Comments:

1. Confinement Alternatives/Children
   Funding and staff are provided to handle increased workload resulting from an increase in the number of
   expectant parents seeking parenting sentencing alternatives, pursuant to Third Substitute Senate Bill 5291
   (confinement alts./children). (General Fund-State; General Fund-Fam Supt)

2. CW Housing Assistance Adjustment
   A net-zero adjustment is made to shift funding between fiscal years for the child welfare housing assistance
   program created in Chapter 328, Laws of 2019 (2SSB 5718). The process of procuring a child welfare housing
   assistance vendor took longer than anticipated. As a result, funding from FY 2020 is shifted to FY 2021 on a one-
   time basis so that it can be used to provide time-limited housing assistance in FY 2021. (General Fund-State)

3. In-Home Services Travel Time
   The Department may provide in-home services, such as evidence-based programs, to families during a Child
   Protective Services (CPS) case or after a child has reunified with his or her family after an out-of-home placement.
   In 2017, the Legislature provided funding to pay all in-home service providers 75 percent of the service hourly
   rate for travel time. Additional ongoing funding is provided to further increase travel reimbursement for in-home
   service providers. (General Fund-State)

4. BRS-Plus Placements
   Funding is provided for new placement types to serve dependent children with high-level needs and multi-system
   involvement. Twenty-one Behavioral Rehabilitation Services (BRS) Plus beds are funded to serve youth with
   significant mental, behavioral, or developmental needs. These placements are intended to reduce the use of
   lengthy hospitalizations, out-of-state facility placements, night-to-night foster home stays, and hotels. The new
   placements are designed to provide enhanced therapeutic services, appropriate staff-to-child ratios, or
   individually tailored services that support placement stabilization. (General Fund-State; General Fund-Fam Supt)

5. BRS-Plus Enhanced
   One-time funding is provided for a BRS or BRS-Plus provider or providers who are not currently under contract
   with the Department and can serve dependent youth whose needs require a staffing ratio that is higher than one
   staff to three children. (General Fund-State; General Fund-Fam Supt)

6. Performance-Based Contract
   The actual cost of the Department's contract with the Family Impact Network (FIN) is less than original estimates.
   Funding for the contract in the Department's base budget is adjusted to reflect the actual contract cost. (General
   Fund-State)

7. Child Placing Agency Rate Increase
   All fees paid to child-placing agencies (CPAs) are increased by 7.5 percent effective July 1, 2020. (General Fund-
   State; General Fund-Fam Supt)
8. **Parental Improvement Certificates**

   Funding and staff are provided to create a new unit to develop and implement a process for an individual with a founded finding of child abuse or neglect, or an individual whose child was found by a court to be dependent, may petition the department for issuance of a certificate of parental improvement, pursuant to Second Substitute House Bill 1645 (parental improvement). (General Fund-State; General Fund-Federal)

9. **Sexually Exploited Children**

   Funding is provided for staff and services to implement Engrossed Third Substitute House Bill 1775 (sexually exploited children) which, among other provisions, requires the Department to support commercially sexually exploited children. (General Fund-State; General Fund-Fam Supt)

10. **Waiver Shortfall**

    The Department exited its five-year Title IV-E waiver on September 30, 2019. The waiver allowed flexible use of federal IV-E dollars on the state’s demonstration project, Family Assessment Response (FAR), in exchange for a cap on what would otherwise be an uncapped funding stream. The Department exceeded its capped federal allocation prior to the waiver’s end, and as a result required General Fund-State for activities that might otherwise have been IV-E reimbursable. General Fund-State is provided on a one-time basis to support the Department’s ability to close FY 2020 on balance (General Fund-State)

11. **Youth Extracurricular Activities**

    Funding is provided for an estimated 1,425 youth in out-of-home placements to participate in extracurricular activities such as art, sports, summer camps, and clubs. Funding is designed to allow foster youth to have the same recreational opportunities as their peers. (General Fund-State)

12. **Automatic Screening for ESIT**

    Funding is provided to screen foster children age 0-3 years for developmental delays, and to make referrals for early intervention services when needed. (General Fund-State)

13. **Emergent Placement Service Beds**

    Regular EPS beds provide short-term placements available 24 hours a day, seven days a week, for foster youth when the Department is unable to secure a longer-term placement on short notice. The Department has expanded the number of EPS beds from approximately 21 beds in FY 2018 to 75 beds in FY 2020. Funding is provided for the new beds. (General Fund-State; General Fund-Fam Supt)

14. **EPS-Plus Placements**

    Twelve short-term Emergent Placement Services (EPS) Plus beds are funded to provide short-term placements for youth with significant mental, behavioral, or developmental needs. These placements are intended to reduce the use of lengthy hospitalizations, out-of-state facility placements, night-to-night foster home stays, and hotels. The new placements are designed to provide enhanced therapeutic services, appropriate staff-to-child ratios, or individually-tailored services that support placement stabilization. A start date of January 1, 2021, for client placements is assumed. (General Fund-State; General Fund-Fam Supt)
15. **Family Assessment Response**

The FAR is a Child Protective Services (CPS) response that is an alternative to investigation for lower-risk cases of potential child abuse or neglect. Until September 30, 2019, 50 percent of FAR staffing and service costs were funded by the federal government under the Title IV-E waiver. General Fund-State is provided to backfill for the loss of waivered Title IV-E after September 30, 2019, and on an ongoing basis, in order to maintain FAR. (General Fund-State; General Fund-Fam Supt)

16. **Foster Care Payment Increase**

Funding is provided to increase the basic foster care maintenance rate effective July 1, 2020, consistent with the methodology established in the 2015 settlement with the Foster Parents Association of Washington State. The new rates are based on the estimated costs of providing a foster child with food, clothing, personal incidentals, and shelter. Monthly rates per-child will increase from $562 to $672 for children age 0-5; from $683 to $796 for children age 6-11; and from $703 to $810 for youth age 12-20. (General Fund-State; General Fund-Fam Supt)

17. **Family Reconciliation Services**

Funding for Family Reconciliation Services (FRS), which assists youth in conflict with their families, is increased pursuant to Substitute House Bill 2873 (families in conflict). (General Fund-State)

18. **Family Connections Program**

Funding is provided for the Department to contract with a nonprofit entity or entities to pilot the Family Connections program in FY 2021 and FY 2022, pursuant to Substitute House Bill 2525 (family connections program). The Family Connections program will pair skilled foster parents and birth parent allies in mentoring teams who will support an estimated 105 children in out-of-home placements and their families each year. (General Fund-State; General Fund-Fam Supt)

19. **YVLifeSet Young Adult Transitions**

This item funds intensive case management services using the Youth Villages LifeSet (YVLifeSet) clinical consultation model. Combined with anticipated private contributions, funding is sufficient to contract with a community organization with expertise in the YVLifeSet case management model to serve approximately 122 youth. The model is expected to improve housing and economic stability, health and safety outcomes, and juvenile justice recidivism among youth involved with state systems of care as they transition to adulthood. It is assumed that a portion of funds will be eligible for federal IV-E reimbursement under the federal Family First Prevention Services Act (FFPSA). (General Fund-State; General Fund-Federal)

20. **Hub Home Model**

Funding is provided to support and expand the use of the hub home model of foster care for relative and kinship caregivers. (General Fund-State)

21. **Provisional Hires**

Due to new background check rules under the federal FFPSA, the Department was unable to collect expected federal Title IV-E reimbursement on behalf of some contracted staff in group care settings. One-time funding is provided in FY 2020 to backfill for the federal funds. (General Fund-State)
22. **FFPSA Prevention Services**

   Funding for certain preventative services and for Department case workers who serve children at risk of foster care placement shifts from General Fund-State to federal Title IV-E. It is assumed that these staff and service costs will be eligible for federal reimbursement under the Family First Prevention Services Act (FFPSA). (General Fund-State; General Fund-Fam Supt)

23. **Kinship Care Homestudies**

   One-time funding is provided in FY 2021 for 5.0 FTEs to assist relative and kin caregivers in becoming licensed foster parents. The new staff are expected to reduced a backlog of 1,600 kin or relative home studies by supporting caregivers through the licensing process. (General Fund-State; General Fund-Fam Supt)

24. **Wendy's Wonderful Kids**

   One-time funding is provided to continue the Department's contract with the Dave Thomas Foundation for the Wendy's Wonderful Kids (WWK) program. The WWK program helps to find permanent adoptive homes for legally-free, high-needs foster children. Funding for the WWK contract was eliminated in the enacted 2019-21 operating budget, but the Department has continued the contract with existing resources. (General Fund-State)

25. **PERS & TRS Plan 1 Benefit Increase**

   Funding is provided for contribution rate increases associated with passage of Engrossed House Bill 1390 (PERS/TRS 1 benefit increase), updated for the 2020 legislative session. The bill provides retirees of Plan 1 of the Public Employees' Retirement System (PERS) and Teachers' Retirement System (TRS) who are receiving a monthly benefit on July 1, 2019, a one-time benefit adjustment of 3 percent multiplied by their monthly benefit, not to exceed $62.50, effective July 1, 2020. 2. Clean Energy
   The 2019-21 budget provided funding for the Department of Ecology (Ecology) to implement the Clean Energy Act, Chapter 288, Laws of 2019 (E2SSB 5116), which transitions Washington’s electric utilities to carbon neutrality starting in 2030. Additional funding allows Ecology to conduct greenhouse gas content calculation rulemaking, establish emission rates for unspecified electricity, and develop energy transformation project requirements. Ecology will conduct a lifecycle greenhouse gas emissions analysis of waste management practices and participate in the transmission corridors work group. (General Fund-State)

   Additional funding is provided on an ongoing basis for the Voluntary Cleanup Program, in which Ecology provides contaminated site owners with technical assistance and opinions on cleanup sufficiency. (Model Toxics Control Operating Account-State)

4. Puget Sound Freshwater Monitoring
   A combination of one-time and ongoing funding is provided to add capacity for continuous freshwater nutrient monitoring for dissolved oxygen, pH, nitrates, turbidity, temperature and conductivity, and targeted storm event sampling at the mouth of the seven largest rivers discharging into Puget Sound. The data collected will support a nutrient reduction strategy for Puget Sound and help inform decisions regarding the need for future infrastructure investments across the region. 1. **Foundational Public Health**

   The 2019-21 enacted budget appropriated $10.0 M from the state general fund and $12.0 M from the Foundational Public Health Services Account (FPHSA) for foundational public health services, as defined in Chapter 14, Laws of 2019 (2SHB 1497). Revenue to the FPHSA is below projections. Funding for foundational public health services is partly shifted from the FPHSA to the state general fund on an ongoing basis. In addition, $3.0 M/FY state general fund is provided for foundational public health services beginning in FY20. (General Fund-State; Foundational Public Health Services-State)

2. **Climate Resiliency Funding**

   Funds are appropriated into the Climate Resiliency Account, created in the 2020 supplemental operating budget bill. The Office of Financial Management is required to develop a spending plan for the account. (General Fund-State)

3. **Cancer Research Endowment**

   The 2019-21 enacted budget assumed that Chapter 445, Laws of 2019 (E2SHB 1873) would direct the deposit of all new vape-related revenues into the Foundational Public Health Account. The enacted budget then transferred a portion of those revenues ($6.0 M in the 2019-21 biennium) from the Foundational Public Health Account to the Andy Hill Cancer Research Endowment Fund Match Transfer Account. As Chapter 445, Laws of 2019 (E2SHB 1873) was enacted, one half of all new vape-related revenues are instead deposited directly into the Andy Hill account (rather than first being deposited into the Foundational Public Health Account and then transferred into the Andy Hill account). As a result, the transfer included in the 2019-21 enacted budget from the Foundational Public Health Account to the Andy Hill account is removed. In addition, a one-time state general fund appropriation is made into the Andy Hill account. (General Fund-State; Foundational Public Health Services-State)

4. **Dev Disabilities Comm Trust Acct**

   Funds are appropriated for expenditure into the Developmental Disabilities Community Trust Account (Dan Thompson Memorial Account) on an ongoing basis. (General Fund-State)

11. **Lease Cost Pool**
    Funding is provided for one-time lease costs at certain state agencies.  The Office of Financial Management will allocate funds from the lease cost pool to state agencies, subject to approval.  (General Fund-State; PLIA Underground Storage Tank Revolving Account-State; Pollution Liab Insurance Prog Trust Account-State; other accounts)

12. **Landlord Mitigation Program Account**
    Funds are appropriated into the Landlord Mitigation Program Account created in RCW 43.31.615.  (General Fund-State)

13. **Medical Marijuana Database**
    Funds are appropriated to be expended into the Health Professions Account to reimburse the account for costs incurred by the Department of Health for the development and administration of the marijuana authorization database.  (Dedicated Marijuana Account-State)

14. **Long-Term Services and Supports**
    Additional funding is provided for transfer into the Long-Term Services and Supports Trust Account to provide resources for the Department of Social and Health Services to prepare for implementation of the Long-Term Services & Supports (LTSS) Trust program pursuant to Chapter 363, Laws of 2019 (2SHB 1087).  It is intended that appropriated funds be repaid with interest by June 30, 2022.  (General Fund-State)

18. **SST Mitigation**

Engrossed House Bill 1948 (Warehousing & manuf. jobs) requires the State Treasurer to make annual transfers to the Manufacturing and Warehousing Job Centers Account to mitigate net losses related to the Streamlined Sales and Use Tax Agreement. Beginning in FY 2021, funding provided for this purpose in Special Appropriations is reduced in response to the payments being made through the State Treasurer. (General Fund-State)
