**Comments:**

1. **Child Abuse Prevention & Treatment**
   
   Federal appropriation authority is provided for the Child Abuse Prevention & Treatment (CAPTA) grant. The CAPTA grant assists states in improving intake and screening protocols for reports of alleged child abuse or neglect; training for CPS staff and mandatory reporters; and other activities to prevent or treat child abuse or neglect. (General Fund-ARPA)

2. **Chafee Foster Care Funds**
   
   Federal appropriation authority is provided for an increased Chafee grant award. Chafee funds may be used to support youth and young adults in the transition from foster care to adulthood. (General Fund-CRRSA)

3. **COVID FMAP Increase**

   The federal government has announced its intention to extend the 6.2 percent Federal Medical Assistance (FMAP) increase through the end of calendar year 2021. Federal authority is increased and GF-State is decreased while maintaining the same total funding level. (General Fund-State; General Fund-Fam Supt)

4. **Concrete Goods & Services**

   One-time funding from the State Fiscal Recovery Grant is provided to support families and children who have experienced economic impacts related to the COVID-19 pandemic in two ways. First, funding is provided for one-time grants of concrete goods or services to an estimated 13,600 families; and second, funding is provided for one-time grants of $250 per-child for up to 22,000 children who may be at risk of child welfare system involvement. (General Fund-State; Coronavirus State Fiscal Recovery Fund-Federal)

5. **Online Purchasing**

   In some child welfare cases, case workers provide families with "concrete goods" if they are necessary to help a family care safely for a child. Examples of concrete goods might be a baby gate or cleaning supplies. In December 2020, the Department transitioned to direct online purchases of concrete goods for child welfare-involved families rather than purchasing goods through contracted vendors. This method is anticipated to generate GF-State savings by avoiding the 5 percent administrative surcharge that would otherwise be paid to a contracted vendor, and by assuming lower prices on purchased goods. (General Fund-State)

6. **Child Placing Agency Rate Increase**

   Funding is provided to increase all fees paid to child-placing agencies (CPAs) by 7.5 percent effective July 1, 2021. (General Fund-State; General Fund-Fam Supt)
7. Child Abuse Allegations
Funding is provided to prepare to implement Engrossed Second Substitute House Bill 1227 (child abuse allegations), which modifies the standards under which a child may be removed from their home for safety reasons. (General Fund-State; General Fund-Fam Supt)

8. Counsel - Youth Dependency Cases
Funding is provided to implement Second Substitute House Bill 1219 (youth counsel-dependency), which phases in the mandatory appointment of counsel in dependency proceedings for children age 8 and over, beginning July 2022. (General Fund-State; General Fund-Fam Supt)

Funding is provided to implement Second Substitute House Bill 1061 (child welfare/developmental disability), which adds a shared planning meeting for dependent youth who may be eligible for Developmental Disabilities Administration (DDA) services. (General Fund-State; General Fund-Fam Supt)

10. Eliminate Early Intervention Prog
The Department did not renew its last contract for Early Intervention services in FY 2021 since similar services are offered through the Department's Early Learning program. Since the contract was not renewed, funding for it is removed on an ongoing basis. (General Fund-State)

11. Staff Goods and Services
The Department shall achieve savings by reducing its purchases of supplies, printing, and employee training by 10 percent in the 2021-23 biennium. (General Fund-State; General Fund-Fam Supt)

12. Staff Travel Reduction
The Department shall achieve savings by reducing staff travel except for case-carrying social workers and licensing staff. (General Fund-State; General Fund-Fam Supt)

13. Case Worker Caseload Ratios
Additional staff and funding are provided to lower monthly caseload ratios to 18 families per Child and Family Welfare Services (CFWS) worker and to eight intakes per Child Protective Services (CPS) worker. Currently, the statewide average monthly caseload ratios are 19.6 families per CFWS worker and 8.6 intakes per CPS worker. A total of 119 FTE workers, including case workers as well as supervisors and administrative support staff, are phased in beginning in July 2021 to achieve the new caseload ratios. (General Fund-State; General Fund-Fam Supt)

14. COVID-19 Health Data
One-time funding is provided to implement Second Substitute House Bill 1127 (COVID-19 health data privacy). A partial FTE staff position is funded to develop policies and procedures regarding COVID-19 health data. (General Fund-State)
15. Wendy’s Wonderful Kids
Ongoing funding is provided for a partnership between the Department and the Wendy's Wonderful Kids (WWK) program offered through the Dave Thomas Foundation for Adoption. Recruiters with WWK work to facilitate the placement of high-needs legally free youth with appropriate adoptive families. (General Fund-State)

16. Independent Living Services
One-time funding is provided for the Department to create and implement a new approach to transition planning for young people exiting foster care and other state systems of care. Funding is sufficient for 6.0 FTE Adolescent Liaisons and 1.0 FTE Adolescent Liaison Program Manager. (General Fund-State; General Fund-Fam Supt)

17. LifeSet Funding
One-time funding is provided for the Department to contract with a community organization with expertise in the LifeSet case management model to serve youth and young adults currently being served or exiting the foster care, juvenile justice, and mental health systems to successfully transition into self-reliant adults. (General Fund-State)

18. Parent-Child Visitation
Funding is provided to implement Engrossed Second Substitute House Bill 1194 (parent-child visitation), which provides guidelines for supervised, monitored, and unsupervised visits between dependent children in out-of-home care and their biological parents. (General Fund-State; General Fund-Fam Supt)

19. FFPSA Plan Implementation
Family First Transition Act (FFTA) federal funding has been awarded to the Department to prepare to implement the Family First Prevention Services Act (FFPSA). The federal FFPSA legislation provides an opportunity for states to receive federal IV-E reimbursement on certain prevention and early intervention services for children who the Department identifies as candidates for foster care. Appropriation authority is provided for the FFTA grant, which lasts for a five-year period and does not require state match. (General Fund-Fam Supt)

20. FFPSA Prevention Services
The FFPSA allows states to claim federal Title IV-E reimbursement on certain prevention and early intervention services for children whom the Department identifies as at-risk candidates for foster care placement. The Department's FFPSA IV-E Prevention plan has been approved by the federal government, and the Department is preparing to phase-in its provision of FFPSA services to candidacy groups. General Fund-State for early intervention and prevention services, as well as related staff time, are shifted to federal Title IV-E as informed by the Department's planned implementation schedule. (General Fund-State; General Fund-Fam Supt)

21. Family Connections Program
The 2020 supplemental budget provided funding to implement Chapter 33, Laws of 2020 (SHB 2525) on the Family Connections program. Funding is restored and the program's expiration date is extended to the end of FY 2023 instead of the end of FY 2022. (General Fund-State; General Fund-Fam Supt)
22. **Virtual Training Platform**

During the COVID-19 pandemic, the Department transitioned to a virtual training platform rather than in-person training for new case workers. The Department anticipates returning to an in-person training format after the pandemic. Virtual training costs less than in-person training, so one-time savings are assumed through calendar year 2021. (General Fund-State; General Fund-Fam Supt)

23. **Remove Agency Specific FSA Funding**

Removes agency specific funding for $250 contributions to flexible spending accounts for certain employees making less than $50,004 per year. This funding was added as part of the funding for collective bargaining agreements in the 2019-21 biennial budget. This benefit will continue in the 2021-23 biennium but will now be covered as part of the employer portion of Public Employees' Benefits Board funding rate. (General Fund-State)

24. **State Employee Benefits**

Health insurance funding is provided for state employees who are not represented by a union, who are covered by a bargaining agreement that is not subject to financial feasibility determination, or who are otherwise not part of the Health Care Coalition of Unions. The insurance funding rate is $936 per employee per month for FY 2022 and $1,091 per employee per month for FY 2023. (General Fund-State; General Fund-Federal)

25. **WFSE General Government**

Funding is reduced to reflect furlough savings in the 2021-23 collective bargaining agreement. (General Fund-State; General Fund-Federal)

26. **Rep Employee Health Benefits**

27. **Children's Crisis Outreach Response**

Funding for a contract for children's crisis outreach is transferred from the Department to the Health Care Authority (HCA). (General Fund-State)

### Comments:

1. **Children's SOLA**
   
   Funding and staffing are provided for four new State-Operated Living Alternative (SOLA) homes to serve a total of 12 children and youth age 20 and younger. Client placements will be phased in by June 2023. (General Fund-State; General Fund-Medicaid)

2. **Developmental Disability Services**
   
   Funding and staffing is provided for the Department to examine and report on a variety of topics, including but not limited to, the need for community respite beds and crisis stabilization services; to study Medicaid rates for contracted community residential providers; to develop uniform quality metrics for residential settings; and to establish a staffing plan to achieve a case management ratio of 1:35. (General Fund-State; General Fund-Medicaid)
3. **Subminimum wage/disabilities**

   Pursuant to Chapter 97, Laws of 2021 (ESSB 5284), one-time funding and staffing is provided for collaboration with the Department of Labor and Industries for an annual report containing specific information related to individuals employed under subminimum wage certificates until all remaining certificates have expired. (General Fund-State; General Fund-Medicaid)

4. **ARPA HCBS Enhanced FMAP**

   The American Rescue Plan Act (ARPA) of 2021 increases the Federal Medical Assistance Percentage (FMAP) for Medicaid Home and Community-Based Services (HCBS) by 10 percentage points from April 1, 2021, through March 30, 2022. Federal funds attributable to the 10 percent FMAP increase must be used to supplement, not supplant, the level of state funds expended for HCBS for eligible individuals through programs in effect as of April 1, 2021. To receive the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. Consistent with the ARPA, all funding generated by the increased HCBS FMAP is reinvested into a variety of HCBS activities, as listed in LEAP Omnibus Document HCBS - 2021. (General Fund-State; General Fund-Medicaid)

5. **Adult Family Home Award/Agreement**

   Funding is provided to implement the 2021-23 collective-bargaining agreement (CBA) reached between the Governor and the Adult Family Home (AFH) Council. Among other provisions, the CBA increases the hourly wage component of the AFH rate by 3 percent. (General Fund-State; General Fund-Medicaid)

6. **Agency Provider Administrative Rate**

   Funding is provided to increase the administrative rate paid to home care agencies by $0.05 per hour effective July 1, 2021. (General Fund-State; General Fund-Medicaid)

7. **Behavioral Health Consumer Advocacy**

   Funding is provided to implement Engrossed Second Substitute House Bill 1086 (behavioral health consumers), which creates an office of behavioral health consumer advocacy. (General Fund-State; General Fund-Medicaid)

8. **Agency Provider Agreement-Parity**

   Funding is provided to create rate parity between Agency Providers (APs) and Individual Providers (IPs) under the 2021-23 IP CBA. (General Fund-State; General Fund-Medicaid)

9. **In-Home Care Provider Agreement**

   Funding is provided to implement the 2021-23 CBA reached between the Governor and Service Employees International Union (SEIU) 775, the official bargaining representative for IPs. (General Fund-State; General Fund-Medicaid)

10. **CDE Vendor Rate**

    The enacted 2020 supplemental budget reduced the administrative rate paid to the Consumer-Directed Employer (CDE) vendor. Funding is provided to restore the reduction. (General Fund-State; General Fund-Medicaid)
11. **COVID FMAP Increase**  
The federal government has extended the 6.2 percent FMAP increase through the end of calendar year 2021. Federal authority is increased and General Fund-State is decreased to reflect the enhanced FMAP. (General Fund-State; General Fund-Medicaid)

12. **Caregiver/Provider Training**  
One-time funding is provided to invest in additional training resources for caregivers and developmental disabilities providers. (General Fund-State; General Fund-Medicaid)

14. **Consumer Directed Employer Program**  
Pursuant to Substitute Senate Bill 5258 (consumer-directed employer), funding is adjusted to reflect a six-month delay in implementation of the Consumer Directed Employer (CDE). It is anticipated that the CDE will be fully implemented by the end of December 2021. In addition, funding is provided for a lump sum payment to the CDE for accrued leave balances as part of the transition of individual providers to the CDE. (General Fund-State; General Fund-Medicaid)

15. **PASRR Capacity Increase**  
Funding is provided to address a current and projected increase in the caseload and per-capita cost of clients receiving Preadmission Screening and Resident Review (PASRR) services. The PASRR specialized services are an entitlement for individuals with intellectual or developmental disabilities in nursing facilities. (General Fund-State; General Fund-Medicaid)

16. **Increase CIIBS Waiver Capacity**  
Funding and staff are provided to increase the capacity of the Children's Intensive In-home Behavioral Supports (CIIBS) waiver by 100 children, which represents a doubling of the current caseload. The CIIBS waiver serves DDA-eligible children who live in their own homes and have behavioral health challenges. (General Fund-State; General Fund-Medicaid)

17. **Child Welfare/DD**  
Funding is provided to implement Second Substitute House Bill 1061 (Child welfare/developmental disability), which adds a shared planning meeting for dependent youth who may be eligible for DDA services after they transition to adulthood. (General Fund-State; General Fund-Medicaid)

18. **High School Transition Students**

21. **Remote Technology Support**
   Funding is provided for DDA to purchase an estimated 4,394 devices that may be distributed to DDA clients and contracted providers, with the purpose of helping clients and providers utilize services remotely during the COVID-19 pandemic. (General Fund-State; General Fund-Medicaid)

22. **Field Staff Vacancies**
   Field staffing levels and associated funding are regularly adjusted in the maintenance level budget in relation to caseload changes. Through FY 2021, actual onboarding of these additional staff has not kept pace with budget additions. As a result, funding and FTEs are adjusted to align more closely with actual experience. (General Fund-State; General Fund-Medicaid)

23. **Network Risk Mitigation**
   Funding is provided to replace network systems with updated technology that will support Cloud initiatives. (General Fund-State; General Fund-Medicaid)

24. **Dan Thompson Community Investments**
   State funds that are offset by receipt of the enhanced federal match through the American Rescue Plan Act are reinvested one-time in community services for those with intellectual and developmental disabilities. (Developmental Disabilities Community Services Account-State)

25. **Enhance Community Residential Rate**
   Funding is provided to increase rates for supported living and other community residential service providers by 2.0 percent effective January 1, 2022, and by an additional 2.0 percent effective January 1, 2023. (General Fund-State; General Fund-Medicaid)

26. **HCBS Supports**

27. **Health Care Workforce**
   One-time funding is provided to implement Substitute House Bill 1411 (health care workforce), which prohibits the Department from automatically disqualifying a person convicted of certain crimes from having unsupervised access to, working with, or providing care to vulnerable adults or children. (General Fund-State; General Fund-Medicaid)
28. I/DD Summer Programs
Funding is provided for summer programs for those with intellectual and development disabilities. (General Fund-State; General Fund-Medicaid)

29. State-Operated Facility
Since March 2020, DDA has utilized a state-operated facility at the Rainier School, known as the Klamath Cottage, as a short-term resource to house an average monthly census of nine clients discharged from acute care hospitals. This is part of an effort to maintain acute care hospital capacity for COVID-19 cases. The state-operated facility is not certified as an Intermediate Care Facility (ICF), which means that it is ineligible for federal Medicaid match. One-time state funding is provided so that Klamath Cottage may be used as a resource in FY 2022. (General Fund-State)

30. Peer Mentor Program
Ongoing funding is provided to support four peer mentors, one for each Residential Habilitation Center, to help transition residents from state facilities to homes in the community. A combination of the federal Roads to Community Living grant and General Fund-State are used to fund the mentors. (General Fund-State; General Fund-Federal)

31. Program Underspend
Expenditures for employment programs and family support programs have historically been less than allotted. As a result, beginning in FY 2023, budgeted levels for these programs are realigned to reflect current spending patterns and the available resources are redirected to support the increased slots for the Individual and Family Services, Basic Plus, Core, and Community Protection waivers. (General Fund-State; General Fund-Medicaid)

32. Increase IFS and Basic Plus Waivers
Funding is provided for the continued support of 923 slots for the Individual and Family Services waiver and to continue a phase-in of 467 slots for the Basic Plus waiver. (General Fund-State; General Fund-Medicaid)

33. Increase Core and CP Waivers
Funding is provided for the continued support of three Community Protection waiver slots and to continue a phase-in of 159 slots for the Core waiver. (General Fund-State; General Fund-Medicaid)

34. Shared Benefit Adjustment
The Department is making rules to change the way that in-home clients' assessed care hours are impacted by Shared Benefits. Shared Benefits refer to activities that, when accomplished by an Individual Provider (IP) caring for a household member, also provide a benefit to the IP. In the past, a client's assessed care hours could be adjusted downwards to reflect Shared Benefits. Under the new rule, client hours will no longer be adjusted for Shared Benefits. Funding is provided for an anticipated increase in in-home personal care hours. (General Fund-State; General Fund-Medicaid)
35. Community Residential Options
   Funding is provided to phase-in five, three-bed State-Operated Living Alternatives (SOLA) homes; 12 beds in
   supported living settings; and four beds in Adult Family Homes in order to expand community placement options
   for individuals with intellectual and developmental disabilities by the end of June 2023. (General Fund-State;
   General Fund-Medicaid)

36. Subminimum Wage

   and development disabilities who are employed in subminimum wage jobs to transition into minimum wage
   employment. (General Fund-State; General Fund-Medicaid)

37. Facility One-Time Costs
   Funding is provided for one-time relocation and project costs to support the Department of Social and Health
   Services' leased facilities strategic plan. (General Fund-State; General Fund-Medicaid)

38. Remove Agency Specific FSA Funding
   Removes agency specific funding for $250 contributions to flexible spending accounts for certain employees
   making less than $50,004 per year. This funding was added as part of the funding for collective bargaining
   agreements in the 2019-21 biennial budget. This benefit will continue in the 2021-23 biennium but will now be
   covered as part of the employer portion of Public Employees' Benefits Board funding rate. (General Fund-State)

39. State Employee Benefits
   Health insurance funding is provided for state employees who are not represented by a union, who are covered
   by a bargaining agreement that is not subject to financial feasibility determination, or who are otherwise not part
   of the Health Care Coalition of Unions. The insurance funding rate is $936 per employee per month for FY 2022
   and $1,091 per employee per month for FY 2023. (General Fund-State; General Fund-Medicaid)

40. WFSE General Government
   Funding is reduced to reflect furlough savings in the 2021-23 collective bargaining agreement. (General Fund-
   State; General Fund-Medicaid)

41. Juneteenth State Holiday
   Funding is provided for implementation of Juneteenth as a new state holiday, as provided for in House Bill 1016.
   This includes the cost of backfilling positions that require coverage at all times. (General Fund-State; General
   Fund-Medicaid)

42. Rep Employee Health Benefits
   Health insurance funding is provided for state employees who are covered by the Health Care Coalition of Unions.

   FY 2023. (General Fund-State; General Fund-Medicaid)
43. **Coalition of Unions**

44. **SEIU 1199 General Government**

   Funding is reduced to reflect furlough savings in the 2021-23 collective bargaining agreement. (General Fund-State; General Fund-Medicaid)

To receive the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. Ongoing funding and staff are provided to implement the revised permitting process and provide stakeholder outreach and training. (Biosolids Permit Account-State)

6. **Product Testing**
   - The 2019-21 operating budget increased the number of product testing studies conducted by Ecology each year through a combination of one-time and ongoing funding. Additional ongoing funding is provided to continue testing at the level funded in FY 2021. (Model Toxics Control Operating Account-State)
7. **Shift Admin Marine Advisory Council**
   The ongoing costs of facilitating operations and meetings of the Washington Coastal Marine Advisory Council (WCMAC) are shifted from the Department of Natural Resources to the Department of Ecology. (Aquatic Lands Enhancement Account-State)

   The Attorney General's Office (AGO) is requesting funding to compel the U.S. Department of Energy (USDOE) to meet its Hanford cleanup deadlines in the Washington v. Brouillette (formerly Washington v. Perry) consent decree. Additionally, Ecology may issue a determination requiring USDOE to design new storage tanks as a contingency measure. If so, USDOE will likely appeal that determination. One-time funding is provided for anticipated AGO legal services. (Radioactive Mixed Waste Account-State)

9. **Operator Certification Program**
   Funding for certifying wastewater treatment plant operators is shifted from the Water Quality Permit Account to the newly established Wastewater Treatment Plant Operator Certification Account on an ongoing basis. (Water Quality Permit Account-State; Wastewater Treatment Plant Operator Certification-State)

10. **Implementing GHG Limits Program**
    In 2020, the Legislature passed Chapter 79, Laws of 2020 (E2SHB 2311), updating greenhouse gas (GHG) limits and amending reporting requirements. Funding is provided for Ecology to complete work required under this law, including tracking progress toward meeting the state's emissions reductions limits, providing technical assistance to state agencies to develop action plans and long-term strategies to meet emissions limits, and updating the agency's own long-term plan to meet emissions limits. (Model Toxics Control Operating Account-State)

11. **Air Operating Permit**
    The Air Operating Permit program sets air pollution limits for large industrial facilities, who are required to pay the full costs of the program. Each biennium, Ecology prepares a workload model to determine the funding necessary to administer the program. Ongoing funding and staff are provided to match the projected workload. (Air Operating Permit Account-State)

12. **Recycling Markets**
    The Sustainable Recycling Act, passed in 2019, created a Recycling Development Center to research, develop, expand, and incentivize markets for recycled commodities. This program is responsible for statewide water resource management activities, which include making decisions on applications for water rights, establishing instream flows, and enforcing the water code. (General Fund-State)

18. **Equipment Cache Grant**
   Due to the delayed issuance of grants connected to the Tumwater Brewery oil spill, a grant issued to the Jamestown S'Klallam Tribe in 2019-21 for a new response vessel may not be able to be spent by the end of the 2019-21 biennium. One-time funding is provided in case the vessel purchase cannot be completed by the end of the 2019-21 biennium. (Model Toxics Control Operating Account-State)

5. **Conditional Approp/UI**
   In the event the Director of the Office of Financial Management determines that unemployment insurance tax relief is not a permitted use of the Coronavirus State Fiscal Recovery Fund, funding is provided from the Washington Rescue Plan Transition Account, replacing an equal amount of Coronavirus State Fiscal Recovery Fund lapsing in Part VII of the operating budget. (Washington Rescue Plan Transition Account-State)

7. **Conditional Approp/HB1277**
   In the event that House Bill 1277 is not enacted by June 30, 2021, funding is provided from the Coronavirus State Fiscal Recovery Fund-Federal and Washington Rescue Plan Transition Account-State, replacing an equal amount of funding lapsing in Section 129(76) of the operating budget. This funding is provided for rental assistance; housing vouchers and rapid rehousing; grants for permanent supportive housing operations, maintenance, and services costs; the Landlord Mitigation Program; and other housing and homelessness services. (Coronavirus State Fiscal Recovery Fund-Federal; Washington Rescue Plan Transition Account-State)
8. Cancer Research Endowment
The Andy Hill Cancer Research Endowment Fund Match Account (Account) is funded with a combination of General Fund-State (GF-S) transfers and vaping tax revenues that are deposited into the Account. Forecasted vaping tax revenues have increased. As a result, GF-S transfers are reduced to the amount required under RCW 54.348.080, which requires GF-S transfers into the Account to match the amount of penalties collected from enforcement of state taxes on cigarettes and other tobacco products. The net result of these changes is an increase in revenue to the Account. (General Fund-State)

9. Federal Funding Reallocation

Federal funds attributable to the 10 percent FMAP increase must be used to supplement, not supplant, the level of state funds expended for HCBS for eligible individuals through programs in effect as of April 1, 2021. To receive the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. **Comments:**

1. **Remove FY 2021 3% COLA**

   Funding is adjusted to reflect savings from not implementing a 3 percent cost-of-living adjustment (COLA) in FY 2021. (General Fund-State)

2. **CRF: Agency Costs**

   Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

   Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

4. CRF: Agency Costs

Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

1. **General Wage Increase Savings**
   
   Agency savings were achieved by implementing the Governor’s directive to withhold the general wage increase that was scheduled to go into effect on July 1, 2020, for non-classified employees of the executive branch that are not covered by a collective bargaining agreement and that make at least $54,000 per year. 5. Other COVID

Unanticipated federal funding related to the COVID-19 pandemic was allocated to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal or private grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context.

Federal funds received under the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and the American Rescue Plan Act of 2021 are displayed elsewhere. (General Fund-Oth COVID; Disaster Response Account-Oth COVID)

1. **Federal Funding Adjustment**
   Federal funding is adjusted to align with one-time federal grant funding provided by the Substance Abuse and Mental Health Services Administration. (General Fund-Federal)

2. **1115 IMD Waiver Costs**
   Funding is provided for increased health information technology costs necessary for the implementation of the 1115 Institutions for Mental Disease (IMD) waiver. (General Fund-State; General Fund-Medicaid)

3. **ARPA HCBS Enhanced FMAP**
   The American Rescue Plan Act (ARPA) of 2021 increases the Federal Medical Assistance Percentage (FMAP) for Medicaid Home and Community-Based Services (HCBS) by 10 percentage points from April 1, 2021, through March 30, 2022. Federal funds attributable to the 10 percent FMAP increase must be used to supplement, not supplant, the level of state funds expended for HCBS for eligible individuals through programs in effect as of April 1, 2021. To receive the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. Consistent with the ARPA, all funding generated by the increased HCBS FMAP is reinvested into a variety of HCBS activities, as listed in the LEAP Omnibus Document HCBS – 2021. (General Fund-State; General Fund-Medicaid)

4. **Clubhouse Programs**
   Funding is adjusted on a one-time basis to align with savings due to a delay in the expansion of Clubhouse programs, effective July 1, 2020. (General Fund-State; General Fund-Medicaid)

5. **Align Funding to Expenditures**
   Chapter 247, Laws of 2019 (SSB 5181) imposed restrictions on firearms possession by individuals receiving involuntary behavioral health treatment, which created work for the Health Care Authority’s (Authority) firearms compliance unit. Funding and FTE authority are reduced to align the funding with projected expenditures. (General Fund-State; General Fund-Medicaid)

6. **Assisted Outpatient Treatment**
   Funding is adjusted on a one-time basis to align with projected expenditures. (General Fund-State)

7. **Secure Detoxification Facilities**
   Funding is adjusted on a one-time basis to reflect savings from the delay in opening new secure withdrawal management and stabilization facilities. (General Fund-State; General Fund-Medicaid)

8. **Expand SUD Services and Supports**
   Funding is provided for the Health Care Authority (Authority), in coordination with the Department of Health, to purchase and distribute opioid reversal medications. (General Fund-State)
9. Behavioral Health Personal Care
   The state match for Medicaid personal care services for individuals who require services because of a behavioral health need is paid for by the Medicaid managed care organizations and the federal portion is paid by the Department of Social and Health Services. Funding is provided to reflect increases in the caseload. (General Fund-State)

10. MCO Behavioral Health Rate Increase
    Funding is provided to increase Medicaid behavioral health provider rates by 2 percent effective April 1, 2021. The Authority must employ directed payment or other methodologies allowed under Medicaid managed care regulations to direct the funding increase to behavioral health providers. (General Fund-State; General Fund-Medicaid)

11. COVID FMAP Increase
    The Families First Coronavirus Response Act was enacted March 18, 2020. This act enhances the federal financial participation in the Medicaid program by 6.2 percentage points. The enhancement is assumed to end December 31, 2021. (General Fund-State; General Fund-Medicaid)

12. Raise Tribal Residential SUD Rates
    Federal funding authority is provided for a rate increase that the Authority implemented for services to Indian Health Service-eligible American Indian and Alaska Native Medicaid clients provided by tribal residential treatment facilities. (General Fund-Medicaid)

13. Trueblood FTEs

15. ARPA UIHP Enhanced FMAP
    As a result of the American Rescue Plan Act, the federal government is increasing the state's FMAP for Medicaid Urban Indian Health Program services to 100 percent for eight quarters. This increase is in effect from April 1, 2021 through March 31, 2023. (General Fund-State; General Fund-Medicaid)

16. Agency Savings in FY 2021
    Funding is reduced for implementation of the Governor's directive to furlough staff. (General Fund-State; General Fund-Federal; Medicaid Fraud Penalty Account-State)

17. General Wage Increase Savings

18. Other COVID

Unanticipated federal funding related to the COVID-19 pandemic was allocated to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal or private grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. 1. **Uninsured & Underinsured COVID Care**
   Funding is provided for one-time grants for rural health centers, federally qualified health centers, and free clinics to provide health care services for uninsured and underinsured patients, regardless of immigration status, for the treatment of any health condition that is further complicated by the past or present treatment of the illness caused by the severe acute respiratory syndrome coronavirus 2 (COVID-19). This appropriation is contained in Chapter 3, Laws of 2021 (ESHB 1368). (General Fund-CRF App)

2. **DSH Adjustment - Enhanced FMAP**
   The Families First Coronavirus Response Act was enacted March 18, 2020. This act enhances the federal financial participation in the Medicaid program by 6.2 percentage points. The enhancement is assumed to end December 31, 2021. Funding is adjusted to account for the new fund-split change for disproportionate share hospital funds. (General Fund-State; General Fund-Medicaid)

3. **Low-Income Health Care - I-502**
   Initiative 502 directed a portion of the revenue from taxes on the sale of marijuana into the Basic Health Trust Account. Those dollars are used in lieu of General Fund-State dollars for capitation payments for Medicaid clients enrolled in managed care plans. Funding is adjusted to reflect updated estimates of marijuana-related revenue. (General Fund-State; Basic Health Plan Trust Account-Non-Appr)

4. **Community Health Centers I-502**
   Initiative 502, passed by voters in 2012, authorizes the regulation, sale, and taxation of marijuana for adults over the age of 21. The initiative directed a portion of the tax revenue to fund primary, dental, migrant, and maternity health care services through contracts with community health centers. HCA will use the tax revenue in lieu of state general fund payments to community health centers for services provided to medical assistance clients. (General Fund-State; Dedicated Marijuana Account-State)
5. Healthier WA Savings Restoration

Healthier Washington is a project that allows the Health Care Authority (HCA) and the Department of Social and Health Services to establish integrated clinical models of physical and behavioral health care to improve the effectiveness of health care purchasing and delivery. Savings assumed in the current budget will not be realized this biennium. Funding is provided to restore a portion of the assumed savings. (General Fund-State; General Fund-Medicaid)

6. ABCD Outreach

One-time funding was provided for the Office of Equity to collaborate with the statewide managing partner of the Access to Baby and Child Dentistry (ABCD) program for increased outreach and the support of local ABCD programs and providers. This funding is reduced to reflect the delay in this effort. (General Fund-State; General Fund-Medicaid)

7. MQIP Payments

The Medicaid Quality Improvement Program (MQIP) will be used to support the Medicaid Transformation Waiver implemented in the 2017-19 biennial budget. Apple Health managed care organizations and their partnering providers will receive MQIP program payments as they meet designated milestones. (General Fund-Federal; General Fund-Local)

8. ARPA HCBS Enhanced FMAP

The American Rescue Plan Act (ARPA) of 2021 increases the Federal Medical Assistance Percentage (FMAP) for Medicaid Home and Community-Based Services (HCBS) by 10 percentage points from April 1, 2021, through March 30, 2022. Federal funds attributable to the 10 percent FMAP increase must be used to supplement, not supplant, the level of state funds expended for HCBS for eligible individuals through programs in effect as of April 1, 2021. To receive the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. Consistent with the ARPA, all funding generated by the increased HCBS FMAP is reinvested into a variety of HCBS activities, as listed in the LEAP Omnibus Document HCBS – 2021. (General Fund-State; General Fund-Medicaid)

9. MTP - Accountable Comm of Health

Funding is provided to align with projected expenditures for Initiative 1 of the 1115 Demonstration Waiver of the Medicaid Transformation Project (MTP). (General Fund-Federal; General Fund-Local)

10. Program Integrity

Program integrity activities help ensure state and federal dollars are spent appropriately and prevent fraud and waste. The savings assumed in the current budget will not be realized. Funding is provided to restore assumed savings on a one-time basis. (General Fund-State; General Fund-Medicaid)

11. COVID FMAP Increase

The Families First Coronavirus Response Act was enacted March 18, 2020. This act enhances the federal financial participation in the Medicaid program by 6.2 percentage points. The enhancement is assumed to end December 31, 2021. (General Fund-State; General Fund-Medicaid)
12. **Dentist Link**
   One-time funding was provided for the HCA to develop a public-private partnership with a state-based oral health foundation to connect Medicaid patients to dental services and reduce barriers to accessing care. Funding is reduced to reflect this delay.  (General Fund-State)

13. **Backfill Medicaid Fraud Account**
   Expenditures from the Medicaid Fraud Penalty Account are shifted to the state general fund to align with available revenues.  (General Fund-State; Medicaid Fraud Penalty Account-State)

14. **Medical & Psychiatric Respite Care**
   Funding is provided to develop an implementation plan to incorporate medical and psychiatric respite care as statewide Medicaid benefits.  (General Fund-State; General Fund-Medicaid)

15. **Telemedicine Equipment**
   Funding is provided to pay for cell phone minutes for phones provided to Medicaid clients to increase access to physical and behavioral health during the Governor's Stay Home, Stay Healthy order.  (General Fund-State)

16. **ARPA UIHP Enhanced FMAP**
   As a result of the American Rescue Plan Act, the federal government is increasing the state's FMAP for Medicaid Urban Indian Health Program services to 100 percent for eight quarters. This increase is in effect from April 1, 2021 through March 31, 2023.  (General Fund-State; General Fund-Medicaid)

17. **Indian Health Improvement Reinvest.**
   Funding is provided for Indian Health Improvement Advisory Plan projects, programs, and activities as authorized by RCW 43.71B.030.  (Indian Health Improvement Reinvestment Account-Non-Appr)

18. **Agency Savings in FY 2021**
   Funding is reduced for implementation of the Governor's directive to furlough staff.  (General Fund-State; General Fund-Federal; Medicaid Fraud Penalty Account-State)

19. **General Wage Increase Savings**
   Funding is reduced for implementation of the Governor's directive to withhold the general wage increase scheduled for July 1, 2020.  (General Fund-State; General Fund-Federal; Medicaid Fraud Penalty Account-State; other accounts)

20. **CRF: Agency Costs**
   Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

   Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021.  (General Fund-CRF NonA)

This appropriation is contained in Chapter 3, Laws of 2021 (ESHB 1368). (COVID-19 Response Account-Non-Appr)

2. **COVID-19/Testing/Contact Tracing**
   Funding is provided in FY 2021 for testing, contact tracing, care coordination, outbreak response, data collection and analysis, and other necessary activities in the Department’s response to COVID-19. In addition, the $12 million portion of the funding in the Coronavirus Relief Fund may be used for necessary expenditures incurred due to the COVID-19 public health emergency. This appropriation is contained in Chapter 3, Laws of 2021 (ESHB 1368). (COVID-19 Response Account-Non-Appr)

3. **COVID-19/Vaccine**
   Funding is provided in FY 2021 for the Department to plan for, prepare for, and deploy the COVID-19 vaccine. This appropriation is contained in Chapter 3, Laws of 2021 (ESHB 1368). (COVID-19 Response Account-Non-Appr)

4. **Family Planning Services**
   Funding is provided to support family planning service providers. (General Fund-State)

5. **Agency Savings and Efficiencies**
   Funding authority is reduced to reflect efficiencies and cost-saving measures, including the merging of the vape prevention and marijuana prevention units. (General Fund-State)

6. **Backfill Medicaid Fraud Account**
   Funding is provided for the prescription monitoring program, currently funded through the Medicaid Fraud and Penalty Account (MFPA). (General Fund-State; Medicaid Fraud Penalty Account-State)

7. **Align WIC Expenditures to Revenue**
   Increased expenditure authority is provided as a result of additional infant formula rebates from the Women, Infants and Children (WIC) Nutrition Program. (General Fund-Local)

8. **Expedite Nurse Licensure**
   Increased appropriation authority is provided to fund 15 FTEs to assist in completing nurse licensure applications within an expedited timeframe in support of the COVID-19 pandemic response. (Nursing Resource Center Account-Non-Appr)

   Increased spending authority is provided to comply with the federal Ryan White Care Act requirement to reinvest pharmaceutical drug rebate revenue received through the AIDS Drug Assistance Program into currently funded and allowable services supporting those living with HIV/AIDS. (General Fund-Local)
10. Update HELMS Funding
Increased authority is provided to implement the Health Care Enforcement and Licensing Modernization Solution (HELMS) project, which is under the gated funding oversight by the Office of the Chief Information Officer (OCIO). The modernization will improve licensing and enforcement processes, data security, electronic records management, and access to information. (General Fund-State; General Fund-Local; Health Professions Account-State; other accounts)

11. General Wage Increase Savings
Agency savings were achieved by implementing the Governor’s directive to withhold the general wage increase that was scheduled to go in to effect on July 1, 2020, for non-classified employees of the executive branch that are not covered by a collective bargaining agreement and that make at least $54,000 per year. (General Fund-State; General Fund-Federal; General Fund-Local; other accounts)

12. CRF: Behavioral Health
Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

13. CRF: Offset BSA

15. Other COVID

Unanticipated federal funding related to the COVID-19 pandemic was allocated to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal or private grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context.

Federal funds received under the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and the American Rescue Plan Act of 2021 are displayed elsewhere. (General Fund-Oth COVID; Public Health Supplemental Account-Oth COVID)

**Comments:**
1. **COVID FMAP Increase**
   During the public health emergency, a temporary 6.2 percentage point increase to the state's Federal Medical Assistance Percentage (FMAP) is available for Medicaid services through June 2021. The increased FMAP allows the agency to offset General Fund-State that would ordinarily be used for services for clients. (General Fund-State; General Fund-Federal)

2. **Operations and Maintenance**
   State funding that was offset by receipt of federal enhanced FMAP is utilized for ongoing operations and maintenance of the state veterans' homes, including staffing costs, overtime, personal protective equipment, and emergency management associated with COVID-19. (General Fund-State)
3. **Provider Relief Funds**  
   Federal provider relief funds are provided to prevent, prepare for, and respond to coronavirus, and to reimburse for health care related expenses or lost revenues that are attributable to coronavirus. (General Fund-Federal)

4. **Hiring Freeze Savings**  
   Agency savings were achieved by implementing the governor's directive to freeze non-essential hiring. (General Fund-State)

5. **Travel and Supplies Cost Savings**  
   Savings are realized in FY 2021 by reducing costs related to staff travel and supplies. (General Fund-State)

6. **Nursing Assistant Alignment**  
   Funding is provided to address nursing assistant retention by increasing the step at which they are hired and adjusting current nursing assistant staff to correct for alignment. (General Fund-State; General Fund-Federal; General Fund-Local)

7. **Agency Savings in FY 2021**  
   Funding is reduced for implementation of the Governor's directive to furlough staff. (General Fund-State; General Fund-Federal; General Fund-Local; other accounts)

### 2019-21 Policy Level: 2,512.5 762,634 1,283,421
1. **Travel Underspend**

The Department may pay for transportation costs, such as through bus passes or pre-paid gas cards, so that biological parents with children in state custody may attend necessary services. The Department may also reimburse transportation providers and relative caregivers for transporting children in foster care to school and appointments. The Department is underspending its General Fund-State (GF-State) allotment for such transportation services due to the reduction in in-person activities during the COVID-19 pandemic. One-time savings are assumed to recognize the underexpenditure. (General Fund-State)

2. **BRS-Plus Enhanced**

The 2020 supplemental budget provided one-time funding to implement a new Behavioral Rehabilitation Services (BRS) contract for youth with exceptional needs that necessitate high direct care staffing ratios. The Department has not initiated the new contract type, so the corresponding funding is reduced. (General Fund-State; General Fund-Fam Supt)

3. **Chafee Foster Care Funds**

Federal appropriation authority is provided for an increased Chafee grant award. Chafee funds may be used to support youth and young adults in the transition from foster care to adulthood. (General Fund-CRRSA)

4. **Child Care Underspend**

A decrease in screened-in allegations of child abuse and neglect during the COVID-19 pandemic contributed to reduced expenditure for short-term child care for child welfare-involved families. One-time savings are assumed to recognize the underexpenditure. (General Fund-State)

5. **COVID FMAP Increase**

The federal government has stated its intent to extend the 6.2 percent Federal Medical Assistance Percentage (FMAP) increase through the end of calendar year 2021. Federal authority is increased and General Fund-State (GF-State) is decreased while maintaining the same total funding level. (General Fund-State; General Fund-Fam Supt)

6. **Online Purchasing**

In some child welfare cases, case workers provide families with "concrete goods" if they are necessary to help a family care safely for a child. Examples of concrete goods might be a baby gate or cleaning supplies. Effective January 1, 2021, the Department transitioned to direct online purchases of concrete goods for child welfare-involved families rather than purchasing goods through contracted vendors. This method is anticipated to generate GF-State savings by avoiding the administrative surcharge that would otherwise be paid to a contracted vendor. Additionally, one-time savings are assumed in FY 2021 given that the Department has underspent its allotment for concrete goods. (General Fund-State)

7. **Visitation COVID Fees**

Funding is provided to reflect COVID-19 pandemic-related cleaning and sanitation costs for court-ordered visitation services. (General Fund-CRF App)

Funding is provided for emergency grants for families and providers caring for school-aged foster children and youth. Title IV-B funds and an underspend in an allocation of Coronavirus Relief Fund for the Working Connections Child Care program are used to cover the cost of the grants. (General Fund-CRF App; General Fund-CRRSA)

9. Workload Forecast Adjustment

State law requires that funding for staff to receive, refer, and respond to screened-in child abuse or neglect allegations be adjusted in maintenance level (ML) of each budget on the basis of the Caseload Forecast Council’s screened-in intake forecast. The February 2021 forecast shows a decline in screened-in intakes, meaning that funding and FTE authority are reduced at ML. The reduced funding for FTE case workers and supporting staff at ML is restored. (General Fund-State; General Fund-Fam Supt)

10. Early Intervention Contract

Funding is eliminated for a contract with a vendor for early intervention services that the Department did not renew for FY 2021. (General Fund-State)

11. Home Based Services Underspend

One-time savings are taken in FY 2021 to reflect underexpenditure in the purchase of concrete goods, such as cleaning supplies or a baby gate, that help families screened in for Family Assessment Response care for their children safely at home. The underexpenditure is assumed to be related to a decrease in Child Protective Services intakes during the COVID-19 pandemic. (General Fund-State)

12. Hiring Freeze Savings

One-time savings are achieved by implementing the Governor's directive to freeze non-essential hiring. (General Fund-State; General Fund-Fam Supt)

13. Contracts Freeze

One-time savings are achieved by implementing the Governor's directive to freeze personal services contracts. (General Fund-State)

The Department contracts with vendors to provide in-home services to families in order to promote child safety and reduce the risk of a foster care placement. Safety restrictions on in-person in-home service provision during the COVID-19 pandemic reduced the Department's spending on in-home services. The Department opted to provide retainer payments to in-home service providers in FY 2021 through November 2020 to maintain the supply and capacity of contracted vendors. Funding is provided to backfill for the cost of the in-home services retainer payments. (General Fund-CRF App; General Fund-CRRSA)

15. Virtual Training Platform

The Department contracts with the University of Washington Training Alliance to provide training for its case workers and contracted providers. During the COVID-19 pandemic, the Department converted some of its in-person trainings to virtual trainings. One-time savings are assumed to recognize the lower cost of virtual versus in-person training. (General Fund-State; General Fund-Fam Supt)
16. **Agency Savings in FY 2021**
   
   Funding is reduced for implementation of the Governor's directive to furlough staff. (General Fund-State; General Fund-Fam Supt)

17. **General Wage Increase Savings**
   
   Funding is reduced for implementation of the Governor's directive to withhold the general wage increase scheduled for July 1, 2020. (General Fund-State; General Fund-Local; General Fund-Fam Supt)

18. **CRF: Agency Costs**
   
   Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

   Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

11. CRF: Agency Costs

Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

3. Federal Funding Adjustment
   Federal funding authority is provided to align with one-time federal grant funding. (General Fund-Medicaid)
4. **COVID FMAP Increase**

   Federal and state funding levels are adjusted to reflect a temporary increase in the Medicaid Federal Match Assistance Percentage (FMAP) provided in relation to the COVID-19 public health emergency through the end of calendar year 2021. (General Fund-State; General Fund-Medicaid)

5. **Agency Savings in FY 2021**

   Funding is reduced for implementation of the Governor’s directive to furlough staff. (General Fund-State; General Fund-Medicaid)

6. **General Wage Increase Savings**

   Agency savings were achieved by implementing the Governor’s directive to withhold the general wage increase that was scheduled to go into effect on July 1, 2020, for non-classified employees of the executive branch that are not covered by a collective bargaining agreement and that make at least $54,000 per year. 1. Provider Rates
   Federal appropriation authority is provided to extend the COVID-19 rate enhancements offered to contracted developmental disability service providers in January-March 2021 through April-June 2021, in combination with state funds in the Department's base budget. This appropriation is contained in Chapter 3, Laws of 2021 (ESHB 1368). (General Fund-Medicaid)

2. CY 2020 Funding
   The funding source for COVID-19 related temporary rate increases provided during calendar year 2020 is modified. These increases, authorized through the unanticipated receipts process, assumed use of the federal Coronavirus Relief Fund (CRF). Expenses previously attributed to the CRF will instead be attributed to a combination of the Budget Stabilization Account and federal Medicaid matching funds. This has the effect of making CRF funds available for other allowable uses. This appropriation is contained in Chapter 5, Laws of 2021 (ESHB 1367). (General Fund-Medicaid; General Fund-CRF NonA; Budget Stabilization Account-State)

3. ARPA HCBS Enhanced FMAP
   The American Rescue Plan Act (ARPA) of 2021 increases the Federal Medical Assistance Percentage (FMAP) for Medicaid Home and Community-Based Services (HCBS) by 10 percentage points from April 1, 2021, through March 30, 2022. Federal funds attributable to the 10 percent FMAP increase must be used to supplement, not supplant, the level of state funds expended for HCBS for eligible individuals through programs in effect as of April 1, 2021. To received the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. Consistent with the ARPA, all funding generated by the increased HCBS FMAP is reinvested into a variety of HCBS activities, as listed in LEAP Omnibus Document HCBS - 2021. (General Fund-State; General Fund-Medicaid)

4. COVID FMAP Increase
   The federal government has announced its intention to extend the 6.2 percent Federal Medical Assistance (FMAP) increase through the end of calendar year 2021. Federal authority is increased and GF-State is decreased to reflect the enhanced FMAP. (General Fund-State; General Fund-Medicaid)

5. COVID Temporary Rate Increases
   Funding is provided to continue offering temporary COVID rate add-ons to contracted Developmental Disabilities Administration (DDA) providers through the final quarter of FY 2021 (April-June). The COVID rate add-ons and the majority of the accompanying federal match were provided for the first three quarters through the unanticipated receipt process and through Chapter 31, Laws of 2021 (ESHB 1368). (General Fund-State; General Fund-Medicaid)

6. Consumer Directed Employer
   Funding is reduced to reflect a six-month delay in implementation of the Consumer Directed Employer (CDE). It is anticipated that the CDE will be fully implemented by the end of December 2021. (General Fund-State; General Fund-Medicaid)
7. **Field Staff Vacancies**

Field staffing levels and associated funding are regularly adjusted in the maintenance level budget in relation to caseload changes. Through FY 2021, actual onboarding of these additional staff has not kept pace with budget additions and may be partially due to impacts associated with hiring freezes that were first implemented at the end of FY 2020. As a result, ongoing funding and staffing reductions are implemented to align more closely with actual experience. (General Fund-State; General Fund-Medicaid)

8. **HCBS Supports**

One-time funding is provided for durable medical equipment and minor home renovations needed to improve mobility and accessibility of long-term care clients. It is the intention of the Legislature that these funds will be utilized to serve existing clients as well as those waiting for services. (General Fund-State; General Fund-Medicaid)

9. **I/DD Summer Programs**

Funding is provided for summer programs for those with intellectual and development disabilities. (General Fund-State; General Fund-Medicaid)

10. **State-Operated Facility**

Funding is provided for a state-operated facility on the Rainier School campus to transition eligible individuals from acute care hospitals and for overtime costs in State-Operated Living Alternatives associated with the COVID-19 pandemic. (General Fund-State)

11. **Increase IFS and Basic Plus Waivers**

Funding is provided to add 923 slots for the Individual and Family Services waiver and to begin a phase-in of 467 slots for the Basic Plus waiver. A total of 75 Basic Waiver slots will be added by June 2021. (General Fund-State; General Fund-Medicaid)

12. **Increase Core and CP Waivers**

Funding is provided to add 3 slots for the Community Protection waiver and to begin a phase-in of 159 slots for the Core waiver. A total of 75 Core waiver slots will be added by June 2021. (General Fund-State; General Fund-Medicaid)

13. **Shared Benefit Adjustment**

The Department is making rules to change the way that in-home clients’ assessed care hours are impacted by Shared Benefits. Shared Benefits refer to activities that, when accomplished by an Individual Provider (IP) caring for a household member, also provide a benefit to the IP. In the past, a client’s assessed care hours could be adjusted downwards to reflect Shared Benefits. Under the new rule, client hours will no longer be adjusted for Shared Benefits. Funding is provided for an anticipated increase in in-home personal care hours. (General Fund-State; General Fund-Medicaid)
14. General Wage Increase Savings

Agency savings were achieved by implementing the Governor's directive to withhold the general wage increase that was scheduled to go into effect on July 1, 2020, for non-classified employees of the executive branch that are not covered by a collective bargaining agreement and that make at least $54,000 per year. (General Fund-State; General Fund-Medicaid)

15. CRF: DD/LTC Rates

Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

16. Other COVID

Unanticipated federal funding related to the COVID-19 pandemic was allocated to agencies through the statutory unanticipated receipt (UAR) process. Comments:

1. Provider Rates

Federal appropriation authority is provided to extend the COVID-19 rate enhancements offered to contracted long-term care service providers in January-March 2021 through April-June 2021, in combination with state matching funds in the Department’s base budget. This appropriation is contained in Chapter 3, Laws of 2021 (ESHB 1368). (General Fund-Medicaid)

2. CY 2020 Funding

The funding source for COVID-19 related temporary rate increases provided during calendar year 2020 is modified. These increases, authorized through the unanticipated receipts process, assumed use of the federal Coronavirus Relief Fund (CRF). Expenses previously attributed to the CRF will instead be attributed to a combination of the Budget Stabilization Account and federal Medicaid matching funds. This has the effect of making CRF funds available for other allowable uses. This appropriation is contained in Chapter 5, Laws of 2021 (ESHB 1367). (General Fund-Medicaid; General Fund-CRF NonA; Budget Stabilization Account-State)

3. Rental Subsidies

A state-funded rental subsidy program is created to help Aging & Long-Term Support Administration (ALTSA) clients transition from nursing homes to their own homes in the community. Since the cost of a nursing home placement exceeds the cost of an average client's in-home personal care, General Fund-State savings are achieved after the cost of the rental subsidies and staff support are accounted for. The Department plans to phase in 300 subsidized client placements at an average subsidy of $775 per month. A July 1, 2020 effective date is assumed because the Department has already begun implementing this program. (General Fund-State; General Fund-Medicaid)

4. ARPA HCBS Enhanced FMAP

The American Rescue Plan Act (ARPA) of 2021 increases the Federal Medical Assistance Percentage (FMAP) for Medicaid Home and Community-Based Services (HCBS) by 10 percentage points from April 1, 2021, through March 30, 2022. Federal funds attributable to the 10 percent FMAP increase must be used to supplement, not supplant, the level of state funds expended for HCBS for eligible individuals through programs in effect as of April 1, 2021. To receive the enhanced FMAP on HCBS, states must implement, or supplement the implementation of, one or more activities to enhance, expand, or strengthen HCBS. Consistent with the ARPA, all funding generated by the increased HCBS FMAP is reinvested into a variety of HCBS activities, as listed in LEAP Omnibus Document HCBS - 2021. (General Fund-State; General Fund-Medicaid)
5. COVID FMAP Increase
   The federal government has extended the 6.2 percent FMAP increase. Federal authority is increased and General Fund-State is decreased to reflect the enhanced FMAP through the end of calendar year 2021. (General Fund-State; General Fund-Medicaid)

6. COVID-Dedicated Facilities
   During the COVID-19 pandemic, the Department initiated contracts with nursing homes who can meet requirements to safely serve COVID-positive residents. One-time funding is provided to continue the COVID-dedicated contracts through FY 2021. (General Fund-State; General Fund-Medicaid)

7. Rapid Response Teams
   In December 2020, the Department utilized federal relief funding through the Unanticipated Receipts (UAR) process to create six rapid-response teams of contracted nurses and nursing assistants who can help contracted providers experiencing COVID-related staffing shortages. Funding is provided to continue rapid response team services through FY 2021. (General Fund-State; General Fund-Medicaid; General Fund-ARPA)

8. COVID Temporary Rate Increases
   Funding is provided to extend the COVID-19 rate enhancements offered to contracted providers through the end of calendar year 2021. (General Fund-State; General Fund-Medicaid)

9. Consumer Directed Employer
   Funding is reduced to reflect a six-month delay in implementation of the Consumer Directed Employer (CDE). It is anticipated that the CDE will be fully implemented by the end of December 2021. (General Fund-State; General Fund-Medicaid)

10. Transitional Care Center of Seattle
    Funding is provided for nursing home services and emergent building costs at the Transitional Care Center of Seattle (TCCS). As part of the COVID-19 response, the Department purchased this building to provide care for difficult-to-place residents from acute care hospitals, creating more hospital capacity to treat COVID-19 patients. (General Fund-State; General Fund-Medicaid)

11. Hospital Surge- Geriatric-Specialty
    Funding is provided for incentive payments to contracted ALTSA providers who accept clients being discharged from acute care hospitals. This is part of an effort to create and maintain COVID-19 surge capacity in acute care hospitals. Funding is sufficient to phase-in placements for 65 clients in specialty settings at an average daily rate of $200 per-client per-day. (General Fund-State; General Fund-Medicaid)

12. Hospital Surge-Specialized Dementia
    Funding is provided for incentive payments to contracted ALTSA providers who accept clients being discharged from acute care hospitals. This is part of an effort to create and maintain COVID-19 surge capacity in acute care hospitals. Funding is sufficient to phase-in placements for 120 clients who require specialized dementia care with a $60 per-client per-day rate add-on. (General Fund-State; General Fund-Medicaid)
13. Hospital Surge- Non-Citizens

Funding is provided for incentive payments to contracted ALTSA providers who accept clients being discharged from acute care hospitals. This is part of an effort to create and maintain COVID-19 surge capacity in acute care hospitals. Funding is sufficient to phase-in placements for 20 individuals who are ineligible for Medicaid due to citizenship status at an average daily rate of $225 per-client per-day. The Department must prioritize these slots for individuals who are currently on the waitlist for services to non-citizens. (General Fund-State)

14. HCBS Supports

One-time funding is provided for durable medical equipment and minor home renovations needed to improve mobility and accessibility of long-term care clients. It is the intention of the Legislature that these funds will be utilized to serve existing clients as well as those waiting for services. (General Fund-State; General Fund-Medicaid)

15. COVID Testing for Nursing Homes

One-time funding is provided for COVID-19 testing of nursing home residents and staff. (General Fund-State; General Fund-Medicaid)

16. Shared Benefit Adjustment

The Department is making rules to change the way that in-home clients' assessed care hours are impacted by Shared Benefits. Shared Benefits refer to activities that, when accomplished by an Individual Provider (IP) caring for a household member, also provide a benefit to the IP. In the past, a client's assessed care hours could be adjusted downwards to reflect Shared Benefits. Under the new rule, client hours will no longer be adjusted for Shared Benefits. Funding is provided for an anticipated increase in in-home personal care hours. (General Fund-State; General Fund-Medicaid)

17. Nursing Home Temporary Incentive

Funding is provided for a $100 per-patient per-day incentive to nursing homes who accept clients being discharged from acute care hospitals. The incentive was offered for up to 105 days on behalf of dually eligible (Medicaid/Medicare) individuals who meet certain criteria and were placed in winter 2021. (General Fund-State; General Fund-Medicaid)

18. General Wage Increase Savings

Agency savings were achieved by implementing the Governor's directive to withhold the general wage increase that was scheduled to go into effect on July 1, 2020, for non-classified employees of the executive branch that are not covered by a collective bargaining agreement and that make at least $54,000 per year. (General Fund-State; General Fund-Federal; General Fund-Medicaid)
19. **CRF: DD/LTC Rates**

Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website.

Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)

   Funding is reduced for implementation of the Governor's directive to withhold the general wage increase scheduled for July 1, 2020. (General Fund-State; General Fund-Federal)

3. **CRF: Business/Non-Profit Assistance**
   Funding was allocated from the federal Coronavirus Relief Fund (CRF) to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. In the case of CRF, letters detailing each allocation can be found on the OFM website. Allowable uses of CRF include necessary expenditures resulting from, or responding to, the COVID-19 pandemic. Costs must be incurred between March 1, 2020, and December 31, 2021. (General Fund-CRF NonA)
4. Other COVID

Unanticipated federal funding related to the COVID-19 pandemic was allocated to agencies through the statutory unanticipated receipt (UAR) process. Under the statutory UAR process, when the state receives unanticipated federal or private grant moneys between legislative sessions, the Office of Financial Management (OFM) may approve expenditure of that funding after soliciting comment from the Legislature. Although approved UARs authorize expenditures outside of the appropriations process and do not appear in the omnibus appropriations act, they are part of the agency budget and are included here for context. Federal funds received under the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act and the American Rescue Plan Act of 2021 are displayed elsewhere. (General Fund-Oth COVID)
