**HUMAN SERVICES**

NEW SECTION.    **Sec. 201.    FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the  
2 payment rates.

3 (4) The department shall to the maximum extent practicable use  
4 the same system for delivery of spoken-language interpreter services  
5 for social services appointments as the one established for medical  
6 appointments in the health care authority. When contracting directly  
7 with an individual to deliver spoken language interpreter services,  
8 the department shall only contract with language access providers who  
9 are working at a location in the state and who are state-certified or  
10 state-authorized, except that when such a provider is not available,  
11 the department may use a language access provider who meets other  
12 certifications or standards deemed to meet state standards, including  
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed  
15 projects or investments impacting time capture, payroll and payment  
16 processes and systems, eligibility, case management, and  
17 authorization systems within the department of social and health  
18 services are subject to technical oversight by the office of the  
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the  
21 medicaid expansion for clients applying for or receiving state funded  
22 services from the department and its contractors. Prior to open  
23 enrollment, the department shall coordinate with the health care  
24 authority to provide referrals to the Washington health benefit  
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and  
27 medical assistance programs, and to maximize the use of federal  
28 funding, the health care authority, the department of social and  
29 health services, and the health benefit exchange will coordinate  
30 efforts to expand HealthPlanfinder access to public assistance and  
31 medical eligibility staff. The department shall complete medicaid  
32 applications in the HealthPlanfinder for households receiving or  
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the  
35 department of social and health services, the department of health,  
36 and the department of children, youth, and families shall work  
37 together within existing resources to establish the health and human  
38 services enterprise coalition (the coalition). The coalition, led by  
39 the health care authority, must be a multi-organization collaborative  
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,  
 2 including information technology projects that affect organizations  
 3 within the coalition. By October 31, 2019, the coalition must submit  
 4 a report to the governor and the legislature that describes the  
 5 coalition's plan for projects affecting the coalition organizations.  
 6 The report must include any information technology projects impacting  
 7 coalition organizations and, in collaboration with the office of the  
 8 chief information officer, provide: (a) The status of any information  
 9 technology projects currently being developed or implemented that  
 10 affect the coalition; (b) funding needs of these current and future  
 11 information technology projects; and (c) next steps for the  
 12 coalition's information technology projects. The office of the chief  
 13 information officer shall maintain a statewide perspective when  
 14 collaborating with the coalition to ensure that the development of  
 15 projects identified in this report are planned for in a manner that  
 16 ensures the efficient use of state resources and maximizes federal  
 17 financial participation. The work of the coalition is subject to the  
 18 conditions, limitations, and review provided in section 735 of this  
 19 act.

7 options described in (m)(i) of this subsection. At a minimum, for  
8 each setting, the presentation must include data about the number of  
9 placements, average daily rate, complaints fielded, and complaints

12	TOTAL APPROPRIATION. . . . .	\$16,983,166,000

13 The appropriations in this section are subject to the following  
14 conditions and limitations:

15 (1) \$306,355,000 of the general fund—state appropriation for  
16 fiscal year 2020 and \$291,321,000 of the general fund—state

21 described in subsections (2) and (3) of this section until  
22 specifically approved and appropriated by the legislature. To ensure  
23 compliance with legislative directive budget requirements and terms  
24 and conditions of the waiver, the authority shall implement the  
25 waiver and reporting requirements with oversight from the office of  
26 financial management. The legislature finds that appropriate  
27 management of the innovation waiver requires better analytic  
28 capability, transparency, consistency, timeliness, accuracy, and lack  
29 of redundancy with other established measures and that the patient  
30 must be considered first and foremost in the implementation and  
31 execution of the demonstration waiver. In order to effectuate these  
32 goals, the authority shall: (a) Require the Dr. Robert Bree  
33 collaborative and the health technology assessment program to reduce  
34 the administrative burden upon providers by only requiring  
35 performance measures that are nonduplicative of other nationally

37 oversight will evaluate the measures chosen by the collaborative and  
38 the health technology assessment program for effectiveness and  
39 appropriateness; (b) develop a patient satisfaction survey with the

2 patient to use the center of excellence location in exchange for  
3 additional out-of-pocket savings; (c) ensure patients and health care  
4 providers have significant input into the implementation of the  
5 demonstration waiver, in order to ensure improved patient health  
6 outcomes; and (d) in cooperation with the department of social and  
7 health services, consult with and provide notification of work on  
8 applications for federal waivers, including details on waiver  
9 duration, financial implications, and potential future impacts on the  
10 state budget, to the joint select committee on health care oversight  
11 prior to submitting waivers for federal approval. By federal  
12 standard, the medicaid transformation demonstration waiver shall not  
13 exceed the duration originally granted by the centers for medicare  
14 and medicaid services and any programs created or funded by this  
15 waiver do not create an entitlement.

16 (2) No more than \$305,659,000 of the general fund—federal  
17 appropriation and no more than \$157,284,000 of the general fund—local

19 communities of health described in initiative 1 of the medicaid  
20 transformation demonstration wavier under healthier Washington,  
21 including preventing youth drug use, opioid prevention and treatment,  
22 and physical and behavioral health integration. Under this  
23 initiative, the authority shall take into account local input  
24 regarding community needs. In order to ensure transparency to the  
25 appropriate fiscal committees of the legislature, the authority shall  
26 provide fiscal staff of the legislature query ability into any  
27 database of the fiscal intermediary that authority staff would be  
28 authorized to access. The authority shall not increase general fund—  
29 state expenditures under this initiative. The director shall also  
30 report to the fiscal committees of the legislature all of the  
31 expenditures under this subsection and shall provide such fiscal data  
32 in the time, manner, and form requested by the legislative fiscal  
33 committees. By December 15, 2019, the authority in collaboration with  
34 each accountable community of health shall demonstrate how it will be  
35 self-sustaining by the end of the demonstration waiver period,  
36 including sources of outside funding, and provide this reporting to  
37 the joint select committee on health care oversight. If by the third  
38 year of the demonstration waiver there are not measurable, improved  
39 patient outcomes and financial returns, the Washington state

1 institute for public policy will conduct an audit of the accountable  
2 communities of health, in addition to the process set in place  
3 through the independent evaluation required by the agreement with  
4 centers for medicare and medicaid services. Beginning May 1, 2019,  
5 participation in all initiatives under the medicaid transformation  
6 demonstration waiver is frozen at current participation levels. No  
7 new participants may be added to any initiative under this  
8 demonstration waiver without further federal approval.

9 (3) No more than \$79,829,000 of the general fund—federal  
10 appropriation may be expended for supported housing and employment  
11 services described in initiative 3a and 3b of the medicaid  
12 transformation demonstration waiver under healthier Washington. Under  
13 this initiative, the authority and the department of social and  
14 health services shall ensure that allowable and necessary services  
15 are provided to eligible clients as identified by the department or  
16 its third party administrator. The authority and the department in  
17 consultation with the medicaid forecast work group, shall ensure that  
18 reasonable reimbursements are established for services deemed  
19 necessary within an identified limit per individual. The authority  
20 shall not increase general fund—state expenditures under this  
21 initiative. The director shall report to the joint select committee  
22 on health care oversight no less than quarterly on financial and  
23 health outcomes. The director shall also report to the fiscal  
24 committees of the legislature all of the expenditures of this  
25 subsection and shall provide such fiscal data in the time, manner,  
26 and form requested by the legislative fiscal committees. Beginning  
27 May 1, 2019, the authority shall freeze participation in initiatives  
28 3a and 3b at the current level of enrollment. No new participants may  
29 be added without further federal approval.

30 (4) Annually, no later than November 1st, the authority shall  
31 report to the governor and appropriate committees of the legislature:  
32 (a) Savings attributed to behavioral and physical integration in  
33 areas that are scheduled to integrate in the following calendar year,  
34 and (b) savings attributed to behavioral and physical health  
35 integration and the level of savings achieved in areas that have  
36 integrated behavioral and physical health.

37 (5) \$95,236,000 of the general fund—state appropriation for  
38 fiscal year 2020 and \$99,302,000 of the general fund—state  
39 appropriation for fiscal year 2021 are provided solely for the

3 prepaid or fixed-sum risk basis to provide carved-out managed dental  
4 care services on a statewide basis that will result in greater  
5 efficiency and will facilitate better access and oral health outcomes  
6 for medicaid enrollees. Except in areas where only a single plan is  
7 available, the authority must contract with at least two plans at a  
8 single rate not to exceed the average cost of the two lowest cost  
9 apparently successful bidders. The authority shall include in the  
10 contracts:

11 (a) Quarterly reporting requirements to include medicaid  
12 utilization and encounter data by current dental technology (CDT)  
13 code;

20 with the primary care provider of the patient to ensure integrated  
21 care;

22 (f) A provision that no less than eighty-five percent of the  
23 contracting fee be used to directly offset the cost of providing  
24 direct patient care as opposed to administrative costs; and

25 (g) A provision to ensure the contracting fee shall be sufficient  
26 to compensate county health departments and federally qualified  
27 health centers for dental patient care.

28 The plan or plans awarded this contract must absorb all start-up  
29 costs associated with moving the program from fee-for-service to  
30 managed care and shall commit to achieving an overall savings to the  
31 program based on 2016 fee-for-service experience. In order to comply  
32 with state insurance underwriting standards, the authority shall  
33 ensure that savings offered by dental plans are actuarially sound. In  
34 order to ensure compliance with the provisions of this subsection,  
35 any contracts awarded must be reviewed and signed by the director of  
36 the office of financial management or their designee. Starting  
37 January 31, 2020, and every year thereafter through December 2025,  
38 the authority shall submit an annual report to the governor and the  
39 appropriate committees of the legislature detailing how the  
40 contracted entities have met the requirements of the contract. The

1 report shall include specific information to include utilization, how  
2 the contracted entities have increased their dental provider  
3 networks, how the emergency room use for dental purposes has been  
4 reduced, and how dental care has been integrated with patients'  
5 primary care providers. If after the end of five years the data  
6 reported does not demonstrate sufficient progress to address the  
7 stated contracted goals, the legislature will reevaluate whether  
8 carved-out dental managed care needs to be replaced with a different  
9 delivery model. The authority is authorized to seek any necessary  
10 state plan amendments or federal waivers to implement this  
11 subsection. Additional dental program savings achieved by the plans  
12 beyond those assumed in the 2019-2021 omnibus appropriations act will  
13 be used to increase dental provider reimbursement rates.

14 (6) \$1,805,727,000 of the general fund—state appropriation for  
15 fiscal year 2020 and \$1,876,135,000 of the general fund—state  
16 appropriation for fiscal year 2021 are provided solely for the  
17 authority to implement the recommendations of the centers for  
18 medicare and medicaid services center for program integrity as  
19 provided to the authority in the January 2019 Washington focused  
20 program integrity review final report. The authority is directed to:

21 (a) Organize all program integrity activities into a centralized  
22 unit or under a common protocol addressing provider enrollment, fraud  
23 and abuse detection, investigations, and law enforcement referrals  
24 that is more reflective of industry standards;

25 (b) Ensure appropriate resources are dedicated to prevention,  
26 detection, investigation, and suspected provider fraud at both the  
27 authority and at contracted managed care organizations;

28 (c) Ensure all required federal regulations are being followed  
29 and are incorporated into managed care contracts;

30 (d) Directly audit managed care encounter data to identify fraud,  
31 waste, and abuse issues with managed care organization providers;

32 (e) Initiate data mining activities in order to identify fraud,  
33 waste, and abuse issues with managed care organization providers;

34 (f) Implement proactive data mining and routine audits of  
35 validated managed care encounter data;

36 (g) Assess liquidated damages to managed care organizations when  
37 fraud, waste, or abuse with managed care organization providers is  
38 identified;

39 (h) Require managed care organizations submit accurate reports on  
40 overpayments, including the prompt reporting of overpayments

1 identified or recovered, specifying overpayments due to fraud, waste,  
2 or abuse;

3 (i) Implement processes to ensure integrity of data used for rate  
4 setting purposes;

5 (j) Refine payment suspension policies; and

6 (k) Ensure all federal database exclusion checks are performed at  
7 the appropriate intervals. The authority shall update managed care  
8 contracts as appropriate to reflect these requirements.

9 (7) Sufficient amounts are appropriated in this subsection to  
10 implement the medicaid expansion as defined in the social security  
11 act, section 1902(a)(10)(A)(i)(VIII).

12 (8) The legislature finds that medicaid payment rates, as  
13 calculated by the health care authority pursuant to the  
14 appropriations in this act, bear a reasonable relationship to the  
15 costs incurred by efficiently and economically operated facilities  
16 for providing quality services and will be sufficient to enlist  
17 enough providers so that care and services are available to the  
18 extent that such care and services are available to the general  
19 population in the geographic area. The legislature finds that the  
20 cost reports, payment data from the federal government, historical  
21 utilization, economic data, and clinical input constitute reliable  
22 data upon which to determine the payment rates.

23 (9) Based on quarterly expenditure reports and caseload  
24 forecasts, if the health care authority estimates that expenditures  
25 for the medical assistance program will exceed the appropriations,  
26 the health care authority shall take steps including but not limited  
27 to reduction of rates or elimination of optional services to reduce  
28 expenditures so that total program costs do not exceed the annual  
29 appropriation authority.

30 (10) In determining financial eligibility for medicaid-funded  
31 services, the health care authority is authorized to disregard  
32 recoveries by Holocaust survivors of insurance proceeds or other  
33 assets, as defined in RCW 48.104.030.

34 (11) The legislature affirms that it is in the state's interest  
35 for Harborview medical center to remain an economically viable  
36 component of the state's health care system.

37 (12) When a person is ineligible for medicaid solely by reason of  
38 residence in an institution for mental diseases, the health care  
39 authority shall provide the person with the same benefits as he or

1 she would receive if eligible for medicaid, using state-only funds to  
2 the extent necessary.

3 (13) \$4,261,000 of the general fund—state appropriation for  
4 fiscal year 2020, \$4,261,000 of the general fund—state appropriation  
5 for fiscal year 2021, and \$8,522,000 of the general fund—federal  
6 appropriation are provided solely for low-income disproportionate  
7 share hospital payments.

8 (14) Within the amounts appropriated in this section, the health  
9 care authority shall provide disproportionate share hospital payments  
10 to hospitals that provide services to children in the children's  
11 health program who are not eligible for services under Title XIX or  
12 XXI of the federal social security act due to their citizenship  
13 status.

14 (15) \$6,000,000 of the general fund—federal appropriation is  
15 provided solely for supplemental payments to nursing homes operated  
16 by public hospital districts. The public hospital district shall be  
17 responsible for providing the required nonfederal match for the  
18 supplemental payment, and the payments shall not exceed the maximum  
19 allowable under federal rules. It is the legislature's intent that  
20 the payments shall be supplemental to and shall not in any way offset  
21 or reduce the payments calculated and provided in accordance with  
22 part E of chapter 74.46 RCW. It is the legislature's further intent  
23 that costs otherwise allowable for rate-setting and settlement  
24 against payments under chapter 74.46 RCW shall not be disallowed  
25 solely because such costs have been paid by revenues retained by the  
26 nursing home from these supplemental payments. The supplemental  
27 payments are subject to retrospective interim and final cost  
28 settlements based on the nursing homes' as-filed and final medicare  
29 cost reports. The timing of the interim and final cost settlements  
30 shall be at the health care authority's discretion. During either the  
31 interim cost settlement or the final cost settlement, the health care  
32 authority shall recoup from the public hospital districts the  
33 supplemental payments that exceed the medicaid cost limit and/or the  
34 medicare upper payment limit. The health care authority shall apply  
35 federal rules for identifying the eligible incurred medicaid costs  
36 and the medicare upper payment limit.

37 (16) The health care authority shall continue the inpatient  
38 hospital certified public expenditures program for the 2019-2021  
39 fiscal biennium. The program shall apply to all public hospitals,

1 including those owned or operated by the state, except those  
2 classified as critical access hospitals or state psychiatric  
3 institutions. The health care authority shall submit reports to the  
4 governor and legislature by November 1, 2020, and by November 1,  
5 2021, that evaluate whether savings continue to exceed costs for this  
6 program. If the certified public expenditures (CPE) program in its  
7 current form is no longer cost-effective to maintain, the health care  
8 authority shall submit a report to the governor and legislature  
9 detailing cost-effective alternative uses of local, state, and  
10 federal resources as a replacement for this program. During fiscal  
11 year 2020 and fiscal year 2021, hospitals in the program shall be  
12 paid and shall retain one hundred percent of the federal portion of  
13 the allowable hospital cost for each medicaid inpatient fee-for-  
14 service claim payable by medical assistance and one hundred percent  
15 of the federal portion of the maximum disproportionate share hospital  
16 payment allowable under federal regulations. Inpatient medicaid  
17 payments shall be established using an allowable methodology that  
18 approximates the cost of claims submitted by the hospitals. Payments  
19 made to each hospital in the program in each fiscal year of the  
20 biennium shall be compared to a baseline amount. The baseline amount  
21 will be determined by the total of (a) the inpatient claim payment  
22 amounts that would have been paid during the fiscal year had the  
23 hospital not been in the CPE program based on the reimbursement rates  
24 developed, implemented, and consistent with policies approved in the  
25 2019-2021 biennial operating appropriations act and in effect on July  
26 1, 2015, (b) one-half of the indigent assistance disproportionate  
27 share hospital payment amounts paid to and retained by each hospital  
28 during fiscal year 2005, and (c) all of the other disproportionate  
29 share hospital payment amounts paid to and retained by each hospital  
30 during fiscal year 2005 to the extent the same disproportionate share  
31 hospital programs exist in the 2019-2021 fiscal biennium. If payments  
32 during the fiscal year exceed the hospital's baseline amount, no  
33 additional payments will be made to the hospital except the federal  
34 portion of allowable disproportionate share hospital payments for  
35 which the hospital can certify allowable match. If payments during  
36 the fiscal year are less than the baseline amount, the hospital will  
37 be paid a state grant equal to the difference between payments during  
38 the fiscal year and the applicable baseline amount. Payment of the  
39 state grant shall be made in the applicable fiscal year and  
40 distributed in monthly payments. The grants will be recalculated and

1 redistributed as the baseline is updated during the fiscal year. The  
2 grant payments are subject to an interim settlement within eleven  
3 months after the end of the fiscal year. A final settlement shall be  
4 performed. To the extent that either settlement determines that a  
5 hospital has received funds in excess of what it would have received  
6 as described in this subsection, the hospital must repay the excess  
7 amounts to the state when requested. \$537,000 of the general fund—  
8 state appropriation for fiscal year 2020 and \$522,000 of the general  
9 fund—state appropriation for fiscal year 2021 are provided solely for  
10 state grants for the participating hospitals.

11 (17) The health care authority shall seek public-private  
12 partnerships and federal funds that are or may become available to  
13 provide on-going support for outreach and education efforts under the  
14 federal children's health insurance program reauthorization act of  
15 2009.

16 (18) The health care authority shall target funding for maternity  
17 support services towards pregnant women with factors that lead to  
18 higher rates of poor birth outcomes, including hypertension, a  
19 preterm or low birth weight birth in the most recent previous birth,  
20 a cognitive deficit or developmental disability, substance abuse,  
21 severe mental illness, unhealthy weight or failure to gain weight,  
22 tobacco use, or African American or Native American race. The health  
23 care authority shall prioritize evidence-based practices for delivery  
24 of maternity support services. To the extent practicable, the health  
25 care authority shall develop a mechanism to increase federal funding  
26 for maternity support services by leveraging local public funding for  
27 those services.

28 (19) The authority shall submit reports to the governor and the  
29 legislature by September 15, 2020, and no later than September 15,  
30 2021, that delineate the number of individuals in medicaid managed  
31 care, by carrier, age, gender, and eligibility category, receiving  
32 preventative services and vaccinations. The reports should include  
33 baseline and benchmark information from the previous two fiscal years  
34 and should be inclusive of, but not limited to, services recommended  
35 under the United States preventative services task force, advisory  
36 committee on immunization practices, early and periodic screening,  
37 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
38 preventative and vaccination medicaid guidelines and requirements.

39 (20) Managed care contracts must incorporate accountability  
40 measures that monitor patient health and improved health outcomes,

1 and shall include an expectation that each patient receive a wellness  
2 examination that documents the baseline health status and allows for  
3 monitoring of health improvements and outcome measures.

4 (21) Sufficient amounts are appropriated in this section for the  
5 authority to provide an adult dental benefit.

6 (22) The health care authority shall coordinate with the  
7 department of social and health services to provide referrals to the  
8 Washington health benefit exchange for clients that will be  
9 ineligible for medicaid.

10 (23) To facilitate a single point of entry across public and  
11 medical assistance programs, and to maximize the use of federal  
12 funding, the health care authority, the department of social and  
13 health services, and the health benefit exchange will coordinate  
14 efforts to expand HealthPlanfinder access to public assistance and  
15 medical eligibility staff. The health care authority shall complete  
16 medicaid applications in the HealthPlanfinder for households  
17 receiving or applying for medical assistance benefits.

18 (24) \$90,000 of the general fund—state appropriation for fiscal  
19 year 2020, \$90,000 of the general fund—state appropriation for fiscal  
20 year 2021, and \$180,000 of the general fund—federal appropriation are  
21 provided solely to continue operation by a nonprofit organization of  
22 a toll-free hotline that assists families to learn about and enroll  
23 in the apple health for kids program.

24 (25) Within the amounts appropriated in this section, the  
25 authority shall reimburse for primary care services provided by  
26 naturopathic physicians.

27 (26) Within the amounts appropriated in this section, the  
28 authority shall continue to provide coverage for pregnant teens that  
29 qualify under existing pregnancy medical programs, but whose  
30 eligibility for pregnancy related services would otherwise end due to  
31 the application of the new modified adjusted gross income eligibility  
32 standard.

33 (27) Sufficient amounts are appropriated in this section to  
34 remove the mental health visit limit and to provide the shingles  
35 vaccine and screening, brief intervention, and referral to treatment  
36 benefits that are available in the medicaid alternative benefit plan  
37 in the classic medicaid benefit plan.

38 (28) The authority shall use revenue appropriated from the  
39 dedicated marijuana fund for contracts with community health centers

1 under RCW 69.50.540 in lieu of general fund—state payments to  
2 community health centers for services provided to medical assistance  
3 clients, and it is the intent of the legislature that this policy  
4 will be continued in subsequent fiscal biennia.

5 (29) Beginning no later than January 1, 2018, for any service  
6 eligible under the medicaid state plan for encounter payments,  
7 managed care organizations at the request of a rural health clinic  
8 shall pay the full published encounter rate directly to the clinic.  
9 At no time will a managed care organization be at risk for or have  
10 any right to the supplemental portion of the claim. Payments will be  
11 reconciled on at least an annual basis between the managed care  
12 organization and the authority, with final review and approval by the  
13 authority.

14 (30) Sufficient funds are provided for chiropractic care for  
15 adults with spinal pain diagnoses effective January 1, 2020. By  
16 September 15, 2021, the authority shall report to the governor and  
17 relevant committees of the legislature the cost of chiropractic care  
18 for adults with spinal pain diagnoses and avoided costs of other  
19 spinal pain treatments. The report must also include recommendations

21 avoided cost associated with recommended treatments.

22 (31) By October 15, 2019, the authority shall report to the  
23 governor and relevant committees of the legislature the status of  
24 rural health clinic reconciliations for calendar years 2011-2013,  
25 including any use of available unliquidated prior period accrual  
26 balances to refund the federal government for those calendar years.  
27 Additionally, the report shall include the status of rural health  
28 clinic reconciliations for calendar years 2014-2017, including  
29 anticipated amounts owed to or from rural health clinics from the  
30 reconciliation process for those calendar years. The authority shall  
31 not recover the state portion of rural health reconciliations for  
32 calendar years 2011-2013 for which no general fund state accrual was  
33 made. The authority shall not pursue recoveries for calendar years  
34 2014-2017 until after the legislature has an opportunity to take  
35 action during the 2020 legislative session. If the legislature does  
36 not take any action on rural health clinic reconciliations for  
37 calendar years 2014-2017, recoveries shall commence per

30 NEW SECTION. **Sec. 212. FOR THE STATE HEALTH CARE AUTHORITY—**  
31 **PUBLIC EMPLOYEES' BENEFITS BOARD AND EMPLOYEE BENEFITS PROGRAM**

32 State Health Care Authority Administrative Account—State

33 Appropriation. . . . .	\$34,400,000
34 TOTAL APPROPRIATION. . . . .	\$34,400,000

35 The appropriation in this section is subject to the following  
36 conditions and limitations:

- 37 (1) Any savings resulting from reduced claims costs or other  
38 factors must be reserved for funding employee benefits. The health

1 care authority shall deposit any moneys received on behalf of the  
2 uniform medical plan resulting from rebates on prescription drugs,  
3 audits of hospitals, subrogation payments, or any other moneys  
4 received as a result of prior uniform medical plan claims payments,  
5 in the public employees' and retirees' insurance account to be used  
6 for insurance benefits.

7 (2) Any changes to benefits must be approved by the public  
8 employees' benefits board. The board shall not make any changes to  
9 benefits without considering a comprehensive analysis of the cost of  
10 those changes, and shall not increase benefits unless savings  
11 achieved under subsection (3) of this section or offsetting cost  
12 reductions from other benefit revisions are sufficient to fund the  
13 changes. However, the funding provided anticipates that the public  
14 employees' benefits board may increase the availability of  
15 nutritional counseling in the uniform medical plan by allowing a  
16 lifetime limit of up to twelve nutritional counseling visits. The  
17 board may also, within the amounts provided, use cost savings to  
18 enhance the basic long-term disability benefit.

19 (3) Except as may be provided in a health care bargaining  
20 agreement, to provide benefits within the level of funding provided  
21 in part IX of this bill, the public employees' benefits board shall  
22 require or make any or all of the following: Employee premium  
23 copayments, increases increase in point-of-service cost sharing, the  
24 implementation of managed competition, or make other changes to  
25 benefits consistent with RCW 41.05.065.

1 The appropriations in this section are subject to the following  
2 conditions and limitations:

3 (1) For the purposes of this section, "behavioral health  
4 entities" means managed care organizations and administrative  
5 services organizations in regions where the authority is purchasing  
6 medical and behavioral health services through fully integrated  
7 contracts pursuant to RCW 71.24.380 and behavioral health  
8 organizations in regions that have not yet transitioned to fully  
9 integrated managed care.

10 (2) \$8,777,000 of the general fund—state appropriation for fiscal  
11 year 2020, \$10,424,000 of the general fund—state appropriation for  
12 fiscal year 2021, and \$20,197,000 of the general fund—federal  
13 appropriation are provided solely for the authority and behavioral  
14 health entities to continue to contract for implementation of high-  
15 intensity programs for assertive community treatment (PACT) teams. In  
16 determining the proportion of medicaid and nonmedicaid funding  
17 provided to behavioral health entities with PACT teams, the authority  
18 shall consider the differences between behavioral health entities in  
19 the percentages of services and other costs associated with the teams  
20 that are not reimbursable under medicaid. The authority may allow  
21 behavioral health entities which have nonmedicaid reimbursable costs  
22 that are higher than the nonmedicaid allocation they receive under  
23 this section to supplement these funds with local dollars or funds  
24 received under subsection (4) of this section. The authority and  
25 behavioral health entities shall maintain consistency with all  
26 essential elements of the PACT evidence-based practice model in  
27 programs funded under this section.

28 (3) From the general fund—state appropriations in this section,  
29 the authority shall assure that behavioral health entities reimburse  
30 the department of social and health services aging and long term  
31 support administration for the general fund—state cost of medicaid  
32 personal care services that enrolled behavioral health entity  
33 consumers use because of their psychiatric disability.

34 (4) \$81,930,000 of the general fund—state appropriation for  
35 fiscal year 2020 and \$81,930,000 of the general fund—state  
36 appropriation for fiscal year 2021 are provided solely for persons  
37 and services not covered by the medicaid program. To the extent  
38 possible, levels of behavioral health entity spending must be  
39 maintained in the following priority order: Crisis and commitment

1 services; community inpatient services; and residential care  
2 services, including personal care and emergency housing assistance.  
3 These amounts must be distributed to behavioral health entities  
4 proportionate to the fiscal year 2017 allocation of flexible  
5 nonmedicaid funds. The authority must include the following language  
6 in medicaid contracts with behavioral health entities unless they are  
7 provided formal notification from the center for medicaid and  
8 medicare services that the language will result in the loss of  
9 federal medicaid participation: "The contractor may voluntarily  
10 provide services that are in addition to those covered under the  
11 state plan, although the cost of these services cannot be included  
12 when determining payment rates unless including these costs are  
13 specifically allowed under federal law or an approved waiver."

14 (5) The authority is authorized to continue to contract directly,  
15 rather than through contracts with behavioral health entities for  
16 children's long-term inpatient facility services.

17 (6) \$1,204,000 of the general fund—state appropriation for fiscal  
18 year 2020 and \$1,204,000 of the general fund—state appropriation for  
19 fiscal year 2021 are provided solely to reimburse Pierce and Spokane  
20 counties for the cost of conducting one hundred eighty-day commitment  
21 hearings at the state psychiatric hospitals.

22 (7) Behavioral health entities may use local funds to earn  
23 additional federal medicaid match, provided the locally matched rate  
24 does not exceed the upper-bound of their federally allowable rate  
25 range, and provided that the enhanced funding is used only to provide  
26 medicaid state plan or waiver services to medicaid clients.  
27 Additionally, behavioral health entities may use a portion of the  
28 state funds allocated in accordance with subsection (4) of this  
29 section to earn additional medicaid match, but only to the extent  
30 that the application of such funds to medicaid services does not  
31 diminish the level of crisis and commitment, community inpatient,  
32 residential care, and outpatient services presently available to  
33 persons not eligible for medicaid.

34 (8) \$2,291,000 of the general fund—state appropriation for fiscal  
35 year 2020 and \$2,291,000 of the general fund—state appropriation for  
36 fiscal year 2021 are provided solely for mental health services for  
37 mentally ill offenders while confined in a county or city jail and  
38 for facilitating access to programs that offer mental health services  
39 upon release from confinement. The authority must collect information

1 from the behavioral health entities on their plan for using these  
2 funds, the numbers of individuals served, and the types of services  
3 provided and submit a report to the office of financial management  
4 and the appropriate fiscal committees of the legislature by December  
5 1st of each year of the biennium.

6 (9) Within the amounts appropriated in this section, funding is  
7 provided for the authority to develop and phase in intensive mental  
8 health services for high needs youth consistent with the settlement  
9 agreement in *T.R. v. Dreyfus and Porter*.

10 (10) The authority must establish minimum and maximum funding  
11 levels for all reserves allowed under behavioral health entity  
12 contracts and insert contract language that clearly states the  
13 requirements and limitations. The authority must monitor and ensure  
14 that behavioral health entity reserves do not exceed maximum levels.  
15 The authority must monitor behavioral health entity revenue and  
16 expenditure reports and must require a behavioral health entity to  
17 submit a corrective action plan on how it will spend its excess  
18 reserves within a reasonable period of time, when its reported  
19 reserves exceed maximum levels established under the contract. The  
20 authority must review and approve such plans and monitor to ensure  
21 compliance. If the authority determines that a behavioral health  
22 entity has failed to provide an adequate excess reserve corrective  
23 action plan or is not complying with an approved plan, the authority  
24 must reduce payments to the behavioral health entity in accordance  
25 with remedial actions provisions included in the contract. These  
26 reductions in payments must continue until the authority determines  
27 that the behavioral health entity has come into substantial  
28 compliance with an approved excess reserve corrective action plan.

29 (11) The number of beds allocated for use by behavioral health  
30 entities at eastern state hospital shall be one hundred ninety two  
31 per day. The number of nonforensic beds allocated for use by  
32 behavioral health entities at western state hospital shall be updated  
33 to reflect the actual beds available no less than at the beginning of  
34 each quarter, beginning July 1, 2019. In fiscal year 2020, the  
35 authority must reduce the number of beds allocated for use by  
36 behavioral health entities at western state hospital by any beds  
37 being repurposed from civil ward at western state hospital to provide  
38 forensic services. The bed allocation must also account for any beds  
39 contracted in community settings for the purpose of providing care in  
40 lieu of beds at the state hospitals and be incorporated in their

1 allocation of state hospital patient days of care for the purposes of  
2 calculating reimbursements pursuant to RCW 71.24.310. It is the  
3 intent of the legislature to continue the policy of expanding  
4 community based alternatives for long-term civil commitment services  
5 that allow for state hospital beds to be prioritized for forensic  
6 patients.

10 (a) Allocations for school building-level certificated  
 11 administrative staff salaries for the 2019-20 and 2020-21 school  
 12 years for general education students are determined using the formula  
 13 generated staff units calculated pursuant to this subsection. The  
 14 superintendent shall make allocations to school districts based on  
 15 the district's annual average full-time equivalent enrollment in each  
 16 grade. The following prototypical school values shall determine the

 24 center programs generate certificated school building-level  
 25 administrator staff units at per student rates that are a multiple of  
 26 the general education rate in (a) of this subsection by the following  
 27 factors: Career and Technical Education students. . . . . 1.025  
 28 Skill Center students. . . . . 1.198

29 (4) CLASSIFIED STAFF ALLOCATIONS

30 Allocations for classified staff units providing school building-  
 31 level and district-wide support services for the 2019-20 and 2020-21  
 32 school years are determined using the formula-generated staff units  
 33 provided in RCW 28A.150.260 and pursuant to this subsection, and  
 34 adjusted based on each district's annual average full-time equivalent  
 35 student enrollment in each grade.

4 school years for the central office administrative costs of operating  
5 a school district, at the following rates:

6 (a) The total central office staff units provided in this  
7 subsection (5) are calculated by first multiplying the total number  
8 of eligible certificated instructional, certificated administrative,  
9 and classified staff units providing school-based or district-wide  
10 support services, as identified in RCW 28A.150.260(6)(b) and the  
11 increased allocations provided pursuant to subsections (2) and (4) of  
12 this section, by 5.3 percent.

13 (b) Of the central office staff units calculated in (a) of this  
14 subsection, 74.53 percent are allocated as classified staff units, as  
15 generated in subsection (4) of this section, and 25.47 percent shall  
16 be allocated as administrative staff units, as generated in  
17 subsection (3) of this section.

18 (c) Staff units generated as enhancements outside the program of  
19 basic education to the minimum requirements of RCW 28A.150.260, and

21 are excluded from the total central office staff units calculation in  
22 (a) of this subsection.

23 (d) For students in approved career-technical and skill center  
24 programs, central office classified units are allocated at the same  
25 staff unit per student rate as those generated for general education  
26 students of the same grade in this subsection (5), and central office  
27 administrative staff units are allocated at staff unit per student  
28 rates that exceed the general education rate established for students  
29 in the same grade in this subsection (5) by 12.51 percent in the  
30 2019-20 school year and 12.53 percent in the 2020-21 school year for  
31 career and technical education students, and 17.84 percent in the  
32 2019-20 school year and 17.86 percent in the 2020-21 school year for

37 school year for certificated salary allocations provided under  
38 subsections (2), (3), and (5) of this section, and a rate of 24.33

7 benefit units determined as follows:

8 (i) The number of certificated staff units determined in  
9 subsections (2), (3), and (5) of this section; and

10 (ii) The number of classified staff units determined in  
11 subsections (4) and (5) of this section.

12 (b) Beginning January 1, 2020, and for the 2020-21 school year,  
13 insurance benefit allocations shall be calculated at the maintenance  
14 rate specified in section 504 of this act, based on the number of  
15 calculated benefit units determined below. Calculated benefit units  
16 are staff units multiplied by the benefit allocation factors  
17 established in the collective bargaining agreement referenced in  
18 section 937 of this act. These factors are intended to adjust  
19 allocations so that, for the purpose of distributing insurance  
20 benefits, full-time equivalent employees may be calculated on the  
21 basis of 630 hours of work per year, with no individual employee  
22 counted as more than one full-time equivalent. The number of benefit  
23 units is determined as follows:

24 (i) The number of certificated staff units determined in  
25 subsections (2), (3), and (5) of this section multiplied by 1.02; and

13 salary except as provided in RCW 28A.400.200, as amended by chapter  
14 13, Laws of 2017 3rd sp. sess. (fully funding the program of basic

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4)(a) For institutions receiving appropriations in section 605 of this act, the only allowable salary increases provided are those with normally occurring promotions and increases related to faculty and staff retention, except as provided in Part IX of this act and as provided in RCW 28B.52.035. It is the intent of the legislature that salary increases provided under RCW 28B.52.035 be excluded from the base salary when calculating state funding for future general wage or other salary increases provided by the legislature. In order to facilitate this funding policy, the state board for community and technical colleges shall report to the office of financial management on the details of locally authorized salary increases granted under RCW 28B.52.035 with its 2021-2023 biennial budget submittal. At a minimum, the report must include the total cost of locally authorized increases by fiscal year, a description of the locally authorized

21 increases to the base salary of staff, including increases granted  
22 under this subsection (4)(c) and RCW 41.76.035. It is the intent of  
23 the legislature that salary increases provided under this subsection  
24 (4)(c)(ii) and RCW 41.76.035 be excluded from the base salary when  
25 calculating state funding for future general wage or other salary  
26 increases provided by the legislature. In order to facilitate this  
27 funding policy, each institution shall report to the office of  
28 financial management on the details of locally authorized salary  
29 increases granted under this subsection (4)(c)(ii) and RCW 41.76.035  
30 with its 2021-2023 biennial budget submittal. At a minimum, the  
31 report must include the total cost of locally authorized increases by

29 account in the custody of the state treasurer or located outside the  
30 treasury; or use any check, warrant, journal voucher, or transfer of  
31 moneys from the general fund to allocate costs or reimburse  
32 expenditures made from another account in the custody of the state  
33 treasurer or located outside the treasury.

10 across fiscal periods and biennia from project onset through  
11 implementation and close out.

12 (b) As part of the development of a technology budget and at each

27 (ii) The office of the state chief information officer staff  
28 assigned to the project;

29 (iii) An implementation schedule covering activities, critical  
30 milestones, and deliverables at each stage of the project for the  
31 life of the project at each agency affected by the project;

32 (iv) Performance measures used to determine that the project is  
33 on time, within budget, and meeting expectations for quality of work  
34 product;

39 index and subobject codes.

1 (6) Projects with estimated costs greater than one hundred  
2 million dollars from initiation to completion and implementation may  
3 be divided into discrete subprojects as determined by the office of  
4 the state chief information officer. Each subproject must have a  
5 technology budget and investment plan as provided in this section.

11 (ii) Noting if the project has a completed market requirements  
12 document;

13 (iii) Financial status of information technology projects under  
14 oversight; and

15 (iv) Coordination with agencies.

16 (b) The dashboard must retain a roll up of the entire project  
17 cost, including all subprojects, that can be displayed the subproject  
18 detail.

19 (8) If the project affects more than one agency:

20 (a) A separate technology budget and investment plan must be  
21 prepared for each agency; and

22 (b) The dashboard must contain a statewide project technology  
23 budget roll up that includes each affected agency at the subproject  
24 level.

25 (9) For any project that exceeds two million dollars in total  
26 funds to complete, requires more than one biennium to complete, or is  
27 financed through financial contracts, bonds, or other indebtedness:

28 (a) Quality assurance for the project must report independently  
29 the office of the chief information officer;

30 (b) The office of the chief information officer must review, and,  
31 if necessary, revise the proposed project to ensure it is flexible  
32 and adaptable to advances in technology;

33 (c) The technology budget must specifically identify the uses of  
34 any financing proceeds. No more than thirty percent of the financing  
35 proceeds may be used for payroll-related costs for state employees  
36 assigned to project management, installation, testing, or training;

37 (d) The agency must consult with the office of the state  
38 treasurer during the competitive procurement process to evaluate  
39 early in the process whether products and services to be solicited  
40 and the responsive bids from a solicitation may be financed; and

1 (e) The agency must consult with the contracting division of the  
2 department of enterprise services for a review of all contracts and  
3 agreements related to the project's information technology  
4 procurements.

5 (10) The office of the state chief information officer must  
6 evaluate the project at each stage and certify whether the project is  
7 planned, managed, and meeting deliverable targets as defined in the  
8 project's approved technology budget and investment plan.

9 (11) The office of the state chief information officer may  
10 suspend or terminate a project at any time if it determines that the  
11 project is not meeting or not expected to meet anticipated  
12 performance and technology outcomes. Once suspension or termination  
13 occurs, the agency shall unallot any unused funding and shall not  
14 make any expenditure for the project without the approval of the  
15 office of financial management.

16 (12) The office of the state chief information officer, in  
17 consultation with the office of financial management, may identify  
18 additional projects to be subject to this section, including projects  
19 that are not separately identified within an agency budget.

20 (13) Any cost to administer or implement this section for  
21 projects listed in subsection (1) of this section, must be paid from  
22 the information technology investment revolving account. For any  
23 other information technology project made subject to the conditions,  
24 limitations, and review of this section, the cost to implement this  
25 section must be paid from the funds for that project.

10 certifications and provides better information to policymakers. The  
11 legislature intends to assess a certification processing fee to  
12 eliminate state-funded support of the cost to issue educator  
13 certificates.

15 28A.410.060 for certificated instructional staff as defined in RCW

21 shall set the fee at a sufficient level to defray the costs of  
22 administering the educator certification program under RCW  
23 28A.300.040(9) and the paraeducator certificate program under chapter  
24 28A.413 RCW. Revenue generated through the processing fee shall be  
25 deposited in the educator certification processing account.

26       (3) (a) The educator certification processing account is  
27 established in the custody of the state treasurer. The superintendent  
28 of public instruction shall deposit in the account all moneys  
29 received from the fees collected in subsection (2) of this section.  
30 Moneys in the account may be spent only for the processing of  
31 educator certificates and subsequent actions and paraeducator  
32 certificates and subsequent actions. Disbursements from the account  
33 shall be on authorization of the superintendent of public instruction  
34 or the superintendent's designee. The account is subject to the

25 biennium, moneys in the community and technical college innovation  
26 account may be used for compensation for community and technical  
27 college employees. Only the director of the college board or the  
28 director's designee may authorize expenditures from the account. The  
29 account is subject to allotment procedures under chapter 43.88 RCW,  
30 but an appropriation is not required for expenditures.

32 account may be used solely to:

33 (a) Pay and secure the payment of the principal of and interest

18 ownership; opportunities for partnerships, collaboration,  
19 coordination and consolidation with other entities in higher  
20 education; technical flexibility; and other requirements that support  
21 costs efficiencies. If the college board adopts a plan for an  
22 enterprise solution that is not coordinated with other institutions  
23 of higher education, authorization of expenditure of funds by the  
24 legislature must be approved by the office of financial management.

25 (5) The legislature encourages the college board to reduce future

35 issuing bonds payable out of building fees, shall certify to the

1 projects account. Such amounts of the funds deposited in the  
2 community and technical college capital projects account as are  
3 necessary to pay and secure the payment of the principal of and  
4 interest on the building bonds issued by the college board as  
5 authorized by this chapter shall be devoted to that purpose. If in  
6 any twelve-month period it shall appear that the amount certified by  
7 the college board is insufficient to pay and secure the payment of  
8 the principal of and interest on the outstanding building bonds, the  
9 state treasurer shall notify the college board and such board shall  
10 adjust its certificate so that all requirements of moneys to pay and

1 considered at-risk of dropping out of secondary education who

13 programs supported by the fund. All earnings of investments of  
14 balances in the state educational trust fund shall be credited to the  
15 trust fund. Expenditures from the fund shall not be subject to  
16 appropriation but are subject to allotment procedures under chapter

27 determines that there is a shortage or insufficient availability of a  
28 credentialed profession so as to jeopardize patient care and pose a  
29 threat to the public health and safety. The department shall consider  
30 the relative degree of shortages among professions when determining  
31 eligibility. The department may add or remove professions from  
32 eligibility based upon the determination that a profession is no  
33 longer in shortage. Should a profession no longer be eligible,  
34 participants or eligible students who have received scholarships  
35 shall be eligible to continue to receive scholarships or loan  
36 repayments until they are no longer eligible or until their service

36 the legislature may transfer from the disaster response account to  
37 the state general fund such amounts as reflect the excess fund  
38 balance of the account. During the 2015-2017 and 2017-2019 fiscal

1 biennia, expenditures from the disaster response account may be used

6 (i) Beginning in fiscal year 2018, if marijuana excise tax

26 county's total proportional population. Funds may only be distributed  
27 to jurisdictions that do not prohibit the siting of any state  
28 licensed marijuana producer, processor, or retailer.

29 (ii) Distribution amounts allocated to each county, city, and

37 to counties and cities in (g)(i) of this subsection (2) may not  
38 exceed fifteen million dollars in fiscal years 2018 and 2019 and  
39 twenty million dollars per fiscal year thereafter. It is the intent  
40 of the legislature that the policy for the maximum distributions in

1 the subsequent fiscal biennia will be no more than fifteen million  
2 dollars per fiscal year.

3 For the purposes of this section, "marijuana products" means  
4 "useable marijuana," "marijuana concentrates," and "marijuana-infused  
5 products" as those terms are defined in RCW 69.50.101.

6 **Sec. 982.** RCW 70.155.120 and 2016 sp.s. c 38 s 2 are each  
7 amended to read as follows:

8 (1) The youth tobacco and vapor products prevention account is

22 agreements with the liquor and cannabis board to pay the costs  
23 incurred, up to thirty percent of available funds, in carrying out  
24 its enforcement responsibilities under this chapter. Such agreements  
25 shall set forth standards of enforcement, consistent with the funding  
26 available, so as to reduce the extent to which tobacco products and  
27 vapor products are available to individuals under the age of  
28 eighteen. The agreements shall also set forth requirements for data  
29 reporting by the liquor and cannabis board regarding its enforcement  
30 activities. During the 2019-2021 fiscal biennium, the department of  
31 health shall pay the costs incurred, up to twenty-three percent of

6 fiscal biennium, the department of health shall, within up to  
7 seventy-seven percent of available funds, provide grants to local  
8 health departments or other local community agencies to develop and  
9 implement coordinated tobacco and vapor product intervention  
10 strategies to prevent and reduce tobacco and vapor product use by  
11 youth.

12 **Sec. 983.** RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044  
13 are each reenacted and amended to read as follows:

14 (1) The criminal justice treatment account is created in the  
15 state treasury. Moneys in the account may be expended solely for: (a)  
16 Substance use disorder treatment and treatment support services for  
17 offenders with a substance use disorder that, if not treated, would  
18 result in addiction, against whom charges are filed by a prosecuting  
19 attorney in Washington state; (b) the provision of substance use  
20 disorder treatment services and treatment support services for  
21 nonviolent offenders within a drug court program; and (c) the  
22 administrative and overhead costs associated with the operation of a  
23 drug court. Amounts provided in this subsection must be used for  
24 treatment and recovery support services for criminally involved  
25 offenders and authorization of these services shall not be subject to  
26 determinations of medical necessity. During the 2017-2019 fiscal  
27 biennium, the legislature may direct the state treasurer to make  
28 transfers of moneys in the criminal justice treatment account to the  
29 state general fund. (~~It is the intent of the legislature to continue~~  
30 ~~in the 2019-2021 biennium the policy of transferring to the state~~  
31 ~~general fund such amounts as reflect the excess fund balance of the~~  
32 ~~account.~~) During the 2019-2021 fiscal biennium, the legislature may  
33 direct the state treasurer to make transfers of moneys in the  
34 criminal justice treatment account to the home security fund account  
35 created in RCW 43.185C.060. It is the intent of the legislature to  
36 continue the policy of transferring moneys from the criminal justice  
37 treatment account to the home security fund account in subsequent  
38 biennia. Moneys in the account may be spent only after appropriation.

39 (2) For purposes of this section:

1 (a) "Treatment" means services that are critical to a  
2 participant's successful completion of his or her substance use  
3 disorder treatment program, including but not limited to the recovery  
4 support and other programmatic elements outlined in RCW 2.30.030  
5 authorizing therapeutic courts; and

6 (b) "Treatment support" includes transportation to or from  
7 inpatient or outpatient treatment services when no viable alternative  
8 exists, and child care services that are necessary to ensure a  
9 participant's ability to attend outpatient treatment sessions.

10 (3) Revenues to the criminal justice treatment account consist  
11 of: (a) Funds transferred to the account pursuant to this section;  
12 and (b) any other revenues appropriated to or deposited in the  
13 account.

14 (4)(a) For the fiscal year beginning July 1, 2005, and each  
15 subsequent fiscal year, the state treasurer shall transfer eight  
16 million two hundred fifty thousand dollars from the general fund to  
17 the criminal justice treatment account, divided into four equal  
18 quarterly payments. For the fiscal year beginning July 1, 2006, and  
19 each subsequent fiscal year, the amount transferred shall be  
20 increased on an annual basis by the implicit price deflator as  
21 published by the federal bureau of labor statistics.

22 (b) In each odd-numbered year, the legislature shall appropriate  
23 the amount transferred to the criminal justice treatment account in  
24 (a) of this subsection to the department for the purposes of  
25 subsection (5) of this section.

26 (5) Moneys appropriated to the authority from the criminal  
27 justice treatment account shall be distributed as specified in this  
28 subsection. The authority may retain up to three percent of the  
29 amount appropriated under subsection (4)(b) of this section for its  
30 administrative costs.

31 (a) Seventy percent of amounts appropriated to the authority from  
32 the account shall be distributed to counties pursuant to the  
33 distribution formula adopted under this section. The authority, in  
34 consultation with the department of corrections, the Washington state  
35 association of counties, the Washington state association of drug  
36 court professionals, the superior court judges' association, the  
37 Washington association of prosecuting attorneys, representatives of  
38 the criminal defense bar, representatives of substance use disorder  
39 treatment providers, and any other person deemed by the authority to  
40 be necessary, shall establish a fair and reasonable methodology for

1 distribution to counties of moneys in the criminal justice treatment  
2 account. County or regional plans submitted for the expenditure of  
3 formula funds must be approved by the panel established in (b) of  
4 this subsection.

5 (b) Thirty percent of the amounts appropriated to the authority  
6 from the account shall be distributed as grants for purposes of  
7 treating offenders against whom charges are filed by a county  
8 prosecuting attorney. The authority shall appoint a panel of  
9 representatives from the Washington association of prosecuting  
10 attorneys, the Washington association of sheriffs and police chiefs,  
11 the superior court judges' association, the Washington state  
12 association of counties, the Washington defender's association or the  
13 Washington association of criminal defense lawyers, the department of  
14 corrections, the Washington state association of drug court  
15 professionals, and substance use disorder treatment providers. The  
16 panel shall review county or regional plans for funding under (a) of  
17 this subsection and grants approved under this subsection. The panel  
18 shall attempt to ensure that treatment as funded by the grants is  
19 available to offenders statewide.

20 (6) The county alcohol and drug coordinator, county prosecutor,  
21 county sheriff, county superior court, a substance abuse treatment  
22 provider appointed by the county legislative authority, a member of  
23 the criminal defense bar appointed by the county legislative  
24 authority, and, in counties with a drug court, a representative of  
25 the drug court shall jointly submit a plan, approved by the county  
26 legislative authority or authorities, to the panel established in  
27 subsection (5)(b) of this section, for disposition of all the funds  
28 provided from the criminal justice treatment account within that  
29 county. The funds shall be used solely to provide approved alcohol  
30 and substance abuse treatment pursuant to RCW 71.24.560 and treatment  
31 support services. No more than ten percent of the total moneys  
32 received under subsections (4) and (5) of this section by a county or  
33 group of counties participating in a regional agreement shall be  
34 spent for treatment support services.

35 (7) Counties are encouraged to consider regional agreements and  
36 submit regional plans for the efficient delivery of treatment under  
37 this section.

38 (8) Moneys allocated under this section shall be used to  
39 supplement, not supplant, other federal, state, and local funds used  
40 for substance abuse treatment.

1 (9) Counties must meet the criteria established in RCW  
2 2.30.030(3).

3 **Sec. 984.** RCW 76.04.610 and 2018 c 299 s 912 are each amended to  
4 read as follows:

5 (1)(a) If any owner of forestland within a forest protection zone  
6 neglects or fails to provide adequate fire protection as required by  
7 RCW 76.04.600, the department shall provide such protection and shall  
8 annually impose the following assessments on each parcel of such  
9 land: (i) A flat fee assessment of seventeen dollars and fifty cents;  
10 and (ii) twenty-seven cents on each acre exceeding fifty acres.

11 (b) Assessors may, at their option, collect the assessment on tax  
12 exempt lands. If the assessor elects not to collect the assessment,  
13 the department may bill the landowner directly.

14 (2) An owner who has paid assessments on two or more parcels,  
15 each containing fewer than fifty acres and each within the same  
16 county, may obtain the following refund:

17 (a) If all the parcels together contain less than fifty acres,  
18 then the refund is equal to the flat fee assessments paid, reduced by  
19 the total of (i) seventeen dollars and (ii) the total of the amounts  
20 retained by the county from such assessments under subsection (5) of  
21 this section.

22 (b) If all the parcels together contain fifty or more acres, then  
23 the refund is equal to the flat fee assessments paid, reduced by the  
24 total of (i) seventeen dollars, (ii) twenty-seven cents for each acre  
25 exceeding fifty acres, and (iii) the total of the amounts retained by  
26 the county from such assessments under subsection (5) of this  
27 section.

28 Applications for refunds shall be submitted to the department on  
29 a form prescribed by the department and in the same year in which the  
30 assessments were paid. The department may not provide refunds to  
31 applicants who do not provide verification that all assessments and  
32 property taxes on the property have been paid. Applications may be  
33 made by mail.

34 In addition to the procedures under this subsection, property  
35 owners with multiple parcels in a single county who qualify for a  
36 refund under this section may apply to the department on an  
37 application listing all the parcels owned in order to have the  
38 assessment computed on all parcels but billed to a single parcel.

1 Property owners with the following number of parcels may apply to the  
2 department in the year indicated:

3	Year	Number of Parcels
4	2002	10 or more parcels
5	2003	8 or more parcels
6	2004 and thereafter	6 or more parcels

7 The department must compute the correct assessment and allocate  
8 one parcel in the county to use to collect the assessment. The county  
9 must then bill the forest fire protection assessment on that one  
10 allocated identified parcel. The landowner is responsible for  
11 notifying the department of any changes in parcel ownership.

12 (3) Beginning January 1, 1991, under the administration and at  
13 the discretion of the department up to two hundred thousand dollars  
14 per year of this assessment shall be used in support of those rural  
15 fire districts assisting the department in fire protection services  
16 on forestlands.

17 (4) For the purpose of this chapter, the department may divide  
18 the forestlands of the state, or any part thereof, into districts,  
19 for fire protection and assessment purposes, may classify lands  
20 according to the character of timber prevailing, and the fire hazard  
21 existing, and place unprotected lands under the administration of the  
22 proper district. Amounts paid or contracted to be paid by the  
23 department for protection of forestlands from funds at its disposal  
24 shall be a lien upon the property protected, unless reimbursed by the  
25 owner within ten days after October 1st of the year in which they  
26 were incurred. The department shall be prepared to make statement  
27 thereof, upon request, to a forest owner whose own protection has not  
28 been previously approved as to its adequacy, the department shall  
29 report the same to the assessor of the county in which the property  
30 is situated. The assessor shall extend the amounts upon the tax rolls  
31 covering the property, and upon authorization from the department  
32 shall levy the forest protection assessment against the amounts of  
33 unimproved land as shown in each ownership on the county assessor's  
34 records. The assessor may then segregate on the records to provide  
35 that the improved land and improvements thereon carry the millage  
36 levy designed to support the rural fire protection districts as  
37 provided for in RCW 52.16.170.

1 (5) The amounts assessed shall be collected at the time, in the  
2 same manner, by the same procedure, and with the same penalties  
3 attached that general state and county taxes on the same property are  
4 collected, except that errors in assessments may be corrected at any  
5 time by the department certifying them to the treasurer of the county  
6 in which the land involved is situated. Assessments shall be known  
7 and designated as assessments of the year in which the amounts became  
8 reimbursable. Upon the collection of assessments the county treasurer  
9 shall place fifty cents of the total assessments paid on a parcel for  
10 fire protection into the county current expense fund to defray the  
11 costs of listing, billing, and collecting these assessments. The  
12 treasurer shall then transmit the balance to the department.  
13 Collections shall be applied against expenses incurred in carrying  
14 out the provisions of this section, including necessary and  
15 reasonable administrative costs incurred by the department in the  
16 enforcement of these provisions. The department may also expend sums  
17 collected from owners of forestlands or received from any other  
18 source for necessary administrative costs in connection with the  
19 enforcement of RCW 76.04.660. During the 2017-2019 and 2019-2021  
20 fiscal (~~biennium~~) biennia, the legislature may appropriate moneys  
21 from the account for department of natural resources wildfire  
22 response and forest health activities. It is the intent of the  
23 legislature that this policy will be continued in subsequent fiscal  
24 biennia.

25 (6) When land against which forest protection assessments are  
26 outstanding is acquired for delinquent taxes and sold at public  
27 auction, the state shall have a prior lien on the proceeds of sale  
28 over and above the amount necessary to satisfy the county's  
29 delinquent tax judgment. The county treasurer, in case the proceeds  
30 of sale exceed the amount of the delinquent tax judgment, shall  
31 immediately remit to the department the amount of the outstanding  
32 forest protection assessments.

33 (7) All nonfederal public bodies owning or administering  
34 forestland included in a forest protection zone shall pay the forest  
35 protection assessments provided in this section and the special  
36 forest fire suppression account assessments under RCW 76.04.630. The  
37 forest protection assessments and special forest fire suppression  
38 account assessments shall be payable by nonfederal public bodies from  
39 available funds within thirty days following receipt of the written  
40 notice from the department which is given after October 1st of the

**PART XI**  
**SUPPLEMENTAL**  
**HUMAN SERVICES**

**Sec. 1101.** 2018 c 299 s 201 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic

1 area. The legislature finds that cost reports, payment data from the  
2 federal government, historical utilization, economic data, and  
3 clinical input constitute reliable data upon which to determine the  
4 payment rates.

5 (4) The department shall to the maximum extent practicable use  
6 the same system for delivery of spoken-language interpreter services  
7 for social services appointments as the one established for medical  
8 appointments in the health care authority. When contracting directly  
9 with an individual to deliver spoken language interpreter services,  
10 the department shall only contract with language access providers who  
11 are working at a location in the state and who are state-certified or  
12 state-authorized, except that when such a provider is not available,  
13 the department may use a language access provider who meets other  
14 certifications or standards deemed to meet state standards, including  
15 interpreters in other states.

16 (5) Information technology projects or investments and proposed  
17 projects or investments impacting time capture, payroll and payment  
18 processes and systems, eligibility, case management, and  
19 authorization systems within the department of social and health  
20 services are subject to technical oversight by the office of the  
21 chief information officer.

22 (6) (a) The department shall facilitate enrollment under the  
23 medicaid expansion for clients applying for or receiving state funded  
24 services from the department and its contractors. Prior to open  
25 enrollment, the department shall coordinate with the health care  
26 authority to provide referrals to the Washington health benefit  
27 exchange for clients that will be ineligible for medicaid.

28 (b) To facilitate a single point of entry across public and  
29 medical assistance programs, and to maximize the use of federal  
30 funding, the health care authority, the department of social and  
31 health services, and the health benefit exchange will coordinate  
32 efforts to expand HealthPlanfinder access to public assistance and  
33 medical eligibility staff. The department shall complete medicaid  
34 applications in the HealthPlanfinder for households receiving or  
35 applying for public assistance benefits.

36 (7) In accordance with RCW 71.24.380, the health care authority  
37 and the department are authorized to purchase medical and behavioral  
38 health services through integrated contracts upon request of all of  
39 the county authorities in a regional service area to become an early  
40 adopter of fully integrated purchasing of medical and behavioral

1 health services. The department may combine and transfer such amounts  
2 appropriated under sections 204, 208, and 213 of this act as may be  
3 necessary to fund early adopter contracts. The amount of medicaid  
4 funding transferred from each program may not exceed the average per  
5 capita cost assumed in this act for individuals covered by that  
6 program, actuarially adjusted for the health condition of persons  
7 enrolled, times the number of clients enrolled. The amount of non-  
8 medicaid funding transferred from sections 204 and 208 may not exceed  
9 the amount that would have been contracted with a behavioral health  
10 organization if the county authorities had not requested to become an  
11 early adopter of fully integrated purchasing. These limits do not  
12 apply to the amounts provided in section 204(1)(s) of this act. If  
13 any funding that this act provides solely for a specific purpose is  
14 transferred under this subsection, that funding must be used  
15 consistently with the provisions and conditions for which it was  
16 provided.

17 (8) In accordance with RCW 71.24.380, the department is  
18 authorized to purchase mental health and substance use disorder  
19 services through integrated contracts with behavioral health  
20 organizations. The department may combine and transfer such amounts  
21 appropriated under sections 204 and 208 of this act as may be  
22 necessary to finance these behavioral health organization contracts.  
23 If any funding that this act provides solely for a specific purpose  
24 is transferred under this subsection, that funding must be used  
25 consistently with the provisions and conditions for which it was  
26 provided.

27 (9)(a) The appropriations to the department of social and health  
28 services in this act must be expended for the programs and in the  
29 amounts specified in this act. However, after May 1, (~~2018~~) 2019,  
30 unless prohibited by this act, the department may transfer general  
31 fund—state appropriations for fiscal year (~~2018~~) 2019 among  
32 programs and subprograms after approval by the director of the office  
33 of financial management. However, the department may not transfer  
34 state appropriations that are provided solely for a specified purpose  
35 except as expressly provided in (b) through (d) of this subsection.

36 (b) To the extent that transfers under (a) of this subsection are  
37 insufficient to fund actual expenditures in excess of fiscal year  
38 (~~2018~~) 2019 caseload forecasts and utilization assumptions in the  
39 long-term care, developmental disabilities, foster care, adoption  
40 support, and public assistance programs, the department may transfer

1 state appropriations that are provided solely for a specified  
2 purpose.

3 (c) Within the mental health program, the department may transfer  
4 appropriations that are provided solely for a specified purpose  
5 within and between subprograms as needed to fund actual expenditures  
6 through the end of fiscal year (~~(2018)~~) 2019.

7 (d) Within the developmental disabilities program, the department  
8 may transfer appropriations that are provided solely for a specified  
9 purpose within and between subprograms as needed to fund actual  
10 expenditures through the end of fiscal year (~~(2018)~~) 2019.

11 (e) The department may not transfer appropriations, and the  
12 director of the office of financial management may not approve the  
13 transfer, unless the transfer is consistent with the objective of  
14 conserving, to the maximum extent possible, the expenditure of state  
15 funds. The director of the office of financial management shall  
16 notify the appropriate fiscal committees of the senate and house of  
17 representatives in writing seven days prior to approving any  
18 allotment modifications or transfers under this subsection. The  
19 written notification shall include a narrative explanation and  
20 justification of the changes, along with expenditures and allotments  
21 by budget unit and appropriation, both before and after any allotment  
22 modifications or transfers.

1 The appropriations in this section are subject to the following  
2 conditions and limitations:

3 (1) \$331,000 of the general fund—state appropriation for fiscal  
4 year 2018 and \$331,000 of the general fund—state appropriation for  
5 fiscal year 2019 are provided solely for deposit in the county  
6 criminal justice assistance account for costs to the criminal justice  
7 system associated with the implementation of chapter 338, Laws of  
8 1997 (juvenile code revisions). The amounts provided in this  
9 subsection are intended to provide funding for county adult court  
10 costs associated with the implementation of chapter 338, Laws of 1997  
11 and shall be distributed in accordance with RCW 82.14.310.

12 (2) \$2,841,000 of the general fund—state appropriation for fiscal  
13 year 2018 and \$2,841,000 of the general fund—state appropriation for  
14 fiscal year 2019 are provided solely for grants to county juvenile  
15 courts for the following juvenile justice programs identified by the  
16 Washington state institute for public policy (institute) in its  
17 report: "Inventory of Evidence-based, Research-based, and Promising  
18 Practices for Prevention and Intervention Services for Children and  
19 Juveniles in the Child Welfare, Juvenile Justice, and Mental Health  
20 Systems." Additional funding for this purpose is provided through an  
21 interagency agreement with the health care authority. County juvenile  
22 courts shall apply to the juvenile rehabilitation administration for  
23 funding for program-specific participation and the administration  
24 shall provide grants to the courts consistent with the per-  
25 participant treatment costs identified by the institute.

26 (3) \$1,537,000 of the general fund—state appropriation for fiscal  
27 year 2018 and \$1,537,000 of the general fund—state appropriation for  
28 fiscal year 2019 are provided solely for expansion of the following  
29 juvenile justice treatments and therapies in juvenile rehabilitation  
30 administration programs identified by the Washington state institute  
31 for public policy in its report: "Inventory of Evidence-based,  
32 Research-based, and Promising Practices for Prevention and  
33 Intervention Services for Children and Juveniles in the Child  
34 Welfare, Juvenile Justice, and Mental Health Systems." The  
35 administration may concentrate delivery of these treatments and  
36 therapies at a limited number of programs to deliver the treatments  
37 in a cost-effective manner.

38 (4) (a) \$6,198,000 of the general fund—state appropriation for  
39 fiscal year 2018 and \$6,198,000 of the general fund—state

1 appropriation for fiscal year 2019 are provided solely to implement  
2 evidence- and research-based programs through community juvenile  
3 accountability grants, administration of the grants, and evaluations  
4 of programs funded by the grants. In addition to funding provided in  
5 this subsection, funding to implement alcohol and substance abuse  
6 treatment programs for locally committed offenders is provided  
7 through an interagency agreement with the health care authority.

8 (b) The juvenile rehabilitation administration shall administer a  
9 block grant to county juvenile courts for the purpose of serving  
10 youth as defined in RCW 13.40.510(4)(a) in the county juvenile  
11 justice system. Funds dedicated to the block grant include:  
12 Consolidated juvenile service (CJS) funds, community juvenile  
13 accountability act (CJAA) grants, chemical dependency/mental health  
14 disposition alternative (CDDA), and suspended disposition alternative  
15 (SDA). The juvenile rehabilitation administration shall follow the  
16 following formula and must prioritize evidence-based programs and  
17 disposition alternatives and take into account juvenile courts  
18 program-eligible youth in conjunction with the number of youth served  
19 in each approved evidence-based program or disposition alternative:  
20 (i) Thirty-seven and one-half percent for the at-risk population of  
21 youth ten to seventeen years old; (ii) fifteen percent for the  
22 assessment of low, moderate, and high-risk youth; (iii) twenty-five  
23 percent for evidence-based program participation; (iv) seventeen and  
24 one-half percent for minority populations; (v) three percent for the  
25 chemical dependency and mental health disposition alternative; and  
26 (vi) two percent for the suspended dispositional alternatives.  
27 Funding for the special sex offender disposition alternative (SSODA)  
28 shall not be included in the block grant, but allocated on the  
29 average daily population in juvenile courts. Funding for the  
30 evidence-based expansion grants shall be excluded from the block  
31 grant formula. Funds may be used for promising practices when  
32 approved by the juvenile rehabilitation administration and juvenile  
33 courts, through the community juvenile accountability act committee,  
34 based on the criteria established in consultation with Washington  
35 state institute for public policy and the juvenile courts.

36 (c) If Second Substitute House Bill No. 1280 (referred and  
37 diverted youth) is enacted, then the administration must implement a  
38 stop-loss policy when allocating funding under (b) of this subsection  
39 in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding  
40 formula changes may not result in a funding loss for any juvenile

1 court of more than two percent from one year to the next. The  
2 committee in (d) of this subsection must establish a minimum base  
3 level of funding for juvenile courts with lower numbers of at-risk  
4 youth age 10 - 17. The administration must report to the legislature  
5 by December 1, 2018, about how funding is used for referred youth and  
6 the impact of that use on overall use of funding. If the bill is not  
7 enacted by July 31, 2017, this subsection is null and void.

8 (d) The juvenile rehabilitation administration and the juvenile  
9 courts shall establish a block grant funding formula oversight  
10 committee with equal representation from the juvenile rehabilitation  
11 administration and the juvenile courts. The purpose of this committee  
12 is to assess the ongoing implementation of the block grant funding  
13 formula, utilizing data-driven decision making and the most current  
14 available information. The committee will be co-chaired by the  
15 juvenile rehabilitation administration and the juvenile courts, who  
16 will also have the ability to change members of the committee as  
17 needed to achieve its purpose. The committee may make changes to the  
18 formula categories in (b) of this subsection if it determines the  
19 changes will increase statewide service delivery or effectiveness of  
20 evidence-based program or disposition alternative resulting in  
21 increased cost/benefit savings to the state, including long-term  
22 cost/benefit savings. The committee must also consider these outcomes  
23 in determining when evidence-based expansion or special sex offender  
24 disposition alternative funds should be included in the block grant  
25 or left separate.

26 (e) The juvenile courts and administrative office of the courts  
27 must collect and distribute information and provide access to the  
28 data systems to the juvenile rehabilitation administration and the  
29 Washington state institute for public policy related to program and  
30 outcome data. The juvenile rehabilitation administration and the  
31 juvenile courts must work collaboratively to develop program outcomes  
32 that reinforce the greatest cost/benefit to the state in the  
33 implementation of evidence-based practices and disposition  
34 alternatives.

35 (5) \$98,000 of the general fund—state appropriation for fiscal  
36 year 2018 and \$98,000 of the general fund—state appropriation for  
37 fiscal year 2019 are provided solely to the juvenile block grant  
38 funding formula oversight committee described in subsection (4)(d) of  
39 this section to contract with research entities to: (a) Assist  
40 juvenile justice programs identified as promising practices or

1 research-based in undergoing the research necessary to demonstrate  
2 that the program is evidence-based; and (b) establish an annual,  
3 county-level evaluation of existing evidence-based juvenile justice  
4 programs.

5 (6) \$557,000 of the general fund—state appropriation for fiscal  
6 year 2018 and \$557,000 of the general fund—state appropriation for  
7 fiscal year 2019 are provided solely for funding of the teamchild  
8 project.

9 (7) \$283,000 of the general fund—state appropriation for fiscal  
10 year 2018 and \$283,000 of the general fund—state appropriation for  
11 fiscal year 2019 are provided solely for the juvenile detention  
12 alternatives initiative.

13 (8) \$500,000 of the general fund—state appropriation for fiscal  
14 year 2018 and \$500,000 of the general fund—state appropriation for  
15 fiscal year 2019 are provided solely for a grant program focused on  
16 criminal street gang prevention and intervention. The juvenile  
17 rehabilitation administration may award grants under this subsection.  
18 The juvenile rehabilitation administration shall give priority to  
19 applicants who have demonstrated the greatest problems with criminal  
20 street gangs. Applicants composed of, at a minimum, one or more local  
21 governmental entities and one or more nonprofit, nongovernmental  
22 organizations that have a documented history of creating and  
23 administering effective criminal street gang prevention and  
24 intervention programs may apply for funding under this subsection.  
25 Each entity receiving funds must report to the juvenile  
26 rehabilitation administration on the number and types of youth  
27 served, the services provided, and the impact of those services on  
28 the youth and the community.

29 (9) The juvenile rehabilitation institutions may use funding  
30 appropriated in this subsection to purchase goods and supplies  
31 through hospital group purchasing organizations when it is cost-  
32 effective to do so.

33 (10) \$75,000 of the general fund—state appropriation for fiscal  
34 year 2018 is provided solely for the department to coordinate the  
35 examination of data associated with juvenile gang and firearm  
36 offenses. The review of data must include information from the  
37 administrative office of the courts, the office of the superintendent  
38 of public instruction, the office of financial management—education  
39 research data center, the Washington association of sheriffs and

1 police chiefs, the caseload forecast council, and the department of  
2 corrections. For the purpose of carrying out the data review, named  
3 organizations are authorized to share data to include details of  
4 criminal arrest and conviction data. The department shall report to  
5 the governor and the appropriate legislative committees by February  
6 1, 2018, with any recommendations for public policy that increases  
7 public safety.

8 (11) \$107,000 of the general fund—state appropriation for fiscal  
9 year 2018 and \$432,000 of the general fund—state appropriation for  
10 fiscal year 2019 are provided solely for the department to provide  
11 housing services to clients releasing from incarceration into the  
12 community.

13 (12) \$75,000 of the general fund—state appropriation for fiscal  
14 year 2019 is provided solely for the implementation of Engrossed  
15 Second Substitute Senate Bill No. 6160 (exclusive adult  
16 jurisdiction). (~~If the bill is not enacted by June 30, 2018, the~~  
17 ~~amount provided in this subsection shall lapse.~~)

18 **Sec. 1103.** 2018 c 299 s 204 (uncodified) is amended to read as  
19 follows:

20 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES—MENTAL HEALTH**  
21 **PROGRAM**

22 (1) COMMUNITY SERVICES/BEHAVIORAL HEALTH ORGANIZATIONS

23 General Fund—State Appropriation (FY 2018). . . . .	\$381,760,000
24 General Fund—Federal Appropriation. . . . .	\$481,439,000
25 General Fund—Private/Local Appropriation. . . . .	\$8,932,000
26 Dedicated Marijuana Account—State Appropriation	
27 (FY 2018). . . . .	\$3,684,000
28 Pension Funding Stabilization Account—State	
29 Appropriation. . . . .	\$39,000
30 TOTAL APPROPRIATION. . . . .	\$875,854,000

31 The appropriations in this subsection are subject to the  
32 following conditions and limitations:

33 (a) For the purposes of this subsection, amounts provided for  
34 behavioral health organizations shall also be available for the  
35 health care authority to contract with entities that assume the  
36 responsibilities of behavioral health organizations in regions in  
37 which the health care authority is purchasing medical and behavioral

1 health services through fully integrated contracts pursuant to RCW  
2 71.24.380.

3 (b) \$6,590,000 of the general fund—state appropriation for fiscal  
4 year 2018 and \$3,810,000 of the general fund—federal appropriation  
5 are provided solely for the department and behavioral health  
6 organizations to continue to contract for implementation of high-  
7 intensity programs for assertive community treatment (PACT) teams. In  
8 determining the proportion of medicaid and nonmedicaid funding  
9 provided to behavioral health organizations with PACT teams, the  
10 department shall consider the differences between behavioral health  
11 organizations in the percentages of services and other costs  
12 associated with the teams that are not reimbursable under medicaid.  
13 The department may allow behavioral health organizations which have  
14 nonmedicaid reimbursable costs that are higher than the nonmedicaid  
15 allocation they receive under this section to supplement these funds  
16 with local dollars or funds received under (f) of this subsection.  
17 The department and behavioral health organizations shall maintain  
18 consistency with all essential elements of the PACT evidence-based  
19 practice model in programs funded under this section.

20 (c) From the general fund—state appropriations in this  
21 subsection, the department shall assure that behavioral health  
22 organizations reimburse the department of social and health services  
23 aging and long term support administration for the general fund—state  
24 cost of medicaid personal care services that enrolled behavioral  
25 health organization consumers use because of their psychiatric  
26 disability.

27 (d) \$1,760,000 of the general fund—federal appropriation is  
28 provided solely for the department to maintain a pilot project to put  
29 peer bridging staff into each behavioral health organization as part  
30 of the state psychiatric liaison teams to promote continuity of  
31 service as individuals return to their communities. The department  
32 must collect data and submit a report to the office of financial  
33 management and the appropriate committees of the legislature on the  
34 impact of peer staff on state hospital discharges and community  
35 placements by December 1, 2017.

36 (e) \$11,405,000 of the general fund—state appropriation for  
37 fiscal year 2018 is provided solely to assist behavioral health  
38 organizations with the costs of providing services to medicaid  
39 clients receiving services in psychiatric facilities classified as

1 institutions of mental diseases. The department must distribute these  
2 amounts proportionate to the number of bed days for medicaid clients  
3 in institutions for mental diseases that were excluded from  
4 behavioral health organization fiscal year 2018 capitation rates  
5 because they exceeded the amounts allowed under federal regulations.  
6 The department must also use these amounts to directly pay for costs  
7 that are ineligible for medicaid reimbursement in institutions of  
8 mental disease facilities for American Indian and Alaska Natives who  
9 opt to receive behavioral health services on a fee for service basis.  
10 The amounts used for these individuals must be reduced from the  
11 allocation of the behavioral health organization where the individual  
12 resides. If a behavioral health organization receives more funding  
13 through this subsection than is needed to pay for the cost of their  
14 medicaid clients in institutions for mental diseases, they must use  
15 the remainder of the amounts to provide other services not covered  
16 under the medicaid program. The department must apply for a waiver  
17 from the center for medicaid and medicare services to allow for the  
18 full cost of stays in institutions of mental diseases to be included  
19 in fiscal year 2019 behavioral health organization capitation rates.  
20 The department may tailor the fiscal year 2019 waiver to specific  
21 populations for which the center for medicaid and medicare services  
22 has indicated they are likely to approve and work to further expand  
23 the waiver to other populations in fiscal year 2020. The department  
24 must submit a report on the status of the waiver to the office of  
25 financial management and the appropriate committees of the  
26 legislature by December 1, 2017.

27 (f) \$81,930,000 of the general fund—state appropriation for  
28 fiscal year 2018 is provided solely for persons and services not  
29 covered by the medicaid program. To the extent possible, levels of  
30 behavioral health organization spending shall be maintained in the  
31 following priority order: Crisis and commitment services; community  
32 inpatient services; and residential care services, including personal  
33 care and emergency housing assistance. These amounts must be  
34 distributed to behavioral health organizations proportionate to the  
35 fiscal year 2017 allocation of flexible nonmedicaid funds. The  
36 department must include the following language in medicaid contracts  
37 with behavioral health organizations unless they are provided formal  
38 notification from the center for medicaid and medicare services that  
39 the language will result in the loss of federal medicaid  
40 participation: "The contractor may voluntarily provide services that

1 are in addition to those covered under the state plan, although the  
2 cost of these services cannot be included when determining payment  
3 rates unless including these costs are specifically allowed under  
4 federal law or an approved waiver."

5 (g) The department is authorized to continue to contract  
6 directly, rather than through contracts with behavioral health  
7 organizations for children's long-term inpatient facility services.

8 (h) \$1,125,000 of the general fund—state appropriation for  
9 fiscal year 2018 is provided solely for the Spokane county behavioral  
10 health organization to implement services to reduce utilization and  
11 the census at eastern state hospital. Such services shall include:

12 (A) High intensity treatment team for persons who are high  
13 utilizers of psychiatric inpatient services, including those with co-  
14 occurring disorders and other special needs;

15 (B) Crisis outreach and diversion services to stabilize in the  
16 community individuals in crisis who are at risk of requiring  
17 inpatient care or jail services;

18 (C) Mental health services provided in nursing facilities to  
19 individuals with dementia, and consultation to facility staff  
20 treating those individuals; and

21 (D) Services at the sixteen-bed evaluation and treatment  
22 facility.

23 At least annually, the Spokane county behavioral health  
24 organization shall assess the effectiveness of these services in  
25 reducing utilization at eastern state hospital, identify services  
26 that are not optimally effective, and modify those services to  
27 improve their effectiveness.

28 (i) \$1,204,000 of the general fund—state appropriation for fiscal  
29 year 2018 is provided solely to reimburse Pierce and Spokane counties  
30 for the cost of conducting 180-day commitment hearings at the state  
31 psychiatric hospitals.

32 (j) Behavioral health organizations may use local funds to earn  
33 additional federal medicaid match, provided the locally matched rate  
34 does not exceed the upper-bound of their federally allowable rate  
35 range, and provided that the enhanced funding is used only to provide  
36 medicaid state plan or waiver services to medicaid clients.  
37 Additionally, behavioral health organizations may use a portion of  
38 the state funds allocated in accordance with (f) of this subsection  
39 to earn additional medicaid match, but only to the extent that the  
40 application of such funds to medicaid services does not diminish the

1 level of crisis and commitment, community inpatient, residential  
2 care, and outpatient services presently available to persons not  
3 eligible for medicaid.

4 (k) \$2,291,000 of the general fund—state appropriation for  
5 fiscal year 2018 is provided solely for mental health services for  
6 mentally ill offenders while confined in a county or city jail and  
7 for facilitating access to programs that offer mental health services  
8 upon release from confinement. The department must collect  
9 information from the behavioral health organizations on their plan  
10 for using these funds, the numbers of individuals served, and the  
11 types of services provided and submit a report to the office of  
12 financial management and the appropriate fiscal committees of the  
13 legislature by December 1st of each year of the biennium.

14 (l) Within the amounts appropriated in this section, funding is  
15 provided for the department to develop and phase in intensive mental  
16 health services for high needs youth consistent with the settlement  
17 agreement in *T.R. v. Dreyfus and Porter*.

18 (m) The department must establish minimum and maximum funding  
19 levels for all reserves allowed under behavioral health organization  
20 contracts and insert contract language that clearly states the  
21 requirements and limitations. The department must monitor and ensure  
22 that behavioral health organization reserves do not exceed maximum  
23 levels. The department must monitor behavioral health organization  
24 revenue and expenditure reports and must require a behavioral health  
25 organization to submit a corrective action plan on how it will spend  
26 its excess reserves within a reasonable period of time, when its  
27 reported reserves exceed maximum levels established under the  
28 contract. The department must review and approve such plans and  
29 monitor to ensure compliance. If the department determines that a  
30 behavioral health organization has failed to provide an adequate  
31 excess reserve corrective action plan or is not complying with an  
32 approved plan, the department must reduce payments to the behavioral  
33 health organization in accordance with remedial actions provisions  
34 included in the contract. These reductions in payments must continue  
35 until the department determines that the behavioral health  
36 organization has come into substantial compliance with an approved  
37 excess reserve corrective action plan.

38 (n) \$2,309,000 of the general fund—state appropriation for  
39 fiscal year 2018 and \$2,169,000 of the general fund—federal

1 appropriation are provided solely for the department to increase  
2 rates for community hospitals that provide a minimum of 200 medicaid  
3 psychiatric inpatient days. The department must increase both  
4 medicaid and nonmedicaid psychiatric per-diem reimbursement rates for  
5 these providers within these amounts. The amounts in this subsection  
6 include funding for additional hold harmless payments resulting from  
7 the rate increase. The department shall prioritize increases for  
8 hospitals not currently paid based on provider specific costs using a  
9 similar methodology used to set rate for existing inpatient  
10 facilities and the latest available cost report information. Rate  
11 increases for providers must be set so as not to exceed the amounts  
12 provided within this subsection. The rate increase related to  
13 nonmedicaid clients must be done to maintain the provider at the same  
14 percentage as currently required under WAC 182-550-4800.

15 (o) \$100,000 of the general fund—state appropriation for fiscal  
16 year 2018 is provided solely for the department to collaborate with  
17 tribal governments and develop a plan for establishing an evaluation  
18 and treatment facility that will specialize in providing care  
19 specifically to the American Indian and Alaska Native population. The  
20 plan must include options for maximizing federal participation and,  
21 ensure that utilization will be based on medical necessity, and  
22 identify a specific geographic location where a tribal evaluation and  
23 treatment facility will be built.

24 (p) \$1,466,000 of the general fund—state appropriation for  
25 fiscal year 2018 and \$1,663,000 of the general fund—federal  
26 appropriation are provided solely for the department to contract with  
27 community hospitals or freestanding evaluation and treatment centers  
28 to provide up to forty-eight long-term inpatient care beds as defined  
29 in RCW 71.24.025. The department must seek proposals and contract  
30 directly for these services rather than contracting through  
31 behavioral health organizations. The department must coordinate with  
32 the department of social and health services in developing the  
33 contract requirements, selecting contractors, and establishing  
34 processes for identifying patients that will be admitted to these  
35 facilities. The department must not use any of the amounts provided  
36 under this subsection for contracts with facilities that are subject  
37 to federal funding restrictions that apply to institutions of mental  
38 diseases, unless they have received a waiver that allows for full  
39 federal participation in these facilities.

1 (q) \$4,983,000 of the general fund—state appropriation for  
2 fiscal year 2018 and \$10,849,000 of the general fund—federal  
3 appropriation are provided solely for the department to increase  
4 medicaid capitation payments for behavioral health organizations. The  
5 department must work with the actuaries responsible for certifying  
6 behavioral health capitation rates to adjust average salary  
7 assumptions in order to implement this increase. In developing  
8 further updates for medicaid managed care rates for behavioral health  
9 services, the department must include and make available all  
10 applicable documents and analysis to legislative staff from the  
11 fiscal committees throughout the process. The department must require  
12 the actuaries to develop and submit rate ranges for each behavioral  
13 health organization prior to certification of specific rates.

14 (r) The number of beds allocated for use by behavioral health  
15 organizations at eastern state hospital shall be 192 per day. The  
16 number of nonforensic beds allocated for use by behavioral health  
17 organizations at western state hospital shall be 557 per day. In  
18 fiscal year 2019, the department must reduce the number of beds  
19 allocated for use by behavioral health organizations at western state  
20 hospital by 30 beds to allow for the repurposing of a civil ward at  
21 western state hospital to provide forensic services. The contracted  
22 beds provided under (p) of this subsection shall be allocated to the  
23 behavioral health organizations in lieu of beds at the state  
24 hospitals and be incorporated in their allocation of state hospital  
25 patient days of care for the purposes of calculating reimbursements  
26 pursuant to RCW 71.24.310. It is the intent of the legislature to  
27 continue the policy of expanding community based alternatives for  
28 long term civil commitment services that allow for state hospital  
29 beds to be prioritized for forensic patients.

30 (s) \$11,405,000 of the general fund—state appropriation for  
31 fiscal year 2018 and \$8,840,000 of the general fund—federal  
32 appropriation are provided solely to maintain enhancements of  
33 community mental health services. The department must contract these  
34 funds for the operation of community programs in which the department  
35 determines there is a need for capacity that allows individuals to be  
36 diverted or transitioned from the state hospitals including but not  
37 limited to: (i) Community hospital or free standing evaluation and  
38 treatment services providing short-term detention and commitment  
39 services under the involuntary treatment act to be located in the

1 geographic areas of the King behavioral health organization, the  
2 Spokane behavioral health organization outside of Spokane county, and  
3 the Thurston Mason behavioral health organization; (ii) one new full  
4 program of an assertive community treatment team in the King  
5 behavioral health organization and two new half programs of assertive  
6 community treatment teams in the Spokane behavioral health  
7 organization and the Pierce behavioral health organization; and (iii)  
8 three new recovery support services programs in the Great Rivers  
9 behavioral health organization, the greater Columbia behavioral  
10 health organization, and the north sound behavioral health  
11 organization. In contracting for community evaluation and treatment  
12 services, the department may not use these resources in facilities  
13 that meet the criteria to be classified under federal law as  
14 institutions for mental diseases. If the department is unable to come  
15 to a contract agreement with a designated behavioral health  
16 organization for any of the services identified above, it may  
17 consider contracting for that service in another region that has the  
18 need for such service.

19 (t) \$200,000 of the general fund—state appropriation for fiscal  
20 year 2018 is provided solely for clubhouse programs. The department  
21 must develop options and cost estimates for implementation of  
22 clubhouse programs statewide through a medicaid state plan amendment  
23 or a medicaid waiver and submit a report to the office of financial  
24 management and the appropriate committees of the legislature by  
25 December 1, 2018.

26 (u) \$212,000 of the general fund—state appropriation for fiscal  
27 year 2018 is provided solely to fund one pilot project in Pierce  
28 county and one in Yakima county to promote increased utilization of  
29 assisted outpatient treatment programs. The department shall require  
30 two behavioral health organizations to contract with local government  
31 to establish the necessary infrastructure for the programs. The  
32 department, in collaboration with the health care authority, shall  
33 provide a report by October 15, 2018, to the office of financial  
34 management and the appropriate fiscal and policy committees of the  
35 legislature to include the number of individuals served, outcomes to  
36 include reduced use of inpatient treatment and state hospital stays,  
37 and recommendations for further implementation based on lessons  
38 learned and best practices identified by the pilot projects.

39 (v) The department, in collaboration with the health care  
40 authority, shall work to ensure that a single platform provider

1 credentialing system is implemented. The authority and department  
2 shall ensure that appropriate cost offsets and cost avoidance are  
3 assumed for reduced staff time required for provider credentialing  
4 activity and reductions in improper billing activity when  
5 implementing provider credentialing systems.

6 (w) No more than \$6,464,000 of the general fund—federal  
7 appropriation may be expended for supported housing and employment  
8 services described in initiative 3a and 3b of the medicaid  
9 transformation demonstration waiver under healthier Washington. Under  
10 this initiative, the department and the health care authority shall  
11 ensure that allowable and necessary services are provided to eligible  
12 clients as identified by the department or its providers or third  
13 party administrator. The department and the authority in consultation  
14 with the medicaid forecast work group, shall ensure that reasonable  
15 reimbursements are established for services deemed necessary within  
16 an identified limit per individual. The department shall not increase  
17 general fund—state expenditures under this initiative. The secretary  
18 in collaboration with the director of the authority shall report to  
19 the joint select committee on health care oversight no less than  
20 quarterly on financial and health outcomes. The secretary in  
21 cooperation with the director shall also report to the fiscal  
22 committees of the legislature all of the expenditures of this  
23 subsection and shall provide such fiscal data in the time, manner,  
24 and form requested by the legislative fiscal committees.

37 The appropriations in this subsection are subject to the  
38 following conditions and limitations:

1 (a) The state psychiatric hospitals may use funds appropriated in  
2 this subsection to purchase goods and supplies through hospital group  
3 purchasing organizations when it is cost-effective to do so.

4 (b) \$311,000 of the general fund—state appropriation for fiscal  
5 year 2018 and \$310,000 of the general fund—state appropriation for  
6 fiscal year 2019 are provided solely for a community partnership  
7 between western state hospital and the city of Lakewood to support  
8 community policing efforts in the Lakewood community surrounding  
9 western state hospital. The amounts provided in this subsection  
10 (2)(b) are for the salaries, benefits, supplies, and equipment for  
11 one full-time investigator, one full-time police officer, and one  
12 full-time community service officer at the city of Lakewood. The  
13 department must collect data from the city of Lakewood on the use of  
14 the funds and the number of calls responded to by the community  
15 policing program and submit a report with this information to the  
16 office of financial management and the appropriate fiscal committees  
17 of the legislature each December of the fiscal biennium.

18 (c) \$45,000 of the general fund—state appropriation for fiscal  
19 year 2018 and \$45,000 of the general fund—state appropriation for  
20 fiscal year 2019 are provided solely for payment to the city of  
21 Lakewood for police services provided by the city at western state  
22 hospital and adjacent areas.

23 (d) \$44,000 of the general fund—state appropriation for fiscal  
24 year 2018 and \$19,000 of the general fund—state appropriation for  
25 fiscal year 2019 are provided solely for payment to the city of  
26 Medical Lake for police services provided by the city at eastern  
27 state hospital and adjacent areas. The city must develop a proposal  
28 and estimated costs for developing a community policing program in  
29 the area surrounding eastern state hospital and submit the proposal  
30 to the department by September 30, 2018. The city must provide  
31 current and historical data for police services to eastern state  
32 hospital and adjacent areas which justify funding for a community  
33 policing program and continued funding for base police services and a  
34 community policing program.

35 (e) \$20,883,000 of the general fund—state appropriation for  
36 fiscal year 2018 and \$33,558,000 of the general fund—state  
37 appropriation for fiscal year 2019 are provided solely for  
38 implementation of efforts to improve the timeliness of competency  
39 restoration services pursuant to chapter 5, Laws of 2015 (SSB 5889)

1 (timeliness of competency treatment and evaluation services). These  
2 amounts must be used to maintain and further increase the number of  
3 forensic beds at western state hospital and eastern state hospital.  
4 Pursuant to chapter 7, Laws of 2015 1st sp. sess. (2E2SSB 5177)  
5 (timeliness of competency treatment and evaluation services), the  
6 department may contract some of these amounts for services at  
7 alternative locations if the secretary determines that there is a  
8 need.

9 (f) \$3,928,000 of the general fund—state appropriation for fiscal  
10 year 2018 and \$4,249,000 of the general fund—state appropriation for  
11 fiscal year 2019 are provided solely to maintain and further increase  
12 implementation of efforts to improve the timeliness of competency  
13 evaluation services for individuals who are in local jails pursuant  
14 to chapter 5, Laws of 2015 (SSB 5889) (timeliness of competency  
15 treatment and evaluation services). This funding must be used solely  
16 to maintain increases in the number of staff providing competency  
17 evaluation services.

18 (g) \$135,000 of the general fund—state appropriation for fiscal  
19 year 2018 and \$135,000 of the general fund—state appropriation for  
20 fiscal year 2019 are provided solely for the department to hire an

25 (h) \$20,234,000 of the general fund—state appropriation for  
26 fiscal year 2018 and \$20,234,000 of the general fund—state

28 requirements of the systems improvement agreement with the centers  
29 for medicare and medicaid services as outlined in seven conditions of  
30 participation and to maintain federal funding. The department shall  
31 specifically account for all spending related to the agreement and  
32 reconcile it back to the original funding plan. Changes of more than  
33 ten percent in any area of the spending plan must be submitted to the  
34 office of financial management for approval. The department must  
35 submit a financial analysis to the office of financial management and  
36 the appropriate committees of the legislature which compares current  
37 staffing levels at eastern and western state hospitals, at the ward  
38 level, with the specific staffing levels recommended in the state  
39 hospitals' clinical model analysis project report submitted by OTB

1 Solutions in 2016. To the extent that the financial analysis includes  
2 any differential in staffing from what was recommended in the report,  
3 the department must clearly identify these differences and the  
4 associated costs. The department must submit the financial analysis  
5 by September 1, 2017.

6 (i) Within these amounts, the department must hire chemical  
7 dependency professionals to provide integrated substance use disorder  
8 and mental health treatment at the state psychiatric hospitals.

9 (j) \$1,000 of the general fund—state appropriation for fiscal  
10 year 2018 and \$2,000 of the general fund—state appropriation for  
11 fiscal year 2019 are provided solely for the implementation of Senate  
12 Bill No. 5118 (personal needs allowance). (~~If the bill is not

15 (k) \$34,584,000 of the general fund—state appropriation for  
16 fiscal year 2018 is provided solely for increased staffing and other  
17 costs at the state hospitals that are required to maintain federal  
18 certification and compliance with federal agreements. Throughout the  
19 biennium, the department must track state hospital staffing  
20 expenditures, including the use of overtime and contracted locums, to  
21 allotments and submit monthly reports to the office of financial  
22 management. The office of financial management must review these  
23 reports and make a determination as to whether the overspending in  
24 these areas is required to maintain federal certification and  
25 compliance with federal agreements. The office of financial  
26 management must notify the department each month whether and to what  
27 level the overspending on staffing is approved and may be maintained  
28 and whether and to what level the department must reduce such  
29 expenditures. By December 2, 2018, the office of financial management  
30 must provide a report to the appropriate committees of the  
31 legislature on spending beyond appropriations for staffing at the  
32 state hospitals and identify the level of overspending that has been  
33 approved and any direction provided by the office of financial  
34 management to reduce overspending on staffing that was not required  
35 to maintain federal certification and compliance with federal  
36 agreements.

37 (l) \$100,000 of the general fund—state appropriation for fiscal  
38 year 2019 is provided solely for the department to track compliance  
39 with RCW 71.05.365 requirements for transition of state hospital

1 patients into community settings within fourteen days of the  
2 determination that they no longer require active psychiatric  
3 treatment at an inpatient level of care. The department must use  
4 these funds to track the following elements related to this  
5 requirement: (i) The date on which an individual is determined to no  
6 longer require active psychiatric treatment at an inpatient level of  
7 care; (ii) the date on which the behavioral health organizations and  
8 other organizations responsible for resource management services for  
9 the person is notified of this determination; and (iii) the date on  
10 which either the individual is transitioned to the community or has  
11 been re-evaluated and determined to again require active psychiatric  
12 treatment at an inpatient level of care. The department must provide  
13 this information in regular intervals to behavioral health  
14 organizations and other organizations responsible for resource  
15 management services. The department must summarize the information  
16 and provide a report to the office of financial management and the  
17 appropriate committees of the legislature on progress toward meeting  
18 the fourteen day standard by December 1, 2018.

19 (m) \$140,000 of the general fund—state appropriation for fiscal  
20 year 2019 is provided solely for the department and the University of  
21 Washington to begin implementation the first phase of a collaborative  
22 plan for a high-quality forensic teaching service. Indirect charges  
23 for amounts contracted to the University of Washington must not  
24 exceed ten percent. The department and the University of Washington  
25 must research and pursue behavioral health workforce education grants  
26 from federal or private foundations that could be used in support of  
27 this project. By November 1, 2018, the department, in collaboration  
28 with the University of Washington, must submit a report to the office  
29 of financial management and the appropriate committees of the  
30 legislature with a progress update, readiness to proceed to the  
31 second phase of the project, a detailed cost analysis of the second  
32 phase, and identification of any federal or private grants identified  
33 and the status of those applications.

34 (n) \$12,190,000 of the general fund—state appropriation for  
35 fiscal year 2019 is provided solely for the department to develop and  
36 implement an acuity based staffing tool at western state hospital and  
37 eastern state hospital in collaboration with the hospital staffing  
38 committees. The staffing tool must be designed and implemented to  
39 identify, on a daily basis, the clinical acuity on each patient ward  
40 and determine the minimum level of direct care staff by profession to

1 be deployed to meet the needs of the patients on each ward. The  
2 department must also continue to develop, in collaboration with the  
3 office of financial management's labor relations office, the staffing  
4 committees, and state labor unions, an overall state hospital  
5 staffing plan which looks at all positions and functions of the  
6 facilities and is informed by a review of the Oregon state hospital  
7 staffing model. \$300,000 of the amounts in this subsection are  
8 provided solely for and must be used for staff costs required to  
9 establish, monitor, track, and report monthly staffing and  
10 expenditures at the state hospitals, including overtime and use of  
11 locums, to the functional categories identified in the recommended  
12 staffing plan. The remainder of the funds must be used for direct  
13 care staffing needed in order to implement the acuity based staffing  
14 tool. The allotments and tracking of staffing and expenditures must  
15 include all areas of the state hospitals, must be done at the ward  
16 level, and must include contracted facilities providing forensic  
17 restoration services as well as the office of forensic mental health  
18 services. By September 1, 2018, the department and hospital staffing  
19 committees must submit a report to the office of financial management  
20 and the appropriate committees of the legislature that includes the  
21 following: (a) Progress in implementing the acuity based staffing  
22 tool; (b) a comparison of average daily staffing expenditures to  
23 budgeted staffing levels and the recommended state hospital staffing  
24 plan by function; and (c) metrics and facility performance for the  
25 use of overtime and extra duty pay, patient length of stay, discharge  
26 management, active treatment planning, medication administration,  
27 patient and staff aggression, and staff recruitment and retention.  
28 The department must use information gathered from implementation of  
29 the clinical staffing tool and the hospital-wide staffing model to  
30 inform and prioritize future budget requests for staffing at the  
31 state hospitals. Beginning on January 1, 2019, the department must  
32 submit calendar quarterly reports to the office of financial  
33 management and the appropriate committees of the legislature which  
34 includes monitoring of monthly spending and staffing levels compared

33 (e) The department may authorize a one-time waiver of all or any  
34 portion of the licensing and processing fees required under RCW  
35 70.128.060 in any case in which the department determines that an  
36 adult family home is being relicensed because of exceptional  
37 circumstances, such as death or incapacity of a provider, and that to  
38 require the full payment of the licensing and processing fees would  
39 present a hardship to the applicant. In these situations the

1 department is also granted the authority to waive the required  
2 residential administrator training for a period of 120 days if  
3 necessary to ensure continuity of care during the relicensing  
4 process.

5 (f) Community residential cost reports that are submitted by or

16 stabilization of the child, and the ability to partner with the state  
17 in the development of an individualized service plan that allows the  
18 child to remain in his or her family home. The department must  
19 provide the legislature with a respite utilization report in January  
20 of each year that provides information about the number of children  
21 who have used enhanced respite in the preceding year, as well as the  
22 location and number of days per month that each respite bed was  
23 occupied.

24 (h) \$900,000 of the general fund—state appropriation for fiscal  
25 year 2018 and \$900,000 of the general fund—state appropriation for  
26 fiscal year 2019 are provided solely for the development and  
27 implementation of eight community respite beds across the state for  
28 adults. These services are intended to provide families and  
29 caregivers with a break in caregiving and the opportunity for  
30 stabilization of the individual in a community-based setting as an  
31 alternative to using a residential habilitation center to provide  
32 planned or emergent respite. The department must provide the  
33 legislature with a respite utilization report by January of each year  
34 that provides information about the number of individuals who have  
35 used community respite in the preceding year, as well as the location

6 hospitals.

16 shared supportive housing beds, state operated living alternative  
17 beds, and assisted living facility beds.

18 (ii) Each client must receive an individualized assessment prior

20 assessment must identify and authorize personal care, nursing care,  
21 behavioral health stabilization, physical therapy, or other necessary  
22 services to meet the unique needs of each client. It is the  
23 expectation that, in most cases, staffing ratios in all community  
24 alternative placement options described in (j)(i) of this subsection  
25 will need to increase to meet the needs of clients leaving the state  
26 psychiatric hospitals. If specialized training is necessary to meet  
27 the needs of a client before he or she enters a community placement,  
28 then the person centered service plan must also identify and  
29 authorize this training.

30 (iii) When reviewing placement options, the department must  
31 consider the safety of other residents, as well as the safety of  
32 staff, in a facility. An initial evaluation of each placement,  
33 including any documented safety concerns, must occur within thirty  
34 days of a client leaving one of the state psychiatric hospitals and  
35 entering one of the community placement options described in (j)(i)  
36 of this subsection. At a minimum, the department must perform two  
37 additional evaluations of each placement during the first year that a  
38 client has lived in the facility.

1 (iv) During fiscal year 2018, in a presentation to the select  
2 committee on quality improvement in state hospitals, the department  
3 must describe the process of fielding and subsequently investigating  
4 complaints of abuse, neglect, and exploitation within the community  
5 alternative placement options described in (j)(i) of this subsection.  
6 At a minimum, the presentation must include data about the number of  
7 complaints, and the nature of complaints, over the preceding five  
8 fiscal years.

9 (v) During fiscal year 2019, in a presentation to the select  
10 committee on quality improvement in state hospitals, the department  
11 must provide an update about clients placed out of the state  
12 psychiatric hospitals into the community alternative placement  
13 options described in (j)(i) of this subsection. At a minimum, for  
14 each setting, the presentation must include data about the number of  
15 placements, average daily rate, complaints fielded, and complaints  
16 investigated. The presentation must also include information about  
17 modifications, including the placement of clients into alternate  
18 settings, that occurred due to the evaluations required under  
19 (j)(iii) of this subsection.

20 In developing bed capacity, the department shall consider the  
21 complex needs of individuals waiting for discharge from the state  
22 psychiatric hospitals.

24 population in Washington, including state budget and policy options,  
25 by conducting at least, but not limited to, the following tasks:

26 (i) Identify strategies to better serve the health care needs of  
27 an aging population and people with disabilities to promote healthy  
28 living and palliative care planning;

29 (ii) Identify strategies and policy options to create financing  
30 mechanisms for long-term service and supports that allow individuals  
31 and families to meet their needs for service;

32 (iii) Identify policies to promote financial security in  
33 retirement, support people who wish to stay in the workplace longer,  
34 and expand the availability of workplace retirement savings plans;

35 (iv) Identify ways to promote advance planning and advance care  
36 directives and implementation strategies for the Bree collaborative  
37 palliative care and related guidelines;

38 (v) Identify ways to meet the needs of the aging demographic  
39 impacted by reduced federal support;

1 (vi) Identify ways to protect the rights of vulnerable adults  
2 through assisted decision-making and guardianship and other relevant  
3 vulnerable adult protections;

4 (vii) Identify options for promoting client safety through  
5 residential care services and consider methods of protecting older  
6 people and people with disabilities from physical abuse and financial  
7 exploitation;

8 (viii) Identify other policy options and recommendations to help  
9 communities adapt to the aging demographic in planning for housing,  
10 land use, and transportation; and

11 (ix) Identify ways to support individuals with developmental  
12 disabilities with long-term care needs who are enrolled members of a  
13 federally recognized Indian tribe, or residing in the household of an  
14 enrolled members of a federally recognized Indian tribe, and are  
15 receiving care from a family member.

16 (c) At least one committee meeting must be devoted to the  
17 exploration of legislation that would allow family members to provide  
18 personal care services to persons with developmental disabilities or  
19 long-term care needs under a voluntary consumer-directed medicaid  
20 service program. During the meeting, the committee should hear  
21 testimony from as many impacted parties as possible, including  
22 clients, providers, advocacy groups, and staff from state agencies.  
23 Testimony should explore program design, program oversight, necessary  
24 statutory changes, barriers to implementation, fiscal estimates, and  
25 timeline for implementation.

26 (d) Staff support for the committee shall be provided by the  
27 office of program research, senate committee services, the office of  
28 financial management, and the department of social and health  
29 services.

30 (e) Within existing appropriations, the cost of meetings must be  
31 paid jointly by the senate, house of representatives, and the office  
32 of financial management. Joint committee expenditures are subject to  
33 approval by the senate facilities and operations committee and the  
34 house of representatives executive rules committee, or their  
35 successor committees. The joint committee members may be reimbursed  
36 for travel expenses as authorized under RCW 43.03.050 and 43.03.060,  
37 and chapter 44.04 RCW as appropriate. Advisory committee members may  
38 not receive compensation or reimbursement for travel and expenses.

39 (14)(a) The department of social and health services must  
40 facilitate a stakeholder work group consisting of assisted living

1 provider associations and the state long-term care ombuds in a  
2 collaborative effort to redesign the medicaid payment methodology for  
3 contracted assisted living, adult residential care, and enhanced  
4 adult residential care. The department must submit a report with the  
5 final work group recommendations to the appropriate legislative  
6 committees by November 30, 2017. A proposed timeline for  
7 implementation of the new methodology must be included in the report.  
8 The new methodology must:

9 (i) Adhere to the standards of an acuity-based payment system as  
10 originally intended by the legislature, and the department will rely  
11 on the time study conducted in 2003 in establishing the acuity scale;

12 (ii) Create a standardized methodology that supports a reasonable  
13 medicaid payment that promotes access, choice, and quality;

14 (iii) Incorporate metrics such as medians, lids, floors, and  
15 other options that provide flexibility to adjust to economic  
16 conditions while maintaining the integrity of the methodology;

17 (iv) Be supported by relevant, reliable, verifiable, and  
18 independent data to the extent possible; and

19 (v) To the extent possible, repurpose and streamline data sources  
20 and modeling that the aging and long-term support administration uses  
21 for other rate-setting processes.

22 (b) In developing payment metrics for medicaid-covered services,  
23 staff and service requirements must be reviewed for assisted living,  
24 adult residential care, and enhanced adult residential care as  
25 described in chapters 74.39A and 18.20 RCW. At a minimum, the  
26 proposed rate methodology must include a component that recognizes  
27 staffing for intermittent nursing and personal care services. Service  
28 area adjustments based on population density must be reviewed and  
29 compared with other options to recognize high-cost areas. The most  
30 recent and complete wage data available through the bureau of labor  
31 statistics must also be included for review and consideration. The  
32 methodology work group must consider operational requirements and  
33 indirect services in developing the model. The work group must  
34 include a rate component that recognizes statutory and regulatory  
35 physical plant requirements. The work group must review and consider  
36 physical plant requirements for assisted living as described in  
37 chapter 51.50 RCW. A fair rental valuation must be reviewed and  
38 considered as an option for the capital component. The recognition of  
39 food for medicaid residents must also be included in the work group  
40 considerations. The department's current methodology to address room

1 and board requirements, and the appropriateness of the continued use  
2 of the 2003 time study and whether it can be reasonably adjusted or  
3 whether a new time study should be conducted, must be reviewed and  
4 considered by the work group.

5 (15) Within amounts appropriated in this section, the department  
6 must pay medicaid nursing facility payment rates for public hospital  
7 district providers in rural communities as defined under chapter  
8 70.44 RCW that are no less than June 30, 2016, reimbursement levels.  
9 This action is intended to assure continued access to essential  
10 services in rural communities.

11 (16) \$5,370,000 of the general fund—state appropriation for  
12 fiscal year 2018, \$10,199,000 of the general fund—state appropriation  
13 for fiscal year 2019, and \$18,346,000 of the general fund—federal  
14 appropriation are provided solely for a targeted vendor rate increase  
15 to contracted client service providers.

16 (a) Within the amounts provided in this subsection, \$2,763,000 of  
17 the general fund—state appropriation for fiscal year 2018, \$5,741,000  
18 of the general fund—state appropriation for fiscal year 2019, and  
19 \$9,775,000 of the general fund—federal appropriation are provided  
20 solely for a vendor rate increase of two percent in fiscal year 2018  
21 and an additional two percent in fiscal year 2019 for all contracted  
22 vendors with the exception of nursing home providers, the program of  
23 all-inclusive care for the elderly, nurse delegators, community  
24 residential service providers, individual providers, agency  
25 providers, and adult family homes.

26 (b) Within the amounts provided in this subsection, \$2,607,000 of  
27 the general fund—state appropriation for fiscal year 2018, \$4,458,000  
28 of the general fund—state appropriation for fiscal year 2019, and  
29 \$8,571,000 of the general fund—federal appropriation are provided  
30 solely to increase vendor rates for nursing homes, assisted living  
31 facilities including adult residential care and enhanced adult  
32 residential care, adult day health and adult day care providers, and  
33 home care agency administration in the 2017-2019 fiscal biennium up  
34 to the statewide minimum wage established in Initiative Measure No.  
35 1433.

36 (17) \$4,815,000 of the general fund—state appropriation for  
37 fiscal year 2018, \$8,527,000 of the general fund—state appropriation  
38 for fiscal year 2019, and \$12,277,000 of the general fund—federal  
39 appropriation are provided solely to create new community alternative

1 placement beds that prioritize the transition of clients who are  
2 ready for discharge from the state psychiatric hospitals, but who  
3 have additional long-term care or developmental disability needs.

4 (a) Community alternative placement beds include enhanced service  
5 facility beds, adult family home beds, skilled nursing facility beds,  
6 shared supportive housing beds, state operated living alternative  
7 beds, and assisted living facility beds.

8 (b) Each client must receive an individualized assessment prior  
9 to leaving one of the state psychiatric hospitals. The individualized  
10 assessment must identify and authorize personal care, nursing care,  
11 behavioral health stabilization, physical therapy, or other necessary  
12 services to meet the unique needs of each client. It is the  
13 expectation that, in most cases, staffing ratios in all community  
14 alternative placement options described in (a) of this subsection  
15 will need to increase to meet the needs of clients leaving the state  
16 psychiatric hospitals. If specialized training is necessary to meet  
17 the needs of a client before he or she enters a community placement,  
18 then the person centered service plan must also identify and  
19 authorize this training.

20 (c) When reviewing placement options, the department must  
21 consider the safety of other residents, as well as the safety of  
22 staff, in a facility. An initial evaluation of each placement,  
23 including any documented safety concerns, must occur within thirty  
24 days of a client leaving one of the state psychiatric hospitals and  
25 entering one of the community placement options described in (a) of  
26 this subsection. At a minimum, the department must perform two  
27 additional evaluations of each placement during the first year that a  
28 client has lived in the facility.

29 (d) During fiscal year 2018, in a presentation to the select  
30 committee on quality improvement in state hospitals, the department  
31 must describe the process of fielding and subsequently investigating  
32 complaints of abuse, neglect, and exploitation within the community  
33 alternative placement options described in (a) of this subsection. At  
34 a minimum, the presentation must include data about the number of  
35 complaints, and the nature of complaints, over the preceding five  
36 fiscal years.

37 (e) During fiscal year 2019, in a presentation to the select  
38 committee on quality improvement in state hospitals, the department  
39 must provide an update about clients placed out of the state  
40 psychiatric hospitals into the community alternative placement

1 options described in (a) of this subsection. At a minimum, for each  
2 setting, the presentation must include data about the number of  
3 placements, average daily rate, complaints fielded, and complaints  
4 investigated. The presentation must also include information about  
5 modifications, including the placement of clients into alternate  
6 settings, that occurred due to the evaluations required under (c) of  
7 this subsection.

8 In developing bed capacity, the department shall consider the  
9 complex needs of individuals waiting for discharge from the state  
10 psychiatric hospitals.

11 (18) \$315,000 of the general fund—state appropriation for fiscal  
12 year 2018, \$315,000 of the general fund—state appropriation for  
13 fiscal year 2019, and \$630,000 of the general fund—federal  
14 appropriation are provided solely for discharge case managers  
15 stationed at the state psychiatric hospitals. Discharge case managers  
16 will transition clients ready for hospital discharge into less  
17 restrictive alternative community placements. The transition of  
18 clients ready for discharge will free up bed capacity at the state  
19 psychiatric hospitals.

20 (19) \$135,000 of the general fund—state appropriation for fiscal  
21 year 2018, \$135,000 of the general fund—state appropriation for  
22 fiscal year 2019, and \$270,000 of the general fund—federal  
23 appropriation are provided solely for financial service specialists  
24 stationed at the state psychiatric hospitals. Financial service  
25 specialists will help to transition clients ready for hospital  
26 discharge into alternative community placements. The transition of  
27 clients ready for discharge will free up bed capacity at the state  
28 hospitals.

29 (20) \$5,007,000 of the general fund—state appropriation for  
30 fiscal year 2018, \$5,143,000 of the general fund—state appropriation  
31 for fiscal year 2019, and \$10,154,000 of the general fund—federal  
32 appropriation are provided solely to implement chapter 286, Laws of  
33 2017 (SB 5715) (nursing home payments).

34 (21) \$750,000 of the general fund—state appropriation for fiscal  
35 year 2018 and \$750,000 of the general fund—state appropriation for

2 are provided solely to finish the programming necessary to give the  
3 department the ability to pay individual provider overtime when hours  
4 over 40 hours per week are authorized for payment and are subject to  
5 the conditions, limitations, and review provided in section 724 of  
6 this act.

7 (23) \$229,000 of the general fund—state appropriation for fiscal  
8 year 2018, \$229,000 of the general fund—state appropriation for  
9 fiscal year 2019, and \$458,000 of the general fund—federal

28 members could be included as providers of long-term services and  
29 supports under the previously studied public long-term care benefit.  
30 The work group shall review options and propose:

31 (a) Minimum qualifications that would allow a family caregiver to

39 unless the transfer is consistent with the objective of conserving,  
40 to the maximum extent possible, the expenditure of state funds. The

1 director of the office of financial management shall notify the  
 2 appropriate fiscal committees of the senate and house of  
 3 representatives in writing seven days prior to approving any  
 4 allotment modifications or transfers under this subsection. The  
 5 written notification must include a narrative explanation and  
 6 justification of changes, along with expenditures and allotments by  
 7 budget unit and appropriation, both before and after any allotment  
 8 modifications and transfers.

33 The appropriations in this section are subject to the following  
 34 conditions and limitations:

35 (a) \$268,117,000 of the general fund—state appropriation for  
 36 fiscal year 2018 and \$264,704,000 of the general fund—state  
 37 appropriation for fiscal year 2019 are provided solely for the  
 38 authority to implement a single, standard medicaid preferred drug

1 list to be used by all contracted medicaid managed health care  
2 systems, on or before January 1, 2018. The preferred drug list shall  
3 be developed in consultation with all contracted managed health care  
4 systems and the state pharmacy and therapeutics committee or drug  
5 utilization review board and shall further the goals and objectives  
6 of the medicaid program. The list shall be designed to maximize  
7 federal rebates and supplemental rebates and ensure access to  
8 clinically effective and appropriate drug therapies under each class.  
9 Entities eligible for 340B drug pricing shall continue to operate  
10 under their current pricing agreement, unless otherwise required by  
11 federal laws or regulations. The authority may utilize external  
12 consultants with expertise in evidence-based drug class reviews,  
13 pharmacy benefit management, and purchasing to assist with the  
14 completion of this development and implementation. The authority  
15 shall require each managed care organization that has contracted with  
16 the authority to provide care to medicaid beneficiaries to use the  
17 established preferred drug list; and shall prohibit each managed care  
18 organization and any of its agents from negotiating or collecting  
19 rebates for any medications listed in the state's medicaid single  
20 preferred drug list whether preferred or nonpreferred. To assist in  
21 the implementation of the single preferred drug list, contracted  
22 medicaid managed health care systems shall provide the authority  
23 drug-specific financial information in a format and frequency  
24 determined by the authority to include the actual amounts paid to  
25 pharmacies for prescription drugs dispensed to covered individuals  
26 compared to the cost invoiced to the health plan and individual  
27 rebates collected for prescription drugs dispensed to medicaid  
28 members. Information disclosed to the authority by the manufacturer  
29 pursuant to this provision shall only be used for the purposes of  
30 developing and implementing a single, standard state preferred drug  
31 list in accordance with this provision. The authority, medicaid  
32 managed care organizations, and all other parties shall maintain the  
33 confidentiality of drug-specific financial and other proprietary  
34 information and such information shall not be subject to the  
35 Washington public records act. The authority shall provide a report  
36 to the governor and appropriate committees of the legislature by  
37 November 15, 2018, and by November 15, 2019, including a comparison  
38 of the amount spent in the previous two fiscal years to expenditures  
39 under the new system by, at a minimum, fund source, total  
40 expenditure, drug class, and top twenty-five drugs. The data provided

1 to the authority shall be aggregated in any report by the authority,  
2 the legislature, or the office of financial management so as not to  
3 disclose the proprietary or confidential drug-specific information,  
4 or the proprietary or confidential information that directly or  
5 indirectly identifies financial information linked to a single  
6 manufacturer. It is the intent of the legislature to revisit this  
7 policy in subsequent biennia to determine whether it is in the best  
8 interest of the state.

9 (b) \$113,356,000 of the general fund—state appropriation for  
10 fiscal year 2018 and \$140,578,000 of the general fund—state  
11 appropriation for fiscal year 2019 are provided solely for managed  
12 care capitation payments.

13 (c) \$122,244,000 of the general fund—state appropriation for  
14 fiscal year 2018 and \$116,038,000 of the general fund—state  
15 appropriation for fiscal year 2019 are provided solely for the  
16 authority through the competitive procurement process, to contract  
17 with licensed dental health plans or managed health care plans on a  
18 prepaid or fixed-sum risk basis to provide carved-out managed dental  
19 care services on a statewide basis that will result in greater  
20 efficiency and will facilitate better access and oral health outcomes  
21 for medicaid enrollees. Except in areas where only a single plan is  
22 available, the authority must contract with at least two plans at a  
23 single rate not to exceed the average cost of the two lowest cost  
24 apparently successful bidders. The authority shall include in the  
25 contracts: (i) Quarterly reporting requirements to include medicaid  
26 utilization and encounter data by current dental technology (CDT)  
27 code; (ii) a direction to increase the dental provider network; (iii)  
28 a commitment to retain innovative programs that improve access and  
29 care such as the access to baby and child dentistry program; (iv) a  
30 program to reduce emergency room use for dental purposes; (v) a  
31 requirement to ensure that dental care is being coordinated with the  
32 primary care provider of the patient to ensure integrated care; (vi)  
33 a provision that no less than eighty-five percent of the contracting  
34 fee be used to directly offset the cost of providing direct patient  
35 care as opposed to administrative costs; and (vii) a provision to  
36 ensure the contracting fee shall be sufficient to compensate county  
37 health departments and federally qualified health centers for dental  
38 patient care. The plan(s) awarded this contract must absorb all  
39 start-up costs associated with moving the program from fee-for-

1 service to managed care and shall commit to achieving an overall  
2 savings to the program based on 2016 fee-for-service experience. In  
3 order to comply with state insurance underwriting standards, the  
4 authority shall ensure that savings offered by dental plans are  
5 actuarially sound. In order to ensure compliance with the provisions  
6 of this subsection, any contracts awarded must be reviewed and signed  
7 by the director of the office of financial management or their  
8 designee. Starting January 31, (~~2019~~) 2020, and every year  
9 thereafter through December (~~2024~~) 2025, the authority shall submit  
10 an annual report to the governor and the appropriate committees of  
11 the legislature detailing how the contracted entities have met the  
12 requirements of the contract. The report shall include specific  
13 information to include utilization, how the contracted entities have  
14 increased their dental provider networks, how the emergency room use  
15 for dental purposes has been reduced, and how dental care has been  
16 integrated with patients' primary care providers. If after the end of  
17 five years the data reported does not demonstrate sufficient progress  
18 to address the stated contracted goals, the legislature will  
19 reevaluate whether carved-out dental managed care needs to be  
20 replaced with a different delivery model. The authority is authorized  
21 to seek any necessary state plan amendments or federal waivers to  
22 implement this subsection. Additional dental program savings achieved  
23 by the plans beyond those assumed in the (~~2017-2019~~) 2019-2021  
24 omnibus appropriations act will be used to increase dental provider  
25 reimbursement rates. By October 30, 2018, the authority shall report  
26 to the governor and the appropriate committees of the legislature  
27 anticipated savings related to reduction in dental emergency  
28 department visits and utilization once managed care dental coverage  
29 begins.

30 (d) \$1,505,087,000 of the general fund—state appropriation for  
31 fiscal year 2018 and \$1,538,030,000 of the general fund—state  
32 appropriation for fiscal year 2019 are provided solely for medicaid  
33 services and the medicaid program. However, the authority shall not  
34 accept or expend any federal funds received under a medicaid  
35 transformation waiver under healthier Washington except as described  
36 in (e) and (f) of this subsection until specifically approved and  
37 appropriated by the legislature. To ensure compliance with  
38 legislative directive budget requirements and terms and conditions of  
39 the waiver, the authority shall implement the waiver and reporting  
40 requirements with oversight from the office of financial management.

1 The legislature finds that appropriate management of the innovation  
2 waiver requires better analytic capability, transparency,  
3 consistency, timeliness, accuracy, and lack of redundancy with other  
4 established measures and that the patient must be considered first  
5 and foremost in the implementation and execution of the demonstration  
6 waiver. In order to effectuate these goals, the authority shall: (i)  
7 Require the Dr. Robert Bree collaborative and the health technology  
8 assessment program to reduce the administrative burden upon providers  
9 by only requiring performance measures that are nonduplicative of  
10 other nationally established measures. The joint select committee on  
11 health care oversight will evaluate the measures chosen by the  
12 collaborative and the health technology assessment program for  
13 effectiveness and appropriateness; (ii) develop a patient  
14 satisfaction survey with the goal to gather information about whether  
15 it was beneficial for the patient to use the center of excellence  
16 location in exchange for additional out-of-pocket savings; (iii)  
17 ensure patients and health care providers have significant input into  
18 the implementation of the demonstration waiver, in order to ensure  
19 improved patient health outcomes; and (iv) in cooperation with the  
20 department of social and health services, consult with and provide  
21 notification of work on applications for federal waivers, including  
22 details on waiver duration, financial implications, and potential  
23 future impacts on the state budget, to the joint select committee on  
24 health care oversight prior to submitting waivers for federal  
25 approval. By federal standard, the medicaid transformation  
26 demonstration waiver shall not exceed the duration originally granted  
27 by the centers for medicare and medicaid services and any programs  
28 created or funded by this waiver do not create an entitlement.

29 (e) No more than \$486,683,000 of the general fund—federal  
30 appropriation and no more than \$129,103,000 of the general fund—local  
31 appropriation may be expended for transformation through accountable  
32 communities of health described in initiative 1 of the medicaid  
33 transformation demonstration wavier under healthier Washington,  
34 including preventing youth drug use, opioid prevention and treatment,  
35 and physical and behavioral health integration. Under this  
36 initiative, the authority shall take into account local input  
37 regarding community needs. In order to ensure transparency to the  
38 appropriate fiscal committees of the legislature, the authority shall  
39 provide fiscal staff of the legislature query ability into any  
40 database of the fiscal intermediary that authority staff would be

1 authorized to access. The authority shall not increase general fund—  
2 state expenditures under this initiative. The director shall report  
3 to the joint select committee on health care oversight no less than  
4 quarterly, and include details for each accountable community of  
5 health, on the financial status and measurable health outcomes. The  
6 director shall also report to the fiscal committees of the  
7 legislature all of the expenditures under this subsection and shall  
8 provide such fiscal data in the time, manner, and form requested by  
9 the legislative fiscal committees. By December 15, 2019, the  
10 authority in collaboration with each accountable community of health  
11 shall demonstrate how it will be self-sustaining by the end of the  
12 demonstration waiver period, including sources of outside funding,  
13 and provide this reporting to the joint select committee on health  
14 care oversight. If by the third year of the demonstration waiver  
15 there are not measurable, improved patient outcomes and financial  
16 returns, the Washington state institute for public policy will  
17 conduct an audit of the accountable communities of health, in  
18 addition to the process set in place through the independent  
19 evaluation required by the agreement with centers for medicare and  
20 medicaid services. Prior to the 2018 legislative session, the human  
21 services, health care, and judiciary committees of the legislature  
22 will convene a joint work session to review models in the delivery  
23 system and the impacts on medical liability. The work sessions should  
24 include integrated delivery models with multiple health care  
25 providers and medical malpractice insurance carriers. Beginning May  
26 1, 2019, participation in all initiatives under the medicaid  
27 transformation demonstration waiver is frozen at current  
28 participation levels. No new participants may be added to any  
29 initiative under this demonstration waiver without further federal  
30 approval.

31 (f) No more than \$38,425,000 of the general fund—federal  
32 appropriation may be expended for supported housing and employment  
33 services described in initiative 3a and 3b of the medicaid  
34 transformation demonstration waiver under healthier Washington. Under  
35 this initiative, the authority and the department of social and  
36 health services shall ensure that allowable and necessary services  
37 are provided to eligible clients as identified by the department or  
38 its third party administrator. The authority and the department in  
39 consultation with the medicaid forecast work group, shall ensure that  
40 reasonable reimbursements are established for services deemed

1 necessary within an identified limit per individual. The authority  
2 shall not increase general fund—state expenditures under this  
3 initiative. The director shall report to the joint select committee  
4 on health care oversight no less than quarterly on financial and  
5 health outcomes. The director shall also report to the fiscal  
6 committees of the legislature all of the expenditures of this  
7 subsection and shall provide such fiscal data in the time, manner,  
8 and form requested by the legislative fiscal committees. Beginning  
9 May 1, 2019, the authority shall freeze participation in initiatives  
10 3a and 3b at the current level of enrollment. No new participants may  
11 be added without further federal approval.

12 (g) No later than November 1, 2018, and each year thereafter, the  
13 authority shall report to the governor and appropriate committees of  
14 the legislature: (i) Savings attributed to behavioral and physical  
15 integration in areas that are scheduled to integrate in the following  
16 calendar year, and (ii) savings attributed to behavioral and physical  
17 health integration and the level of savings achieved in areas that  
18 have integrated behavioral and physical health.

19 (h) Sufficient amounts are appropriated in this subsection to  
20 implement the medicaid expansion as defined in the social security  
21 act, section 1902(a)(10)(A)(i)(VIII).

22 (i) The legislature finds that medicaid payment rates, as  
23 calculated by the health care authority pursuant to the  
24 appropriations in this act, bear a reasonable relationship to the  
25 costs incurred by efficiently and economically operated facilities  
26 for providing quality services and will be sufficient to enlist  
27 enough providers so that care and services are available to the  
28 extent that such care and services are available to the general  
29 population in the geographic area. The legislature finds that the  
30 cost reports, payment data from the federal government, historical  
31 utilization, economic data, and clinical input constitute reliable  
32 data upon which to determine the payment rates.

33 (j) Based on quarterly expenditure reports and caseload  
34 forecasts, if the health care authority estimates that expenditures  
35 for the medical assistance program will exceed the appropriations,  
36 the health care authority shall take steps including but not limited  
37 to reduction of rates or elimination of optional services to reduce  
38 expenditures so that total program costs do not exceed the annual  
39 appropriation authority.

1 (k) In determining financial eligibility for medicaid-funded  
2 services, the health care authority is authorized to disregard  
3 recoveries by Holocaust survivors of insurance proceeds or other  
4 assets, as defined in RCW 48.104.030.

5 (l) The legislature affirms that it is in the state's interest  
6 for Harborview medical center to remain an economically viable  
7 component of the state's health care system.

8 (m) When a person is ineligible for medicaid solely by reason of  
9 residence in an institution for mental diseases, the health care  
10 authority shall provide the person with the same benefits as he or  
11 she would receive if eligible for medicaid, using state-only funds to  
12 the extent necessary.

13 (n) \$4,261,000 of the general fund—state appropriation for fiscal  
14 year 2018, \$4,261,000 of the general fund—state appropriation for  
15 fiscal year 2019, and \$8,522,000 of the general fund—federal  
16 appropriation are provided solely for low-income disproportionate  
17 share hospital payments.

18 (o) Within the amounts appropriated in this section, the health  
19 care authority shall provide disproportionate share hospital payments  
20 to hospitals that provide services to children in the children's  
21 health program who are not eligible for services under Title XIX or  
22 XXI of the federal social security act due to their citizenship  
23 status.

24 (p) \$6,000,000 of the general fund—federal appropriation is  
25 provided solely for supplemental payments to nursing homes operated  
26 by public hospital districts. The public hospital district shall be  
27 responsible for providing the required nonfederal match for the  
28 supplemental payment, and the payments shall not exceed the maximum  
29 allowable under federal rules. It is the legislature's intent that  
30 the payments shall be supplemental to and shall not in any way offset  
31 or reduce the payments calculated and provided in accordance with  
32 part E of chapter 74.46 RCW. It is the legislature's further intent  
33 that costs otherwise allowable for rate-setting and settlement  
34 against payments under chapter 74.46 RCW shall not be disallowed  
35 solely because such costs have been paid by revenues retained by the  
36 nursing home from these supplemental payments. The supplemental  
37 payments are subject to retrospective interim and final cost  
38 settlements based on the nursing homes' as-filed and final medicare  
39 cost reports. The timing of the interim and final cost settlements

1 shall be at the health care authority's discretion. During either the  
2 interim cost settlement or the final cost settlement, the health care  
3 authority shall recoup from the public hospital districts the  
4 supplemental payments that exceed the medicaid cost limit and/or the  
5 medicare upper payment limit. The health care authority shall apply  
6 federal rules for identifying the eligible incurred medicaid costs  
7 and the medicare upper payment limit.

8 (q) The health care authority shall continue the inpatient  
9 hospital certified public expenditures program for the 2017-2019  
10 fiscal biennium. The program shall apply to all public hospitals,  
11 including those owned or operated by the state, except those  
12 classified as critical access hospitals or state psychiatric  
13 institutions. The health care authority shall submit reports to the  
14 governor and legislature by November 1, 2017, and by November 1,  
15 2018, that evaluate whether savings continue to exceed costs for this  
16 program. If the certified public expenditures (CPE) program in its  
17 current form is no longer cost-effective to maintain, the health care  
18 authority shall submit a report to the governor and legislature  
19 detailing cost-effective alternative uses of local, state, and  
20 federal resources as a replacement for this program. During fiscal  
21 year 2018 and fiscal year 2019, hospitals in the program shall be  
22 paid and shall retain one hundred percent of the federal portion of  
23 the allowable hospital cost for each medicaid inpatient fee-for-  
24 service claim payable by medical assistance and one hundred percent  
25 of the federal portion of the maximum disproportionate share hospital  
26 payment allowable under federal regulations. Inpatient medicaid  
27 payments shall be established using an allowable methodology that  
28 approximates the cost of claims submitted by the hospitals. Payments  
29 made to each hospital in the program in each fiscal year of the  
30 biennium shall be compared to a baseline amount. The baseline amount  
31 will be determined by the total of (i) the inpatient claim payment  
32 amounts that would have been paid during the fiscal year had the  
33 hospital not been in the CPE program based on the reimbursement rates  
34 developed, implemented, and consistent with policies approved in the  
35 2017-2019 biennial operating appropriations act and in effect on July  
36 1, 2015, (ii) one-half of the indigent assistance disproportionate  
37 share hospital payment amounts paid to and retained by each hospital  
38 during fiscal year 2005, and (iii) all of the other disproportionate  
39 share hospital payment amounts paid to and retained by each hospital  
40 during fiscal year 2005 to the extent the same disproportionate share

1 hospital programs exist in the 2017-2019 fiscal biennium. If payments  
2 during the fiscal year exceed the hospital's baseline amount, no  
3 additional payments will be made to the hospital except the federal  
4 portion of allowable disproportionate share hospital payments for  
5 which the hospital can certify allowable match. If payments during  
6 the fiscal year are less than the baseline amount, the hospital will  
7 be paid a state grant equal to the difference between payments during  
8 the fiscal year and the applicable baseline amount. Payment of the  
9 state grant shall be made in the applicable fiscal year and  
10 distributed in monthly payments. The grants will be recalculated and  
11 redistributed as the baseline is updated during the fiscal year. The  
12 grant payments are subject to an interim settlement within eleven  
13 months after the end of the fiscal year. A final settlement shall be  
14 performed. To the extent that either settlement determines that a  
15 hospital has received funds in excess of what it would have received  
16 as described in this subsection, the hospital must repay the excess  
17 amounts to the state when requested. \$359,000 of the general fund—  
18 state appropriation for fiscal year 2018 and (~~(\$361,000)~~) \$553,000 of  
19 the general fund—state appropriation for fiscal year 2019 are  
20 provided solely for state grants for the participating hospitals.

21 (r) The health care authority shall seek public-private  
22 partnerships and federal funds that are or may become available to  
23 provide on-going support for outreach and education efforts under the  
24 federal children's health insurance program reauthorization act of  
25 2009.

26 (s) The health care authority shall target funding for maternity  
27 support services towards pregnant women with factors that lead to  
28 higher rates of poor birth outcomes, including hypertension, a  
29 preterm or low birth weight birth in the most recent previous birth,  
30 a cognitive deficit or developmental disability, substance abuse,  
31 severe mental illness, unhealthy weight or failure to gain weight,  
32 tobacco use, or African American or Native American race. The health  
33 care authority shall prioritize evidence-based practices for delivery  
34 of maternity support services. To the extent practicable, the health  
35 care authority shall develop a mechanism to increase federal funding  
36 for maternity support services by leveraging local public funding for  
37 those services.

38 (t) The authority shall submit reports to the governor and the  
39 legislature by September 15, 2018, and no later than September 15,  
40 2019, that delineate the number of individuals in medicaid managed

1 care, by carrier, age, gender, and eligibility category, receiving  
2 preventative services and vaccinations. The reports should include  
3 baseline and benchmark information from the previous two fiscal years  
4 and should be inclusive of, but not limited to, services recommended  
5 under the United States preventative services task force, advisory  
6 committee on immunization practices, early and periodic screening,  
7 diagnostic, and treatment (EPSDT) guidelines, and other relevant  
8 preventative and vaccination medicaid guidelines and requirements.

9 (u) Managed care contracts must incorporate accountability  
10 measures that monitor patient health and improved health outcomes,  
11 and shall include an expectation that each patient receive a wellness  
12 examination that documents the baseline health status and allows for  
13 monitoring of health improvements and outcome measures.

14 (v) Sufficient amounts are appropriated in this section for the  
15 authority to provide an adult dental benefit.

16 (w) The health care authority shall coordinate with the  
17 department of social and health services to provide referrals to the  
18 Washington health benefit exchange for clients that will be  
19 ineligible for medicaid.

20 (x) To facilitate a single point of entry across public and  
21 medical assistance programs, and to maximize the use of federal  
22 funding, the health care authority, the department of social and  
23 health services, and the health benefit exchange will coordinate  
24 efforts to expand HealthPlanfinder access to public assistance and  
25 medical eligibility staff. The health care authority shall complete  
26 medicaid applications in the HealthPlanfinder for households  
27 receiving or applying for medical assistance benefits.

28 (y) \$90,000 of the general fund—state appropriation for fiscal  
29 year 2018, \$90,000 of the general fund—state appropriation for fiscal  
30 year 2019, and \$180,000 of the general fund—federal appropriation are  
31 provided solely to continue operation by a nonprofit organization of  
32 a toll-free hotline that assists families to learn about and enroll  
33 in the apple health for kids program.

34 (z) The appropriations in this section reflect savings and

10 are provided solely for the authority and behavioral health  
11 organizations to continue to contract for implementation of high-  
12 intensity programs for assertive community treatment (PACT) teams. In  
13 determining the proportion of medicaid and nonmedicaid funding  
14 provided to behavioral health organizations with PACT teams, the  
15 authority shall consider the differences between behavioral health  
16 organizations in the percentages of services and other costs  
17 associated with the teams that are not reimbursable under medicaid.  
18 The authority may allow behavioral health organizations which have  
19 nonmedicaid reimbursable costs that are higher than the nonmedicaid  
20 allocation they receive under this section to supplement these funds  
21 with local dollars or funds received under (f) of this subsection.  
22 The authority and behavioral health organizations shall maintain  
23 consistency with all essential elements of the PACT evidence-based  
24 practice model in programs funded under this section.

25 (c) From the general fund—state appropriations in this  
26 subsection, the authority shall assure that behavioral health  
27 organizations reimburse the department of social and health services  
28 aging and long term support administration for the general fund—state  
29 cost of medicaid personal care services that enrolled behavioral  
30 health organization consumers use because of their psychiatric  
31 disability.

32 (d) \$1,760,000 of the general fund—federal appropriation is  
33 provided solely for the authority to maintain a pilot project to put  
34 peer bridging staff into each behavioral health organization as part  
35 of the state psychiatric liaison teams to promote continuity of  
36 service as individuals return to their communities.

37 (e) \$6,858,000 of the general fund—state appropriation for fiscal  
38 year 2019 and \$4,023,000 of the general fund—federal appropriation  
39 are provided solely for new crisis triage or stabilization centers.

1 The authority must seek proposals from behavioral health  
2 organizations for the use of these funds based on regional  
3 priorities. Services in these facilities may include crisis  
4 stabilization and intervention, individual counseling, peer support,  
5 medication management, education, and referral assistance. The  
6 authority shall monitor each center's effectiveness at lowering the  
7 rate of state psychiatric hospital admissions.

8 (f) \$81,930,000 of the general fund—state appropriation for  
9 fiscal year 2019 is provided solely for persons and services not  
10 covered by the medicaid program. To the extent possible, levels of  
11 behavioral health organization spending must be maintained in the  
12 following priority order: Crisis and commitment services; community  
13 inpatient services; and residential care services, including personal  
14 care and emergency housing assistance. These amounts must be  
15 distributed to behavioral health organizations proportionate to the  
16 fiscal year 2017 allocation of flexible nonmedicaid funds. The  
17 authority must include the following language in medicaid contracts  
18 with behavioral health organizations unless they are provided formal  
19 notification from the center for medicaid and medicare services that  
20 the language will result in the loss of federal medicaid  
21 participation: "The contractor may voluntarily provide services that  
22 are in addition to those covered under the state plan, although the  
23 cost of these services cannot be included when determining payment  
24 rates unless including these costs are specifically allowed under  
25 federal law or an approved waiver."

26 (g) The authority is authorized to continue to contract directly,  
27 rather than through contracts with behavioral health organizations  
28 for children's long-term inpatient facility services.

29 (h) \$1,125,000 of the general fund—state appropriation for fiscal  
30 year 2019 is provided solely for the Spokane county behavioral health  
31 organization to implement services to reduce utilization and the  
32 census at eastern state hospital. Such services shall include:

37 community individuals in crisis who are at risk of requiring  
38 inpatient care or jail services;

1 (iii) Mental health services provided in nursing facilities to  
2 individuals with dementia, and consultation to facility staff  
3 treating those individuals; and

4 (iv) Services at the sixteen-bed evaluation and treatment  
5 facility.

6 At least annually, the Spokane county behavioral health  
7 organization shall assess the effectiveness of these services in  
8 reducing utilization at eastern state hospital, identify services  
9 that are not optimally effective, and modify those services to  
10 improve their effectiveness.

11 (i) \$1,204,000 of the general fund—state appropriation for fiscal  
12 year 2019 is provided solely to reimburse Pierce and Spokane counties  
13 for the cost of conducting one hundred eighty-day commitment hearings  
14 at the state psychiatric hospitals.

15 (j) Behavioral health organizations may use local funds to earn  
16 additional federal medicaid match, provided the locally matched rate  
17 does not exceed the upper-bound of their federally allowable rate  
18 range, and provided that the enhanced funding is used only to provide  
19 medicaid state plan or waiver services to medicaid clients.  
20 Additionally, behavioral health organizations may use a portion of  
21 the state funds allocated in accordance with (f) of this subsection  
22 to earn additional medicaid match, but only to the extent that the  
23 application of such funds to medicaid services does not diminish the  
24 level of crisis and commitment, community inpatient, residential  
25 care, and outpatient services presently available to persons not  
26 eligible for medicaid.

27 (k) \$2,291,000 of the general fund—state appropriation for fiscal  
28 year 2019 is provided solely for mental health services for mentally  
29 ill offenders while confined in a county or city jail and for  
30 facilitating access to programs that offer mental health services  
31 upon release from confinement. The authority must collect information  
32 from the behavioral health organizations on their plan for using  
33 these funds, the numbers of individuals served, and the types of  
34 services provided and submit a report to the office of financial  
35 management and the appropriate fiscal committees of the legislature  
36 by December 1st of each year of the biennium.

37 (l) Within the amounts appropriated in this section, funding is  
38 provided for the authority to develop and phase in intensive mental  
39 health services for high needs youth consistent with the settlement  
40 agreement in *T.R. v. Dreyfus and Porter*.

1 (m) The authority must establish minimum and maximum funding  
2 levels for all reserves allowed under behavioral health organization  
3 contracts and insert contract language that clearly states the  
4 requirements and limitations. The authority must monitor and ensure  
5 that behavioral health organization reserves do not exceed maximum  
6 levels. The authority must monitor behavioral health organization  
7 revenue and expenditure reports and must require a behavioral health  
8 organization to submit a corrective action plan on how it will spend  
9 its excess reserves within a reasonable period of time, when its  
10 reported reserves exceed maximum levels established under the  
11 contract. The authority must review and approve such plans and  
12 monitor to ensure compliance. If the authority determines that a  
13 behavioral health organization has failed to provide an adequate  
14 excess reserve corrective action plan or is not complying with an  
15 approved plan, the authority must reduce payments to the behavioral  
16 health organization in accordance with remedial actions provisions  
17 included in the contract. These reductions in payments must continue  
18 until the authority determines that the behavioral health  
19 organization has come into substantial compliance with an approved  
20 excess reserve corrective action plan.

21 (n) \$3,079,000 of the general fund—state appropriation for fiscal  
22 year 2019 and \$2,892,000 of the general fund—federal appropriation  
23 are provided solely for the authority to increase rates for community  
24 hospitals that provide a minimum of two hundred medicaid psychiatric  
25 inpatient days. The authority must increase both medicaid and  
26 nonmedicaid psychiatric per-diem reimbursement rates for these  
27 providers within these amounts. The amounts in this subsection  
28 include funding for additional hold harmless payments resulting from  
29 the rate increase. The authority shall prioritize increases for  
30 hospitals not currently paid based on provider specific costs using a  
31 similar methodology used to set rates for existing inpatient  
32 facilities and the latest available cost report information. Rate  
33 increases for providers must be set so as not to exceed the amounts  
34 provided within this subsection. The rate increase related to  
35 nonmedicaid clients must be done to maintain the provider at the same  
36 percentage as currently required under WAC 182-550-4800.

37 (o) \$100,000 of the general fund—state appropriation for fiscal  
38 year 2019 is provided solely for the authority to collaborate with  
39 tribal governments and develop a plan for establishing an evaluation

1 and treatment facility that will specialize in providing care  
2 specifically to the American Indian and Alaska Native population. The  
3 plan must include options for maximizing federal participation and  
4 ensure that utilization will be based on medical necessity and  
5 identify a specific geographic location where a tribal evaluation and  
6 treatment facility will be built.

7 (p) \$7,103,000 of the general fund—state appropriation for fiscal  
8 year 2019 and \$8,052,000 of the general fund—federal appropriation  
9 are provided solely for the authority to contract with community  
10 hospitals or freestanding evaluation and treatment centers to provide  
11 up to forty-eight long-term inpatient care beds as defined in RCW  
12 71.24.025. The authority must seek proposals and contract directly  
13 for these services rather than contracting through behavioral health  
14 organizations. The authority must not use any of the amounts provided  
15 under this subsection for contracts with facilities that are subject  
16 to federal funding restrictions that apply to institutions of mental  
17 diseases, unless they have received a waiver that allows for full  
18 federal participation in these facilities.

19 (q) \$1,133,000 of the general fund—state appropriation for fiscal  
20 year 2019 and \$1,297,000 of the general fund—federal appropriation  
21 are provided solely to increase the number of psychiatric residential  
22 treatment beds for individuals transitioning from psychiatric  
23 inpatient settings. The authority must seek proposals from behavioral  
24 health organizations for the use of these amounts and coordinate with  
25 the department of social and health services in awarding these funds.  
26 The authority must not allow for any of the amounts provided under  
27 this subsection to be used for services in facilities that are  
28 subject to federal funding restrictions that apply to institutions of  
29 mental diseases, unless they have received a waiver that allows for  
30 full federal participation in these facilities.

31 (r) \$6,744,000 of the general fund—state appropriation for fiscal  
32 year 2019 and \$14,516,000 of the general fund—federal appropriation  
33 are provided solely for the authority to increase medicaid capitation  
34 payments for behavioral health organizations. The authority must work  
35 with the actuaries responsible for certifying behavioral health  
36 capitation rates to adjust average salary assumptions in order to  
37 implement this increase. In developing further updates for medicaid  
38 managed care rates for behavioral health services, the authority must  
39 require the contracted actuaries to: (i) Review and consider

1 comparison of salaries paid by government agencies and hospitals that  
2 compete with community providers for behavioral health workers in  
3 developing salary assumptions; and (ii) review data to see whether a  
4 specific travel assumption for high congestion areas is warranted.  
5 The authority must include and make available all applicable  
6 documents and analysis to legislative staff from the fiscal  
7 committees throughout the process. The authority must require the  
8 actuaries to develop and submit rate ranges for each behavioral  
9 health organization prior to certification of specific rates.

10 (s) The number of beds allocated for use by behavioral health  
11 organizations at eastern state hospital shall be one hundred ninety  
12 two per day. The number of nonforensic beds allocated for use by  
13 behavioral health organizations at western state hospital shall be  
14 five hundred fifty-seven per day. In fiscal year 2019, the authority  
15 must reduce the number of beds allocated for use by behavioral health  
16 organizations at western state hospital by thirty beds to allow for  
17 the repurposing of a civil ward at western state hospital to provide  
18 forensic services. The contracted beds provided under (p) of this  
19 subsection shall be allocated to the behavioral health organizations  
20 in lieu of beds at the state hospitals and be incorporated in their  
21 allocation of state hospital patient days of care for the purposes of  
22 calculating reimbursements pursuant to RCW 71.24.310. It is the  
23 intent of the legislature to continue the policy of expanding  
24 community based alternatives for long term civil commitment services  
25 that allow for state hospital beds to be prioritized for forensic  
26 patients.

27 (t) \$11,405,000 of the general fund—state appropriation for  
28 fiscal year 2019 and \$8,840,000 of the general fund—federal  
29 appropriation are provided solely to maintain enhancements of  
30 community mental health services. The authority must contract these  
31 funds for the operation of community programs in which the authority  
32 determines there is a need for capacity that allows individuals to be  
33 diverted or transitioned from the state hospitals including but not  
34 limited to: (i) Community hospital or free standing evaluation and  
35 treatment services providing short-term detention and commitment  
36 services under the involuntary treatment act to be located in the  
37 geographic areas of the King behavioral health organization, the  
38 Spokane behavioral health organization outside of Spokane county, and

12 the remainder of the amounts to provide other services not covered  
13 under the medicaid program. The authority must explore options for  
14 continuing to expand waivers which allow for federal matching funds

24 regions transitioning to become mid-adopters for full integration of  
25 physical and behavioral health care. These amounts must be  
26 distributed proportionate to the population of each regional area  
27 covered. The maximum amount allowed per region is \$3,175 per 1,000  
28 residents. These amounts must be used to provide a reserve for  
29 nonmedicaid services in the region and to stabilize the new crisis  
30 services system. The authority must require all behavioral health  
31 organizations transitioning to full integration to either spend down  
32 or return all reserves in accordance with contract requirements and  
33 federal and state law. Behavioral health organization reserves may  
34 not be used to pay for services to be provided beyond the end of a  
35 behavioral health organization's contract or for start-up costs in  
36 full integration regions. The authority must ensure that any  
37 increases in expenditures in behavioral health reserve spend-down  
38 plans are required for the operation of services during the contract  
39 period and do not result in overpayment to providers.

1 (ss) \$806,000 of the general fund—federal appropriation is  
2 provided solely for the authority to develop a peer support program  
3 for individuals with substance use disorders. These amounts must be

13 commitments into fully integrated care contracts beginning in January  
14 2020. The funding and risk for patients at the state hospitals who  
15 have been committed pursuant to dismissal of felony charges after  
16 being determined incompetent to stand trial shall not be incorporated  
17 into integrated care contracts.

18 (i) By December 1, 2018, the authority, in coordination with the  
19 department of social and health services, must submit a report to the

22 to per member per month payments and estimated annual state and  
23 federal costs for medicaid managed care organizations with fully  
24 integrated contracts; (B) actuarial estimates on the estimated annual  
25 costs for administrative services organizations; (C) estimates of the  
26 per-diem cost at the state hospitals that will be charged to entities  
27 with responsibility for paying for long-term civil inpatient  
28 commitments once these are incorporated into fully integrated care  
29 contracts; and (D) estimates of the amount of funding that can be  
30 reduced from direct appropriations for the state hospitals to reflect  
31 the shift in financial responsibility.

32 (ii) The authority must also explore and report on options for  
33 fully leveraging the state's share of federal medicaid  
34 disproportionate share funding allowed for institutions of mental  
35 diseases, including but not limited to: (A) Prioritizing the use of  
36 this funding for forensic patients and those civilly committed  
37 pursuant to dismissal of a felony charge; (B) obtaining an  
38 institution for mental diseases—disproportionate share hospital  
39 waiver to allow for regular medicaid federal financial participation

1 to be used at the state hospitals; and (C) shifting some of the  
2 state's current disproportionate share funding used at the state  
3 hospitals to community-based institutions for mental diseases to  
4 reduce the state cost of patients for whom regular federal medicaid  
5 match is not allowed.

7 fiscal year 2019 and \$9,026,000 of the general fund—federal

20 these activities with the department of health to avoid duplication  
21 of effort and must work to identify additional federal resources that  
22 can be used to maintain and expand these efforts. The authority must  
23 submit a report to the office of financial management and the  
24 appropriate committees of the legislature on the status of these  
25 efforts by December 1, 2018. The report must include identification  
26 of any increase in behavioral health federal block grants or other  
27 federal funding awards received by the authority and the plan for the

30 year 2019 is provided solely for the authority to contract with

33 authority must coordinate with behavioral health organizations to  
34 identify: (i) Eligible behavioral health service types that are  
35 currently provided to medicaid enrollees without federal funding and  
36 are dependent on state, local, or other funds; and (ii) eligible  
37 behavioral health service types that are not currently available to  
38 medicaid enrollees due to the lack of federal funding. The authority  
39 must contract with the actuaries responsible for certifying state

1 behavioral health capitation rates to develop estimates for the cost  
2 of implementing each of these services. The estimates must identify  
3 the cost of implementing each service statewide, the estimated state  
4 and federal medicaid cost, and any estimated offset in state non-  
5 medicaid spending. The authority must submit a report to the office

13 private lands and maximize the number of elk located on state and  
14 federal lands. The plan must be implemented by September 1, 2018.

15 (11) Within the appropriations of this section, the department

13 stability, impact on the public and fisheries and hunting  
14 opportunities, and on timeliness and ability to achieve intended  
15 outcomes.

16 (b) In consultation with the office of financial management, the

10 program and the populations served by each program, and the level of  
11 funding and staff required to accomplish the goals of the program if  
12 different than the actual maintenance level;

13 (v) An analysis of the major costs and benefits of operating each  
14 program and the rationale for specific expenditure and staffing

31 protection when the animals are present, nothing prohibits responses  
32 to emergent public safety or in-progress poaching incidents. In the  
33 event that orca whales are not present in marine waters of Puget

20 (a) Allocations for school building-level certificated  
21 administrative staff salaries for the 2017-18 and 2018-19 school  
22 years for general education students are determined using the formula  
23 generated staff units calculated pursuant to this subsection. The  
24 superintendent shall make allocations to school districts based on  
25 the district's annual average full-time equivalent enrollment in each  
26 grade. The following prototypical school values shall determine the  
27 allocation for principals, assistance principals, and other  
28 certificated building level administrators:

29 Prototypical School Building:

30 Elementary School	1.253
31 Middle School	1.353

2 factors: Career and Technical Education students. . . . . 1.025  
3 Skill Center students. . . . . 1.198

4 (4) CLASSIFIED STAFF ALLOCATIONS

5 Allocations for classified staff units providing school building-  
6 level and district-wide support services for the 2017-18 and 2018-19  
7 school years are determined using the formula-generated staff units  
8 provided in RCW 28A.150.260 and pursuant to this subsection, and  
9 adjusted based on each district's annual average full-time equivalent  
10 student enrollment in each grade.

11 (5) CENTRAL OFFICE ALLOCATIONS

12 In addition to classified and administrative staff units  
13 allocated in subsections (3) and (4) of this section, classified and  
14 administrative staff units are provided for the 2017-18 and 2018-19  
15 school years for the central office administrative costs of operating  
16 a school district, at the following rates:

17 (a) The total central office staff units provided in this  
18 subsection (5) are calculated by first multiplying the total number  
19 of eligible certificated instructional, certificated administrative,  
20 and classified staff units providing school-based or district-wide  
21 support services, as identified in RCW 28A.150.260(6)(b) and the  
22 increased allocations provided pursuant to subsections (2) and (4) of  
23 this section, by 5.3 percent.

24 (b) Of the central office staff units calculated in (a) of this  
25 subsection, 74.53 percent are allocated as classified staff units, as  
26 generated in subsection (4) of this section, and 25.47 percent shall  
27 be allocated as administrative staff units, as generated in  
28 subsection (3) of this section.

29 (c) Staff units generated as enhancements outside the program of  
30 basic education to the minimum requirements of RCW 28A.150.260, and  
31 staff units generated by skill center and career-technical students,  
32 are excluded from the total central office staff units calculation in  
33 (a) of this subsection.

34 (d) For students in approved career-technical and skill center  
35 programs, central office classified units are allocated at the same  
36 staff unit per student rate as those generated for general education  
37 students of the same grade in this subsection (5), and central office  
38 administrative staff units are allocated at staff unit per student  
39 rates that exceed the general education rate established for students

1 in the same grade in this subsection (5) by 12.29 percent in the  
2 2017-18 school year and 12.29 percent in the 2018-19 school year for  
3 career and technical education students, and 17.61 percent in the

9 2018-19 school year for certificated salary allocations provided  
10 under subsections (2), (3), and (5) of this section, and a rate of  
11 24.60 percent in the 2017-18 school year and (~~(24.67)~~) 24.70 percent  
12 in the 2018-19 school year for classified salary allocations provided  
13 under subsections (4) and (5) of this section.

14 (7) INSURANCE BENEFIT ALLOCATIONS

15 Insurance benefit allocations shall be calculated at the  
16 maintenance rate specified in section 504 of this act, based on the  
17 number of benefit units determined as follows:

18 (a) The number of certificated staff units determined in  
19 subsections (2), (3), and (5) of this section; and

20 (b) The number of classified staff units determined in  
21 subsections (4) and (5) of this section multiplied by 1.152. This  
22 factor is intended to adjust allocations so that, for the purpose of  
23 distributing insurance benefits, full-time equivalent classified  
24 employees may be calculated on the basis of 1,440 hours of work per  
25 year, with no individual employee counted as more than one full-time  
26 equivalent.

27 (8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

28 Funding is allocated per annual average full-time equivalent  
29 student for the materials, supplies, and operating costs (MSOC)

12 of the budget development, hearing, and review process required by  
13 chapter 28A.505 RCW, each school district must disclose: (A) The  
14 amount of state funding to be received by the district under (a) and

9 for inflation.

10 (14) Any school district board of directors may petition the  
11 superintendent of public instruction by submission of a resolution  
12 adopted in a public meeting to reduce or delay any portion of its  
13 basic education allocation for any school year. The superintendent of  
14 public instruction shall approve such reduction or delay if it does

16 for more than two school years. Any reduction or delay shall have no  
17 impact on levy authority pursuant to RCW 84.52.0531 and local effort  
18 assistance pursuant to chapter 28A.500 RCW.

19 (15) The superintendent may distribute funding for the following  
20 programs outside the basic education formula during fiscal years 2018

22 (a) \$638,000 of the general fund—state appropriation for fiscal  
23 year 2018 and \$650,000 of the general fund—state appropriation for

2 applicable. At the close of the fiscal year the superintendent of  
3 public instruction shall report to the office of financial management

9 (18) Students participating in running start programs may be  
10 funded up to a combined maximum enrollment of 1.2 FTE including  
11 school district and institution of higher education enrollment  
12 consistent with the running start course requirements provided in  
13 chapter 202, Laws of 2015 (dual credit education opportunities). In  
14 calculating the combined 1.2 FTE, the office of the superintendent of  
15 public instruction may average the participating student's September  
16 through June enrollment to account for differences in the start and  
17 end dates for courses provided by the high school and higher  
18 education institution. Additionally, the office of the superintendent  
19 of public instruction, in consultation with the state board for  
20 community and technical colleges, the student achievement council,  
21 and the education data center, shall annually track and report to the  
22 fiscal committees of the legislature on the combined FTE experience  
23 of students participating in the running start program, including  
24 course load analyses at both the high school and community and  
25 technical college system.

33 (b) For the fourth through eighth school years following  
34 consolidation, the difference between the basic education formula  
35 staff units received by the districts for the school year prior to  
36 consolidation and the basic education formula staff units after

2 federal law of the combined basic education and career and technical  
3 education program enhancement allocations of state funds. Middle and  
4 secondary career and technical education programs are considered  
5 separate programs for funding and financial reporting purposes under  
6 this section.

7 (b) Career and technical education program full-time equivalent  
8 enrollment shall be reported on the same monthly basis as the  
9 enrollment for students eligible for basic support, and payments  
10 shall be adjusted for reported career and technical education program  
11 enrollments on the same monthly basis as those adjustments for  
12 enrollment for students eligible for basic support.

13 (21) Funding in this section is sufficient to provide full  
14 general apportionment payments to school districts eligible for  
15 federal forest revenues as provided in RCW 28A.520.020. For the  
16 2017-2019 biennium, general apportionment payments are not reduced  
17 for school districts receiving federal forest revenues.

19 follows:

20 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE**  
21 **COMPENSATION**

22 (1) The following calculations determine the salaries used in the

25 No. 2242 (fully funding the program of basic education), RCW  
26 28A.150.260, and under section 502 of this act:

27 (a) For the 2017-18 school year, salary allocations for  
28 certificated instructional staff units are determined for each  
29 district by multiplying the district's certificated instructional  
30 total base salary shown on LEAP Document 2 by the district's average  
31 staff mix factor for certificated instructional staff in that school  
32 year, computed using LEAP document 1.

15 (u) During the 2013-2015 fiscal biennium, actions at the state  
16 conservation commission to improve water quality for shellfish;

17 (v) During the 2013-2015 and 2015-2017 fiscal biennia, actions at  
18 the University of Washington for reducing ocean acidification;

19 (w) During the 2015-2017 and 2017-2019 fiscal biennia, for the  
20 University of Washington Tacoma soil remediation project;

21 (x) For the 2013-2015 fiscal biennium, moneys in the state toxics  
22 control account may be spent on projects in section 3160, chapter 19,  
23 Laws of 2013 2nd sp. sess. and for transfer to the local toxics  
24 control account;

25 (y) For the 2013-2015 fiscal biennium, moneys in the state toxics  
26 control account may be transferred to the radioactive mixed waste  
27 account; and

28 (z) For the 2015-2017 and 2017-2019 fiscal biennia, forest  
29 practices regulation at the department of natural resources.

30 (4) (a) The department shall use moneys deposited in the local  
31 toxics control account for grants or loans to local governments for  
32 the following purposes in descending order of priority:

33 (i) Extended grant agreements entered into under ~~((e))~~ (e)(i)  
34 of this subsection;

35 (ii) Remedial actions, including planning for adaptive reuse of  
36 properties as provided for under ~~((e))~~ (e)(iv) of this subsection.  
37 The department must prioritize funding of remedial actions at:

38 (A) Facilities on the department's hazardous sites list with a  
39 high hazard ranking for which there is an approved remedial action  
40 work plan or an equivalent document under federal cleanup law;

1 (B) Brownfield properties within a redevelopment opportunity zone  
2 if the local government is a prospective purchaser of the property  
3 and there is a department-approved remedial action work plan or  
4 equivalent document under the federal cleanup law;

5 (iii) Stormwater pollution source projects that: (A) Work in  
6 conjunction with a remedial action; (B) protect completed remedial  
7 actions against recontamination; or (C) prevent hazardous clean-up  
8 sites;

9 (iv) Hazardous waste plans and programs under chapter 70.105 RCW;

10 (v) Solid waste plans and programs under chapters 70.95, 70.95C,  
11 70.95I, and 70.105 RCW;

12 (vi) Petroleum-based plastic or expanded polystyrene foam debris  
13 cleanup activities in fresh or marine waters; and

14 (vii) Appropriations to the state toxics control account or the  
15 environmental legacy stewardship account created in RCW 70.105D.170,  
16 if the legislature determines that priorities for spending exceed  
17 available funds in those accounts.

18 (b) Funds for plans and programs must be allocated consistent  
19 with the priorities and matching requirements established in chapters  
20 70.105, 70.95C, 70.95I, and 70.95 RCW.

21 (c) During the 2013-2015 fiscal biennium, the local toxics  
22 control account may also be used for local government stormwater  
23 planning and implementation activities.

24 (d) During the 2013-2015 fiscal biennium, the legislature may  
25 transfer from the local toxics control account to the state general  
26 fund, such amounts as reflect the excess fund balance in the account.

27 (e) To expedite cleanups throughout the state, the department may  
28 use the following strategies when providing grants to local  
29 governments under this subsection:

30 (i) Enter into an extended grant agreement with a local  
31 government conducting remedial actions at a facility where those  
32 actions extend over multiple biennia and the total eligible cost of  
33 those actions exceeds twenty million dollars. The agreement is  
34 subject to the following limitations:

35 (A) The initial duration of such an agreement may not exceed ten  
36 years. The department may extend the duration of such an agreement  
37 upon finding substantial progress has been made on remedial actions  
38 at the facility;

39 (B) Extended grant agreements may not exceed fifty percent of the  
40 total eligible remedial action costs at the facility; and

1 (C) The department may not allocate future funding to an extended  
2 grant agreement unless the local government has demonstrated to the  
3 department that funds awarded under the agreement during the previous  
4 biennium have been substantially expended or contracts have been  
5 entered into to substantially expend the funds;

6 (ii) Enter into a grant agreement with a local government  
7 conducting a remedial action that provides for periodic reimbursement  
8 of remedial action costs as they are incurred as established in the  
9 agreement;

10 (iii) Enter into a grant agreement with a local government prior  
11 to it acquiring a property or obtaining necessary access to conduct  
12 remedial actions, provided the agreement is conditioned upon the  
13 local government acquiring the property or obtaining the access in  
14 accordance with a schedule specified in the agreement;

15 (iv) Provide integrated planning grants to local governments to  
16 fund studies necessary to facilitate remedial actions at brownfield  
17 properties and adaptive reuse of properties following remediation.  
18 Eligible activities include, but are not limited to: Environmental  
19 site assessments; remedial investigations; health assessments;  
20 feasibility studies; site planning; community involvement; land use  
21 and regulatory analyses; building and infrastructure assessments;  
22 economic and fiscal analyses; and any environmental analyses under  
23 chapter 43.21C RCW;

24 (v) Provide grants to local governments for remedial actions  
25 related to area-wide groundwater contamination. To receive the  
26 funding, the local government does not need to be a potentially  
27 liable person or be required to seek reimbursement of grant funds  
28 from a potentially liable person;

29 (vi) The director may alter grant matching requirements to create  
30 incentives for local governments to expedite cleanups when one of the  
31 following conditions exists:

32 (A) Funding would prevent or mitigate unfair economic hardship  
33 imposed by the clean-up liability;

34 (B) Funding would create new substantial economic development,  
35 public recreational opportunities, or habitat restoration  
36 opportunities that would not otherwise occur; or

37 (C) Funding would create an opportunity for acquisition and  
38 redevelopment of brownfield property under RCW 70.105D.040(5) that  
39 would not otherwise occur;

1 (vii) When pending grant applications under (e)(iv) and (v) of  
2 this subsection (4) exceed the amount of funds available, designated  
3 redevelopment opportunity zones must receive priority for  
4 distribution of available funds.

5 (f) To expedite multiparty clean-up efforts, the department may  
6 purchase remedial action cost-cap insurance. For the 2013-2015 fiscal  
7 biennium, moneys in the local toxics control account may be spent on  
8 projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of  
9 2013 2nd sp. sess.

10 (5) Except for unanticipated receipts under RCW 43.79.260 through  
11 43.79.282, moneys in the state and local toxics control accounts may  
12 be spent only after appropriation by statute.

13 (6) No moneys deposited into either the state or local toxics  
14 control account may be used for: Natural disasters where there is no  
15 hazardous substance contamination; high performance buildings; solid  
16 waste incinerator facility feasibility studies, construction,  
17 maintenance, or operation; or projects designed to address the  
18 restoration of Puget Sound, funded in a competitive grant process,  
19 that are in conflict with the action agenda developed by the Puget  
20 Sound partnership under RCW 90.71.310. However, this subsection does  
21 not prevent an appropriation from the state toxics control account to  
22 the department of revenue to enforce compliance with the hazardous  
23 substance tax imposed in chapter 82.21 RCW.

24 (7) Except during the 2011-2013 and the 2015-2017 fiscal biennia,  
25 one percent of the moneys collected under RCW 82.21.030 shall be  
26 allocated only for public participation grants to persons who may be  
27 adversely affected by a release or threatened release of a hazardous  
28 substance and to not-for-profit public interest organizations. The  
29 primary purpose of these grants is to facilitate the participation by  
30 persons and organizations in the investigation and remedying of  
31 releases or threatened releases of hazardous substances and to  
32 implement the state's solid and hazardous waste management  
33 priorities. No grant may exceed sixty thousand dollars. Grants may be  
34 renewed annually. Moneys appropriated for public participation that  
35 are not expended at the close of any biennium revert to the state  
36 toxics control account.

37 (8) The department shall adopt rules for grant or loan issuance  
38 and performance. To accelerate both remedial action and economic  
39 recovery, the department may expedite the adoption of rules necessary  
40 to implement chapter 1, Laws of 2013 2nd sp. sess. using the

1 expedited procedures in RCW 34.05.353. The department shall initiate  
2 the award of financial assistance by August 1, 2013. To ensure the  
3 adoption of rules will not delay financial assistance, the department  
4 may administer the award of financial assistance through interpretive  
5 guidance pending the adoption of rules through July 1, 2014.

6 (9) Except as provided under subsection (3)(k) and (q) of this  
7 section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the  
8 ability of a potentially liable person to receive public funding.

9 (10) During the 2015-2017 fiscal biennium the local toxics  
10 control account may also be used for the centennial clean water  
11 program and for the stormwater financial assistance program  
12 administered by the department of ecology.

13 (11) During the 2017-2019 fiscal biennium:

14 (a) The state toxics control account, the local toxics control  
15 account, and the environmental legacy stewardship account may be used  
16 for interchangeable purposes and funds may be transferred between  
17 accounts to accomplish those purposes.

18 (b) The legislature may direct the state treasurer to make  
19 transfers of moneys in the state toxics control account to the water  
20 pollution control revolving account.

21 (c) The legislature may direct the state treasurer to make  
22 transfers of money in the state toxics control account and the local  
23 toxics control account to the general fund.

24 NEW SECTION. Sec. 1802. Section 952 of this act expires  
25 September 1, 2019.

26 NEW SECTION. Sec. 1803. Section 953 of this act takes effect  
27 September 1, 2019.

28 NEW SECTION. Sec. 1804. If any provision of this act or its  
29 application to any person or circumstance is held invalid, the  
30 remainder of the act or the application of the provision to other  
31 persons or circumstances is not affected.

32 NEW SECTION. Sec. 1805. Except for section 953 of this act,  
33 this act is necessary for the immediate preservation of the public  
34 peace, health, or safety, or support of the state government and its  
35 existing public institutions, and takes effect immediately.
