(2) The treasurer must place these funds in the general fund as
follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway
vehicle account and administered by the department of natural
resources solely for acquisition, planning, development, maintenance,
and management of ORV, nonmotorized, and nonhighway road recreation
facilities, and information programs and maintenance of nonhighway
roads;

(b) Three and one-half percent must be credited to the ORV and
nonhighway vehicle account and administered by the department of fish
and wildlife solely for the acquisition, planning, development,
maintenance, and management of ORV, nonmotorized, and nonhighway road
recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway
vehicle account and administered by the parks and recreation
commission solely for the acquisition, planning, development,
maintenance, and management of ORV, nonmotorized, and nonhighway road
recreation facilities; and

(d) Fifty-eight and one-half percent must be credited to the
nonhighway and off-road vehicle activities program account to be
administered by the board for planning, acquisition, development,
maintenance, and management of ORV, nonmotorized, and nonhighway road
recreation facilities and for education, information, and law
enforcement programs. The funds under this subsection must be
expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education,
information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV,
nonmotorized, and nonhighway road recreation facilities. Except as
provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the
board receives under RCW 46.68.045, may be expended for ORV
recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized
recreation facilities. Funds expended under this subsection
(2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities
funds; and

(C) Not less than thirty percent may be expended for nonhighway
road recreation facilities;
(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

Sec. 104. RCW 46.10.530 and 2015 3rd sp.s. c 44 s 112 are each amended to read as follows:

Part III
Special Transportation Benefit Assessment

NEW SECTION. Sec. 301. A new section is added to chapter 36.01 RCW to read as follows:

(1) A statewide annual special transportation benefit assessment is imposed on developed parcels for the purposes of mitigating the impacts of growth on state transportation infrastructure throughout the state. The amount of the transportation benefit assessment is the increase in assessed value for the parcel resulting from new construction multiplied by the applicable rate:

(a) For residential developed parcels the rate is $1.50 per $1,000 of assessed value resulting from new construction;

(b) For manufacturing developed parcels the rate is one dollar per $1,000 of assessed value resulting from new construction; and

(c) For all other developed parcels not otherwise described in (a) or (b) of this subsection (1), the rate is $3 per $1,000 of assessed value resulting from new construction.

(2) Parcels that are classified as designated forestland under chapter 84.33 RCW or designated agriculture land or timberland under chapter 84.34 RCW are exempt from the transportation benefit assessment imposed in this section.

(3) To determine the appropriate designation of the parcel for purposes of applying the rate under subsection (1) of this section, county assessors may use land use codes or data collected from parcel investigations, or both, obtained in their normal course of business with respect to administering property taxes. The amount of the transportation benefit assessment constitutes a lien against the Code Rev/AI:eab
property. The assessment is subject to the same provisions as those for property tax collections, as provided in RCW 84.56.020 and must be collected by the county treasurer under the authority in RCW 84.56.035. The transportation benefit assessment fee must be collected concurrently with property taxes levied for collection in calendar year 2023 and thereafter.

(4) All revenues generated under this section must be transferred to the state treasurer to be deposited into the forward flexible account created in section 802 of this act.

(5) For the purposes of this section:

(a) "Developed parcel" means any parcel altered from the natural state by the construction, creation, or addition of structures or other impervious surfaces.

(b) "Land use code" means restrictions on the type of development for a specific parcel of land as identified by records maintained by the assessor or supplemented by information resulting from investigation and generally conforming with the department of revenue's two-digit land use codes in WAC 458-53-030.

(c) "Manufacturing developed parcel" means any developed parcel used for manufacturing purposes.

(d) "Parcel" means the smallest separately segregated unit or plot of land having an identified owner, boundaries, and surface area that is documented for property tax purposes and given a tax lot number by the assessor.

(e) "Residence" means a building or structure or portion thereof, designed for and used to provide a place of abode for human beings. "Residence" includes "residential" or "residential unit" as referring to the type of or intended use of a building or structure.

(f) "Residential parcel" means any developed parcel that contains no more than four residences or four residential units within a single structure and used primarily for residential purposes.

Sec. 415. RCW 46.12.635 and 2019 c 278 s 1 are each amended to read as follows:

(1) Notwithstanding the provisions of chapter 42.56 RCW, the name or address of an individual vehicle or vessel owner shall not be released by the department, county auditor, or agency or firm authorized by the department except under the following circumstances:

(a) The requesting party is a business entity that requests the information for use in the course of business;

(b) The request is a written request that is signed by the person requesting disclosure that contains the full legal name and address of the requesting party, that specifies the purpose for which the information will be used; and

(c) The requesting party enters into a disclosure agreement with the department in which the party promises that the party will use the information only for the purpose stated in the request for the information; and that the party does not intend to use, or facilitate the use of, the information for the purpose of making any unsolicited business contact with a person named in the disclosed information. The term "unsolicited business contact" means a contact that is intended to result in, or promote, the sale of any goods or services to a person named in the disclosed information. The term does not apply to situations where the requesting party and such person have been involved in a business transaction prior to the date of the disclosure request and where the request is made in connection with the transaction.

(2) Where both a mailing address and residence address are recorded on the vehicle or vessel record and are different, only the mailing address will be disclosed. Both addresses will be disclosed in response to requests for disclosure from courts, law enforcement agencies, or government entities with enforcement, investigative, or taxing authority and only for use in the normal course of conducting their business.

(3) The disclosing entity shall retain the request for disclosure for three years.

(4)(a) Whenever the disclosing entity grants a request for information under this section by an attorney or private
investigator, the disclosing entity shall provide notice to the vehicle or vessel owner, to whom the information applies, that the request has been granted. The notice must only include: (i) That the disclosing entity has disclosed the vehicle or vessel owner's name and address pursuant to a request made under this section; (ii) the date that the disclosure was made; and (iii) that the vehicle or vessel owner has five days from receipt of the notice to contact the disclosing entity to determine the occupation of the requesting party.

(b) Except as provided in (c) of this subsection, the only information about the requesting party that the disclosing entity may disclose in response to a request made by a vehicle or vessel owner under (a) of this subsection is whether the requesting party was an attorney or private investigator. The request by the vehicle or vessel owner must be submitted to the disclosing entity within five days of receipt of the original notice.

(c) In the case of a vehicle or vessel owner who submits to the disclosing entity a copy of a valid court order restricting another person from contacting the vehicle or vessel owner or his or her family or household member, the disclosing entity shall provide the vehicle or vessel owner with the name and address of the requesting party.

(5) Any person who is furnished vehicle or vessel owner information under this section shall be responsible for assuring that the information furnished is not used for a purpose contrary to the agreement between the person and the department.

(6) This section shall not apply to requests for information by governmental entities or requests that may be granted under any other provision of this title expressly authorizing the disclosure of the names or addresses of vehicle or vessel owners. Requests from law enforcement officers for vessel record information must be granted. The disclosure agreement with law enforcement entities must provide that law enforcement may redisclose a vessel owner's name or address when trying to locate the owner of or otherwise deal with a vessel that has become a hazard.

(7) The department shall disclose vessel records for any vessel owned by a governmental entity upon request.

(8) This section shall not apply to title history information under RCW 19.118.170.

(3) Personal information received by an entity listed in subsection (1) or (2) of this section may not be released for direct marketing purposes.

(4) Prior to the release of any lists of vehicle or vessel owners under subsection (1) or (2) of this section, the department must enter into a contract with the entity authorized to receive the data. The contract must include:

(v) The department must prorate the fee imposed by this subsection when the request is for less than a full one thousand records.

(b) In lieu of the fee specified in (a) of this subsection, if the request requires a daily, weekly, monthly, or other regular update of those vehicle or vessel records that have changed:

(i) Beginning January 1, 2015, the department must collect a fee of one cent per individual registered or legal vehicle or vessel owner record provided to the private entity;

(ii) Beginning January 1, 2016, the department must collect a fee of two cents per individual registered or legal vehicle or vessel owner record provided to the private entity;

(6) Where both a mailing address and residence address are recorded on the vehicle or vessel record and are different, only the mailing address will be disclosed. Both addresses will be disclosed in response to requests for disclosure from courts, law enforcement agencies, or government entities with enforcement, investigative, or taxing authority and only for use in the normal course of conducting their business.

(7) If a list of registered and legal owners of motor vehicles or vessels is used for any purpose other than that authorized in this section, the manufacturer, governmental agency, commercial parking company, contractor, financial institution, insurer, insurance support organization, self-insured entity, legitimate business entity, toll facility operator, or any authorized agent or contractor responsible for the unauthorized disclosure or use will be denied further access to such information by the department of licensing.

(8) For purposes of this section, "personal information" means information that identifies an individual, including an individual's photograph, social security number, driver identification number, name, address (but not the five-digit zip code), telephone number, or medical or disability information. However, an individual's photograph, social security number, and any medical or disability-related information is considered highly restricted personal information and may not be released under this section.

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information.
information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(C) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(D) No employer or prospective employer, nor any agent of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agent of the employer or prospective employer, as may be required to ensure the application of this subsection.

(ii) In addition to the methods described in (b)(i) of this subsection, the director may enter into a contractual agreement with an employer or its agent for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state, and must be at least eight cents for each record and distributed as specified in subsection (7) of this section. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(c) Volunteer organizations. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) Transit authorities. An abstract of the full driving record maintained by the department may be furnished to an employee or agent of a transit authority checking prospective or existing volunteer vanpool drivers for insurance and risk management needs. The director may enter into a contractual agreement with a transit authority or its agent for the purpose of reviewing the driving records of existing vanpool drivers for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. Sec. 601. RCW 47.60.315 and 2019 c 431 s 3 are each amended to read as follows:

(1) The commission ((shall)) must adopt fares and pricing policies by rule, under chapter 34.05 RCW, according to the following schedule:

(a) Each year the department ((shall)) must provide the commission a report of its review of fares and pricing policies, with recommendations for the revision of fares and pricing policies for the ensuing year;

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.
(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) Fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

(6) The commission may not raise fares until the fare rules contain pricing policies developed under RCW 47.60.290, or September 1, 2009, whichever is later.

(7) The commission shall impose a vessel replacement surcharge of twenty-five cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares. This surcharge must be clearly indicated to ferry passengers and drivers and, if possible, on the fare media itself.

(8) Except as provided in subsection (10) of this section, beginning May 1, 2020, the commission shall impose an additional vessel replacement surcharge in an amount sufficient to fund twenty-five year debt service on one 144-auto hybrid vessel taking into account funds provided in chapter 417, Laws of 2019 or chapter . . . (SSB 5419), Laws of 2019. The department of transportation shall provide to the commission vessel and debt service cost estimates. Information on vessels constructed or purchased with revenue from the surcharges must be publicly posted including, but not limited to, the commission website.

(9) The vessel replacement surcharges imposed in this section must be deposited into the capital vessel replacement account created in RCW 47.60.322 and may only be used for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of new ferry vessels.
(10) The commission shall not impose the additional vessel replacement surcharge in subsection (8) of this section if doing so would increase fares by more than ten percent.

(11) Beginning October 1, 2021, the commission must impose an additional vessel replacement surcharge of 25 cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares.

Sec. 602. RCW 47.60.322 and 2019 c 416 s 716 are each amended to read as follows:

(1) The capital vessel replacement account is created in the motor vehicle fund. All revenues generated from the vessel replacement surcharge under RCW 47.60.315 and service fees collected by the department of licensing or county auditor or other agent appointed by the director under RCW 46.17.040, 46.17.050, and 46.17.060 must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of ferry vessels. However, expenditures from the account must first be used to support the construction or purchase, including any applicable financing costs, of a ferry vessel with a carrying capacity of at least one hundred forty-four cars.

(2) The state treasurer may transfer moneys from the capital vessel replacement account to the transportation 2003 account (nickel account) for debt service on bonds issued for the construction of 144-car class ferry vessels.

(3) The legislature may transfer from the capital vessel replacement account to the connecting Washington account created under RCW 46.68.395 such amounts as reflect the excess fund balance of the capital vessel replacement account to be used for ferry terminal construction and preservation.

(4) During the 2019-2021 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the capital vessel replacement account to the transportation partnership account.

Code Rev/AI:eab

The annual amount of the excise tax is ((one-half of)) one percent of fair market value, as determined under this chapter, or five dollars, whichever is greater. Violation of this subsection is a misdemeanor.

(2) A person who is required under chapter 88.02 RCW to register a vessel in this state and who fails to register the vessel in this state or registers the vessel in another state or foreign country and avoids the Washington watercraft excise tax is guilty of a gross misdemeanor and is liable for such unpaid excise tax. The department of revenue may assess and collect the unpaid excise tax under chapter 82.32 RCW, including the penalty imposed in RCW 82.49.080 and penalties and interest provided in chapter 82.32 RCW.

(3) The excise tax upon a vessel registered for the first time in this state shall be imposed for a twelve-month period, including the month in which the vessel is registered, unless the director of licensing extends or diminishes vessel registration periods for the purpose of staggered renewal periods under RCW 88.02.560. A vessel is registered for the first time in this state when the vessel was not registered in this state for the immediately preceding registration year, or when the vessel was registered in another jurisdiction for the immediately preceding year.

Sec. 604. RCW 82.49.030 and 2010 c 161 s 1045 are each amended to read as follows:

(1) The excise tax imposed under this chapter is due and payable to the department of licensing, county auditor or other agent, or subagent appointed by the director of the department of licensing at the time of registration of a vessel. The department of licensing shall not issue or renew a registration for a vessel until the tax is paid in full.

(2) (The) (a) Fifty percent of the excise tax collected under this chapter must be deposited in the general fund; and

(b) Fifty percent of the excise tax collected under this chapter must be deposited in forward flexible account created in section 802 of this act.

Part VII
Per Mile Funding System
NEW SECTION.  Sec. 701.  A new section is added to chapter 46.17 RCW to read as follows:

(1) By December 1, 2023, the department and the transportation commission must collaborate to develop an implementation plan for the voluntary early adoption program pursuant to subsection (3) of this section and imposing a per mile fee on electric and hybrid vehicles pursuant to subsection (2) of this section with the goal of creating a more dynamic and equitable funding system that could potentially incorporate additional policy priorities than the current transportation funding system. This plan must incorporate the ongoing work of the transportation commission in evaluating a road usage charge, including coordinating with federal grant-funded research and development to continue in parallel with these activities. The plan must include, but is not limited to:

(a) Different mileage reporting methods;
(b) Recommended payment collection means and rates for achieving cost efficiency, fairness, minimal administrative cost, payment compliance, consumer choice, and preserving individual privacy;
(c) Adjustments or modifications to ensure that the existing funding for local government support and transportation infrastructure investments are maintained and not reduced as a result of the fee reductions in sections 702 and 703, chapter . . ., Laws of 2021 (sections 702 and 703 of this act);
(d) Options for differential or additional rates based on the particular classifications of vehicles, to ensure vehicles are paying for their proportional impact on road preservation and maintenance costs, legislative environmental policies, or other policy levers that the legislature may want to consider;
(e) Options for collaborating with other states or countries in the development and administration of the per mile funding system;
(f) Evaluation and comparison of the benefits and costs of allowing for payment plan options and annual payment;
(g) Any recommended statutory changes, including suggested offsets or rebates to the per mile fees. These offsets or rebates will not be utilized in the per mile funding system until approved by the legislature;
(h) Specific recommendations to better align the system with other vehicle-related charges and potentially establish the framework for broader implementation of a per mile funding system, including
analysis of the preferred method for addressing eighteenth amendment restriction considerations;

(i) A recommended implementation and governance structure, and transition plan with the department as the designated lead agency to operate and administer the per mile funding system;

(j) A recommendation on the best agency to be lead for public outreach and education;

(k) Recommendations for augmenting vehicle owner privacy in light of new and emerging mileage reporting methods or technologies, and proposed rules to be adopted by the commission related to extend privacy protections in a per mile funding system; and

(l) Detailed information on the recommended periodic review and evaluation process to best ensure the per mile funding system is achieving the policy and revenue goals established by the legislature.

(2)(a) Beginning July 1, 2026, before accepting an application for an initial annual vehicle registration or renewal for a vehicle that both (i) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (ii) is capable of traveling at least 30 miles using only battery power, the department, county auditor or other agent, or subagent appointed by the director must require the applicant to pay a per mile fee as specified in this section. This fee is in addition to all other fees and taxes required by law.

(b) The rate of the per mile fee is as follows:

(i) From July 1, 2026, through June 30, 2029, two cents per mile driven;

(ii) On July 1, 2029, and thereafter, two and one-half cents per mile driven; and

(iii) The rates specified in (b)(i) and (ii) of this subsection may be adjusted based on new information and changes in legislative policy.

(3)(a) By July 1, 2025, the department, in consultation with the transportation commission, must establish a voluntary early adoption program that allows the registered owner of an electric or hybrid vehicle that uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and is capable of traveling at least 30 miles using only battery power to start paying a per mile fee earlier than the mandatory participation date of July 1, 2026.
(b) Except as otherwise specified in this subsection (3), participants in the voluntary early adoption program must pay two cents per mile driven in addition to all other fees and taxes required by law.

(c) For active participants in the voluntary early adoption program, the department must waive payment of the electric vehicle registration renewal fees as specified in RCW 46.17.323 and the transportation electrification fee as specified in RCW 46.17.324(1).

(d) Besides the vehicles specified in (a) of this subsection, the voluntary early adoption program must include participation of at least 500 electric, hybrid, and internal combustion state-owned passenger or light duty truck fleet vehicles. These vehicles are not subject to the per mile fee specified in (b) of this subsection. The department, in consultation with the transportation commission, shall establish the types of state fleet vehicles for participation to further test the viability of a per mile fee on the full range of vehicles that may be subject to a per mile fee in future years. The voluntary early adoption program as it specifically relates to state-owned fleet vehicles may be initiated as early as December 1, 2024, based on the technical capability of the department to implement the program for these vehicles.

(e) By July 1, 2024, after consultation with the transportation commission on lessons learned from Washington's road usage charge pilot and research, the department must adopt rules to implement the voluntary early adoption program specified in this subsection (3), which must include procedures for recoupment of any waived fees if the participant is not actively participating in the voluntary early adoption program.

(4) This section only applies to a vehicle that is designed to have the capability to drive at a speed of more than 35 miles per hour and has a gross vehicle weight rating of 10,000 pounds or less.

(5) Proceeds from the per mile fee imposed under this section must be used for preservation and maintenance and must be deposited in the motor vehicle fund created in RCW 46.68.070.

Sec. 702. RCW 46.17.323 and 2015 3rd sp.s. c 44 s 203 are each amended to read as follows:

(1) Before accepting an application for an annual vehicle registration renewal for a vehicle that both (a) uses at least one method of propulsion that is capable of being reenergized by an
external source of electricity and (b) is capable of traveling at least thirty miles using only battery power, the department, county auditor or other agent, or subagent appointed by the director must require the applicant to pay a one hundred dollar fee in addition to any other fees and taxes required by law. The one hundred dollar fee is due only at the time of annual registration renewal.

(2) This section only applies to a vehicle that is designed to have the capability to drive at a speed of more than thirty-five miles per hour.

(3)(a) The fee under this section is imposed to provide funds to mitigate the impact of vehicles on state roads and highways and for the purpose of evaluating the feasibility of transitioning from a revenue collection system based on fuel taxes to a road user assessment system, and is separate and distinct from other vehicle license fees. Proceeds from the fee must be used for highway purposes, and must be deposited in the motor vehicle fund created in RCW 46.68.070, subject to (b) of this subsection.

(b) If in any year the amount of proceeds from the fee collected under this section exceeds one million dollars, the excess amount over one million dollars must be deposited as follows:

(i) Seventy percent to the motor vehicle fund created in RCW 46.68.070;

(ii) Fifteen percent to the transportation improvement account created in RCW 47.26.084; and

(iii) Fifteen percent to the rural arterial trust account created in RCW 36.79.020.

(4)(a) In addition to the fee established in subsection (1) of this section, before accepting an application for an annual vehicle registration renewal for a vehicle that both (i) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (ii) is capable of traveling at least thirty miles using only battery power, the department, county auditor or other agent, or subagent appointed by the director must require the applicant to pay a fifty dollar fee.

(b) The fee required under (a) of this subsection must be distributed as follows:

(i) The first one million dollars raised by the fee must be deposited into the multimodal transportation account created in RCW 47.66.070; and
(ii) Any remaining amounts must be deposited into the motor vehicle fund created in RCW 46.68.070.

(5) This section applies to annual vehicle registration renewals until the effective date of enacted legislation that imposes a vehicle miles traveled fee or tax. However, for purposes of this subsection, the establishment of the voluntary early adoption program described in section 701(3) of this act does not constitute legislation that imposes a vehicle miles traveled fee or tax.

(6) Beginning July 1, 2025, participants in the voluntary early adoption program described in section 701(3) of this act are exempt from the fees specified in this section.

Sec. 703. RCW 46.17.324 and 2019 c 287 s 23 are each amended to read as follows:

To realize the environmental benefits of electrification of the transportation system it is necessary to support the adoption of electric vehicles and other electric technology in the state by incentivizing the purchase of these vehicles, building out the charging infrastructure, developing greener transit options, and supporting clean alternative fuel infrastructure. Therefore, it is the intent of the legislature to support these activities through the imposition of new transportation electrification fees in this section.

(1) (A) Until July 1, 2026, a vehicle that both (a) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (b) is capable of traveling at least thirty miles using only battery power, is subject to an annual seventy-five dollar transportation electrification fee to be collected by the department, county auditor, or other agent or subagent appointed by the director, in addition to any other fees and taxes required by law. For administrative efficiencies, the transportation electrification fee must be collected at the same time as vehicle registration renewals and may only be collected for vehicles that are renewing an annual vehicle registration.

(2) Beginning October 1, 2019, and until July 1, 2026, in lieu of the fee in subsection (1) of this section for a hybrid or alternative fuel vehicle that is not required to pay the fees established in RCW 46.17.323 (1) and (4), the department, county auditor, or other agent or subagent appointed by the director must require that the applicant for the annual vehicle registration renewal of such hybrid or
alternative fuel vehicle pay a seventy-five dollar hybrid vehicle transportation electrification fee, in addition to any other fees and taxes required by law. However, the fee imposed under this subsection does not apply to applicants participating in the voluntary early adoption program described in section 701(3) of this act.

(3) Beginning July 1, 2026, the department, county auditor, or other agent or subagent appointed by the director must require that an applicant for the annual vehicle registration renewal for vehicles specified in this subsection to pay a $75 hybrid vehicle transportation electrification fee, in addition to any other fees and taxes required by law. This fee applies to:

(a) An electric or hybrid vehicle that uses at least one method of propulsion that is capable of being reenergized by an external source of electricity, but is not capable of traveling at least 30 miles using only battery power; or

Sec. 806. RCW 46.70.180 and 2017 c 41 s 1 are each amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:
(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed ((one hundred fifty dollars)) $200 per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;
(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to one hundred fifty dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within the "bushing" period, which is four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all
conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

A dealer may inform a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by sending an email message to the buyer's or lessee's supplied email address, by phone call, by leaving a voice message or sending a text message to a phone number provided by the buyer or lessee, by in-person oral communication, by mailing a letter by first-class mail if the buyer or lessee expresses a preference for a letter or declines to provide an email address and a phone number capable of receiving a free text message, or by another
means agreed to by the buyer or lessee or approved by the department, effective upon the execution, mailing, or sending of the communication and before expiration of the "bushing" period;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.540 and 46.12.560; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly...
complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;
(b) The dealer has satisfied the lien; and
(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items
specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any
buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a

Code Rev/AI:eab 88 S-0766.4/21 4th draft
franchise or contractual agreement for the retail sale or lease of
new and unused vehicles sold or distributed by such manufacturer
within sixty days after such dealer's order has been received in
writing unless caused by inability to deliver because of shortage or
curtailment of material, labor, transportation, or utility services,
or by any labor or production difficulty, or by any cause beyond the
reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser
or lessee of any new or unused vehicle that has been sold or leased,
distributed for sale or lease, or transferred into this state for
resale or lease by the vehicle manufacturer may only make any
warranty claim on any item included as an integral part of the
vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the
obligations of a contract or to prevent a manufacturer, distributor,
representative, or any other person, whether or not licensed under
this chapter, from requiring performance of a written contract
entered into with any licensee hereunder, nor does the requirement of
such performance constitute a violation of any of the provisions of
this section if any such contract or the terms thereof requiring
performance, have been freely entered into and executed between the
contracting parties. This paragraph and subsection (14)(b) of this
section do not apply to new motor vehicle manufacturers governed by
chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor
vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a
registered owner of a vehicle to repossess and return or resell the
vehicle to the registered owner in an attempt to avoid a suspended
license impound under chapter 46.55 RCW. However, compliance with
chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise
disposing of the vehicle, including providing redemption rights to
the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales
contract without disclosing in writing to a buyer of the new motor
vehicle, or to a dealer in the case of an unregistered motor vehicle,
any known damage and repair to the new motor vehicle if the damage
exceeds five percent of the manufacturer's suggested retail price as
calculated at the dealer's authorized warranty rate for labor and
parts, or one thousand dollars, whichever amount is greater. A
manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle.

((3)) (4) The registration fee imposed by this section is payable to and collected by the secretary. or leases an airport, as defined in RCW 47.68.020, with the intent to
operate, must require from an aircraft owner proof of aircraft
registration as a condition of leasing or selling tiedown or hangar

purchaser to register the aircraft. Proof of registration must be
provided according to the following schedule:

(a) For the purchase of tiedown or hangar space, the municipality
or port district must allow the purchaser thirty days from the date
of the application for purchase to produce proof of aircraft
registration.

(b) For the lease of tiedown or hangar space that extends thirty
days or more, the municipality or port district must allow the lessee
thirty days to produce proof of aircraft registration from the date
of the application for lease of tiedown or hangar space.

The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection ((5)) (6) (c)(ii) and that written statements conform with the provisions of chapter 5.50 RCW;

(d) ((An)) A piloted aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

(f) An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW; ((and))

(g) An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary; and

(h) Unpiloted aircraft systems used exclusively for hobby or recreation.

((6)) (7) The secretary must be notified within thirty days of any change in ownership of a registered aircraft. The notification must contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.
A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, must require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hangar space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. Proof of registration must be provided according to the following schedule:

(a) For the purchase of tiedown or hangar space, the municipality or port district must allow the purchaser thirty days from the date of the application for purchase to produce proof of aircraft registration.

(b) For the lease of tiedown or hangar space that extends thirty days or more, the municipality or port district must allow the lessee thirty days to produce proof of aircraft registration from the date of the application for lease of tiedown or hangar space.

(c) For the lease of tiedown or hangar space that extends less than thirty days, the municipality or port district must allow the lessee to produce proof of aircraft registration at any point prior to the final day of the lease.

The airport must work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division.

The department may adopt rules to implement this section.

Sec. 814. RCW 47.56.850 and 2009 c 498 s 15 are each amended to read as follows:

(1) Unless these powers are otherwise delegated by the legislature, the transportation commission is the tolling authority for the state. The tolling authority shall:
(a)(i) Set toll rates, (ii) establish appropriate exemptions, if any, except as provided otherwise in this section, and (iii) make adjustments as conditions warrant on eligible toll facilities;
(b) Review toll collection policies, toll operations policies, and toll revenue expenditures on the eligible toll facilities and report annually on this review to the legislature.
(2) The tolling authority, in determining toll rates, shall consider the policy guidelines established in RCW 47.56.830.
(3) Unless otherwise directed by the legislature, in setting and periodically adjusting toll rates, the tolling authority must ensure that toll rates will generate revenue sufficient to:
   (a) Meet the operating costs of the eligible toll facilities, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement;
   (b) Meet obligations for the timely payment of debt service on bonds issued for eligible toll facilities, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings;
   (c) Meet obligations to reimburse the motor vehicle fund for excise taxes on motor vehicle and special fuels applied to the payment of bonds issued for eligible toll facilities; and
   (d) Meet any other obligations of the tolling authority to provide its proportionate share of funding contributions for any projects or operations of the eligible toll facilities.
(4) The established toll rates may include variable pricing, and should be set to optimize system performance, recognizing necessary trade-offs to generate revenue for the purposes specified in subsection (3) of this section. Tolls may vary for type of vehicle, time of day, traffic conditions, or other factors designed to improve performance of the system.
(5) In fixing and adjusting toll rates under this section, the only toll revenue to be taken into account must be toll revenue pledged to bonds that includes toll receipts, and the only debt service requirements to be taken into account must be debt service on bonds payable from and secured by toll revenue that includes toll receipts.
(6) The legislature pledges to appropriate toll revenue as necessary to carry out the purposes of this section. When the
legislature has specifically identified and designated an eligible toll facility and authorized the issuance of bonds for the financing of the eligible toll facility that are payable from and secured by a pledge of toll revenue, the legislature further agrees for the benefit of the owners of outstanding bonds issued by the state for eligible toll facilities to continue in effect and not to impair or withdraw the authorization of the tolling authority to fix and adjust tolls as provided in this section. The state finance committee shall pledge the state's obligation to impose and maintain tolls, together with the application of toll revenue as described in this section, to the owners of any bonds.

(7) The tolling authority may not exempt the following vehicles from tolls on toll bridges:
(a) Publicly owned or operated transit buses;
(b) Passenger motor vehicles licensed for ride sharing as described in RCW 46.18.285;
(c) School buses; and
(d) Privately owned and operated passenger buses meeting annual certification requirements of the department.

Sec. 815. RCW 47.46.100 and 2002 c 114 s 7 are each amended to read as follows:
(1) The commission shall fix the rates of toll and other charges for all toll bridges built under this chapter that are financed primarily by bonds issued by the state. Subject to RCW 47.46.090, the commission may impose and modify toll charges from time to time as conditions warrant. However, the commission may not exempt the following vehicles from tolls:
(a) Publicly owned or operated transit buses;
(b) Passenger motor vehicles licensed for ride sharing as described in RCW 46.18.285;
(c) School buses; and
(d) Privately owned and operated passenger buses meeting annual certification requirements of the department.
(2) In establishing toll charges, the commission shall give due consideration to any required costs for operating and maintaining the toll bridge or toll bridges, including the cost of insurance, and to any amount required by law to meet the redemption of bonds and interest payments on them.
(3) The toll charges must be imposed in amounts sufficient to:
(a) Provide annual revenue sufficient to provide for annual operating and maintenance expenses, except as provided in RCW 47.56.245;

(b) Make payments required under RCW 47.56.165 and 47.46.140, including insurance costs and the payment of principal and interest on bonds issued for any particular toll bridge or toll bridges; and

(c) Repay the motor vehicle fund under RCW 47.46.110, 47.56.165, and 47.46.140.

(4) The bond principal and interest payments, including repayment of the motor vehicle fund for amounts transferred from that fund to provide for such principal and interest payments, constitute a first direct and exclusive charge and lien on all tolls and other revenues from the toll bridge concerned, subject to operating and maintenance expenses.
