Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this section and ending June 30, 2021, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2020" or "FY 2020" means the period beginning July 1, 2019, and ending June 30, 2020.

(b) "Fiscal year 2021" or "FY 2021" means the period beginning July 1, 2020, and ending June 30, 2021.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2021-2023 biennium and the following three biennia; an amount of zero does not
necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2019, from the 2017-2019 biennial appropriations for each project.

PART 1
GENERAL GOVERNMENT

NEW SECTION. Sec. 1001. FOR THE COURT OF APPEALS
Division III Roof Replacement and Maintenance (30000033)

Reappropriation:
State Building Construction Account—State. . . . . . . . . . . . $262,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . . . . . . $0
Future Biennia (Projected Costs) . . . . . . . . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $262,000

NEW SECTION. Sec. 1002. FOR THE SECRETARY OF STATE
Library Archives (30000033)

The appropriation in this section is subject to the following conditions and limitations:
(1) The appropriation in this section is provided solely for the library archives building.
(2) The secretary of state must enter into a financial contract for up to $103,143,000.

Reappropriation:
State Building Construction Account—State. . . . . . . $5,000,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . . $300,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $5,300,000

NEW SECTION. Sec. 1003. FOR THE OFFICE OF THE SECRETARY OF STATE
State Archives Minor Works Projects (30000042)

Appropriation:
NEW SECTION. Sec. 1004. FOR THE DEPARTMENT OF COMMERCE
Housing Assistance, Weatherization, and Affordable Housing
(20074009)
Reappropriation:
State Taxable Building Construction Account—State. . . . . . . $62,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . . . . . . $199,760,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $199,822,000

NEW SECTION. Sec. 1005. FOR THE DEPARTMENT OF COMMERCE
2010 Local and Community Projects (30000082)
The reappropriation in this section is subject to the following
conditions and limitations: The projects must comply with RCW
43.63A.125 and other requirements for community projects administered
by the department.
Reappropriation:
State Building Construction Account—State. . . . . . . $1,975,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . . . . . . $11,447,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $13,422,000

NEW SECTION. Sec. 1006. FOR THE DEPARTMENT OF COMMERCE
Community Economic Revitalization Board (30000097)
Reappropriation:
Public Facility Construction Loan Revolving
Account—State. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $8,020,000
State Taxable Building Construction Account—State. . $4,000,000
Subtotal Reappropriation. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $12,020,000
Prior Biennia (Expenditures) . . . . . . . . . . . . . . . . . . . . . . . . $6,000,000
Future Biennia (Projected Costs) . . . . . . . . . . . . . . . . . . . . . . $0
TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $18,020,000

TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $16,534,000

NEW SECTION. Sec. 1026. FOR THE DEPARTMENT OF COMMERCE
PWAA Preconstruction and Emergency Loan Programs (40000009)

The reappropriation in this section is subject to the following conditions and limitations:

(1) Up to $5,000,000 is for the public works board's emergency loan program.
(2) Up to $14,000,000 is for the public works board's preconstruction loan program.

Reappropriation:
State Taxable Building Construction Account—State. . . . . $18,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . $1,000,000
Future Biennia (Projected Costs). . . . . . . . . . . . . . $0

TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $19,000,000

NEW SECTION. Sec. 1027. FOR THE DEPARTMENT OF COMMERCE
Behavioral Health Community Capacity (40000018)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 6017 of this act.

Reappropriation:
State Building Construction Account—State. . . . . $85,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . $5,876,000
NEW SECTION. Sec. 1028. FOR THE DEPARTMENT OF COMMERCE

2019-21 Housing Trust Fund Program (40000036)

The appropriations in this section are subject to the following conditions and limitations:

(1) $154,000,000 of the state taxable building construction account—state appropriation and $21,000,000 of the state building construction account—state appropriation are provided solely for production and preservation of affordable housing. Of the amounts in this subsection:

(a) $17,000,000 of the appropriation in this section is provided solely for competitive grant awards for high quality affordable housing projects that will quickly move people from homelessness into secure housing and are significantly less expensive to construct than traditional housing. These funds must be awarded to projects with a total project development cost per housing unit of less than $125,000, excluding the value of land, off-site infrastructure costs, and any capitalized reserves, and with a commitment by the applicant to maintain the housing units for at least a twenty-five year period.

(b) $35,000,000 of the appropriation is provided solely for housing projects that provide supportive housing and case-management services to persons with behavioral or chronic mental illness. When evaluating applications for this population, the department must prioritize low-income supportive housing unit proposals that show:

(i) Evidence that the application was developed in collaboration with one or more behavioral health regions;

(ii) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in the applicant's region;

(iii) A commitment by the applicant to provide, directly or through a formal partnership, necessary treatment and supportive services to the tenants and maintain the beds or housing units for at least a forty-year period;

(iv) Readiness to begin structural modifications or construction resulting in a fast project completion; and

(v) Program requirements that adhere to the key elements of permanent supportive housing programs including choice in housing and...
living arrangements, functional separation of housing and services, community integration, rights of tenancy, and voluntary recovery-focused services.

(c) $10,000,000 of the appropriation in this section is provided solely for housing that serves people with developmental disabilities.

(d) $10,000,000 of the appropriation in this section is provided solely for housing that serves people who are employed as farmworkers.

(e) $12,500,000 of the appropriation in this section is provided solely for a state match or state matches on private contributions that fund the production and preservation of affordable housing. Awards must be made using a competitive process.

(f) The state building construction account—state appropriation in this section is provided solely for the following list of housing projects:

- Bellwether Housing (Seattle) ....................... $1,000,000
- Crosswalk Teen Shelter and Transitional Housing Project (Spokane) ....................... $1,000,000
- Ethiopian Community Affordable Housing (Seattle) .... $3,000,000
- FUSION Emergency Housing for Homeless Families (Federal Way) ....................... $1,500,000
- Highland Village (Airway Heights) .................... $3,500,000
- Home At Last (Tacoma) ................................. $1,000,000
- Mary's Place Family Center (Burien) ................... $1,500,000
- NorthHaven Affordable Senior Housing Campus (Seattle) . $1,000,000
- Plymouth Housing (Seattle) ............................. $1,000,000
- Roslyn Housing Project (Roslyn) .................... $2,000,000
- Seattle Indian Health Board - Low Income Housing (Seattle) ....................... $1,000,000
- Tenny Creek Assisted Living (Vancouver) ................ $1,000,000
- Veterans Supportive Housing (Yakima) ................ $2,500,000

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3) The department must strive to allocate all of the amounts appropriated in this section within the 2019-2021 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate
funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(4)(a) The department, in cooperation with the housing finance commission, must develop and implement a process for the collection of certified final development cost data from each grant or loan recipient under this section. The department must use this data as part of its cost containment policy.

(b) Beginning December 1, 2019, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies.

NEW SECTION. Sec. 1031. FOR THE DEPARTMENT OF COMMERCE

2019-21 Building for the Arts Grant Program (40000039)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is subject to the provisions of RCW 43.63A.750.

(2) Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by this appropriation. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(3) The appropriation is provided solely for the following list of projects:

Seattle Theatre Group. ......................... $310,000
Music Center of the Northwest. ............... $300,000
Seattle Symphony Orchestra. ................. $912,000
Broadway Center for the Performing Arts. ......... $586,000
Bainbridge Artisan Resource Network. ............. $1,057,000
Nordic Heritage Museum Foundation. .............. $2,000,000
Imagine Children's Museum. .................... $2,000,000
Seattle Opera. ................................ $526,000
KidsQuest Children's Museum. .................. $816,000

Future Biennia (Projected Costs)..................... $0
TOTAL....................................................... $7,091,000

NEW SECTION. Sec. 1034. FOR THE DEPARTMENT OF COMMERCE
Clean Energy Transition 4 (40000042)

The appropriations in this section are subject to the following conditions and limitations:
(1) The appropriations are provided solely for projects that provide a benefit to the public through development, demonstration, and deployment of clean energy technologies that save energy and reduce energy costs, reduce harmful air emissions, or increase energy independence for the state. Priority must be given to projects that benefit vulnerable populations, including communities with high environmental or energy burden.
(2) In soliciting and evaluating proposals, awarding contracts, and monitoring projects under this section, the department must:
(a) Ensure that competitive processes, rather than sole source contracting processes, are used to select all projects, except as otherwise noted in this section; and
(b) Conduct due diligence activities associated with the use of public funds including, but not limited to, oversight of the project selection process, project monitoring, and ensuring that all
applications and contracts fully comply with all applicable laws including disclosure and conflict of interest statutes.

(3)(a) Pursuant to chapter 42.52 RCW, the ethics in public service act, the department must require a project applicant to identify in application materials any state of Washington employees or former state employees employed by the firm or on the firm's governing board during the past twenty-four months. Application materials must identify the individual by name, the agency previously or currently employing the individual, job title or position held, and separation date. If it is determined by the department that a conflict of interest exists, the applicant may be disqualified from further consideration for award of funding.

(b) If the department finds, after due notice and examination, that there is a violation of chapter 42.52 RCW, or any similar statute involving a grantee who received funding under this section, either in procuring or performing under the grant, the department in its sole discretion may terminate the funding grant by written notice. If the grant is terminated, the department is entitled to pursue all available remedies under law to address the violation.

(4) The requirements in subsections (2) and (3) of this section must be specified in funding agreements issued by the department.

(5) $5,143,000 of the state building construction account—state appropriation is provided solely for grid modernization grants for projects that: Advance clean and renewable energy technologies and transmission and distribution control systems; support integration of renewable energy sources, deployment of distributed energy resources, and sustainable microgrids; and increase utility customer options for energy sources, energy efficiency, energy equipment, and utility services.

(a) Projects must be implemented by public and private electrical utilities that serve retail customers in the state. Eligible utilities may partner with other public and private sector research organizations and businesses in applying for funding.

(b) The department shall develop a grant application process to competitively select projects for grant awards, to include scoring conducted by a group of qualified experts with application of criteria specified by the department. In development of the application criteria, the department shall, to the extent possible, allow smaller utilities or consortia of small utilities to apply for funding.
Applications for grants must disclose all sources of public funds invested in a project.

(6)(a) $4,000,000 of the state building construction account—state appropriation is provided solely for competitive grants for strategic research and development for new and emerging clean energy technologies. These grants will be used to match federal or other nonstate funds to research, develop, and demonstrate clean energy technologies.

(b) The department shall consult and coordinate with the University of Washington, Washington State University, the Pacific Northwest national laboratory and other clean energy organizations to design the grant program. Clean energy organizations who compete for grants from the program may not participate in the design of the grant program. Criteria for the grant program must include life cycle cost analysis for projects that are part of the competitive process.

(c) The program may include, but is not limited to: Solar technologies, advanced bioenergy and biofuels, development of new earth abundant materials or lightweight materials, advanced energy storage, battery components recycling, and new renewable energy and energy efficiency technologies.

(7)(a) $2,857,000 of the state building construction account—state appropriation is provided solely as grants to nonprofit lenders to create a revolving loan fund to support the widespread use of proven energy efficiency and renewable energy technologies now inhibited by lack of access to capital.

(b) The department shall provide grant funds to one or more competitively selected nonprofit lenders that will provide matching private capital and will administer the loan fund. The department must select the loan fund administrator or administrators through a competitive process, with scoring conducted by a group of qualified experts, applying criteria specified by the department.

(c) The department must establish guidelines that specify applicant eligibility, the screening process, and evaluation and selection criteria. The guidelines must be used by the nonprofit lenders.

(8) $5,000,000 of the state building construction account—state appropriation is provided solely for the Washington maritime innovation center. The center must be used to support technology acceleration and incubation, and act as a focal point for maritime
sustainability, including, but not limited to, supporting technology
development for maritime decarbonization and electrification.

(9) $8,000,000 of the state building construction account—state
appropriation is provided solely for scientific instruments to help
accelerate research in energy storage for the electric grid at a new
facility at the Pacific Northwest national laboratory. The state
funds are contingent on securing federal funds for the new facility,
and are provided as a match to the federal funding. The instruments
purchased with this appropriation will support collaborations with
the University of Washington and Washington State University.

Appropriation:

| State Building Construction Account—State | $25,000,000 |
| Prior Biennia (Expenditures) | $0 |
| Future Biennia (Projected Costs) | $73,000,000 |
| **TOTAL** | **$98,000,000** |

**NEW SECTION. Sec. 1035. FOR THE DEPARTMENT OF COMMERCE**

2019-21 Building Communities Fund Program (40000043)

The appropriation in this section is subject to the following
conditions and limitations:

(1) The appropriation is subject to the provisions of RCW
43.63A.125.

(2) The department may not expend the appropriation in this
section unless and until the nonstate share of project costs have
been either expended or firmly committed, or both, in an amount
sufficient to complete the project or a distinct phase of the project
that is useable to the public for the purpose intended by this
appropriation. This requirement does not apply to projects where a
share of the appropriation is for design costs only.

- Prior Biennia (Expenditures): $0
- Future Biennia (Projected Costs): $0
- **TOTAL**: $36,785,000

---

**NEW SECTION. Sec. 1036. FOR THE DEPARTMENT OF COMMERCE**

2019-21 Early Learning Facilities (40000044)

The appropriation in this section is subject to the following conditions and limitations:

1. The appropriation is subject to the provisions of RCW 43.31.573.

2. $4,186,000 is provided solely for the following list of early learning facility projects in the following amounts:
Toppenish School District. ......................... $111,000
Manson School District. ............................ $400,000
Kettle Falls School District. ....................... $395,000
North Thurston School District. ................... $324,000
Ellensburg School District 401. ................... $800,000
Everett School District. ............................ $800,000
Tukwila School District 406. ....................... $196,000
Richland School District. .......................... $800,000
Lake Quinault School District. ..................... $360,000

(3) The department of commerce must assist the department of
children, youth, and families in developing a methodology to
identify, at the school district level, the geographic locations of
where early childhood education and assistance program slots are
needed to meet the entitlement specified in RCW 43.216.556. This
methodology must be linked to the caseload forecast produced by the
caseload forecast council and must include estimates of the number of
slots needed at each school district and the corresponding facility
needs required to meet the entitlement in accordance with RCW
43.216.556. This methodology must be included as part of the budget
submittal documentation required by RCW 43.88.030.

(4) When prioritizing areas with the highest unmet need for early
childhood education and assistance program slots, the department of
commerce must first consider those areas at risk of not meeting the
entitlement in accordance with RCW 43.216.556.

(5) The department of commerce must track the number of slots
being renovated separately from the number of slots being constructed
and, within these categories, must track the number of slots
separately by program for the working connections child care program
and the early childhood education and assistance program.

NEW SECTION. Sec. 1038. FOR THE DEPARTMENT OF COMMERCE
Energy Efficiency and Solar Grants Program (40000049)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) $1,666,000 for fiscal year 2020 and $5,000,000 for fiscal year 2021 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(b) At least twenty percent of each competitive grant round must be awarded in small cities or towns with a population of five thousand or fewer residents.

(c) In each competitive round, the higher the leverage ratio of nonstate funding sources to state grant and the higher the energy savings, the higher the project ranking.

(d) For school district applicants, priority consideration must be given to school districts that demonstrate improved health and safety through reduced exposure to polychlorinated biphenyl. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(2) $3,333,000 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for projects that involve the purchase and installation of solar energy systems,
including solar modules and inverters, with a preference for products manufactured in Washington.

(3) $5,000,000 is provided solely for efficiency and environmental performance improvements to minor works and stand-alone projects at state-owned facilities that repair or replace existing building systems including, but not limited to, HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request. Prior to awarding funds, the department shall submit to the office of financial management a list of all proposed awards for review and approval.

(4) The department shall develop metrics that indicate the performance of energy efficiency efforts and provide a report of the metrics, including at a minimum the current energy used by the building, the energy use after efficiencies are completed and cost of energy saved.

NEW SECTION. Sec. 1040. FOR THE DEPARTMENT OF COMMERCE

2019-21 Behavioral Health Capacity Grants (40000114)
The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for the department of commerce, in collaboration with the department of social and health services and the health care authority, to issue grants to community hospitals or other community providers to expand and establish new capacity for behavioral health services in communities. Amounts provided in this section may be used for construction and equipment costs associated with the establishment of the facilities. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services. The department shall establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more behavioral health regions;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(d) A commitment by the applicant to maintain the beds or facility for at least a ten-year period;

(e) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(f) A detailed estimate of the costs associated with opening the beds; and

(g) If applicable, the applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(2) In awarding funding for projects in subsection (3) of this section, the department, in consultation with the department of social and health services, the health care authority, and behavioral health regions, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.
(3) $101,500,000 is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1) and (2) of this section:

   (a) $5,000,000 is provided solely for at least two enhanced service facilities for long-term placement of geriatric or traumatic brain injury patients and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

   (b) $10,000,000 is provided solely for at least four intensive behavioral health treatment facilities for long-term placement of behavioral health patients with complex needs and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

   (c) $2,000,000 is provided solely for at least one facility with secure detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

   (d) $2,000,000 is provided solely for one or more facilities to add at least sixteen crisis triage and/or stabilization beds in the Spokane region that will address both urban and rural needs and are not subject to federal funding restrictions that apply to institutions of mental diseases, consistent with the settlement agreement in A.B., by and through Trueblood, et al., v. DSHS, et al.;

   (e) $7,500,000 is provided solely for at least five mental health drop-in centers that are not subject to federal funding restrictions that apply to institutions of mental diseases. No more than one mental health drop-in center should be funded in each of the nine regions;

   (f) $15,000,000 is provided solely for at least two enhanced adult residential care facilities for long-term placement of dementia patients that are not subject to federal funding restrictions that apply to institutions of mental diseases;

   (g) $21,300,000 is provided solely for the department to provide grants to community hospitals, freestanding evaluation and treatment providers, or freestanding psychiatric hospitals to develop capacity for beds to serve individuals on ninety-day or one hundred eighty-day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health and must only select facilities that meet the following conditions:
(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the department of social and health services;

(iv) The provider has demonstrated to the department of health and the health care authority that it is able to meet the applicable licensing and certification requirements for the facility that will be used to provide services; and

(v) The health care authority has confirmed that it intends to contract with the facility for operating costs within funds provided in the omnibus operating appropriations act for these purposes.

(h) $39,562,000 is provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section:

<table>

</tbody>
</table>

(i) $10,000,000 of the community behavioral health account—state appropriation is provided solely for competitive community behavioral health grants to address regional needs.

(4) $5,000,000 is provided solely for a behavioral health permanent supportive housing pilot. The department must work with the department of health and the health care authority to develop criteria for applicants. These must include:
(a) Evidence that the application was developed in collaboration with one or more behavioral health regions;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) A commitment by applicants to serve persons who are publicly funded;

(d) A commitment by the applicant to maintain the beds or facility for at least a twenty-year period;

(e) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(f) A detailed estimate of the costs associated with opening the beds; and

(g) Program requirements that adhere to the key elements of permanent supportive housing programs including choice in housing and living arrangements, functional separation of housing and services, community integration, rights of tenancy, and voluntary recovery-focused services.

(5) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

(6) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate enhanced services facilities, intensive behavioral health treatment facilities, secure detoxification facilities, crisis stabilization units, mental health drop-in centers, community hospitals or freestanding psychiatric hospitals, enhanced adult residential care facilities, and evaluation and treatment facilities.

(7) If Substitute Senate Bill No. 5537 (behavioral health facilities) is not enacted by June 30, 2019, and ratified by the people by December 5, 2019, then the community behavioral health account appropriation provided in this section shall lapse.

**NEW SECTION. Sec. 1041. FOR THE DEPARTMENT OF COMMERCE**

2020 Local and Community Projects (40000116)

The appropriation in this section is subject to the following conditions and limitations:

1. The department shall not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

2. Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

3. Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

4. Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

5. In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

6. Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.
(7) $615,000 of the appropriation in this section is provided solely for replacement and repair of dock facilities available for public use at Van Riper marina, without requiring matching resources, and provided that a grant and lease term of thirty years is offered to the recipient from the state.

(8) The appropriation is provided solely for the following list of projects:

- "Home" in Lushootseed (Seattle) .......... $947,000
- 2020 and Beyond Updated Small Water System Plan (Index) ............... $23,000
- Aging in PACE Washington (AiPACE) (Seattle) .... $1,500,000
- Airport Utility Extension (Pullman) ............. $1,626,000
- Aquatic and Recreation Center (King County) .... $1,050,000
- Battle Ground YMCA (Battle Ground) ........... $500,000
- Blue Mountain Action Council Comm. Services Center (Walla Walla) .... $1,000,000
- Bothell Downtown Revitalization (Bothell) ....... $1,500,000
- Boys & Girls Club ECEAP Facility (Monroe) .... $200,000
- Boys & Girls Club Parking Safety Improvements (Arlington) ........ $100,000
- Boys & Girls Club Roof and Flooring Repairs (Federal Way) .......... $319,000
- Brezee Creek Culvert Replacement/East 4th St Widening (La Center) .... $1,500,000
- Browns Park Project (Spokane Valley) ........... $520,000
- Carbonado Water Source Protection Acquisition (Carbonado) ........ $1,500,000
- Carl Maxey Center (Spokane) .................. $350,000
- Cathlamet Pioneer Center Restoration (Cathlamet) .... $165,000
- Cheney Reclaimed Water Project (Cheney) .......... $2,000,000
- Chief Kitsap Community and Education Center (Poulsbo) .. $750,000
- Chief Leschi Schools Facilities & Safety Project (Puyallup) .......... $250,000
- Civic Center Parking Lot Paving (Shelton) .......... $283,000
- Community Services of Moses Lake Food Bank Facility (Moses Lake) .... $2,000,000
- Dakota Homestead (Seattle) .................. $155,000
- Dungeness River Audubon Center Expansion (Sequim) .... $500,000
- East Hylebos Watershed Cons. Prop. Acquisition (Federal Way) .......... $500,000

TOTAL .................................................... $98,796,000

NEW SECTION. Sec. 1042. FOR THE DEPARTMENT OF COMMERCE
Washington Broadband Program (40000117)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for implementation of Second Substitute Senate Bill No. 5511 (broadband service). If the bill is not enacted by June 30, 2019, the amounts provided in this section shall lapse.

(2) The funding in this section is provided solely for grants and loans. Of the total funds:

(a) $10,000,000 is provided solely for loans. Moneys attributable to appropriations of state bond proceeds may not be expended for loans to nongovernmental entities.

(b) $6,550,000 is provided solely for grants.

(3) The public works board must collaborate with the community economic revitalization board on at least:

(a) Existing universal communications account funding that will be used for grant or loan distributions in the 2019-2021 biennial period; and

(b) New grants and loans from the new statewide broadband account created in Second Substitute Senate Bill No. 5511.

Appropriation:
Public Works Assistance Account—State ....................... $16,550,000
Prior Biennia (Expenditures) ................................. $0

Code Rev/AF:1el 34 S-3827.1/19
NEW SECTION. Sec. 1043. FOR THE DEPARTMENT OF COMMERCE
2019-21 Behavioral Rehabilitation Services Capacity Grants
(40000124)

The appropriation in this section is subject to the following conditions and limitations:

(1) Funding provided in this section may be used for the renovation or construction directly associated with behavioral rehabilitation services settings. The funding provided in this section is limited to projects at facilities that are not state-owned, that add capacity to address unmet need, and are maintained as behavioral rehabilitation services capacity available to the state for at least a five-year period.

(2) It is the goal of the legislature to achieve an additional twenty-four beds of behavioral rehabilitation services capacity by the conclusion of the 2019-2021 fiscal biennium. To the maximum extent possible, the department shall prioritize the use of the funding provided in this section in a manner that facilitates achieving this goal and consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues.

(3) The department shall consult as needed with the department of children, youth, and families to ensure that, to the maximum extent possible, the use of funding provided in this section facilitates placements that will better accommodate permanency plans including, but not limited to, parent-child visitation.

2019 Local and Community Projects (91001157)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 1012, chapter 298, Laws of 2018.

Reappropriation:
State Building Construction Account—State. $28,000,000
Prior Biennia (Expenditures) $12,569,000
Future Biennia (Projected Costs) $0
TOTAL $40,569,000

NEW SECTION. Sec. 1052. FOR THE DEPARTMENT OF COMMERCE
Central District Community Preservation and Development Authority (91001280)

The appropriation in this section is subject to the following conditions and limitations:
(1) $250,000 is provided solely for the department of commerce to support the establishment of the central district community preservation and development authority in order to facilitate the transfer of the Seattle vocational institute property located at 2120 South Jackson Street, Seattle, Washington 98144 from the Seattle central college to the authority established in House Bill No. 1918 (community preservation auth.). The department must contract with an entity that is familiar with the project, the community, and the state agencies to organize the central district community preservation and development authority.
(2) If House Bill No. 1918 is not enacted by June 30, 2019, the amounts provided in this section shall lapse.
Appropriation:

State Building Construction Account—State. $250,000
Prior Biennia (Expenditures). $0
Future Biennia (Projected Costs). $0
TOTAL. $250,000

NEW SECTION. Sec. 1053. FOR THE DEPARTMENT OF COMMERCE
Port and Export Related Infrastructure (92000102)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is subject to the provisions of section 306, chapter 1, Laws of 2012 2nd sp. sess.

Reappropriation:
State Building Construction Account—State. $700,000
Prior Biennia (Expenditures). $32,450,000
Future Biennia (Projected Costs). $0

**Emergency Repairs (90000041)**

The appropriation in this section is subject to the following conditions and limitations: Emergency repair funding is provided solely to address unexpected building or grounds failures that will impact public health and safety and the day-to-day operations of the facility. To be eligible for funds from the emergency repair pool, a request letter for emergency funding signed by the affected agency director must be submitted to the office of financial management and the appropriate legislative fiscal committees. The request must include a statement describing the health and safety hazard and impacts to facility operations, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of other funding that may be applied to the project. For emergencies occurring during a legislative session, an agency must notify the legislative fiscal committees before requesting emergency funds from the office of financial management. The office of financial management must notify the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as emergency projects are approved for funding.

**Appropriation:**

- **State Building Construction Account—State.** $5,000,000

Newhouse Replacement (92000020)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for design and construction documents, and finalization of the predesign, for the replacement of the Newhouse building with option C outlined in the phase I predesign options submitted by the department. This funding will establish the final budget on the project.
(2) The complete and final predesign, started in the 2017-2019 biennium, must be submitted to the legislative fiscal committees by August 31, 2019.

(3) The design must assume:
(a) Replacement of the Newhouse building located on the west block of opportunity site six;
(b) A building with at least 26,000 gross square feet with a facade similar to the American neoclassical style of the existing legislative buildings;
(c) Member offices of at least similar size as member offices in the Cherberg and existing Newhouse buildings; and
(d) Space for at least ninety senate staff.

(4) The design must evaluate as an option the addition of the legislative support services staff in areas of the building separate from the areas for member offices and senate staff.

(5) The design must evaluate options for temporary office space to be used during the construction of the building.

(6) The core management team must report on predesign and design at least monthly to the vice chair and assistant ranking member for capital budget of the senate ways and means committee.

(7) The schematic design must also be submitted to the legislative fiscal committees by June 30, 2020.

(8) The construction documents must be submitted to the legislative fiscal committees by June 30, 2021.

Reappropriation:
State Building Construction Account—State. $256,000

Appropriation:
State Building Construction Account—State. $3,000,000

Future Biennia (Projected Costs). $0
TOTAL. $3,450,000

NEW SECTION. Sec. 1086. FOR THE DEPARTMENT OF ENTERPRISE SERVICES
Legislative Building Skylights (92000027)
The appropriation in this section is subject to the following conditions and limitations:
(1) The appropriation in this section is provided solely for restoration of the legislative chamber skylights.

Code Rev/AF:lel 52 S-3827.1/19
(2) The funding is to replace the skylight openings that are located above the house of representatives and senate chambers in the legislative building with safety glass to allow as much natural light as possible into the chambers. The replacement glass must be of a quality that will provide for a reasonable assurance of safety in the event of a catastrophic event such as an earthquake.

(3) The skylight restoration project must include work on at least the following:

(a) The bronze ceiling laylight to include at least:
   (i) Reducing the number of light fixtures from forty to twenty;
   (ii) Utilizing energy efficient LED fixtures with a high level of light output;
   (iii) Restoring the 20 laylight bronze panels;
   (iv) Replacing the existing security camera;
   (v) Replacing the smoke detector with a smoke sampling system connected to the existing fire alarm system;
   (vi) Removing and replacing the insulation panels; and
   (vii) Replacing the current speaker cluster at the center of the laylight;

(b) The skylight attic, to include at least:
   (i) Painting conduit, pipes, structure, walls, and railing with a highly reflective white paint; and
   (ii) Addressing the heat gain from the skylight above;

(c) The roof and skylight system, to include at least modifying the existing roof system for the new skylights; and

(d) The chambers' acoustics.

(4) The project must use a design-build process and be completed in the 2019-2021 biennium while also ensuring stakeholder work with:

(a) The city of Olympia building department;

(b) The department of archaeology and historic preservation; and

(c) Legislative stakeholders to include the secretary of the senate and the chief clerk of the house of representatives.

NEW SECTION.  Sec. 1087.  FOR THE DEPARTMENT OF ENTERPRISE SERVICES

Legislative Building Cleaning (92000028)

The appropriations in this section are subject to the following conditions and limitations:

1. The appropriations in this section are provided solely for exterior preservation cleaning and repair of one of the legislative buildings listed in subsection (3) of this section each biennium.

2. Repair work must be completed on at least the:
   a. Stonework;
   b. Tuck pointing;
   c. Skylights;
   d. Windows;
   e. Minor roof repairs and waterproofing; and
   f. Interior finishes due to water damage.

3. The legislative buildings referenced in subsection (1) of this section include only:
   a. The legislative building;
   b. The temple of justice;
   c. The John A. Cherberg building;
   d. The John L. O'Brien building;
   e. The insurance building;
   f. The Irv Newhouse building; and
   g. The Pritchard building.

4. The funding provided in the 2019-2021 biennium must be used for the insurance building.

Appropriation:

State Building Construction Account—State. .......... $1,500,000

Prior Biennia (Expenditures)........................................ $0

Future Biennia (Projected Costs)................................. $6,000,000

TOTAL. ......................................................... $7,500,000

NEW SECTION.  Sec. 1088.  FOR THE DEPARTMENT OF ENTERPRISE SERVICES

Insurance Commissioner Office Building Predesign (92000029)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for a predesign study to determine space needs and
cost estimates to construct a building on the capitol campus to house
the office of the insurance commissioner and the state auditor's
office.

(1) In determining the program space required, the predesign must
consider:
(a) The necessary program space required to support the office of
the insurance commissioner, to include detail on current space usage
by facility compared to proposed space usage;
(b) The necessary program space required to support the state
auditor's office, to include detail on current space usage by
facility compared to proposed space usage; and
(c) Parking impacts of new office space construction.
(2) The study must consider, at a minimum:
(a) The potential to fund design and construction of the building
from sources other than state general obligation bonds;
(b) The financial cost analysis of current facility leases
compared to the cost of a financial contract for the new building, to
include operating budget cost impacts by fund source by fiscal year; and
(c) The following opportunity sites for the building, detailed in
the 2017 state capitol development site study:
(i) Site 1, the general administration building;
(ii) Site 12, the professional arts building;
(iii) Site 7, the old IBM building; and
(iv) Site 6B, the visitor center;
(3) The building must be a:
(a) High performance building and meet net-zero-ready standards,
with an energy use intensity of no greater than thirty-five;
(b) Building construction that must be procured using a
performance-based method such as design-build and must include an
energy performance guarantee comparing actual performance data with
the energy design target; and
(c) Design that includes cross-laminated timber products.
(4) The predesign study must result in:
(a) A preliminary report being submitted to the fiscal committees
of the legislature by February 28, 2020; and
(b) A final report being submitted to the fiscal committees of
the legislature by June 30, 2020.

Appropriation:
NEW SECTION. Sec. 1089. FOR THE MILITARY DEPARTMENT
King County Area Readiness Center (30000592)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely to acquire land in King county for a readiness center. If the department has not signed a purchase and sale agreement by June 30, 2021, the amounts provided in this section shall lapse.

Appropriation:

1. State Building Construction Account—State. $4,500,000

(40000027)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for grants to well-managed, publicly-owned group A water utilities for...
the repair and consolidation of group A and B water systems under the following conditions:

(1) A grant can be provided when a water system has been voluntarily transferred to a publicly owned water utility within the last three years. The grant may be used for repair and consolidation costs.

(2) The grant applicant must provide the department of health with an accounting of rehabilitation costs and the value of the system. The grant must be used primarily to cover project design and construction costs, and only in limited cases to cover the cost of system acquisitions, as determined by the department of health in evaluating grant applications.

(3) Grants must primarily be used to cover project construction costs that customers benefiting from the project cannot afford to repay through loans, as determined by the department of health and the publicly owned utility receiving the grant to complete the project.

(4) Applicants must provide a plan demonstrating that project completion will occur within three years of the grant contract execution.

(5) Each grant must be less than twenty-five percent of the total appropriation.

(6) The primary purpose of this appropriation is to fund water system repair and consolidation construction costs. However, the department may use up to $75,000 under this section for grants for feasibility review of water system repair and consolidation projects that would meet the objectives of this section and RCW 70.119A.190.

NEW SECTION.  Sec. 3069. FOR THE DEPARTMENT OF ECOLOGY
Reduce Air Pollution from Transit/Sch. Buses/State-Owned Vehicles (40000109)

The reappropriation in this section is subject to the following conditions and limitations:
(1) The reappropriation is provided solely for the department of ecology to enter into and administer grants to scrap and replace old, high-polluting diesel school buses, transit buses, and other vehicles, with low-emission and zero-emission vehicles.

(2) All expenditures from this reappropriation must be spent on projects that will reduce air pollution, improve public health for
thousands of Washington residents, help prevent violations of federal
air quality standards, reduce operating costs, and improve
transportation reliability for public fleet operators.

(3) Up to $12,000,000 of the reappropriation is for scrapping and
replacing pre-2001, high polluting school buses across the state with
diesel or alternate fueled (propane, compressed natural gas, zero
emission, etc.) school buses that meet current federal emissions
standards.

(4) $5,000,000 of the reappropriation is for the department to
fund electric vehicle charging station infrastructure at state
facilities for state-owned vehicles through an agreement with the
department of enterprise services. The agreement must contain a
requirement to provide a report to the legislative fiscal committees
by December 31, 2019, to include:

(a) The list of state facilities that will be impacted, and for
each state facility:

(i) How many state-owned vehicles will benefit from the
infrastructure; and

(ii) The date when the work will be completed at each state
facility;

(b) The total statewide count of charging stations that will be
available from these funds;

(c) The list of state agencies that will be impacted;

(d) The amount of funding used for new installation compared to
the amount of funding used to upgrade electrical equipment to
accommodate charging station installation;

(e) The methodology for how the funding was distributed; and

(f) The amount of funding state agencies anticipate to spend in
operating budget dollars, as applicable, due to this project.

(5) Up to $4,400,000 is for the Northwest seaport alliance for
construction of shore power electrification infrastructure of
Terminal 5.

(6) $1,200,000 is for the Northwest seaport alliance for a clean
electric truck fund managed by a certified community development alliance.

(7) The remainder of the appropriation is for scrapping and
replacing pre-2007 diesel, high-polluting transit buses across the
state with new electric, zero-emission buses.

NEW SECTION. Sec. 3085. FOR THE DEPARTMENT OF ECOLOGY
Healthy Housing Remediation Program (40000149)

The appropriation in this section is subject to the following conditions and limitations:

1. The appropriation is provided solely for the department to establish and administer a program to provide grants to persons intending to remediate contaminated real property for development of affordable housing, as defined in RCW 43.185A.010. The grants may only be used for:
   
   (a) Integrated planning to fund studies and other activities necessary to facilitate the acquisition, remediation, and adaptive reuse of known or suspected contaminated real property for affordable housing development, including:
      
      (i) The activities specified under RCW 70.105D.070(4)(e)(iv); and
      (ii) Entry into development agreements pursuant to RCW 36.70B.170 through 36.70B.190 to accelerate the development of the contaminated real property into affordable housing; and
   
   (b) Remediation of contaminated real property for affordable housing development.

2. When prioritizing grants under this section, the department must consult with the department of commerce and consider at a minimum:
   
   (a) The ability of the project to expedite the cleanup and reuse of the contaminated real property for affordable housing development;
   
   (b) The extent to which the project leverages other public or private funding for the cleanup and reuse of the contaminated real property for affordable housing development;
   
   (c) The suitability of the real property for affordable housing based on the threat posed by the contamination to human health;
   
   (d) Whether the work to be funded under the grant is ready to proceed and be completed; and
   
   (e) The distribution of grants throughout the state and among public and private entities.

3. Any remediation of contaminated real property funded under this section must be performed:
   
   (a) Under an agreed order or consent decree issued under chapter 70.105D RCW; and
   
   (b) In accordance with the rules established under chapter 70.105D RCW.

(4) Prior to a grant recipient conveying any interest in the real
property or entering into any leases, the real property must be
restricted to affordable housing use for a period of no less than
thirty years.
(a) The department may require a grant recipient to record an
interest in the land in accordance with RCW 64.04.130 or use other
means deemed by the department to be no less protective of the
affordable housing use and interests of the department.
(b) Any grant recipient who refuses, without sufficient cause, to
comply with this subsection shall be subject to enforcement pursuant
to any agreement or chapter 70.105D RCW for the repayment, with
interest, of funds provided under this section.

NEW SECTION. Sec. 3093. FOR THE DEPARTMENT OF ECOLOGY
2019-21 Chehalis Basin Strategy (40000209)

The appropriation in this section is subject to the following conditions and limitations:
(1) Up to $16,257,000 of the appropriation is for advancing the long-term strategy for the Chehalis basin projects to reduce flood damage and restore aquatic species including project level environmental review, data collection, engineering design of future construction projects, feasibility analysis, and engagement of state agencies, tribes, and other parties.
(2) Up to $33,747,000 of the appropriation is for construction of local priority flood protection and habitat restoration projects.
(3) The office of Chehalis basin board has discretion to allocate the funding between subsections (1) and (2) of this section if needed to meet the objectives of this appropriation.

(4) Up to one and a half percent of the appropriation provided in this section may be used by the recreation and conservation office to administer contracts associated with the subprojects funded through this section. Contract administration includes, but is not limited to: Drafting and amending contracts, reviewing and approving invoices, tracking expenditures, and performing field inspections to assess project status when conducting similar assessments related to other agency contracts in the same geographic area.

NEW SECTION. Sec. 3221. FOR THE STATE CONSERVATION COMMISSION

2019-21 Water Irrigation Efficiencies Program (40000009)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for technical assistance and grants to conservation districts for the purpose of implementing water conservation measures and irrigation efficiencies. The state conservation commission shall give preference to projects located in the sixteen fish critical basins, other water-short or drought impacted basins, and basins with significant water resource and instream flow issues. Projects that are not within the basins described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants listed in subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or a lease in the trust water rights program to enhance instream flows. The proportion of saved water placed in the trust water rights program must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency. The percentage of the public investment may
not exceed eighty-five percent of the total cost of the conservation measure or irrigation efficiency.

(3) Up to $300,000 of the appropriation in this section may be allocated for the purchase and installation of flow meters that are implemented in cooperation with the Washington state department of fish and wildlife fish screening program authorized under RCW 77.57.070.

Appropriation:

State Building Construction Account—State. . . . . . . $3,000,000

Code Rev/AF:lel 174 S-3827.1/19
NEW SECTION. Sec. 3277. FOR THE DEPARTMENT OF NATURAL RESOURCES
State Forest Land Replacement (40000032)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties with:
   (i) A population of twenty-five thousand or fewer; and
   (ii) Risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (1) and (2) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Appropriation:

State Building Construction Account—State. . . . . . . . . . . . . . . $6,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . . . . . $0
NEW SECTION. Sec. 3278. FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer Program (40000034)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document No. 2019-304S, developed March 27, 2019.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, 2020, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for
properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2021, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Appropriation:

State Building Construction Account—State. . . . . . . . $10,000,000

NEW SECTION. Sec. 3289. FOR THE DEPARTMENT OF NATURAL RESOURCES
Forest Hazard Reduction (40000049)

The appropriation in this section is subject to the following conditions and limitations:
(1) $13,200,000 is provided solely for: Mitigating risk of uncharacteristic wildfire and other disturbances to protect lives, communities, property, ecosystems, and working forests; implementing forest health treatments, prioritized pursuant to chapter 76.06 RCW,
on state lands and state forestlands, private lands, and federal lands, including implementation of the "good neighbor" agreement signed with the United States forest service and the bureau of land management, and "good neighbor" cross boundary competitive grants to forest collaboratives; and increasing the use of prescribed fire through improved trainings, prescribed burn certification programs, and shared stewardship strategies with federal land managers.

(2) $1,000,000 is provided solely for administering the forest health treatments pursuant to subsection (1) of this section with the following conditions and limitations:

(a) The department must contract with the Washington conservation corps, including veterans, to provide forest health treatments that may include thinning, pruning, and brush disposal, and other wildfire preparedness and fuel modification practices; and

(b) The department must work in conjunction with communities, counties, fire districts, and conservation districts in implementing wildfire preparedness and fuel modification practices.

State Building Construction Account—State. . . . . . . . . $277,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . $0
NEW SECTION. Sec. 4005. FOR THE DEPARTMENT OF TRANSPORTATION
Aviation Revitalization Loans (92000003)

The reappropriation in this section is subject to the following conditions and limitations:

(1)(a) The department of transportation must convene a community aviation revitalization board to exercise the powers granted under this section.

(b) The board must consist of a representative from the department of transportation's aviation division, the public works board, and a nonlegislative member of the community economic revitalization board. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of a general aviation pilots organization within Washington that has an active membership and established location, chapter, or appointed representative within Washington. The appointive members must initially be appointed to terms as follows: Two members for two-year terms, and three members for three-year terms which must include the chair. Thereafter, each succeeding term must be for three years. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair.

(c) Management services, including fiscal and contract services, must be provided by the department of transportation to assist the board in implementing this section.

(d) If a vacancy occurs by death, resignation, or otherwise of appointive members of the board, the secretary of transportation must fill the vacancy for the unexpired term. Members of the board may be removed for malfeasance or misfeasance in office, upon specific written charges by the secretary of transportation, under chapter 34.05 RCW.

(e) A member appointed by the secretary of transportation may not be absent from more than fifty percent of the regularly scheduled meetings in any one calendar year. Any member who exceeds this
absence limitation is deemed to have withdrawn from the office and may be replaced by the secretary of transportation.

(f) A majority of members currently appointed constitutes a quorum.

(g) The board must meet three times a year or as deemed necessary by the department of transportation.

(h) Staff support to the board must be provided by the department of transportation as needed.

(2) In addition to other applicable provisions of law pertaining to conflicts of interest of public officials, any community aviation revitalization board member, appointive or otherwise, may not participate in any decision on any board contract in which the board member has any interests, direct or indirect, with any firm, partnership, corporation, or association that would be the recipient of any aid under this section. If such participation occurs, the board must void the transaction and the involved member is subject to further sanctions as provided by law. The board must adopt a code of ethics for its members, which must be designed to protect the state and its citizens from any unethical conduct by the board.

(3) The community aviation revitalization board may:

(a) Adopt bylaws for the regulation of its affairs and the conduct of its business;

(b) Adopt an official seal and alter the seal at its pleasure;

(c) Utilize the services of other governmental agencies;

(d) Accept from any federal agency loans or grants for the planning or financing of any project and enter into an agreement with the agency respecting the loans or grants;

(e) Conduct examinations and investigations and take testimony at public hearings of any matter material for its information that will assist in determinations related to the exercise of the board's lawful powers;

(f) Accept any gifts, grants, loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions that are not in conflict with this section;

(g) Enter into agreements or other transactions with and accept grants and the cooperation of any governmental agency in furtherance of this section;

(h) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section; and
(i) Perform all acts and things necessary or convenient to carry out the powers expressly granted or implied under this section.

(4)(a) The community aviation revitalization board may make direct loans to airport sponsors of public use airports in the state for the purpose of airport improvements that primarily support general aviation activities. The board may provide loans for the purpose of airport improvements only if the state is receiving commensurate public benefit, which must include, as a condition of the loan, a commitment to provide public access to the airport for a period of time equivalent to one and one-half times the term of the loan. For purposes of this subsection, "public use airports" means all public use airports not listed as having more than seventy-five thousand annual commercial air service passenger enplanements as published by the federal aviation administration.

(b) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(i) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;

(ii) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;

(iii) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;

(iv) The loan application project results in the creation or retention of long-term economic opportunities; and

(v) The loan application project results in leveraging additional federal funding for an airport.

(c)(i) If the board chooses to require a local match, the board must develop guidelines for local participation and allowable match and activities.

(ii) An application must:

(A) Be supported by the port district, city, or county in which the project is located; or

(B) Clearly identify the source of funds intended to repay the loan.
(5) The public use general aviation airport loan program, when authorized by the community aviation revitalization board, is subject to the following conditions:

(a) The moneys in the public use general aviation airport loan revolving account created in section 7027 of this act must be used only to fulfill commitments arising from loans authorized in this section and section 6011 of this act. The total outstanding amount that the board must dispense at any time pursuant to this section must not exceed the moneys available from the account.

(b) On contracts made for public use general aviation airport loans, the board must determine the interest rate that loans must bear. The interest rate must not exceed the amount needed to cover the administrative expenses of the board and the loan program. The board may provide reasonable terms and conditions for the repayment of loans, with the repayment of a loan to begin no later than three years after the award date of the loan. The loans must not exceed twenty years in duration.

(c) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.

(6) All receipts from moneys collected under this section must be deposited into the public use general aviation airport loan revolving account created in section 7027 of this act.

NEW SECTION.  Sec. 5018. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Healthy Kids / Healthy Schools 2019-21 (40000021)

The appropriation in this section is subject to the following conditions and limitations:

(1) The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts and the department of health, shall develop or use its previously developed criteria for providing funding for specific projects that are consistent with the healthiest next generation priorities. The criteria must include, but are not limited to, the following:

(a) Districts or schools may apply for grants but no single district may receive more than $200,000 of the appropriation;

(b) Any district receiving funding provided in this section must demonstrate a consistent commitment to addressing school facilities' needs; and

(c) Applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program must be prioritized.

(2) The appropriation may be used:

(a) For water bottle filling stations, which may include replacement of lead-contaminated drinking water fixtures.

(b) To purchase equipment or make repairs related to improving children's physical health which may include, but is not limited to: Fitness playground equipment, covered play areas, and physical education equipment or related structures or renovation.

(c) To purchase equipment or make repairs related to improving children's nutrition which may include, but is not limited to: Garden related structures and greenhouses to provide students access to fresh produce, and kitchen equipment or upgrades.

UW Bothell (30000378)

The appropriation in this section is subject to the following conditions and limitations:

(1) The University of Washington and Cascadia College shall be tenants in common of the building constructed with this appropriation and shall have joint, equal, and undivided authority in the governance of the design, construction, and operation of the building.

(2) Half of the assignable space constructed with this appropriation shall be designed for and used exclusively by Cascadia College. Cascadia shall pay no rent or operations and maintenance expenses to the University of Washington for the space constructed with this appropriation.

(3) $2,343,000 of the appropriation in this section is provided solely for Cascadia College for equipment and project management.

(4) Criteria for selecting the design-build contractor must include life cycle costs, energy costs, or energy use index. Contractors and architectural and engineering firms may be eligible for additional points during the scoring process if they have experience with the state agency, or if they are considered a small business.

(5) The building must be built using sustainable building standards as defined in section 7009, chapter 2, Laws of 2018.

TOTAL .................................... $19,000,000

 Sec. 6003. 2018 c 298 s 1004 (uncodified) is amended to read as follows:
 FOR THE DEPARTMENT OF COMMERCE
 2018 Local and Community Projects (40000005)
The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list of projects:

Aberdeen Gateway Center (Aberdeen).................. $1,750,000

</table>

(8) $26,000 of the appropriation in this section is provided solely for implementation of the Spanaway lake management plan.
(9) $750,000 of the appropriation in this section is provided solely for the planning, development, acquisition, and other activities pursing open space conservation strategies for the historic Federal Way Weyerhaeuser campus. The grant recipient must be a regional nonprofit nature conservancy that works to conserve keystone properties selected by the city of Federal Way.

(10)(a) $900,000 of the appropriation in this section is provided solely for an Interbay public development advisory committee. It is the intent of the legislature to examine current and future needs of a state entity that performs an essential public function on state-owned property located in one of the state's designated manufacturing industrial centers. The legislature further intends to explore the potential future uses of this state-owned property in the event that the state entity determines that it must relocate in order to protect its ability to perform its essential public function.

(b) The Interbay public development advisory committee is created to make recommendations regarding the highest public benefit and future economic development uses for the Washington army national guard armory facility in the city of Seattle, pier 91 property, located at the descriptions referred to in the quit claim deeds for two parcels of land, 24.75 acres total, dated January 8, 1971, and December 22, 2009.

(c) The Interbay advisory committee consists of seven persons appointed as follows:

(i) One person appointed by the speaker of the house of representatives;

(ii) One person appointed by the president of the senate; and

(iii) Five persons appointed by the governor, who must collectively have experience in forming public-private partnerships to develop workforce housing or affordable housing; knowledge of project financing options for public-private partnerships related to housing; architectural design and development experience related to industrial lands and mixed-use zoning to include housing; and experience leading public processes to engage communities and other stakeholders in public discussions regarding economic development decisions.

(d) The Interbay public development advisory committee must:

(i) Work in collaboration with the military department to determine the needs of the military department if it is relocated
from the land described in subsection (1) of this section, including identifying:

(A) Current uses;
(B) Future needs of the units currently at this location;
(C) Potential suitable publicly owned sites in Washington for relocation of current units; and
(D) The costs associated with acquisition, construction, and relocation to another site or sites for these units;

(ii) Explore the future economic development opportunities if the land described in subsection (1) of this section is vacated by the military department, and make recommendations, including identifying:

(A) Suitable and unsuitable future uses for the land;
(B) Environmental issues and associated costs;
(C) Current public infrastructure availability, future public infrastructure plans by local or regional entities, and potential public infrastructure needs;
(D) Transportation corridors in the immediate area and any potential right-of-way needs; and

(E) Existing zoning regulations for the land and potential future zoning needs to evaluate workforce housing, affordable housing, and other commercial and industrial development compatible with the Ballard-Interbay manufacturing industrial center designation;

(iii) Explore the potential funding sources and partners as well as any needed transactions, and make recommendations, including:

(A) Any potential private partners or investors;
(B) Necessary real estate transactions;
(C) Federal funding opportunities; and
(D) State and local funding sources, including any tax-related programs; and

(iv) Conduct at least three public meetings at a location within the Ballard-Interbay manufacturing industrial center, where a quorum of the Interbay public development advisory committee members are present, at which members of the public are invited to present to the Interbay advisory committee regarding the future uses of the site and potential issues such as industrial land use, commercial development, residential zoning, and public infrastructure needs;

(v) Provide a report to the legislature and office of the governor with recommendations for each area described in this subsection (10)(d) by June 29, 2019. The Interbay advisory committee's recommendations must include recommendations regarding Code Rev/AF:lel
the structure, composition, and scope of authority of any subsequent
state public development authority that may be established to
implement the recommendations of the Interbay advisory committee
created in this section).

(e) (The Interbay advisory committee created in this section
terminates June 30, 2019.

(f) Nothing in this section authorizes the solicitation of
interest or bids for work related to the purposes of this section.

(g) The department of commerce shall provide staff
support to the Interbay advisory committee. The department may
contract with outside consultants to provide any needed expertise.

(h) Legislative members of the Interbay advisory
committee are reimbursed for travel in accordance with RCW 44.04.120.
Nonlegislative members are not entitled to be reimbursed for travel
expenses if they are elected officials or are participating on behalf
of an employer, governmental entity, or other organization. Any
reimbursement for other nonlegislative members is subject to chapter
43.03 RCW.

(11) $2,000,000 of the appropriation in this section is provided
solely to the city of Lakewood for the purchase of property within
the federally designated north clear zone at joint base Lewis-
McChord. Once acquired, the property must be zoned for use compatible
with the mission and activity of McChord airfield. The city may lease
or resell the acquired property for fair market value, but any such
lease or sale must include restrictions or covenants ensuring that
the use of the property is safely compatible with the mission and
activity of McChord airfield. If the city subsequently resells,
rezones, develops, or leases the property for commercial or
industrial uses contrary to the allowed uses in the north clear zone,
the city must repay to the state the amount spent on the purchase of
the property in its entirety within ten years.

(12) $250,000 of the appropriation in this section is provided
solely for a grant to the Federal Way chamber of commerce for two
economic development projects focused in the south Puget Sound area.
The amounts in this section must be used for a business retention and
expansion program to conduct economic research in collaboration with
stakeholders, develop data-driven economic strategies, and produce a
written evaluation; and a tourism enhancement program to develop and
inventory the Federal Way area tourism sector, analyze data regarding
visitation, and produce a written evaluation.
(13) $400,000 of the appropriation in this section is provided solely for the Northshore athletic field which shall be named "Andy Hill Sports Complex."

(14) $1,177,000 of the appropriation in this section is provided solely for the Harmony sports complex infrastructure and safety improvements in Vancouver and is contingent upon the facility being open to the public.

(15) $250,000 of the appropriation in this section is provided solely for the Asia Pacific cultural center in Tacoma. It is the intent of the legislature that beyond the 2017-2019 fiscal biennium no state funding is provided to the Asia Pacific cultural center in Tacoma.

Sec. 6011. 2018 c 2 s 4002 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION

Aviation Revitalization Loans (92000003)

The appropriation in this section is subject to the following conditions and limitations:

(1) This appropriation is provided solely for deposit into the public use general aviation airport loan revolving account created in section ((7028)) 7027 of this act for direct loans to political subdivisions of the state and privately owned airports for the purpose of improvements at public use airports that primarily support general aviation activities.

(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the capital budget chair and ranking minority member of the capital budget committee of the house of representatives and the senate ways and means committee, and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of pilots. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair. The director of commerce and the secretary of transportation must serve as nonvoting advisory members of the board.

(3) The board may provide loans to privately owned airports for the purpose of airport improvements only if the state is receiving commensurate public benefit, such as guaranteed long-term public access to the airport as a condition of the loan. For purposes of this subsection, "public use airports that primarily support general aviation activities" means all public use airports not listed as having more than fifty thousand annual commercial air service passenger enplanements as published by the federal aviation administration.

(4) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating
loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue-generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(a) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;
(b) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;
(c) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;
(d) The loan application project results in the creation or retention of long-term economic opportunities; and
(e) The loan application project results in leveraging additional federal funding for an airport.

(5) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.

Appropriation:

(State Taxable Building Construction) Public Works Assistance Account—State. $5,000,000

Prior Biennia (Expenditures). $0
Future Biennia (Projected Costs). $0

TOTAL. $5,000,000

Sec. 6012. 2018 c 2 s 3024 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ECOLOGY

Water Pollution Control State Match (40000013)

The appropriation in this section is subject to the following conditions and limitations: $10,194,000 of the appropriation is provided solely as state match for federal clean water funds. $10,194,000 of the appropriation must be transferred into the water pollution control revolving account.

Appropriation:

| TOTAL | ($2,849,000) |

**Sec. 6014.** 2018 c 2 s 3093 (uncodified) is amended to read as follows:

**FOR THE STATE CONSERVATION COMMISSION**

CREP PIP Loan Program 2017-19 (92000014)

Appropriation:

| Conservation Assistance Revolving Account—State | ($400,000) |
| Prior Biennia (Expenditures) | $0 |
| Future Biennia (Projected Costs) | $200,000 |
| TOTAL | ($250,000) |

**Sec. 6015.** 2018 c 2 s 1014 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF COMMERCE**

Energy Efficiency and Solar Grants (30000882)

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) $3,675,000 for fiscal year 2018 and $3,675,000 for fiscal year 2019 is provided solely for grants to be awarded in competitive Code Rev/AF:1el 248 S-3827.1/19
rounds to local agencies, public higher education institutions, school districts, and state agencies for operational cost savings improvements to facilities and related projects that result in energy and operational cost savings.

(b) At least twenty percent of each competitive grant round must be awarded to small cities or towns with a population of five thousand or fewer residents.

(c) In each competitive round, the higher the leverage ratio of nonstate funding sources to state grant and the higher the energy savings, the higher the project ranking.

(d) For school district applicants, priority consideration must be given to school districts that demonstrate improved health and safety through: (i) Reduced exposure to polychlorinated biphenyl; or (ii) replacing outdated heating systems that use oil or propane as fuel sources as identified by the Washington State University extension energy program. Priority consideration must be given to applicants that have not received grant awards for this purpose in prior biennia.

(2) $1,750,000 is provided solely for grants to be awarded in competitive rounds to local agencies, public higher education institutions, school districts, and state agencies for projects that involve the purchase and installation of solar energy systems, including solar modules and inverters, with a preference for products manufactured in Washington.

(3) $1,400,000 is provided solely for energy efficiency improvements to minor works and stand-alone projects at state-owned facilities that repair or replace existing building systems including, but not limited to HVAC, lighting, insulation, windows, and other mechanical systems. Eligibility for this funding is dependent on an analysis using the office of financial management's life-cycle cost tool that compares project design alternatives for initial and long-term cost-effectiveness. Assuming a reasonable return on investment, the department shall provide grants in the amount required to improve the project's energy efficiency compared to the original project request. Prior to awarding funds, the department of commerce shall submit to the office of financial management to develop a process for project submittal, review, approval criteria, tracking...
project budget adjustments, and performance measures) a list of all proposed awards for review and approval.

(4) $500,000 is provided solely for resource conservation managers in the department of enterprise services to coordinate with state agencies and school districts to assess and adjust existing building systems and operations to optimize the efficiency in use of energy and other resources in state-owned facilities. The department of commerce will oversee an interagency agreement with the department of enterprise services to fund the resource conservation managers.

(5) The department shall develop metrics that indicate the performance of energy efficiency efforts and provide a report of the metrics, including at a minimum the current energy used by the building, the energy use after efficiencies are completed, and cost of energy saved. (The report must include these metrics from other states.)

Appropriation:

State Building Construction Account—State. . . . . . . . . . . . . $5,500,000
Energy Efficiency Account—State. . . . . . . . . . . . . . . . . . . $5,500,000
Subtotal Appropriation. . . . . . . . . . . . . . . . . . . . . . . . $11,000,000
Prior Biennia (Expenditures). . . . . . . . . . . . . . . . . . . . . . $0

TOTAL. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . (($41,147,000)) $296,000

Sec. 6017. 2018 c 298 s 1007 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF COMMERCE

Behavioral Health Community Capacity (40000018)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department of commerce, in collaboration with the department of social and health services and the health care authority, to issue grants to community hospitals or other community entities to expand and establish new capacity for behavioral health services in communities. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities, and consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services. The department shall establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more behavioral health organizations, as defined in RCW 71.24.025, or entities that assume the responsibilities of behavioral health organizations in regions in which the health care authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(d) A commitment by the applicant to maintain the beds or facility for at least a ten-year period;

(e) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(f) A detailed estimate of the costs associated with opening the beds; and

(g) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.
(2) In awarding funding for projects in subsection (3), the department, in consultation with the department of social and health services, the health care authority, and behavioral health organizations, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(3) $49,600,000 is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1) and (2) of this section:

(a) $4,600,000 is provided solely for at least two enhanced service facilities for long-term placement of patients discharged or diverted from the state psychiatric hospitals and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) $4,000,000 is provided solely for at least two facilities with secure detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(c) $2,000,000 is provided solely for at least one facility with acute detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(d) $12,700,000 is provided solely for crisis diversion or stabilization facilities that are not subject to federal funding restrictions that apply to institutions of mental diseases. At least two of the facilities must be located in King county and one must be located in Pierce county. The facility in Pierce county shall receive no less than $3,200,000;

(e) $12,700,000 is provided solely for the department to provide grants to community hospitals or freestanding evaluation and treatment providers to develop capacity for beds to serve individuals on ninety or one hundred eighty day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health, and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;
(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the department of social and health services;

(iv) The provider has demonstrated to the department of health and the department of social and health services that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(v) The department of social and health services has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes;

(f) $6,600,000 is provided solely for the department to provide grants to community providers to develop psychiatric residential treatment beds to serve individuals being diverted or transitioned from the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, the department of health, and the local behavioral health organization jurisdiction for which a proposal has been submitted and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the behavioral health organization in the region or the entity that assumes the responsibilities of the behavioral health organization pursuant to RCW 71.24.380;

(iv) The provider has demonstrated to the department of health and the department of social and health services that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(v) The behavioral health organization or the entity that assumes the responsibilities of the behavioral health organization pursuant to RCW 71.24.380 has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes;

(g) $5,000,000 is provided solely for grants to community providers to increase behavioral health services and capacity for

Code Rev/AF:1el 253 S-3827.1/19
children and minor youth, including but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, and interventions for children exhibiting aggressive or depressive behaviors. In awarding funds for projects in this subsection, the department, in consultation with the department of social and health services and the health care authority must review projects based on the following criteria:

(i) The funding must be used to increase capacity related to serving children and minor youth with behavioral health needs;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases; and

(iii) The provider has demonstrated to the department of health, department of social and health services, and health care authority that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(h) $2,000,000 is provided solely for competitive community behavioral health grants.

(4) $35,276,000 is provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section:

North Sound Behavioral Health Organization
Youth Center.......................... $5,000,000
North Sound Behavioral Health Organization
Use Disorder Intensive Treatment........ $5,000,000
North Sound Stabilization Campus (Sedro-Woolley)... $1,550,000
Bellingham Mental Health Triage........... $5,000,000
Bellingham Acute Detox...................... $2,000,000
SWWA Diversion Crisis and Involuntary Treatment... $3,000,000
Daybreak Center for Adolescent Recovery........ $3,000,000
Nexus Youth and Families................... $500,000
Valley City Recovery Place.................. $2,000,000
Geriatric Diversion........................ $500,000
Skagit Triage Expansion (Mount Vernon)......... $326,000
Spokane Jail Diversion....................... $2,400,000
Tri-county Detox and Crisis Center............ $4,000,000
Toppenish Hospital......................... (($1,000,000)) $500,000

(5) $3,000,000 is provided solely for the Evergreen treatment services building purchase, contingent on matching funds.
(6)(a) $3,000,000 is provided solely for a grant to a joint venture between MultiCare-Franciscan to provide community based behavioral health services. Funding provided in this subsection is subject to the criteria in subsection (1) of this section. The department of commerce may not release funding for this project unless MultiCare-Franciscan enters into a memorandum of understanding with the department of social and health services by October 31, 2018, to collaborate on development and implementation of strategies to expand the behavioral health workforce in the region. At a minimum, the agreement must include strategies for increasing recruitment of health professionals required to staff psychiatric inpatient facilities, including psychiatrists, psychologists, nurses and other health care professionals. The agreement must also identify opportunities for coordination between the parties to expand access to clinical skill development and training opportunities in the region and strategies for collaborative service delivery between the parties when possible. To objectively evaluate the efficacy of the strategies implemented to achieve the desired outcomes of the agreement, performance measures and targets must be established to include:

(b) MultiCare-Franciscan and the department of social and health services must work collaboratively to decrease vacancy rates for hard-to-recruit health care professionals employed by each facility. The parties must develop strategies to attract more qualified health care professionals to the area and ensure comparable exposure to the benefits of working for each organization. The parties must measure the success of these strategies by the decrease in vacancy rate for health care professionals necessary to provide safe, quality inpatient psychiatric care in MultiCare-Franciscan and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. The parties must measure the success of this strategy by the number of health care professionals in total and by discipline complete cross-training activities and by the number and hours of cross-training opportunities offered under the agreement.
(7) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

(8) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.

(End of part)
NEW SECTION. Sec. 7001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are forty-nine million, six hundred thirteen thousand dollars for the 2019-2021 biennium, three hundred six million, nine hundred ninety four thousand dollars for the 2021-2023 biennium, and four hundred twenty-eight million, eight hundred ninety thousand dollars for the 2023-2025 biennium.

NEW SECTION. Sec. 7002. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. (1) The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(3) Western Washington University: Enter into a financing contract for up to $9,950,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a consolidated academic support services facility. The university must not increase
administrative support rates to pay debt service for this financing contract.

(4) Department of fish and wildlife: Enter into a financing contract for up to $3,099,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase automated salmon marking trailers.

(5) Department of natural resources: Enter into a financing contract for up to $1,800,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to remodel spaces within agency-owned commercial buildings that will benefit the common school trust.

(6) Department of social and health services: Enter into a financing contract for up to $3,600,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase the King county secure community transition center.

(7) Office of the secretary of state: Enter into a financing contract for up to $103,143,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct the library-archives building. The financial contract is provided solely for implementation of Substitute House Bill No. 2015 (library-archives building). If the bill is not enacted by June 30, 2019, the amounts provided in this subsection shall lapse.

(8) Washington state patrol: Enter into a financing contract for up to $7,450,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a replacement for the fire training academy burn building.

(9) Community and technical colleges:

(a) Enter into a financing contract on behalf of Columbia Basin Community College for up to $27,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct a student recreation center.

(b) Enter into a financing contract on behalf of Pierce College Puyallup for up to $2,831,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase land and construct parking.

(c) Enter into a financing contract on behalf of Walla Walla Community College for up to $1,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student activity center on the Clarkston campus.
(d) Enter into a financing contract on behalf of Walla Walla Community College for up to $6,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build a student recreation center.

(e) Enter into a financing contract on behalf of Wenatchee Valley College for up to $4,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Wells Hall replacement project.

(f) Enter into a financing contract on behalf of Yakima Valley Community College for up to $22,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to build additional instructional and lab classroom space.

(g) Enter into a financing contract on behalf of Everett Community College for up to $10,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase one or more properties adjacent to the campus.

NEW SECTION. Sec. 7003. (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of $5,000,000, or $10,000,000 for higher education institutions. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) The office of financial management may make an exception to the predesign requirements in this section after notifying the legislative fiscal committees and waiting ten days for comment by the legislature regarding the proposed exception.
NEW SECTION. Sec. 7004. Agencies administering construction projects with a total anticipated cost in excess of $5,000,000, or $10,000,000 for higher education institutions, must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 7005. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is...
substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.
NEW SECTION.  Sec. 7008.  (1) Any building project that receives over $10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by fifty percent below prerenovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Where appropriate, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural
gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 7009. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7010. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7011. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding $200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty percent of the moneys spent by the Washington state arts commission during the 2019-2021 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia shall lapse. The commission may use up to $200,000 of this amount to conserve or maintain existing pieces in the state art collection.

NEW SECTION. Sec. 7012. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.
NEW SECTION. Sec. 7013. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7014. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7015. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter 3, Laws of 2018, (House Bill No. 1080, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building account is necessary.
construction account to the state building construction account may be made.

Sec. 7016. RCW 28B.20.725 and 2018 c 2 s 7019 are each amended to read as follows:
The board is hereby empowered:
(1) To reserve the right to issue bonds later on a parity with any bonds being issued;
(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;
(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;
(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;
(5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. However, during the 2015-2017 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2015-2017 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2017-2019 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2017-2019 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2019-2021 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within the 2019-2021 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

Sec. 7017. RCW 28B.30.750 and 2018 c 2 s 7020 are each amended to read as follows:
The board is hereby empowered:
(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. However, during the 2015-2017 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2015-2017 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2017-2019 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2017-2019 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund. However, during the 2019-2021 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within the 2019-2021 fiscal biennium from the date of such transfer on all outstanding bonds payable out of the bond retirement fund.

NEW SECTION. Sec. 7018. (1) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between $25,000 and $1,000,000 each, with the exception of higher education minor works projects that may be valued up to $2,000,000. Funds appropriated in this act for minor works may not be initially allotted until agencies submit project lists to the office of financial management for review and approval.
(2) Revisions to the project lists, including the addition of projects and the transfer of funds between projects, are allowed but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment, and must include an explanation of variances from prior lists. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(3)(a) All minor works projects should be completed within two years of the appropriation with the funding provided.

(b) Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed $1,000,000, or $2,000,000 for higher education minor works projects.

(c) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (3)(c) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(d) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(e) Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

NEW SECTION. Sec. 7019. FOR THE STATE TREASURER—TRANSFERS

(1) Public Works Assistance Account: For transfer to the water pollution control revolving account, up to $6,000,000 for fiscal year 2020 and up to $6,000,000 for fiscal year 2021... $12,000,000.
(2) Public Works Assistance Account: For transfer to the drinking water assistance account, up to $5,500,000 for fiscal year 2020 and up to $5,500,000 for fiscal year 2021 .................. $11,000,000

NEW SECTION. Sec. 7020. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 7021. The department of enterprise services, in consultation with the office of financial management, is granted the authority to sell the property known as the Tacoma Rhodes complex for no less than fair market value. The price must cover appraisal costs, all debt service, all closing costs, and the cost of outstanding liabilities necessary to keep the department whole. The property consists of the broadway building, market building, and parking garage. The terms and conditions of the sale must meet the business needs of the state tenants.

Sec. 7022. RCW 43.88D.010 and 2018 c 298 s 7013 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that
they are based on solid enrollment demand projections, more
cost-effectively provide enrollment access than alternatives such as
university centers and distance learning, and make cost-effective use
of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities
that cannot be economically renovated are considered replacement
projects. New space may be programmed for the same or a different use
than the space being replaced and may include additions to improve
access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life
and upgrade space to meet current program requirements. Renovation
projects should represent a complete renovation of a total facility
or an isolated wing of a facility. A reasonable renovation project
should cost between sixty to eighty percent of current replacement
value and restore the renovated area to at least twenty-five years of
useful life. New space may be programmed for the same or a different use
than the space being renovated and may include additions to
improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through
expanded research activity. The acquisition and installation of
specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of
financial management in consultation with the legislative fiscal
committees.

(2) The office of financial management, in consultation with the
legislative fiscal committees, shall establish a scoring system and
process for each four-year project category that is based on the
framework used in the community and technical college system of
prioritization. Staff from the state board for community and
technical colleges and the four-year institutions shall provide
technical assistance on the development of a scoring system and
process.

(3) The office of financial management shall consult with the
legislative fiscal committees in the scoring of four-year institution
project proposals, and may also solicit participation by independent
experts.

(a) For each four-year project category, the scoring system must,
at a minimum, include an evaluation of enrollment trends,
reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the
legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (1) of this section, by November 1, (2020), the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, (2020), the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(b) Individual project proposals scored in prior biennia pursuant to subsection (1) of this section; and

(c) A prioritized list of up to five project proposals submitted pursuant to (a) and (b) of this subsection.

Sec. 7023. RCW 28B.77.070 and 2018 c 298 s 7014 are each amended to read as follows:

(1) The council shall identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature for the council to make budget recommendations for allocations for major policy changes in accordance with priorities set forth in the ten-year plan, but the legislature does not intend for the council to review and make recommendations on individual institutional budgets. It is the intent of the legislature that recommendations from the council prioritize funding needs for the overall system of higher education in accordance with priorities set forth in the ten-year plan. It is also

Code Rev/AF:lel 271 S-3827.1/19
the intent of the legislature that the council's recommendations take
into consideration the total per-student funding at similar public
institutions of higher education in the global challenge states.

(2) By December of each odd-numbered year, the council shall
outline the council's fiscal priorities under the ten-year plan that
it must distribute to the institutions, the state board for community
and technical colleges, the office of financial management, and the
joint higher education committee.

(a) Capital budget outlines for the two-year institutions shall
be submitted to the office of financial management by August 15th of
each even-numbered year, and shall include the prioritized ranking of
the capital projects being requested, a description of each capital
project, and the amount and fund source being requested.

(b) Capital budget outlines for the four-year institutions must
be submitted to the office of financial management by August 15th of
each even-numbered year, and must include: The institutions' priority
ranking of the project; the capital budget category within which the
project will be submitted to the office of financial management in
accordance with RCW 43.88D.010; a description of each capital
project; and the amount and fund source being requested.

(c) The office of financial management shall reference these
reporting requirements in its budget instructions.

(3) The council shall submit recommendations on the operating
budget priorities to support the ten-year plan to the office of
financial management by October 1st each year, and to the legislature
by January 1st each year.

(4)(a) The office of financial management shall develop one
prioritized list of capital projects for the legislature to consider
that includes all of the projects requested by the four-year
institutions of higher education that were scored by the office of
financial management pursuant to chapter 43.88D RCW, including
projects that were previously scored but not funded. The prioritized
list of capital projects shall be based on the following priorities
in the following order:

(i) Office of financial management scores pursuant to chapter
43.88D RCW;

(ii) Preserving assets;

(iii) Degree production; and

(iv) Maximizing efficient use of instructional space.
(b) The office of financial management shall include all of the capital projects requested by the four-year institutions of higher education, except for the minor works projects, in the prioritized list of capital projects provided to the legislature.

(c) The form of the prioritized list for capital projects requested by the four-year institutions of higher education shall be provided as one list, ranked in priority order with the highest priority project ranked number "1" through the lowest priority project numbered last. The ranking for the prioritized list of capital projects may not:
   (i) Include subpriorities;
   (ii) Be organized by category;
   (iii) Assume any state bond or building account biennial funding level to prioritize the list; or
   (iv) Assume any specific share of projects by institution in the priority list.

(5) Institutions and the state board for community and technical colleges shall submit any supplemental capital budget requests and revisions to the office of financial management by November 1st and to the legislature by January 1st.

(6) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (4) of this section, the office of financial management may, but is not obligated to, develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded.

NEW SECTION. Sec. 7024. (1) The department of natural resources must conduct an asset valuation of state lands and state forestlands held in trust and managed by the department. The analysis required in subsections (3) and (4) of this section may be provided through contracted services.

(2) The department must describe all trust lands, by trust, including timber lands, agricultural lands, commercial lands, and other lands, and identify revenues from leases or other sources for those lands. The department must briefly describe the income from these trust lands, and potential enhancements to income, including intergenerational income, from the asset bases of these trusts.
(3) The analysis must estimate the current fair market value of these lands for each trust beneficiary, including the separate beneficiaries of state lands as defined in RCW 79.02.010, and the beneficiaries of state forestlands as specified in chapter 79.22 RCW. The estimation of current fair market values must specify the values by the various asset classes including, but not limited to, the following asset classes: Timber lands; irrigated agriculture; dryland agriculture, including grazing lands; commercial real estate; mining; and other income production. The analysis must also estimate the value of ecosystem services and recreation benefits for asset classes that produce these benefits. The legislature encourages the department and its contractors to develop methods and tools to allow tracking of the estimated fair market values over time.

(4) For each of the different asset classes and for each of the various trusts, the analysis must calculate the average annual gross and net income as a percentage of estimated current asset value.

(5) The department must provide a progress report to the legislature by December 1, 2019, which may include any initial recommendations. The final report must be submitted by June 30, 2020, and must include options to:

(a) Improve the net rates of return on different classes of assets;

(b) Increase the reliability of, and enhance if possible, revenue for trust beneficiaries; and

(c) Present and explain factors that either (i) define, (ii) constrain, or (iii) define and constrain the department's management practices and revenue production. The factors to be considered include, but are not limited to, statutory, constitutional, operational, and social factors.

Sec. 7025. RCW 43.155.050 and 2017 3rd sp.s. c 10 s 5 and 2017 3rd sp.s. c 1 s 974 are each reenacted and amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and grants and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated or transferred to the water
pollution control revolving account [fund] and the drinking water assistance account to provide for state match requirements under federal law. Not more than twenty percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans and grants, emergency loans and grants, or loans and grants for capital facility planning under this chapter. Not more than ten percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated as grants for preconstruction, emergency, capital facility planning, and construction projects. During the (2015-2017) 2019-2021 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund, the water pollution control revolving account [fund], and the drinking water assistance account such amounts as reflect the excess fund balance of the account. During the (2015-2017 and) 2017-2019 fiscal biennium, the legislature may appropriate moneys from the account for activities related to rural economic development, the growth management act, the department of health drinking water system repairs and consolidation program, and the voluntary stewardship program. (During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the state general fund such amounts as specified by the legislature.) During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the public works assistance account to the education legacy trust account. It is the intent of the legislature that this policy will be continued in subsequent fiscal biennia.

Sec. 7026. 2018 c 298 s 1016 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Local and Community Projects 2016 (92000369)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount
sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is released for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) $2,209,000 of the appropriation in this section is provided solely for the Fairchild air force base protection and community empowerment project, including the purchase of twenty acres of land by Spokane county or the city of Airway Heights for development of affordable housing and the purchase of mobile home parks by Spokane county or the city of Airway Heights in order to reduce the use of the accident potential zone for residential purposes. There shall be no limitations on the sequence of the purchase of mobile home parks. If Spokane county or the city of Airway Heights subsequently rezones, develops, and leases the mobile home park property for commercial or industrial uses contrary to the allowed uses in the accident potential zone, Spokane county or the city of Airway Heights must repay to the state the amount spent on the purchase of mobile home parks in its entirety within ten years. Mobile home parks purchased under the provisions of this subsection may be sold by Spokane county or the city of Airway Heights, provided that the uses of the mobile home park property are not contrary to the allowed uses in the accident potential zone. Any moneys from this sale must be used to purchase other mobile home parks in the Fairchild air force base protection and community empowerment project.
protection and community empowerment project. The twenty acres of
land purchased under this subsection for development as affordable
housing may be sold, in whole or in part, by the recipient, provided
the property sold is used for affordable housing as required in the
Fairchild air force base protection and community empowerment
project. Recipients of funds provided under this subsection are not
required to demonstrate that the project site is under their control
for a minimum of ten years but they must demonstrate that the project
site is under their control through ownership or long-term lease.
Projects funded under this subsection are not required to meet the
provisions of RCW 43.63A.125(6) and subsection (5) of this section.

(8) $850,000 of the appropriation in this section is provided
solely for the White River restoration project. Design solutions for
flooding reductions in the lower White River must include a
floodplain habitat design that both reduces flood risks and restores
salmon habitat by reconnecting the river with its floodplain and a
sustainable riparian corridor. Project designs and plans must also
identify lands for acquisition needed for floodplain reconnection
where pending or existing development eliminates the potential for
riparian and aquatic habitat restoration. The city shall work
cooperatively with the Muckleshoot Indian Tribe and the Puyallup
Tribe of Indians, and develop a plan collaboratively to achieve both
flood reduction and habitat restoration.

(9) Up to $300,000 of the appropriation in this section for the
veterans helping veterans: Emergency transition shelter project may
be spent on preconstruction or preacquisition activities, including,
but not limited to, building inspections, design of necessary
renovations, cost estimation, and other activities necessary to
identify and select a facility appropriate for the program. The
remainder of the appropriation must be used for eventual acquisition
and renovations of a facility.

(10) $2,500,000 of the appropriation in this section is provided
solely for the mercy housing and health care center at Sand Point.
During the 2015-2017 fiscal biennium, the center may not house any
community health care training organization that has been
investigated by and has paid settlement fees to the attorney
general's office for alleged medicaid fraud.

(11) The Lake Chelan land use plan must be developed without
adverse impacts on agricultural operations.
(12) $1,300,000 of the appropriation in this section is provided solely for phase one of the main street revitalization project in the city of Mountlake Terrace.

(13) $300,000 of the appropriation in this section is provided solely for the city of Stanwood to acquire property for a new city hall/public safety facility.

(14) Up to 30 percent of the funding for the Kennewick boys and girls club may be used for land acquisition.

(15) The appropriation is provided solely for the following list of projects:

**Sec. 7027.** 2018 c 298 s 7010 (uncodified) is amended to read as follows:

The public use general aviation airport loan revolving account is created in the custody of the state treasurer. All receipts from moneys collected under ((section 4002, chapter 2, Laws of 2018, section 4002 of this act, and sections 1 through 8, chapter . . . (Substitute House Bill No. 1656), Laws of 2018)) sections 6011 and 4005 of this act must be deposited into the account. Expenditures from the account may be used only for the purposes described in ((section 4002, chapter 2, Laws of 2018, section 4002 of this act, and sections 1 through 8, chapter . . . (Substitute House Bill No. 1656), Laws of 2018)) sections 6011 and 4005 of this act. Only the community aviation revitalization board or the board's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 7028.** PROPERTY TRANSFER SEATTLE CENTRAL. If House Bill No. 1918 (community preservation auth.) is enacted by June 30, 2019, the Seattle Central College must transfer the deed of the property located at 2120 South Jackson Street, Seattle, Washington 98144, to the community preservation and development authority established in the bill. The transfer must be made by no later than June 30, 2021, once the community preservation and development authority has selected board members. The transfer must be at no cost to the community preservation and development authority.

**NEW SECTION. Sec. 7029.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 7030.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of
the state government and its existing public institutions, and takes
effect immediately."

(End of part)

SHB 1102 - S COMM AMD
By Committee on Ways & Means

On page 1, line 2 of the title, after "improvements;" strike the
remainder of the title and insert "amending RCW 28B.20.725,
28B.30.750, 43.88D.010, and 28B.77.070; amending 2018 c 2 ss 1010,
