30 registration, certification, and inspections. Moreover, higher
31 education, workforce training, and a number of other government
32 services are supported at least in part by fees assessed on those who
33 participate in these programs. Therefore, the office of financial

PART II
HUMAN SERVICES

Sec. 201. 2007 c 522 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1)
Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership

(WMIP), the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of ~~((13,000))~~ 6,000 persons, nor expand beyond one county, during the 2007-2009 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot project, times the number of clients enrolled in the pilot project. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(5)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2008, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2008 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2008 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the

objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

27 appropriation for fiscal year 2009 are provided solely for mental
28 health services for mentally ill offenders while confined in a county
29 or city jail and for facilitating access to programs that offer mental
30 health services upon release from confinement. The department is
31 authorized to transfer up to \$418,000 of these amounts each fiscal year
32 to the economic services program for purposes of facilitating prompt
33 access after their release from confinement to medical and income
34 assistance services for which defendants and offenders may be eligible.

35 ~~((h))~~ (g) \$1,500,000 of the general fund--state appropriation for
36 fiscal year 2008 and \$1,500,000 of the general fund--state

38 innovative mental health service delivery projects. Such projects may

1 include, but are not limited to, clubhouse programs and projects for
2 integrated health care and behavioral health services for general
3 assistance recipients. These amounts shall supplement, and not
4 supplant, local or other funding currently being used for activities
5 funded under the projects authorized in this subsection.

6 ((+i)) (h) The department is authorized to continue to expend
7 federal block grant funds and special purpose federal grants through
8 direct contracts, rather than through contracts with regional support
9 networks, and to allocate such funds through such formulas as it shall
10 adopt.

11 ((+j)) (i) The department is authorized to continue to contract
12 directly, rather than through contracts with regional support networks,
13 for children's long-term inpatient facility services.

14 ((+k)) (j) \$2,250,000 of the general fund--state appropriation for
15 fiscal year 2008, \$2,250,000 of the general fund--state appropriation
16 for fiscal year 2009, and \$4,500,000 of the general fund--federal

22 constitute substantial barriers to community placement, who no longer
23 require active psychiatric treatment at an inpatient hospital level of
24 care, and who no longer meet the criteria for inpatient involuntary
25 commitment. Coordination of these services will be done in partnership
26 between the mental health program and the aging and disability services
27 administration.

28 ((+l)) (k) \$750,000 of the general fund--state appropriation for
29 fiscal year 2008 and \$750,000 of the general fund--state appropriation
30 for fiscal year 2009 are provided solely to continue performance-based
31 incentive contracts to provide appropriate community support services
32 for individuals with severe mental illness who were discharged from the
33 state hospitals as part of the expanding community services initiative.
34 These funds will be used to enhance community residential and support
35 services provided by regional support networks through other state and

2 (~~(\$2,040,000)~~) \$2,016,000 of the general fund--federal appropriation
3 are provided solely to modify the department's proposed new payment
4 rates for medicaid inpatient psychiatric services. Under the
5 department's proposed rate system, effective August 1, 2007, each
6 hospital's inpatient psychiatric payment rate would have been set at a
7 percentage of that hospital's estimated per diem cost for psychiatric
8 inpatient care during the most recent rebasing year. Within the amount
9 provided in this subsection (1)(m), beginning August 1, 2007, each
10 hospital's inpatient psychiatric payment rate shall instead be set at
11 the greater of a percentage of: (i) The hospital's estimated per diem
12 cost for psychiatric inpatient care during the most recent rebasing
13 year; or (ii) the statewide average per diem cost for psychiatric
14 inpatient care during the most recent rebasing year, adjusted for
15 regional wage differences and for differences in medical education
16 costs. At least thirty days prior to implementing adjustments to
17 regional support network medicaid capitation rates and nonmedicaid
18 allocations to account for changes in psychiatric inpatient payment
19 rates, the department shall report on the proposed adjustments to the
20 appropriations committee of the house of representatives and the ways
21 and means committee of the senate.

22 (~~((n))~~) (m) \$6,267,000 of the general fund--state appropriation for
23 fiscal year 2008 and \$6,462,000 of the general fund--(~~(federal)~~) state
24 appropriation for fiscal year 2009 are provided solely to increase
25 nonmedicaid psychiatric inpatient payment rates over fiscal year 2005
26 levels. It is expected that nonmedicaid rates will be set at
27 approximately 85 percent of each hospital's medicaid psychiatric
28 inpatient rate. At least thirty days prior to implementing adjustments
29 to regional support network medicaid capitation rates and nonmedicaid
30 allocations to account for changes in psychiatric inpatient payment
31 rates, the department shall report on the proposed adjustments to the
32 appropriations committee of the house of representatives and the ways
33 and means committee of the senate.

34 (~~((o) \$7,363,000)~~) (n) \$7,396,000 of the general fund--state
35 appropriation for fiscal year 2008, (~~(\$15,028,000)~~) \$15,146,000 of the
36 general fund--state appropriation for fiscal year 2009, and \$13,927,000
37 of the general fund--federal appropriation are provided solely to
38 increase regional support network medicaid capitation rates, or fee-

1 for-service rates paid instead of those capitation rates, and
2 nonmedicaid allocations by 3.0 percent effective July 1, 2007, and by
3 an additional 3.0 percent effective July 1, 2008. The federal portion
4 of these rate increases is contingent upon federal approval. (i) The
5 legislature intends and expects that regional support networks and
6 community mental health agencies will use at least 67 percent of the
7 amounts provided in this subsection (1)(o) to increase compensation for
8 direct care personnel above and beyond usual and customary wage
9 increases. To this end, regional support networks shall report to the
10 department by October 15, 2007, on planned uses of the rate increases
11 within their network area. The report shall describe the direct care
12 job classifications to which increases are to be provided; the number
13 of full-time equivalent personnel employed in each classification; the
14 annualized dollar and percentage increases to be provided each
15 classification; the annualized dollar value of the direct care
16 compensation increases provided, in total and as a percentage of the
17 total rate increase; and the number of personnel in each job
18 classification covered by a collective bargaining agreement. The
19 department shall summarize and analyze the regional plans, and report
20 findings, options, and recommendations to the legislature by December
21 1, 2007. (ii) Regional support networks shall maintain documentation
22 of how the rate increases have been applied. Such documentation shall
23 be subject to audit by the department. (iii) For purposes of this
24 subsection (1)(o), "direct care staff" means persons employed by
25 community mental health agencies whose primary responsibility is
26 providing direct treatment and support to people with mental illness,
27 or whose primary responsibility is providing direct support to such
28 staff in areas such as client scheduling, client intake, client
29 reception, client records-keeping, and facilities maintenance. In

32 for direct care staff whose primary responsibility is direct care and
33 treatment for people with chemical dependency problems.

34 ~~((+p))~~ (o) \$2,021,000 of the general fund--state appropriation for

37 implementation of Substitute House Bill No. 1456 (mental health
38 professionals). If the bill is not enacted by June 30, 2007, the

2 organizing and delivering training as required by the bill, the
3 department may retain up to fifteen percent of the amount appropriated
4 for fiscal year 2008, and up to ten percent of the amount appropriated
5 for fiscal year 2009. The remainders shall be distributed to regional

16 The department is authorized to reserve \$402,000 general fund--state
17 and \$201,000 general fund--local of these amounts for reasonable costs
18 incurred by Pierce county for the provision of mental health crisis and

20 department. In order to receive these funds, Pierce county must
21 demonstrate to the department that the total cost of mental health
22 services provided by the county in accordance with formal agreements
23 has exceeded the revenues received from the department and third-party
24 payers for these services. The department shall determine the
25 documentation that is required.

26 (q) \$504,000 of the general fund--state appropriation for fiscal

30 those community settings; (ii) clients without residential services who
31 are at immediate risk of institutionalization or in crisis; (iii)
32 children who are at risk of institutionalization or who are aging out
33 of other state services; and (iv) current home and community-based
34 waiver program clients who have been assessed as having an immediate
35 need for increased services. First priority shall be given to children
36 who are at risk of institutionalization. The department shall ensure
37 that the average cost per day for all program services other than
38 start-up costs shall not exceed \$300. In order to maximize the number

1 of clients served and ensure the cost-effectiveness of the waiver
2 programs, the department will strive to limit new client placement
3 expenditures to 90 percent of the budgeted daily rate. If this can be
4 accomplished, additional clients may be served with excess funds,
5 provided the total projected carry-forward expenditures do not exceed
6 the amounts estimated. The department shall electronically report to
7 the appropriate committees of the legislature, within 45 days following
8 each fiscal year quarter, the number of persons served with these
9 additional community services, where they were residing, what kinds of
10 services they were receiving prior to placement, and the actual
11 expenditures for all community services to support these clients.

12 (d) (~~(\$2,799,000)~~) \$2,399,000 of the general fund--state
13 appropriation for fiscal year 2008, \$5,961,000 of the general fund--

15 of the general fund--federal appropriation are provided solely for
16 expanded community services for persons with developmental disabilities
17 who also have community protection issues. Funding in this subsection
18 shall be prioritized for (i) clients being diverted or discharged from
19 the state psychiatric hospitals; (ii) clients participating in the
20 dangerous mentally ill offender program; (iii) clients participating in
21 the community protection program; and (iv) mental health crisis
22 diversion outplacements. The department shall ensure that the average
23 cost per day for all program services other than start-up costs shall
24 not exceed \$349 in fiscal year 2008 and \$356 in fiscal year 2009. In
25 order to maximize the number of clients served and ensure the cost-
26 effectiveness of the waiver programs, the department will strive to
27 limit new client placement expenditures to 90 percent of the budgeted
28 daily rate. If this can be accomplished, additional clients may be
29 served with excess funds if the total projected carry-forward
30 expenditures do not exceed the amounts estimated. The department shall
31 implement the four new waiver programs such that decisions about
32 enrollment levels and the amount, duration, and scope of services
33 maintain expenditures within appropriations. The department shall
34 electronically report to the appropriate committees of the legislature,
35 within 45 days following each fiscal year quarter, the number of
36 persons served with these additional community services, where they
37 were residing, what kinds of services they were receiving prior to

1 placement, and the actual expenditures for all community services to
2 support these clients.

4 appropriation for fiscal year 2008, \$16,354,000 of the general fund--
5 state appropriation for fiscal year 2009, and \$8,579,000 of the general

10 of the general fund--state appropriation for fiscal year 2009 are for
11 state-only services for individuals with developmental disabilities, as
12 described in Second Substitute Senate Bill No. 5467 (developmental
13 disabilities). By January 1, 2008, and by November 1, 2008, the
14 department shall provide a status report to the appropriate policy and
15 fiscal committees of the legislature on the individual and family
16 services program for people with developmental disabilities, which
17 shall include the following information: The number of applicants for
18 funding; the total number of awards; the number and amount of both

26 consideration for this new funding shall be young adults with
27 developmental disabilities living with their family who need employment
28 opportunities and assistance after high school graduation. Services
29 shall be provided for both waiver and nonwaiver clients. The
30 legislature finds that some waiver clients are not receiving employment
31 services that are authorized under their waivers. Within the amounts
32 appropriated in this section, waiver clients must receive services as
33 authorized by their waiver, such as pathway to employment, while
34 waiting for paid employment to be developed. The department shall work
35 with the counties to establish a consistent proposed policy for minimum
36 direct service hours for clients, minimum hours of support, time frames
37 for seeking paid employment, and services provided under pathway to
38 employment while paid employment is sought. The department shall

1 report to the office of financial management and the appropriate
2 committees of the legislature on this proposal by November 1, 2008,
3 including estimated fiscal impacts and an option for making the policy
4 budget neutral for the current level of clients served. In order to
5 maximize the number of clients served, the department may serve
6 additional nonwaiver clients with unspent funds for waiver clients,
7 provided the total projected carry-forward expenditures do not exceed
8 the amounts estimated.

1 exceptional care rates, and to adjust adult family home rates for the
2 first phase of a seventeen CARE level payment system. Effective July
3 1, 2008, the provider payment rate allocation for boarding homes
4 contracted as assisted living shall be the provider's June 30, 2008,
5 payment rate allocation, and the provider payment rate for boarding
6 homes contracted as ARCs and EARCs shall be adjusted to reflect phase
7 one of a seventeen CARE level payment system. This will be in effect
8 until such time as the rates are consistent between adult family homes
9 and boarding homes for delivery of the same patient care levels.

10 (iii) Amounts provided in this section and in section 206 of this
11 act are sufficient to assist adult family home providers with the cost
12 of paying liability insurance.

13 (i) \$921,000 of the general fund--state appropriation for fiscal
14 year 2009 and \$963,000 of the general fund--federal appropriation are
15 provided solely for the development and implementation of a federal
16 home and community-based care waiver to provide intensive behavior
17 support services to up to one hundred children with developmental
18 disabilities who have intense behaviors, and their families.

19 (i) To receive services under the waiver, the child must have a
20 developmental disability and: (A) Meet an acuity measure, as

22 of needing an out-of-home placement; (B) be eligible for developmental
23 disabilities services and a home and community-based care waiver
24 program; (C) reside in his or her family home or temporarily in an

28 protective services referral.

29 (ii) The department shall authorize, contract for, and evaluate the
30 provision of intensive in-home services that support the ability of the
31 child to remain at home with their parents or relatives. Intensive
32 behavior support services under the waiver shall be provided directly
33 or by contract, and may include, but are not limited to: (A) Behavior
34 consultation and management, therapies and respite care; (B) minor home
35 or motor vehicle modifications and transportation; (C) specialized
36 nutrition and clothing; (D) training of families and other individuals

The expenditure of this appropriation is contingent on the release of all claims in this case, and total settlement costs shall not exceed the appropriation in this subsection (j). If settlement is not executed by June 30, 2008, the appropriation in this subsection (j) shall lapse.

(k) Within the amounts appropriated in this section, the department shall review current infant-toddler early intervention services statewide and report to the office of financial management by November 1, 2008, and the appropriate committees of the legislature on a recommended consistent funding approach per child for the 2009-11 biennium, recognizing the new level of funding anticipated by school district participation. The recommendations must also include a budget neutral option for the current level of clients served.

30 grants to rural hospitals. The department shall distribute the funds
31 under a formula that provides a relatively larger share of the
32 available funding to hospitals that (a) serve a disproportionate share
33 of low-income and medically indigent patients and (b) have relatively
34 smaller net financial margins, to the extent allowed by the federal
35 medicaid program.

36 (7) \$10,546,000 of the health services account appropriation for
37 fiscal year 2008, \$10,546,000 of the health services account--state
38 appropriation for fiscal year 2009, and \$19,725,000 of the general

1 fund--federal appropriation are provided solely for grants to nonrural
2 hospitals. The department shall distribute the funds under a formula
3 that provides a relatively larger share of the available funding to
4 hospitals that (a) serve a disproportionate share of low-income and
5 medically indigent patients and (b) have relatively smaller net
6 financial margins, to the extent allowed by the federal medicaid
7 program.

8 (8) The department shall continue the inpatient hospital certified
9 public expenditures program for the 2007-2009 biennium. The program
10 shall apply to all public hospitals, including those owned or operated
11 by the state, except those classified as critical access hospitals or
12 state psychiatric institutions. The department shall submit ((a))
13 reports to the governor and legislature by November 1, 2007, and by
14 November 1, 2008, that evaluate((s)) whether savings continue to exceed
15 costs for this program. If the certified public expenditures (CPE)
16 program in its current form is no longer cost-effective to maintain,
17 the department shall submit a report to the governor and legislature
18 detailing cost-effective alternative uses of local, state, and federal
19 resources as a replacement for this program. During fiscal year 2008
20 and fiscal year 2009, hospitals in the program shall be paid and shall
21 retain (a) one hundred percent of the federal portion of the allowable
22 hospital cost for each medicaid inpatient fee-for-service claim payable
23 by medical assistance; and (b) one hundred percent of the federal
24 portion of the maximum disproportionate share hospital payment
25 allowable under federal regulations. Inpatient medicaid payments shall
26 be established using an allowable methodology that approximates the
27 cost of claims submitted by the hospitals. Payments made to each
28 hospital in the program in each fiscal year of the biennium shall be
29 compared to a baseline amount ((that is the total of (a) the total
30 payment for claims for services rendered during the fiscal year
31 calculated according to the methodology employed by the legislature in
32 the omnibus appropriations act for implementation in fiscal year
33 2008)). The baseline amount will be determined by the total of (a) the
34 inpatient claim payment amounts that would have been paid during the
35 fiscal year had the hospital not been in the CPE program, and (b)
36 disproportionate share hospital payment amounts paid to and retained by
37 each hospital during fiscal year 2005 that pertain to fiscal year 2005.
38 If payments during the fiscal year exceed the hospital's baseline

1 amount, no additional payments will be made to the hospital except the
2 federal portion of allowable disproportionate share hospital payments
3 for which the hospital can certify allowable match. If payments during
4 the fiscal year are less than the baseline amount, the hospital will be
5 paid a state grant equal to the difference between payments during the
6 fiscal year and the applicable baseline amount. Payment of the state
7 grant shall be made in the applicable fiscal year and ~~((is))~~
8 distributed in monthly payments. The grants will be recalculated and
9 redistributed as the baseline is updated during the fiscal year. The
10 grant payments are subject to an interim ~~((cost))~~ settlement within
11 eleven months after the end of the fiscal year. A final ~~((cost))~~
12 settlement shall be performed within two years after the end of the
13 related fiscal year. To the extent that ~~((a final cost))~~ either
14 settlement determines that a hospital has received funds in excess of
15 what it would have received ~~((under the methodology in place in fiscal~~
16 ~~year 2008))~~ as described in this subsection, the hospital must repay
17 ~~((these))~~ the excess amounts to the state when requested.
18 ~~(((\$74,066,000))~~ \$61,728,000 of the general fund--state appropriation
19 for fiscal year 2008, of which \$6,570,000 is appropriated in section
20 204(1) of this act and the balance in this section, and ~~(((\$59,776,000))~~
21 \$57,894,000 of the general fund--state appropriation for fiscal year
22 2009, of which \$6,570,000 is appropriated in section 204(1) of this act
23 and the balance in this section, are provided solely for state grants
24 for the participating hospitals.

25 (9) ~~(((\$7,314,000))~~ \$4,399,000 of the general fund--state
26 appropriation for fiscal year 2008, ~~(((\$7,800,000))~~ \$6,391,000 of the
27 general fund--state appropriation for fiscal year 2009, and
28 ~~(((\$48,995,000))~~ \$55,384,000 of the general fund--federal appropriation
29 are provided solely for development and implementation of a replacement
30 system for the existing medicaid management information system. The
31 amounts are conditioned on the department satisfying the requirements
32 of section 902 of this act.

33 (10) When a person is ineligible for medicaid solely by reason of
34 residence in an institution for mental diseases, the department shall
35 provide the person with the same benefits as he or she would receive if
36 eligible for medicaid, using state-only funds to the extent necessary.

37 (11) The department is authorized to use funds appropriated in this

1 section to purchase goods and supplies through direct contracting with
2 vendors when the department determines it is cost-effective to do so.

3 (12) The legislature affirms that it is in the state's interest for
4 Harborview medical center to remain an economically viable component of
5 the state's health care system.

6 (13) The department shall, within available resources, continue
7 operation of the medical care services care management pilot project
8 for clients receiving general assistance benefits in King and Pierce
9 counties. The project may use a full or partial capitation model that
10 includes a mechanism for shared savings.

11 (14) \$1,688,000 of the general fund--state appropriation for fiscal
12 year 2008 and \$1,689,000 of the general fund--state appropriation for
13 fiscal year 2009 are provided solely to incorporate a mental health
14 service component to the pilot project established pursuant to
15 subsection (13) of this section. Addition of the mental health service
16 component authorized in this subsection is contingent upon the managed
17 care contractor or the participating counties providing, alone or in
18 combination, matching funds in cash or in kind, in an amount equal to
19 one-ninth of the amounts appropriated in this subsection. The mental
20 health service component may include care coordination, mental health
21 services, and integrated medical and mental health service delivery for
22 general assistance clients with mental health disorders, as well as
23 primary care provider training and education. The department shall
24 provide a report to the appropriate committees of the legislature by
25 January 1, 2009, on costs, savings, and any outcomes or quality
26 measures associated with the pilot projects during calendar year 2007
27 and 2008. To the extent possible, the report shall address any impact
28 that the mental health services component has had upon clients' use of
29 medical services, including but not limited to primary care physician's
30 visits, emergency room utilization, and prescription drug utilization.

31 (15) \$341,000 of the health services account appropriation for
32 fiscal year 2008, \$1,054,000 of the health services account
33 appropriation for fiscal year 2009, and \$1,461,000 of the general
34 fund--federal appropriation are provided solely to implement Second
35 Substitute House Bill No. 1201 (foster care youth medical). If the
36 bill is not enacted by June 30, 2007, the amounts provided in this
37 subsection shall lapse.

1 (16) (~~(\$6,529,000)~~) \$6,728,000 of the general fund--state
2 appropriation for fiscal year 2008 and (~~(\$6,651,000)~~) \$8,563,000 of the
3 general fund--state appropriation for fiscal year 2009 are provided
4 solely to provide full benefit dual eligible beneficiaries with
5 medicare part D prescription drug copayment coverage in accordance with
6 chapter 3, Laws of 2007 (part D copayment drug program).

7 (17) The department shall conduct a study to determine the
8 financial impact associated with continuing to cover brand name
9 medications versus the same medication in its generic form. The study
10 shall account for all rebates paid to the state on each product studied
11 up until the point where the generic form is less expensive, net of
12 federally required rebates. The department shall submit its report to
13 the legislative fiscal committees by December 1, 2007.

14 (18) \$198,000 of the general fund--state appropriation for fiscal
15 year 2008 and \$268,000 of the general fund--state appropriation for
16 fiscal year 2009 are provided solely for the first two years of a four-
17 year project by the Seattle-King county health department to improve
18 management of symptoms and reduce complications related to asthma among
19 medicaid eligible children. The department shall contract with the
20 Seattle-King county health department to have trained community health
21 workers visit medicaid eligible children in their homes to identify and
22 reduce exposure to asthma triggers, improve clients' self-management
23 skills, and coordinate clients' care with their primary care and
24 specialty providers. The contract shall include an evaluation of the
25 impact of the services provided under the contract on urgent
26 physician's visits, emergency room utilization, and inpatient
27 hospitalization.

28 (19) (~~(\$2,450,000)~~) \$1,529,000 of the general fund--state
29 appropriation for fiscal year 2008 and (~~(\$1,950,000)~~) \$2,871,000 of the
30 general fund--state appropriation for fiscal year 2009 are provided
31 solely for development and implementation of an outreach program as
32 provided in chapter 5, Laws of 2007 (Second Substitute Senate Bill No.
33 5093, health services for children).

34 (a) By December 15, 2007, the department shall provide a report to
35 the appropriate committees of the legislature on the progress of
36 implementing the following activities:

37 (~~((a))~~) (i) Feasibility study and implementation plan to develop

1 online application capability that is integrated with the department's
2 automated client eligibility system;

3 ~~((b))~~ (ii) Development of data linkages with the office of
4 superintendent of public instruction for free and reduced-price lunch
5 enrollment information and the department of early learning for child
6 care subsidy program enrollment information;

7 ~~((e))~~ (iii) Informing insurers and providers when their
8 enrollees' eligibility is going to expire so insurers and providers can
9 help families reenroll;

10 ~~((d))~~ (iv) Outreach contracts with local governmental entities,
11 community based organizations, and tribes;

12 ~~((e))~~ (v) Results of data sharing with outreach contractors, and
13 other contracted entities such as local governments, community-based
14 organizations, tribes, health care providers, and insurers to engage,
15 enroll, and reenroll identified children;

16 ~~((f))~~ (vi) Results of efforts to maximize federal matching funds,
17 wherever possible; and

18 ~~((g))~~ (vii) Plans for sustaining outreach programs proven to be
19 successful.

20 (b)(i) Within the amounts provided under this subsection (19),
21 sufficient funding is provided to the department to develop and
22 implement in conjunction with the employment security department a plan
23 that would:

24 (A) Allow applicants and recipients of unemployment insurance to
25 request assistance with obtaining health coverage for household
26 members; and

27 (B) Authorize the exchange of information between the employment
28 security department and the department of social and health services to
29 more efficiently determine eligibility for health coverage under
30 chapter 74.09 RCW.

31 (ii) The plan developed in (b)(i) of this subsection should address
32 permissible uses of federal employment security funding and
33 infrastructure, identification of any necessary statutory changes, and
34 cost information. The department shall submit the plan in a report to
35 the governor and the appropriate committees of the legislature by
36 November 15, 2008.

37 (20) \$640,000 of the general fund--state appropriation for fiscal

1 year 2008 and \$616,000 of the general fund--state appropriation for
2 fiscal year 2009 are provided solely to:

3 (a) Pay the premiums associated with enrollment in a medicare
4 advantage plan for those full benefit dual eligible beneficiaries, as
5 defined in RCW 74.09.010, who were enrolled on or before November 14,
6 2006 in a medicare advantage plan sponsored by an entity accredited by
7 the national committee for quality assurance and for whom the
8 department had been paying Part C premium as of November 2006; and

9 (b) Undertake, directly or by contract, a study to determine the
10 cost-effectiveness of paying premiums for enrollment of full benefit
11 dual eligible beneficiaries in medicare advantage plans in lieu of
12 paying full benefit dual eligible beneficiaries' medicare cost-sharing.
13 The study shall compare the cost and health outcomes experience,
14 including rates of nursing home placement and costs for groups of full
15 benefit dual eligible beneficiaries who are enrolled in medicare
16 advantage plans, in medicare special needs plan or in medicare fee-for-
17 service. The study shall compare the health status and utilization of
18 health and long-term care services for the three groups, and the impact
19 of access to a medical home and specialty care, over a period of two
20 years to determine any differences in health status, health outcomes,
21 and state expenditures that result. The department shall submit the
22 results of the study to the governor and the legislature by June 30,
23 2009. The department is authorized to accept private cash and in-kind
24 donations and grants to support the study and evaluation.

25 (c) Track enrollment and expenditures for this population on
26 department monthly management reports.

27 (21) The department may not transition to managed care delivery any
28 population that has been primarily served under fee-for-service
29 delivery unless the department first conducts a cost-effectiveness
30 evaluation of the transition, including an evaluation of historical
31 data on utilization patterns, and finds that the transition would
32 result in a more effective and cost-efficient form of service delivery,
33 pursuant to RCW 74.09.470. Any such finding must be provided to the
34 governor and the legislature no less than ninety days before the
35 transition begins.

36 (22) \$756,000 of the general fund--state appropriation for fiscal
37 year 2008, \$1,193,000 of the general fund--state appropriation for
38 fiscal year 2009, \$1,261,000 of the health services account--state

2 fund--federal appropriation are provided solely to implement sections
3 5, 7, 8, and 11 of Second Substitute House Bill No. 1088 (children's

5 amounts provided in this subsection shall lapse.

6 ~~((+22+))~~ (23) \$288,000 of the general fund--state appropriation for
7 fiscal year 2008, \$277,000 of the general fund--state appropriation for

9 appropriation are provided solely for the implementation of Engrossed
10 Second Substitute Senate Bill No. 5930 (blue ribbon comm/health care).

12 this subsection shall lapse.

13 ~~((+23)---\$150,000))~~ (24) \$45,000 of the general fund--state
14 appropriation for fiscal year 2008 is provided solely for the
15 department of social and health services, in consultation with the
16 health care authority and the employment security department, to
17 prepare and submit a report and recommendations to the governor and the
18 legislature related to coverage of low-wage workers enrolled on state
19 plans who are employed by employers with more than fifty employees.
20 The report shall address multiple approaches, including but not limited
21 to the proposal included in House Bill No. 2094 (taxpayer health care
22 fairness act). The discussion of each approach included in the report
23 should identify how the approach would further the goal of shared
24 responsibility for coverage of low-wage workers, obstacles to
25 implementation and options to address them, and estimated
26 implementation costs. The report shall be submitted on or before
27 November 15, 2007. The agencies shall establish a workgroup, which
28 shall be closely involved and consulted in the development of the
29 report and recommendations under this subsection. The workgroup shall
30 include the following participants: Persons or organizations
31 representing large employers in the retail, agricultural and grocery
32 trades, other large employers, organizations representing employees of

35 organizations representing employees of state and local governmental
36 entities. In addition, the workgroup shall include three members from

8 not enacted by June 30, 2008, the amounts provided in this subsection
9 shall lapse.

10 (26) As part of the five-year plan on state purchasing to improve
11 health care quality under chapter 259, Laws of 2007, the department, in
12 collaboration with the department of health, shall provide a report to

15 not limited to vaccine administration fee increases and pay-for-
16 performance incentives. The department shall submit the report to the
17 governor and the health policy and fiscal committees of the legislature
18 by November 1, 2008.

19 (27) Within existing funds, the department shall evaluate the
20 fiscal impact of the federal upper limits on medicaid reimbursement to
21 pharmacies implemented under the federal deficit reduction act, and
22 report its findings to the legislature by December 1, 2008.

23 (28)(a) \$100,000 of the general fund--state appropriation for

28 which they qualify. The study shall present an analysis of the costs
29 and benefits associated with:

30 (i) Suspending eligibility for persons who were receiving medical

37 (ii) Improving the efficiency and expanding the scope of the
38 expedited medical assistance reinstatement and eligibility

determination process established under RCW 74.09.555, including extending the process to persons other than those with mental disorders, both for persons who had been previously eligible before confinement and for persons who had not been eligible before confinement;

Units calculated under (g)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(i) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2007-08 and 2008-09 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(e) through (i) of this section, one classified staff unit for each ~~((2.95))~~ 2.94 certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each ~~((fifty-nine))~~ 58.75 average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of ~~((14.13))~~ 14.11 percent in the 2007-08 school year and ~~((16.69))~~ 16.75 percent in the 2008-09 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of ~~((17.06))~~ 17.04 percent in the 2007-08 school year and ~~((18.74))~~ 18.72 percent in

1 the 2008-09 school year for classified salary allocations provided
2 under subsection (3) of this section.

3 (5) Insurance benefit allocations shall be calculated at the
4 maintenance rate specified in section 504(2) of this act, based on the
5 number of benefit units determined as follows:

6 (a) The number of certificated staff units determined in subsection
7 (2) of this section; and

8 (b) The number of classified staff units determined in subsection
9 (3) of this section multiplied by 1.152. This factor is intended to
10 adjust allocations so that, for the purposes of distributing insurance
11 benefits, full-time equivalent classified employees may be calculated
12 on the basis of 1440 hours of work per year, with no individual
13 employee counted as more than one full-time equivalent.

14 (6)(a) For nonemployee-related costs associated with each
15 certificated staff unit allocated under subsection (2)(a), (b), and (d)
16 through (h) of this section, there shall be provided a maximum of
17 \$9,703 per certificated staff unit in the 2007-08 school year and a
18 maximum of (~~(\$9,907)~~) \$10,178 per certificated staff unit in the 2008-
19 09 school year.

20 (b) For nonemployee-related costs associated with each vocational
21 certificated staff unit allocated under subsection (2)(c)(i)(A) of this
22 section, there shall be provided a maximum of \$23,831 per certificated
23 staff unit in the 2007-08 school year and a maximum of (~~(\$24,331)~~)
24 \$24,999 per certificated staff unit in the 2008-09 school year.

25 (c) For nonemployee-related costs associated with each vocational
26 certificated staff unit allocated under subsection (2)(c)(i)(B) of this
27 section, there shall be provided a maximum of \$18,489 per certificated
28 staff unit in the 2007-08 school year and a maximum of (~~(\$18,877)~~)

30 (7) Allocations for substitute costs for classroom teachers shall
31 be distributed at a maintenance rate of \$555.20 for the 2007-08 and
32 2008-09 school years per allocated classroom teachers exclusive of
33 salary increase amounts provided in section 504 of this act. Solely
34 for the purposes of this subsection, allocated classroom teachers shall
35 be equal to the number of certificated instructional staff units
36 allocated under subsection (2) of this section, multiplied by the ratio
37 between the number of actual basic education certificated teachers and

1 the number of actual basic education certificated instructional staff
2 reported statewide for the prior school year.

3 (8) Any school district board of directors may petition the
4 superintendent of public instruction by submission of a resolution
5 adopted in a public meeting to reduce or delay any portion of its basic
6 education allocation for any school year. The superintendent of public
7 instruction shall approve such reduction or delay if it does not impair
8 the district's financial condition. Any delay shall not be for more
9 than two school years. Any reduction or delay shall have no impact on
10 levy authority pursuant to RCW 84.52.0531 and local effort assistance
11 pursuant to chapter 28A.500 RCW.

12 (9) \$1,870,000 of the general fund--state appropriation for fiscal

14 fiscal year 2009 are provided solely to implement Engrossed Second
15 Substitute House Bill No. 1432 (granting service credit to educational
16 staff associates for nonschool employment). If the bill is not enacted
17 by June 30, 2007, the amount provided in this subsection shall lapse.

18 (10) The superintendent may distribute a maximum of (~~(\$16,622,000)~~)
19 \$16,620,000 outside the basic education formula during fiscal years
20 2008 and 2009 as follows:

21 (a) For fire protection for school districts located in a fire
22 protection district as now or hereafter established pursuant to chapter
23 52.04 RCW, a maximum of \$547,000 may be expended in fiscal year 2008
24 and a maximum of (~~(\$558,000)~~) \$567,000 may be expended in fiscal year
25 2009;

26 (b) For summer vocational programs at skills centers, a maximum of
27 \$2,385,000 may be expended for the 2008 fiscal year and a maximum of
28 \$2,385,000 for the 2009 fiscal year. 20 percent of each fiscal year
29 amount may carry over from one year to the next;

30 (c) A maximum of (~~(\$390,000)~~) \$393,000 may be expended for school
31 district emergencies;

32 (d) A maximum of \$485,000 each fiscal year may be expended for
33 programs providing skills training for secondary students who are
34 enrolled in extended day school-to-work programs, as approved by the
35 superintendent of public instruction. The funds shall be allocated at
36 a rate not to exceed \$500 per full-time equivalent student enrolled in
37 those programs; and

1 (e) (~~(\$9,387,000)~~) \$9,373,000 of the education legacy trust account
2 appropriation is provided solely for allocations for equipment
3 replacement in vocational programs and skills centers. Each year of
4 the biennium, the funding shall be allocated based on \$75 per full-time
5 equivalent vocational student and \$125 per full-time equivalent skills
6 center student.

7 (f) \$2,991,000 of the general fund--state appropriation for fiscal
8 year 2008 and \$4,403,000 of the general fund--state appropriation for
9 fiscal year 2009 are provided solely for the implementation of Second
10 Substitute Senate Bill No. 5790 (regarding skills centers). If the
11 bill is not enacted by June 30, 2007, the amounts provided in this
12 subsection shall lapse.

13 (11) For purposes of RCW 84.52.0531, the increase per full-time
14 equivalent student is 5.7 percent from the 2006-07 school year to the

16 year to the 2008-09 school year.

17 (12) If two or more school districts consolidate and each district
18 was receiving additional basic education formula staff units pursuant
19 to subsection (2)(b) through (h) of this section, the following shall
20 apply:

21 (a) For three school years following consolidation, the number of
22 basic education formula staff units shall not be less than the number
23 of basic education formula staff units received by the districts in the
24 school year prior to the consolidation; and

25 (b) For the fourth through eighth school years following
26 consolidation, the difference between the basic education formula staff
27 units received by the districts for the school year prior to
28 consolidation and the basic education formula staff units after
29 consolidation pursuant to subsection (2)(a) through (h) of this section
30 shall be reduced in increments of twenty percent per year.

31 (13) The appropriation levels in part V of this act assume
32 implementation of the reimbursement provisions of Senate Bill No. 6450
33 (school district reimbursement of performance audits).

34 **Sec. 503.** 2007 c 522 s 503 (uncodified) is amended to read as
35 follows:

36 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION**

1 salaries used in the general fund allocations for certificated
2 instructional, certificated administrative, and classified staff units

22 total base salaries for certificated instructional staff as developed
23 by the legislative evaluation and accountability program committee on
24 (~~April 19, 2007, at 06:03~~) March 9, 2008, at 15:09 hours.

25 (3) Incremental fringe benefit factors shall be applied to salary
26 adjustments at a rate of (~~14.13~~) 14.11 percent for school year 2007-
27 08 and (~~16.69~~) 16.75 percent for school year 2008-09 for certificated
28 staff and for classified staff (~~17.06~~) 17.04 percent for school year
29 2007-08 and (~~18.74~~) 18.72 percent for the 2008-09 school year.

30 (4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary

28 (b) As used in this subsection, the column headings "BA+(N)" refer
29 to the number of credits earned since receiving the baccalaureate
30 degree.

31 (c) For credits earned after the baccalaureate degree but before
32 the masters degree, any credits in excess of forty-five credits may be
33 counted after the masters degree. Thus, as used in this subsection,
34 the column headings "MA+(N)" refer to the total of:

1 (i) Credits earned since receiving the masters degree; and
2 (ii) Any credits in excess of forty-five credits that were earned
3 after the baccalaureate degree but before the masters degree.

4 (5) For the purposes of this section:

5 (a) "BA" means a baccalaureate degree.

6 (b) "MA" means a masters degree.

7 (c) "PHD" means a doctorate degree.

8 (d) "Years of service" shall be calculated under the same rules
9 adopted by the superintendent of public instruction.

10 (e) "Credits" means college quarter hour credits and equivalent in-
11 service credits computed in accordance with RCW 28A.415.020 and
12 28A.415.023.

13 (6) No more than ninety college quarter-hour credits received by
14 any employee after the baccalaureate degree may be used to determine
15 compensation allocations under the state salary allocation schedule and
16 LEAP documents referenced in this act, or any replacement schedules and
17 documents, unless:

18 (a) The employee has a masters degree; or

19 (b) The credits were used in generating state salary allocations
20 before January 1, 1992.

21 (7) The certificated instructional staff base salary specified for
22 each district in LEAP Document 2 and the salary schedules in subsection
23 (4)(a) of this section include two learning improvement days. A school
24 district is eligible for the learning improvement day funds only if the
25 learning improvement days have been added to the 180- day contract
26 year. If fewer days are added, the additional learning improvement
27 allocation shall be adjusted accordingly. The additional days shall be
28 limited to specific activities identified in the state required school
29 improvement plan related to improving student learning that are
30 consistent with education reform implementation, and shall not be
31 considered part of basic education. The principal in each school shall
32 assure that the days are used to provide the necessary school- wide,
33 all staff professional development that is tied directly to the school
34 improvement plan. The school principal and the district superintendent
35 shall maintain documentation as to their approval of these activities.
36 The length of a learning improvement day shall not be less than the
37 length of a full day under the base contract. The superintendent of

public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(c) Additional salary increases as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary increases shall be provided to all 262 districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule. These additional salary increases will result in a decrease in the number of

1 grandfathered districts from the current thirty-four to twenty-four in
2 the 2007-08 school year and to (~~(thirteen))~~ twelve in the 2008-09
3 school year.

4 (~~((+e))~~) (d) Additional salary increases to certain districts as
5 necessary to fund the per full-time-equivalent salary allocations for
6 certificated administrative staff as listed for each district in LEAP
7 Document 2, defined in section 503(2)(b) of this act. These additional
8 salary increases shall ensure a minimum salary allocation for
9 certificated administrative staff of \$54,405 in the 2007-08 school year

27 for general apportionment (basic education) are based on the salary
28 allocation schedules and methodology in sections 502 and 503 of this
29 act. Increases for special education result from increases in each
30 district's basic education allocation per student. Increases for
31 educational service districts and institutional education programs are
32 determined by the superintendent of public instruction using the
33 methodology for general apportionment salaries and benefits in sections
34 502 and 503 of this act.

10 TOTAL APPROPRIATION ((~~\$552,428,000~~))
11 \$574,919,000

12 The appropriations in this section are subject to the following
13 conditions and limitations:

14 (1) Each general fund fiscal year appropriation includes such funds
15 as are necessary to complete the school year ending in the fiscal year
16 and for prior fiscal year adjustments.

17 (2) A maximum of \$848,000 of this fiscal year 2008 appropriation
18 and a maximum of ((~~\$866,000~~)) \$878,000 of the fiscal year 2009
19 appropriation may be expended for regional transportation coordinators
20 and related activities. The transportation coordinators shall ensure
21 that data submitted by school districts for state transportation
22 funding shall, to the greatest extent practical, reflect the actual
23 transportation activity of each district.

24 (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the
25 fiscal year 2009 appropriation are provided solely for the
26 transportation of students enrolled in "choice" programs.

28 transferring to "choice" programs solely for educational reasons.

29 (4) Allocations for transportation of students shall be based on
30 reimbursement rates of \$44.84 per weighted mile in the 2007-08 school
31 year and ((~~\$45.48~~)) \$45.68 per weighted mile in the 2008-09 school year
32 exclusive of salary and benefit adjustments provided in section 504 of
33 this act. Allocations for transportation of students transported more
34 than one radius mile shall be based on weighted miles as determined by
35 superintendent of public instruction multiplied by the per mile
36 reimbursement rates for the school year pursuant to the formulas
37 adopted by the superintendent of public instruction. Allocations for
38 transportation of students living within one radius mile shall be based

on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(5) \$25,000,000 of the education legacy trust account--state appropriation is provided solely for temporary assistance to school districts for pupil transportation programs. The office of the superintendent of public instruction, in consultation with the joint legislative audit and review committee, will develop a method of allocating these funds to school districts. The allocation method shall be based primarily on the findings and analysis from the joint legislative and audit review committee's K-12 pupil transportation study completed in December 2006.

(6) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(7) The superintendent of public instruction shall base depreciation payments for school district buses on the five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

Sec. 506. 2007 c 522 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2008)	((\$532,192,000))
	<u>\$543,469,000</u>
General Fund--State Appropriation (FY 2009)	((\$566,174,000))
	<u>\$581,925,000</u>
General Fund--Federal Appropriation	((\$435,735,000))
	<u>\$435,692,000</u>
Education Legacy Trust Account--State	
Appropriation	\$14,561,000

TOTAL APPROPRIATION ((~~\$1,548,662,000~~))
\$1,575,647,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:
(i) Special education students are basic education students first;
(ii) As a class, special education students are entitled to the full basic education allocation; and
(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall adopt the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006, and ensure that all school districts adopt the method beginning in the 2007-08 school year.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

1 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent
2 shall make allocations to each district based on the sum of:

3 (i) A district's annual average headcount enrollment of students
4 ages birth through four and those five year olds not yet enrolled in
5 kindergarten, as defined in subsection (4) of this section, multiplied
6 by the district's average basic education allocation per full-time
7 equivalent student, multiplied by 1.15; and

8 (ii) A district's annual average full-time equivalent basic
9 education enrollment multiplied by the funded enrollment percent
10 determined pursuant to subsection (6)(b) of this section, multiplied by
11 the district's average basic education allocation per full-time
12 equivalent student multiplied by 0.9309.

13 (b) For purposes of this subsection, "average basic education
14 allocation per full-time equivalent student" for a district shall be
15 based on the staffing ratios required by RCW 28A.150.260 and shall not
16 include enhancements, secondary vocational education, or small schools.

17 (6) The definitions in this subsection apply throughout this
18 section.

19 (a) "Annual average full-time equivalent basic education
20 enrollment" means the resident enrollment including students enrolled
21 through choice (RCW 28A.225.225) and students from nonhigh districts
22 (RCW 28A.225.210) and excluding students residing in another district
23 enrolled as part of an interdistrict cooperative program (RCW
24 28A.225.250).

25 (b) "Enrollment percent" means the district's resident special
26 education annual average enrollment, excluding the birth through age
27 four enrollment and those five year olds not yet enrolled in
28 kindergarten, as a percent of the district's annual average full-time
29 equivalent basic education enrollment.

30 Each district's general fund--state funded special education
31 enrollment shall be the lesser of the district's actual enrollment
32 percent or 12.7 percent.

33 (7) At the request of any interdistrict cooperative of at least 15
34 districts in which all excess cost services for special education
35 students of the districts are provided by the cooperative, the maximum
36 enrollment percent shall be calculated in accordance with subsection
37 (6)(b) of this section, and shall be calculated in the aggregate rather
38 than individual district units. For purposes of this subsection, the

1 average basic education allocation per full-time equivalent student
2 shall be calculated in the aggregate rather than individual district
3 units.

4 (8) To the extent necessary, (~~(\$30,690,000)~~) \$53,926,000 of the
5 general fund--state appropriation and \$29,574,000 of the general fund--
6 federal appropriation are provided for safety net awards for districts
7 with demonstrated needs for special education funding beyond the
8 amounts provided in subsection (5) of this section. If the federal
9 safety net awards based on the federal eligibility threshold exceed the
10 (~~(amount appropriated)~~) federal appropriation in this subsection (8) in
11 any fiscal year, the superintendent shall expend all available federal
12 discretionary funds necessary to meet this need. Safety net funds
13 shall be awarded by the state safety net oversight committee subject to
14 the following conditions and limitations:

15 (a) The committee shall consider unmet needs for districts that can
16 convincingly demonstrate that all legitimate expenditures for special
17 education exceed all available revenues from state funding formulas.
18 In the determination of need, the committee shall also consider
19 additional available revenues from federal sources. Differences in
20 program costs attributable to district philosophy, service delivery
21 choice, or accounting practices are not a legitimate basis for safety
22 net awards. In the determination of need, the committee shall require
23 that districts demonstrate that they are maximizing their eligibility
24 for all state and federal revenues related to services for special
25 education-eligible students. Awards associated with (b) and (c) of
26 this subsection shall not exceed the total of a district's specific
27 determination of need.

28 (b) The committee shall then consider the extraordinary high cost
29 needs of one or more individual special education students.
30 Differences in costs attributable to district philosophy, service
31 delivery choice, or accounting practices are not a legitimate basis for
32 safety net awards.

33 (c) Using criteria developed by the committee, the committee shall
34 then consider extraordinary costs associated with communities that draw
35 a larger number of families with children in need of special education
36 services. The safety net awards to school districts shall be adjusted
37 to reflect amounts awarded under (b) of this subsection.

1 (d) The maximum allowable indirect cost for calculating safety net
2 eligibility may not exceed the federal restricted indirect cost rate
3 for the district plus one percent.

4 (e) Safety net awards must be adjusted for any audit findings or
5 exceptions related to special education funding.

6 (f) Safety net awards shall be adjusted based on the percent of
7 potential medicaid eligible students billed as calculated by the
8 superintendent in accordance with chapter 318, Laws of 1999. The state
9 safety net oversight committee shall ensure that safety net
10 documentation and awards are based on current medicaid revenue amounts.

11 (9) The superintendent of public instruction may adopt such rules
12 and procedures as are necessary to administer the special education
13 funding and safety net award process. Prior to revising any standards,
14 procedures, or rules, the superintendent shall consult with the office
15 of financial management and the fiscal committees of the legislature.

16 (10) The safety net oversight committee appointed by the
17 superintendent of public instruction shall consist of:

18 (a) One staff from the office of superintendent of public
19 instruction;

20 (b) Staff of the office of the state auditor who shall be nonvoting
21 members of the committee; and

22 (c) One or more representatives from school districts or
23 educational service districts knowledgeable of special education
24 programs and funding.

25 (11) The office of the superintendent of public instruction shall
26 review and streamline the application process to access safety net
27 funds, provide technical assistance to school districts, and annually
28 survey school districts regarding improvement to the process.

29 (12) A maximum of \$678,000 may be expended from the general fund--
30 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
31 full-time equivalent aides at children's orthopedic hospital and
32 medical center. This amount is in lieu of money provided through the
33 home and hospital allocation and the special education program.

34 (13) A maximum of \$1,000,000 of the general fund--federal
35 appropriation is provided for projects to provide special education
36 students with appropriate job and independent living skills, including
37 work experience where possible, to facilitate their successful

1 transition out of the public school system. The funds provided by this
2 subsection shall be from federal discretionary grants.

3 (14) \$50,000 of the general fund--state appropriation for fiscal
4 year 2008, \$50,000 of the general fund--state appropriation for fiscal
5 2009, and \$100,000 of the general fund--federal appropriation shall be
6 expended to support a special education ombudsman program within the
7 office of superintendent of public instruction. The purpose of the
8 program is to provide support to parents, guardians, educators, and
9 students with disabilities. The program will provide information to
10 help families and educators understand state laws, rules, and
11 regulations, and access training and support, technical information
12 services, and mediation services. The ombudsman program will provide
13 data, information, and appropriate recommendations to the office of
14 superintendent of public instruction, school districts, educational
15 service districts, state need projects, and the parent and teacher
16 information center. Within the appropriations in this section there is
17 sufficient funding provided to also provide at least a half-time
18 support staff position for the special education ombudsman program.

19 (15) The superintendent shall maintain the percentage of federal
20 flow-through to school districts at 85 percent. In addition to other
21 purposes, school districts may use increased federal funds for high-
22 cost students, for purchasing regional special education services from
23 educational service districts, and for staff development activities
24 particularly relating to inclusion issues.

25 (16) A maximum of \$1,200,000 of the general fund--federal
26 appropriation may be expended by the superintendent for projects
27 related to use of inclusion strategies by school districts for
28 provision of special education services.

29 (17) The superintendent, consistent with the new federal IDEA
30 reauthorization, shall continue to educate school districts on how to
31 implement a birth-to-three program and review the cost effectiveness
32 and learning benefits of early intervention.

33 (18) A school district may carry over from one year to the next
34 year up to 10 percent of the general fund--state funds allocated under
35 this program; however, carryover funds shall be expended in the special
36 education program.

37 (19) \$262,000 of the general fund--state appropriation for fiscal
38 year 2008 and \$251,000 of the general fund--state appropriation for

fiscal year 2009 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

34 and 44.44 RCW shall be paid from the department of retirement systems
35 expense fund.

1 (2) In order to reimburse the department of retirement systems

4 41.35.010, 41.37.010, or 41.40.010, the sum necessary to defray its
5 proportional share of the entire expense of the administration of the
6 retirement system that the employer participates in during the ensuing
7 biennium or fiscal year whichever may be required. Such sum is to be
8 computed in an amount directly proportional to the estimated entire
9 expense of the administration as the ratio of monthly salaries of the
10 employer's members bears to the total salaries of all members in the
11 entire system. It shall then be the duty of all such employers to
12 include in their budgets or otherwise provide the amounts so required.

13 (3) The department shall compute and bill each employer, as defined

22 (4) The director may adjust the expense fund contribution rate for
23 each system at any time when necessary to reflect unanticipated costs
24 or savings in administering the department.

25 (5) An employer who fails to submit timely and accurate reports to
26 the department may be assessed an additional fee related to the
27 increased costs incurred by the department in processing the deficient
28 reports. Fees paid under this subsection shall be deposited in the
29 retirement system expense fund.

30 (a) Every six months the department shall determine the amount of
31 an employer's fee by reviewing the timeliness and accuracy of the
32 reports submitted by the employer in the preceding six months. If
33 those reports were not both timely and accurate the department may
34 prospectively assess an additional fee under this subsection.

35 (b) An additional fee assessed by the department under this
36 subsection shall not exceed fifty percent of the standard fee.

37 (c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(3) shall be paid pursuant to subsection (1) of this section.

(7) During the ((2005-2007)) 2007-2009 fiscal biennium, the legislature may transfer from the department of retirement systems' expense fund to the state general fund such amounts as reflect the excess fund balance of the fund.

The allocation shall precede the distribution of the remaining earnings as prescribed under RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a uniform allocation rate based on the appropriations for the treasurer's office.

During the ((2005-2007)) 2007-2009 fiscal biennium, the legislature may transfer from the state treasurer's service fund to the state general fund such amounts as reflect the excess fund balance of the fund.

19 **Sec. 918.** RCW 70.96A.350 and 2003 c 379 s 11 are each amended to
20 read as follows:

21 (1) The criminal justice treatment account is created in the state
22 treasury. Moneys in the account may be expended solely for: (a)
23 Substance abuse treatment and treatment support services for offenders
24 with an addiction or a substance abuse problem that, if not treated,
25 would result in addiction, against whom charges are filed by a
26 prosecuting attorney in Washington state; ~~((and))~~ (b) the provision of
27 drug and alcohol treatment services and treatment support services for
28 nonviolent offenders within a drug court program; and (c) during the
29 2007-2009 biennium, operation of the integrated crisis response and
30 intensive case management pilots contracted with the department of
31 social and health services division of alcohol and substance abuse.
32 Moneys in the account may be spent only after appropriation.

33 (2) For purposes of this section:

34 (a) "Treatment" means services that are critical to a participant's
35 successful completion of his or her substance abuse treatment program,
36 but does not include the following services: Housing other than that

1 provided as part of an inpatient substance abuse treatment program,
2 vocational training, and mental health counseling; and

3 (b) "Treatment support" means transportation to or from inpatient
4 or outpatient treatment services when no viable alternative exists, and
5 child care services that are necessary to ensure a participant's
6 ability to attend outpatient treatment sessions.

7 (3) Revenues to the criminal justice treatment account consist of:
8 (a) Funds transferred to the account pursuant to this section; and (b)
9 any other revenues appropriated to or deposited in the account.

10 (4)(a) For the fiscal biennium beginning July 1, 2003, the state
11 treasurer shall transfer eight million nine hundred fifty thousand
12 dollars from the general fund into the criminal justice treatment
13 account, divided into eight equal quarterly payments. For the fiscal
14 year beginning July 1, 2005, and each subsequent fiscal year, the state
15 treasurer shall transfer eight million two hundred fifty thousand
16 dollars from the general fund to the criminal justice treatment
17 account, divided into four equal quarterly payments. For the fiscal
18 year beginning July 1, 2006, and each subsequent fiscal year, the
19 amount transferred shall be increased on an annual basis by the
20 implicit price deflator as published by the federal bureau of labor
21 statistics.

22 (b) For the fiscal biennium beginning July 1, 2003, and each
23 biennium thereafter, the state treasurer shall transfer two million
24 nine hundred eighty-four thousand dollars from the general fund into
25 the violence reduction and drug enforcement account, divided into eight
26 quarterly payments. The amounts transferred pursuant to this
27 subsection (4)(b) shall be used solely for providing drug and alcohol
28 treatment services to offenders confined in a state correctional
29 facility who are assessed with an addiction or a substance abuse
30 problem that if not treated would result in addiction.

31 (c) In each odd-numbered year, the legislature shall appropriate
32 the amount transferred to the criminal justice treatment account in (a)
33 of this subsection to the division of alcohol and substance abuse for
34 the purposes of subsection (5) of this section.

35 (5) Moneys appropriated to the division of alcohol and substance
36 abuse from the criminal justice treatment account shall be distributed
37 as specified in this subsection. The department shall serve as the
38 fiscal agent for purposes of distribution. Until July 1, 2004, the

1 department may not use moneys appropriated from the criminal justice
2 treatment account for administrative expenses and shall distribute all
3 amounts appropriated under subsection (4)(c) of this section in
4 accordance with this subsection. Beginning in July 1, 2004, the
5 department may retain up to three percent of the amount appropriated
6 under subsection (4)(c) of this section for its administrative costs.

7 (a) Seventy percent of amounts appropriated to the division from
8 the account shall be distributed to counties pursuant to the
9 distribution formula adopted under this section. The division of
10 alcohol and substance abuse, in consultation with the department of
11 corrections, the sentencing guidelines commission, the Washington state
12 association of counties, the Washington state association of drug court
13 professionals, the superior court judges' association, the Washington
14 association of prosecuting attorneys, representatives of the criminal
15 defense bar, representatives of substance abuse treatment providers,
16 and any other person deemed by the division to be necessary, shall
17 establish a fair and reasonable methodology for distribution to
18 counties of moneys in the criminal justice treatment account. County
19 or regional plans submitted for the expenditure of formula funds must
20 be approved by the panel established in (b) of this subsection.

21 (b) Thirty percent of the amounts appropriated to the division from
22 the account shall be distributed as grants for purposes of treating
23 offenders against whom charges are filed by a county prosecuting
24 attorney. The division shall appoint a panel of representatives from
25 the Washington association of prosecuting attorneys, the Washington
26 association of sheriffs and police chiefs, the superior court judges'
27 association, the Washington state association of counties, the
28 Washington defender's association or the Washington association of
29 criminal defense lawyers, the department of corrections, the Washington
30 state association of drug court professionals, substance abuse
31 treatment providers, and the division. The panel shall review county
32 or regional plans for funding under (a) of this subsection and grants
33 approved under this subsection. The panel shall attempt to ensure that
34 treatment as funded by the grants is available to offenders statewide.

35 (6) The county alcohol and drug coordinator, county prosecutor,
36 county sheriff, county superior court, a substance abuse treatment
37 provider appointed by the county legislative authority, a member of the
38 criminal defense bar appointed by the county legislative authority,

1 and, in counties with a drug court, a representative of the drug court
2 shall jointly submit a plan, approved by the county legislative
3 authority or authorities, to the panel established in subsection (5)(b)
4 of this section, for disposition of all the funds provided from the
5 criminal justice treatment account within that county. The funds shall
6 be used solely to provide approved alcohol and substance abuse
7 treatment pursuant to RCW 70.96A.090 and treatment support services.
8 No more than ten percent of the total moneys received under subsections
9 (4) and (5) of this section by a county or group of counties
10 participating in a regional agreement shall be spent for treatment
11 support services.

12 (7) Counties are encouraged to consider regional agreements and
13 submit regional plans for the efficient delivery of treatment under
14 this section.

15 (8) Moneys allocated under this section shall be used to
16 supplement, not supplant, other federal, state, and local funds used
17 for substance abuse treatment.

18 (9) Counties must meet the criteria established in RCW
19 2.28.170(3)(b).

20 **Sec. 919.** RCW 70.105D.070 and 2007 c 341 s 30 are each amended to
21 read as follows:

22 (1) The state toxics control account and the local toxics control
23 account are hereby created in the state treasury.

24 (2) The following moneys shall be deposited into the state toxics

26 imposed under RCW 82.21.030 and which are attributable to that portion
27 of the rate equal to thirty-three one-hundredths of one percent; (b)
28 the costs of remedial actions recovered under this chapter or chapter
29 70.105A RCW; (c) penalties collected or recovered under this chapter;
30 and (d) any other money appropriated or transferred to the account by
31 the legislature. Moneys in the account may be used only to carry out

18 (xi) Public funding to assist potentially liable persons to pay for
19 the costs of remedial action in compliance with cleanup standards under
20 RCW 70.105D.030(2)(e) but only when the amount and terms of such
21 funding are established under a settlement agreement under RCW
22 70.105D.040(4) and when the director has found that the funding will
23 achieve both (A) a substantially more expeditious or enhanced cleanup
24 than would otherwise occur, and (B) the prevention or mitigation of
25 unfair economic hardship; and

26 (xii) Development and demonstration of alternative management
27 technologies designed to carry out the top two hazardous waste
28 management priorities of RCW 70.105.150.

29 (3) The following moneys shall be deposited into the local toxics
30 control account: Those revenues which are raised by the tax imposed
31 under RCW 82.21.030 and which are attributable to that portion of the
32 rate equal to thirty-seven one-hundredths of one percent.

33 (a) Moneys deposited in the local toxics control account shall be
34 used by the department for grants or loans to local governments for the
35 following purposes in descending order of priority:

2 70.95I, and 70.105 RCW;

3 (iv) Funds for a program to assist in the assessment and cleanup of
4 sites of methamphetamine production, but not to be used for the initial
5 containment of such sites, consistent with the responsibilities and
6 intent of RCW 69.50.511; and

7 (v) Cleanup and disposal of hazardous substances from abandoned or
8 derelict vessels, defined for the purposes of this section as vessels
9 that have little or no value and either have no identified owner or
10 have an identified owner lacking financial resources to clean up and
11 dispose of the vessel, that pose a threat to human health or the
12 environment.

13 (b) Funds for plans and programs shall be allocated consistent with
14 the priorities and matching requirements established in chapters
15 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that
16 is a Puget Sound partner, as defined in RCW 90.71.010, along with any
17 project that is referenced in the action agenda developed by the Puget
18 Sound partnership under RCW 90.71.310, shall, except as conditioned by
19 RCW 70.105D.120, receive priority for any available funding for any
20 grant or funding programs or sources that use a competitive bidding
21 process.

22 (c) Funds may also be appropriated to the department of health to
23 implement programs to reduce testing requirements under the federal
24 safe drinking water act for public water systems. The department of
25 health shall reimburse the account from fees assessed under RCW

27 (4) Except for unanticipated receipts under RCW 43.79.260 through
28 43.79.282, moneys in the state and local toxics control accounts may be
29 spent only after appropriation by statute.

30 (5) One percent of the moneys deposited into the state and local
31 toxics control accounts shall be allocated only for public
32 participation grants to persons who may be adversely affected by a
33 release or threatened release of a hazardous substance and to not-for-
34 profit public interest organizations. The primary purpose of these
35 grants is to facilitate the participation by persons and organizations
36 in the investigation and remedying of releases or threatened releases
37 of hazardous substances and to implement the state's solid and
38 hazardous waste management priorities. However, during the 1999-2001

1 fiscal biennium, funding may not be granted to entities engaged in
2 lobbying activities, and applicants may not be awarded grants if their
3 cumulative grant awards under this section exceed two hundred thousand
4 dollars. No grant may exceed sixty thousand dollars. Grants may be
5 renewed annually. Moneys appropriated for public participation from
6 either account which are not expended at the close of any biennium
7 shall revert to the state toxics control account.

8 (6) No moneys deposited into either the state or local toxics

10 studies, construction, maintenance, or operation, or, after January 1,
11 2010, for projects designed to address the restoration of Puget Sound,
12 funded in a competitive grant process, that are in conflict with the
13 action agenda developed by the Puget Sound partnership under RCW
14 90.71.310.

15 (7) The department shall adopt rules for grant or loan issuance and
16 performance.

17 (8) During the 2007-2009 fiscal biennium, the local toxics control
18 account may also be used for a standby rescue tug at Neah Bay.

19 **Sec. 920.** RCW 70.105D.070 and 2007 c 446 s 2 are each amended to

23 (2) The following moneys shall be deposited into the state toxics
24 control account: (a) Those revenues which are raised by the tax
25 imposed under RCW 82.21.030 and which are attributable to that portion
26 of the rate equal to thirty-three one-hundredths of one percent; (b)
27 the costs of remedial actions recovered under this chapter or chapter
28 70.105A RCW; (c) penalties collected or recovered under this chapter;
29 and (d) any other money appropriated or transferred to the account by
30 the legislature. Moneys in the account may be used only to carry out
31 the purposes of this chapter, including but not limited to the
32 following activities:

33 (i) The state's responsibility for hazardous waste planning,
34 management, regulation, enforcement, technical assistance, and public
35 education required under chapter 70.105 RCW;

36 (ii) The state's responsibility for solid waste planning,

8 (vi) State government programs for the safe reduction, recycling,
9 or disposal of hazardous wastes from households, small businesses, and
10 agriculture;

11 (vii) Hazardous materials emergency response training;

12 (viii) Water and environmental health protection and monitoring
13 programs;

14 (ix) Programs authorized under chapter 70.146 RCW;

15 (x) A public participation program, including regional citizen
16 advisory committees;

17 (xi) Public funding to assist potentially liable persons to pay for
18 the costs of remedial action in compliance with cleanup standards under
19 RCW 70.105D.030(2)(e) but only when the amount and terms of such
20 funding are established under a settlement agreement under RCW
21 70.105D.040(4) and when the director has found that the funding will
22 achieve both (A) a substantially more expeditious or enhanced cleanup
23 than would otherwise occur, and (B) the prevention or mitigation of
24 unfair economic hardship; and

25 (xii) Development and demonstration of alternative management
26 technologies designed to carry out the hazardous waste management
27 priorities of RCW 70.105.150.

28 (3) The following moneys shall be deposited into the local toxics
29 control account: Those revenues which are raised by the tax imposed
30 under RCW 82.21.030 and which are attributable to that portion of the
31 rate equal to thirty-seven one-hundredths of one percent.

32 (a) Moneys deposited in the local toxics control account shall be
33 used by the department for grants or loans to local governments for the
34 following purposes in descending order of priority: (i) Remedial
35 actions; (ii) hazardous waste plans and programs under chapter 70.105
36 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C,
37 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the
38 assessment and cleanup of sites of methamphetamine production, but not

1 to be used for the initial containment of such sites, consistent with
2 the responsibilities and intent of RCW 69.50.511; and (v) cleanup and
3 disposal of hazardous substances from abandoned or derelict vessels
4 that pose a threat to human health or the environment. For purposes of
5 this subsection (3)(a)(v), "abandoned or derelict vessels" means
6 vessels that have little or no value and either have no identified
7 owner or have an identified owner lacking financial resources to clean
8 up and dispose of the vessel. Funds for plans and programs shall be
9 allocated consistent with the priorities and matching requirements
10 established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During
11 the 1999-2001 fiscal biennium, moneys in the account may also be used
12 for the following activities: Conducting a study of whether dioxins

14 applications for registration of fertilizers; and conducting a study of
15 plant uptake of metals. During the 2005-2007 fiscal biennium, the
16 legislature may transfer from the local toxics control account to the
17 state toxics control account such amounts as specified in the omnibus
18 capital budget bill. During the 2005-2007 fiscal biennium, moneys in
19 the account may also be used for grants to local governments to
20 retrofit public sector diesel equipment and for storm water planning
21 and implementation activities.

22 (b) Funds may also be appropriated to the department of health to
23 implement programs to reduce testing requirements under the federal
24 safe drinking water act for public water systems. The department of
25 health shall reimburse the account from fees assessed under RCW
26 70.119A.115 by June 30, 1995.

27 (c) To expedite cleanups throughout the state, the department shall
28 partner with local communities and liable parties for cleanups. The
29 department is authorized to use the following additional strategies in
30 order to ensure a healthful environment for future generations:

31 (i) The director may alter grant-matching requirements to create
32 incentives for local governments to expedite cleanups when one of the
33 following conditions exists:

34 (A) Funding would prevent or mitigate unfair economic hardship
35 imposed by the clean-up liability;

36 (B) Funding would create new substantial economic development,
37 public recreational, or habitat restoration opportunities that would
38 not otherwise occur; or

1 (C) Funding would create an opportunity for acquisition and
2 redevelopment of vacant, orphaned, or abandoned property under RCW
3 70.105D.040(5) that would not otherwise occur;

4 (ii) The use of outside contracts to conduct necessary studies;

5 (iii) The purchase of remedial action cost-cap insurance, when
6 necessary to expedite multiparty clean-up efforts.

7 (4) Except for unanticipated receipts under RCW 43.79.260 through
8 43.79.282, moneys in the state and local toxics control accounts may be
9 spent only after appropriation by statute.

10 (5) One percent of the moneys deposited into the state and local
11 toxics control accounts shall be allocated only for public
12 participation grants to persons who may be adversely affected by a
13 release or threatened release of a hazardous substance and to not-for-
14 profit public interest organizations. The primary purpose of these
15 grants is to facilitate the participation by persons and organizations
16 in the investigation and remedying of releases or threatened releases
17 of hazardous substances and to implement the state's solid and
18 hazardous waste management priorities. However, during the 1999-2001
19 fiscal biennium, funding may not be granted to entities engaged in
20 lobbying activities, and applicants may not be awarded grants if their
21 cumulative grant awards under this section exceed two hundred thousand
22 dollars. No grant may exceed sixty thousand dollars. Grants may be
23 renewed annually. Moneys appropriated for public participation from
24 either account which are not expended at the close of any biennium
25 shall revert to the state toxics control account.

26 (6) No moneys deposited into either the state or local toxics
27 control account may be used for solid waste incinerator feasibility
28 studies, construction, maintenance, or operation.

29 (7) The department shall adopt rules for grant or loan issuance and
30 performance.

31 (8) During the 2005-2007 fiscal biennium, the legislature may
32 transfer from the state toxics control account to the water quality
33 account such amounts as reflect the excess fund balance of the fund.

34 (9) During the 2007-2009 fiscal biennium, the local toxics control
35 account may also be used for a standby rescue tug at Neah Bay.

37 retrofit public sector diesel equipment and for storm water planning
38 and implementation activities.

1 (b) Funds may also be appropriated to the department of health to
2 implement programs to reduce testing requirements under the federal
3 safe drinking water act for public water systems. The department of
4 health shall reimburse the account from fees assessed under RCW
5 70.119A.115 by June 30, 1995.

6 (4) Except for unanticipated receipts under RCW 43.79.260 through
7 43.79.282, moneys in the state and local toxics control accounts may be
8 spent only after appropriation by statute.

9 (5) One percent of the moneys deposited into the state and local
10 toxics control accounts shall be allocated only for public
11 participation grants to persons who may be adversely affected by a
12 release or threatened release of a hazardous substance and to not-for-
13 profit public interest organizations. The primary purpose of these
14 grants is to facilitate the participation by persons and organizations
15 in the investigation and remedying of releases or threatened releases
16 of hazardous substances and to implement the state's solid and
17 hazardous waste management priorities. However, during the 1999-2001
18 fiscal biennium, funding may not be granted to entities engaged in
19 lobbying activities, and applicants may not be awarded grants if their
20 cumulative grant awards under this section exceed two hundred thousand
21 dollars. No grant may exceed sixty thousand dollars. Grants may be
22 renewed annually. Moneys appropriated for public participation from
23 either account which are not expended at the close of any biennium
24 shall revert to the state toxics control account.

25 (6) No moneys deposited into either the state or local toxics
26 control account may be used for solid waste incinerator feasibility
27 studies, construction, maintenance, or operation.

28 (7) The department shall adopt rules for grant or loan issuance and
29 performance.

30 (8) During the 2007-2009 fiscal biennium, the local toxics control

31 outcome measures identified in RCW 74.08A.410 that are within the
32 funding constraints in this section. Specifically, the department
33 shall implement strategies that will cause the number of cases in the
34 program authorized in RCW 74.08A.200 through 74.08A.330 and 43.330.145
35 and chapter 74.12 RCW to decrease by at least fifteen percent during
36 the 1997-99 biennium and by at least five percent in the subsequent
37 biennium. The department may transfer appropriation authority between

1 funding categories within the economic services program in order to
2 carry out the requirements of this subsection.

3 (4) The department shall monitor expenditures against the
4 appropriation levels provided for in subsection (1) of this section.
5 The department shall quarterly make a determination as to whether
6 expenditure levels will exceed available funding and communicate its
7 finding to the legislature. If the determination indicates that
8 expenditures will exceed funding at the end of the fiscal year, the
9 department shall take all necessary actions to ensure that all services
10 provided under this chapter shall be made available only to the extent
11 of the availability and level of appropriation made by the legislature.

33 treasury. Money in the account may be spent only after appropriation.
34 Expenditures from the account may be used only for deposit into the
35 student achievement fund and for expanding access to higher education
36 through funding for new enrollments and financial aid, and other

1 educational improvement efforts. During the 2007-2009 fiscal biennium,
2 moneys in the account may also be transferred into the state general
3 fund.

34 including measurable outcomes for each goal and objective specifically
35 describing what will be achieved, how it will be quantified, and how
36 progress towards outcomes will be measured. The action agenda shall

9 completing the necessary strategies and actions, and potential sources
10 of funding;

19 science work plan created in RCW 90.71.290.

20 (2) In developing the action agenda and any subsequent revisions,
21 the council shall, when appropriate, incorporate the following:

22 (a) Water quality, water quantity, sediment quality, watershed,
23 marine resource, and habitat restoration plans created by governmental
24 agencies, watershed groups, and marine and shoreline groups. The
25 council shall consult with the board in incorporating these plans;

26 (b) Recovery plans for salmon, orca, and other species in Puget
27 Sound listed under the federal endangered species act;

30 agencies;

31 (d) Appropriate portions of the Puget Sound water quality
32 management plan existing on July 1, 2007.

33 (3) Until the action agenda is adopted, the existing Puget Sound
34 management plan and the 2007-09 Puget Sound biennial plan shall remain
35 in effect. The existing Puget Sound management plan shall also
36 continue to serve as the comprehensive conservation and management plan

(4) The council shall adopt the action agenda by (~~September~~) December 1, 2008. The council shall revise the action agenda as needed, and revise the implementation strategies every two years using an adaptive management process informed by tracking actions and monitoring results in Puget Sound. In revising the action agenda and the implementation strategies, the council shall consult the panel and the board and provide opportunity for public review and comment. Biennial updates shall:

21 consistent with the action agenda; and

22 (f) An identification of all funds provided to the partnership, and
23 recommendations as to how future state expenditures for all entities,
24 including the partnership, could better match the priorities of the
25 action agenda.

26 (4)(a) The council shall review state programs that fund facilities

(iii) Assessing methods for ensuring that the goals and priorities of the action agenda are given priority when program funding decisions are made regarding water quality-related projects and activities in the Puget Sound basin and habitat-related projects and activities in the Puget Sound basin;

(iv) Modifying funding criteria so that projects, programs, and activities that are inconsistent with the action agenda are ineligible for funding;

(v) Assessing ways to incorporate a strategic funding approach for the action agenda within the outcome-focused performance measures required by RCW 43.41.270 in administering natural resource-related and environmentally based grant and loan programs.
