin Integrated Plan, including fish habitat enhancement, an upstream-downstream fish passage facility, a water transfer pipeline, inactive storage, aquifer storage and recovery, agricultural conservation and water bank/exchange programs.
- In addition, \$15 million is for several programs related to water conservation, irrigation efficiencies, and watershed capital plans.

Floods (\$93 million)

\$93 million is provided for flood risk reduction and floodplain habitat restoration projects statewide. Of that amount:

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

- \$43 million is for competitively-awarded grants to local governments, tribes, and non-governmental organizations for a ranked list of 11 projects that will reduce flood risks and promote floodplain ecosystem recovery.
- \$50 million is for flood mitigation projects developed by the Governor's Chehalis Basin Work Group that include long-term strategies to reduce flooding and local priority flood protection and habitat restoration projects.

Toxics Clean-Up and Prevention (\$31 million)

Revenues from the hazardous substance tax deposited in the Local and State Toxics Control Accounts are appropriated to several Department of Ecology programs for toxics clean-up projects and prevention activities:

- \$26 million to fund projects that clean up toxic sites in the Puget Sound and eastern Washington.
- \$3 million to fund projects that reduce diesel emissions and wood stove pollution.
- \$2 million to fund leaking fuel tank model remedies.

In addition, \$13 million of the total funding provided for the Storm Water Financial Assistance Program and the Centennial Clean Water programs is from the Local Toxics Control Account.

State Parks

State Parks receives \$55 million for preservation and minor repair projects throughout the state.

Hatcheries Lawsuit

The Department of Fish and Wildlife receives funding to improve hatchery operations in response to the Wild Fish Conservancy lawsuit. The hatcheries receiving funding are:

- Naselle Hatchery, \$275,000
- Marblemount Hatchery, \$2.29 million
- Lake Whatcom Hatchery, \$1.35 million
- Samish Hatchery, \$700,000
- Minter Hatchery, \$250,000
- Hoodspout Hatchery, \$700,000
- Eells Spring Hatchery, \$500,000

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

In addition, the Deschutes Watershed Center receives \$10 million to continue work on the environmental learning center and salmon hatchery facility at Tumwater Falls.

Recreation, Conservation, Salmon Recovery, and Habitat Protection

The Department of Natural Resources (DNR) and the Recreation and Conservation Office (RCO) received appropriations aimed at recreational lands and facilities, environmental protection, and conservation, including:

- \$75 million to the RCO for Washington Wildlife and Recreation Program competitive grants to support habitat conservation, outdoor recreation, riparian protection, and farmland preservation projects statewide;
- \$50 million to the RCO for Puget Sound acquisition/restoration and estuary/salmon restoration projects;
- \$40 million in state funds and \$60 million in federal expenditure authority to the RCO for statewide and Puget Sound-focused recovery efforts for salmon and other species;
- Approximately \$33 million to the RCO for grants for youth recreation, boating facilities, non-highway off-road vehicle activities, firearm and archery range facilities, and park, trail, and other outdoor recreational projects;
- \$9.5 million to the RCO for 23 competitively-selected projects that acquire, restore or improve state-owned aquatic lands and adjacent lands for public purposes, including access and interpretation;
- \$8.2 million to the RCO for projects that support the Coastal Restoration initiative;
- \$37.7 million for the Trust Land Transfer program within the DNR to transfer common school trust lands with low income-producing potential but high recreational and environmental value to other public agencies for use as natural or wildlife areas, parks, recreation, or open space;
- \$5 million for the DNR for mitigating forest hazards through thinning and other measures to reduce risk of forest fires and insect damage on state-owned public lands.

The State Conservation Commission will receive \$9 million for pass-through grants to conservation districts to help private landowners in shellfish growing and non-shellfish growing areas of the state plan and implement practices that benefit water quality. In

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

addition, \$5 million in state bonds is provided as match to \$23 million in federal resources for the Regional Conservation Partnership Program.

Animal Disease Traceability

\$249,000 is reappropriated to the Department of Agriculture to work with industry partners to enhance development of the in-state animal disease traceability system.

Private Forest and Agricultural Lands

\$3.5 million in funding is provided for the Forest Riparian Easement Program and \$5 million is provided to the Family Forest Fish Passage Program to continue to assist family forest landowners with the financial and regulatory impacts of Forest and Fish legislation enacted in 1999. The funds will be used, respectively, to purchase 50-year conservation easements along riparian areas from family forest landowners and to repair or remove fish passage barriers on forest road crossings over streams.

HIGHER EDUCATION

The 2015-17 Capital Budget includes \$897 million in total appropriations and alternative financing authority for higher education facilities, including \$516 million in state general obligation bonds. Of the total spending authority, \$366 million is provided for the community and technical college system and \$530 million for four-year institutions.

Funding is provided for a variety of major projects, including:

- \$26 million for the replacement of the Burke Museum at the University of Washington;
- \$30.3 million for renovation of historic Troy Hall at the Washington State University (WSU);
- \$54.6 million for new construction of the WSU - Everett University Center;
- \$58.7 million for construction of the Samuelson Communication and Technology Center at Central Washington University;
- \$16.3 million for the renovation of the lecture hall at The Evergreen State College (TESC)
- \$12.5 million for acquiring the facility currently housing the Tacoma Campus programs at TESC. This project is funded with alternative financing;

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

- \$65.2 million for renovating the Carver Academic facility at Western Washington University. \$16.3 million is funded with alternative financing;
- \$48.5 million for new construction of the College Instruction Center at the Olympic College;
- \$36.4 million for the Student Services building at Centralia Community College. \$5 million is funded with alternative financing;
- \$14.5 million for the Social Science Center at the Columbia Basin College;
- \$23.8 million for the Allied Health and Early Childhood Development Center at Peninsula College;
- \$28.2 million for replacing the Cascade Court facility at the South Seattle Community College; and
- \$15.3 million for renovating the Automotive Complex at the Renton Technical College.

Additionally, \$2 million is provided for capital improvements, infrastructure, and equipment at four-year institutions to support the research, development and deployment efforts of earth abundant materials for the Joint Center for Deployment and Research in Earth Abundant Materials. The funding will be administered jointly by the Washington State University and the University of Washington.

K-12 EDUCATION

Public School Construction (\$690 million)

A total of \$627 million is appropriated for K-12 School Construction Assistance grants from the following sources: \$388 million from state general obligation bonds and \$240 million from the Common School Construction Account (CSCA). The CSCA receives revenue from timber sales, leases and other earnings from state trust lands, as well as the timber value of lands funded in the Trust Land Transfer Program, and \$4.7 million in federal grants.

A total of \$22 million is appropriated as grants to provide the local contribution to participate in the School Construction Assistance Program at the state's vocational skills centers and science, technology, engineering and math (STEM) schools including:

HIGHLIGHTS

2015-17 CAPITAL BUDGET AND 2015 SUPPLEMENTAL BUDGET HOUSE BILL 1115 AS AMENDED (H-2523.1)

- \$300,000 for the Clark County Skill Center
- \$500,000 for the NEWTECH Skill Center in Spokane;
- \$990,000 for the Spokane Valley Technical Skill Center in Spokane;
- \$1.7 million for Tri-Tech Skills Center;
- \$3.6 million for the Puget Sound Skills Center;
- \$15.0 million for competitive local assistance grants for STEM labs and classrooms

Funding in the amount of \$10 million is provided for full day kindergarten capacity grants and \$8 million is provided for energy efficiency improvements in K-12 public schools. \$5 million is provided for infrastructure and equipment grants, such as school nutrition equipment, water bottle filling stations, and greenhouses, to support Washington's Healthiest Next Generation Initiative.

Additionally, \$1.5 million is provided to the Washington State University's Extension Energy Office to complete the data collection for the inventory and condition of schools system, and \$5 million is provided through the Office of Financial Management for urgent school facility repair and renovation grants to address unforeseen health and safety needs.

MISCELLANEOUS PROVISIONS

Research on the Transfer of Federal Lands to State Ownership

Using existing studies and available literature, staff from appropriate legislative committees will conduct research into the potential costs, revenues, and policy impacts of transferring federal lands to state ownership. A report will be provided to legislative committees by December 1, 2015.
