Introduction

This document is intended to provide a summary of PSSB 5883, which is the proposed compromise budget for the 2017-19 biennium. For detailed materials produced by Senate Committee Services staff beyond the summary documents included are available at http://leap.leg.wa.gov.

Summary

The 2017-19 proposed compromise budget, PSSB 5883, provides \$43.7 billion Near General Fund-State and Opportunity Pathways (NGF-P) and \$87.3 billion in all funds. Revenue

Forecasted revenue in the NGF-P from the June 2017 forecast is expected to increase by \$2.6 billion from \$39.0 billion in the 2015-17 biennium to \$41.7 billion in the 2017-19 biennium.

The 2017-19 proposed compromise budget assumes additional net revenue increase of \$2.1 billion from three bills: HB 2242 Basic Education Funding (\$1.6 billion increase), HB 2163 Revenue (\$431.8 million increase), and SB 5977 Tax Preferences (\$15.6 million decrease).

Revenue Summaries

HB 2242 Education Funding - \$1.6 billion revenue increase (\$6.6 billion four-year)

• House Bill 2242 provides the some of the funding for the education plan by increasing the state property tax to a flat rate of \$2.70 per \$1,000 of assessed value. The \$2.70 rate will stay in place for four years, after which, the state property tax will revert to the current one percent revenue lid. Seniors who qualify for the senior citizen's exemption program are exempt from the increase in the state property tax.

SHB 2163 - Relating to Revenue - \$456.4 million revenue increase (\$1.3 billion four-year)

• Substitute House Bill 2163 has four revenue raising measures. Internet marketplace facilitators and remote sellers are required to collect and remit sales taxes on their remote sales from out of state or comply with use tax notice and reporting requirements to their buyers and the Department of Revenue. Additionally, sales tax is applied to sales of bottled water and a use tax will apply to fuels manufactured for own use. Lastly, a business and occupation tax economic nexus standard is applied to out-of-state retailers without physical presence in Washington. Streamlined sales tax mitigation payments are phased out.

SSB 5977 - Relating to Revenue - \$15.7 million revenue decrease (\$97 million four-year)

• Substitute Senate Bill 5977 creates, modifies, or extends thirteen tax preferences including lowering the business and occupation tax rate on manufacturers from 0.484 percent to 0.2904 percent and extends the motion picture competitiveness program for 10 years.
