**2009 Regular Session**

By House Capital Budget (originally sponsored by Representatives Dunshee, Warnick, and Ormsby; by request of Governor Gregoire)

READ FIRST TIME 04/06/09.

AN ACT Relating to the capital budget; making appropriations and authorizing expenditures for capital improvements; amending RCW 28B.15.210, 28B.15.310, 28B.35.370, 28B.50.360, 43.63A.125, 79.17.010, 79.17.020, 43.99N.060, 28A.335.210, 28B.10.027, and 43.17.200; amending 2008 c 328 ss 6001, 1004, 3003, 3006, 3008, and 3010 (uncodified); amending 2007 c 520 ss 2020, 2023, 2046, 2085, 2083, 2084, 3026, 3042, 3022, 3041, 3135, and 5137 (uncodified); creating new sections; repealing 2007 c 520 s 6006 (uncodified); providing an effective date; providing expiration dates; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

**NEW SECTION. Sec. 1** (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2011, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2010" or "FY 2010" means the fiscal year ending June 30, 2010.

(b) "Fiscal year 2011" or "FY 2011" means the fiscal year ending June 30, 2011.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

Housing Assistance, Weatherization, and Affordable Housing (20074009)

The reappropriations in this section are subject to the following conditions and limitations:  
(1) Up to \$9,000,000 of the reappropriations are provided solely for weatherization

administered through the energy matchmakers program.

(2) Up to \$5,000,000 of the reappropriations are provided solely to promote development of safe and affordable housing units for persons eligible for services from the division of developmental disabilities within the department of social and health services.

(3) Up to \$2,500,000 of the reappropriations are provided solely for grants to nonprofit organizations and public housing authorities for revolving loan, self-help housing programs for low and moderate income families.

(4) Up to \$1,000,000 of the reappropriations are provided solely for shelters, transitional housing, or other housing facilities for victims of domestic violence.

(5) Up to \$5,000,000 of the reappropriations are provided solely for the development of emergency shelters and transitional housing opportunities for homeless families with children.

(6) Up to \$1,500,000 of the reappropriations are provided solely for the development of housing for low-income or homeless Native Americans. The department shall work with Native American tribes, not-for-profit organizations with experience in serving Native American populations, and Native American housing development organizations to prioritize projects located in the areas of highest identified need.

(7) Up to \$4,000,000 of the reappropriations are provided solely for loans and grants to eligible organizations to purchase manufactured/mobile home communities with the intent of preserving the communities for affordable housing.

(8) Up to \$10,000,000 of the reappropriations are for the creation and development of low-income housing within areas declared disasters by the governor after November 2007.

(9) Up to \$2,000,000 of the reappropriation from the state taxable building construction account is provided solely for the development or preservation of farmworker housing for migrant and seasonal farmworkers located on private farms. This reappropriation is subject to appropriate agreements to protect the public investment. Any of this reappropriation that is not obligated by June 30, 2009, shall be added to the amount appropriated for the general pool of projects.

(10) The reappropriations in this section from the state building construction account shall be distributed as grants.

(11) Up to \$250,000 of the reappropriation from the Washington housing trust account is provided solely to the city of Burien for housing related purposes.

(12) The reappropriations in this section shall not be used for the administrative costs of the department. The amount of the reappropriations shall be included in the calculation of annual funds available for determining the administrative costs authorized under RCW 43.185.050.

(13) Within available funding provided in this section, the department shall prepare an inventory of housing assistance programs. The inventory shall include all state funded programs, the housing finance commission programs, all programs funded by local governments and housing authorities, including a description of expenditures from fees and taxes specifically authorized by state law for housing assistance and homeless programs, all property tax and sales tax provisions that are intended to support housing assistance programs, and all federally funded housing assistance programs provided in the state. The inventory shall include a description of the program, biennial appropriation and expenditure levels since the 1999-2001 biennium through the 2007-2009 biennium, a description of eligibility criteria and the amount of benefit provided per unit or per family, and the number of units or families assisted. The department shall coordinate with the joint legislative audit and review committee to reduce duplicative efforts that may be required by legislation.

(14)(a) Up to \$10,000,000 of the reappropriations are provided solely for the department to contract with the Washington state housing finance commission to provide grants or loans to eligible organizations, described under RCW 43.185A.040, to purchase land or real property for affordable housing and community facilities preservation or development in rapidly gentrifying neighborhoods, redevelopment areas, or communities with a significant low-income population that is threatened with displacement by such gentrification. Loans or grants may be made to purchase land or real property for the preservation or development of affordable housing or community facilities, including reasonable costs and fees. The Washington state housing finance commission's review and evaluation of projects for loans and grants must include, but is not limited to the following: (i) Consideration of mobile home parks facing closure; (ii) properties in neighborhoods in King county that are facing gentrification or redevelopment; and (iii) properties located in the city of Spokane that are facing the threat of displacing low-income tenants due to the loss of affordable housing rental units. The Washington state housing finance commission, with approval from the department, may adopt guidelines and requirements that are necessary to administer the affordable housing and community facilities rapid response program. A loan recipient must preserve affordable rental housing acquired or developed under this section as affordable housing for a minimum of thirty years. Interest rates on loans made under this section may be as low as zero percent but may not exceed three percent. All loan repayments must be deposited into the Washington housing trust account and accounted for separately from other funds in the account.

(b) By December 1, 2009, the Washington state housing finance commission shall report to the department and the appropriate committees of the legislature: (i) The number of loans that were made in the program; (ii) for what purposes the loans were made; (iii) to whom the loans were made; and (iv) when the loans are expected to be paid back.

(15) Up to \$10,000,000 of the reappropriations are for the department to contract with the Washington state housing finance commission to administer the facilitation of nonprofit entities' use of tax-exempt multifamily bonds issued by the Washington state housing finance commission.

(16)(a) Up to \$100,000 of the reappropriation from the Washington housing trust account is provided solely for the department to work in consultation with the affordable housing advisory board and representatives from nonprofit housing development organizations and affordable housing advocacy groups in the state to:

(i) Identify and analyze all costs associated with affordable housing development projects financed through the Washington housing trust fund under chapters 43.185 and 43.185A RCW, which may include, but are not limited to, costs associated with legal and architectural services, permitting and impact fees, land acquisition, and general construction costs;

(ii) Make recommendations for strategies, which must include recommendations for changes to public policy and department procedures, to reduce the costs identified in (a)(i) of this subsection; and

(iii) Make recommendations for potential performance measures appropriate for each strategy identified.

(b) In developing recommendations for strategies to reduce costs, the department shall analyze and address the fiscal impact of public policies of the state and of local governments, Washington housing trust fund policies, and general market forces on affordable housing development.

(c) The department shall report its findings and recommendations to the governor and to the

appropriate committees of the legislature by September 30, 2009.

Innovation Partnership Zones (20082003)

The reappropriation in this section is subject to the following conditions and limitations: The state will designate unique areas of the state as innovation partnership zones, where globally competitive companies, research institutions, and advanced training are creating special competitive advantages for the state. From among the innovation partnership zones, using a competitive process based on need, estimated economic impact, geographic diversity, and local matches, six zones or projects will be selected to receive funding. The reappropriation in this section is provided solely for shared telecommunications within the zone, shared infrastructure and facilities, long-term capital purchases, and up to 10 percent for zone administration through the locally-designated innovation partnership zone administrator. It is the intent of the legislature

that innovation partnership zone grants should consider the commercialization of inventions and innovations.

Community Schools Program (20084856)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The reappropriation is provided solely for the acquisition, rehabilitation, expansion, or improvement of surplus school buildings to be converted into community facilities for the delivery of nonresidential coordinated services for children and families.

(2) Eligible applicants include local governments, nonprofit organizations, nonprofit early learning providers, and tribal governments. Only the following surplus schools may be eligible for grant funding under this section: (a) Allen school; (b) Crown Hill school; (c) Fauntleroy school; (d) University Heights school; (e) Martin Luther King elementary school; and (f) Lincoln high school north wing.

(3) As part of the grant process, applicants must submit a comprehensive plan for the use of the surplus school that includes information on the following:

(a) A list of partner entities that will assist the lead eligible applicant to provide or coordinate services for children and families;

(b) A memorandum of understanding between the lead eligible applicant and each partner; and

(c) An examination of capital and operating funding sources that applicants intend to apply to the project and coordinated services at each school to be served, whether such funding is derived from grants under this section or from other federal, state, local, or private sources.

(4) Project applicants must demonstrate that the proposed project is ready to proceed, will make timely use of the funds, and requires state funding to accomplish a discrete, usable phase of the project that may include acquisition.

(5) If grant funds under this subsection are used for the acquisition of surplus school facilities, the sale proceeds must be used by the local school board disposing of such property for renovation, replacement, or new construction of school facilities in the district, but shall not be used as local match for projects receiving state school construction assistance grants.

(6) In contracts for grants authorized under this subsection, the department shall include provisions that require that capital improvements must be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities must be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

Temporary Public Works Grant Program (92000021)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for grants for the specified public works projects and competitive public works grant programs specified below. The public works board (board) shall administer the following competitive public works grant programs within the amounts specified, provided that up to ten percent of the amounts provided for competitive grant programs may be transferred to other competitive grant categories if acceptable applications for any category do not total the amount available.

(1) \$9,531,000 is provided solely for a competitive public works grant program for local governments serving communities in rural counties as defined in RCW 43.160.020. The board shall prioritize applications for funding for this small community jobs program based on the following criteria:

- (a) The unemployment rate of the community;
- (b) The ability of the applicant to complete the project promptly; and
- (c) The value the project presents to the community in lasting improvements to public safety, environmental quality, recreation and community life, or economic development.

(2) \$9,531,000 is provided solely for a competitive public works grant program for local governments serving high density urban communities. The board shall prioritize applications for funding from this urban vitality program based on the following criteria:

- (a) The proposed project's ability to decrease the per capita vehicle miles driven in the community by increasing access to mass transit, supporting residential density in proximity to employment opportunities, and improving the safety and appeal of walking and biking in a community;
- (b) The ability of the applicant to complete the project promptly; and
- (c) The local support for the project as indicated by the level of local matching funds devoted to the project. Local matching funds do not include funds from other state sources.

(3) The state taxable building construction account--state appropriation is provided solely for emergency loans under RCW 43.155.065.

(4) \$23,535,000 is provided solely for the following list of projects. The appropriation for Airway Heights wastewater treatment plant is contingent upon a capacity agreement with the Kalispel Tribe that precludes the need to build multiple wastewater treatment facilities on the West Plains. If any project on the following list is unable to show reasonable progress towards accomplishing the intended project by December 31, 2010, the board may transfer the amount

allocated for the project to the competitive grant categories in subsections (1) and (2) of this section.

**NEW SECTION. Sec. 1091 FOR THE DEPARTMENT OF ARCHAEOLOGY AND HISTORIC PRESERVATION**

Historical Courthouse Rehabilitation (20082851)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The reappropriation is provided solely for courthouse protection and preservation, including character defining architectural features, general repairs, system upgrades, payments for renovation completed since January 1, 2006, and improvements to access and accommodations for persons with disabilities. All rehabilitation work must comply with the secretary of interior's standards for rehabilitation. Grants may not be used for expenditures for courthouse maintenance. Only counties with historic courthouses that continue to maintain county functions are eligible for grants. Counties receiving grants shall provide an equal amount of matching funds from public or private sources. The department shall use up to two percent of the appropriation for program administration.

(2) The society shall continue to use the revised eligibility criteria and grant application process that includes the review of projects selected for funding by the courthouse advisory committee. Those projects chosen for funding shall undergo a review by the department of general administration's barrier free program to ensure that they meet Americans with disabilities act standards and accessibility and all other Americans with disabilities act requirements are maintained during the construction. The existing historic courthouse advisory committee shall continue to review grant applications and make funding recommendations to the state historic preservation officer.

(3) The society and the courthouse advisory committee shall include readiness to proceed when developing the priority list of projects to fund.

Convention Center Expansion (91000001)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the state convention and trade center corporation, after July 1, 2010, for the convention place station expansion including the planning, environmental studies, design, preparation of construction plans and specifications, exploration of potential codevelopment, bidding and contingent construction contracting, and other activities for the expansion. By December 1, 2009, the state convention and trade center corporation shall submit to the office of financial management and the fiscal committees of the legislature, a study of the feasibility and a proposal for the long-term financing of expansion of the state convention center. The study shall include a description by the state treasurer's office of options for financing the convention center expansion without the use of bonds subject to the state constitutional limit on debt service payments with the estimated annual debt service payments for those options. The report shall also include a forecast by the office of financial management of revenues that are intended to support debt service payments for the convention center expansion.

(2) The convention and trade center corporation shall work with labor and business stakeholders from the hospitality industry to develop a plan that must include the following elements: (a) Recommendations on how to best achieve the creation of full-time, stable, living wage jobs in the hospitality/hotel industry resulting from the convention place station expansion; (b) ways to recruit local residents and members of communities experiencing high unemployment for the new jobs created; (c) a process to promote positive labor relations in order to protect the government's financial investment and to avoid disruptions of the convention center operations and of businesses supporting the convention center and its visitors; and (d) a competitive bidding process for the selection of a hotel developer and operator in potential public/private hotel partnerships. The report must be submitted with the feasibility study, required in this subsection, to the office of financial management and the fiscal committees of the legislature.

The reappropriations in this section are subject to the following conditions and limitations:

- (1) The department must give priority loan funding consideration to on-site septic system rehabilitation and replacement programs in Mason, Kitsap, and Jefferson counties for up to \$1,000,000 from the water pollution control revolving account--state in the second year of the funding cycle.
- (2) Up to \$5,000,000 of the water pollution control revolving account--state reappropriation is for loans for on-site sewage replacement. This reappropriation may be used to: (a) Establish new or expand existing on-site sewage repair and replacement loan programs by county governments

or tribes; or (b) develop a pilot program to administer an on-site sewage repair and replacement loan program through a qualified private or nonprofit lending institution. This reappropriation must be used in conjunction with water quality capital account--state reappropriation in section 3015 of this act provided solely for this purpose. The department must work with the department of health, the Puget Sound water quality action team, local governments, and the lending industry in developing and piloting this program.

Watershed Plan Implementation and Flow Achievement (20084029)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is provided solely for grants for projects that improve water supplies and help achieve instream flows by implementing watershed plans, as follows:

- (1) Surface or ground water storage projects, where such projects are consistent with the recommendations of the water storage task force. The department shall consult the departments of agriculture and fish and wildlife before issuing water storage grants.
- (2) Infrastructure or water management projects that resolve conflicts among water needs for municipal, agricultural, rural, and fish restoration purposes. The stream flow improvements and other public benefits secured from these projects must be commensurate with the investment of state funds.
- (3) Agricultural water supply projects that improve water conservation and water use efficiency.
- (4) Purchase and installation of water measuring devices in salmon critical basins and areas participating in the department of fish and wildlife fish screening and cooperative compliance program, and basins where watershed plans call for additional water use measurement.
- (5) Acquisition of water to achieve instream flows or to establish water banks. The department must give priority to acquisitions in salmon critical basins. The department must place acquired water into the state's trust water rights program (chapters 90.38 and 90.42 RCW).
- (6) Up to \$200,000 of the reappropriation is provided solely for a portion of the costs of the Ahtanum creek watershed restoration program, including construction of the Pine Hollow reservoir, provided there is agreement among the Yakama nation, Ahtanum irrigation district, and other jurisdictional federal, state, and local agencies and entities to proceed with the environmental impact statement.
- (7) Up to \$560,000 is provided solely for the Chehalis watershed.

(8) Up to \$300,000 is provided solely for a grant to the Nisqually river foundation to support the watershed conservation plan, low-impact development program, and Nisqually river education program.

(9) Up to \$1,200,000 of the reappropriation is provided solely for grants to lead local government entities for planning unit administrative support to watershed planning units. Such grants must be provided only to those entities that have completed, approved plans that are actively being implemented. Grant amounts will range from \$30,000 to \$60,000, based on criteria to be developed by the department. The reappropriation in this section is subject to the following conditions and limitations: The reappropriation in this section is provided solely for the department to conduct a study to determine the number of decertified levees in the state and to identify strategies for recertifying the levees so that they provide optimum protection for the communities protected by the levees. The department must prioritize areas to include in the study based on population and the economic impact of potential flood damage.

The study must include the following components:

- (1) A working group of levee managers to advise and inform the study;
- (2) A technical review of the structural integrity of levee systems;
- (3) An inventory, map, and rate the effectiveness of existing levee systems; and
- (4) The development of strategies and actions needed to improve the existing levee system and to ensure certification by the United States army corps of engineers for one-hundred year flood protection.

The study must be completed and a report provided to the appropriate legislative committees by July 1, 2010.

The appropriation in this section is subject to the following conditions and limitations:

(1) \$2,500,000 of the appropriation is provided solely for the Columbia basin ground water management area ground water hydrologic modeling project. The project shall submit a report to the appropriate committees of the legislature that does the following:

- (a) Describes the physical properties of the aquifer system and the variation of those properties throughout the area of concern,
- (b) Quantifies the rate and location of aquifer recharge and discharge within the subarea,
- (c) Quantifies the water balance for the by land use type,
- (d) Demonstrates with empirical data a viable solution to the observed problems in the area of concern,
- (e) Estimates the quantity of water needed for the solution, and
- (f) Evaluates the physical and legal availability of such water from the Columbia River. The final report must be submitted by June 30, 2011.

(2) \$10,000,000 of the appropriation is provided solely for a grant to repair the Horseshoe Bend levy that protects communities in the Kent valley.

(3) \$150,000 of the appropriation is provided solely for a grant for the King County fire protection district no. 16 to prevent flood damage to the fire station.

(4) \$2,350,000 of the appropriation is provided solely for a competitive grant program for projects that protect communities from flood damage and prepare communities for drought and water shortages. The department shall prioritize applications from communities most at risk to flood damage and drought and who are least able to fund mitigation projects from local resources. The department shall also seek to balance the needs of different regions of the state, and choose projects most ready to proceed.

Washington Wildlife and Recreation Program (20064002)

The reappropriations in this section are subject to the following conditions and limitations:

(1) The reappropriations are provided solely for the approved list of projects in LEAP capital document No. 2005-14 as developed on April 9, 2005.

(2) Funds reappropriated for distribution according to RCW 79A.15.050 must fulfill the uses and restrictions of each category whether the funds are distributed according to the statutory allotment, the unallocated distribution, or a reassignment of reappropriations. If the cumulative total for acquisition projects is less than the statutory requirement, the difference may be allocated to the remaining development projects.

(3) Funds reappropriated for distribution according to the provisions of RCW 79A.15.040(1)(c) must be allocated forty percent to local government projects and sixty percent to state agency projects. If the cumulative total of local government projects is less than forty percent of the total distribution to this category, the difference may be allocated to state agency projects.

Nonhighway and Off-Road Vehicle Program (20064004)

The reappropriation in this section is subject to the following conditions and limitations: Up to \$100,000 of the reappropriation is for the following studies:

(1) The board must prepare cost estimates for creating a database of motorized and nonmotorized off-road trails and facilities in Washington state. The cost estimate shall consider the possibility of a database that allows the downloading of maps formatted for the most widely used global positioning system devices, including the feasibility and cost to make global positioning system maps readily available for all users of Washington recreational lands and facilities. For this purpose, available global positioning system maps shall include global positioning system maps developed by state agencies, by federal agencies, and proprietary maps offered by private companies.

(2) The board must recommend a program for enhanced education and enforcement regarding excessive noise from off-road vehicles. The study must include a review of relevant existing laws and regulations. The recommendations must address the appropriate equipment needed for enforcement, model ordinances, enhanced educational strategies, and a proposed grant program to assist local governments to more effectively reduce the impact of excessive off-road vehicle noise in rural residential neighborhoods and nonresidential areas, including consideration of grant programs for planning departments, code enforcement departments, health departments, or other entities of local government.

Puget Sound Acquisition and Restoration (30000080)

The appropriation in this section is subject to the following conditions and limitations:

- (1) The appropriation is provided solely to protect and restore habitat in Puget Sound with a focus on acquiring and protecting critical habitat and restoring habitat function.
- (2) Only projects on approved watershed three-year work plans or specified in the Puget Sound action agenda are eligible for funding. Projects approved must advance the priorities of the Puget Sound salmon recovery plan, the Hood Canal summer chum plan, or the action agenda.
- (3) The salmon recovery funding board shall award grants pursuant to a prioritized list submitted by the leadership council of the Puget Sound partnership. The list shall be based upon recommendations made by the Puget Sound salmon recovery council and the Hood Canal

coordinating council. The technical review panel of the salmon recovery funding board shall conduct final design review and advise the board on project selection.

(4) The recreation and conservation office shall administer these grants and shall retain three percent for administrative purposes. The partnership and the recreation and conservation office may negotiate an additional amount not to exceed six percent to cover costs incurred by lead entities and the partnership to recruit, review, and prioritize these projects.

(5) An equitable share of the cost of the technical review panel of the salmon recovery funding board shall be paid from this appropriation to conduct final design review and advise the salmon recovery funding board and the partnership of its views on proposed projects.

(6) By September 15, 2010, the Puget Sound partnership leadership council shall submit a list of proposed projects to the office of financial management for the 2011-2013 biennium.

Puget Sound Initiative - Nearshore Salmon Restoration (20062001)

The reappropriations in this section are subject to the following conditions and limitations:

- (1) The reappropriations are provided solely for efforts to restore nearshore habitat and estuaries in Puget Sound. The department of fish and wildlife must focus on restoring natural nearshore processes, including protection and restoration of beach sediments and removal of existing bulkheads.
- (2) The department of fish and wildlife shall provide the Puget Sound partnership, as created by chapter 341, Laws of 2007 the opportunity to review and provide comment on proposed projects and activities recommended for funding. This review must be consistent with the funding schedule for the program.
- (3) Funded projects require a nonstate match or in-kind contributions. The department of fish and wildlife must seek to maximize the amount of nonstate match from local, state, tribal, and federal partners. Individual projects require a minimum 33 percent cash or in-kind match.
- (4) Eligible projects must be within Puget Sound and identified by a salmon recovery lead entity or marine resource committee and identified in a current salmon recovery, watershed, or nearshore habitat restoration and protection plan.
- (5) Project evaluation criteria must be developed by the Puget Sound nearshore steering committee. The criteria must be consistent with the technical guidance developed by the Puget

Sound nearshore science team and shall be coordinated with the salmon recovery funding board to ensure that project funding and matching requirements are maximized to the greatest extent possible.

(6) The department of fish and wildlife must not utilize any amount of these reappropriations to support administration or overhead. Funding to support the administration of the funds and the implementation of selected projects must be obtained from the department of fish and wildlife's operating budget.

(7) In recognition of the urgent need to complete the Puget Sound nearshore ecosystem restoration project general investigation, up to \$1,446,000 of these reappropriations may be used to match federal funds implementing the cost-share agreement between the department and the United States army corps of engineers.

(8) Up to \$2,061,735 of the reappropriations are provided solely for the following projects:

Project	Amount
Duwamish Garden estuary restoration	\$300,000

Voights Creek Hatchery (20081003)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$200,000 of the amount appropriated is provided solely for the repair necessary to restore the facility for limited operations;

(2) \$550,000 of the amount appropriated is provided solely for property acquisition. If the department does not acquire property, the amount provided in this subsection shall lapse; and

(3) \$50,000 of the amount appropriated is provided solely for the department to participate in a work group with the Puyallup Tribe of Indians that will make recommendations no later than December 1, 2009, regarding the options for improving production from hatcheries along the Puyallup river system while reducing cost. Options to be considered include shifting production among the hatcheries, consolidation of hatcheries, and shifting responsibilities for construction, maintenance and operations of hatcheries.

Land Bank (30000050)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for acquisition of working forest lands at risk of conversion to nonforest uses and working natural resource lands that will protect and enhance the value of trust land holdings. The legislature finds that the chronic loss of working forest lands threatens the long-term prospects of the timber products and other natural resource industries, which in turn threatens the long-term economic return for the beneficiaries of state trust lands. Acquisition of these lands is intended to help stabilize the primary source of revenue to trust land beneficiaries. The department shall submit a report to the appropriate committees of the legislature by October 1, 2010, and every two years thereafter, indicating the lands purchased under this section, showing the locations, acres, purchase price, and within that purchase price, the value of the property attributed to the future value of timber harvests given an expected rate of return for timber lands, and the value of the property attributed to future development of the property. It is the intent of the legislature to lease the development rights of these conversion lands and retain them as long-term working natural resource lands under the sustainable harvest plan. Working forest lands acquired under this section shall be managed at a level equal to or greater than seventy-five percent of the expected harvest under the sustainable harvest plan.

**NEW SECTION. Sec. 3203 FOR THE DEPARTMENT OF NATURAL RESOURCES**

Trust Land Transfer (30000066)

The appropriation in this section is subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, housing and essential government services, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2009-2a, developed April 23, 2009.

(2) Property transferred under this section must be appraised and transferred at fair market value. The value of the timber transferred must be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease

payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed one and nine-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the original intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) The department shall execute trust land transfers that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the total value of transferred property is timber value and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers.

(9) \$4,189,000 of the amount appropriated is provided solely for fifty-year leases of development rights from timber lands at risk of conversion to non-timber land uses purchased from appropriations in the 2007-2009 fiscal period.

(10) On June 30, 2011, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction account and the appropriations in this section shall be reduced by an equivalent amount.

Health, Safety, and Small Repair Grants (91000007)

The appropriation in this section is subject to the following conditions and limitations:

- (1) Up to \$3,000,000 of the appropriation is provided solely for nonrecurring costs associated with school facility repairs and renovations necessary for health and safety. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria for providing funding for specific projects to stay within the appropriation level provided in this section. The criteria must include, but are not limited to, the following: (a) Limiting recipient district applications to one hundred thousand dollars per three-year period; (b) limiting districts eligible to receive the grant only once in any three-year period; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facilities needs.
- (2) The appropriation is provided solely for energy operational cost savings and safety and health infrastructure improvements to school facilities initiated after July 1, 2009. The appropriation must be distributed using the performance-based contracting method of delivering energy operational cost savings and safety and health infrastructure improvements to public

facilities, unless the minimal cost or the immediacy of the project makes performance-based contracting impracticable. If the minimal cost or immediacy of the project makes performance-based contracting impracticable, the school district must receive a waiver from the office of the superintendent of public instruction in order to use the appropriation to address safety and health needs.

(3) The superintendent of public instruction must report to the appropriate committees of the legislature and the office of financial management on the timing and use of the funds by the end of each fiscal year, until the funds are fully expended.

(4) \$100,000 of the appropriation is provided solely to the Monroe public schools for retrofitting the Frank Wagner Elementary chimney.

Higher Education Cost Escalation (20082850)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation is provided solely for the state board for community and technical colleges to assist public community and technical colleges to manage unanticipated cost escalation for projects bid during the 2007-09 biennium. Not more than \$750,000 shall be made available to any single project and amounts provided for this purpose must be matched equally from other resources. The state board for community and technical colleges shall manage the distribution of funds to ensure that the requesting college has managed its project within the current

appropriation through preparation of bid documents and that the scope of the project is no greater than was originally specified in the design. Prior to the office of financial management approving use of a minor works appropriation as a match, and its transfer to the project with unanticipated cost escalation, the state board for community and technical colleges shall require the college to describe what it has done to identify and develop alternative resources for a match, and the specific minor works projects that would be deferred as a result of the transfer. The state board for community and technical colleges will report to the office of financial management and the appropriate fiscal committees of the legislature on the use of these funds.

**PART 6  
MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS**

**NEW SECTION. Sec. 6001** (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

**NEW SECTION. Sec. 6002** To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

**NEW SECTION. Sec. 6003** (1) To ensure minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee. All projects must meet the criteria included in subsection (2)(a) of this section. Revisions to the lists must be filed with the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee and include an explanation of variances from the prior lists before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. These projects can

generally be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) It is generally not the intent of the legislature to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

**NEW SECTION. Sec. 6004** (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the

operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

**NEW SECTION. Sec. 6005** (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

**NEW SECTION. Sec. 6006** State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

**NEW SECTION. Sec. 6007** The department of general administration shall not charge the facility depreciation component of lease charges for nonprofit tenants in the building adjoining Capitol Way and 11th avenue during the 2009-2011 biennium.

**NEW SECTION. Sec. 6008** Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies and higher education institutions shall comply with the requirements set forth in this executive order.

**NEW SECTION. Sec. 6009 ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.** The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or

financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of general administration and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(1) Department of corrections: Enter into a financing contract for up to \$17,958,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase or build work release beds, violator beds, or other community-based re-entry facilities.

(2) Community and technical colleges:

(a) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase up to 40 acres of land.

(b) Enter into a financing contract on behalf of Bellingham Technical College for up to \$1,390,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an instructional resource center.

(c) Enter into a financing contract on behalf of Bellingham Technical College for up to \$28,968,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an instructional resource center. The cost of this financing contract shall be paid from the community and technical colleges capital projects account. This facility shall be eligible for maintenance and operations funding on the same terms as if constructed with state general obligation bonds.

(d) Enter into a financing contract on behalf of Edmonds Community College for up to \$5,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to provide space for allied health and construction industry.

(e) Contingent upon the sale and purchase specified in section 5071 of this act, enter into a financing contract on behalf of Spokane Community College for up to \$3,400,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase the Riverpoint One building.

(f) Enter into a financing contract on behalf of North Seattle Community College for up to \$8,900,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an employment resource center.

(g) Enter into a financing contract on behalf of Everett Community College for up to \$25,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop a student fitness and health center.

(h) Enter into a financing contract on behalf of Wenatchee Valley Community College for up to \$2,700,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase a music and art center.

(i) Enter into a financing contract on behalf of Green River Community College for up to

\$20,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop a 40,000 square foot addition to Green River Kent station.

(j) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the water and environment center.

(k) Enter into a financing contract pursuant to chapter 39.94 RCW on behalf of Green River Community College for up to \$26,532,000 plus financing expenses and required reserves to construct a new classrooms facility as specified in project 20061205. The cost of this financing contract shall be paid from the community and technical colleges capital projects account. This facility shall be eligible for maintenance and operations funding on the same terms as if constructed with state general obligation bonds.

(3) Parks and recreation commission: Enter into a financing contract for up to \$2,500,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the Mount Spokane lodge. The parks and recreation commission shall use energy savings performance contracting if practicable. The lodge shall be operated by a private concessionaire under a contract with the parks and recreation commission that is a qualified management contract under the applicable internal revenue service guidelines.

(4) Department of general administration: Enter into a financing contract for up to \$27,144,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the rehabilitation of the John L. O'Brien building, subject to approval of the project scope by the speaker of the house of representatives and the chief clerk of the house of representatives.

(5) Department of ecology: Enter into a financing contract for up to \$11,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to rebuild the east wall of the department of ecology's headquarters building in Lacey, Washington.

**NEW SECTION. Sec. 6010 PUGET SOUND PROTECTION AND RESTORATION.**

Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations where the Puget Sound partnership finds that a project is not in, or is not consistent with the action agenda Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.

**NEW SECTION. Sec. 6011 FOR THE ARTS COMMISSION--ART WORK ALLOWANCE**

**POOLING.** (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of

art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2009-2011 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. The commission may use up to \$100,000 of this amount to conserve or maintain existing pieces in the state art collection pursuant to chapter 36, Laws of 2005.

**NEW SECTION. Sec. 6012** The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2011-2013 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

**NEW SECTION. Sec. 6013** (1) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2009, from the 2007-2009 biennial appropriations for each project.

(2) "Reappropriations" in sections 5126, 5130, and 5131 of this act shall be reduced in this act to the unexpended balance remaining as of the end of fiscal year 2009 for the 2007-09 biennial appropriations in sections 1085, 1086, and 5145, chapter 520, Laws of 2007.

**NEW SECTION. Sec. 6014** To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

**NEW SECTION. Sec. 6015** If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

**NEW SECTION. Sec. 6016** (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the

expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

**NEW SECTION. Sec. 6017** NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . , Laws of 2009 for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary.

**NEW SECTION. Sec. 6018** The office of financial management, in consultation with the fiscal committees of the legislature, may select capital projects that have completed predesign to undergo a budget evaluation study. The budget evaluation study team approach using value engineering techniques must be utilized by the office of financial management in conducting the studies. The office of financial management shall select the budget evaluation team members, contract for the study, and report the results to the legislature and agencies in a timely manner following the study. Funds from the project appropriation must be used by the office of financial management through an interagency agreement with the affected agencies to cover the cost of the study.

**Sec. 6019** RCW 28B.15.210 and 1985 c 390 s 20 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees at the University of Washington, including building fees to be charged students registering in the schools of medicine and dentistry, shall be paid into the state treasury and credited as follows:

One-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of the bond retirement fund, and in no event shall such one-half be less than twelve dollars and fifty cents per each resident student per quarter, and thirty-seven dollars and fifty cents per each nonresident student per quarter to the "University of Washington bond retirement fund" and the remainder thereof to the "University of Washington building account." The sum so credited to the University of Washington building account shall be used exclusively for the purpose of erecting, altering, maintaining, equipping, or furnishing buildings except for any sums transferred as authorized in RCW 28B.20.725(3). The sum so credited to the University of Washington bond retirement fund shall be used for the payment of principal of and interest on bonds outstanding as provided by chapter 28B.20 RCW except for any sums transferred as authorized in RCW 28B.20.725(5). During the 2009-2011 biennium, sums credited to the University of Washington building account shall also be used for routine facility maintenance and utility costs.

**Sec. 6020** RCW 28B.15.310 and 1985 c 390 s 22 are each amended to read as follows:

Within thirty-five days from the date of collection thereof, all building fees shall be paid into

the state treasury and credited to the Washington State University bond retirement fund, one-half or such larger portion as may be necessary to prevent a default in the payments required to be made out of such bond retirement fund; the remainder thereof to the Washington State University building account.

The sum so credited to the Washington State University building account shall be expended by the board of regents for buildings, equipment, or maintenance on the campus of Washington State University as may be deemed most advisable and for the best interests of the university, except for any sums transferred as authorized by law. During the 2009-2011 biennium, sums credited to the Washington State University building account shall also be used for routine facility maintenance and utility costs. Expenditures so made shall be accounted for in accordance with existing law and shall not be expended until appropriated by the legislature.

The sum so credited to the Washington State University bond retirement fund shall be used to pay and secure the payment of the principal of and interest on building bonds issued by the university, except for any sums which may be transferred out of such fund as authorized by law.

**Sec. 6021** RCW 28B.35.370 and 1991 sp.s. c 13 s 49 are each amended to read as follows:

Within thirty-five days from the date of collection thereof all building fees of each regional university and The Evergreen State College shall be paid into the state treasury and these together with such normal school fund revenues as provided in RCW 28B.35.751 as are received by the state treasury shall be credited as follows:

(1) On or before June 30th of each year the board of trustees of each regional university and The Evergreen State College, if issuing bonds payable out of its building fees and above described normal school fund revenues, shall certify to the state treasurer the amounts required in the ensuing twelve months to pay and secure the payment of the principal of and interest on such bonds. The amounts so certified by each regional university and The Evergreen State College shall be a prior lien and charge against all building fees and above described normal school fund revenues of such institution. The state treasurer shall thereupon deposit the amounts so certified in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The amounts deposited in the respective capital projects accounts shall be used exclusively to pay and secure the payment of the principal of and interest on the building bonds issued by such regional universities and The Evergreen State College as authorized by law. If in any twelve month period it shall appear that the amount certified by any such board of trustees is insufficient to pay and secure the payment of the principal of and interest on the outstanding building and above described normal school fund revenue bonds of its institution, the state treasurer shall notify the board of trustees and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal of and interest on all such bonds then outstanding shall be fully met at all times.

(2) All normal school fund revenue pursuant to RCW 28B.35.751 shall be deposited in the Eastern Washington University capital projects account, the Central Washington University capital projects account, the Western Washington University capital projects account, or The Evergreen State College capital projects account respectively, which accounts are hereby created in the state treasury. The sums deposited in the respective capital projects accounts shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and normal school revenue and for the

construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto except for any sums transferred therefrom as authorized by law. During the 2009-2011 biennium, sums in the respective capital accounts shall also be used for routine facility maintenance and utility costs.

**Sec. 6022** RCW 28B.50.360 and 2005 c 488 s 922 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes. During the 2009-2011 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.

**Sec. 6023** RCW 43.63A.125 and 2008 c 327 s 15 are each amended to read as follows:

(1) The department shall establish the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to solicit, ~~((and))~~ evaluate, and rank applications for the building communities fund program as follows:

(a) The department shall conduct a statewide solicitation of project applications from nonprofit organizations.

(b) The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. To be considered qualified, applicants must demonstrate that the proposed project:

(i) Will increase the range, efficiency, or quality of the services provided to citizens;

(ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;

(iii) Will offer three or more distinct activities that meet a single community service objective or a diverse set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;

(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;

(v) Requires state funding to accomplish a discrete, usable phase of the project;

(vi) Is ready to proceed and will make timely use of the funds;

(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms of the grant agreement and to maintain the project into the future;

(viii) Fills an unmet need for community services;

(ix) Will achieve its stated objectives; and

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c) The evaluation process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project, except, under exceptional circumstances, the department may reduce the amount of nonstate match required. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(d) The department may not set a monetary limit to funding requests.

(e) No more than ten percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant's control, such as a fire or an unanticipated loss of a lease where services are currently provided; a delay that could result in a threat to public health or safety; or instances where a local community could quantifiably demonstrate that they had exhausted all possible fund-raising efforts.

(3) The department shall submit (~~annually~~) biennially to the governor and the legislature in the department's capital budget request (~~an unranked~~) a ranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state capital funding available for all projects on the (~~annual~~) biennial list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to three million dollars may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has

approved a specific list of projects.

(4) In addition to the list of ranked qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantee performance; report project and contract information; and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

**Sec. 6024** RCW 79.17.010 and 2008 c 328 s 6012 are each amended to read as follows:

(1) The department, with the approval of the board, may exchange any state land and any timber thereon for any land of equal value in order to:

- (a) Facilitate the marketing of forest products of state lands;
- (b) Consolidate and block-up state lands;
- (c) Acquire lands having commercial recreational leasing potential;
- (d) Acquire county-owned lands;

(e) Acquire urban property which has greater income potential or which could be more efficiently managed by the department in exchange for state urban lands as defined in RCW 79.19.100; or

(f) Acquire any other lands when such exchange is determined by the board to be in the best interest of the trust for which the state land is held.

(2) Land exchanged under this section shall not be used to reduce the publicly owned forest land base.

(3) The board shall determine that each land exchange is in the best interest of the trust for which the land is held prior to authorizing the land exchange.

(4) During the biennium ending June 30, (~~2009~~) 2011, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the resource management cost account to pay for administrative expenses incurred in carrying out an exchange transaction. These administrative expenses include road maintenance and abandonment expenses. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(5) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

**Sec. 6025** RCW 79.17.020 and 2008 c 328 s 6013 are each amended to read as follows:

(1) The board of county commissioners of any county and/or the mayor and city council or city commission of any city or town and/or the board shall have authority to exchange, each with the other, or with the federal forest service, the federal government or any proper agency thereof and/or with any private landowner, county land of any character, land owned by municipalities of any character, and state forest land owned by the state under the jurisdiction of the department, for real property of equal value for the purpose of consolidating and blocking up the respective land holdings of any county, municipality, the federal government, or the state of Washington or for the purpose of obtaining lands having commercial recreational leasing potential.

(2) During the biennium ending June 30, (~~(2009)~~) 2011, for the purposes of maintaining working farm and forest landscapes or acquiring natural resource lands at risk of development, the department, with approval of the board of natural resources, may exchange any state land and any timber thereon for any land and proceeds of equal value, when it can be demonstrated that the trust fiduciary obligations can be better fulfilled after an exchange is completed. Proceeds may be in the form of cash or services in order to achieve the purposes established in this section. Any cash received as part of an exchange transaction shall be deposited in the forest development account to pay for administrative expenses incurred in carrying out an exchange transaction. The amount of proceeds received from the exchange partner may not exceed five percent of the total value of the exchange. The receipt of proceeds shall not change the character of the transaction from an exchange to a sale.

(3) Prior to executing an exchange under this section, and in addition to the public notice requirements set forth in RCW 79.17.050, the department shall consult with legislative members, other state and federal agencies, local governments, tribes, local stakeholders, conservation groups, and any other interested parties to identify and address cultural resource issues, and the potential of the state lands proposed for exchange to be used for open space, park, school, or critical habitat purposes.

**Sec. 6026** RCW 43.99N.060 and 2008 c 328 s 6017 are each amended to read as follows:

(1) The stadium and exhibition center account is created in the custody of the state treasurer. All receipts from the taxes imposed under RCW 82.14.0494 and distributions under RCW 67.70.240(5) shall be deposited into the account. Only the director of the office of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. An appropriation is not required for expenditures from this account.

(2) Until bonds are issued under RCW 43.99N.020, up to five million dollars per year beginning January 1, 1999, shall be used for the purposes of subsection (3)(b) of this section, all remaining moneys in the account shall be transferred to the public stadium authority, created under RCW 36.102.020, to be used for public stadium authority operations and development of

the stadium and exhibition center.

(3) After bonds are issued under RCW 43.99N.020, all moneys in the stadium and exhibition center account shall be used exclusively for the following purposes in the following priority:

(a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. ~~((For the 2005-2007 biennium, moneys in the account may also be used for a recreation level of service study for local and regional active recreation facilities.))~~ Only the director of the recreation and conservation office or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the recreation and conservation office. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. In the ~~((2007-2009))~~ 2009-2011 biennium, if there are not enough project applications submitted in a category within the account to meet the requirement of equal distribution of funds to each category, the director of the recreation and conservation office may distribute any remaining funds to other categories within the account. The director of the recreation and conservation

office may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes.

**NEW SECTION. Sec. 6027 FOR FUTURE DEVELOPMENT OF FOUR-YEAR HIGHER EDUCATION CAMPUS**

It is the intent of the legislature that the next location for a new campus or branch campus of a four-year state institution of higher education will be in Snohomish county.

*\*Sec. 6028 RCW 28A.335.210 and 2006 c 263 s 327 are each amended to read as follows:*

***(1)** The superintendent of public instruction shall allocate, as a nondeductible item, out of any moneys appropriated for state assistance to school districts for the original construction of any school plant facility the amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission for the acquisition of works of art. The works of art may be placed in accordance with Article IX, sections 2 and 3 of the state Constitution on public lands, integral to or attached to a public building or structure, detached within or outside a public building or structure, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities. The Washington state arts commission shall, in consultation with the superintendent of public instruction, determine the amount to be made available for the purchase of works of art under this section, and payments therefor shall be made in accordance with law. The designation of projects and sites, selection, contracting, purchase, commissioning, reviewing of design, execution and placement, acceptance, maintenance, and sale, exchange, or disposition of works of art shall be the responsibility of the Washington state arts commission in consultation with the superintendent of public instruction and representatives of school district boards of directors. The superintendent of public instruction and the school district board of directors of the districts where the sites are selected shall have the right to:*

*~~((1))~~ **(a)** Waive its use of the one-half of one percent of the appropriation for the acquisition of works of art before the selection process by the Washington state arts commission;*

*~~((2))~~ **(b)** Appoint a representative to the body established by the Washington state arts commission to be part of the selection process with full voting rights;*

*~~((3))~~ **(c)** Reject the results of the selection process;*

*~~((4))~~ **(d)** Reject the placement of a completed work or works of art on school district premises if such works are portable.*

*Rejection at any point before or after the selection process shall not cause the loss of or otherwise endanger state construction funds available to the local school district. Any works of art rejected under this section shall be applied to the provision of works of art under this chapter, at the discretion of the Washington state arts commission, notwithstanding any contract or agreement between the affected school district and the artist involved. In addition to the cost of the works of art the one-half of one percent of the appropriation as provided in this section shall be used to provide for the administration, including conservation of the state art collection, by the Washington state arts commission and all costs for installation of the work of art. For the purpose of this section building shall not include sheds, warehouses, or other buildings of a temporary nature.*

*The executive director of the arts commission, the superintendent of public instruction, and the Washington state school directors association shall appoint a study group to review the*

*operations of the one-half of one percent for works of art under this section.*

**(2) The Washington state arts commission shall restrict the purchase of works of art to artists residing in Washington state.**

*\*Sec. 6028 was vetoed. See message at end of chapter.*

*\*Sec. 6029 RCW 28B.10.027 and 2005 c 36 s 3 are each amended to read as follows:*

**(1) All universities and colleges shall allocate as a nondeductible item, out of any moneys appropriated for the original construction or any major renovation or remodel work exceeding two hundred thousand dollars of any building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission with the approval of the board of regents or trustees for the acquisition of works of art. The works of art may be placed on public lands of institutions of higher education, integral to or attached to a public building or structure of institutions of higher education, detached within or outside a public building or structure of institutions of higher education, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities.**

**(2) In addition to the cost of the works of art, the one-half of one percent of the appropriation shall be used to provide for the administration of the visual arts program, including conservation of the state art collection, by the Washington state arts commission and all costs for installation of the work of art. For the purpose of this section building shall not include sheds, warehouses, and other buildings of a temporary nature.**

**(3) The Washington state arts commission shall restrict the purchase of works of art to artists residing in Washington state.**

*\*Sec. 6029 was vetoed. See message at end of chapter.*

*\*Sec. 6030 RCW 43.17.200 and 2005 c 36 s 4 are each amended to read as follows:*

**(1) All state agencies including all state departments, boards, councils, commissions, and quasi public corporations shall allocate, as a nondeductible item, out of any moneys appropriated for the original construction of any public building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission for the acquisition of works of art. The works of art may be placed on public lands, integral to or attached to a public building or structure, detached within or outside a public building or structure, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities. In addition to the cost of the works of art, the one-half of one percent of the appropriation as provided herein shall be used to provide for the administration of the visual arts program, including conservation of the state art collection, by the Washington state arts commission and all costs for installation of the works of art. For the purpose of this section building shall not include highway construction sheds, warehouses or other buildings of a temporary nature.**

**(2) The Washington state arts commission shall restrict the purchase of works of art to artists residing in Washington state.**

*\*Sec. 6030 was vetoed. See message at end of chapter.*

**Sec. 6031** 2008 c 328 s 6001 (uncodified) is amended to read as follows:

**ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.** The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than

the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of general administration and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(1) Washington state patrol: Enter into a financing contract for up to \$1,360,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to replace the dormitory facility at the Washington state patrol fire training academy in North Bend, Washington.

(2) Department of general administration: Enter into a financing contract for up to \$685,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the preservation of the transportation building.

(3) Department of corrections: Enter into a financing contract for up to \$17,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to provide additional work release beds.

(4) Parks and recreation commission: Enter into a financing contract in an amount not to exceed \$2,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop Cama Beach state park.

(5) Community and technical colleges:

(a) Enter into a financing contract on behalf of Green River Community College for up to \$20,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase Kent Station phase 2.

(b) Enter into a financing contract on behalf of Tacoma Community College for up to \$3,600,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct an early childhood education and learning center.

(c) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase up to 40 acres of land.

(d) Enter into a financing contract on behalf of Columbia Basin College for up to \$300,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an academic support and achievement center.

(e) Enter into a financing contract on behalf of Wenatchee Valley College for up to \$3,347,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop a 72 bed student housing facility.

(f) Enter into a financing contract on behalf of Seattle Central Community College for up to \$3,100,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase property adjacent the main campus.

(6) The Evergreen State College: Enter into a financing contract for up to \$16,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the college activities building renovation.

(7) Washington state convention and trade center: Enter into a financing contract for up to \$58,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase and renovate the museum condominium unit located adjacent to the state convention center. The purchase price shall not exceed fair market value. A purchase agreement with the owner of the unit on the effective date of this section shall include the following requirements:

(a) Upon completion of the purchase of the property, the seller shall retain \$5,750,000 of the sale proceeds in a restricted investment account, reserving such funds for capital costs associated with development of its principal heritage center to be located within the city of Seattle. Principal and accrued earnings in such an account shall be available for expenditure by the seller when the seller or the city of Seattle has executed a construction contract for either a new facility or improvements to an existing structure to serve as the principal heritage center to be operated by the seller within the city; and (b) in the event that the conditions of (a) of this subsection are not met by June 30, 2017, the entire amount in the restricted account shall be transferred to the state general fund and shall represent a recovery of the state's contribution towards the development of the museum. In the event of such a transfer, the rightful ownership of the property by the Washington state convention and trade center shall not be impaired.

(8) Department of information services: Enter into a financing contract for an amount approved by the office of financial management for costs and financing expenses and required reserves pursuant to chapter 39.94 RCW to lease develop or lease purchase a state ~~((general))~~ data center and an office building ~~((and facilities))~~ for the department of information services and other state agency tenants, as determined by the office of financial management, on the state-owned property called "the Wheeler block" in Olympia. The office building~~((s))~~ shall be constructed and financed so that agencies occupancy costs per gross square foot or per employee will not exceed 110 percent of comparable private market rental rates per gross square foot or per employee. The comparable ~~((general))~~ office space rate shall be calculated based on recent Thurston county leases of new space of at least 100,000 rentable square feet ~~((adjusted for known escalation clauses, expected inflation, and differences in the level of service provided by the comparable leases as determined by the department in consultation with the department of general administration. In addition to the department of information services, state agency tenants shall include the consolidation of state patrol offices and general office facilities for small agencies and offices. The department of information services shall design and operate the general office facilities for small agencies and offices as a demonstration of the efficiencies gained from the integration of office space and telecommunications and computer technology. The demonstration project shall provide office space, furniture, telecommunications, and computer technology as a single package. The facility shall be designed so that small agencies and offices can move in and out of the facility without the typical moving expenses that result from individual agency ownership of furniture and technology. The facility for small agencies and offices shall also provide for staffing and space efficiencies resulting from central reception, support services, and spaces. The office of financial management shall certify to the state treasurer: (a) The project description and dollar amount; and (b) that all requirements of this~~

~~subsection (8) have been met~~). Such comparable leases shall be for typical office space with typical office tenant improvements adjusted for known escalation clauses, expected inflation, nontypical tenant improvements or code requirements, leadership in energy and environmental design requirements, nontypical on and off site requirements, infrastructure upgrades, market conditions and differences in the level of service provided by the comparable leases as determined by the department in consultation with the office of financial management. The department of information services shall design and operate the facilities. Should the department of information services choose to use a financing contract that does not provide for the issuance of certificates of participation, the financing contract shall be subject to approval by the state finance committee as required by RCW 39.94.010. ~~((In approving a financing contract not providing for the use of certificates of participation, the state finance committee should be reasonably certain that the contract is excluded from the computation of indebtedness, particularly that the contract is not backed by the full faith and credit of the state and the legislature is expressly not obligated to appropriate funds to make payments. For purposes of this section, "financing contract" includes but is not limited to a certificate of participation and tax exempt financing similar to that authorized in RCW 47.79.140.))~~ The department, in consultation with the office of financial management, shall submit an implementation plan to the fiscal committees of the legislature by December 15, 2009 identifying a schedule of consolidation of agency data centers to achieve cost savings to offset higher facility costs resulting from the construction of the new consolidated data center.

(9) Office of the secretary of state: Enter into a financing contract for up to \$134,935,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct the heritage center. The heritage center is one part of a combined facility of the heritage center and executive office building, authorized in subsection (10) of this section. The authorization for financing under this subsection (9) shall lapse unless chapter 523, Laws of 2007 is enacted by June 30, 2007.

(10) Department of general administration:

(a) Enter into a financing contract for up to \$79,981,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to construct the executive office building. The executive office building is one part of a combined facility of the executive office building and the heritage center authorized in subsection (9) of this section. The authorization for financing under this subsection (10) shall lapse unless chapter 523, Laws of 2007 is enacted by June 30, 2007.

(b) Enter into a financing contract for up to \$17,144,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the rehabilitation of the John L. O'Brien building, subject to approval of the project scope by the speaker of the house of representatives and the chief clerk of the house of representatives.

(c) Enter into a financing contract for up to \$2,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for the "Perry street child care site" renovations and purchase.

(d) Enter into a financing contract for up to \$2,685,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW for land acquisition in Olympia, Washington.

(11) Department of ecology: Enter into a financing contract for up to \$11,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to rebuild the east wall of the department of ecology's headquarters building in Lacey, Washington.

The appropriations in this section (~~(is)~~) are subject to the following conditions and limitations:

(1) Up to \$10,000,000 of the appropriations (~~(is)~~) are for the public works board, in consultation with the house of representatives capital budget committee, the senate ways and means committee, and the office of financial management, to implement an infrastructure interest rate buy-down pilot program. The purpose of the program is to demonstrate options for the most efficient use of the state's investment in local infrastructure by funding more projects at an accelerated rate.

(2) The pilot program must provide grants to local governments to offset the difference in interest rates between one-half of one percent, as offered by the public works board, and the interest rate the local government receives on issuance of their own debt.

(3) The pilot program must include the following projects:

(a) Those with high scores from the list of projects that were not funded, as identified in the public works board 2008 legislative report;

(b) Projects located in economically distressed areas or that may be significantly impacted by a possible upcoming recession; and

(c) Projects located in jurisdictions that have unused debt capacity and are willing and able to acquire additional debt to finance the proposed infrastructure project.

**\*NEW SECTION. Sec. 6049 PUGET SOUND PROTECTION AND RESTORATION.**  
*Consistent with RCW 90.71.340, when expending appropriations under this act that contribute to Puget Sound protection and recovery, agencies shall consult with the Puget Sound partnership to ensure that projects and expenditures are either in, or consistent with the 2020 action agenda. These consultations shall include the exchange of information on specific actions, projects, associated funding, performance measures, and other information necessary to track project implementation and ensure alignment with the action agenda. In situations in which the Puget Sound partnership finds that a project is not in, or is not consistent with, the action agenda, the Puget Sound partnership shall document this finding and report back to the governor and legislative fiscal committees.*

*\*Sec. 6049 was vetoed. See message at end of chapter.*

**NEW SECTION. Sec. 6050** Section 6002 of this act expires June 30, 2011.

**NEW SECTION. Sec. 6051** Sections 6022 and 6023 of this act expire June 30, 2011.

**NEW SECTION. Sec. 6052** 2007 c 520 s 6006 (uncodified) is repealed.

**NEW SECTION. Sec. 6053** Part headings and captions in this act are not any part of the law.

**NEW SECTION. Sec. 6054** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 6055** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately, except for sections 6020, 6021, and 6024 through 6027 of this act which take effect July 1, 2009.

Passed by the House April 26, 2009.  
Passed by the Senate April 26, 2009.  
Approved by the Governor May 15, 2009, with the exception of certain items that were vetoed.  
Filed in Office of Secretary of State May 18, 2009.

Note: Governor's explanation of partial veto is as follows:

"I have approved, except for Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049 of Substitute House Bill 1216 entitled:

"AN ACT Relating to the capital budget."

**Section 2063, page 70, lines 12 through 15, Department of Corrections** This proviso requires the Office of Financial Management to undertake a budget evaluation study of the project to expand the reception center at the Washington Corrections Center. Because no funding was provided to continue this project, the study is unnecessary at this time. Therefore, I am vetoing this section.

**Section 6028, pages 239-240, Superintendent of Public Instruction Section 6029, pages 240-241, Universities and Colleges**

**Section 6030, page 241, State Agencies**

These sections direct the Washington State Arts Commission to restrict the purchase of artwork to artists residing in Washington State for projects involving state-assisted K-12 school construction, state colleges and universities, and all state agencies. This restriction could have negative impacts on Washington artists who may be performing work on public works projects in other states. Therefore, I have vetoed these sections.

**Section 6049, page 257, Puget Sound Partnership**

I am vetoing this section because it is duplicative of Section 6010 on page 225.

For these reasons, I have vetoed Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049. With the exception of Sections 2063, page 70, lines 12 through 15; 6028; 6029; 6030; and 6049, Substitute House Bill 1216 is approved."
