Funding is provided to implement Substitute Senate Bill No. 6491 (outpatient behavioral health), which expands assisted outpatient treatment to substance use disorder treatment and reduces the eligibility requirements for participation.

4. Equipment Replacement Costs

One-time funding is provided to increase the amount available for the state hospitals to replace furniture, medical, kitchen and other equipment.

5. BHO Enhancements

Funding is provided for enhancements in services provided by Behavioral Health Organizations (BHOs). In order to receive this funding, BHOs must provide a plan to address the following issues: a) reduction in their use of long term commitment beds through community alternatives; b) compliance with RCW 71.05.365 requirements for transition of state hospital patients into community settings within 14 days of the determination that they no longer require active psychiatric treatment at an inpatient level of care; c) improvement of staff recruitment and retention in community behavioral health facilities; d) diversion of individuals with behavioral health issues from the criminal justice system, and e) efforts to improve recovery-oriented services, including but not limited to, expansion of clubhouse models.

7. High Risk Identification

Funding is provided for the development and implementation of a predictive modeling tool which identifies clients who are at high risk of future involvement with the criminal justice system and for identification of interventions and strategies that can be effective in reducing future criminal justice involvement for this population. A report must be submitted to the legislature by December 1, 2018.

10. State Hospital Compliance

Funding and FTEs are provided to meet the requirements of the systems improvement agreement with the Centers for Medicare and Medicaid Services (CMS) through implementation of an acuity based staffing tool and staffing model for the state hospitals. 84 FTEs are funded to address medical care issues and health and safety conditions identified in a June 2017 survey. In addition, the department must develop and implement an acuity based staffing tool at the state hospitals beginning in FY 2019. The department must also continue developing a state hospital staffing plan which is informed by Oregon State Hospital's staffing model and addresses all positions and functions of the facilities.

11. Trueblood Lawsuit Fines

14. Youth Long Term Inpatient Access

The Behavioral Health Administration contracts with four organizations to operate 37 community-based Children's Long-Term Program (CLIP) inpatient beds that serve youth in King, Pierce, Spokane, and Yakima counties. Funding is provided to increase the daily bed rate for these services in FY 2019.

15. GBHIF-Contracted Forensic Beds

Funding was provided in the enacted operating budget to increase the number of contracted competency beds in Yakima by 24. As part of a recent agreement filed with the court, DSHS will open beds at Western State Hospital rather than increasing beds in Yakima. Funding for the additional contracted beds is removed.

16. UW Psychiatry Collaboration

Funding is provided for first year implementation costs of a forensic training program at WSH.

17. Behavioral Health State Plan Study

Funding is provided for the cost of actuarial work required to develop estimates for the cost of implementing new behavioral health service types in the medicaid state plan. A report must be submitted to the office of financial management and the appropriate committees of the legislature identifying services that could be added and the estimated costs by November 1, 2018.

Comments:

1. RHC Medicaid Compliance

Funding is provided to add 146 FTE staff at the Residential Habilitation Centers (RHCs) during the 2017-19 biennium to comply with active treatment, health and safety, client rights, and other Centers for Medicare and Medicaid Services (CMS) requirements for Intermediate Care Facilities (ICFs). It is assumed that two cottages will be appropriate for closure by FY 2021, in keeping with the declining census in the RHCs over time. It is further assumed that, beginning November 2020 (FY 2021), 100 ICF residents will transition to being served in a Skilled Nursing Facility if nursing facility level of care is appropriate for the residents' ages, needs, and choices.

2. Personal Needs Allowance Increase

The Personal Needs Allowance (PNA) for Medicaid clients in residential and institutional settings is increased to \$70 per month effective January 1, 2019, pursuant to Substitute House Bill 2651 (personal needs allowance). The PNA for these clients will be adjusted annually in January, rather than in July, by the percentage cost-of-living adjustment for federal social security benefits. The PNA is the amount of a Medicaid client's own income that he or she can keep to spend on personal items.

3. Local Expenditure Authority

Local expenditure authority is increased to allow for full expenditure from private/local contributions and grants expected in the 2017-19 biennium. The increased local appropriation will offset costs that would otherwise be covered by state and federal Medicaid funds.

4. Delay in APD Approval

Each year, the Department of Social and Health Services (DSHS) submits Washington's advanced planning document (APD) to the Centers for Medicare and Medicaid Services (CMS) to request enhanced federal funding for qualifying activities. While the document was submitted to CMS months in advance of the federal fiscal year start in October 2017, it was not approved until November 2017. Funding is provided to backfill federal funds with state funds for the two months of enhanced federal funding not received due to the delay in approving the APD.

5. Supported Living Investigators

The Developmental Disabilities Administration (DDA) is provided with local appropriation authority to finance the cost of oversight for Supported Living and other community residential service providers pursuant to Substitute House Bill 1792 (residential services and supports). The DDA shall charge an annual certification renewal fee of \$908 per client, and will reimburse providers for fees paid on behalf of Medicaid clients with federal matching funds.

6. Electronic Visit Verification

The federal 21st Century Cures Act requires states to implement an Electronic Visit Verification (EVV) system for certain personal care services by January 2019. An EVV system will electronically report and verify information about the delivery of personal care services, such as the date and time, service type, and location. It is assumed that the state will not meet the January 2019 deadline. Funding is provided to begin development on an information technology solution that will bring the state into compliance in the 2019-21 biennium.

7. Individual Provider Management

Administrative support for Individual Providers (IP) is moved from DSHS to a private vendor pursuant to Engrossed Substitute Senate Bill 6199 (consumer directed employer program). The private vendor will perform administrative functions such as overseeing IP payroll taxes, compliance with training requirements and background checks, and IP overtime management.

8. Fircrest Laundry Operating Backfill

Funding is provided to replace items destroyed by a fire at the laundry facility at the Fircrest RHC. Funding is also provided to transport laundry for processing at an offsite facility.

9. SOLA Community Options

Funding is provided for 47 RHC residents who have requested community placements to transition to State Operated Living Alternatives (SOLAs). The SOLA placements will be phased in over a three-year period.

10. Utilization of SL Tiered Rates

The DDA shall implement a new rate structure for Supported Living providers effective January 2019 if approved by CMS. Providers will be paid a daily rate through a tiered system rather than one based on hours of care per day. Funding is provided for DDA to hold harmless the direct service and administrative components of the rate, to the extent feasible within the amount appropriated, through FY 2020.

11. 21st Century Cures Act

The federal 21st Century Cures Act requires states to implement an EVV system for certain personal care services by January 2019 or receive a federal match rate reduction that begins at 0.25 percent. It is assumed that the state will not meet the January 2019 deadline, and one-time state funding is provided to backfill for the penalty and maintain current service levels. The DSHS is tasked with planning for and requesting funds for implementation in the 2019-21 biennium.

12. Consolidated Maintenance/Operations

Funding is provided for additional staff to address the deterioration and degradation of physical assets, along with addressing federal regulatory compliance requirements established by the Centers for Medicare and Medicaid Services (CMS).

Comments:

1. RCS Quality Assurance Unit

Funding is provided to maintain 6.0 FTEs within the Residential Care Services (RCS) Quality Assurance (QA) Unit in FY 2019 and beyond. The QA unit conducts reviews and creates process improvement plans for inspection, investigation, and enforcement actions around institutional and community providers that serve aging and disabled clients. The QA Unit is currently funded with federal grant funds that are anticipated to end on June 30, 2018.

2. Assisted Living Investigations

Appropriation authority and 5.0 additional FTEs are provided to conduct inspections and investigations in response to increased provider practice complaints in Assisted Living Facilities (ALFs). The additional staff are funded by increasing the annual license fee on ALF beds from \$106 to \$116 in FY 2019.

3. Personal Needs Allowance Increase

The Personal Needs Allowance (PNA) for Medicaid clients in residential and institutional settings is increased to \$70 per month effective January 1, 2019, pursuant to Substitute House Bill 2651 (personal needs allowance). The PNA for these clients will be adjusted annually in January, rather than in July, by the percentage cost-of-living adjustment for federal social security benefits. The PNA is the amount of a Medicaid client's own income that he or she can keep to spend on personal items.

4. Assisted Living Rate Adjustment

One-time funding is provided for a targeted rate add-on to contracted ALFs with an average Medicaid occupancy of 60 percent or higher. Funding is estimated to be sufficient to provide a rate add-on of \$2.26 per patient day.

5. Delay in APD Approval

Each year, the Department of Social and Health Services (DSHS) submits Washington's advanced planning document (APD) to the Centers for Medicare and Medicaid Services (CMS) to request enhanced federal funding for qualifying activities. While the document was submitted to CMS months in advance of the federal fiscal year start in October 2017, it was not approved until November 2017. Funding is provided to backfill federal funds with state funds for the two months of enhanced federal funding not received due to the delay in approving the APD.

6. Dementia Action Collaborative

Funding is provided for two half-time employees to support the Dementia Action Collaborative (DAC) in coordination with the Health Care Authority and Department of Health. The DAC is a public-private entity charged with implementing recommendations from the state plan to address Alzheimer's disease and other dementias.

7. Supported Living Investigators

The RCS unit investigates provider practice compliants regarding the abuse and neglect of adults in community settings. General Fund-State support is replaced with an annual \$908 per-client certification renewal fee on Supported Living and other community residential service providers, pursuant to Substitute House Bill 1792 (residential services and supports). The fee revenue is sufficient to increase the number of complaint investigators from 9.0 to 17.6 FTEs in response to growth in workload.

8. Electronic Visit Verification

The federal 21st Century Cures Act requires states to implement an Electronic Visit Verification (EVV) system for in-home personal care services by January 2019. An EVV system will electronically report and verify information about the delivery of personal care services, such as the date and time, service type, and location. It is assumed that the state will not meet the January 2019 deadline. Funding is provided to begin development on an information technology solution that will bring the state into compliance.

9. Individual Provider Management

It is assumed that the state will not meet the January 2019 deadline, and one-time state funding is provided to backfill for the penalty while maintaining current service levels. The Aging and Long-Term Support Administration (AL TSA) and DDA are tasked with planning for and requesting funds in 2019-21 for implementation to agency providers and other providers that are subject to the EVV requirement if determined by CMS. It is assumed that vendor payments to the consumer-directed employer will cover the cost of EVV compliance for IPs.

11. AAA Work Group

One-time funding is provided for AL TSA to contract with the Area Agencies on Aging (AAAs) to convene a stakeholder work group. The work group will develop a proposal on how family caregivers could be included as long-term services and supports providers under a public long-term care benefit program. The work group will submit recommendations to the Joint Legislative and Executive Committee on Aging and Disability by November 15, 2018.

Currently, the asset limit is \$1,000 of liquidable assets and a vehicle exclusion of no more than \$5,000.

2. ABD and HEN Eligibility

Substitute House Bill 2667 (Essential needs/ABD programs) expands eligibility for referrals to the Housing and Essential Needs Referral program (HEN) to include Aged, Blind or Disabled (ABD) program recipients and removes the restriction that disqualifies an individual for HEN if she or he is unemployable primarily due to an alcohol or drug dependency. Funding is provided for staff and incapacity exam costs as a result of the increased HEN referrals.

The PNA is the amount of a client's own income that he or she can keep to spend on personal items.

6. Delay in APD Approval

Each year, DSHS submits Washington's advanced planning document (APD) to the Centers for Medicare and Medicaid Services (CMS) which requests enhanced federal funding for qualifying activities. While the document was submitted to CMS in advance of the federal fiscal year start in October 2017, it was not approved until November 2017. 7. COFA Premium Payment Program

One-time funding is provided for ESA to make systems changes needed to implement Substitute Senate Bill 5683 (pacific islander health care), which creates a premium assistance payment program for Pacific Islanders residing in Washington under a Compact of Free Association (COFA).
