BILL REQ. #: S-1472.3/19 3rd draft

ATTY/TYPIST: AI:lel

BRIEF DESCRIPTION: Concerning additive transportation funding and appropriations.
AN ACT Relating to additive transportation funding and appropriations; creating new sections; making appropriations; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) An additive transportation budget of the state is hereby adopted and, subject to the provisions set forth, the several amounts specified, or as much thereof as may be necessary to accomplish the purposes designated, are hereby appropriated from the several accounts and funds named to the designated state agencies and offices for employee compensation and other expenses, for capital projects, and for other specified purposes, including the payment of any final judgments arising out of such activities, for the period ending June 30, 2021.

(2) It is the intent of the legislature that the funding levels specified in LEAP Transportation Document 2019 NL-2 as developed February 11, 2019, represents a commitment to provide appropriations to the agencies, programs, and activities at the amounts identified therein through fiscal year 2029.

(3) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this act.
(a) "Fiscal year 2020" or "FY 2020" means the fiscal year ending June 30, 2020.
(b) "Fiscal year 2021" or "FY 2021" means the fiscal year ending June 30, 2021.
(c) "FTE" means full-time equivalent.
(d) "Lapse" or "revert" means the amount shall return to an unappropriated status.
(e) "Provided solely" means the specified amount may be spent only for the specified purpose. Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.
(f) "Reappropriation" means appropriation and, unless the context clearly provides otherwise, is subject to the relevant conditions and limitations applicable to appropriations.
(g) "LEAP" means the legislative evaluation and accountability program committee.

NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF TRANSPORTATION—TRANSPORTATION PLANNING, DATA, AND RESEARCH—PROGRAM T
Forward Washington Account—State Appropriation . . . . . . $100,000

The appropriation in this section is subject to the following conditions and limitations:
(1) $100,000 of the forward Washington—state account is provided solely for the department to study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the department must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts. The department must report back the results of the study to the transportation committees of the legislature by December 1, 2019.

(2) State transportation planning funds for regional transportation planning organizations may be provided only to those organizations that provide a reasonable opportunity for voting membership to federally recognized tribes within the respective organization's planning area, as described in chapter . . . (Senate Bill No. 5778 (S-1113/19)), Laws of 2019.

NEW SECTION.  Sec. 205. FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC TRANSPORTATION—PROGRAM V

Rural Mobility Grant Program Account—State Appropriation. .................... $11,000,000
Forward Flexible Account—State Appropriation. .............. $58,000,000
TOTAL APPROPRIATION. .................... $69,000,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $20,000,000 of the forward flexible account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(2) $11,000,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100.

(3) $3,000,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies must cover capital costs only. Operating costs for public transit agencies are not eligible for funding under this grant program.
(4) $500,000 of the forward flexible account—state appropriation is provided solely for transit coordination grants.

(5) $30,000,000 of the forward flexible account—state appropriation is provided solely for bus and bus facility grants. It is the intent of the legislature, over the ten-year new investment program, that this grant program will provide $25,000,000 in state funds for Division Street High Performance Transit Infrastructure.

(6) $4,500,000 of the forward flexible account—state appropriation is provided solely for expanded transportation demand management. The department shall employ strategies to incentivize the use of transportation demand management at the local level. The department may partner with public, private, and nonprofit groups whose missions include topical areas such as social equity, public health, land use planning, transit oriented development, and active transportation.

NEW SECTION. Sec. 206. FOR THE DEPARTMENT OF COMMERCE

Forward Flexible Account—State Appropriation. . . . . . . $50,000,000

$50,000,000 of the forward flexible account—state appropriation is provided solely for transportation grid electrification grants. The purpose of the grant program is to aid public entities in funding projects that improve the connectivity and efficiency of our transportation system. The department shall identify cost-effective projects and submit a prioritized list of all projects requesting funding to the legislature by December 1st of each year. It is the intent of the legislature, over the ten-year new law investment program, that this grant program will provide a negotiated amount of state funds for an electrical substation upgrade sufficient to meet the electric charging needs of Chelan-Douglas PTBA (Link Transit), including their transit center and bus barn facilities.

The board may create an emergency revolving loan program through which the board may award emergency loans to counties with a population of less than eight hundred thousand as of April 1, 2019, from the funds available in the county road administration board emergency loan revolving account. The loans must be repaid with interest of not more than three percent and any negotiated administrative charges. The repayment of any loan made from the...
county road administration board emergency loan revolving account
must be paid into the county road administration board emergency loan
revolving account. An application for loan funds under this section
must be made in the form and manner as the board may prescribe. The
board shall submit a report to the legislature by December 1, 2020,
identifying each project that received money from the county road
administration board emergency loan revolving account, the amount of
the loan, the repayment terms of the loan, the expected date of
repayment, and the loan repayment status. For purposes of this
subsection, "emergency loans" are loans that:

(a) Cover work resulting from a sudden natural or human caused
event which results in the destruction or severe damage to county
roadway sections or structures such that, in the consideration of
public safety and use, the roadway sections or structures must be
immediately closed or substantially restricted to normal traffic;

(b) Cover work of either a temporary or permanent nature, which
restores roads and bridges to a preemergency condition and may
include reconstruction to current design standards;

(c) Cover work of an emergency nature that is beyond the scope of
work done by a county in repairing damages normally or reasonably
expected from seasonal or other natural conditions, and is beyond
what would be considered maintenance, regardless of how extensive the
maintenance may be; and

(d) Cover work in area included in a county, state, or federal
emergency proclamation related to the event that caused the damage
the emergency project intends to correct.
