AN ACT Relating to the capital budget; making appropriations and authorizing expenditures for capital improvements; amending RCW 28B.10.027, 28B.20.725, and 28B.30.750; reenacting and amending RCW 43.19.501; amending 2017 3rd sp.s. c 4 ss 1017, 1040, 1048, 2001, and 3120 (uncodified); creating new sections; repealing 2017 3rd sp.s. c 4 ss 3043, 3059, and 3134 (uncodified); making appropriations; providing an expiration date; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning July 1, 2017, and ending June 30, 2019, out of the several funds specified in this act. This authorization extends to reimbursement of any expenses incurred between July 1, 2017, and the effective date of this act that would have been authorized to occur or to be reimbursed under the terms of this act had it been in effect on July 1, 2017.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.
(a) "Fiscal year 2018" or "FY 2018" means the period beginning
July 1, 2017, and ending June 30, 2018.
(b) "Fiscal year 2019" or "FY 2019" means the period beginning
July 1, 2018, and ending June 30, 2019.
(c) "Lapse" or "revert" means the amount shall return to an
unappropriated status.
(d) "Provided solely" means the specified amount may be spent
only for the specified purpose.
(3) Unless otherwise specifically authorized in this act, any
portion of an amount provided solely for a specified purpose that is
not expended subject to the specified conditions and limitations to
fulfill the specified purpose shall lapse.
(4) The amounts shown under the headings "Prior Biennia," "Future
Biennia," and "Total" in this act are for informational purposes only
and do not constitute legislative approval of these amounts. "Prior
biennia" typically refers to the immediate prior biennium for
reappropriations, but may refer to multiple biennia in the case of
specific projects. A "future biennia" amount is an estimate of what
may be appropriated for the project or program in the 2019-2021
biennium and the following three biennia; an amount of zero does not
necessarily constitute legislative intent to not provide funding for
the project or program in the future.
(5) "Reappropriations" in this act are appropriations and, unless
the context clearly provides otherwise, are subject to the relevant
conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances
remaining on June 30, 2017, from previous biennial appropriations for
each project.

PART 1
GENERAL GOVERNMENT

NEW SECTION. Sec. 1001. FOR THE COURT OF APPEALS
Division III Roof Replacement and Maintenance (30000003)

Appropriation:
State Building Construction Account—State. $262,000
Prior Biennia (Expenditures) $0
Future Biennia (Projected Costs) $0
TOTAL $262,000
NEW SECTION.  Sec. 1002.  FOR THE JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE

Capital Budget Staffing Study (92000004)

The appropriation in this section is subject to the following conditions and limitations: $50,000 of the appropriation in this section, or as much thereof as may be needed, is provided solely for a study of staff funded by capital budget appropriations. The study must address, at a minimum, the following:

1. The number of full time equivalent state employees funded by:
   a. Direct capital budget appropriations for capital program administration;
   b. Funds used for administration of grants and loans;
   c. Grants and loans for capital projects; and
   d. Any other capital budget appropriation;

2. The number of full time equivalent state employees funded through bonds; and

3. The number of full time equivalent state employees funded through other sources.

Appropriation:

State Building Construction Account—State. ............ $50,000

Prior Biennia (Expenditures) ......................... $0

Future Biennia (Projected Costs) ...................... $0

TOTAL. .............................................. $50,000

NEW SECTION.  Sec. 1003.  FOR THE SECRETARY OF STATE

Library - Archives Building (30000033)

The appropriation in this section is subject to the following conditions and limitations:

1. The appropriation is provided solely for design. The design of the facility must consider the state printer remaining at the current location, or the design of the facility at a new location.

2. All capital budget expenses, less current and previous appropriations, must be financed with a certificate of participation or other financing method fully supported using fees collected by the secretary of state. The secretary of state may consider the adjustment of fees, including the heritage center account, to support construction, future operating costs, and projected efficiencies of
electronic document storage in determining necessary space, must be
developed for construction funding.

Appropriation:

State Building Construction Account—State. . . . . . . . . . $5,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . $300,000
Future Biennia (Projected Costs). . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $5,300,000

NEW SECTION.  Sec. 1004.  FOR THE SECRETARY OF STATE
Ballot Boxes (91000015)

The appropriation in this section is subject to the following
conditions and limitations: The appropriation is provided solely for
grants for distressed rural counties that have difficulty
implementing chapter 327, Laws of 2017 (Substitute Senate Bill No.
5472). Grants must be administered to counties at no more than $1,000
per location by the secretary of state.

Appropriation:

State Building Construction Account—State. . . . . . . . . . $100,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $100,000

NEW SECTION.  Sec. 1005.  FOR THE DEPARTMENT OF COMMERCE
Community Economic Revitalization Board (30000097)

Appropriation:

Public Facility Construction Loan Revolving
Account—State. . . . . . . . . . . . . . . . . . . . . . . . . . . $8,020,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . $5,000,000
Future Biennia (Projected Costs). . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $13,020,000

NEW SECTION.  Sec. 1006.  FOR THE DEPARTMENT OF COMMERCE
2017-19 Housing Trust Fund Program (30000872)

The appropriations in this section are subject to the following
conditions and limitations:
(1) $58,000,000 of the state taxable building construction
account—state appropriation, $43,400,000 of the state building

p. 4

SB 6090
construction account—state appropriation, and $5,370,000 of the Washington housing trust account—state appropriation are provided solely for affordable housing and preservation of affordable housing. Of the amounts in this subsection:

(a) $24,370,000 is provided solely for housing projects that provide supportive housing and case-management services to persons with chronic mental illness. The department must prioritize low-income supportive housing unit proposals that provide services or include a partner community behavioral health treatment provider;

(b) $10,000,000 is provided solely for housing preservation grants or loans to be awarded competitively. The grants may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require that a capital needs assessment is performed to estimate the cost of the preservation project at contract execution. Funds may not be used to add or expand the capacity of the property. To receive grants, housing projects must meet the following requirements:

(i) The property is more than fifteen years old;

(ii) At least 50 percent of the housing units are occupied by families and individuals at or below 30 percent area median income.

(iii) The improvements will result in reduction of operating or utilities costs, or both; and

(iv) Other criteria that the department considers necessary to achieve the purpose of this program.

(c) $5,000,000 is provided solely for housing projects that benefit people at or below 80 percent of the area median income who have been displaced by a natural disaster declared by the governor, including people who have been displaced within the last two biennia.

(d) $1,000,000 of the Washington housing trust account—state appropriation is provided solely for the department to work with the communities of concern commission to focus on creating capital assets that will help reduce poverty and build stronger and more sustainable communities using the communities' cultural understanding and vision. The funding must be used for predevelopment costs for capital projects identified by the commission and for other activities to assist communities in developing capacity to create community-owned capital assets.
(e) $1,000,000 of the Washington housing trust account—state appropriation is provided solely for a nonprofit, public development authority, local government, or housing authority to purchase the south annex properties located at 1531 Broadway, 1534 Broadway, and 909 Pine street owned by the state board of community and technical colleges. The property must be used to provide services and housing for homeless youth.

(f) $21,987,000 is provided solely for the following list of housing projects:

(i) Cross Laminated Timber Spokane Housing Predesign. . . . . . $500,000
(ii) El Centro de la Raza. . . . . . . . . . . . . . . . . . . . $737,000
(iii) Highland Village Preservation. . . . . . . . . . . . . $1,500,000
(iv) King County Modular Housing Project. . . . . . . $3,000,000
(v) Nisqually Tribal Housing. . . . . . . . . . . . . . . . . $1,250,000
(vi) Othello Homesight Community Center. . . . . . . . . . $3,000,000
(vii) $6,000,000 is provided solely for grants for high quality low-income housing projects that will quickly move people from homelessness into secure housing, and are significantly less expensive to construct than traditional housing. It is the intent of the legislature that these grants serve projects with a total project development cost per housing unit of less than $125,000, excluding the value of land, and with a commitment by the applicant to maintain the housing units for at least a twenty-five year period. Amounts provided that are subject to this subsection must be used to plan, predesign, design, provide technical assistance and financial services, purchase land for, and build innovative low-income housing units. $3,000,000 of the appropriation that is subject to this subsection is provided solely for innovative affordable housing in Shelton and $3,000,000 of the appropriation that is subject to this subsection is provided solely for innovative affordable housing for veterans in Orting. Mental health and substance abuse counseling services must be offered to residents of housing projects supported by appropriations in this subsection.

(viii) $6,000,000 is provided solely for grants to the following organizations using innovative methods to address homelessness: $3,000,000 for THA Arlington drive youth campus in Tacoma and $3,000,000 for a King county housing project.

(g) Of the amounts appropriated remaining after (a) through (f) of this subsection, the department must allocate the funds as follows:
(i) 10 percent is provided solely for housing projects that benefit veterans;
(ii) 10 percent is provided solely for housing projects that benefit homeownership;
(iii) 5 percent is provided solely for housing projects that benefit people with developmental disabilities;
(iv) The remaining amount is provided solely for projects that serve low-income and special needs populations in need of housing, including, but not limited to, homeless families with children, homeless youth, farmworkers, and seniors.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3) The department must strive to allocate all of the amounts appropriated in this section within the 2017-2019 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

Appropriation:

- State Building Construction Account—State. $43,400,000
- State Taxable Building Construction Account—State. $58,000,000
- Washington Housing Trust Account—State. $5,370,000

Subtotal Appropriation. $106,770,000

Prior Biennia (Expenditures). $0
Future Biennia (Projected Costs). $400,000,000
TOTAL. $506,770,000

NEW SECTION. Sec. 1007. FOR THE DEPARTMENT OF COMMERCE
Economic Opportunity Grants (30000873)

Appropriation:

- Rural Washington Loan Account—State. $6,750,000
- Prior Biennia (Expenditures). $0
- Future Biennia (Projected Costs). $0

TOTAL. $6,750,000
NEW SECTION. Sec. 1008. FOR THE DEPARTMENT OF COMMERCE

2017-19 Youth Recreational Facilities Grant Program (30000875)

The appropriation in this section is subject to the following conditions and limitations:

1. The appropriation is subject to the provisions of RCW 43.63A.135.

2. Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by this appropriation. This requirement does not apply to projects where a share of the appropriation is for design costs only.

3. The appropriation is provided solely for the following list of projects:

NEW SECTION.  Sec. 1011. FOR THE DEPARTMENT OF COMMERCE
Weatherization Plus Health Matchmaker Program (30000879)
The appropriations in this section are subject to the following
conditions and limitations:
(1) $1,000,000 is provided solely for lead remediation projects,
and this is the maximum amount the department may expend for this
purpose.
(2) $5,000,000 is provided solely for projects pursuant to
chapter 285, Laws of 2017 (Engrossed Senate Bill No. 5647), and this
is the maximum amount the department may expend for this purpose. The
department may prioritize rehabilitation projects in coordination
with weatherization projects.
(3) $5,000,000 is provided solely for grants for the Washington
State University energy extension community energy efficiency program
(CEEP) to support homeowners, tenants, and small business owners to
make sound energy efficiency investments by providing consumer education and marketing, workforce support via training and lead generation, and direct consumer incentives for upgrades to existing homes and small commercial buildings, and this is the maximum amount the department may expend for this purpose.

Appropriation:

State Building Construction Account—State. . . . . . $16,000,000
State Taxable Building Construction Account—State. . $5,000,000
Subtotal Appropriation. . . . . . . . . . . . . . . . . . $21,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . $0

Sec. 1012. 2017 3rd sp.s. c 4 s 1017 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE
Clean Energy and Energy Freedom Program (30000726)

The reappropriations in this section are subject to the following conditions and limitations:

(1) The reappropriations are subject to the provisions of section 6003 of this act.

(2) $200,000 of the reappropriation is provided solely for credit enhancements of advanced solar and renewable energy manufacturing within Washington state.

(3) $13,600,000 of the reappropriation is provided solely to create a revolving loan fund to support the widespread use of proven energy efficiency and renewable energy, and transportation electrification technologies, including electric vehicle charging infrastructure and equipment for cars, trucks, and buses, upgrades to facilitate such as equipment and infrastructure, and acquisition of zero-emission buses and class 4-8 vehicles, including but not limited to trucks and passenger shuttles, now inhibited by lack of access to capital.

(4) $3,200,000 of the reappropriation is provided solely for the Pacific northwest national laboratory to use demand side management and analyze electricity use by the department of corrections. After the analysis is performed, any remaining funds may be used for reducing energy use of the department of corrections. The department must make energy records available.
Reappropriation:

State Building Construction Account—State. . . . . . $21,061,000
State Taxable Building Construction Account—State. . $10,415,000
Subtotal Reappropriation. . . . . . . . . . . . . . . . . . . . . . . $31,476,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . $8,924,000

TOTAL . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $40,400,000

NEW SECTION. Sec. 1013. FOR THE DEPARTMENT OF COMMERCE

Clean Energy Funds 3 (30000881)

The appropriations in this section are subject to the following conditions and limitations:

1. The appropriations are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state.

2. In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:
   (a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and
   (b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring and ensuring that all applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

3. (a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past twenty-four months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.
   (b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar
statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department must reserve its right to pursue all available remedies under law to address the violation.

(4) The requirements in subsections (2) and (3) of this section must be specified in funding agreements issued by the department.

(5) $11,000,000 of the state building construction account, is provided solely for grid modernization grants for projects that advance clean and renewable energy technologies, and transmission and distribution control systems; that support integration of renewable energy sources, deployment of distributed energy resources, and sustainable microgrids; and that increase utility customer options for energy sources, energy efficiency, energy equipment, and utility services.

(a) Projects must be implemented by public and private electrical utilities that serve retail customers in the state. Eligible utilities may partner with other public and private sector research organizations and businesses in applying for funding.

(b) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, allow smaller utilities or consortia of small utilities to apply for funding.

(c) Applications for grants must disclose all sources of public funds invested in a project.

(6) $7,900,000 of the state building construction account and $3,100,000 of the energy efficiency account are provided solely for grants to demonstrate new approaches to electrification of transportation systems.

(a) Projects must be implemented by local governments, or by public and private electrical utilities that serve retail customers in the state. Eligible parties may partner with other public and private sector research organizations and businesses in applying for funding. The department of commerce must coordinate with other electrification programs, including projects the department of transportation is developing and projects funded by the Volkswagen
consent decree, to determine the most effective distribution of the
systems.

(b) Priorities must be given to eligible technologies that reduce
the top two hundred hours of demand and the demand side.

(c) Eligible technologies for these projects include, but are not
limited to:
   (i) Electric vehicle and transportation system charging and open
       source control infrastructure, including inductive charging systems;
   (ii) Electric vehicle sharing in low-income, multi-unit housing
       communities in urban areas;
   (iii) Grid-related vehicle electrification, connecting vehicle
       fleets to grid operations, including school and transit buses;
   (iv) Electric vehicle fleet management tools with open source
       software;
   (v) Maritime electrification, such as electric ferries, water
       taxis, and shore power infrastructure.

(7)(a) $8,600,000 of the state building construction account is
provided solely for strategic research and development for new and
emerging clean energy technologies, as needed to match federal or
other nonstate funds to research, develop, and demonstrate clean
energy technologies.

(b) The department shall consult and coordinate with the
University of Washington, Washington State University, the Pacific
Northwest national laboratory and other clean energy organizations to
design the grant program unless the organization prefers to compete
for the grants. If the organization prefers to receive grants from
the program they may not participate in the consultant process
determining how the grant process is structured. The program shall
offer matching funds for competitively selected clean energy
projects, including but not limited to: Solar technologies, advanced
bioenergy and biofuels, development of new earth abundant materials
or lightweight materials, advanced energy storage, battery components
recycling, and new renewable energy and energy efficiency
technologies. Criteria for the grant program must include life cycle
cost analysis for projects that are part of the competitive process.

(c) $750,000 of this subsection (7) is provided solely for the
state efficiency and environmental program.

(8) $8,000,000 of the state taxable construction account is
provided solely for scientific instruments to help accelerate
research in advanced materials at the proposed science laboratories
infrastructure facility at the Pacific Northwest national laboratory. These state funds are contingent on securing federal funds for the new facility, and are provided as match to the federal funding. The instruments will support researchers at the bioproducts sciences and engineering laboratory, the joint center for deployment research in earth abundant materials, the center for advanced materials and clean energy technology, and other energy and materials collaborations with the University of Washington and Washington State University.

(9) $1,600,000 of the state building construction account and $2,400,000 of the energy efficiency account are provided solely for grants to be awarded in competitive rounds for the deployment of solar projects located in Washington state.

(a) Priority must be given to distribution side projects that reduce peak electricity demand.

(b) Projects must be capable of generating at least five hundred kilowatts of direct current generating capacity.

(c) Grants shall not exceed $200,000 per megawatt of direct current generating capacity and total grant funds per project shall not exceed $1,000,000 per applicant. Applicants may not use other state grants.

(d) At least 25 percent of the total allocation of a project shall be provided solely for projects that provide direct benefits to low-income residents or communities. The department must attempt to prioritize an equal geographic distribution.

(e) Priority must be given to major components made in Washington.

(10) $2,400,000 of the state building construction account is provided solely for a project which, when fully deployed, will reduce emissions of greenhouse gases by a minimum of seven hundred fifty thousand tons per year, increase energy efficiency, and protect or create manufacturing jobs located in a county with a population of less than three hundred thousand.

(11) $1,100,000 of the state building construction account—state appropriation is provided solely for a grant to the public utility district no. 1 of Klickitat county for the remediation, survey, and evaluation of a closed-loop pump storage hydropower project at the John Day pool.

Appropriation:

State Building Construction Account—State. . . . . . $32,600,000
State Taxable Building Construction Account—State... $8,000,000
Energy Efficiency Account—State................. $5,500,000
Subtotal Appropriation.......................... $46,100,000
Prior Biennia (Expenditures)....................... $0
Future Biennia (Projected Costs)............... $200,000,000
TOTAL........................................... $246,100,000

NEW SECTION. Sec. 1014. FOR THE DEPARTMENT OF COMMERCE
Energy Efficiency and Solar Grants (30000882)

The appropriations in this section are subject to the following conditions and limitations:

(1) (a) $3,675,000 for fiscal year 2018 and $3,675,000 for fiscal year 2019 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(b) At least twenty percent of each competitive grant round must be awarded to small cities or towns with a population of five thousand or fewer residents.

(c) In each competitive round, the higher the leverage ratio of nonstate funding sources to state grant and the higher the energy savings, the higher the project ranking.

(d) For school district applicants, priority consideration must be given to school districts that demonstrate improved health and safety through: (i) Reduced exposure to polychlorinated biphenyl; or (ii) replacing outdated heating systems that use oil or propane as fuel sources as identified by the Washington State University extension energy program. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(2) $1,750,000 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(3) $1,400,000 is provided solely for energy efficiency improvements to minor works and stand-alone projects at state-owned
facilities that repair or replace existing building systems including, but not limited to HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the cost to improve the project's energy efficiency compared to the original project request will be added to the project appropriation after construction bids are received. The department of commerce shall coordinate with the office of financial management to develop a process for project submittal, review, approval criteria, tracking project budget adjustments, and performance measures.

(4) $500,000 is provided solely for resource conservation managers in the department of enterprise services to coordinate with state agencies and school districts to assess and adjust existing building systems and operations to optimize the efficiency in use of energy and other resources in state-owned facilities. The department of commerce will oversee an interagency agreement with the department of enterprise services to fund the resource conservation managers.

(5) The department shall develop metrics that indicate the performance of energy efficiency efforts and provide a report of the metrics, including at a minimum the current energy used by the building, the energy use after efficiencies are completed, and cost of energy saved. The report must include these metrics from other states.

NEW SECTION. Sec. 1015. FOR THE DEPARTMENT OF COMMERCE
2017-19 Building Communities Fund Grant (30000883)

The appropriation in this section is subject to the following conditions and limitations:
(1) The appropriation is subject to the provisions of RCW 43.63A.125.

(2) The department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by this appropriation. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(3) The appropriation is provided solely for the following list of projects:

- Boys & Girls Clubs of Snohomish County (Inchelium Boys & Girls Club Expansion)............................... $27,000
- Cocoon House (Colby Avenue Youth Center).............. $635,000
- Mercy Housing Northwest (Historic Building 9 Center)................................................................. $1,000,000
- Skagit Valley Family YMCA (New Skagit Valley Family YMCA)................................................... $3,500,000
- Edmonds Senior Center (Edmonds Waterfront Center).... $2,250,000
- Opportunity Council (East Whatcom Regional Resource Center Phase 2)........................................ $500,000
- Filipino Community of Seattle (Filipino Community Innovation Learning Center)............................ $600,000
- Amara (Amara Building Renovation/Addition)................ $1,550,000
- YMCA of Yakima (Yakima YMCA/Aquatic Center)........... $3,500,000
- Northwest Indian College (Health and Wellness Center)................................................................. $1,750,000
- Lydia Place (Bell Tower Service Center).................... $96,000
- Tacoma Community House (Tacoma Community House)..... $2,500,000
- Peace Community Center (Peace Community Center Renovation and Expansion)............................... $330,000
- North Kitsap Fishline Food Bank (Transforming Lives in North Kitsap)........................................ $530,000
- Martha & Mary Health Services (Martha & Mary Health and Rehab Campus Renovation)..................... $1,000,000
- Share (Share Day Center).................................................. $180,000
- Country Doctor Community Clinic (Campaign for Country Doctor).................................................... $1,575,000
- CDM Caregiving Services (Aging with Dignity).............. $395,000
- Friends of Youth (Friends of Youth Snoqualmie Office)..... $300,000

p. 19  SB 6090
Helping Hands Food Bank (Helping Hands Food Bank Building) .................. $350,000
Catholic Community Services of King County (New Hope House) .................. $190,000
Bridgeview Housing (Bridgeview Education & Employment Resource Center) ........ $700,000
Aging in PACE Washington (Aging in PACE) ............... $3,000,000
YMCA of Greater Seattle (Kent YMCA Building Communities Grant) ............... $3,000,000
Brigid Collins House - (Brigid Collins Family Support Center) ..................... $42,000
Step By Step Family Support Center ......................... $1,400,000

Appropriation:
State Building Construction Account—State ................ $30,900,000
Prior Biennia (Expenditures) ................................. $0
Future Biennia (Projected Costs) ......................... $72,000,000
TOTAL ............................................ $102,900,000

NEW SECTION. Sec. 1016. FOR THE DEPARTMENT OF COMMERCE
2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.
(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list of projects:

(8) $26,000 of the appropriation in this section is provided
solely for implementation of the Spanaway lake management plan,
contingent on commitment of local funding to support the on-going
operational costs of the project, including but not limited to the
creation of a lake management district.

(9) $250,000 of the appropriation in this section is provided
solely for the planning, development, acquisition, and other
activities pursing open space conservation strategies for the
historic Federal Way Weyerhaeuser campus. The grant recipient must be
a regional nonprofit nature conservancy that works to conserve
keystone properties selected by the city of Federal Way.

(10)(a) $900,000 of the appropriation in this section is provided
solely for an Interbay public development advisory committee. It is
the intent of the legislature to examine current and future needs of
a state entity that performs an essential public function on state-
owned property located in one of the state's designated manufacturing
industrial centers. The legislature further intends to explore the
potential future uses of this state-owned property in the event that
the state entity determines that it must relocate in order to protect
its ability to perform its essential public function.
(b) The Interbay public development advisory committee is created to make recommendations regarding the highest public benefit and future economic development uses for the Washington army national guard armory facility in the city of Seattle, pier 91 property, located at the descriptions referred to in the quit claim deeds for two parcels of land, 24.75 acres total, dated January 8, 1971, and December 22, 2009.

(c) The Interbay advisory committee consists of seven persons appointed as follows:

(i) One person appointed by the speaker of the house of representatives;

(ii) One person appointed by the president of the senate; and

(iii) Five persons appointed by the governor, who must collectively have experience in forming public-private partnerships to develop workforce housing or affordable housing; knowledge of project financing options for public-private partnerships related to housing; architectural design and development experience related to industrial lands and mixed-use zoning to include housing; and experience leading public processes to engage communities and other stakeholders in public discussions regarding economic development decisions.

(d) The Interbay public development advisory committee must:

(i) Work in collaboration with the military department to determine the needs of the military department if it is relocated from the land described in subsection (1) of this section, including identifying:

(A) Current uses;

(B) Future needs of the units currently at this location;

(C) Potential suitable publicly owned sites in Washington for relocation of current units; and

(D) The costs associated with acquisition, construction, and relocation to another site or sites for these units;

(ii) Explore the future economic development opportunities if the land described in subsection (1) of this section is vacated by the military department, and make recommendations, including identifying:

(A) Suitable and unsuitable future uses for the land;

(B) Environmental issues and associated costs;

(C) Current public infrastructure availability, future public infrastructure plans by local or regional entities, and potential public infrastructure needs;
(D) Transportation corridors in the immediate area and any potential right-of-way needs; and

(E) Existing zoning regulations for the land and potential future zoning needs to evaluate workforce housing, affordable housing, and other commercial and industrial development compatible with the Ballard-Interbay manufacturing industrial center designation;

(iii) Explore the potential funding sources and partners as well as any needed transactions, and make recommendations, including:

(A) Any potential private partners or investors;

(B) Necessary real estate transactions;

(C) Federal funding opportunities; and

(D) State and local funding sources, including any tax-related programs;

(iv) Conduct at least three public meetings at a location within the Ballard-Interbay manufacturing industrial center, where a quorum of the Interbay public development advisory committee members are present, at which members of the public are invited to present to the Interbay advisory committee regarding the future uses of the site and potential issues such as industrial land use, commercial development, residential zoning, and public infrastructure needs; and

(v) Provide a report to the legislature and office of the governor with recommendations for each area described in this subsection (10)(d) by June 29, 2019. The Interbay advisory committee's recommendations must include recommendations regarding the structure, composition, and scope of authority of any subsequent state public development authority that may be established to implement the recommendations of the Interbay advisory committee created in this section.

(e) The Interbay advisory committee created in this section terminates June 30, 2019.

(f) Nothing in this section authorizes the solicitation of interest or bids for work related to the purposes of this section.

(g) The department of commerce shall provide staff support to the Interbay advisory committee. The department may contract with outside consultants to provide any needed expertise.

(h) Legislative members of the Interbay advisory committee are reimbursed for travel in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any
reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(11) $2,000,000 of the appropriation in this section is provided solely to the city of Lakewood for the purchase of property within the federally designated north clear zone at joint base Lewis-McChord. Once acquired, the property must be zoned for use compatible with the mission and activity of McChord airfield. The city may lease or resell the acquired property for fair market value, but any such lease or sale must include restrictions or covenants ensuring that the use of the property is safely compatible with the mission and activity of McChord airfield. If the city subsequently resells, rezones, develops, or leases the property for commercial or industrial uses contrary to the allowed uses in the north clear zone, the city must repay to the state the amount spent on the purchase of the property in its entirety within ten years.

(12) $250,000 of the appropriation in this section is provided solely for a grant to the Federal Way chamber of commerce for two economic development projects focused in the south Puget Sound area. The amounts in this section must be used for a business retention and expansion program to conduct economic research in collaboration with stakeholders, develop data-driven economic strategies, and produce a written evaluation; and a tourism enhancement program to develop and inventory the Federal Way area tourism sector, analyze data regarding visitation, and produce a written evaluation.

(13) $400,000 of the appropriation in this section is provided solely for the Northshore athletic field which shall be named "Andy Hill Sports Complex."

(14) $1,177,000 of the appropriation in this section is provided solely for the Harmony sports complex infrastructure and safety improvements in Vancouver and is contingent upon the facility being open to the public.

(15) $250,000 of the appropriation in this section is provided solely for the Asia Pacific cultural center in Tacoma. These state funds are contingent on securing at least $1,000,000 in private funds.

SB 6090
NEW SECTION. Sec. 1017. FOR THE DEPARTMENT OF COMMERCE

Early Learning Facility Grants (40000006)

The appropriations in this section are subject to the following conditions and limitations:

(1) $3,504,000 of the early learning facilities development account—state appropriation is provided solely for the following list of early learning facility projects in the following amounts:

- Pasco Early Learning Center. $1,030,000
- Discover! Children's Museum. $1,030,000
- West Hills Early Learning Center. $464,000
- Franklin Pierce Early Learning Center. $980,000

(2) $11,996,000 of the early learning facilities revolving account—state appropriation in this section is provided solely for early learning facility grants and loans specified in sections 3 through 11, chapter 12, Laws of 2017, 3rd sp. sess. to provide state assistance for designing, constructing, purchasing, or modernizing public or private early learning education facilities for eligible organizations.

(3) If the bill referenced in subsection (2) of this section is not enacted by July 31, 2017, the amount provided in subsection (2) of this section shall lapse.

Appropriation:

- Early Learning Facilities Development Account—State. $3,504,000
- Early Learning Facilities Revolving Account—State. $11,996,000
- Subtotal Appropriation. $15,500,000
- Prior Biennia (Expenditures). $0
- Future Biennia (Projected Costs). $52,000,000
- TOTAL. $67,500,000

NEW SECTION. Sec. 1018. FOR THE DEPARTMENT OF COMMERCE

Dental Clinic Capacity Grants (40000007)

The appropriation in this section is subject to the following conditions and limitations:
(1)(a) Funding provided in this section may be used for the construction and equipment directly associated with dental facilities. The funding provided in this section is for projects that are maintained for at least a ten-year period and provide capacity to address unmet patient need and increase efficiency in dental access.

(b) $12,286,000 of the amount provided in this section is provided solely for the following list of projects and is subject to the criteria in (a) of this subsection:

- Community Health Association of Spokane (Spokane Valley) $581,000
- Community Health Association of Spokane (Clarkston) $391,000
- Community Health of Central Washington (Ellensburg) $1,800,000
- Columbia Valley Community Health (Chelan) $753,000
- East Central Community Center (Spokane) $500,000
- HealthPoint (Federal Way) $900,000
- International Community Health Services (Shoreline) $605,000
- Jefferson Healthcare Dental Clinic (Port Townsend) $1,000,000
- Neighborcare (Seattle) $1,388,000
- North East Washington Health Programs (Springdale) $465,000
- North Olympia Healthcare Network (Port Angeles) $610,000
- Peninsula Community Health Services (Poulsbo) $395,000
- Sea Mar (Seattle) $183,000
- Sea Mar (Oak Harbor) $149,000
- Sea Mar (Tacoma) $149,000
- Sea Mar (Vancouver) $167,000
- Seattle Indian Health Board (Seattle) $250,000
- Valley View Health Center (Chehalis) $1,000,000
- Yakima Valley Farm Workers Clinic (Kennewick) $1,000,000

(c) $2,800,000 is provided solely for the following list of projects to increase the capacity of dental residencies:

- Spokane Dental Residency (Spokane) $2,000,000
- St. Peter Dental Residency (Olympia) $800,000

(d) In order to assess the impact these projects may have on the omnibus operating appropriations act, the department must, in consultation with the medical assistance forecast work group, assess each federally qualified health center project to determine the impact the project may have on state expenditures from the expansion of dental clinic capacity, including the additional impact of change.
of scope of service for the receiving clinics. Each project must be assessed no later than December 1, 2018. The department must report to the office of financial management and the appropriate fiscal committees of the legislature on the results of the assessments by January 1, 2019.

NEW SECTION. Sec. 1020. FOR THE DEPARTMENT OF COMMERCE
Behavioral Health Community Capacity (40000018)

The appropriation in this section is subject to the following conditions and limitations:
(1) The appropriation in this section is provided solely for the department of commerce, in collaboration with the department of social and health services, to issue grants to community hospitals or other community entities to expand and establish new capacity for behavioral health services in communities. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services. The department shall
establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more behavioral health organizations, as defined in RCW 71.24.025;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(d) A commitment by the applicant to maintain the beds or facility for at least a ten-year period;

(e) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(f) A detailed estimate of the costs associated with opening the beds; and

(g) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(2) In awarding funding for projects in subsection (3), the department, in consultation with the department of social and health services and behavioral health organizations, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(3) $36,600,000 is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1) and (2) of this section:

(a) $4,600,000 is provided solely for at least two enhanced service facilities for long-term placement of geriatric or traumatic brain injury patients and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) $2,000,000 is provided solely for at least one facility with secure detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(c) $2,000,000 is provided solely for at least one facility with acute detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;
(d) $11,400,000 is provided solely for crisis diversion or stabilization facilities that are not subject to federal funding restrictions that apply to institutions of mental diseases. At least two of the facilities must be located in King county and one must be located within a five-mile radius of the junction of Interstate 5 and state route 512 and in connection with the crisis diversion/stabilization facility currently being planned by the Pierce county government;

(e) $10,000,000 is provided solely for the department to provide grants to community hospitals or freestanding evaluation and treatment providers to develop capacity for beds to serve individuals on ninety or one hundred eighty day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services and the department of health and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the department of social and health services;

(iv) The provider has demonstrated to the department of health and the department of social and health services that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(v) The department of social and health services has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes; and

(f) $6,600,000 is provided solely for the department to provide grants to community providers to develop psychiatric residential treatment beds to serve individuals being diverted or transitioned from the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the department of health, and the local behavioral health organization jurisdiction for which a proposal has been submitted and must only select facilities that meet the following conditions:
The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the behavioral health organization in the region;

(iv) The provider has demonstrated to the department of health and the department of social and health services that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(v) The behavioral health organization has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes.

(4) $26,000,000 is provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section:

<table>

(5) $3,000,000 is provided solely for a grant to a joint venture between MultiCare-Franciscan to provide community based behavioral health services. Funding provided in this subsection is subject to the criteria in subsection (1) of this section. The department of commerce may not release funding for this project unless MultiCare-Franciscan enters into a memorandum of understanding with the department of social and health services by October 31, 2018, to collaborate on development and implementation of strategies to expand the behavioral health workforce in the region. At a minimum, the agreement must include strategies for increasing recruitment of health professionals required to staff psychiatric inpatient facilities, including psychiatrists, psychologists, nurses and other health professionals.
health care professionals. The agreement must also identify opportunities for coordination between the parties to expand access to clinical skill development and training opportunities in the region and strategies for collaborative service delivery between the parties when possible. To objectively evaluate the efficacy of the strategies implemented to achieve the desired outcomes of the agreement, performance measures and targets must be established to include:

(a) MultiCare-Franciscan and the department of social and health services must work collaboratively to decrease vacancy rates for hard-to-recruit health care professionals employed by each facility. The parties must develop strategies to attract more qualified health care professionals to the area and ensure comparable exposure to the benefits of working for each organization. The parties must measure the success of these strategies by the decrease in vacancy rate for health care professionals necessary to provide safe, quality inpatient psychiatric care in MultiCare-Franciscan and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. The parties must measure the success of this strategy by the number of health care professionals in total and by discipline complete cross-training activities and by the number and hours of cross-training opportunities offered under the agreement.

(6) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

(7) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.
Appropriation:

Prior Biennia (Expenditures)................................. $0
Future Biennia (Projected Costs)............................... $0
TOTAL.............................................. $65,600,000

NEW SECTION.  Sec. 1021. FOR THE DEPARTMENT OF COMMERCE
CERB Administered Broadband Infrastructure (91000943)

The appropriation in this section is subject to the following conditions and limitations: During the 2017-2019 fiscal biennium, the community economic revitalization board may make grants and loans to local governments and federally recognized tribes to build infrastructure to provide high-speed, open-access broadband service, with a minimum of 25 megabits per second download speed, to rural and underserved communities, for the purpose of economic development.

(1) "Local governments" means cities, towns, counties, municipal corporations, public port districts, quasi-municipal corporations, and special purpose districts.

(2) "Broadband" means networks of deployed telecommunications equipment and technologies necessary to provide high-speed Internet access and other advanced telecommunications services.

(3) The board is authorized to make rural broadband loans to local governments and to federally recognized Indian tribes for the purposes of financing the cost to build infrastructure to provide high-speed, open-access broadband service, to rural and underserved communities, for the purpose of economic development. Grants may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the local government or the federally recognized Indian tribe, and subject to a finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than 25 percent of all financial assistance approved by the board in any biennium may consist of grants to local governments and federally recognized Indian tribes.

(4) Application for funding must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:
(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe.

(v) For equipment or facilities which would enable a public entity to provide retail telecommunications services or services that the entity is not authorized by statute to provide.

(vi) For the deployment of publicly-owned telecommunication network infrastructure ("backbone") solely for the sake of creating competitive, publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only:

(i) For projects demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities; and

(C) Is located in a rural community as defined by the board, or a rural county; or

(ii) For a project that does not meet the requirements of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;
(c) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

(f) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;

(v) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.
(i) A responsible official of the local government or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

(5) Before any financial assistance application is approved, the local government or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

Appropriation:

State Building Construction Account—State. . . . . . . $5,000,000

Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . $0

NEW SECTION.  Sec. 1022. FOR THE DEPARTMENT OF COMMERCE

Seismic Inventory: Unreinforced Masonry Buildings (91000959)

The appropriation in this section is subject to the following conditions and limitations: Funding is provided solely for the department to contract for a seismic study regarding suspected unreinforced masonry buildings in Washington state. The study must include a list and map of suspected unreinforced masonry buildings, excluding single-family housing, and be produced by utilizing existing survey and data sources to the greatest extent possible. The study may incorporate random sampling, site visits, and other means to inform the study. The study must be provided to the office of financial management and fiscal committees of the legislature by September 1, 2018.

Appropriation:

State Building Construction Account—State. . . . . . . $200,000

Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . $0

2017-19 Stormwater Pilot Project (91001099)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for
the department of commerce to establish a community-based public-private partnership stormwater pilot program using the United States environmental protection agency guidelines for local governments. The department must establish goals and geographical areas and identify ongoing revenue structures, as well as develop a request for qualifications with the department of ecology using the environmental protection agency guidelines to support future stormwater public-private partnerships. The department must report to the office of financial management and fiscal committees of the legislature by September 1, 2018, regarding the establishment of the pilot project and any barriers in implementing projects using this model.

NEW SECTION. Sec. 1028. FOR THE OFFICE OF FINANCIAL MANAGEMENT
Emergency Repairs (30000041)

The appropriation in this section is subject to the following conditions and limitations: Emergency repair funding is provided solely to address unexpected building or grounds failures that will impact public health and safety and the day-to-day operations of the facility. To be eligible for funds from the emergency repair pool, an emergency declaration signed by the affected agency director must be submitted to the office of financial management and the appropriate legislative fiscal committees. The emergency declaration must include a description of the health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of other funding that may be applied to the project. For emergencies occurring during a legislative session, an agency must notify the legislative fiscal committees before requesting emergency funds from the office of financial management. The office of financial management must notify the legislative evaluation and accountability program committee, the house capital budget committee, and senate ways and means committee as emergency projects are approved for funding.

Appropriation:

State Building Construction Account—State. ........ $5,000,000
Prior Biennia (Expenditures).......................... $0
Future Biennia (Projected Costs).................. $20,000,000
TOTAL..................................................... $25,000,000

Contingency Pool (91000436)

The appropriation in this section is subject to the following
conditions and limitations: The appropriation in this section is
provided solely for state parks projects that are reduced. The state
parks and recreation commission must provide sufficient evidence that
a project cannot move forward without additional funding.

Appropriation:
State Building Construction Account—State........ $5,000,000
Prior Biennia (Expenditures).................. $0
Future Biennia (Projected Costs)............ $0
TOTAL........................................ $5,000,000

NEW SECTION.  Sec. 1031. FOR THE OFFICE OF FINANCIAL MANAGEMENT
Evaluation of Law Enforcement Training by Community Colleges
(92000022)

The appropriation in this section is subject to the following
conditions and limitations: $300,000 of the appropriation in this
section is provided solely for the office of financial management to
contract with an external consultant to develop a plan that provides
required basic law enforcement training through student paid programs
with training provided by community and technical colleges. The
consultant must review the costs, benefits, and risks to the state of
Washington and review models from other states. The consultant must
provide a report with an implementation plan and recommendations to
the governor and the appropriate committees of the legislature by
December 10, 2018.

Appropriation:
State Building Construction Account—State........ $300,000
Prior Biennia (Expenditures).................. $0

TOTAL........................................ $300,000
NEW SECTION. Sec. 1032. FOR THE OFFICE OF FINANCIAL MANAGEMENT

Behavioral Health Statewide Plan (91000434)

The appropriation in this section is subject to the following conditions and limitations: The office of financial management, in collaboration with the department of commerce, the health care authority, the department of social and health services, the department of health, and behavioral health organizations, shall establish a statewide plan to inform future grant allocations by assessing and prioritizing facility needs and gaps in the behavioral health continuum of care. The department must provide the plan to the fiscal committees of the legislature by September 1, 2018. The plan must include:

1. An assessment of the continuum of care, including new community hospital inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced service facilities, triage facilities, crisis stabilization facilities for short-term detention services through the publicly funded mental health system, crisis walk-in clinics, residential treatment facilities, and supportive housing units;
2. A prioritization of facility type by geographic region covering the full continuum of care defined in subsection (1) of this section;
3. A systematic method to distribute resources across geographical regions so that over time all regions are moving forward in strengthening the local continuum of behavioral health facilities; and

Appropriation:

NEW SECTION. Sec. 1033. FOR THE OFFICE OF FINANCIAL MANAGEMENT

State Parks Capital Projects Study (91000437)

The appropriation in this section is subject to the following conditions and limitations:
The office of financial management, in consultation with the state parks and recreation commission, shall develop a study of the commission's capital budget process. The study shall be contracted to an independent third-party consultant with expertise in the state capital budget development process, capital project cost estimating, value engineering, and related professional fields. The study must be provided to the fiscal committees of the legislature by September 1, 2018. The purpose of the study is to evaluate commission practices in comparison with best practices in public sector capital program design and execution.

The study must include an assessment of:

1. The commission's capital budget development process for its 2019-2021 biennial budget and ten-year capital plan, including analysis of:
   a. Project identification and scoping processes;
   b. Project cost estimation methods and tools; and
   c. Project prioritization criteria and methods.
2. State parks capital budget staffing compared to other public and private industry standards, including the percent of project funding that is used for staff FTEs and the number and function of:
   a. Design professionals (including engineers and landscape architects);
   b. Construction and Design project managers; and
   c. Other staff supported by capital funds.
3. Historical capital project funding including, at a minimum:
   b. An analysis of actual project costs in comparison to budgeted costs including the percentage that projects were over and under the construction cost estimate and the total project cost estimate, both individually and in aggregate; and
   c. Percentage of reappropriations.
4. The basis for cabin and comfort station project costs to include:
   a. Project objectives and customer requirements;
   b. Project elements (scale, materials, utilities, location, aesthetics, and other considerations significantly affecting project costs); and
   c. Operational fiscal analysis including projected operating costs and revenue from cabins; and
(d) Detailed cost estimates of previous and future cabin and comfort station projects.

(5) Costs compared to at least two other states with similar state parks and two other Washington state or local governments.

(6) An analysis of development costs associated with state park projects that differ from other public works projects and commercial private sector projects.

(7) Alternative procurement options for cabins, including premanufactured cabins, cabin kits, tiny homes, and modular construction.

Appropriation:

State Building Construction Account—State. .......... $100,000

Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . $0

Future Biennia (Projected Costs). ........................ $0

TOTAL. ........................ ........................ $100,000

NEW SECTION. Sec. 1034. FOR THE OFFICE OF FINANCIAL MANAGEMENT

Higher Education and State Facility Financing Study (92000021)

The appropriation in this section is subject to the following conditions and limitations:

(1) The office of financial management shall submit a higher education capital facility study to the governor and the appropriate legislative fiscal committees by October 1, 2018. In designing and conducting the study, the office of financial management shall consult with legislative and fiscal committee leadership, the department of revenue, the state investment board, the student achievement council, the state board for community and technical colleges, and the public four-year institutions of higher education. The study must include:

(a) A review of the methods that are used to fund higher education facility expansion and improvements in other states and the relative portions of such expenditures that are borne by students, state taxpayers, federal grants, and private contributions;

(b) An examination of alternatives for reducing facility construction and maintenance expenditures per student through strategies such as expansion of distance learning opportunities, increased scheduling of classes during evenings and weekends, the establishment of expected cost benchmarks by facility type, and other means;
An assessment of the strengths and weaknesses of potential new revenue sources that might be applied to the funding of higher education facilities. These alternative sources must include, but not be limited to, adjusting student fees to support a larger share of the cost of such facilities, bonding against student fee revenues, utilizing local tax revenues to support local higher education capital needs, promoting business participation in the financing of programs strongly linked to area economic development, and other means;

(d) Learning space utilization standards for higher education facilities. The standards may include, but are not limited to:

(i) Percentage of hours utilized per scheduling window;
(ii) Percentage of seats utilized;
(iii) Square feet per seat; and
(iv) Type of technology utilized in learning spaces;

(e) Reasonableness of cost standards for higher education capital facilities. The standards may include, but are not limited to:

(i) Costs per square feet per type of facility; and
(ii) Expected life-cycle costs; and

(f) A criteria scoring and weighting tool for use by four-year higher education institutions and other decision makers that measures two components:

(i) A measure of achievement of higher education capital projects criteria; and
(ii) A measure to weigh the importance of those criteria.

(2) The office of financial management shall submit a state capital facility financing study to the governor and the appropriate legislative fiscal committees by December 1, 2018. In designing and conducting the study, the office of financial management shall consult with legislative and fiscal committee leadership. The study must include the establishment of expected cost benchmarks by facility type.

Appropriation:

State Building Construction Account—State.............. $300,000

Capitol Lake Long-Term Management Planning (30000740)

The appropriation in this section is subject to the following conditions and limitations: The department shall develop an environmental impact statement to consider alternatives for Capitol Lake. The alternatives considered must include, at a minimum, a lake option, an estuary option, and a hybrid option. The environmental impact statement will also consider sediment transport and locations within lower Budd Inlet. The department must work with affected stakeholders to develop mitigation plans. The environmental impact statement must also consider an expanded area around Capitol Lake and Budd Inlet including the Port of Olympia for the economic analysis. The environmental impact statement must consider the use of equal funding from nonstate entities including, but not limited to, local governments, special purpose districts, tribes, and not-for-profit organizations.

Engineering and Architectural Services: Staffing (30000889)
The appropriations in this section are subject to the following conditions and limitations:

1. The appropriations in this section are provided solely for architectural and engineering services to manage public works contracting for all state facilities pursuant to RCW 43.19.450.

2. At the end of each fiscal year, the department must report to the office of financial management and the fiscal committees of the legislature on performance, including the following:
   a. The number of projects managed by each manager compared to previous biennia;
   b. Projects that were not completed on schedule and the reasons for the delays; and
   c. The number and cost of the change orders and the reason for each change order.

3. At least twice per year, the department shall convene a group of private sector architects, contractors, and state agency facilities personnel to share, at a minimum, information on high performance methods, ideas, operating and maintenance issues, and cost. The facilities personnel must be from the community and technical colleges, the four-year institutions of higher education, and any other state agencies that have recently completed a new building or are currently in the construction phase.

4. The department shall create a plan for scheduled renovations on the capitol campus, to include phasing and swing space for the predesigns for the department of transportation building, temple of justice, and employment security building.

NEW SECTION.  Sec. 2016. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

Western State Hospital: Master Plan Update (30003571)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for a master plan for western state hospital and the child study and treatment center. The master plan shall assume a reduced client population at western state hospital that is focused on forensic commitments.
(2) By June 30, 2019, the department of social and health services must transfer deed of the property known as the Fort Steilacoom park to the city of Lakewood. The city of Lakewood will receive the land covered by its current lease. Liabilities existing on the land at the time of transfer will transfer with the land. The transfer must be at no cost to the city. The department may reserve easements in the transferred property at no cost to the department. When the deed is transferred to the city, the lease expires. The department may include a restriction on the property requiring the city of Lakewood to maintain and operate the land as a park.

(3) By June 30, 2019, the department of social and health services must transfer deed of the property known as the Pierce College Fort Steilacoom campus to Pierce College. Pierce College will receive the land covered by its current lease. The transfer must be at no cost to the college. When the deed is transferred to the college, the lease expires.

Appropriation:
Charitable, Educational, Penal, and Reformatory Institutions Account—State. $400,000
Prior Biennia (Expenditures). $0
Future Biennia (Projected Costs). $0
TOTAL. $400,000

NEW SECTION. Sec. 2034. FOR THE DEPARTMENT OF HEALTH

Drinking Water Construction Loans (30000409)

The appropriation in this section is subject to the following conditions and limitations:

(1) For projects involving repair, replacement, or improvement of a clean water infrastructure facility or other public works facility for which an investment grade efficiency audit is reasonably obtainable, the department of health must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its drinking water state revolving fund program loan.

(2) The agency must encourage local government use of federally funded drinking water infrastructure programs operated by the United States department of agriculture - rural development.

Appropriation:

Drinking Water Assistance Account—State. . . . . . . $118,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . . . . . $472,000,000
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $590,000,000

NEW SECTION. Sec. 2035. FOR THE DEPARTMENT OF HEALTH

Drinking Water System Repairs and Consolidation (4000006)
The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for grants to well-managed, publicly-owned group A water utilities for the repair and consolidation of group A and B water systems under the following conditions:

1. A grant can be provided when a water system has been voluntarily transferred to a publicly owned water utility within the last three years. The grant may be used for repair and consolidation costs.

2. The grant applicant must provide the department of health with an accounting of rehabilitation costs and the value of the system. The grant must be used primarily to cover project design and construction costs, and only in limited cases to cover the cost of system acquisitions, as determined by the department of health in evaluating grant applications.

3. Grants must primarily be used to cover project construction costs that customers benefiting from the project cannot afford to repay through loans, as determined by the department of health and the publicly owned utility receiving the grant to complete the project.

4. Applicants must provide a plan demonstrating that project completion will occur within three years of the grant contract execution.

5. Each grant must be less than twenty-five percent of the total appropriation.

6. The primary purpose of this appropriation is to fund water system repair and consolidation construction costs. However, the department may use a limited amount of funds under this section for grants for feasibility review of water system repair and consolidation projects that would meet the objectives of this section and RCW 70.119A.190.

Appropriation:

State Building Construction Account—State. $5,000,000

Prior Biennia (Expenditures). $0

Future Biennia (Projected Costs). $0

TOTAL. $5,000,000

NEW SECTION. Sec. 2036. FOR THE DEPARTMENT OF HEALTH

Drinking Water Assistance Program - State Match (40000007)
The appropriation in this section is subject to the following conditions and limitations: $10,000,000 of the appropriation is provided solely as state match for federal drinking water funds. $10,000,000 of the appropriation must be transferred into the drinking water assistance account.

Appropriation:

State Taxable Building Construction Account—State. . . . . $10,000,000

Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . . . . . . . . . . . . . . $40,000,000

Correctional Industries: Laundry Feasibility Study (40000002)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department shall conduct a feasibility study to assess whether correctional industries can efficiently provide laundry services to Lakeland Village, eastern state hospital, and/or the Spokane veteran's home.

The study shall include: (a) The identification of the resources required, including the estimated capital and operating investment costs and ongoing operating costs for the department at the airway heights corrections center to provide laundry services to the facilities referenced in this section; (b) an assessment of contraband management and the resources needed to do so; (c) an assessment of how the department will meet health regulations for...
laundry in a hospital setting; (d) the advantages and disadvantages of the department providing laundry services to the facilities referenced in this section; and (e) identification of logistics and operations to meet the demands.

The department shall provide the feasibility study to the office of financial management and appropriate committees of the legislature by October 15, 2018.

(2) The department of social and health services and the department of veterans affairs shall provide to the department of corrections detailed information on their current laundry operations at Lakeland Village, eastern state hospital and the Spokane veteran's home including but not limited to pounds of laundry per day, staffing, equipment inventory, materials purchased, and estimated utility costs.

Appropriation:

State Building Construction Account—State. $250,000
Prior Biennia (Expenditures). $0
Future Biennia (Projected Costs). $0
TOTAL. $250,000

NEW SECTION. Sec. 2055. FOR THE EMPLOYMENT SECURITY DEPARTMENT

Building Systems Preservation (30000004)

The appropriation in this section is provided solely for a predesign of the employment security department headquarters renovation. The predesign shall incorporate the findings of the recently completed investment grade audit and shall include an evaluation of temporary work space options for employees displaced by the proposed renovation.

Appropriation:

State Building Construction Account—State. $241,000
Prior Biennia (Expenditures). $0
Future Biennia (Projected Costs). $34,000,000
TOTAL. $34,241,000

NEW SECTION. Sec. 3017. FOR THE DEPARTMENT OF ECOLOGY

Watershed Plan Implementation and Flow Achievement (30000714)

The appropriation in this section is subject to the following conditions and limitations:

The appropriation is provided solely for activities that improve rural water supplies and help achieve instream flows by implementing locally developed projects and watershed plans, as follows:

(1) Surface or ground water storage projects. The department shall consult with the departments of agriculture and fish and wildlife before issuing water storage grants.

(2) Infrastructure or water management projects that resolve conflicts among water needs for municipal, agricultural, rural, and fish restoration purposes.

(3) Agricultural water supply projects that improve water conservation and water use efficiency.

(4) Purchase and installation of water measuring devices in water-short basins, salmon critical basins, other basins participating in the department of fish and wildlife fish screening and cooperative compliance program, and basins where watershed plans call for additional water use measurement.

(5) Acquisition of water to achieve instream flows or to establish water banks. The department must give priority to acquisitions in water short basins. The department must place acquired water into the state's trust water rights program pursuant to chapters 90.38 and 90.42 RCW.

Appropriation:
State Building Construction Account—State. . . . . . . $5,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . . . . . 0

NEW SECTION. Sec. 3018. FOR THE DEPARTMENT OF ECOLOGY

Water Irrigation Efficiencies Program (30000740)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for technical assistance and grants to conservation districts for the purpose of implementing water conservation measures and irrigation efficiencies. The department and the state conservation commission shall give preference to projects located in the 16 fish critical basins, other water-short or drought impacted basins, and basins with significant water resource and instream flow issues. Projects that are not within the basins described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants listed in subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or a lease in the trust water rights program to enhance instream flows. The proportion of saved water placed in the trust water rights program must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency. The percentage of the public investment may not exceed eighty-five percent of the total cost of the conservation measure or irrigation efficiency.

(3) Up to $300,000 of the appropriation in this section may be allocated for the purchase and installation of flow meters that are implemented in cooperation with the Washington state department of fish and wildlife fish screening program authorized under RCW 77.57.070.

NEW SECTION. Sec. 3023. FOR THE DEPARTMENT OF ECOLOGY
Catastrophic Flood Relief (40000006)

The appropriations in this section are subject to the following conditions and limitations:

(1) Up to $30,400,000 of the appropriation is for advancing the long-term strategy for the Chehalis basin projects to reduce flood
damage and restore aquatic species including project level environmental review, data collection, engineering design of future construction projects, feasibility analysis, and engagement of state agencies, tribes, and other parties.

(2) Up to $19,600,000 of the state building construction account appropriation and $10,000,000 from the federal account is for construction of local priority flood protection and habitat restoration projects.

(3) The office of Chehalis basin board has discretion to allocate the funding between subsections (1) and (2) of this section if needed to meet the objectives of this appropriation.

(4) Up to one and a half percent of the appropriation provided in this section may be used by the recreation and conservation office to administer contracts associated with the subprojects funded through this section. Contract administration includes, but is not limited to: Drafting and amending contracts, reviewing and approving invoices, tracking expenditures, and performing field inspections to assess project status when conducting similar assessments related to other agency contracts in the same geographic area.

Appropriation:

State Building Construction Account—State. . . . . . . . $50,000,000
General Fund—Federal. . . . . . . . . . . . . . . . . . . . . . . . $10,000,000
Subtotal Appropriation. . . . . . . . . . . . . . . . . . . . $60,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . $200,000,000
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $260,000,000

NEW SECTION. Sec. 3024. FOR THE DEPARTMENT OF ECOLOGY

Water Pollution Control State Match (40000013)

The appropriation in this section is subject to the following conditions and limitations: $10,000,000 of the appropriation is provided solely as state match for federal clean water funds. $10,000,000 of the appropriation must be transferred into the water pollution control revolving account.

Appropriation:

State Taxable Building Construction Account—State. . . . $10,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . . . . . . $40,000,000

p. 85
SB 6090
NEW SECTION.  Sec. 3025. FOR THE DEPARTMENT OF ECOLOGY

VW Settlement Funded Projects (40000018)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.

(2)(a) The department of ecology shall develop the mitigation plan through an open, transparent public process consistent with direction in the consent decrees. The department shall provide ample opportunity using a variety of engagement options, as appropriate, for stakeholders and the public to shape, review, and comment throughout the development of the mitigation plan, including at least two meetings of the legislative advisory group as described in (c) of this subsection.

(b) The department of ecology shall work collaboratively with other agencies to develop and implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:

(i) The department of transportation's electric vehicle infrastructure bank program;

(ii) The state alternative fuel commercial vehicle tax credit;

(iii) The state sales and use tax exemption for clean vehicles;

and

(iv) Public transportation grant programs administered by the department of transportation.
(c)(i) For the purposes of providing legislative input and
gathering public feedback on the development of the mitigation plan,
a legislative advisory group is established. The advisory group is
comprised of eight legislators, including the chairs and ranking
members, or designees of the chairs and ranking members, of the
transportation and capital budget committees in the House and in the
Senate; the director of the department of ecology; and the secretary
of the department of transportation.

(ii) The advisory group must select a chair from among its
membership. Meetings of the advisory group must be open to the public
and allow for public comment.

(iii) The advisory group must meet at least twice, once
immediately prior to the date that the draft mitigation plan is
released publicly, and again after public comment has been
incorporated but before the department submits the plan to the
trustee.

(iv) The office of program research and the senate committee
services must provide staff support to the advisory group. The
department of ecology staff must provide technical support, as
needed. Legislative members of the advisory group are reimbursed for
travel expenses in accordance with RCW 44.04.120. Nonlegislative
members are not entitled to be reimbursed for travel expenses if they
are elected officials or are participating on behalf of an employer,
government entity, or other organization. Any reimbursement for other
nonlegislative members is subject to chapter 43.03 RCW. Advisory
group expenditures are subject to approval by the senate facilities
and operations committee and the house of representatives executive
rules committee, or their successor committees.

(3) The mitigation plan and the stewardship of project
implementation must adhere to the following principles:

(a) Maximize air quality and public health benefits relating to
the reduction of nitrogen oxides emissions;

(b) Give priority to projects that improve air quality relating
to the reduction of nitrogen oxides emissions in areas that bear a
disproportionate share of the burden from nitrogen oxides emissions;

(c) Achieve substantial additional air quality benefits relating
to the reduction of nitrogen oxides emissions beyond that which would
already occur, absent trust funding;

(d) Investments in clean vehicles or investments in clean engine
replacements must be shown to be cost-effective. For the purposes of
leveraging funding, investments in clean vehicles may not exceed the incremental cost of the clean vehicle, relative to the cost of a similar conventionally fueled vehicle. To incentivize the replacement of standard engines, investments may be made up to the full cost of the clean engine replacement;

(e) Consideration must be given to investments across a range of fueling technologies and emissions reduction technologies; and

(f) Priority must be given to projects that have the highest benefit-cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(4) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through eight transit buses, shuttle buses, and school buses;

(ii) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class eight local freight trucks and port drayage trucks;

(iii) No more than twenty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through seven local freight trucks;

(iv) No more than twenty percent of funding provided during the 2017-2019 biennium for airport ground support equipment;

(v) No more than twenty percent of funding provided during the 2017-2019 biennium for ocean-going vessels' shore power;

(vi) No more than fifteen percent of funding provided during the 2017-2019 biennium for light duty, zero emission vehicle supply equipment;

(vii) No more than twenty percent of funding provided during the 2017-2019 biennium for nonfederal matching funds for projects eligible under the diesel emission reduction act option; and

(viii) For each of the other categories of mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (4)(a), no more than ten percent of funding provided during the 2017-2019 biennium.

(b) Projects that receive funding under subsection (4)(a)(ii) and (iii) of this section and ocean-going vessels shore power projects that receive funding under subsection (4)(a)(viii) of this section must include electric technologies, if practicable.
To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2018, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded through these mitigation funds for the previous fiscal year.

(8) For the purposes of this section:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxides emission pollution.

Appropriation:

General Fund—Private/Local. .................. $20,000,000
Prior Biennia (Expenditures). .................. $0

Parkland Acquisition (30000976)

The appropriation in this section is subject to the following conditions and limitations: The commission must grant access to the Iron Horse/John Wayne trail for any person who owns land adjacent to the trail and applies for access or easement for agricultural purposes. The commission may request twenty-four hour notice prior to any agricultural use for transporting goods or machinery along the length of the trail. No prior notice may be required of adjacent landowners to cross the trail. Access may not be unreasonably denied and must be granted within one month of application or within thirty days of the effective date of this section for applications previously submitted from landowners.

NEW SECTION. Sec. 3089. FOR THE STATE CONSERVATION COMMISSION
Dairy Distillation Grants (92000010)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the commission to make competitive grants available for dairy nutrient projects assisting dairy owners to address impacts to soil, water, or air. The purpose of the funding is to test the technologies that can solve the potential environmental problems associated with the disposal of manure that is in excess of what can be effectively used in the growing of crops. The technology must:
   (a) Pose no risk of pollution to soil, water, or air;
   (b) Be cost effective; and
   (c) Produce clean water that can be effectively used on dairy farms and/or solids which can either be marketed or disposed of without risk of the environment.

(2) The grants must fund at least one dairy nutrient management innovation project east of the crest of the Cascade mountains and one west of the crest of the Cascade mountains. The commission shall report about the challenges and opportunities of the granted projects.
to the appropriate committees of the legislature at the conclusion of
the last project or at least by December 1, 2020. The report should
cover the acquisition, maintenance, and operating costs for the
technology; how costs can be mitigated by any marketable byproducts,
such as nitrogen, phosphorous, electricity, etc.; the cost of
processing remaining materials to avoid contamination of soil, water,
or air; and the ability to adapt the equipment for various size of
dairies.

(3) When providing funding for specific technologies, the
commission shall enter into appropriate agreements to support the
state's interest in advancing innovation solutions to environmental
issues while ensuring compliance with Article VIII, section 5 and
Article XII, section 9 of the state Constitution.

TOTAL. $25,000,000

NEW SECTION. Sec. 3122. FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer Program (30000269)

The appropriation in this section is subject to the following conditions and limitations:
(1) The appropriation is provided solely to the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document no. 2017-2H, developed June 30, 2017.
(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2018, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, 2018, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2019, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Appropriation:

State Building Construction Account—State. . . . . . . $10,000,000

Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . $0
NEW SECTION. Sec. 3123. FOR THE DEPARTMENT OF NATURAL RESOURCES
State Forest Land Replacement (30000277)

The appropriation in this section is subject to the following conditions and limitations:

(1) $60,000 of the appropriation is provided solely for the department to assess options to replace timber trust revenues for counties with populations of twenty-five thousand or fewer that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The department must consult with the qualifying counties and other stakeholders in conducting the assessment. The department shall report the findings of its assessment, including recommendations for addressing decreased revenues from state forestlands and improving the forest products economy in the qualifying counties, by December 15, 2018.

(2)(a) The remaining portion of the appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties:

(i) With a population of twenty-five thousand or fewer; and

(ii) With risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(3) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(4) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified.
in subsection (2) of this section. Transfer agreements for properties
identified in subsection (2) of this section must include terms that
restrict the use of the property to the intended purpose.

(5) The department and applicable counties shall work in good
faith to carry out the intent of this section. The department will
identify eligible properties for transfer, consistent with
subsections (2) and (3) of this section, in consultation with the
applicable counties, and will not execute any property transfers that
are not in the statewide interest of either the state forest trust or
the natural resources conservation area program.

NEW SECTION.  Sec. 3129. FOR THE DEPARTMENT OF NATURAL RESOURCES
Forest Hazard Reduction (30000290)

The appropriation in this section is subject to the following conditions and limitations:
(1) $10,300,000 is provided solely to: Reduce hazards to public safety; establish new firewise communities; implement forest health treatments, prioritized pursuant to chapter 76.06 RCW as amended in chapter 95, Laws of 2017 and chapter 248, Laws of 2017, on state lands and state forestlands, high-risk private lands, and federal lands, including implementation of the "good neighbor" agreement signed with the United States forest service and "good neighbor" cross boundary competitive grants to forest collaboratives; and implement at least one controlled burning treatment project.
(2) $1,000,000 is provided solely to administer the forest health treatments pursuant to subsection (1) of this section with the following conditions and limitations:
   (a) The department must contract with the Washington conservation corps, to include veterans, to provide forest health treatments that
may include providing thinning, pruning, and brush disposal, and other firewise services; and

(b) The department must work in conjunction with communities, counties, fire districts, and conservation districts in implementing firewise activities.

(3) $250,000 is provided solely for the forest collaborative infrastructure pilot, which will provide contract services, such as technical analysis, facilitation, and logistical support.

(4) $1,000,000 is provided solely for state trust land reforestation in wildfire-damaged areas.

(5) $450,000 is provided solely for implementation of chapter 248, Laws of 2017 (prioritizing lands to receive forest health treatments).

NEW SECTION.  Sec. 3131. FOR THE DEPARTMENT OF NATURAL RESOURCES

Statewide Stormwater & Impervious Surface Study (91000088)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for the department, in consultation with the Washington State University-Puyallup research and extension center, to conduct a statewide stormwater and impervious surface study of its facilities. The department shall report its findings and recommendations, including a statewide strategy to mitigate impacts of stormwater and impervious surfaces of its facilities in the most cost-effective manner, by October 1, 2018.
Appropriation:

State Building Construction Account—State. . . . . . . . $250,000

Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . . . . . . . . $0

TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $250,000

NEW SECTION. Sec. 3132. FOR THE DEPARTMENT OF NATURAL RESOURCES
Public School Seismic Safety Assessment (91000091)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department, in consultation with the office of emergency management, the office of the superintendent of public instruction, and the state board of education, shall develop a prioritized seismic risk assessment that includes seismic safety surveys of public facilities that are subject to high seismic risk as a consequence of high earthquake hazard and soils that amplify that hazard. The seismic safety surveys must be conducted for the following types of public facilities in the following order:

(a) Facilities that have a capacity of two hundred fifty or more persons and are routinely used for student activities by kindergarten through twelfth grade public schools; and

(b) Fire stations located within a one-mile radius of a facility described in subsection (1)(a) of this section.

(2) The initial phase of the prioritized seismic needs assessment of the facilities specified in subsections (1)(a) and (b) shall include, but is not limited to, the following:

(a) An on-site assessment, under the supervision of licensed geologists, of the seismic site class of the soils at the facilities;

(b) An on-site inspection of the facility buildings, including structural systems using structural plans where available, condition, maintenance, and nonstructural seismic hazards following standardized methods by licensed structural engineers;

(c) An estimate of costs to retrofit facilities specified in subsection (1)(a) of this section to life safety standards as defined by the American society of civil engineers; and

(d) An estimate of costs to retrofit facilities specified in subsection (1)(b) of this section to immediate occupancy standards as defined by the American society of civil engineers.
(3) The department shall develop geographic information system databases of survey data and must share that data with the governor, the superintendent of public instruction, and the appropriate legislative committees.

(4) The statewide seismic needs assessment specified in this section shall be submitted to the office of financial management and the appropriate committees of the legislature by October 1, 2018.

TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $3,000,000

NEW SECTION. Sec. 4002. FOR THE DEPARTMENT OF TRANSPORTATION
Aviation Revitalization Loans (92000003)
The appropriation in this section is subject to the following conditions and limitations:
(1) This appropriation is provided solely for deposit into the public use general aviation airport loan revolving account created in section 7028 of this act for direct loans to political subdivisions of the state and privately owned airports for the purpose of improvements at public use airports that primarily support general aviation activities.
(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the capital budget chair and ranking minority member of the capital budget committee of the house of representatives and the senate ways and means committee, and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of pilots. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair. The director of commerce and the secretary of transportation must serve as nonvoting advisory members of the board.
(3) The board may provide loans to privately owned airports for the purpose of airport improvements only if the state is receiving
commensurate public benefit, such as guaranteed long-term public
access to the airport as a condition of the loan. For purposes of
this subsection, "public use airports that primarily support general
aviation activities" means all public use airports not listed as
having more than fifty thousand annual commercial air service
passenger enplanements as published by the federal aviation
administration.

(4) An application for loan funds under this section must be made
in the form and manner as the board may prescribe. When evaluating
loan applications, the board must prioritize applications that
provide conclusive justification that completion of the loan
application project will create revenue-generating opportunities. The
board is not limited to, but must also use, the following expected
outcome conditions when evaluating loan applications:
   (a) A specific private development or expansion is ready to occur
   and will occur only if the aviation facility improvement is made;
   (b) The loan application project results in the creation of jobs
   or private sector capital investment as determined by the board;
   (c) The loan application project improves opportunities for the
   successful maintenance, operation, or expansion of an airport or
   adjacent airport business park;
   (d) The loan application project results in the creation or
   retention of long-term economic opportunities; and
   (e) The loan application project results in leveraging additional
   federal funding for an airport.

(5) The repayment of any loan made from the public use general
aviation airport loan revolving account under the contracts for
aviation loans must be paid into the public use general aviation
airport loan revolving account.

NEW SECTION. Sec. 5001. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Emergency Repairs and Equal Access Grants for K-12 Public Schools (30000182)

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,000,000 of the common school construction account—state appropriation is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) $3,000,000 of the state building construction account—state appropriation is provided solely for urgent repair grants to address non-reoccurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting school districts to one grant, not to exceed $200,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring any district receiving
funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems; abatement of potentially hazardous materials; and safety-related structural improvements.

(3) $1,000,000 of the state building construction account—state appropriation is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose. The superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting districts to one grant, not to exceed $100,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.
Appropriation:

State Building Construction Account—State. . . . . . . . $4,000,000
Common School Construction Account—State. . . . . . . . $2,000,000
Subtotal Appropriation. . . . . . . . . . . . . . . . . . . . . . $6,000,000

TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $36,000,000

NEW SECTION.  Sec. 5002. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
Healthy Kids/Healthy Schools (30000184)

The appropriation in this section is subject to the following conditions and limitations:

(1) The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts and the department of health, shall develop criteria for providing funding for specific projects that are consistent with the healthiest next generation priorities. The criteria must include, but are not limited to, the following:

(a) Districts or schools may apply for grants but no single district may receive more than $200,000 of the appropriation;

(b) Any district receiving funding provided in this section must demonstrate a consistent commitment to addressing school facilities' needs; and

(c) Applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program must be prioritized.

(2) A maximum of $1,000,000 of the appropriation may be used for the replacement of lead-contaminated drinking water fixtures.

(3) A maximum of $1,000,000 of the appropriation may be used to purchase equipment or make repairs related to improving children's physical health and may include, but is not limited to: Fitness playground equipment, covered play areas, and physical education equipment or related structures or renovation.

(4) A maximum of $250,000 of the appropriation may be used to purchase equipment or make repairs related to improving children's awareness and participation in sustaining efficient schools and may include, but is not limited to: Dashboards that display energy savings, composting systems, and recycling stations.
(5) The remaining portion of the appropriation is provided solely to purchase equipment or make repairs related to improving children's nutrition and may include, but is not limited to: Garden related structures and greenhouses to provide students access to fresh produce, and kitchen equipment or upgrades.

Appropriation:

| Common School Construction Account—State | $3,250,000 |
| Prior Biennia (Expenditures) | $0 |
| Future Biennia (Projected Costs) | $24,000,000 |
| **TOTAL** | **$27,250,000** |

Skill Centers - Minor Works (30000187)

Appropriation:

| School Construction and Skill Centers Building Account—State | $3,000,000 |
| Prior Biennia (Expenditures) | $0 |
| Future Biennia (Projected Costs) | $0 |
| **TOTAL** | **$3,000,000** |

**NEW SECTION.** Sec. 5004. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Tri-Tech Skill Center - Core Growth (30000197)

The appropriation in this section is subject to the following conditions and limitations: This project must undergo a budget evaluation study, using a budget evaluation study team approach incorporating value engineering techniques. Funds from the project appropriation must be used by the office of financial management through an interagency agreement with the office of the superintendent of public instruction to cover the cost of the study.

Appropriation:

| State Building Construction Account—State | $10,807,000 |
| Prior Biennia (Expenditures) | $0 |
| Future Biennia (Projected Costs) | $0 |
| **TOTAL** | **$10,807,000** |
NEW SECTION.  Sec. 5005. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

STEM Classrooms and Labs (30000203)

The appropriation in this section is subject to the following conditions and limitations:

1. $2,800,000 of the appropriation is provided solely for the Federal Way school district to merge STEM facilities.

2. $200,000 of the appropriation is provided solely for the contract with the statewide STEM organization described in subsection (5) of this section.

3. The remaining portion of the appropriation in this section is provided solely for the superintendent of public instruction to provide STEM classrooms and labs grants to school districts for public school facilities serving students in grades nine through twelve, or any combination thereof, to construct classrooms, or labs, as additions to existing school buildings or to modernize specialized STEM facilities.

4. The superintendent shall award grants to school districts under the following conditions:

   (a) Districts eligible to receive STEM classrooms and labs grants include:

      (i) Districts that demonstrate a lack of sufficient space of STEM classrooms or labs to provide opportunities for students to meet statutory graduation requirements;

      (ii) Districts that demonstrate that their current STEM classrooms or labs are insufficient to provide opportunities for students to meet statutory graduation requirements;

      (iii) Districts that have not received state capital funding assistance in the previous ten years for the STEM classrooms or labs project proposals; and

      (iv) Districts that have secured private donations of cash, like-kind, or equipment in a value of no less than $100,000. Prior to receiving grant funding, the district must provide verification of the donation to the superintendent within ninety days of notification of grant award.

   (b) Allowable project costs under the grant program include design, renovation, or modernization of existing science labs or classrooms; project management costs; furnishings, fixtures, and
equipment; and necessary utility and information technology systems
upgrades to support specialized STEM facilities.

(c) At least one grant award is made to school districts located
in southwest Washington;

(d) At least one grant award is made to school districts located
in the Puget Sound region; and

(e) At least two grant awards are made to school districts
located east of the crest of the Cascade mountain range.

(5) The STEM classrooms and labs grants program must be
administered by the superintendent of public instruction in
consultation with the STEM education innovation alliance specified in
RCW 28A.188.030 and the statewide STEM organization specified in RCW
28A.188.050. The superintendent of public instruction must develop
grant application materials and criteria in consultation with the
statewide STEM organization, must review applications for accuracy
and financial reasonableness, and must administer awarded grants.
With funding specifically appropriated for this purpose, the
superintendent of public instruction must contract with the statewide
STEM organization specified in RCW 28A.188.050 to evaluate
applications against the criteria developed for the program and
develop a single prioritized list. The superintendent of public
instruction must award grants within the appropriated funding and may
depart from the recommended prioritized list only after consulting
with the office of financial management and the appropriate
committees of the legislature. The criteria must include, but are not
limited to, the following:

(a) Priority for school districts that have experienced decreased
enrollments of more than ten percent over the previous five year
period due to interdistrict transfers to schools with STEM facilities
constructed or modernized in that same period of time;

(b) Priority for applicants with a high percentage of students
who are eligible and enrolled in the free and reduced-price meals
program;

(c) Economic conditions within the school district that limits
their ability to finance the modernization of STEM classrooms and
labs from local funding sources;

(d) Educational benefits of proposed projects;

(e) Age and condition of existing STEM classroom and lab space,
if applicable;
The extent that existing STEM facilities are inadequate including the lack of adequate STEM facilities to meet graduation requirements in RCW 28A.150.220;

(g) Financial reasonableness based on total project cost per square foot; and

(h) Demonstration of readiness to proceed that may include, but is not limited to:

(i) A demonstration that existing STEM faculty are in place and are qualified to deliver an interactive, project-based STEM curriculum in the proposed specialized STEM facilities; or

(ii) A plan and budget in place to recruit or train such STEM faculty.

(6) For purposes of grant applications made in the 2017-2019 biennium, additional square footage funded through this grant program is excluded from the school district's inventory of available educational space for determining eligibility for state assistance for new construction until the earlier of:

(a) Five years following acceptance of the project by the school district board of directors; or

(b) The date of the final review of the latest study and survey of the affected school district following acceptance of the project by the school district board of directors.

(7) Each school district is limited to one grant award, which may be used for more than one school facility within the district, of no more than $2,000,000.

(8) The office of the superintendent of public instruction may charge fees consistent with capital budget guidelines established by the office of financial management for administering the grants.

(9) The superintendent of public instruction must report to the appropriate committees of the legislature and the office of financial management on the timing and use of the funds by the end of each fiscal year, until the funds are fully expended.

Appropriation:

State Building Construction Account—State. . . . . . . $13,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs). . . . . . . . . . . . . . $80,000,000

NEW SECTION. Sec. 5008. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION
Career and Technical Education Equipment Grants (91000408)

The appropriation in this section is subject to the following conditions and limitations:

(1) $72,000 of the appropriation is provided solely for the Bellevue school district for career and technical education equipment.
(2) $50,000 of the appropriation is provided solely for the Issaquah school district for career and technical education equipment.

(3) $30,000 of the appropriation is provided solely for the Elma school district for career and technical education equipment.

(4) The remaining portion of the appropriation in this section is provided solely for the superintendent of public instruction to provide career and technical education equipment grants to school districts. The office of the superintendent of public instruction, after consulting with school districts and the workforce training and education coordinating board, shall develop criteria for providing funding and outcomes for specific projects to stay within the appropriation level provided in this section consistent with the following priorities. The criteria must include, but are not limited to, the following:

(a) Districts or schools must demonstrate that the request provides necessary equipment to deliver career and technical education;

(b) Districts or schools must demonstrate a consistent commitment to maintaining school facilities and equipment by participating in the asset preservation program administered by the office of the superintendent of public instruction; and

(c) Prioritizing applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program.

(5) The superintendent must award grants to applicants on a first-come, first-serve basis if the district or school demonstrates that the request meets the criteria set by the office of superintendent of public instruction as described in subsection (4) of this section and the site is prepared to receive the equipment.

(6) No single district may receive more than $100,000 of the appropriation.

NEW SECTION.  Sec. 5009. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Small Rural District Modernization Grants (92000040)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for grants to assist small, rural school districts with total enrollments of one thousand students or less, with school facilities with significant building systems deficiencies, and with such low property values that replacing or modernizing the school facility through the school construction assistance program would present an extraordinary tax burden on property owners or would exceed allowable debt for the district.

(2) $11,198,000 of the appropriation is provided solely for projects in small rural districts where the school facility does not need to be replaced or require an extensive modernization, but does have significant building system deficiencies. Grants may not exceed $5,000,000. The office of the superintendent of public instruction shall prepare an expedited grant application process in selecting the grant recipients funded by this subsection.

(3) $23,802,000 of the appropriation is provided solely for the following projects:

- Mount Adams School District. $14,277,000
- South Bend School District. $7,712,000
- Lopez Island School District. $1,813,000

NEW SECTION.  Sec. 5018. FOR THE UNIVERSITY OF WASHINGTON

UW Bothell (30000378)

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for predesign, which may also serve as bridging documents, design, competition honoraria, project management, and other planning activities including permits.

(2) Criteria for selecting the design-build contractor must include life cycle costs, energy costs, or energy use index. Contractors and architectural and engineering firms may be eligible for additional points during the scoring process if they have experience with the state agency, or if they are considered a small business.

(3) The building must be built using sustainable building standards as defined in section 7009 of this act.

Appropriation:
NEW SECTION.  Sec. 5034. FOR THE WASHINGTON STATE UNIVERSITY
Joint Center for Deployment and Research in Earth Abundant Materials (91000039)

The appropriation in this section is subject to the following conditions and limitations:

(1) Funding is provided solely for capital improvements, infrastructure, and equipment, to support: (a) A transformative program in earth-abundant materials to accelerate the development of next generation clean energy and transportation technologies in Washington; (b) a coordinated framework and resources that can facilitate and promote multi-institution collaborations to drive research, development, and deployment efforts in the use of earth-abundant materials for manufactured clean technologies or recycling of advanced materials used in clean technologies; and (c) environmentally responsible processes in the areas of manufacturing and recycling of advanced materials used in clean technologies.

(2) Administration of the appropriation is under the authority of Washington State University in collaboration with the University of Washington. Washington State University and the University of Washington, in consultation with the regional universities, the Pacific Northwest national laboratory, and industry experts, shall develop criteria for providing grant funding for specific projects at public four-year institutions of higher education to stay within the appropriation level provided in this section. Funding for administrative offices may be provided for administrative offices west of the crest of the Cascade mountains only.

(3) The office of the state treasurer must manage the issuance of bonds associated with these grants so as to incur the lowest possible cost of funds in recognition of the short useful life of the equipment purchased with the bond proceeds.

NEW SECTION.  Sec. 5058. FOR THE COMMUNITY AND TECHNICAL COLLEGE SYSTEM

Edmonds Community College: Science, Engineering, Technology Bldg (30000137)

Appropriation:
State Building Construction Account—State......... $37,757,000
Prior Biennia (Expenditures).......................... $0
Future Biennia (Projected Costs)..................... $0
TOTAL.................................................. $37,757,000

NEW SECTION.  Sec. 5059. FOR THE COMMUNITY AND TECHNICAL COLLEGE SYSTEM

Whatcom Community College: Learning Commons (30000138)

Appropriation:
State Building Construction Account—State......... $33,960,000
Prior Biennia (Expenditures).......................... $0
Future Biennia (Projected Costs)..................... $0
TOTAL.................................................. $33,960,000

NEW SECTION.  Sec. 5060. FOR THE COMMUNITY AND TECHNICAL COLLEGE SYSTEM

Big Bend: Professional - Technical Education Center (30000981)

Appropriation:
State Building Construction Account—State......... $35,063,000
Prior Biennia (Expenditures).......................... $0
Future Biennia (Projected Costs)..................... $0
TOTAL.................................................. $35,063,000

NEW SECTION.  Sec. 5061. FOR THE COMMUNITY AND TECHNICAL COLLEGE SYSTEM

Spokane: Main Building South Wing Renovation (30000982)

The appropriations in this section are subject to the following conditions and limitations:
(1) The appropriations in this section are provided solely for predesign and design, which may also serve as bridging documents, design, competition honoraria, project management, and other planning activities including permits.
(2) Criteria for selecting the design-build contractor must include life cycle costs, energy costs, or energy use index. Contractors and architectural and engineering firms may be eligible for additional points during the scoring process if they have experience with the state agency, or if they are considered a small business.

(3) The building must be built using sustainable building standards as defined in section 7009 of this act.

Appropriation:

State Building Construction Account—State... $24,919,000
Prior Biennia (Expenditures).................... $0
Future Biennia (Projected Costs).............. $0
TOTAL........................................ $24,919,000

NEW SECTION. Sec. 5062. FOR THE COMMUNITY AND TECHNICAL COLLEGE SYSTEM

Highline: Health and Life Sciences (30000983)

Appropriation:

State Building Construction Account—State... $23,372,000
Prior Biennia (Expenditures).................... $0
Future Biennia (Projected Costs).............. $0
TOTAL........................................ $23,372,000

North Seattle College Student Housing (92000028)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for the college to implement the initial steps for student housing.

Appropriation:

State Building Construction Account—State. ................ $200,000
Prior Biennia (Expenditures). ...............................  $0
Future Biennia (Projected Costs). ...........................  $0
TOTAL. ................................................. $200,000

(End of part)
PART 6
RESERVED

(End of part)
NEW SECTION. Sec. 7001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are fifteen million, fifty seven thousand dollars for the 2017-2019 biennium, two hundred sixty-two million, two hundred ninety thousand dollars for the 2019-2021 biennium, and three hundred sixty-six million, four hundred seventy-five thousand dollars for the 2021-2023 biennium.

NEW SECTION. Sec. 7002. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Department of enterprise services:

(a) Enter into a financing contract for up to $5,323,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to repair the east plaza garage in Olympia.
(b) Enter into a financing contract for up to $2,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for Tacoma Rhodes elevators.

(4) Washington state patrol:
   (a) Enter into a financing contract for up to $7,450,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a burn building for live fire training.
   (b) Enter into a financing contract for up to $2,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for furnishings and equipment at the 1063 building.

(5) Department of labor and industries: Enter into a financing contract for up to $12,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to modernize a lab and training facility.

(6) Community and technical colleges:
   (a) Enter into a financing contract on behalf of Cascadia College for up to $29,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a parking structure.
   (b) Enter into a financing contract on behalf of Renton Community College for up to $2,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to acquire property in Renton.
   (c) Enter into a financing contract on behalf of South Seattle College for up to $10,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student wellness and fitness center.
   (d) Enter into a financing contract on behalf of Shoreline Community College for up to $31,100,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build student housing.
   (e) Enter into a financing contract on behalf of Clark College for up to $35,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student recreation center.
   (f) Enter into a financing contract on behalf of Lower Columbia College for up to $3,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to renovate the main building.
   (g) Enter into a financing contract on behalf of Clover Park Technical College for up to $33,288,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a center for advanced manufacturing technologies.
NEW SECTION. **Sec. 7003.** To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $5,000,000, or $10,000,000 for higher education institutions, may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis must be a primary consideration in the selection of a building design. Construction may proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. **Sec. 7004.** (1) The legislature finds that use of life-cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over $10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.
(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

**NEW SECTION.** Sec. 7005. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be determined by the office of financial management.

**NEW SECTION.** Sec. 7006. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

**NEW SECTION.** Sec. 7007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur.
between projects to local government agencies except where the grants
are provided within a single omnibus appropriation and where such
transfers are specifically authorized by the implementing statutes
that govern the grants.

(2) The office of financial management may find that an amount is
in excess of the amount required for the completion of a project only
if: (a) The project as defined in the notes to the budget document is
substantially complete and there are funds remaining; or (b) bids
have been let on a project and it appears to a substantial certainty
that the project as defined in the notes to the budget document can
be completed within the biennium for less than the amount
appropriated in this act.

(3) For the purposes of this section, the intent is that each
project be defined as proposed to the legislature in the governor's
budget document, unless it clearly appears from the legislative
history that the legislature intended to define the scope of a
project in a different way.

(4) A report of any transfer effected under this section, except
emergency projects or any transfer under $250,000, shall be filed
with the legislative fiscal committees of the senate and house of
representatives by the office of financial management at least thirty
days before the date the transfer is effected. The office of
financial management shall report all emergency or smaller transfers
within thirty days from the date of transfer.

(5) The transfer authority granted in this section does not apply
to appropriations for projects for the state parks and recreation
commission. Appropriations for commission projects may be spent only
for the specified projects, and funding may not be transferred from
one commission project to another or from other sources to a
commission project.

NEW SECTION. Sec. 7008. (1) It is expected that projects be
ready to proceed in a timely manner depending on the type or phase of
the project or program that is the subject of the appropriation in
this act. Except for major projects that customarily may take more
than two biennia to complete from predesign to the end of
construction, or large infrastructure grant or loan programs
supporting projects that often take more than two biennia to
complete, the legislature generally does not intend to reappropriate
funds more than once, particularly for smaller grant programs, local/
community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations
and appropriations in this act in order to: (a) Rehabilitate
infrastructure resources; (b) accelerate environmental rehabilitation
and restoration projects for the improvement of the state's natural
environment; (c) reduce additional costs associated with acquisition
and construction inflationary pressures; and (d) provide additional
employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate
expenditure rates at their current level of permanent employees and
shall use contracted design and construction services wherever
necessary to meet the goals of this section.

NEW SECTION. Sec. 7009. (1) Any building project that receives
over $10,000,000 in funding from the capital budget must be built to
sustainable standards. "Sustainable building" means a building that
integrates and optimizes all major high-performance building
attributes, including energy efficiency, durability, life-cycle
performance, and occupant productivity. The following design and
construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative,
integrated planning and design process that initiates and maintains
an integrated project team in all stages of a project's planning and
delivery. Establish performance goals for siting, energy, water,
materials, and indoor environmental quality along with other
comprehensive design goals and ensures incorporation of these goals
throughout the design and life-cycle of the building. Considers all
stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the
size and complexity of the building and its system components in
order to verify performance of building components and systems and
help ensure that design requirements are met. This should include an
experienced commissioning provider, inclusion of commissioning
requirements in construction documents, a commissioning plan,
verification of the installation and performance of systems to be
commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building
performance target that takes into account the intended use,
occupancy, operations, plug loads, other energy demands, and design
to earn the ENERGY STAR targets for new construction and major
renovation where applicable. For new construction target low energy
use index. For major renovations, reduce the energy use by fifty
percent below prerenovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the
hot water demand through the installation of solar hot water heaters,
when life-cycle cost effective. Implement renewable energy generation
projects on agency property for agency use, when life-cycle cost
effective.

(e) Measurement and verification: Install building level
electricity meters in new major construction and renovation projects
to track and continuously optimize performance. Include equivalent
meters for natural gas and steam, where natural gas and steam are
used. Install dashboards inside buildings to display and incentivize
occupants on energy use.

(f) Benchmarking: Compare actual performance data from the first
year of operation with the energy design target. Verify that the
building performance meets or exceeds the design target. For other
building and space types, use an equivalent benchmarking tool for
laboratory buildings. Web-based data collection and dashboards must
also be provided.

NEW SECTION. Sec. 7010. State agencies, including institutions
of higher education, shall allot and report full-time equivalent
staff for capital projects in a manner comparable to staff reporting
for operating expenditures.

NEW SECTION. Sec. 7011. Executive Order No. 05-05, archaeologi-
cal and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in
this executive order.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION—ART WORK
ALLOWANCE. (1) One-half of one percent of moneys appropriated in this
act for original construction of school plant facilities is provided

(2) One-half of one percent of moneys appropriated in this act
for original construction or any major renovation or remodel work
exceeding $200,000 by colleges or universities is provided solely for
the purposes of RCW 28B.10.027.
(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2017-2019 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to $150,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to RCW 28A.335.210.

(5) The executive director of the arts commission shall appoint a study group to review the operations of the one-half of one percent for works of art purchased or commissioned as required by RCW 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review must be reported annually to the office of financial management and the fiscal committees of the legislature by September 15th. The review must include, but is not limited to, the following: (a) Projects purchased or commissioned per biennium; (b) partner agencies; (c) funding sources by fiscal year; (d) artwork costs; (e) administrative costs; (f) collection care costs; and (g) project status.

Sec. 7013. RCW 28B.10.027 and 2016 sp.s. c 35 s 6008 are each amended to read as follows:

(1) All universities and colleges shall allocate as a nondeductible item, out of any moneys appropriated for the original construction or any major renovation or remodel work exceeding two hundred thousand dollars of any building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission with the approval of the board of regents or trustees for the acquisition of works of art.

(2) For projects funded in the 2015-2017 capital budget and the 2017-2019 capital budget, an institution of higher education, working with the Washington arts commission, may expend up to ten percent of the projected art allocation for a project during the design phase in order to select an artist and design art to be integrated in the building design. The one-half of one percent to be expended by the Washington arts commission must be adjusted downward by the amount
expended by a university or college during the design phase of the
capital project.

(3) The works of art may be placed on public lands of
institutions of higher education, integral to or attached to a public
building or structure of institutions of higher education, detached
within or outside a public building or structure of institutions of
higher education, part of a portable exhibition or collection, part
of a temporary exhibition, or loaned or exhibited in other public
facilities.

(4) In addition to the cost of the works of art, the one-half of
one percent of the appropriation shall be used to provide for the
administration of the visual arts program, including conservation of
the state art collection, by the Washington state arts commission and
all costs for installation of the work of art. For the purpose of
this section building shall not include sheds, warehouses, and other
buildings of a temporary nature.

NEW SECTION. Sec. 7014. To carry out the provisions of this
act, the governor may assign responsibility for predesign, design,
construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7015. If any federal moneys appropriated by
this act for capital projects are not received by the state, the
department or agency to which the moneys were appropriated may
replace the federal moneys with funds available from private or local
sources. No replacement may occur under this section without the
prior approval of the director of financial management in
consultation with the senate ways and means committee and the house
of representatives capital budget committee.

NEW SECTION. Sec. 7016. (1) Unless otherwise stated, for all
appropriations under this act that require a match of nonstate money
or in-kind contributions, the following requirement, consistent with
RCW 43.88.150, shall apply: Expenditures of state money shall be
timed so that the state share of project expenditures never exceeds
the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is
not required to permit the expenditure of capital budget
appropriations for phased projects if a proportional amount of the
required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7017. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . ., Laws of 2018, (Senate Bill No. . . ., the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7018. COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to
the Columbia river basin water supply development account may be
made.

**Sec. 7019.** RCW 28B.20.725 and 2015 3rd sp.s. c 3 s 7025 are each
amended to read as follows:

The board is hereby empowered:

1. To reserve the right to issue bonds later on a parity with
any bonds being issued;
2. To authorize the investing of moneys in the bond retirement
fund and any reserve account therein;
3. To authorize the transfer of money from the University of
Washington building account to the bond retirement fund when
necessary to prevent a default in the payments required to be made
out of such fund;
4. To create a reserve account or accounts in the bond
retirement fund to secure the payment of the principal of and
interest on any bonds;
5. To authorize the transfer to the University of Washington
building account of any money on deposit in the bond retirement fund
in excess of debt service for a period of three years from the date
of such transfer on all outstanding bonds payable out of such fund.
((However, during the 2013-2015 fiscal biennium, the legislature may
transfer to the University of Washington building account moneys that
are in excess of the debt service due within the 2013-2015 fiscal
biennium from the date of such transfer on all outstanding bonds
payable out of the bond retirement fund.)) However, during the
2015-2017 fiscal biennium, the legislature may transfer to the
University of Washington building account moneys that are in excess
of the debt service due within the 2015-2017 fiscal biennium from the
date of such transfer on all outstanding bonds payable out of the
bond retirement fund. However, during the 2017-2019 fiscal biennium,
the legislature may transfer to the University of Washington building
account moneys that are in excess of the debt service due within the
2017-2019 fiscal biennium from the date of such transfer on all
outstanding bonds payable out of the bond retirement fund.

**Sec. 7020.** RCW 28B.30.750 and 2015 3rd sp.s. c 3 s 7028 are each
amended to read as follows:

The board is hereby empowered:
To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. ((However, during the 2013-2015 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2013-2015 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.)) However, during the 2015-2017 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2015-2017 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2017-2019 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2017-2019 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

NEW SECTION. Sec. 7021. (1) Funds appropriated in this act for minor works may not be allotted until final project lists are submitted to the office of financial management. Revisions to the project lists are allowed for projects not anticipated at the time of budget development but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment and must include an explanation of variances from the prior lists before funds may be expended on the revisions. Any project list revisions
must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(2)(a) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between $25,000 and $1,000,000 each, with the exception of higher education minor works projects that may be valued up to $2,000,000. All projects must meet the criteria included in this subsection (2)(a). These projects should be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed $1,000,000, or $2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

(b) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

NEW SECTION. Sec. 7022. STATE TREASURER TRANSFER AUTHORITY

State Toxics Control Account: For transfer to the environmental legacy stewardship account, $13,000,000 for fiscal year 2018 and $13,000,000 for fiscal year 2019. . $26,000,000

Local Toxics Control Account: For transfer to the environmental legacy stewardship account, $15,250,000 in fiscal year 2018 and $15,250,000 in fiscal year 2019. . $30,500,000
(1)(a) As directed by the department of ecology in consultation with the office of financial management, the state treasurer shall transfer amounts among the state toxics control account, the local toxics control account, and the environmental legacy stewardship account as needed during the 2017-2019 fiscal biennium to maintain positive account balances in all three accounts.

(b) If, after using the interfund transfer authority granted in this section, the department of ecology determines that further reductions are needed to maintain positive account balances in the state toxics control account, the local toxics control account, and the environmental legacy stewardship account, the department is authorized to delay the start of any projects based on acuity of need, readiness to proceed, cost-efficiency, purposes of increasing affordable housing, or need to ensure geographic distribution. If the department uses this authority, the department must submit a prioritized list of projects that may be delayed to the office of financial management and the appropriate fiscal committees of the legislature.

(2) As directed by the pollution liability insurance agency in consultation with the office of financial management, the state treasurer shall transfer from the pollution liability insurance program trust account to the underground storage tank revolving account the lesser of $20,000,000 or the balance of the fund exceeding $7,500,000 after excluding the reserves during the 2017-2019 fiscal biennium.

NEW SECTION. Sec. 7023. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 7024. The energy efficiency account is hereby created in the state treasury. The sums deposited in the energy recovery act account shall be appropriated and expended for loans,
loan guarantees, and grants for projects that encourage the establishment and use of innovative and sustainable industries for renewable energy and energy efficiency technology. The balance of state funds, federal funds, and loan repayments, from the energy recovery act account, are deposited in this account.

NEW SECTION. Sec. 7025. The department of enterprise services, in consultation with the office of financial management, may sell the property known as the Tacoma Rhodes complex to the city of Tacoma. The property consists of the broadway building, market building, and parking garage. The department may negotiate a sale with the city of Tacoma for less than fair market value, but the city must pay appraisal costs, all debt service, all closing costs, and the cost of any outstanding liabilities necessary to keep the department whole. The terms and conditions of the sale must meet the business needs of the state tenants.

NEW SECTION. Sec. 7026. JOINT LEGISLATIVE TASK FORCE ON IMPROVING STATE FUNDING FOR SCHOOL CONSTRUCTION. (1)(a) A joint legislative task force on improving state funding for school construction is established, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate from the senate committees on ways and means and early learning and K-12 education.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives from the house of representatives committees on capital budget and education.

(iii) The president of the senate and the speaker of the house of representatives jointly shall ensure that at least three of the eight members appointed pursuant to (a)(i) and (ii) of this subsection serve legislative districts located east of the crest of the Cascade mountains.

(iv) The chair of the task force selected pursuant to (b) of this subsection may appoint one additional member representing large school districts and one additional member representing small, rural school districts as voting members of the task force.

(b) The task force shall choose its chair from among its membership. The chair of the house of representatives committee on
capital budget shall convene the initial meeting of the task force. All meetings of the task force must be scheduled and conducted in accordance with the requirements of both the senate and the house of representatives.

(2) The task force shall review the following issues:
(a) Improvements to state financial assistance for K-12 school construction to be implemented over several fiscal biennia;
(b) Utilization of school spaces for multiple purposes;
(c) School design and construction approaches that support effective teaching and learning by delivering education through innovative, sustainable, cost-effective, and enduring design and construction methods; and
(d) Recent reports on school construction, including but not limited to the school construction cost study from the educational service district 112 and the efforts of collecting inventory and condition of schools data by the Washington state university extension energy office.

(3) In consideration of the findings pursuant to subsection (2) of this section, the task force must recommend a state school construction financial assistance program that:
(a) Supports the construction and preservation of schools; and
(b) Balances the state and local share of school construction and preservation costs considering local school districts' financial capacity, based on measures of relative wealth recommended pursuant to subsection (4)(b) of this section, and the state's limited bond capacity and common school trust land revenue.

(4) In making recommendations pursuant to subsection (3) of this section, the task force must, at a minimum, also recommend:
(a) A methodology to project needs for state financial assistance for school construction and preservation over a ten-year period;
(b) Measures of relative wealth of a school district, including but not limited to assessed land value per student, eligible free and reduced price meal enrollments, income per capita per school district, and costs of construction;
(c) Education specifications recognized by the state for the purpose of providing guidance to school districts when designing school construction projects;
(d) A capital asset model for K-12 school construction that considers space and usage needs to calculate construction assistance for:
(i) New schools to accommodate enrollment growth;
(ii) Major modernization projects to address aging facilities;
(iii) Replacement and renewal of major building systems based on
achieving lowest life-cycle building costs, provided that standards
of routine maintenance are achieved by local districts; and
(iv) Specialized facility improvements including but not limited
to STEM facilities, career and technical education facilities, skills
centers, and computer labs; and
(e) Alternative means to fund and accommodate increased classroom
capacity to meet K-3 class-size reduction objectives.

(5)(a) Staff support for the task force must be provided by the
senate committee services and the house of representatives office of
program research.
(b) The office of the superintendent of public instruction and
the office of financial management shall cooperate with the task
force and maintain liaison representatives, who are nonvoting
members.
(c) The task force, where appropriate, may consult with
individuals from public schools or related organizations or ask the
individuals to establish a committee for technical advice and
assistance. Members of such an advisory committee are not entitled to
expense reimbursement.
(6) Legislative members of the task force are reimbursed for
travel expenses in accordance with RCW 44.04.120. Nonlegislative
members are not entitled to be reimbursed for travel expenses if they
are elected officials or are participating on behalf of an employer,
governmental entity, or other organization. Any reimbursement for
other nonlegislative members is subject to chapter 43.03 RCW.
(7) The expenses of the task force must be paid jointly by the
senate and the house of representatives. Task force expenditures and
meetings are subject to approval by the senate facilities and
operations committee and the house of representatives executive rules
committee, or their successor committees.
(8) The task force must report its final findings and
recommendations to the governor, the superintendent of public
instruction, and the appropriate committees of the legislature by
October 1, 2018.
(9) This section expires June 30, 2019.
Sec. 7027. RCW 43.19.501 and 2016 c 202 s 58 are each reenacted and amended to read as follows:

The Thurston county capital facilities account is created in the state treasury. The account is subject to the appropriation and allotment procedures under chapter 43.88 RCW. Moneys in the account may be expended for capital projects in facilities owned and managed by the department in Thurston county. ((For the 2007-2009 biennium, moneys in the account may be used for predesign identified in section 1037, chapter 328, Laws of 2008.)) For the 2015-2017 biennium, moneys in the account may be used for studies related to real estate. ((During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may transfer from the Thurston county capital facilities account to the state general fund such amounts as reflect the excess fund balance of the account.)) During the 2017-2019 fiscal biennium, the Thurston county capital facilities account may be appropriated for costs associated with staffing to support capital budget and project activities and lease and facility oversight activities.

NEW SECTION. Sec. 7028. The public use general aviation airport loan revolving account is created in the custody of the state treasurer. All receipts from moneys collected under this chapter must be deposited into the account. Expenditures from the account may be used only for the purposes described in section 4002 of this act. Only the community aviation revitalization board or the board's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 7029. The Washington state parks and recreation commission, with guidance and instruction from the office of financial management, must create a reporting structure to track the success and progress of addressing the maintenance backlog of state parks facilities. The reporting structure must provide a forecast of new project proposals, the status of current funded projects and a list of completed projects. The report must also include a facilities condition index that illustrates changes to the overall quality of facilities of state parks. The legislature intends to receive future biennia capital budget requests that address facility maintenance backlog from the commission in the form of this
new report structure as additional information to the current format for agency budget submittal requests.

NEW SECTION. Sec. 7030. Due to enactment of 2017-2019 omnibus capital appropriations after the beginning of the fiscal biennium, in addition to any authority provided by law, for any project or program authorized in this act that a state agency will administer through a grant or loan, the administering state agency is authorized to reimburse the recipient of the grant or loan for expenses incurred on or after July 1, 2017, by the recipient with nonstate moneys, not to exceed the amount authorized for that project or program in this act.

If necessary to reimburse expenses incurred from July 1, 2017, to the effective date of this act, this authorization supersedes agency rules regarding timing and deadlines for grant or loan applications and rules limiting reimbursement to only those expenses incurred after execution of a grant or loan agreement, subject to the approval of the office of financial management. Reimbursement for expenses must comply with all other conditions and limitations that apply to the grant or loan project or program. Section 7023 of this act applies to the reimbursements authorized in this section.

NEW SECTION. Sec. 7031. Due to enactment of 2017-2019 omnibus capital appropriations after the beginning of the fiscal biennium, in addition to any authority provided by law, state agencies that receive appropriations in this act are authorized to reimburse cost of capital expenditures that:

(1) Were incurred between July 1, 2017, and the effective date of this section;

(2) Are for the capital projects or programs authorized in this act; and

(3) Were paid from omnibus operating budget appropriations or other permitted operating accounts. Section 7023 of this act applies to the reimbursements authorized in this section.

NEW SECTION. Sec. 7032. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.
NEW SECTION. Sec. 7033. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.
